14.13 Performance Engineer’s Program

14.13.1 In addition to the Technical Data provided under Clause 14, the Seller will provide to the Buyer Software Services, which will consist of the Performance Engineer’s Programs (“PEP”) for the Aircraft type covered under this Agreement. Such PEP is composed of software components and databases, and its use is subject to the license conditions set forth in the End-User License Agreement for Airbus Software.

14.13.2 Use of the PEP will be limited to one (1) copy to be used on the Buyer’s computers for the purpose of computing performance engineering data. The PEP is intended for use on ground only and will not be placed or installed on board the Aircraft.

14.13.3 The license to use the PEP and the revision service will be provided [***] Revision Service Period as set forth in Clause 14.5.

14.13.4 At the end of such PEP Revision Service Period, the PEP will be provided to the Buyer at the standard commercial conditions set forth in the Seller’s then current Customer Services Catalog.

14.14 Future Developments

The Seller continuously monitors technological developments and applies them to Technical Data, document and information systems’ functionalities, production and methods of transmission.

The Seller will implement and the Buyer will accept such new developments (unless Buyer has a reasonable objection to accepting the same due to FAA requirements), it being understood that the Buyer will be informed in due time by the Seller of such new developments and their application and of the date by which the same will be implemented by the Seller.
Confidentiality

14.15.1 This Clause, the Technical Data, the Software Services and their content are designated as confidential, excluding any information that is generally available to the public (other than as a result of a disclosure directly or indirectly by the Buyer) or that was provided or generated by the Buyer and was available to the Buyer on a non-confidential basis from a source who was not prohibited from disclosing such information to the Buyer by a legal, contractual or fiduciary obligation owed to the Seller. All such Technical Data and Software Services are provided to the Buyer for the sole use of the Buyer who undertakes not to disclose the contents thereof to any third party without the prior written consent of the Seller, except as permitted therein or pursuant to any government or legal requirement imposed upon the Buyer.

14.15.2 If the Seller authorizes the disclosure of this Clause or of any Technical Data or Software Services to third parties either under this Agreement or by an express prior written authorization or, specifically, where the Buyer intends to designate a maintenance and repair organization or a third party to perform the maintenance of the Aircraft or to perform data processing on its behalf (each a “Third Party”), the Buyer will notify the Seller of such intention prior to any disclosure of this Clause and/or the Technical Data and/or the Software Services to such Third Party.

The Buyer hereby undertakes to cause such Third Party to agree to be bound by the conditions and restrictions set forth in this Clause 14 with respect to the disclosed Clause, Technical Data or Software Services and will in particular cause such Third Party to enter into a confidentiality agreement with the Seller and appropriate licensing conditions, and to commit to use the Technical Data solely for the purpose of maintaining the Buyer’s Aircraft and the Software Services exclusively for processing the Buyer’s data.

Transferability

14.16 Without prejudice to Clause 21.1, the Buyer’s rights under this Clause 14 may not be assigned, sold, transferred, novated or otherwise alienated by operation of law or otherwise, without the Seller’s prior written consent.

Any transfer in violation of this Clause 14.16 will, as to the particular Aircraft involved, void the rights and warranties of the Buyer under this Clause 14 and any and all other warranties that might arise under or be implied in law.
15. SELLER REPRESENTATIVE SERVICES

The Seller will [***] to the Buyer the services described in this Clause 15, at the Buyer’s main base or at other locations to be mutually agreed.

15.1 Customer Support Representative(s)

15.1.1 The Seller will [***] to the Buyer the services of Seller customer support representative(s), as defined in Appendix A to this Clause 15 (each a “Seller Representative”), at the Buyer’s principal maintenance facilities for the Aircraft or such other locations as the parties may agree, [***]

15.1.2 In providing the services as described herein, any Seller Representatives, or any Seller employee(s) providing services to the Buyer hereunder, are deemed to be acting in an advisory capacity only and at no time will they be deemed to be acting as Buyer’s employees, contractors or agents, either directly or indirectly.

15.1.3 The Seller will provide to the Buyer an annual written accounting of the consumed man-months and any remaining man-month balance from the [***] defined in Appendix A to this Clause 15. Such accounting will be deemed final and accepted by the Buyer unless the Seller receives written objection from the Buyer within [***] of receipt of such accounting.

15.1.4 In the event of a need for Aircraft On Ground (“AOG”) technical assistance after the end of the assignment referred to in Appendix A to this Clause 15, the Buyer will have non-exclusive access to:

(i) AIRTAC (Airbus Technical AOG Center);
(ii) The Seller Representative network closest to the Buyer’s main base. A list of contacts of the Seller Representatives closest to the Buyer’s main base will be provided to the Buyer.

As a matter of reciprocity, the Buyer agrees that Seller Representative(s) may provide services to other airlines during any assignment with the Buyer.

15.1.5 Should the Buyer request Seller Representative services [***] specified in Appendix A to this Clause 15, the Seller may provide such additional services subject to terms and conditions to be mutually agreed.

15.1.6 The Seller will cause similar services to be provided by representatives of the Propulsion System Manufacturer and Suppliers, when necessary and applicable.

A&R LA 7-32
15.2 Buyer’s Support

15.2.1 From the date of arrival of the first Seller Representative and for the duration of the assignment, the Buyer will [***] a suitable, lockable office, conveniently located with respect to the Buyer’s principal maintenance facilities for the Aircraft, with complete office furniture and equipment including telephone, internet, email and facsimile connections for the sole use of the Seller Representative(s). All related communication costs will be [***]

15.2.2 [***]

15.2.3 [***]

15.2.4 Should the Buyer request any Seller Representative referred to in Clause 15.1 above to travel on business to a city other than his usual place of assignment, the [***] will be responsible for all related transportation costs and expenses.

15.2.5 Absence of an assigned Seller Representative during normal statutory vacation periods will be covered by other seller representatives on the same conditions as those described in Clause 15.1.4, and such services will be counted against the total allocation provided in Appendix A to this Clause 15.

15.2.6 The Buyer will assist the Seller in obtaining from the civil authorities of the Buyer’s country those documents that are necessary to permit the Seller Representative to live and work in the Buyer’s country.

15.2.7 [***]

15.3 Withdrawal of the Seller Representative

The Seller will have the right to withdraw its assigned Seller Representatives as it sees fit if conditions arise, which are in the Seller’s reasonable opinion dangerous to their safety or health or prevent them from fulfilling their contractual tasks.

15.4 Indemnities

INDEMNIFICATION PROVISIONS APPLICABLE TO THIS CLAUSE 15 ARE SET FORTH IN CLAUSE 19.

16. TRAINING SUPPORT AND SERVICES

16.1 General
16.1.1 This Clause 16 sets forth the terms and conditions for the supply of training support and services for the Buyer’s personnel to support the Aircraft operation.

16.1.2 The range, quantity and validity of training to be [***] under this Agreement are covered in Appendix A to this Clause 16.

16.1.3 Scheduling of training courses covered in Appendix A to this Clause 16 will be mutually agreed during a training conference (the “Training Conference”) that will be held no later than [***] prior to Delivery of the first Aircraft.

16.2 Training Location
16.2.1 The Seller will provide training at [***] (the “Seller’s Training Center”).

16.2.2 If the unavailability of facilities or scheduling difficulties make training by the Seller at any Seller’s Training Center impractical, the Seller will ensure that the Buyer is provided with such training at another location in the United States designated by the Seller.

16.2.2.1 Upon the Buyer’s request, the Seller may also provide certain training at a location other than the Seller’s Training Centers, including one of the Buyer’s bases, if and when practicable for the Seller, under terms and conditions to be mutually agreed upon. In such event, all additional charges listed in Clauses 16.5.2 and 16.5.3 will be [***]

16.2.2.2 If the Buyer requests training at a location as indicated in Clause 16.2.2.1 and requires such training to be an Airbus approved course, the Buyer undertakes that the training facilities will be approved by an Aviation Authority prior to the performance of such training. The Buyer will, as necessary and with adequate time prior to the performance of such training, provide access to the training facilities set forth in Clause 16.2.2.1 to the Seller’s and the competent Aviation Authority’s representatives for approval of such facilities.

16.3 Training Courses
16.3.1 Training courses will be as described in the Seller’s customer services catalog (the “Seller’s Customer Services Catalog”). The Seller’s Customer Services Catalog also sets forth the minimum and maximum number of trainees per course.
All training requests or training course changes made outside of the scope of the Training Conference will be submitted by the Buyer with a minimum of [***] prior notice.

16.3.2 The following terms and conditions will apply to training performed by the Seller:

(i) Training courses will be the Seller’s standard courses as described in the Seller’s Customer Services Catalog valid at the time of execution of the course. The Seller will be responsible for all training course syllabi, training aids and training equipment necessary for the organization of the training courses. For the avoidance of doubt, such training equipment does not include provision of aircraft for the purpose of performing training.

(ii) The training equipment and the training curricula used for the training of flight, cabin and maintenance personnel will not be fully customized but will be configured to apply to the applicable model of the Aircraft and to the extent necessary and agreed upon during the Training Conference in order to obtain the relevant Aviation Authority’s approval and to support the Seller’s training programs.

(iii) Training data and documentation for trainees receiving the training at the Seller’s Training Centers will be [***]. Training data and documentation will be marked “FOR TRAINING ONLY” and as such are supplied for the sole and express purpose of training; training data and documentation will not be revised.

16.3.3 When the Seller’s training courses are provided by the Seller’s instructors (individually an “Instructor” and collectively “Instructors”) the Seller will deliver to each attendee a Certificate of Recognition or a Certificate of Course Completion (each a “Certificate”) or an attestation (an “Attestation”), as applicable, at the end of any such training course. Any such Certificate or Attestation will not represent authority or qualification by any Aviation Authority but may be presented to such Aviation Authority in order to obtain relevant formal qualification.

In the event of training courses being provided by a training provider selected by the Seller as set forth in Clause 16.2.2, the Seller will cause such training provider to deliver to each attendee a Certificate or Attestation, which will not represent authority or qualification by any Aviation Authority, but may be presented to such Aviation Authority in order to obtain relevant formal qualification.

16.3.3.1 Should the Buyer wish to exchange any of the training courses provided under Appendix A to this Clause 16, the Buyer will place a request for exchange to this effect with the Seller. The Buyer may exchange, subject to the Seller’s confirmation, the [***] under Appendix A to this Clause 16 as follows:

A&R LA 7 -36
flight operations training courses as listed under Article 1 of Appendix A to this Clause 16 may be exchanged for any flight operations training courses described in the Seller’s Customer Services Catalog current at the time of the Buyer’s request;

maintenance training courses as listed under Article 3 of Appendix A to this Clause 16 may be exchanged for any maintenance training courses described in the Seller’s Customer Services Catalog current at the time of the Buyer’s request;

should any one of the [***] thereunder (flight operations or maintenance) have been fully drawn upon, the Buyer will be entitled to exchange for flight operations or maintenance training courses as needed against the remaining allowances.

It is understood that the above provisions will apply to the extent that [***] under Appendix A to this Clause 16 remain available to the full extent necessary to perform the exchange.

All requests to exchange training courses will be submitted by the Buyer with a minimum of [***] The requested training will be subject to the Seller’s then existing planning constraints.

Should the Buyer decide to cancel or reschedule a training course, fully or partially, and irrespective of the location of the training, a minimum advance notification of at least [***] prior to the relevant training course start date is required.

If the notification occurs [***] prior to such training, [***] of such training will be, as applicable, either deducted from the training allowance defined in Appendix A to this Clause 16 or invoiced at the Seller’s then applicable price.

If the notification occurs [***] prior to such training, [***] of such training will be, as applicable, either deducted from the [***] defined in Appendix A to this Clause 16 or invoiced at the Seller’s then applicable price.
16.3.3.6 All courses exchanged under Clause 16.3.3.1 will remain subject to the provisions of this Clause 16.3.3.

16.4 Prerequisites and Conditions

16.4.1 Training will be conducted in English and all training aids used during such training will be written in English using common aeronautical terminology.

16.4.2 The Buyer hereby acknowledges that all training courses conducted pursuant to this Clause 16 are “Standard Transition Training Courses” and not “Ab Initio Training Courses”.

16.4.3 Trainees will have the prerequisite knowledge and experience specified for each course in the Seller’s Customer Services Catalog.

16.4.3.1 The Buyer will be responsible for the selection of the trainees and for any liability with respect to the entry knowledge level of the trainees.

16.4.3.2 The Seller reserves the right to verify the trainees’ proficiency and previous professional experience.

16.4.3.3 The Seller will provide to the Buyer during the Training Conference an Airbus Pre-Training Survey for completion by the Buyer for each trainee.

The Buyer will provide the Seller with an attendance list of the trainees for each course, with the validated qualification of each trainee, at the time of reservation of the training course and in no event any later than [***] before the start of the training course. The Buyer will return concurrently thereto the completed Airbus Pre-Training Survey, detailing the trainees’ associated background. If the Seller determines through the Airbus Pre-Training Survey that a trainee does not match the prerequisites set forth in the Seller’s Customer Services Catalog, following consultation with the Buyer, such trainee will be withdrawn from the program, replaced by another qualified trainee or directed through a relevant entry level training (ELT) program, which will be at the Buyer’s expense.

16.4.3.4 If the Seller determines at any time during the training that a trainee lacks the required level, following consultation with the Buyer, such trainee will be withdrawn from the program or, upon the Buyer’s request, the Seller may be consulted to direct the above mentioned trainee(s), if possible, to any other required additional training, which will be at the Buyer’s expense.

16.4.4 The Seller will in no case warrant or otherwise be held liable for any trainee’s performance as a result of any training provided.
16.5 Logistics

16.5.1 Trainees

16.5.1.1 Living and travel expenses for the Buyer’s trainees will be [***].

16.5.1.2 It will be the responsibility of the Buyer to make all necessary arrangements relative to authorizations, permits and/or visas necessary for the Buyer’s trainees to attend the training courses to be provided hereunder. Rescheduling or cancellation of courses due to the Buyer’s failure to obtain any such authorizations, permits and/or visas will be subject to the provisions of Clauses 16.3.3.3 thru 16.3.3.5.

16.5.2 Training at External Location—Seller’s Instructors

16.5.2.1 In the event of training being provided at the Seller’s request at any location other than the Seller’s Training Centers, as provided for in Clause 16.2.2, the expenses of the Seller’s Instructors will be [***].

16.5.2.2 In the event of training or support being provided by the Seller’s Instructor(s) and/or other Seller’s personnel under this Clause 16, at any location other than the Seller’s Training Centers at the Buyer’s request, the Buyer will reimburse the Seller for all [***] living and travel expenses (including, without limitation, lodging, food and local transportation to and from the place of lodging and training course location) related to the assignment of such Seller Instructors and/or other Seller’s personnel and the performance of their duties as aforesaid in accordance with the Seller’s Customer Services Catalog current at the time of the corresponding training or support. Such reimbursement shall cover the entire period from such Seller’s Instructor(s) and/or other Seller’s personnel’s day of departure from his main base to day of return to such base.

Except as provided for in Clause 16.5.2.1 above, the [***] for the airfares for each Seller Instructor and/or other Seller’s personnel providing support under this Clause 16, in confirmed business class to and from the Buyer’s designated training site and the Seller’s Training Centers, as such airfares are set forth in the Seller’s Customer Services Catalog current at the time of the corresponding training or support.

16.5.2.3 [***]

16.5.2.4 [***]

A&R LA 7-39
16.5.2.5 Buyer’s Indemnity

Except in case of gross negligence or willful misconduct of the Seller, the Seller will not be held liable to the Buyer for any delay or cancellation in the performance of any training outside of the Seller’s Training Centers associated with any transportation described in this Clause 16.5.2, and the Buyer will indemnify and hold harmless the Seller from any such delay and/or cancellation and any consequences arising therefrom.

16.5.3 Training Material and Equipment Availability—Training at External Location

Training material and equipment necessary for course performance at any location other than the Seller’s Training Centers or the facilities of a training provider selected by the Seller will be provided by the Buyer in accordance with the Seller’s specifications.

Notwithstanding the foregoing, should the Buyer request the performance of a course at another location as per Clause 16.2.2.1, the Seller may, upon the Buyer’s request, provide the training material and equipment necessary for such course’s performance. Such provision will be made by [***]

16.6 Flight Operations Training

The Seller will provide training for the Buyer’s flight operations personnel as further detailed in Appendix A to this Clause 16, including the courses described in this Clause 16.6.

16.6.1 Flight Crew Training Course

The Seller will perform a flight crew training course program for the Buyer’s flight crews, each of which will consist of two (2) crew members, who will be either captain(s) or first officer(s).

16.6.2 Base Flight Training

16.6.2.1 The Buyer will provide at its own cost its delivered Aircraft, or any other aircraft it operates, for any base flight training, which will consist of [***] per pilot, performed in accordance with the related Airbus training course definition in the United States (the “Base Flight Training”).

16.6.2.2 Should it be necessary to ferry the Buyer’s delivered Aircraft to the location where the Base Flight Training will take place, the additional flight time required for the ferry flight to and/or from the Base Flight Training field will not be deducted from the Base Flight Training time.

16.6.2.3 If the Base Flight Training is performed outside of the zone where the Seller usually performs such training, the ferry flight to the location where the Base Flight Training will take place will be performed by a crew composed of the Seller’s and/or the Buyer’s qualified pilots, in accordance with the relevant Aviation Authority’s regulations related to the place of performance of the Base Flight Training.

A&R LA 7 -40
16.6.3 Flight Crew Line Initial Operating Experience

In order to assist the Buyer with initial operating experience after Delivery of the first Aircraft, the Seller will provide to the Buyer pilot Instructor(s) as set forth in Appendix A to this Clause 16.

Should the Buyer request, subject to the Seller’s consent, such Seller pilot Instructors to perform any other flight support during the flight crew line initial operating period, such as but not limited to line assistance, demonstration flight(s), ferry flight(s) or any flight(s) required by the Buyer during the period of entry into service of the Aircraft, it is understood that such flight(s) will be [***] set forth in Appendix A to this Clause 16.

It is hereby understood by the Parties that the Seller’s pilot Instructors will only perform the above flight support services to the extent they bear the relevant qualifications to do so.

16.6.4 Type Specific Cabin Crew Training Course

The Seller will provide type specific training for cabin crews at one of the locations defined in Clause 16.2.1. If the Buyer’s Aircraft is to incorporate special features, the type specific cabin crew training course will be performed no earlier than [***] before the scheduled Delivery Date of the Buyer’s first Aircraft.

16.6.5 Training on Aircraft

During any and all flights performed in accordance with this Clause 16.6, the Buyer will bear full responsibility for the aircraft upon which the flight is performed, including but not limited to any required maintenance, [***] in line with Clause 16.13. The Buyer will assist the Seller, if necessary, in obtaining the validation of the licenses of the Seller’s pilots performing Base Flight Training or initial operating experience by the Aviation Authority of the place of registration of the Aircraft.

16.7 Performance / Operations Courses

The Seller will provide performance/operations training for the Buyer’s personnel as defined in Appendix A to this Clause 16.

A&R LA 7 -41
The available courses will be listed in the Seller’s Customer Services Catalog current at the time of the course.

16.8  Maintenance Training

16.8.1  The Seller will provide maintenance training for the Buyer’s ground personnel as further set forth in Appendix A to this Clause 16.

The available courses will be as listed in the Seller’s Customer Services Catalog current at the time of the course.

The practical training provided in the frame of maintenance training will be performed on the training devices in use in the Seller’s Training Centers.

16.8.2  Practical Training on Aircraft

Notwithstanding Clause 16.8.1 above, upon the Buyer’s request, the Seller may provide Instructors for the performance of practical training on aircraft ("Practical Training").

Irrespective of the location at which the training takes place, the Buyer will provide at its own cost an aircraft for the performance of the Practical Training.

Should the Buyer require the Seller’s Instructors to provide Practical Training at facilities selected by the Buyer, such training will be subject to prior approval of the facilities by the Seller. All reasonable costs of the Seller related to such Practical Training, including but not limited to the Seller’s approval of the facilities, will be borne by the Buyer.

The provision of a Seller Instructor for the Practical Training will be deducted from the trainee days allowance defined in Appendix A to this Clause 16, subject to the conditions detailed in Paragraph 4.4 thereof.

16.9  Supplier and Propulsion System Manufacturer Training

Upon the Buyer’s request, the Seller will provide to the Buyer the list of the maintenance and overhaul training courses provided by major Suppliers and the applicable Propulsion System Manufacturer on their respective products.

16.10  Proprietary Rights

All proprietary rights, including but not limited to patent, design and copyrights, relating to the Seller’s training data and documentation will remain with the Seller and/or its Affiliates and/or its Suppliers, as the case may be.

A&R LA 7 - 42
These proprietary rights will also apply to any translation into a language or languages or media that may have been performed or caused to be performed by the Buyer.

16.11 Confidentiality

The Seller’s training data and documentation are designated as confidential (excluding any information that is generally available to the public (other than as a result of a disclosure directly or indirectly by the Buyer) or that was provided or generated by the Buyer and was available to the Buyer on a non-confidential basis from a source who was not prohibited from disclosing such information to the Buyer by a legal, contractual or fiduciary obligation owed to the Seller), and as such are provided to the Buyer for the sole use of the Buyer, for training of its own personnel, who undertakes not to disclose the content thereof in whole or in part, to any third party without the prior written consent of the Seller, save as permitted herein or otherwise pursuant to any government or legal requirement imposed upon the Buyer.

In the event of the Seller having authorized the disclosure of any training data and documentation to third parties either under this Agreement or by an express prior written authorization, the Buyer will cause such third party to agree to be bound by the same conditions and restrictions as the Buyer with respect to the disclosed training data and documentation and to use such training data and documentation solely for the purpose for which they are provided.

16.12 Transferability

Without prejudice to Clause 21.1, the Buyer’s rights under this Clause 16 may not be assigned, sold, transferred, novated or otherwise alienated by operation of law or otherwise, without the Seller’s prior written consent.

16.13 Indemnities and Insurance

INDEMNIFICATION PROVISIONS AND INSURANCE REQUIREMENTS APPLICABLE TO THIS CLAUSE 16 ARE AS SET FORTH IN CLAUSE 19.

THE BUYER WILL PROVIDE THE SELLER WITH AN ADEQUATE INSURANCE CERTIFICATE PRIOR TO ANY TRAINING ON AIRCRAFT.

A&R LA 7 -43
APPENDIX A TO CLAUSE 16

TRAINING ALLOWANCE

For the avoidance of doubt, all quantities indicated below are the total quantities [***], unless otherwise specified.

The contractual training courses defined in this Appendix A will be provided up to [***] under this Agreement.

Notwithstanding the above, flight operations training courses [***] in this Appendix A will be provided by the Seller within a period starting [***] before and ending [***] after Delivery of such Aircraft.

Any deviation to said training delivery schedule will be mutually agreed between the Buyer and the Seller.

1. FLIGHT OPERATIONS TRAINING

1.1 Flight Crew Training (standard transition course)

The Seller will provide flight crew training (standard transition course) [***] for [***] of the Buyer’s flight crews [***] Backlog Aircraft.

1.2 Flight Crew Line Initial Operating Experience

The Seller will provide to the Buyer pilot Instructor(s) [***] for a period of [***]. Unless otherwise agreed during the Training Conference, in order to follow the Aircraft Delivery schedule, the maximum number of pilot Instructors present at any one time will be limited to [***] pilot Instructors.

1.3 Type Specific Cabin Crew Training Course

The Seller will provide to the Buyer [***] type specific training for cabin crews for [***] of the Buyer’s cabin crew instructors, pursers or cabin attendants.

1.4 Airbus Pilot Instructor Course (APIC)

The Seller will provide to the Buyer transition Airbus Pilot Instructor Course(s) (“APIC”), for flight and synthetic instruction, [***] for [***] of the Buyer’s flight instructors. APIC courses will be performed in groups of [***] trainees.

2. PERFORMANCE / OPERATIONS COURSE(S)

The Seller will provide to the Buyer [***] trainee days of performance / operations training [***] for the Buyer’s personnel.

A&R LA 7-44
3 MAINTENANCE TRAINING

3.1 The Seller will provide to the Buyer [***] trainee days of maintenance training [***] for the Buyer’s personnel.

3.2 The Seller will provide to the Buyer [***] Engine Run-up courses.

3.3 The Seller will provide to the Buyer maintenance instructor(s) [***]. Unless otherwise agreed during the Training Conference, the maximum number of maintenance instructors present at any one time will be limited to two (2) maintenance instructors.

4 TRAINEE DAYS ACCOUNTING

Trainee days are counted as follows:

4.1 For instruction at the Seller’s Training Centers: one (1) day of instruction for one (1) trainee equals one (1) trainee day. The number of trainees originally registered at the beginning of the course will be counted as the number of trainees to have taken the course.

4.2 For instruction outside of the Seller’s Training Centers: one (1) day of instruction by one (1) Seller Instructor [***] trainee days, except for structure maintenance training course(s).

4.3 For structure maintenance training courses outside the Seller’s Training Center(s), one (1) day of instruction by one (1) Seller Instructor equals the actual number of trainees attending the course or the minimum number of trainees as indicated in the Seller’s Customer Services Catalog.

4.4 For practical training, whether on training devices or on aircraft, one (1) day of instruction by one (1) Seller Instructor equals [***] trainee days.

Re: *****

Dear Ladies and Gentlemen,

Republic Airways Holdings Inc. (the “Buyer”) and AIRBUS (the “Seller”) have entered into an A320 Family Aircraft Purchase Agreement (the “Agreement”), dated as of even date herewith that covers, among other things, the sale by the Seller and the purchase by the Buyer of certain Aircraft.

The Buyer and the Seller have agreed to set forth in this Letter Agreement No. 8 (the “Letter Agreement”) certain additional terms and conditions regarding the sale of the Aircraft.

Both parties agree that this Letter Agreement shall constitute an integral, nonseverable part of said Agreement, that the provisions of said Agreement are hereby incorporated herein by reference, and that this Letter Agreement shall be governed by the provisions of said Agreement, except that if the Agreement and this Letter Agreement have specific provisions that are inconsistent, the specific provisions contained in this Letter Agreement shall govern.

LETTER AGREEMENT NO. 9

Republic Airways Holdings Inc.
8909 Purdue Road
Suite 300
Indianapolis, Indiana 46268

Re: MISCELLANEOUS

Dear Ladies and Gentlemen,

REPUBLIC AIRWAYS HOLDINGS INC. (the “Buyer”) and AIRBUS S.A.S. (the “Seller”) have entered into an Airbus A320 Family Aircraft Purchase Agreement of even date herewith (the “Agreement”) which covers, among other matters, the sale by the Seller and the purchase by the Buyer of certain Aircraft, under the terms and conditions set forth in said Agreement. The Buyer and the Seller have agreed to set forth in this Letter Agreement No. 9 (the “Letter Agreement”) certain additional terms and conditions regarding the sale of the Aircraft. Capitalized terms used herein and not otherwise defined in this Letter Agreement have the meanings assigned thereto in the Agreement. The terms “herein,” “hereof” and “hereunder” and words of similar import refer to this Letter Agreement.

Both parties agree that this Letter Agreement constitutes an integral, nonseverable part of said Agreement, that the provisions of said Agreement are hereby incorporated herein by reference, and that this Letter Agreement is governed by the provisions of said Agreement, except that if the Agreement and this Letter Agreement have specific provisions which are inconsistent, the specific provisions contained in this Letter Agreement will govern.

LA 9-1
1. DEFINITIONS

1.1 Clause 0 of the Agreement is amended to replace the definition of “Agreement” with the following quoted text:

QUOTE

Agreement – this Airbus A320 family aircraft purchase agreement, including all exhibits and appendixes attached hereto, and all letter agreements that are expressed to be part of the Agreement, between the Buyer and the Seller relating hereto, as the same may be amended or modified and in effect from time to time.

UNQUOTE

1.2 Clause 0 of the Agreement is amended to replace the definition of “Delivery Location” with the following quoted text:

QUOTE

Delivery Location – *****.

UNQUOTE

1.3 Clause 0 of the Agreement is amended to replace the definition of “Predelivery Payment” with the following quoted text:

QUOTE

Predelivery Payment – with respect to any Aircraft, the Initial Payment (as defined in Letter Agreement No. 1, dated as of the day hereof, between the Buyer and the Seller) plus any of the payments determined in accordance with Clause 5.3 for such Aircraft.

UNQUOTE

1.4 Clause 0 of the Agreement is amended to insert the definition of “Republic” with the following quoted text:

QUOTE

Republic – Republic Airways Holdings Inc. or its permitted successor or assign under Clause 21.2.

UNQUOTE

1.5 Clause 0 of the Agreement is amended to insert the definition of “Subsidiary” with the following quoted text:

QUOTE

LA 9-2
Subsidiary means a corporation, partnership, limited liability company or other entity of which shares of stock or other ownership interests representing ******* of such corporation, partnership, limited liability company or other entity are at the time owned.

7. CERTIFICATION

Except as set forth in this Clause 7, the Seller will not be required to obtain any certificate or approval with respect to the Aircraft.

7.1 Type Certification

The Seller will obtain or cause to be obtained (i) a type certificate under EASA procedures for joint certification in the transport category and (ii) an FAA type certificate (the “Type Certificate”) to allow the issuance of the Export Certificate of Airworthiness. *****.

7.2 Export Certificate of Airworthiness

Subject to the provisions of Clause 7.3, each Aircraft will be delivered to the Buyer with an Export Certificate of Airworthiness issued by EASA and in a condition enabling the Buyer to obtain at the time of Delivery a Standard Airworthiness Certificate issued pursuant to Part 21 of the US Federal Aviation Regulations and a Certificate of Sanitary Construction issued by the U.S. Public Health Service of the Food and Drug Administration. However, the Seller will have no obligation to make and will not be responsible for any costs of alterations or modifications to such Aircraft to enable such Aircraft to meet FAA or U.S. Department of Transportation requirements ***** for specific operation on the Buyer’s routes, whether before, at or after Delivery of any Aircraft.

If the FAA requires additional or modified data before the issuance of the Export Certificate of Airworthiness, the Seller will provide such data or implement the required modification to the data, in either case, *****.

7.3 Specification Changes before Aircraft Ready for Delivery

7.3.1 If, any time before the date on which an Aircraft is Ready for Delivery, any law, rule or regulation is enacted, promulgated, becomes effective and/or an interpretation of any law, rule or regulation is issued by the EASA that requires any change to the Specification for the purposes of obtaining the Export Certificate of Airworthiness (a “Change in Law”), the Seller will make the required modification and the parties hereto will sign an SCN pursuant to Clause 2.2.1.

7.3.2 The Seller will as far as practicable, but at its sole discretion and without prejudice to Clause 7.3.3(ii), take into account the information available to it concerning any proposed law, rule or regulation or interpretation that could become a Change in Law, in order to minimize the costs of changes to the Specification as a result of such proposed law, regulation or interpretation becoming effective before the applicable Aircraft is Ready for Delivery.

LA 9-6
7.3.3

(i)  *****

(ii) *****

7.3.4

7.3.5 Notwithstanding the provisions of Clause 7.3.3, if a Change in Law relates to an item of BFE or to the Propulsion System the costs related thereto will ***** and the Seller will have no obligation with respect thereto.

7.4 Specification Changes after Aircraft Ready For Delivery

Nothing in Clause 7.3 will require the Seller to make any changes or modifications to, or to make any payments or take any other action with respect to, any Aircraft that is Ready for Delivery before the compliance date of any law or regulation referred to in Clause 7.3. Any such changes or modifications made to an Aircraft after it is Ready for Delivery will be at the *****.

LA 9-7
8. TECHNICAL ACCEPTANCE

8.1 Technical Acceptance Process

8.1.1 Prior to Delivery, the Aircraft will undergo a technical acceptance process developed by the Seller (the “Technical Acceptance Process”). Completion of the Technical Acceptance Process will demonstrate the satisfactory functioning of the Aircraft and will be deemed to demonstrate compliance with the Specification. If an Aircraft is not in compliance with the Technical Acceptance Process requirements, the Seller will, without hindrance from the Buyer, carry out any necessary changes and, as soon as practicable thereafter, resubmit the Aircraft to such further Technical Acceptance Process as is necessary to demonstrate the elimination of the non-compliance.

8.1.2 The Technical Acceptance Process will:

(i) commence on a date notified by the Seller to the Buyer not later than notice prior thereto,
(ii) take place at the Delivery Location,
(iii) be carried out by the personnel of the Seller,
(iv) include a technical acceptance flight that will (the “Technical Acceptance Flight”), and
(v) include a ground inspection.

8.2 Buyer’s Attendance

8.2.1 The Buyer is entitled to elect to attend the Technical Acceptance Process.

8.2.2 If the Buyer elects to attend the Technical Acceptance Process, the Buyer:

(i) will comply with the reasonable requirements of the Seller, with the intention of completing the Technical Acceptance Process within , and
(ii) may have of its representatives (no more than of whom will have access to the cockpit at any one time) accompany the Seller’s representatives on the Technical Acceptance Flight, during which the Buyer’s representatives will comply with the instructions of the Seller’s representatives.

8.2.3 If, the Buyer does not attend or fails to cooperate reasonably in the Technical Acceptance Process, the Seller will be entitled to complete the Technical Acceptance Process and the Buyer will be deemed to have accepted that the Technical Acceptance Process has been satisfactorily completed, in all respects.

LA 9-8
8.3 Certificate of Acceptance

Upon successful completion of the Technical Acceptance Process *****, the Buyer will, on or before the Delivery Date, sign and deliver to the Seller a certificate of acceptance in respect of such Aircraft in the form of Exhibit D (the “Certificate of Acceptance”).

8.4 Finality of Acceptance

The Buyer’s signature of the Certificate of Acceptance for the Aircraft will constitute waiver by the Buyer of any right it may have, under the Uniform Commercial Code as adopted by the State of New York or otherwise, to revoke acceptance of the Aircraft for any reason, whether known or unknown to the Buyer at the time of acceptance.

8.5 Aircraft Utilization

The Seller will***** be entitled to use the Aircraft prior to Delivery as may be necessary to obtain the certificates required under Clause 7, *****. Such use will not limit the Buyer’s obligation to accept Delivery of the Aircraft hereunder.

LA 9-12
The Seller will give the Buyer written notice of the scheduled delivery month of each Aircraft at least ***** before the first day of the Scheduled Delivery Quarter of the respective Aircraft, which shall be a calendar month within such Scheduled Delivery Quarter (the “Scheduled Delivery Month”). The Seller will give the Buyer at least ***** written notice of the anticipated date within the Scheduled Delivery Month on which the Aircraft will be Ready for Delivery.

9.2 Delivery Process

9.2.1 The Buyer will, when the Aircraft is Ready for Delivery, execute and deliver to the Seller the Certificate of Acceptance, pay the Balance of the Final Price, take Delivery of the Aircraft and remove the Aircraft from the Delivery Location, *****.

9.2.2 Upon receipt of the Balance of the Final Price pursuant to Clause 5.4 and the Certificate of Acceptance executed and delivered by the Buyer pursuant to Clause 8.3, the Seller will deliver and transfer title to the Aircraft to the Buyer free and clear of all encumbrances (except for any liens or encumbrances created by or on behalf of the Buyer). At Delivery, the Seller will provide the Buyer with a bill of sale in the form of Exhibit E (the “Bill of Sale”), an FAA bill of sale, the Export Certificate of Airworthiness and such other documentation confirming transfer of title and receipt of the Final Price of the Aircraft as may reasonably be requested by the Buyer. ***** Title to, property in and risk of loss of or damage to the Aircraft will transfer to the Buyer contemporaneously with the delivery by the Seller to the Buyer of such Bill of Sale.

9.2.3 If the Buyer fails to (i) deliver the signed Certificate of Acceptance with respect to an Aircraft to the Seller when required pursuant to Clause 8.3, or (ii) pay the Balance of the Final Price of such Aircraft to the Seller and take Delivery of the Aircraft when required under Clause 9.2.1, then the Buyer will be deemed to have rejected Delivery wrongfully when such Aircraft was duly tendered to the Buyer hereunder. If such a deemed rejection arises, then in addition to the remedies of Clause 5.8.1, (a) the Seller will retain title to such Aircraft and (b) the Buyer will indemnify and hold the Seller harmless against any and all reasonable costs (including but not limited to any parking, storage, and insurance costs) and consequences resulting from the Buyer’s rejection (including but not limited to risk of loss of or damage to such Aircraft not covered by insurance), it being understood that the Seller will be under no duty to the Buyer to store, park, or otherwise protect such Aircraft. These rights of the Seller will be in addition to the Seller’s other rights and remedies in this Agreement.

9.2.4 If after Delivery the Buyer fails to remove the Aircraft from the Delivery Location, then, without prejudice to the Seller’s other rights and remedies under this Agreement or at law, the provisions of Clause 9.2.3 (b) shall apply.

9.3 Flyaway

9.3.1 The Buyer and the Seller will cooperate to obtain any licenses that may be required by the Aviation Authority of the Delivery Location for the purpose of exporting the Aircraft.
Immediately after Delivery of an Aircraft, the Seller shall provide to Buyer access to the Aircraft to allow Buyer to fly it away. *****. All expenses of, or connected with, flying the Aircraft from the Delivery Location after Delivery will be borne by the Buyer.

13.2.1 If the Buyer receives a written claim or a suit is threatened or commenced against the Buyer for infringement of a patent or copyright referred to in Clause 13.1, the Buyer will:

(i) forthwith notify the Seller giving particulars thereof;
(ii) furnish to the Seller all data, papers and records within the Buyer’s control or possession relating to such patent or claim;
(iii) refrain from admitting any liability or making any payment or assuming any expenses, damages, costs or royalties or otherwise acting in a manner prejudicial to the defense or denial of such suit or claim provided always that nothing in this sub-Clause (iii) will prevent the Buyer from paying such sums as may be required in order to obtain the release of the Aircraft, provided such payment is accompanied by a denial of liability and is made without prejudice;

(iv) fully co-operate with, and render all such assistance to, the Seller as may be pertinent to the defense or denial of the suit or claim;
(v) act in such a way as to mitigate damages, costs and expenses and / or reduce the amount of royalties which may be payable, ******.

13.2.2 The Seller will be entitled either in its own name or on behalf of the Buyer to conduct negotiations with the party or parties alleging infringement and may assume and conduct the defense or settlement of any suit or claim in the manner which, in the Seller’s opinion, it deems proper, ******.

13.2.3 The Seller’s liability hereunder will be conditional upon the strict and timely compliance by the Buyer with the terms of this Clause and is in lieu of any other liability to the Buyer express or implied which the Seller might incur at law as a result of any infringement or claim of infringement of any patent or copyright.

THE INDEMNITY PROVIDED IN THIS CLAUSE 13 AND THE OBLIGATIONS AND LIABILITIES OF THE SELLER UNDER THIS CLAUSE 13 ARE EXCLUSIVE AND IN SUBSTITUTION FOR, AND THE BUYER HEREBY WAIVES, RELEASES AND RENOUNCES ALL OTHER INDEMNITIES, WARRANTIES, OBLIGATIONS, GUARANTEES AND LIABILITIES ON THE PART OF THE SELLER AND RIGHTS, CLAIMS AND REMEDIES OF THE BUYER AGAINST THE SELLER, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE (INCLUDING WITHOUT LIMITATION ANY OBLIGATION, LIABILITY, RIGHT, CLAIM OR REMEDY ARISING FROM OR WITH RESPECT TO LOSS OF USE OR REVENUE OR CONSEQUENTIAL DAMAGES), WITH RESPECT TO ANY ACTUAL OR ALLEGED PATENT INFRINGEMENT OR THE LIKE BY ANY AIRFRAME, PART OR SOFTWARE INSTALLED THEREIN AT DELIVERY, OR THE USE OR SALE THEREOF, PROVIDED THAT, IN THE EVENT THAT ANY OF THE AFORESAID PROVISIONS SHOULD FOR ANY REASON BE HELD UNLAWFUL OR OTHERWISE INEFFECTIVE, THE REMAINDER OF THIS CLAUSE WILL REMAIN IN FULL FORCE AND EFFECT. THIS INDEMNITY AGAINST PATENT AND COPYRIGHT INFRINGEMENTS WILL NOT BE EXTENDED, ALTERED OR VARIED EXCEPT BY A WRITTEN INSTRUMENT SIGNED BY THE SELLER AND THE BUYER.

LA 9-18
18. **BUYER FURNISHED EQUIPMENT**

18.1 **Administration**

18.1.1 In accordance with the Specification, the Seller will install those items of equipment that are identified in the Specification as being furnished by the Buyer ("Buyer Furnished Equipment" or "BFE"), provided that the BFE and the supplier of such BFE (the "BFE Supplier") are referred to in the Airbus BFE Product Catalog valid at the time the BFE Supplier is selected.

18.1.2 Notwithstanding the foregoing and without prejudice to Clause 2.4, if the Buyer wishes to install BFE manufactured by a supplier who is not referred to in the Airbus BFE Product Catalog, the Buyer will so inform the Seller and the Seller will conduct a feasibility study of the Buyer’s request, in order to consider approving such supplier, provided that such request is compatible with the Seller’s industrial planning and the associated Scheduled Delivery Month for the applicable Aircraft. In addition, it is a prerequisite to such approval that the considered supplier be qualified by the Seller’s Aviation Authorities to produce equipment for installation on civil aircraft. ***** in considering any approval of a supplier by the Seller under this Clause 18.1.2. The Buyer will cause any BFE supplier approved under this Clause 18.1.2 (each an “Approved BFE Supplier”) to comply with the conditions set forth in this Clause 18 and specifically Clause 18.2.

Except for the specific purposes of this Clause 18.1.2, the term “BFE Supplier” will be deemed to include Approved BFE Suppliers.

18.1.3 The Seller will advise the Buyer of the dates by which, in the planned release of engineering for the Aircraft, the Seller requires from each BFE Supplier a written detailed engineering definition encompassing a Declaration of Design and Performance (the “BFE Engineering Definition”). The Seller will reasonably provide to the Buyer and/or the BFE Supplier(s), the interface documentation necessary for development of the BFE Engineering Definition.

The BFE Engineering Definition will include the description of the dimensions and weight of BFE, the information related to its certification and the information necessary for the installation and operation thereof, including when applicable 3D models compatible with the Seller’s systems. The Buyer will furnish, or cause the BFE Suppliers to furnish, the BFE Engineering Definition by the dates advised by the Seller pursuant to the preceding paragraph after which the BFE Engineering Definition will not be revised, except through an SCN executed in accordance with Clause 2.

LA 9-19
18.1.4 The Seller will also provide in due time to the Buyer a schedule of dates and the shipping addresses for delivery of the BFE and, where reasonably requested by the Seller, additional spare BFE to permit installation in the Aircraft in a timely manner. The Buyer will provide, or cause the BFE Suppliers to provide, the BFE by such dates in a serviceable condition. The Buyer will, upon the Seller’s request, provide to the Seller dates and references of all BFE purchase orders placed by the Buyer.

The Buyer will also provide, when requested by the Seller, at Airbus Operations S.A.S. in Toulouse, France, and/or at Airbus Operations GmbH, Division Hamburger Flugzeugbau in Hamburg, Germany, adequate field service including support from BFE Suppliers to act in a technical advisory capacity to the Seller in the installation, calibration and possible repair of a BFE.

18.1.5 Without prejudice to the Buyer’s obligations hereunder, in order to facilitate the development of the BFE Engineering Definition, the Seller will organize meetings between the Buyer and BFE Suppliers on reasonable advance notice. The Buyer hereby agrees to participate in such meetings and to provide adequate technical and engineering expertise to reach decisions within a timeframe reasonably specified by the Seller.

In addition, prior to Delivery of the Aircraft to the Buyer, the Buyer agrees:

(i) to monitor the BFE Suppliers and seek to ensure that they will enable the Buyer to fulfil its obligations, including but not limited to those set forth in the Customization Milestone Chart;

(ii) that, should a timeframe, quality or other type of risk be identified at a given BFE Supplier, the Buyer will allocate resources to such BFE Supplier so as not to jeopardize the industrial schedule of the Aircraft;

(iii) for major BFE, including, but not being limited to, seats, galleys and IFE (“Major BFE”) to participate on a mandatory basis in the specific meetings that take place between BFE Supplier selection and BFE delivery, namely:

(a) Preliminary Design Review (“PDR”),

(b) Critical Design Review (“CDR”);

(iv) to attend the First Article Inspection (“FAI”) for the first shipset of all Major BFE. Should the Buyer not attend such FAI, the Buyer will delegate the FAI to the BFE Supplier thereof and confirmation thereof will be supplied to the Seller in writing;

(v) to attend the Source Inspection (“SI”) that takes place at the BFE Supplier’s premises prior to shipping, for each shipset of all Major BFE. Should the Buyer not attend such SI, the Buyer will delegate the SI to the BFE Supplier and confirmation thereof will be supplied to the Seller in writing. Should the Buyer not attend the SI, the Buyer will be deemed to have accepted the conclusions of the BFE Supplier with respect to such SI.

LA 9-20
The Seller will be entitled to attend the PDR, the CDR and the FAI. In doing so, the Seller’s employees will be acting in an advisory capacity only and at no time will they be deemed to be acting as Buyer’s employees or agents, either directly or indirectly.

18.1.6 The BFE will be imported into France or into Germany by the Buyer under a suspensive customs system (Régime de l’entrepôt douanier ou régime de perfectionnement actif or Zollverschluss) without application of any French or German tax or customs duty, and will be delivered on a DDU basis, to the following shipping addresses as designated by the Seller to the Buyer in a reasonable time period prior to the planned arrival date:

Airbus Operations S.A.S.
316 Route de Bayonne
31300 Toulouse
France

or

Airbus Operations GmbH
Kreetslag 10
21129 Hamburg
Germany

Or such other location *****.

18.2 Applicable Requirements

The Buyer is responsible for ensuring, at its expense, and warrants that the BFE will:

(i) be manufactured by either a BFE Supplier referred to in the Airbus BFE Product Catalog or an Approved BFE Supplier, and

(ii) meet the requirements of the applicable Specification of the Aircraft, and

(iii) be delivered with the relevant certification documentation, including but not limited to the DDP, and

(iv) comply with the BFE Engineering Definition, and

(v) comply with applicable requirements incorporated by reference to the Type Certificate and listed in the Type Certificate Data Sheet, and

(vi) be approved by the Aviation Authority issuing the Export Certificate of Airworthiness and by the Buyer’s Aviation Authority for installation and use on the Aircraft at the time of Delivery of the Aircraft, and

(vii) not infringe any patent, copyright or other intellectual property right of the Seller or any third party, and

LA 9-21
18.3 Buyer’s Obligation and Seller’s Remedies

18.3.1 Any delay or failure by the Buyer or the BFE Suppliers in:

(i) complying with the foregoing warranty or in providing the BFE Engineering Definition or field service mentioned in Clause 18.1.4, or
(ii) furnishing the BFE in a serviceable condition at the requested delivery date, or
(iii) obtaining any required approval for such BFE equipment under the above mentioned Aviation Authorities’ regulations,

may delay the performance of any act to be performed by the Seller, including Delivery of the Aircraft. The Seller will not be responsible for such delay which will cause the Final Price of the affected Aircraft to be adjusted in accordance with the Seller Price Revision Formula to the actual month of Delivery of such affected Aircraft and to include in particular the amount of the Seller’s additional reasonable direct costs attributable to such delay or failure by the Buyer or the BFE Suppliers, such as storage, taxes, insurance and costs of out-of-sequence installation.

18.3.2 In addition, in the event of any delay or failure mentioned in 18.3.1 above, the Seller, in consultation with the Buyer, may:

(i) select, purchase and install equipment similar to the BFE at issue, in which event the Final Price of the affected Aircraft will also be increased by the purchase price of such equipment plus reasonable costs and expenses incurred by the Seller for handling charges, transportation, insurance, packaging and, if so required and not already provided for in the Final Price of the Aircraft, for adjustment and calibration; or
(ii) if the BFE is delayed by more than ***** beyond, or is not approved within ***** of the dates specified in Clause 18.1.4, deliver the Aircraft without the installation of such BFE, notwithstanding applicable terms of Clauses 7 and 8, and the Seller will thereupon be relieved of all obligations to install such equipment.

18.4 Title and Risk of Loss

LA 9-22
Title to and risk of loss of any BFE will at all times remain with the Buyer except that risk of loss (limited to cost of replacement of said BFE) will be with the Seller for as long as such BFE is under the care, custody and control of the Seller.

18.5 Disposition of BFE Following Termination

18.5.1 *****

18.5.2 *****

18.5.3 The Buyer will cooperate with the Seller in facilitating the sale of BFE pursuant to Clause or 18.5.2 and will be responsible for, *****. The Buyer will reimburse the Seller to the extent required under the preceding sentence within ***** of receiving documentation of such costs from the Seller.

18.5.4 The Seller will notify the Buyer as to those items of BFE not sold by the Seller pursuant to Clause 18.5.1 or 18.5.2 above and, at the Seller’s request, the Buyer will undertake to remove such items from the Seller’s facility within ***** of the date of such notice. The Buyer will have no claim against the Seller for damage, loss or destruction of any item of BFE removed from the Aircraft and not removed from Seller’s facility within such period. *****

18.6 The Buyer will have no claim against the Seller for damage to or destruction of any item of BFE damaged or destroyed in the process of being removed from the Aircraft, provided that the Seller has used reasonable care in such removal.

18.7 The Buyer will grant the Seller title to any BFE items that cannot be removed from the Aircraft without causing damage to the Aircraft or rendering any system in the Aircraft unusable.

LA 9-23
19. INDEMNITIES AND INSURANCE

The Seller and the Buyer will each be liable for Losses (as defined below) arising from the acts or omissions of their respective directors, officers, agents or employees occurring during or incidental to such party’s exercise of its rights and performance of its obligations under this Agreement, except as provided in Clauses 19.1 and 19.2.

19.1 Seller’s Indemnities

The Seller will, except in the case of gross negligence or wilful misconduct of the Buyer, its directors, officers, agents and/or employees, be solely liable for and will indemnify and hold the Buyer, its Affiliates and each of their respective directors, officers, agents, employees and insurers harmless against all losses, liabilities, claims, damages, costs and expenses, including court costs and reasonable attorneys’ fees (“Losses”), arising from:

(i) claims for injuries to, or death of, the Seller’s directors, officers, agents or employees, or loss of, or damage to, property of the Seller or its employees when such Losses occur during or are incidental to either party’s exercise of any right or performance of any obligation under this Agreement, and

(ii) claims for injuries to, or death of, third parties, or loss of, or damage to, property of third parties, occurring during or incidental to the Technical Acceptance Flights.

19.2 Buyer’s Indemnities

The Buyer will, except in the case of gross negligence or wilful misconduct of the Seller, its directors, officers, agents and/or employees, be solely liable for and will indemnify and hold the Seller, its Affiliates, its subcontractors, and each of their respective directors, officers, agents, employees and insurers, harmless against all Losses arising from:

(i) claims for injuries to, or death of, the Buyer’s directors, officers, agents or employees, or loss of, or damage to, property of the Buyer or its employees, when such Losses occur during or are incidental to either party’s exercise of any right or performance of any obligation under this Agreement, and

(ii) claims for injuries to, or death of, third parties, or loss of, or damage to, property of third parties, occurring during or incidental to (a) the provision of Seller Representatives services under Clause 15 including services performed on board the aircraft or (b) the provision of Aircraft Training Services to the Buyer.

LA 9-24
19.3 Notice and Defense of Claims

If any claim is made or suit is brought against a party or entity entitled to indemnification under this Clause 19 (the “Indemnitee”) for damages for which liability has been assumed by the other party under this Clause 19 (the “Indemnitor”), the Indemnitee will promptly give notice to the Indemnitor and the Indemnitor (unless otherwise requested by the Indemnitee) will assume and conduct the defense, or settlement, of such claim or suit, as the Indemnitor will deem prudent. Notice of the claim or suit will be accompanied by all information pertinent to the matter as is reasonably available to the Indemnitee and will be followed by such cooperation by the Indemnitee as the Indemnitor or its counsel may reasonably request, at the expense of the Indemnitor.

*****

19.4 Insurance

19.4.1 For all Aircraft Training Services, to the extent of the Buyer’s undertaking set forth in Clause 19.2, the Buyer will:

(i) cause the Seller, its Affiliates, its subcontractors and each of their respective directors, officers, agents and employees to be named as additional insured under the Buyer’s Comprehensive Aviation Legal Liability insurance policies (in accordance with AVN67B and AVN2001 and 2002 or applicable successor policy thereof or, as the case may be, equivalent endorsements reasonably satisfactory to the Seller). Such insurances shall include war, passenger legal liability, property damage, aircraft third party and airlines general third party legal (including products) liability, and

(ii) with respect to the Buyer’s Hull All Risks and Hull War Risks insurances and Allied Perils, cause the insurers of the Buyer’s hull insurance policies to waive all rights of subrogation against the Seller, its Affiliates, its subcontractors and each of their respective directors, officers, agents, employees and insurers; provided however, in lieu of any war risk insurance, the Buyer may provide insurance or an indemnity issued by the US Government.

19.4.2 Any applicable deductible will be borne by the Buyer. The Buyer will furnish to the Seller, not less than ***** prior to the start of any Aircraft Training Services, certificates of insurance, in English, evidencing the limits of liability cover and period of insurance coverage in a form reasonably acceptable to the Seller from the Buyer’s insurance broker(s), certifying that such policies have been endorsed as follows:

(i) under the Comprehensive Aviation Legal Liability Insurances, the Buyer’s policies are primary and non-contributory to any insurance maintained by the additional insureds,

(ii) such insurance can only be cancelled or coverage substantially changed which adversely affects the interests of any additional insureds by the giving of not less

LA 9-25
than ***** (or such lesser period as may be applicable in the case of any war risk, hijacking and allied perils insurance coverage) prior written notice thereof to the additional insureds, and

(iii) under any such cover, all rights of subrogation against the additional insureds have been waived.

1. *****
2. *****
3. *****
4. *****
5. *****
6. *****
7. *****
8. *****

20.2 Remedies in Event of Termination

20.2.1 If a Termination Event occurs, the Buyer will be in material breach of this Agreement, and the Seller can elect any of the following remedies to the extent permitted under applicable law:

A. *****
B. *****
C. *****
D. *****

20.2.2 *****

A. *****
B. *****
C. *****

20.2.3 *****

LA 9-27
20.3 Notice of Termination Event

Within ***** of becoming aware of the occurrence of a Termination Event by the Buyer, the Buyer will notify the Seller of such occurrence in writing, provided, that any failure by the Buyer to notify the Seller will not prejudice the Seller’s rights or remedies hereunder.

20.4 Information Covenants

The Buyer hereby covenants and agrees that, from the date of this Agreement until no further Aircraft are to be delivered hereunder, the Buyer will furnish or cause to be furnished to the Seller the following:

a. *****
b. *****
c. *****
d. *****
e. *****

For the purposes of this Clause 20, (x) an “Authorized Officer” of the Buyer will mean the Chief Executive Officer, the Chief Financial Officer or any Vice President and above who reports directly or indirectly to the Chief Financial Officer and (y) “Subsidiaries” will mean, as of any date of determination, those companies owned by the Buyer whose financial results the Buyer is required to include in its statements of consolidated operations and consolidated balance sheets.

20.5 Nothing contained in this Clause 20 will be deemed to waive or limit the Seller’s rights or ability to request adequate assurance under Article 2, Section 609 of the Uniform Commercial Code (the “UCC”). It is further understood that any commitment of the Seller or the Propulsion Systems manufacturer to provide financing to the Buyer shall not constitute adequate assurance under Article 2, Section 609 of the UCC.

LA 9-28
21. ASSIGNMENTS AND TRANSFERS

21.1 Assignments

Except as hereinafter provided, neither party may sell, assign, novate or transfer its rights or obligations under this Agreement to any person without the prior written consent of the other, except that the Seller may sell, assign, novate or transfer its rights or obligations under this Agreement to any Affiliate without the Buyer’s consent.

21.2 Assignments on Sale, Merger or Consolidation

The Buyer will be entitled to assign its rights under this Agreement at any time due to a merger, consolidation or a sale of all or substantially all of its assets, provided:

(i) the surviving or acquiring entity is organized and existing under the laws of the United States;
(ii) the surviving or acquiring entity has executed an assumption agreement, in form and substance reasonably acceptable to the Seller, agreeing to assume all of the Buyer’s obligations under this Agreement;
(iii) at the time, and after giving effect to the consummation, of the merger, consolidation or sale, no Termination Event exists or will have occurred and be continuing;
(iv) the surviving or acquiring entity is an air carrier holding an operating certificate issued by the FAA at the time, and immediately following the consummation, of such sale, merger or consolidation; and
(v) *****

21.3 Designations by Seller

The Seller may at any time by notice to the Buyer designate facilities or personnel of the Seller or any other Affiliate of the Seller at which or by whom the services to be performed under this Agreement will be performed. Notwithstanding such designation, the Seller will remain ultimately responsible for fulfillment of all obligations undertaken by the Seller in this Agreement.

21.4 Transfer of Rights and Obligations upon Reorganization

In the event that the Seller is subject to a corporate restructuring having as its object the transfer of, or succession by operation of law in, all or substantially all of its assets and liabilities, rights and obligations, including those existing under this Agreement, to a person (the “Successor”) that is an Affiliate of the Seller at the time of that

14. EFFECT OF AMENDMENT

14.1 The provisions of this Amendment will constitute a valid amendment to the Agreement and the Agreement will be deemed to be amended to the extent herein provided and, except as specifically amended hereby, will continue in full force and effect in accordance with its terms. Except as otherwise provided by the terms and conditions hereof, this Amendment contains the entire agreement of the Parties with respect to the subject matter hereof and supersedes any previous understandings, commitments, or representations whatsoever, whether oral or written, related to the subject matter of this Amendment.

14.2 Both Parties agree that this Amendment will constitute an integral, nonseverable part of the Agreement, that the provisions of said Agreement are hereby incorporated herein by reference, and that this Amendment will be governed by the provisions of the Agreement, except that if the Agreement and this Amendment have specific provisions that are inconsistent, the specific provisions contained in this Amendment will govern and prevail.

15. GOVERNING LAW

Without limiting the generality of Clause 14.2, the Parties agree that this Amendment is subject to the governing law provisions set forth in Clause 22.6 of the Agreement.

16. CONFIDENTIALITY

Without limiting the generality of Clause 14.2 above, the Parties agree that this Amendment is subject to the confidentiality provisions set forth in Clause 22.11 of the Agreement.
17. **ASSIGNMENT**

Without limiting the generality of Clause 14.2 above, the Parties agree that this Amendment is subject to the assignment and transfer provisions set forth in the Agreement.

18. **COUNTERPARTS**

This Amendment may be signed by the Parties in counterparts, which when signed and delivered will each be an original and together constitute but one and the same instrument. Counterparts may be delivered in original, faxed or emailed form, with originals to be delivered in due course.
IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be signed by their respective duly authorized officers or agents as of the day and year first above written.

A320 Family Aircraft Purchase Agreement

dated as of September 30, 2011

between

Airbus S.A.S.

and

Frontier Airlines, Inc.

Confidential

1
Amendment No. 5

This Amendment No. 5 (this "Amendment") is entered into as of December 28, 2017, between Airbus S.A.S., a société par actions simplifiée organized and existing under the laws of the Republic of France, having its registered office located at 2, Rond-Point Emile Dewoitine, 31700 Blagnac, France (the "Seller"), and Frontier Airlines, Inc., a corporation organized and existing under the laws of the State of Colorado, United States of America, having its principal corporate offices located at 4545 Airport Way, Denver, Colorado 80239 USA (the "Buyer" and, together with the Seller, the "Parties").

WITNESSETH

WHEREAS, the Buyer and the Seller entered into an A320 Family Aircraft Purchase Agreement dated as of September 30, 2011 (as amended, supplemented and modified from time to time prior to the date hereof, the "Agreement"); and

WHEREAS, the Buyer and the Seller wish to amend certain terms of the Agreement;

NOW, THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, THE SUFFICIENCY OF WHICH IS HEREBY ACKNOWLEDGED, THE SELLER AND THE BUYER AGREE AS FOLLOWS:

Capitalized items used herein and not otherwise defined herein will have the meanings assigned to them in the Agreement. The terms “herein,” “hereof” and “hereunder” and words of similar import refer to this Amendment.

1. **SALE AND PURCHASE**

1.1 Clause 1 of the Agreement is deleted in its entirety and replaced with the following quoted text:

“The Seller will sell and deliver to the Buyer, and the Buyer will purchase and take delivery of two hundred fourteen (214) Aircraft, consisting of eighty (80) A320 Backlog Aircraft, one hundred (100) A320 Incremental Aircraft and thirty-four (34) A321 Incremental Aircraft, from the Seller, subject to the terms and conditions contained in this Agreement.

The A319 Aircraft identified in Clause 9.1 of the Agreement as Aircraft Rank 63 through and including Aircraft Rank 80 are hereby converted from A319 Aircraft to A320 Aircraft pursuant to this Agreement.”

2. **STANDARD SPECIFICATION OF THE AIRCRAFT**

2.1 **Definition Clause**

2.1.1 The Parties agree to either insert in alphabetical order or amend and restate, as the case may be, the following definitions in Clause 0 of the Agreement:

- **A319 Aircraft** – an A319-100N aircraft to be sold by the Seller and purchased by the Buyer pursuant to this Agreement, including the A319 Airframe and all components, equipment, parts and accessories installed in or on such A319 Airframe and the A319 Propulsion System installed thereon upon delivery.

- **A320 Aircraft** – an A320-200N to be sold by the Seller and purchased by the Buyer pursuant to this Agreement, including the A320 Airframe and all components, equipment, parts and accessories installed in or on such A320 Airframe and the A320 Propulsion System installed thereon upon delivery.

- **A321 Aircraft** – an A321-200NX to be sold by the Seller and purchased by the Buyer pursuant to this Agreement, including the A321 Airframe and all components, equipment, parts and accessories installed in or on such A321 Airframe and the A321 Propulsion System installed thereon upon delivery.

- **A321 Airframe** – an A321 Aircraft, excluding the A321 Propulsion System therefor.

- **A319 Backlog Aircraft** – an A319 Aircraft.

- **A320 Backlog Aircraft** – an A320 Aircraft, other than A320 Incremental Aircraft.

Confidential
**A321 Backlog Aircraft** – an A321 Aircraft, other than A321 Incremental Aircraft.

**A320 Incremental Aircraft** – an A320-200N aircraft identified as an “A320 Incremental Aircraft” in the delivery schedule set forth in Clause 9.1 to be sold by the Seller and purchased by the Buyer pursuant to this Agreement, including the A320 Airframe and all components, equipment, parts and accessories installed in or on such A320 Airframe and the A320 Propulsion System installed thereon upon delivery.

**A321 Incremental Aircraft** – an A321-200NX aircraft identified as an “A321 Incremental Aircraft” in the delivery schedule set forth in Clause 9.1 to be sold by the Seller and purchased by the Buyer pursuant to this Agreement, including the A321 Airframe and all components, equipment, parts and accessories installed in or on such A321 Airframe and the A321 Propulsion System installed thereon upon delivery.

**A321 Propulsion System** – as defined in Clause 2.3.

**A319 Standard Specification** – the A319-100N standard specification document number [***], a copy of which is annexed as Exhibit A-2 to the Agreement.

**A320 Standard Specification** – the A320-200N standard specification document number [***], a copy of which is annexed as Exhibit A-1 to the Agreement.

**A321 Specification** – the A321 Standard Specification as amended by all applicable SCNs.

**A321 Standard Specification** – the A321-200NX ACF standard specification document number [***], as applicable, a copy of each is annexed as Exhibit A-3 to the Agreement.

**Aircraft** – any or all of the A319 Aircraft, the A320 Aircraft and, the A321 Aircraft.

**Airframe** – any or all of the A319 Airframe, the A320 Airframe or the A321 Airframe.

**Backlog Aircraft** – the A319 Backlog Aircraft, the A320 Backlog Aircraft and the A321 Backlog Aircraft.

**Incremental Aircraft** – the A320 Incremental Aircraft and A321 Incremental Aircraft.

**Predelivery Payment** – with respect to any Aircraft, any of the payments determined in accordance with Clause 5.3 for such Aircraft.

---

*Confidential*
Propulsion System – any or all, as applicable, of the A319 Propulsion System, A320 Propulsion System and the A321 Propulsion System.

Propulsion System Manufacturer – as applicable, the manufacturer of the A319 Propulsion System, A320 Propulsion System or the A321 Propulsion System.

Propulsion System Price Revision Formula – the applicable Propulsion System price revision formula set forth in Part 2 or Part 3 of Exhibit C.

Propulsion System Reference Price – the applicable Propulsion System reference price set forth in Part 2 or Part 3 of Exhibit C.

Seller Price Revision Formula – with respect to the Incremental Aircraft, the formula set forth in Part 1A of Exhibit C and, for all other Aircraft, the formula set forth in Part 1 of Exhibit C.

Specification – as applicable, the A319 Specification, the A320 Specification or the A321 Specification.

2.1.2 The definitions of Gearing Ratio, Irrevocable SCNs, NEO Aircraft, New Engine Option or NEO, Sharklets and Unrestricted Cash are deleted in their entirety from Clause 0 of the Agreement.

2.2 Specification

Clause 2 of the Agreement is deleted in its entirety and replaced with the following quoted text:

“2 SPECIFICATION

2.1 Aircraft Specification

The A321 Aircraft will be manufactured in accordance with the A321 Standard Specification, as may already have been modified or varied at the date of this Agreement by the Specification Change Notices listed in Appendix 1 or Appendix 2 to Exhibit A-3, as applicable.

The A320 Aircraft will be manufactured in accordance with the A320 Standard Specification, as may already have been modified or varied at the date of this Agreement by the Specification Change Notices listed in Appendix 1 or Appendix 2 to Exhibit A-1, as applicable.

Confidential
The A319 Aircraft will be manufactured in accordance with the A319 Standard Specification, as may already have been modified or varied at the date of this Agreement by the Specification Change Notices listed in Appendix 1 to Exhibit A-2.

2.2 Specification Amendment

The parties understand and agree that the Specification may be further amended following signature of this Agreement in accordance with the terms of this Clause 2.

2.2.1 Specification Change Notice

The Specification may be amended by a Specification Change Notice (“SCN”) and will set out the SCN’s Aircraft embodiment rank and will also set forth, in detail, the particular change to be made to the Specification and the effect, if any, of such change on design, performance, weight, Delivery Date of the Aircraft affected thereby and on the text of the Specification. An SCN may result in an adjustment of the Aircraft Base Price, which adjustment, if any, will be specified in the SCN.

2.2.2 Development Changes

The Specification may also be amended to incorporate changes deemed necessary by the Seller to improve the Aircraft, prevent delay or ensure compliance with this Agreement (“Development Changes”), as set forth in this Clause 2.

2.2.2.1 Manufacturer Specification Changes Notices

(i) The Specification may be amended by the Seller through a Manufacturer Specification Change Notice (“MSCN”), which will be substantially in the form set out in Exhibit B-2 hereto, or by other appropriate means, and will set out the MSCN’s Aircraft embodiment rank as well as, in detail, the particular change to be made to the Specification and the effect, if any, of such change on performance, weight, Base Price of the Aircraft, Delivery Date of the Aircraft affected thereby and interchangeability or replaceability requirements under the Specification.

Confidential
(ii) Except when the MSCN is necessitated by an Aviation Authority directive or by equipment obsolescence, in which case the MSCN will be accomplished without requiring the Buyer’s consent, if the MSCN adversely affects the performance, weight, Base Price, Delivery Date of the Aircraft affected thereby or the interchangeability or replaceability requirements under the Specification, the Seller will notify the Buyer of a reasonable period of time during which the Buyer must accept or reject such MSCN. If the Buyer does not notify the Seller of the rejection of the MSCN within such period, the MSCN will be deemed accepted by the Buyer and the corresponding modification will be accomplished.

2.2.2.2 If the Seller revises the Specification to incorporate Development Changes which have no adverse effect on any of the elements as set forth in 2.2.2.1, such Development Changes will be performed by the Seller without the Buyer’s consent.

In such cases, the Buyer will have access to the details of such changes through the relevant application in AirbusWorld.

2.3 Propulsion Systems

2.3.1 Each A320 Airframe will be equipped with a set of two (2) CFM International, Inc. (“CFM”) model LEAP-1A26 engines or two (2) International Aero Engines, LLC (“IAE”) model PW1127G-JM engines, (upon selection such set, an “A320 Propulsion System”).

Each A319 Airframe will be equipped with a set of two (2) CFM LEAP-1A24 engines or two (2) IAE PW1124G-JM engines (upon selection such set, an “A319 Propulsion System”).

Each A321 Airframe will be equipped with a set of two (2) CFM LEAP-1A32 engines, two (2) CFM LEAP-1A33B2 engines or two (2) IAE PW1133G-JM engines (upon selection such set, an “A321 Propulsion System”).

2.3.2 For Backlog Aircraft the Buyer has selected the respective CFM engine as the A320 Propulsion System, A319 Propulsion System and A321 Propulsion System.

2.3.3 For Incremental Aircraft the Buyer shall notify the Seller in writing, no later than [***], of its selection of Propulsion Systems for such Aircraft.

2.4 Milestones

2.4.1 Customization Milestone Chart
Within a reasonable period following signature of this Agreement, the Seller will provide the Buyer with a customization milestones chart (the “Customization Milestone Chart”), setting out how far in advance of the Scheduled Delivery Month of the Aircraft an SCN must be executed in order to integrate into the Specification any items requested by the Buyer from the Seller’s catalogues of Specification change options (the “Option Catalogs”).

2.4.2 Contractual Definition Freeze

The Customization Milestone Chart will in particular define the date(s) by which the contractual definition of the Aircraft must be finalized and all SCNs need to have been executed by the Buyer (the “Contractual Definition Freeze” or “CDF”) in order to enable their incorporation into the manufacturing of the Aircraft and Delivery of the Aircraft in the Scheduled Delivery Month. Each such date shall be referred to as a “CDF Date.”

3. PRICE

Clause 3.1 of the Agreement is deleted in its entirety and replaced with the following quoted text:

“3.1 Base Price of the Aircraft

The Base Price of the Aircraft is the sum of:

(i) the Base Price of the Airframe, and
(ii) the Base Price of the Propulsion System.

Amendment No. 7

This Amendment No. 7 (this “Amendment”) is entered into as of October 9, 2019, between Airbus S.A.S., a société par actions simplifiée organized and existing under the laws of the Republic of France, having its registered office located at 2, Rond-Point Emile Dewoitine, 31700 Blagnac, France (the “Seller”), and Frontier Airlines, Inc., a corporation organized and existing under the laws of the State of Colorado, United States of America, having its principal corporate offices located at 4545 Airport Way, Denver, Colorado 80239 USA (the “Buyer” and, together with the Seller, the “Parties”).

WITNESSETH

WHEREAS, the Buyer and the Seller entered into an A320 Family Aircraft Purchase Agreement dated as of September 30, 2011 (as amended, supplemented and modified from time to time prior to the date hereof, the “Agreement”); and

WHEREAS, the Buyer and the Seller wish to amend certain terms of the Agreement as provided herein.

NOW, THEREFORE, FOR GOOD AND VALUABLE CONSIDERATION, THE RECEIPT AND SUFFICIENCY OF WHICH ARE HEREBY ACKNOWLEDGED, THE SELLER AND THE BUYER AGREE AS FOLLOWS:

Capitalized items used herein and not otherwise defined herein will have the meanings assigned to them in the Agreement. The terms “herein,” “hereof” and “hereunder” and words of similar import refer to this Amendment.
1. **SALE AND PURCHASE**

1.1 Clause 1 of the Agreement is deleted in its entirety and replaced with the following quoted text:

“The Seller will sell and deliver to the Buyer, and the Buyer will purchase and take delivery of two hundred fourteen (214) Aircraft, consisting of eighty (80) A320 Backlog Aircraft, sixty-seven (67) A320 Incremental Aircraft, forty-nine (49) A321 Incremental Aircraft and eighteen (18) A321XLR Aircraft, from the Seller, subject to the terms and conditions contained in this Agreement.

1.2 The parties hereby agree to convert the Aircraft identified in Clause 9.1 of this Agreement [***] as Aircraft Rank 147, 149, 150, 152, 158, 159, 161, 165, 166, 167, 168, 187, 188, 190, 197, 198, 200 and 201 A320 Incremental Aircraft to A321XLR Aircraft.

1.3 [***]"

2. **STANDARD SPECIFICATION OF THE A321 XLR AIRCRAFT**

2.1 **Definition Clause**

The Parties agree to either insert in alphabetical order or amend and restate, as the case may be, the following definitions in Clause 0 of the Agreement:

**A320 Family Aircraft** - any or all of the A319 Aircraft, the A320 Aircraft, the A321 Aircraft and the A321XLR Aircraft.

**A321 Standard Specification** - the A321-200NX ACF standard specification document number [***], a copy of which is annexed as Exhibit A-3 to the Agreement.

**A321XLR Aircraft** - means an A321 Aircraft incorporating the XLR Changes and identified as an “A321XLR Aircraft” in the delivery schedule set forth in Clause 9.1 to be sold by the Seller and purchased by the Buyer pursuant to this Agreement, including the A321XLR Airframe and all components, equipment, parts and accessories installed in or on such A321XLR Airframe and the A321XLR Propulsion System installed thereon at Delivery.

**A321XLR Airframe** - an A321XLR Aircraft, excluding the A321XLR Propulsion System therefor.
A321XLR Propulsion System – as defined in Clause 2.3.1.

A321XLR Specification – the A321XLR Standard Specification as amended by all applicable SCNs.

A321XLR Standard Specification — has the meaning set forth in Clause 2.1.4.1 of this Agreement.

Aircraft – any or all of the A319 Aircraft, the A320 Aircraft, the A321 Aircraft and the A321XLR Aircraft.

Airframe – any or all of the A319 Airframe, the A320 Airframe, the A321 Airframe and the A321XLR Airframe.

Predelivery Payment – with respect to any Aircraft, the payments determined in accordance with Clause 5.3 for such Aircraft.

Propulsion System – any or all, as applicable, of the A319 Propulsion System, the A320 Propulsion System, the A321 Propulsion System and the A321XLR Propulsion System.

Specification – as applicable, the A319 Specification, the A320 Specification, the A321 Specification or the A321XLR Specification.

XLR Changes — has the meaning set out in Clause 2.1.4.1.

XLR Specification Freeze — has the meaning set out in Clause 2.1.4.1.

2.2 Aircraft Specification

Clause 2.1 of the Agreement is deleted in its entirety and replaced with the following quoted text:

“2.1 Aircraft Specification

2.1.1 A321 Aircraft Specification

Confidential
The A321 Aircraft will be manufactured in accordance with the A321 Standard Specification, as may already have been modified or varied at the date of this Agreement by the Specification Change Notices listed in Appendix 1 or Appendix 2 to Exhibit A-3, as applicable, and which may be further modified or varied in accordance with the terms of this Agreement.

2.1.2 A320 Aircraft Specification
The A320 Aircraft will be manufactured in accordance with the A320 Standard Specification, as may already have been modified or varied at the date of this Agreement by the Specification Change Notices listed in Appendix 1 or Appendix 2 to Exhibit A-1, as applicable, and which may be further modified or varied in accordance with the terms of this Agreement.

2.1.3 A319 Aircraft Specification
The A319 Aircraft will be manufactured in accordance with the A319 Standard Specification, as may already have been modified or varied at the date of this Agreement by the Specification Change Notices listed in Appendix 1 to Exhibit A-2, and which may be further modified or varied in accordance with the terms of this Agreement.

2.1.4 A321XLR Aircraft Specification
2.1.4.1 The A321XLR Aircraft will be manufactured in accordance with the A321XLR Standard Specification, as may already have been modified or varied at the date of this Agreement by the Specification Change Notices listed in Appendix 1 to Exhibit A-4, and which may be further modified or varied in accordance with the terms of this Agreement.

The A321XLR Aircraft's standard specification is currently based on a combination of the A321 Standard Specification and the XLR Changes as set out hereunder.

The standard specification of the A321XLR aircraft shall be derived from the A321 Standard Specification and will include a new fixed structural fuel center tank, modified design weights as detailed below, and new landing gears, wheels, brakes and tires, as well as certain other airframe structural modifications and aircraft systems and software adaptations, all as required during the development of such A321XLR aircraft with its new parameters (collectively the “XLR Changes”).

The Seller is currently developing the XLR Changes and the implementation of the XLR Changes shall be reflected in the first issue of the A321XLR aircraft standard specification (the “A321XLR Standard Specification”). Such A321XLR Standard Specification shall be issued by the Seller once the design of such A321XLR Aircraft type has been frozen (the “XLR Specification Freeze”). [***] [***]
2.1.4.2 A321XLR Design Weights

In line with the Standard Specification applicable to the A321XLR Aircraft, the design weights (Maximum Take-off Weight ("MTOW"), Maximum Landing Weight ("MLW") and Maximum Zero Fuel Weight ("MZFW")) are the following:

<table>

</table>

The XLR Changes shall include an increase to the Manufacturer’s Weight Empty ("MWE") set forth in § 13-10.01.00 of the A321 NEO Standard Specification. [***]

[***]"

2.3 Propulsion Systems

2.3.1 Clause 2.3.1 of the Agreement is amended to add at the end thereof the following quoted text:

“Each A321XLR Airframe will be equipped with a set of two (2) CFM LEAP-1A32, two (2) CFM LEAP-1A33B2 engines, two (2) IAE PW1133G-JM engines or two (2) IAE PW1133G1-JM engines (upon selection such set, an “A321XLR Propulsion System”).”

2.3.2 [***]
2.3.3 The following quoted text is hereby added to the Agreement as a new Clause 2.3.4:

“2.3.4 The Buyer shall notify the Seller in writing, no later than [***]”

2.4 A321XLR Aircraft – Exhibit A-4

Exhibit A-4 attached hereto as Attachment 2 is hereby added in alphabetical order to the Agreement.

3. PRICE

3.1 Clause 3.1 of the Agreement is hereby amended by inserting the following new Clauses 3.1.7 and 3.1.8 below Clause 3.1.6:

“3.1.7 Base Price of the A321XLR Airframe

The Base Price of the A321XLR Airframe is the sum of the following base prices:

(i) [***]
The Base Price of the A321XLR Airframe for the A321XLR Aircraft has been established in accordance with the average economic conditions prevailing in [***] and corresponding to a theoretical delivery in [***].

Both parties agree that this Amendment will constitute an integral, non-severable part of the Agreement and will be governed by its provisions, except that if the Agreement and this Amendment have specific provisions that are inconsistent, the specific provisions contained in this Amendment will govern.

6. **MISCELLANEOUS**

This Amendment is subject to the provisions of Clauses 21, 22.6 and 22.11 of the Agreement.

7. **COUNTERPARTS**

This Amendment may be signed by the Parties in counterparts, which when signed and delivered will each be an original and together constitute but one and the same instrument. Counterparts may be delivered in original, faxed or emailed form, with originals to be delivered in due course.
IN WITNESS WHEREOF, the Parties have caused this Amendment to be signed by their respective duly authorized officers or agents as of the day and
year first above written.

3. Assignment

This Letter Agreement and the rights and obligations of the Lender and the Buyer hereunder shall not be assigned, transferred, mortgaged, or pledged in any manner without the prior written consent of the other party hereto, and any attempted assignment or transfer in contravention hereof will be void and of no force and effect.

(a) Notices

All notices and requests required or authorized hereunder shall be given in writing either by personal delivery to a responsible officer of the party to whom the same is given or by commercial courier, certified air mail (return receipt requested) or by facsimile to the addresses and numbers set forth below. The date upon which any such notice or request is so personally delivered or delivered by commercial courier, certified air mail, or if such notice or request is given by facsimile, the date upon which sent, shall be deemed to be the effective date of such notice or request.

Seller shall be addressed at:

[***]

Attention: Senior Vice President Contracts
Telephone: [***]
Fax: [***]

And Buyer shall be addressed at:

[***]

Attention: Chief Financial Officer
Fax: [***]

or to such other address or to such other person as the party receiving the notice or request may designate and notify the other party from time to time.

(b) Waiver

The failure of either party to enforce at any time any of the provisions of this [***] Letter Agreement, or to exercise any right herein provided, or to require at any time performance by any other party of any of the provisions hereof, will in no way be construed to be a present or future waiver of such provisions nor in any way to affect the validity of this [***] Letter Agreement or any part hereof or the right of the other party thereafter to enforce each and every provision. The express waiver by either party of any provision, condition or requirement of this [***] Letter Agreement shall not constitute a waiver of any future obligation to comply with such provision, condition or requirement.

(c) Interpretation and Law

THIS [***] LETTER AGREEMENT AND ANY DOCUMENTS PERTAINING TO ANY OF [***] HEREUNDER WILL BE GOVERNED BY AND CONSTRUED, AND THE PERFORMANCE THEREOF WILL BE DETERMINED, IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK WITHOUT APPLICATION OF ANY CONFLICT OF LAWS PROVISIONS THAT COULD RESULT IN THE APPLICATION OF THE LAW OF ANY OTHER JURISDICTION.
Each party hereto (i) hereby irrevocably submits itself to the non-exclusive jurisdiction of the courts of the State of New York, New York County, and to the non-exclusive jurisdiction of the United States District Court for the Southern District of New York, for the purposes of any suit, action or other proceeding arising out of this [***] Letter Agreement, the subject matter hereof or any of the transactions contemplated hereby, and (ii) hereby waives, and agrees not to assert, by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, to the extent permitted by applicable law, any defense based on sovereign or other immunity or that any suit, action or proceeding is brought in an inconvenient forum, that the venue of such suit, action or proceeding is improper, or that this [***] Letter Agreement or the subject matter hereof or any of the transactions contemplated hereby may not be enforced in or by such courts.

(d) Confidentiality

Subject to any legal or governmental requirements of disclosure, and except to legal counsel and financial advisors of the parties on an as-needed basis and on the condition that the financial advisors sign a letter of confidentiality with Seller, the parties (which for this purpose shall include their employees, agents and advisers) shall maintain the terms and conditions of this [***] Letter Agreement strictly confidential. Without limiting the generality of the foregoing, but subject to the exceptions referred to above, Buyer and Seller will use all their respective reasonable efforts to limit the disclosure of the contents of this [***] Letter Agreement, to the extent legally permissible, in any filing required to be made by Buyer or Seller with any governmental agency and shall make such applications as shall be necessary to implement the foregoing. Buyer and Seller shall consult with each other prior to the making of any public disclosure or filing, otherwise permitted hereunder, of this [***] Letter Agreement or the terms and conditions hereof. In the event that Buyer receives any other disclosure request from any government or any branch, agency or instrumentality thereof or any government-related entity, which Buyer believes would be advisable to satisfy in whole or in part, Buyer and Seller will consult and Seller will not unreasonably withhold its consent to such disclosure. Notwithstanding any other provision of this paragraph, Buyer will be permitted to disclose the terms and conditions of this [***] Letter Agreement without the Seller’s consent where necessary, and only to the extent necessary, for the Buyer to prosecute, or defend itself in, a legal action to which Seller may become a party and to the extent that the terms and conditions of this [***] Letter Agreement (a) become generally available to the public other than as a result of a violation of this [***] Letter Agreement, (b) was available to Buyer on a non-confidential basis prior to its disclosure hereunder and (c) becomes available on a non-confidential basis from a third party source under circumstances reasonably believed by Buyer not to violate this or any other confidentiality agreement. The provisions of this Paragraph shall survive any termination of this [***] Letter Agreement.

[***]

[***]

(e) Severability

In the event that any provision of this [***] Letter Agreement should for any reason be held to be without effect, the remainder of this [***] Letter Agreement shall remain in full force and effect. To the extent permitted by applicable law, each party hereto hereby waives any provision of law that renders any provision of this [***] Letter Agreement prohibited or unenforceable in any respect.
Alterations to Contract

This [***] Letter Agreement contains the entire agreement between the parties with respect to the subject matter hereof and supersedes any previous understanding, commitments or representations whatsoever, oral or written. This [***] Letter Agreement may not be varied except by an instrument in writing of even date herewith or subsequent hereto by both parties or by their fully authorized representatives.

Language

All correspondence, documents and any other written matters in connection with this [***] Letter Agreement shall be in English.

Headings

All headings in this [***] Letter Agreement are for convenience of reference only and do not constitute a part of this [***] Letter Agreement.

Counterparts

This [***] Letter Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute one and the same instrument.

Representations and Warranties

The Buyer represents and warrants to the Seller that as of the date hereof:

(i) the Buyer is a corporation organized and existing in good standing under the laws of the State of Delaware and has the corporate power and authority to enter into and perform its obligations under this [***] Letter Agreement;

(ii) neither the execution and delivery by the Buyer of this [***] Letter Agreement, nor the consummation of any of [***], constitutes a breach of any agreement to which any such person is a party or by which its assets are bound;

(iii) this [***] Letter Agreement has been duly authorized, executed and delivered by the Buyer and constitutes the legal, valid and binding obligation of the Buyer enforceable against the Buyer in accordance with its terms, subject to applicable bankruptcy laws.

The Seller represents and warrants to the Buyer that as of the date hereof:

(i) the Seller is a société par actions simplifiée organized and existing in good standing under the laws of the Republic of France and has the corporate power and authority to enter into and perform its obligations under this [***] Letter Agreement;
(ii) neither the execution and delivery by the Seller of this [***] Letter Agreement, nor the consummation of any of [***], constitutes a breach of any agreement to which the Seller is a party or by which its assets are bound;

(iii) this [***] Letter Agreement has been duly authorized, executed and delivered by the Seller and constitutes the legal, valid and binding obligation of the Seller enforceable against the Seller in accordance with its terms, subject to applicable bankruptcy laws.

(k) [***]

(l) [***]
If the foregoing correctly sets forth your understanding, please execute the original and one (1) copy hereof in the space provided below and return a copy to Airbus S.A.S.

Very truly yours,

PA-3
Fleet Serial Numbers – as defined in Clause 14.2.1.

Fourth Quarter or 4Q – means the 3-month period of October, November and December.

Goods and Services – any goods, excluding Aircraft, and services that may be purchased by the Buyer from the Seller or its designee.

GTC – as defined in Clause 14.10.3.

Indemnitee – as defined in Clause 19.3.

Indemnitor – as defined in Clause 19.3.

Inexcusable Delay – as defined in Clause 11.1.

Inhouse Warranty – as defined in Clause 12.1.7.1.

Inhouse Warranty Labor Rate – as defined in Clause 12.1.7.5(ii).

Inspection – as defined in Clause 6.2.1.

Instructor(s) – as defined in Clause 16.3.3.

Interface Problem – as defined in Clause 12.4.1.

Item – as defined in Clause 12.2.1(i).

LIBOR – means, for any period, the rate per annum equal to the quotation that appears on the LIBOR01 page of the Reuters screen (or such other page as may replace the LIBOR01 page) or if such service is not available, the British Bankers’ Association LIBOR rates on Bloomberg (or such other service or services as may be nominated by the British Bankers’ Association for the purpose of displaying London interbank offered rates for U.S. dollar deposits) as of 11:00 a.m., London time, two (2) Business Days prior to the beginning of such period as the rate for twelve-month U.S. dollar deposits to be delivered on the first day of each period.

Losses – as defined in Clause 19.1.

Major BFE – as defined in Clause 18.1.5(iii).

Manufacture Facilities – means the various manufacture facilities of the Seller, its Affiliates or any subcontractor, where the Airframe or its parts are manufactured or assembled.

Manufacturer Specification Change Notice or MSCN – as defined in Clause 2.2.2.1.

Option Catalogs – as defined in Clause 2.4.1.

PA-4
Other Agreement – as defined in Clause 5.12.1.
Other Indebtedness – as defined in Clause 20.5(iv).
PDR – as defined in Clause 18.1.5(iii)(a).
PEP – as defined in Clause 14.13.1.
Practical Training – as defined in Clause 14.8.2.
Predelivery Payment – any of the payments determined in accordance with Clause 5.3.
Predelivery Payment Reference Price – as defined in Clause 5.3.2.
Propulsion System – the A321 Propulsion System.
Propulsion System Manufacturer – means the manufacturer of the Propulsion System as set out in Clause 2.3.
Propulsion System Price Revision Formula – the applicable Propulsion System price revision formula set forth in Part 2 of Exhibit C.
Propulsion System Reference Price – the applicable Propulsion System reference price set forth in Part 2 of Exhibit C.
Quarter – means any or, depending on the context, all of the First Quarter, Second Quarter, Third Quarter and Fourth Quarter.
Ready for Delivery – means the time when the Technical Acceptance Process has been completed in accordance with Clause 8 and all technical conditions required for the issuance of the Export Certificate of Airworthiness have been satisfied.
Relevant Amounts – as defined in Clause 5.12.1(ii).
Revision Service Period – as defined in Clause 14.5.
Scheduled Delivery Month – as defined in Clause 9.1.
Scheduled Delivery Quarter – as defined in Clause 9.1.
SEC – as defined in Clause 20.5(i).
Second Quarter or 2Q – means the 3-month period of April, May and June.
Seller Price Revision Formula – the Seller price revision formula set forth in Part 1 of Exhibit C.

PA-5
Seller Representative – as defined in Clause 15.1.1.
Seller’s Customer Services Catalog – as defined in Clause 16.3.1.
Seller’s Training Center(s) – as defined in Clause 16.2.1.
Service Life Policy – as described in Clause 12.2.
Sharklets – means a new large wingtip device designed to enhance the eco-efficiency and payload range performance of the A321 aircraft, to be fitted on the A321 Aircraft.
SI – as defined in Clause 18.1.5(v).
Software Services – as defined in Clause 14.1.
Specification Change Notice or SCN – as defined in Clause 2.2.1.
Successor – as defined in Clause 21.4.
Supplier – as defined in Clause 12.3.1.1.
Supplier Part – as defined in Clause 12.3.1.2.
Supplier Product Support Agreements – as defined in Clause 12.3.1.3.
Taxes – as defined in Clause 5.5.
Technical Acceptance Flight – as defined in Clause 8.1.2(iv).
Technical Acceptance Process – as defined in Clause 8.1.1.
Technical Data – as defined in Clause 14.1.
Termination – as defined in Clause 20.2.1(i)(d).
Termination Event – as defined in Clause 20.1.
Third Party – as defined in Clause 14.15.2.
Third Party Entity – as defined in Clause 12.8.
Third Quarter or 3Q – means the 3-month period of July, August and September.
Total Loss – as defined in Clause 10.4.
Training Conference – as defined in Clause 16.1.3.
Type Certificate – as defined in Clause 7.1.
VAT – as defined in Clause 5.5.1.
Warranted Part – as defined in Clause 12.1.1.1.
Warranty Claim – as defined in Clause 12.1.5.
Warranty Period – as defined in Clause 12.1.3.

The definition of a singular in this Clause 0 will apply to the plural of the same word.

Except where otherwise indicated, references in this Agreement to an exhibit, schedule, article, section, subsection or clause refer to the appropriate exhibit or schedule to, or article, section, subsection or clause in this Agreement.

Each agreement defined in this Clause 0 will include all appendices, exhibits and schedules thereto. If the prior written consent of any person is required hereunder for an amendment, restatement, supplement or other modification to any such agreement and the consent of each such person is obtained, references in this Agreement to such agreement shall be to such agreement as so amended, restated, supplemented or modified.

References in this Agreement to any statute will be to such statute as amended or modified and in effect at the time any such reference is operative.

The term “including” when used in this Agreement means “including without limitation” except when used in the computation of time periods.

Technical and trade terms not otherwise defined herein will have the meanings assigned to them as generally accepted in the aircraft manufacturing industry.

1 - SALE AND PURCHASE

The Seller will sell and deliver to the Buyer, and the Buyer will purchase and take delivery of 9 (nine) A321 Aircraft from the Seller, subject to the terms and conditions contained in this Agreement.

2 - SPECIFICATION

2.1 Aircraft Specification

2.1.1 The A321 Aircraft will be manufactured in accordance with the A321 Standard Specification, as modified or varied prior to the date of this Agreement by the Specification Change Notices listed in Appendix 1 to Exhibit A-1.

2.2 Specification Amendment The parties understand and agree that the Specification may be further amended following signature of this Agreement in accordance with the terms of this Clause 2.
2.2.1 Specification Change Notice

The Specification may be amended by written agreement between the parties in a notice, substantially in the form set out in Exhibit B-1 (each, a “Specification Change Notice” or “SCN”) and will set out the SCN’s Aircraft embodiment rank and will also set forth, in detail, the particular change to be made to the Specification and the effect, if any, of such change on design, performance, weight, Delivery Date of the Aircraft affected thereby and on the text of the Specification. An SCN may result in an adjustment to the Base Price of the Aircraft, which adjustment, if any, will be specified in the SCN.

2.2.2 Development Changes

The Specification may also be amended to incorporate changes deemed necessary by the Seller to improve the Aircraft, prevent delay or ensure compliance with this Agreement (“Development Changes”), as set forth in this Clause 2.

2.2.2.1 Manufacturer Specification Changes Notices

(i) The Specification may be amended by the Seller through a Manufacturer Specification Change Notice (“MSCN”), which will be substantially in the form set out in Exhibit B-2 hereto, or by other appropriate means, and will set out the MSCN’s Aircraft embodiment rank as well as, in detail, the particular change to be made to the Specification and the effect, if any, of such change on performance, weight, Base Price of the Aircraft, Delivery Date of the Aircraft affected thereby and interchangeability or replaceability requirements under the Specification.

(ii) Except when the MSCN is necessitated by an Aviation Authority directive or by equipment obsolescence, in which case the MSCN will be accomplished without requiring the Buyer’s consent, if the MSCN adversely affects the performance, weight, Base Price, Delivery Date of the Aircraft affected thereby or the interchangeability or replaceability requirements under the Specification, the Seller will notify the Buyer of a reasonable period of time during which the Buyer must accept or reject such MSCN. If the Buyer does not notify the Seller of the rejection of the MSCN within such period, the MSCN will be deemed accepted by the Buyer and the corresponding modification will be accomplished.

2.2.2.2 If the Seller revises the Specification to incorporate Development Changes which have no adverse effect on any of the elements identified in Clause 2.2.2.1, such Development Change will be performed by the Seller without the Buyer’s consent.

In such cases, the Seller will provide to the Buyer the details of all changes in an adapted format and on a regular basis.

2.2.2.3 The Seller may at its discretion notify Seller from time to time that certain items, which are currently BFE in the Specification, shall be deemed to be seller-furnished equipment (“SFE”) and the parties agree that, upon such notice, such BFE items shall
thereafter be excluded from the provisions of Clauses 2.2.2.1 (ii) and 2.2.2.2 above and shall be considered instead SFE and thereafter chargeable to the Buyer.

2.3 Propulsion System

2.3.1 Each A321 Airframe will be equipped with a set of two (2) CFM International CFM56B3/3 engines or IAE V2533-A5 engines (each upon selection referred to as the “A321 Propulsion System”).

2.4 Milestones

2.4.1 Customization Milestones Chart

Within a reasonable period following signature of this Agreement, the Seller will provide the Buyer with a customization milestones chart (the “Customization Milestones Chart”), setting out how far in advance of the Scheduled Delivery Month of the Aircraft an SCN must be executed in order to integrate into the Specification any items requested by the Buyer from the Seller’s catalogues of Specification change options (the “Option Catalogs”).

2.4.2 Contractual Definition Freeze

The Customization Milestone Chart will in particular specify the date(s) by which the contractual definition of the Aircraft must be finalized and all SCNs need to have been executed by the Buyer (the “Contractual Definition Freeze” or “CDF”) in order to enable their incorporation into the manufacturing of the Aircraft and Delivery of the Aircraft in the Scheduled Delivery Month. Each such date will be referred to as a “CDF Date”.

PA-1
3.1 Base Price of the Aircraft

The Base Price of the Aircraft is the sum of:

(i) the Base Price of the Airframe and
(ii) the Base Price of the Propulsion System.

3.1.1 Base Price of the A321 Airframe

3.1.1.1 In respect of the A321 Aircraft, the Base Price of the A321 Airframe is the sum of the following base prices:

(i) *****
(ii) ***** and
(iii) *****

3.1.1.2 The Base Price of the A321 Airframe has been established in accordance with the average economic conditions prevailing in ***** and corresponding to a theoretical delivery in ***** (the “Base Period”).

3.1.2 Base Price of the A321 Propulsion System

3.1.2.1 The Base Price of a set of two (2) CFM International CFM56-5B3/3 engines (the “CFM Engines”) is:

(i) *****.

Said Base Price has been established in accordance with the delivery conditions prevailing in ***** and has been calculated from the reference price indicated by CFM International and set forth in Part 2 of Exhibit C.

3.1.2.2 The Base Price of a set of two (2) IAE V2533-A5 engines (the “IAE Engines”) is:

*****.

Said Base Price has been established in accordance with the delivery conditions prevailing in ***** and has been calculated from the reference price indicated by INTERNATIONAL AERO ENGINES and set forth in Part 3 of Exhibit C.
Final Price of the Aircraft

The “Final Price” of each Aircraft will be the sum of:

(i) the Base Price of the Airframe, as adjusted to the applicable Delivery Date of such Aircraft in accordance with Clause 4.1;

(ii) the aggregate of all increases or decreases to the Base Price of the Airframe as agreed in any Specification Change Notice or part thereof applicable to the Airframe subsequent to the date of this Agreement as adjusted to the Delivery Date of such Aircraft in accordance with Clause 4.1;

(iii) the Propulsion System Reference Price as adjusted to the Delivery Date of in accordance with Clause 4.2;

(iv) the aggregate of all increases or decreases to the Propulsion System Reference Price as agreed in any Specification Change Notice or part thereof applicable to the Propulsion System subsequent to the date of this Agreement as adjusted to the Delivery Date in accordance with Clause 4.2; and

(v) any other amount resulting from any other provisions of this Agreement relating to the Aircraft and/or any other written agreement between the Buyer and the Seller relating to the Aircraft.

PA-1
PRICE REVISION

4.1 Seller Price Revision Formula

The Base Prices of the Airframe and of the SCN's relating to the Airframe are subject to revision up to and including the Delivery Date in accordance with the Seller Price Revision Formula.

4.2 Propulsion System Price Revision

4.2.1 The Propulsion System Reference Price and SCN's relating to the Propulsion System are subject to revision up to and including the Delivery Date in accordance with the Propulsion System Price Revision Formula.

4.2.2 The Reference Price of the Propulsion System, the prices of the related equipment and the Propulsion System Price Revision Formula are based on information received from the Propulsion Systems Manufacturer and are subject to amendment by the Propulsion System Manufacturer at any time prior to Delivery. If the Propulsion System Manufacturer makes any such amendment, the amendment will be deemed to be incorporated into this Agreement and the Reference Price of the Propulsion System, the prices of the related equipment and the Propulsion System Price Revision Formula will be adjusted accordingly. The Seller agrees to notify the Buyer promptly upon receiving notice of any such amendment from the Propulsion System Manufacturer.

PA-2
5.1 Seller's Account

The Buyer will pay, from bank accounts within the United States, the Predelivery Payments, the Balance of the Final Price and any other amount due hereunder at the relevant times required by the Agreement and in immediately available funds in United States dollars to:

Beneficiary Name: *****
Account Identification: *****

with:

*****
SWIFT: *****
ABA: *****

or to such other account as may be designated by the Seller in written notice to Buyer at least two Business Days prior to the date such payment is due.

5.2 INTENTIONALLY LEFT BLANK

5.3 Predelivery Payments

5.3.1 Predelivery Payments are ***** and will be paid by the Buyer to the Seller for the Aircraft.

5.3.2 The Predelivery Payment Reference Price for an Aircraft to be delivered in calendar year T is determined in accordance with the following formula:

*****

5.3.3 Predelivery Payments will be paid according to the following schedule:

<table>

</table>

PA-1
In the event of the above schedule resulting in any Predelivery Payment falling due prior to the date of signature of the Agreement, such Predelivery Payments shall be made upon signature of this Agreement.

5.3.4 The Seller will be under no obligation to segregate any Predelivery Payment, or any amount equal thereto, from the Seller’s funds generally.

5.3.5

(i)  
(ii)  
(iii)  

5.4 Payment of Balance of the Final Price of the Aircraft

Before the Delivery Date or concurrent with the Delivery of each Aircraft, the Buyer will pay to the Seller the Final Price of such Aircraft less an amount equal to the Predelivery Payments received for such Aircraft by the Seller (the “Balance of the Final Price”).

The Seller’s receipt of the full amount of all Predelivery Payments and of the Balance of the Final Price of such Aircraft, and any amounts due under Clause 5.8, are a condition precedent to the Seller’s obligation to deliver such Aircraft to the Buyer.

5.5 Taxes

5.5.1  
5.5.2  
5.5.3  

“Taxes” means any present or future stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any governmental authority or any political subdivision or taxing authority thereof or therein.

5.9 Proprietary Interest

Notwithstanding any provision of law to the contrary, the Buyer will not, by virtue of anything contained in this Agreement (including, without limitation, any Predelivery Payments hereunder, or any designation or identification by the Seller of a particular aircraft as an Aircraft to which any of the provisions of this Agreement refers) acquire any proprietary, insurable or other interest whatsoever in any Aircraft before Delivery of and payment for such Aircraft, as provided in this Agreement.

5.10 Payment in Full

The Buyer’s obligation to make payments to the Seller hereunder will not be affected by and will be determined without regard to any setoff, counterclaim, recoupment, defense or other right that the Buyer may have against the Seller or any other person and all such payments will be made without deduction or withholding of any kind. The Buyer will ensure that the sums received by the Seller under this Agreement will be equal to the full amounts expressed to be due to the Seller hereunder, without deduction or withholding on account of and free from any and all taxes, levies, imposts, duties or charges of whatever nature, except that if the Buyer is compelled by law to make any such deduction or withholding the Buyer will pay such additional amounts to the Seller as may be necessary so that the net amount received by the Seller after such deduction or withholding will equal the amounts that would have been received in the absence of such deduction or withholding.

5.11 Other Charges

Unless expressly stipulated otherwise, any charges due under this Agreement other than those set out in Clauses 5.3 and 5.8 will be paid by the Buyer at the same time as payment of the Balance of the Final Price or, if invoiced, within ***** after the invoice date.

MANUFACTURE PROCEDURE – INSPECTION

6.1 Manufacture Procedures

The Airframe will be manufactured in accordance with the requirements of the laws of the jurisdiction of incorporation of the Seller or of its relevant Affiliate as enforced by the Aviation Authority of such jurisdiction.

6.2 Inspection

6.2.1 The Buyer or its duly authorized representatives (the “Buyer’s Inspector(s)”) will be entitled to inspect the manufacture of the Airframe and all materials and parts obtained by the Seller for the manufacture of the Airframe (the “Inspection”) on the following terms and conditions;

(i) any Inspection will be conducted pursuant to the Seller’s system of inspection and the relevant Airbus Procedures, as developed under the supervision of the relevant Aviation Authority and generally applicable to commercial airline customers of Seller for A320 family aircraft;

(ii) the Buyer’s Inspector(s) will have access to such relevant technical documentation solely to the extent reasonably necessary for the purpose of the Inspection;

(iii) any Inspection and any related discussions with the Seller and other relevant personnel by the Buyer’s Inspector(s) will be at reasonable times during business hours and will take place in the presence of the relevant inspection department personnel of the Seller;

(iv) the Inspections will be performed in a manner not to unduly delay or hinder the manufacture or assembly of the Aircraft or the performance of this Agreement by the Seller or any other work in progress at the Manufacture Facilities.

6.2.2 Location of Inspections

The Buyer’s Inspector(s) will be entitled to conduct any such Inspection at the relevant Manufacture Facility of the Seller or the Affiliates and where possible at the Manufacture Facilities of the sub-contractors provided that if access to any part of the Manufacture Facilities where the Airframe manufacture is in progress or materials or parts are stored are restricted for security or confidentiality reasons, the Seller will be allowed reasonable time to make the relevant items available elsewhere.

6.3 Seller’s Service for Buyer’s Inspector(s)

For the purpose of the Inspections with respect to an Aircraft, and starting from a mutually agreed date until the Delivery Date of such Aircraft, the Seller will furnish without additional charge suitable space and office equipment in or conveniently

PA-1
located with respect to the Delivery Location for the use of a reasonable number of Buyer’s Inspector(s).

PA-2
CERTIFICATION

Except as set forth in this Clause 7, the Seller will not be required to obtain any certificate or approval with respect to the Aircraft.

7.1 Type Certification

The Seller will obtain or cause to be obtained (i) a type certificate under EASA procedures for joint certification in the transport category and (ii) an FAA type certificate (the “Type Certificate”) to allow the issuance of the Export Certificate of Airworthiness.

7.2 Export Certificate of Airworthiness

Subject to the provisions of Clause 7.3, each Aircraft will be delivered to the Buyer with an Export Certificate of Airworthiness issued by EASA in a condition enabling the Buyer to obtain at the time of Delivery a Standard Airworthiness Certificate issued pursuant to Part 21 of the US Federal Aviation Regulations and a Certificate of Sanitary Construction issued by the U.S. Public Health Service of the Food and Drug Administration. However, the Seller will have no obligation to make and will not be responsible for any costs of alterations or modifications to such Aircraft to enable such Aircraft to meet FAA or U.S. Department of Transportation requirements for specific operation on the Buyer’s routes, whether before, at or after Delivery of any Aircraft.

If the FAA requires additional or modified data before the issuance of the Export Certificate of Airworthiness, the Seller will provide such data or implement the required modification to the data, in either case, *****.

7.3 Specification Changes before Aircraft Ready for Delivery

7.3.1 If, any time before the date on which an Aircraft is Ready for Delivery, any law, rule or regulation is enacted, promulgated, becomes effective and/or an interpretation of any law, rule or regulation is issued by the EASA that requires any change to the Specification for the purposes of obtaining the Export Certificate of Airworthiness (a “Change in Law”), the Seller will make the required modification and the parties hereto will sign an SCN pursuant to Clause 2.2.1.

7.3.2 The Seller will as far as practicable, but at its sole discretion and without prejudice to Clause 7.3.3(ii), take into account the information available to it concerning any proposed law, rule or regulation or interpretation that could become a Change in Law, in order to minimize the costs of changes to the Specification as a result of such proposed law, regulation or interpretation becoming effective before the applicable Aircraft is Ready for Delivery.

7.3.3 The cost of implementing the required modifications referred to in Clause 7.3.1 will be:

(i) *****
7.3.4 Notwithstanding the provisions of Clause 7.3.3, if a Change in Law relates to an item of BFE or to the Propulsion System the costs related thereto will ** ****.

7.4 Specification Changes after Aircraft Ready For Delivery

Nothing in Clause 7.3 will require the Seller to make any changes or modifications to, or to make any payments or take any other action with respect to, any Aircraft that is Ready for Delivery before the compliance date of any law or regulation referred to in Clause 7.3. Any such changes or modifications made to an Aircraft after it is Ready for Delivery will be at the ** ****.

PA-2
8 - TECHNICAL ACCEPTANCE

8.1 Technical Acceptance Process

8.1.1 Prior to Delivery, the Aircraft will undergo a technical acceptance process developed by the Seller (the "Technical Acceptance Process"). Completion of the Technical Acceptance Process will demonstrate the satisfactory functioning of the Aircraft and will be deemed to demonstrate compliance with the Specification. Should it be established that the Aircraft does not comply with the Technical Acceptance Process requirements, the Seller will without hindrance from the Buyer be entitled to carry out any necessary changes and, as soon as practicable thereafter, resubmit the Aircraft to such further Technical Acceptance Process as is necessary to demonstrate the elimination of the noncompliance.

8.1.2 The Technical Acceptance Process will:

(i) commence on a date notified by the Seller to the Buyer not later than ***** notice prior thereto,

(ii) take place at the Delivery Location,

(iii) be carried out by the personnel of the Seller, and

(iv) include a technical acceptance flight that will ***** (the "Technical Acceptance Flight"), and

8.2 Buyer’s Attendance

8.2.1 The Buyer is entitled to elect to attend the Technical Acceptance Process.

8.2.2 If the Buyer elects to attend the Technical Acceptance Process, the Buyer:

(i) will comply with the reasonable requirements of the Seller, with the intention of completing the Technical Acceptance Process within ***** after its commencement, and

(ii) may have a maximum of ***** of its representatives (no more than ***** of whom will have access to the cockpit at any one time) accompany the Seller’s representatives on the Technical Acceptance Flight, during which the Buyer’s representatives will comply with the instructions of the Seller’s representatives.

8.2.3 If the Buyer does not attend or fails to cooperate in the Technical Acceptance Process, the Seller will be entitled to complete the Technical Acceptance Process and the Buyer will be deemed to have accepted that the Technical Acceptance Process has been satisfactorily completed, in all respects.

PA-3
8.3 Certificate of Acceptance

Upon successful completion of the Technical Acceptance Process, the Buyer will, on or before the Delivery Date, sign and deliver to the Seller a certificate of acceptance in respect of the Aircraft in the form of Exhibit D (the "Certificate of Acceptance").

8.4 Finality of Acceptance

The Buyer’s signature of the Certificate of Acceptance for the Aircraft will constitute waiver by the Buyer of any right it may have, under the Uniform Commercial Code as adopted by the State of New York or otherwise, to revoke acceptance of the Aircraft for any reason, whether known or unknown to the Buyer at the time of acceptance.

8.5 Aircraft Utilization

The Seller will, *****, be entitled to use the Aircraft prior to Delivery as may be necessary to obtain the certificates required under Clause 7. Such use will not limit the Buyer’s obligation to accept Delivery of the Aircraft hereunder.

The Seller will be authorized to use the Aircraft for ***** for any other purpose without the specific agreement of the Buyer.
9.1 Delivery Schedule

Subject to Clauses 2, 7, 8, 10 and 18:

the Seller will have the Aircraft listed in the table below Ready for Delivery at the Delivery Location within the following months (each a “Scheduled Delivery Month”) or quarters (each a “Scheduled Delivery Quarter”):

The Seller will give the Buyer the Scheduled Delivery Month of each Aircraft ***** before the first day of the Scheduled Delivery Quarter of the respective Aircraft or upon execution of this Agreement for Aircraft to be delivered earlier than ***** before the first day of the Scheduled Delivery Quarter. The Seller will give the Buyer at least ***** written notice of the anticipated date on which the Aircraft will be Ready for Delivery. Thereafter, the Seller will notify the Buyer of any change to such dates.

9.2 Delivery Process

9.2.1 The Buyer will, when the Aircraft is Ready for Delivery, pay the Balance of the Final Price, take Delivery of the Aircraft and remove the Aircraft from the Delivery Location.

9.2.2 The Seller will deliver and transfer title to the Aircraft to the Buyer free and clear of all encumbrances (except for any liens or encumbrances created by or on behalf of the Buyer) provided that the Balance of the Final Price of such Aircraft has been paid by the Buyer pursuant to Clause 5.4 and that the Certificate of Acceptance has been signed and delivered to the Seller pursuant to Clause 8.3. The Seller will provide the Buyer with a bill of sale in the form of Exhibit E (the “Bill of Sale”) and such other documentation confirming transfer of title and receipt of the Final Price of the Aircraft.
as may reasonably be requested by the Buyer. Title to, property in and risk of loss or damage to the Aircraft will transfer to the Buyer contemporaneously with the delivery by the Seller to the Buyer of such Bill of Sale.

9.2.3 If the Buyer fails to (i) deliver the signed Certificate of Acceptance with respect to an Aircraft to the Seller when required pursuant to Clause 8.3, or (ii) pay the Balance of the Final Price of such Aircraft to the Seller and take Delivery of the Aircraft, then the Buyer will be deemed to have rejected Delivery wrongfully when such Aircraft was duly tendered to the Buyer hereunder. If such a deemed rejection arises, then in addition to the remedies of Clause 5.8.1, (a) the Seller will retain title to such Aircraft and (b) the Buyer will indemnify and hold the Seller harmless against any and all costs (including but not limited to any parking, storage, and insurance costs) and consequences resulting from the Buyer’s rejection (including but not limited to risk of loss of or damage to such Aircraft), it being understood that the Seller will be under no duty to the Buyer to store, park, insure or otherwise protect such Aircraft. These rights of the Seller will be in addition to the Seller’s other rights and remedies in this Agreement.

9.2.4 If the Buyer fails to remove the Aircraft from the Delivery Location, then, without prejudice to the Seller’s other rights and remedies under this Agreement or at law, the provisions of Clause 9.2.3 (b) shall apply.

9.3 Flyaway

9.3.1 The Buyer and the Seller will cooperate to obtain any licenses that may be required by the Aviation Authority of the Delivery Location for the purpose of exporting the Aircraft.

9.3.2 All expenses of, or connected with, flying the Aircraft from the Delivery Location after Delivery will be borne by the Buyer. The Buyer will make direct arrangements with the supplying companies for the fuel and oil required for all post-Delivery flights.
10 - EXCUSABLE DELAY AND TOTAL LOSS

10.1 Scope of Excusable Delay
Neither the Seller nor any Affiliate of the Seller, will be responsible for or be deemed to be in default on account of delays in delivery of the Aircraft or failure to deliver or otherwise in the performance of this Agreement or any part hereof due to causes beyond the Seller’s, or any Affiliate’s control or not occasioned by the Seller’s, fault or negligence (“Excusable Delay”), including, but not limited to: *****.

10.2 Consequences of Excusable Delay
If an Excusable Delay occurs:

(i) the Seller will notify the Buyer of such Excusable Delay as soon as practicable after becoming aware of the same;

(ii) the Seller will not be responsible for any damages arising from or in connection with such Excusable Delay suffered or incurred by the Buyer;

(iii) the Seller will not be deemed to be in default in the performance of its obligations hereunder as a result of such Excusable Delay;

(iv) the Seller will as soon as practicable after the removal of the cause of such delay resume performance of its obligations under this Agreement and in particular will notify the Buyer of the revised Scheduled Delivery Month.

10.3 Termination on Excusable Delay

10.3.1 If any Delivery is delayed as a result of an Excusable Delay for a period of more than ***** after the last day of the Scheduled Delivery Month, then either party may terminate this Agreement with respect to the affected Aircraft, by giving written notice to the other party ***** after the ***** However, the Buyer will not be entitled to terminate this Agreement pursuant to this Clause 10.3.1 if the Excusable Delay is caused directly or indirectly by the action or inaction of the Buyer.

10.3.2 If the Seller advises the Buyer in its notice of a revised Scheduled Delivery Month pursuant to Clause 10.2.1(iv) that there will be a delay in Delivery of an Aircraft of more than ***** after the last day of the Scheduled Delivery Month, then either party may terminate this Agreement with respect to the affected Aircraft. Termination will be made by giving written notice to the other party ***** after the Buyer’s receipt of the notice of a revised Scheduled Delivery Month.

10.3.3 If this Agreement is not terminated under the terms of Clause 10.3.1 or 10.3.2, then the Seller will be entitled to reschedule Delivery. The Seller will notify the Buyer of the new Scheduled Delivery Month after the ***** referred to in Clause 10.3.1 or 10.3.2, and this new Scheduled Delivery Month will be deemed to be an amendment to the applicable Scheduled Delivery Month in Clause 9.1.

10.4 Total Loss, Destruction or Damage

If, prior to Delivery, any Aircraft is lost or destroyed or in the reasonable opinion of the Seller is damaged beyond economic repair ("Total Loss"), the Seller will notify the Buyer to this effect within ***** of such occurrence. The Seller will include in said notification (or as soon after the issue of the notice as such information becomes available to the Seller) the earliest date consistent with the Seller’s other commitments and production capabilities that an aircraft to replace the Aircraft may be delivered to the Buyer, and the Scheduled Delivery Month will be extended as specified in the Seller’s notice to accommodate the delivery of the replacement aircraft; provided, however, that if the Scheduled Delivery Month is extended to a month that is later than ***** after the last day of the original Scheduled Delivery Month then this Agreement will terminate with respect to said Aircraft unless:

(i) the Buyer notifies the Seller within ***** of the date of receipt of the Seller’s notice that it desires the Seller to provide a replacement aircraft during the month quoted in the Seller’s notice; and

(ii) the parties execute an amendment to this Agreement recording the change in the Scheduled Delivery Month.

Nothing herein will require the Seller to manufacture and deliver a replacement aircraft if such manufacture would require the reactivation of its production line for the model or series of aircraft that includes the Aircraft.

10.5 Termination Rights Exclusive

If this Agreement is terminated as provided for under the terms of Clauses 10.3 or 10.4, such termination will discharge all obligations and liabilities of the parties hereunder with respect to such affected Aircraft and undelivered material, services, data or other items applicable thereto and to be furnished under the Agreement.

10.6 Remedies

THIS CLAUSE 10 SETS FORTH THE SOLE AND EXCLUSIVE REMEDY OF THE BUYER FOR DELAYS IN DELIVERY OR FAILURE TO DELIVER, OTHER THAN SUCH DELAYS AS ARE COVERED BY CLAUSE 11, AND THE BUYER HEREBY WAIVES ALL RIGHTS TO WHICH IT WOULD OTHERWISE BE ENTITLED IN RESPECT THEREOF, INCLUDING, WITHOUT LIMITATION, ANY RIGHTS TO INCIDENTAL AND CONSEQUENTIAL DAMAGES OR SPECIFIC PERFORMANCE. THE BUYER WILL NOT BE ENTITLED TO CLAIM THE REMEDIES AND RECEIVE THE BENEFITS PROVIDED IN THIS CLAUSE 10 WHERE THE DELAY REFERRED TO IN THIS CLAUSE 10 IS CAUSED BY THE NEGLIGENCE OR FAULT OF THE BUYER OR ITS REPRESENTATIVES.

11.1 *****  

11.2 Renegotiation

If, as a result of an Inexcusable Delay, the Delivery does not occur within ***** of the Delivery Period the Buyer will have the right, exercisable by written notice to the Seller given between ***** to require from the Seller a renegotiation of the Scheduled Delivery Month for the affected Aircraft. Unless otherwise agreed between the Seller and the Buyer during such renegotiation, the said renegotiation will not prejudice the Buyer’s right to receive liquidated damages in accordance with Clause 11.1.

11.3 Termination

If, as a result of an Inexcusable Delay, the Delivery does not occur within ***** of the Delivery Period and the parties have not renegotiated the Delivery Date pursuant to Clause 11.2, then both parties will have the right exercisable by written notice to the other party, given between ***** to terminate this Agreement in respect of the affected Aircraft. In the event of termination, *****

11.4 Remedies

THIS CLAUSE 11 SETS FORTH THE SOLE AND EXCLUSIVE REMEDY OF THE BUYER FOR DELAYS IN DELIVERY OR FAILURE TO DELIVER, OTHER THAN SUCH DELAYS AS ARE COVERED BY CLAUSE 10, AND THE BUYER HEREBY WAIVES ALL RIGHTS TO WHICH IT WOULD OTHERWISE BE ENTITLED IN RESPECT THEREOF, INCLUDING WITHOUT LIMITATION ANY RIGHTS TO INCIDENTAL AND CONSEQUENTIAL DAMAGES OR SPECIFIC PERFORMANCE. THE BUYER WILL NOT BE ENTITLED TO CLAIM THE REMEDIES AND RECEIVE THE BENEFITS PROVIDED IN THIS CLAUSE 11 WHERE THE DELAY REFERRED TO IN THIS CLAUSE 11 IS CAUSED BY THE NEGLIGENCE OR FAULT OF THE BUYER OR ITS REPRESENTATIVES.
WARRANTIES AND SERVICE LIFE POLICY

This Clause covers the terms and conditions of the warranty and service life policy.

12.1 Standard Warranty

12.1.1 Nature of Warranty

12.1.1.1 For the purpose of this Agreement the term “Warranted Part” will mean any Seller proprietary component, equipment, accessory or part, which is installed on an Aircraft at Delivery thereof and

(i) which is manufactured to the detailed design of the Seller or a subcontractor of the Seller and

(ii) which bears a part number of the Seller at the time of such Delivery.

12.1.1.2 Subject to the conditions and limitations as hereinafter provided for and except as provided for in Clause 12.1.2, the Seller warrants to the Buyer that each Aircraft and each Warranted Part will at Delivery to the Buyer be free from defects:

(i) in material;

(ii) in workmanship, including without limitation processes of manufacture;

(iii) in design (including without limitation the selection of materials) having regard to the state of the art at the date of such design; and

(iv) arising from failure to conform to the Specification, except to those portions of the Specification relating to performance or where it is expressly stated that they are estimates or approximations or design aims.

12.1.2 Exclusions

The warranties set forth in Clause 12.1.1 will not apply to Buyer Furnished Equipment, nor to the Propulsion System, nor to any component, equipment, accessory or part installed on the Aircraft at Delivery that is not a Warranted Part except that:

(i) any defect in the Seller’s workmanship in respect of the installation of such items in the Aircraft, including any failure by the Seller to conform to the installation instructions of the manufacturers of such items, that invalidates any applicable warranty from such manufacturers, will constitute a defect in workmanship for the purpose of this Clause 12.1 and be covered by the warranty set forth in Clause 12.1.1.2(ii); and

(ii) any defect inherent in the Seller’s design of the installation, in consideration of the state of the art at the date of such design, which impairs the use of such parts.
items, will constitute a defect in design for the purpose of this Clause 12.1 and be covered by the warranty set forth in Clause 12.1.1.2(iii).

12.1.3 Warranty Period
The warranties set forth in Clauses 12.1.1 and 12.1.2 will be limited to those defects that ***** of the affected Aircraft (the "Warranty Period").

12.1.4 Limitations of Warranty

12.1.4.1 The Buyer’s remedy and the Seller’s obligation and liability under Clauses 12.1.1 and are limited to, at the Seller’s expense and option, the repair, replacement or correction of any Warranted Part which is defective (or to the supply of modification kits, rectifying the defect), together with a credit to the Buyer’s account with the Seller of an amount equal to the mutually agreed direct labor costs expended in performing the removal and reinstallation thereof on the Aircraft at the labor rate defined in Clause 12.1.7.5.

The Seller may alternatively furnish to the Buyer’s account with the Seller a credit equal to the price at which the Buyer is then entitled to purchase a replacement for the defective Warranted Part.

12.1.4.2 In the event of a defect covered by Clauses 12.1.1.2(iii), 12.1.1.2(iv) and 12.1.2(ii) becoming apparent within the Warranty Period, the Seller shall also, if so requested by the Buyer in writing, correct such defect in any Aircraft which has not yet been delivered to the Buyer, *****

(i) *****
(ii) *****

12.1.4.3 Cost of Inspection
In addition to the remedies set forth in Clauses 12.1.4.1 and 12.1.4.2, the Seller will reimburse the direct labor costs incurred by the Buyer in performing inspections of the Aircraft to determine whether or not a defect exists in any Warranted Part within the Warranty Period subject to the following conditions:

(i) such inspections are recommended by a Seller Service Bulletin to be performed within the Warranty Period;
(ii) the reimbursement will not apply for any inspections performed as an alternative to accomplishing corrective action as recommended by the Seller prior to the date of such inspection.
(iii) the labor rate for the reimbursement will be the Inhouse Warranty Labor Rate, and

PA-2
the manhours used to determine such reimbursement will not exceed the Seller’s estimate of the manhours required for such inspections.

12.1.5 Warranty Claim Requirements

The Buyer’s remedy and the Seller’s obligation and liability under this Clause 12.1 with respect to any warranty claim submitted by the Buyer (each a “Warranty Claim”) are subject to the following conditions:

(i) the defect having become apparent within the Warranty Period;

(ii) the Buyer having filed a warranty claim within ***** of discovering the defect;

(iii) *****

(iv) the Seller having received a Warranty Claim complying with the provisions of Clause 12.1.6 below.

12.1.6 Warranty Administration

The warranties set forth in Clause 12.1 will be administered as hereinafter provided for:

12.1.6.1 Claim Determination

Determination as to whether any claimed defect in any Warranted Part is a valid Warranty Claim will be made by the Seller and will be based upon the claim details, reports from the Seller’s Representatives, historical data logs, inspections, tests, findings during repair, defect analysis and other relevant documents.

12.1.6.2 Transportation Costs

The cost of transporting a Warranted Part claimed to be defective to the facilities designated by the Seller and for the return therefrom of a repaired or replaced Warranted Part will be *****.

12.1.6.3 Return of an Aircraft

If the Buyer and the Seller mutually agree, prior to such return, that it is necessary to return an Aircraft to the Seller for consideration of a Warranty Claim, the Seller ***** The Buyer will make reasonable efforts to minimize the duration of the corresponding flights.

12.1.6.4 On Aircraft Work by the Seller

If the Seller determines that a defect subject to this Clause 12.1 justifies the dispatch by the Seller of a working team to repair or correct such defect through the embodiment of one or several Seller’s Service Bulletins at the Buyer’s facilities, or if
the Seller accepts the return of an Aircraft to perform or have performed such repair or correction, then the *****.

The condition which has to be fulfilled for on-Aircraft work by the Seller is that, in the reasonable opinion of the Seller, the work necessitates the technical expertise of the Seller as manufacturer of the Aircraft.

If said condition is fulfilled and if the Seller is requested to perform the work, the Seller and the Buyer will agree on a schedule and place for the work to be performed.

12.1.6.5 Warranty Claim Substantiation

Each Warranty Claim filed by the Buyer under this Clause 12.1 will contain at least the following data:

(i) description of defect and any action taken, if any,
(ii) date incident and/or removal date,
(iii) description of Warranted Part claimed to be defective,
(iv) part number,
(v) serial number (if applicable),
(vi) position on Aircraft,
(vii) total flying hours or calendar time, as applicable, at the date of defect appearance,
(viii) time since last shop visit at the date of defect appearance,
(ix) Manufacturer Serial Number of the Aircraft and/or its registration,
(x) Aircraft total flying hours and/or number of landings at the date of defect appearance,
(xi) Warranty Claim number,
(xii) date of Warranty Claim,
(xiii) Delivery Date of Aircraft or Warranted Part to the Buyer,

Warranty Claims are to be addressed as follows:

12.1.6.6 Replacements

Replaced components, equipment, accessories or parts will become the Seller’s property.

Title to and risk of loss of any Aircraft, component, accessory, equipment or part and returned by the Buyer to the Seller will at all times remain with the Buyer, except that:

(i) when the Seller has possession of a returned Aircraft, component, accessory, equipment or part to which the Buyer has title, the Seller will have such responsibility therefor as is chargeable by law to a bailee for hire, but the Seller will not be liable for loss of use; and

(ii) title to and risk of loss of a returned component, accessory, equipment or part will pass to the Seller upon shipment by the Seller to the Buyer of any item furnished by the Seller to the Buyer as a replacement therefor.

Upon the Seller’s shipment to the Buyer of any replacement component, accessory, equipment or part provided by the Seller pursuant to this Clause 12.1, title to and risk of loss of such replacement component, accessory, equipment or part will pass to the Buyer.

12.1.6.7 Rejection

The Seller will provide reasonable written substantiation in case of rejection of a Warranty Claim. In such event the Buyer will refund to the Seller reasonable inspection and test charges incurred in connection therewith.

12.1.6.8 Inspection

The Seller will have the right to inspect the affected Aircraft, documents and other records relating thereto in the event of any Warranty Claim under this Clause 12.1.

12.1.7 Inhouse Warranty

12.1.7.1 Seller’s Authorization

The Seller hereby authorizes the Buyer to repair Warranted Parts ("Inhouse Warranty") subject to the terms of this Clause 12.1.7.

12.1.7.2 Conditions for Seller’s Authorization

The Buyer will be entitled to repair such Warranted Parts:

PA-1
provided the Buyer notifies the Seller Representative of its intention to perform Inhouse Warranty repairs before any such repairs are started where the estimated cost of such repair is *****. The Buyer’s notification will include sufficient detail regarding the defect, estimated labor hours and material to allow the Seller to ascertain the reasonableness of the estimate. The Seller agrees to use all reasonable efforts to ensure a prompt response and will not unreasonably withhold authorization;

(ii) if adequate facilities and qualified personnel are available to the Buyer;

(iii) if repairs are performed in accordance with the Seller’s Technical Data or written instructions; and

(iv) only to the extent specified by the Seller, or, in the absence of such specification, to the extent reasonably necessary to correct the defect, in accordance with the standards set forth in Clause 12.1.10.

12.1.7.3 Seller’s Rights

The Seller will have the right to require the return of any Warranted Part, or any part removed therefrom, which is claimed to be defective if, in the judgment of the Seller, the nature of the claimed defect requires technical investigation. Such return will be subject to the provisions of Clause 12.1.6.2. Furthermore, the Seller will have the right to have a Seller representative present during the disassembly, inspection and testing of any Warranted Part claimed to be defective, subject to such presence being practical and not unduly delaying the repair.

12.1.7.4 Inhouse Warranty Claim Substantiation

Claims for Inhouse Warranty credit will be filed within the time period set forth in 12.1.5(ii) and will contain the same information as that required for Warranty Claims under Clause 12.1.6.5 and in addition will include:

(i) a report of technical findings with respect to the defect,

(ii) for parts required to remedy the defect:
   – part numbers, serial numbers (if applicable),
   – parts description,
   – quantity of parts,
   – unit price of parts,
   – related Seller’s or third party’s invoices (if applicable),
   – total price of parts,

(iii) detailed number of labor hours,

(iv) Inhouse Warranty Labor Rate,
12.1.7.5

The Buyer’s sole remedy and the Seller’s sole obligation and liability with respect to Inhouse Warranty Claims will be determined as set forth below:

The Buyer will in *****.

12.1.7.7

Scrapped Material

The Buyer will retain any defective Warranted Part beyond economic repair and any defective part removed from a Warranted Part during repair for a period of either ***** of the Seller’s request to that effect.

Notwithstanding the foregoing, the Buyer may scrap any such defective parts, which are beyond economic repair and not required for technical evaluation locally, with the agreement of the Seller Representative(s).

Scrapped Warranted Parts will be evidenced by a record of scrapped material certified by an authorized representative of the Buyer and will be kept in the Buyer’s file for a least the duration of the applicable Warranty Period.

12.1.8

Standard Warranty in case of Pooling or Leasing Arrangements

Without prejudice to Clause 21.1, the warranties provided for in this Clause 12.1 for any Warranted Part will accrue to the benefit of any airline in revenue service, other than the Buyer, if the Warranted Part enters into the possession of any such airline as a result of a pooling or leasing agreement between such airline and the Buyer, in
accordance with the terms and subject to the limitations and exclusions of the foregoing warranties and to the extent permitted by any applicable law or regulations.

12.1.9 Warranty for Corrected, Replaced or Repaired Warranted Parts

Whenever any Warranted Part, which contains a defect for which the Seller is liable under Clause 12.1, has been corrected, replaced or repaired pursuant to the terms of this Clause 12.1, *****.

If a defect is attributable to a defective repair or replacement by the Buyer, a Warranty Claim with respect to such defect will be rejected, notwithstanding any subsequent correction or repair, and will immediately terminate the remaining warranties under this Clause 12.1 in respect of the affected Warranted Part.

12.1.10 Accepted Industry Standard Practices Normal Wear and Tear

The Buyer’s rights under this Clause 12.1 are subject to the Aircraft and each component, equipment, accessory and part thereof being maintained, overhauled, repaired and operated in accordance with accepted industry standard practices, all Technical Data and any other instructions issued by the Seller, the Suppliers and the Propulsion System Manufacturer and all applicable rules, regulations and directives of the relevant Aviation Authorities.

The Seller’s liability under this Clause 12.1 will not extend to normal wear and tear nor to:

(i) any Aircraft or component, equipment, accessory or part thereof, which has been repaired, altered or modified after Delivery, except by the Seller or in a manner approved by the Seller;

(ii) any Aircraft or component, equipment, accessory or part thereof, which has been operated in a damaged state; or

(iii) any component, equipment, accessory and part from which the trademark, name, part or serial number or other identification marks have been removed.

12.1.11 DISCLAIMER OF SELLER LIABILITY

THE SELLER WILL NOT BE LIABLE FOR, AND THE BUYER WILL INDEMNIFY THE SELLER AGAINST, THE CLAIMS OF ANY THIRD PARTIES FOR LOSSES DUE TO ANY DEFECT, NONCONFORMANCE OR PROBLEM OF ANY KIND, ARISING OUT OF OR IN CONNECTION WITH ANY REPAIR OF WARRANTED PARTS UNDERTAKEN BY THE BUYER UNDER THIS CLAUSE 12.1 OR ANY OTHER ACTIONS UNDERTAKEN BY THE BUYER UNDER THIS CLAUSE 12, WHETHER SUCH CLAIM IS ASSERTED IN CONTRACT OR IN TORT, OR IS PREMISED ON ALLEGED, ACTUAL, IMPUTED, ORDINARY OR INTENTIONAL ACTS OR OMISSIONS OF THE BUYER OR THE SELLER.

PA-3
In addition to the warranties set forth in Clause 12.1, the Seller further agrees that should a Failure occur in any Item (as these terms are defined herein below) that has not suffered from an extrinsic force, then, subject to the general conditions and limitations set forth in Clause 12.2.4, the provisions of this Clause 12.2 will apply.

For the purposes of this Clause 12.2:

(i) “Item” means any item listed in Exhibit F;

(ii) “Failure” means a breakage or defect that can reasonably be expected to occur on a fleetwide basis and which materially impairs the utility of the Item.

12.2.1 Periods and Seller’s Undertakings

Subject to the general conditions and limitations set forth in Clause 12.2.4, the Seller agrees that if a Failure occurs in an Item before ***** after the Delivery of said Aircraft, whichever will first occur, the Seller will, at its discretion and as promptly as practicable and with the Seller’s financial participation as hereinafter provided, either:

(a) design and furnish to the Buyer a correction for such Item with a Failure and provide any parts required for such correction (including Seller designed standard parts but excluding industry standard parts), or

(b) replace such Item.

12.2.2 Seller’s Participation in the Costs

Subject to the general conditions and limitations set forth in Clause 12.2.4, any part or Item that the Seller is required to furnish to the Buyer under this Service Life Policy in connection with the correction or replacement of an Item will be furnished to the Buyer ***** therefor, ***** determined in accordance with the following formula:

(ii) *****

(iii) *****

12.2.3 General Conditions and Limitations

The undertakings set forth in this Clause 12.2 will be valid after the period of the Seller’s warranty applicable to an Item under Clause 12.1.
The Buyer's remedies and the Seller's obligations and liabilities under this Service Life Policy are subject to the prior compliance by the Buyer with the following conditions:

(i) the Buyer will maintain log books and other historical records with respect to each Item, adequate to enable the Seller to determine whether the alleged Failure is covered by this Service Life Policy and, if so, to define the portion of the costs to be borne by the Seller in accordance with Clause 12.2.3;

(ii) the Buyer will keep the Seller informed of any significant incidents relating to an Aircraft, howsoever occurring or recorded;

(iii) the Buyer will comply with the conditions of Clause 12.1.10;

(iv) the Buyer will implement specific structural inspection programs for monitoring purposes as may be established from time to time by the Seller. Such programs will be as compatible as possible with the Buyer's operational requirements and will be carried out at the Buyer's expense. Reports relating thereto will be regularly furnished to the Seller;

(v) the Buyer will report any breakage or defect in an Item in writing to the Seller within ***** after such breakage or defect becomes apparent, whether or not said breakage or defect can reasonably be expected to occur in any other aircraft, and the Buyer will have provided to the Seller sufficient detail on the breakage or defect to enable the Seller, acting reasonably, to determine whether said breakage or defect is subject to this Service Life Policy.

Except as otherwise provided for in this Clause 12.2, any claim under this Service Life Policy will be administered as provided for in, and will be subject to the terms and conditions of, Clause 12.1.6.

In the event of the Seller having issued a modification applicable to an Aircraft, the purpose of which is to avoid a Failure, the Seller may elect to supply the necessary modification kit ***** established by the Seller. If such a kit is so offered to the Buyer, then, to the extent of such Failure and any Failures that could ensue therefrom, the validity of the Seller's commitment under this Clause 12.2 will be subject to the Buyer incorporating such modification in the relevant Aircraft, as promulgated by the Seller and in accordance with the Seller's instructions, within a reasonable time.

THIS SERVICE LIFE POLICY IS NEITHER A WARRANTY, PERFORMANCE GUARANTEE, NOR AN AGREEMENT TO MODIFY ANY AIRCRAFT OR AIRFRAME COMPONENTS TO CONFORM TO NEW DEVELOPMENTS OCCURRING IN THE STATE OF AIRFRAME DESIGN AND MANUFACTURING ART. THE SELLER'S OBLIGATION UNDER THIS CLAUSE 12.2 IS TO MAKE ONLY THOSE CORRECTIONS TO THE ITEMS OR FURNISH REPLACEMENTS THEREFOR AS PROVIDED FOR IN THIS CLAUSE 12.2. THE BUYER'S SOLE REMEDY AND RELIEF FOR THE NON-PERFORMANCE OF ANY OBLIGATION OR LIABILITY OF THE SELLER
ARISING UNDER OR BY VIRTUE OF THIS SERVICE LIFE POLICY WILL BE IN A CREDIT FOR GOODS AND SERVICES (NOT INCLUDING AIRCRAFT), LIMITED TO THE AMOUNT THE BUYER REASONABLY EXPENDS IN PROCURING A CORRECTION OR REPLACEMENT FOR ANY ITEM THAT IS THE SUBJECT OF A FAILURE COVERED BY THIS SERVICE LIFE POLICY AND TO WHICH SUCH NON-PERFORMANCE IS RELATED, LESS THE AMOUNT THAT THE BUYER OTHERWISE WOULD HAVE BEEN REQUIRED TO PAY UNDER THIS CLAUSE 12.2 IN RESPECT OF SUCH CORRECTED OR REPLACEMENT ITEM. WITHOUT LIMITING THE EXCLUSIVITY OF WARRANTIES AND GENERAL LIMITATIONS OF LIABILITY PROVISIONS SET FORTH IN CLAUSE 12.5, THE BUYER HEREBY WAIVES, RELEASES AND RENOUNCES ALL CLAIMS TO ANY FURTHER DIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF PROFITS AND ALL OTHER RIGHTS, CLAIMS AND REMEDIES, ARISING UNDER OR BY VIRTUE OF THIS SERVICE LIFE POLICY.

12.3 Supplier Warranties and Service Life Policies

Prior to or at Delivery of the first Aircraft, the Seller will provide the Buyer, in accordance with the provisions of Clause 17, with the warranties and, where applicable, service life policies that the Seller has obtained for Supplier Parts pursuant to the Supplier Product Support Agreements.

12.3.1 Definitions

12.3.1.1 “Supplier” means any supplier of Supplier Parts.

12.3.1.2 “Supplier Part” means any component, equipment, accessory or part installed in an Aircraft at the time of Delivery thereof and for which there exists a Supplier Product Support Agreement. For the sake of clarity, Propulsion System and Buyer Furnished Equipment and other equipment selected by the Buyer to be supplied by suppliers with whom the Seller has no existing enforceable warranty agreements are not Supplier Parts.

12.3.1.3 “Supplier Product Support Agreements” means agreements between the Seller and Suppliers, as described in Clause 17.1.2, containing enforceable and transferable warranties and, in the case of landing gear suppliers, service life policies for selected structural landing gear elements.

12.4 Interface Commitment

PA-6
12.4.1 Interface Problem

If the Buyer experiences any technical problem in the operation of an Aircraft or its systems due to a malfunction, the cause of which, after due and reasonable investigation, is not readily identifiable by the Buyer but which the Buyer reasonably believes to be attributable to the design characteristics of one or more components of the Aircraft ("Interface Problem"), the Seller will, if so requested by the Buyer, and without additional charge to the Buyer except for transportation of the Seller’s or its designee’s personnel to the Buyer’s facilities, promptly conduct or have conducted an investigation and analysis of such problem to determine, if possible, the cause or causes of the problem and to recommend such corrective action as may be feasible. The Buyer will furnish to the Seller all data and information in the Buyer’s possession relevant to the Interface Problem and will cooperate with the Seller in the conduct of the Seller’s investigations and such tests as may be required.

At the conclusion of such investigation, the Seller will promptly advise the Buyer in writing of the Seller’s opinion as to the cause or causes of the Interface Problem and the Seller’s recommendations as to corrective action.

12.4.2 Seller’s Responsibility

If the Seller determines that the Interface Problem is primarily attributable to the design of a Warranted Part, the Seller will, if so requested by the Buyer and pursuant to the terms and conditions of Clause 12.1, correct the design of such Warranted Part to the extent of the Seller’s obligation as defined in Clause 12.1.

12.4.3 Supplier’s Responsibility

If the Seller determines that the Interface Problem is primarily attributable to the design of any Supplier Part, the Seller will, if so requested by the Buyer, reasonably assist the Buyer in processing any warranty claim the Buyer may have against the Supplier.

12.4.4 Joint Responsibility

If the Seller determines that the Interface Problem is attributable partially to the design of a Warranted Part and partially to the design of any Supplier Part, the Seller will, if so requested by the Buyer, seek a solution to the Interface Problem through cooperative efforts of the Seller and any Supplier involved.

The Seller will promptly advise the Buyer of such corrective action as may be proposed by the Seller and any such Supplier. Such proposal will be consistent with any then existing obligations of the Seller hereunder and of any such Supplier towards the Buyer. Such corrective action, unless reasonably rejected by the Buyer, will constitute full satisfaction of any claim the Buyer may have against either the Seller or any such Supplier with respect to such Interface Problem.

12.4.5 General

PA-1
12.4.5.1 All requests under this Clause 12.4 will be directed to both the Seller and the affected Supplier.

12.4.5.2 Except as specifically set forth in this Clause 12.4, this Clause will not be deemed to impose on the Seller any obligations not expressly set forth elsewhere in this Agreement.

12.4.5.3 All reports, recommendations, data and other documents furnished by the Seller to the Buyer pursuant to this Clause 12.4 will be deemed to be delivered under this Agreement and will be subject to the terms, covenants and conditions set forth in this Clause 12 and in Clause 22.11.

12.6 Duplicate Remedies

The remedies provided to the Buyer under Clause 12.1 and Clause 12.2 as to any defect in respect of the Aircraft or any part thereof are mutually exclusive and not cumulative. The Buyer will be entitled to the remedy that provides the maximum benefit to it, as the Buyer may elect, pursuant to the terms and conditions of this Clause 12 for any particular defect for which remedies are provided under this Clause 12; provided, however, that the Buyer will not be entitled to elect a remedy under both Clause 12.1 and Clause 12.2 for the same defect. The Buyer’s rights and remedies herein for the nonperformance of any obligations or liabilities of the Seller arising under these warranties will be in monetary damages limited to the amount the Buyer
expend in procuring a correction or replacement for any covered part subject to a defect or nonperformance covered by this Clause 12, and the Buyer will not have any right to require specific performance by the Seller.

12.7 Negotiated Agreement

The Buyer specifically recognizes that:

(i) the Specification has been agreed upon after careful consideration by the Buyer using its judgment as a professional operator of aircraft used in public transportation and as such is a professional within the same industry as the Seller;

(ii) this Agreement, and in particular this Clause 12, has been the subject of discussion and negotiation and is fully understood by the Buyer; and

(iii) the price of the Aircraft and the other mutual agreements of the Buyer set forth in this Agreement were arrived at in consideration of, inter alia, the provisions of this Clause 12, specifically including the waiver, release and renunciation by the Buyer set forth in Clause 12.5.

12.8 Disclosure to Third Party Entity

In the event of the Buyer intending to designate a third party entity (a "Third Party Entity") to administer this Clause 12, the Buyer will notify the Seller of such intention prior to any disclosure of this Clause to the selected Third Party Entity and will cause such Third Party Entity to enter into a confidentiality agreement and or any other relevant documentation with the Seller solely for the purpose of administrating this Clause 12.

12.9 Transferability

Without prejudice to Clause 21.1, the Buyer’s rights under this Clause 12 may not be assigned, sold, transferred, novated or otherwise alienated by operation of law or otherwise, without the Seller’s prior written consent, which will not be unreasonably withheld.

Any transfer in violation of this Clause 12.9 will, as to the particular Aircraft involved, void the rights and warranties of the Buyer under this Clause 12 and any and all other warranties that might arise under or be implied in law.

13.2 Administration of Patent and Copyright Indemnity Claims

13.2.1 If the Buyer receives a written claim or a suit is threatened or commenced against the Buyer for infringement of a patent or copyright referred to in Clause 13.1, the Buyer will:

(i) forthwith notify the Seller giving particulars thereof;
(ii) furnish to the Seller all data, papers and records within the Buyer’s control or possession relating to such patent or claim;
(iii) refrain from admitting any liability or making any payment or assuming any expenses, damages, costs or royalties or otherwise acting in a manner prejudicial to the defense or denial of such suit or claim provided always that nothing in this sub-Clause (iii) will prevent the Buyer from paying such sums as may be required in order to obtain the release of the Aircraft, provided such payment is accompanied by a denial of liability and is made without prejudice;

PA-2
fully co-operate with, and render all such assistance to, the Seller as may be pertinent to the defense or denial of the suit or claim;

act in such a way as to mitigate damages, costs and expenses and / or reduce the amount of royalties which may be payable.

13.2.2 The Seller will be entitled either in its own name or on behalf of the Buyer to conduct negotiations with the party or parties alleging infringement and may assume and conduct the defense or settlement of any suit or claim in the manner which, in the Seller’s opinion, it deems proper.

13.2.3 The Seller’s liability hereunder will be conditional upon the strict and timely compliance by the Buyer with the terms of this Clause and is in lieu of any other liability to the Buyer express or implied which the Seller might incur at law as a result of any infringement or claim of infringement of any patent or copyright.

THE INDEMNITY PROVIDED IN THIS CLAUSE 13 AND THE OBLIGATIONS AND LIABILITIES OF THE SELLER UNDER THIS CLAUSE 13 ARE EXCLUSIVE AND IN SUBSTITUTION FOR, AND THE BUYER HEREBY WAIVES, RELEASES AND RENOUNCES ALL OTHER INDEMNITIES, WARRANTIES, OBLIGATIONS, GUARANTEES AND LIABILITIES ON THE PART OF THE SELLER AND RIGHTS, CLAIMS AND REMEDIES OF THE BUYER AGAINST THE SELLER, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE (INCLUDING WITHOUT LIMITATION ANY OBLIGATION, LIABILITY, RIGHT, CLAIM OR REMEDY ARISING FROM OR WITH RESPECT TO LOSS OF USE OR REVENUE OR CONSEQUENTIAL DAMAGES), WITH RESPECT TO ANY ACTUAL OR ALLEGED PATENT INFRINGEMENT OR THE LIKE BY ANY AIRFRAME, PART OR SOFTWARE INSTALLED THEREIN AT DELIVERY, OR THE USE OR SALE THEREOF, PROVIDED THAT, IN THE EVENT THAT ANY OF THE AFORESAID PROVISIONS SHOULD FOR ANY REASON BE HELD UNLAWFUL OR OTHERWISE INEFFECTIVE, THE REMAINDER OF THIS CLAUSE WILL REMAIN IN FULL FORCE AND EFFECT. THIS INDEMNITY AGAINST PATENT AND COPYRIGHT INFRINGEMENTS WILL NOT BE EXTENDED, ALTERED OR VARIED EXCEPT BY A WRITTEN INSTRUMENT SIGNED BY THE SELLER AND THE BUYER.
14 - TECHNICAL DATA AND SOFTWARE SERVICES

14.1 Scope

This Clause 14 covers the terms and conditions for the supply of technical data (hereinafter “Technical Data”) and software services described hereunder (hereinafter “Software Services”) to support the Aircraft operation.

14.1.1 The Technical Data will be supplied in the English language using the aeronautical terminology in common use.

14.1.2 Range, form, type, format, quantity and delivery schedule of the Technical Data to be provided under this Agreement are outlined in Exhibit G hereto.

14.2 Aircraft Identification for Technical Data

14.2.1 For those Technical Data that are customized to the Buyer’s Aircraft, the Buyer agrees to the allocation of fleet serial numbers (“Fleet Serial Numbers”) in the form of block of numbers selected in the range from 001 to 999.

14.2.2 The sequence will not be interrupted unless two (2) different Propulsion Systems or two (2) different models of Aircraft are selected.

14.2.3 The Buyer will indicate to the Seller the Fleet Serial Number allocated to each Aircraft corresponding to the delivery schedule set forth in Clause 9.1 no later than ***** before the Scheduled Delivery Month of the first Aircraft. Neither the designation of such Fleet Serial Numbers nor the subsequent allocation of the Fleet Serial Numbers to Manufacturer Serial Numbers for the purpose of producing certain customized Technical Data will constitute any property, insurable or other interest of the Buyer in any Aircraft prior to the Delivery of such Aircraft as provided for in this Agreement.

The customized Technical Data that are affected thereby are the following:

(i) Aircraft Maintenance Manual,
(ii) Illustrated Parts Catalogue,
(iii) Trouble Shooting Manual,
(iv) Aircraft Wiring Manual,
(v) Aircraft Schematic Manual,
(vi) Aircraft Wiring Lists.

PA-2
14.3 Integration of Equipment Data

14.3.1 Supplier Equipment

Information, including revisions, relating to Supplier equipment that is installed on the Aircraft at Delivery, or through Airbus Service Bulletins thereafter, will be introduced into the customized Technical Data to the extent necessary for understanding of the affected systems, at no additional charge to the Buyer.

14.3.2 Buyer Furnished Equipment

14.3.2.1 The Seller will introduce Buyer Furnished Equipment data for Buyer Furnished Equipment that is installed on the Aircraft by the Seller (hereinafter “BFE Data”) into the customized Technical Data, ***** to the Buyer for the initial issue of the Technical Data provided at or before Delivery of the first Aircraft, provided such BFE Data is provided in accordance with the conditions set forth in Clauses 14.3.2.2 through 14.3.2.6.

14.3.2.2 The Buyer will supply the BFE Data to the Seller at least ***** prior to the Scheduled Delivery Month of the first Aircraft.

14.3.2.3 The Buyer will supply the BFE Data to the Seller in English and will be established in compliance with the then applicable revision of ATA iSpecification 2200 (iSpec 2200), Information Standards for Aviation Maintenance.

14.3.2.4 The Buyer and the Seller will agree on the requirements for the provision to the Seller of BFE Data for “on-aircraft maintenance”, such as but not limited to timeframe, media and format in which the BFE Data will be supplied to the Seller, in order to manage the BFE Data integration process in an efficient, expeditious and economic manner.

14.3.2.5 The BFE Data will be delivered in digital format (SGML) and/or in Portable Document Format (PDF), as agreed between the Buyer and the Seller.

14.3.2.6 *****

14.4 Supply

14.4.1 Technical Data will be supplied on-line and/or off-line, as set forth in Exhibit G hereto.

14.4.2 The Buyer will not receive any credit or compensation for any unused or only partially used Technical Data supplied pursuant to this Clause 14.

14.4.3 Delivery

14.4.3.1 For Technical Data provided off-line, such Technical Data and corresponding revisions will be sent to up to two (2) addresses as indicated by the Buyer.

PA-3
14.4.3.2 Technical Data provided off-line will be delivered by the Seller at the Buyer’s named place of destination under DDU conditions.

14.4.3.3 The Technical Data will be delivered according to a mutually agreed schedule to correspond with the Deliveries of Aircraft. The Buyer will provide no less than ***** notice when requesting a change to such delivery schedule.

14.4.3.4 It will be the responsibility of the Buyer to coordinate and satisfy local Aviation Authorities’ requirements with respect to Technical Data. Reasonable quantities of such Technical Data will be supplied by the Seller at no charge to the Buyer at the Buyer’s named place of destination.

Notwithstanding the foregoing, and in agreement with the relevant Aviation Authorities, preference will be given to the on-line access to such Buyer’s Technical Data through AirbusWorld.

14.5 Revision Service

For each firmly ordered Aircraft covered under this Agreement, revision service for the Technical Data will be provided ***** (each a “Revision Service Period”).

Thereafter revision service will be provided in accordance with the terms and conditions set forth in the Seller’s then current Customer Services Catalog.

14.6 Service Bulletins (SB) Incorporation

During Revision Service Period and upon the Buyer’s request, which will be made ***** of the applicable Service Bulletin, Seller Service Bulletin information will be incorporated into the Technical Data, provided that the Buyer notifies the Seller through the relevant AirbusWorld on-line Service Bulletin Reporting application that it intends to accomplish such Service Bulletin. The split effectivity for the corresponding Service Bulletin will remain in the Technical Data until notification from the Buyer that embodiment has been completed on all of the Buyer’s Aircraft. The foregoing is applicable for Technical Data relating to maintenance only. For operational Technical Data either the pre or post Service Bulletin status will be shown.

14.7 Technical Data Familiarization

Upon request by the Buyer, the Seller will provide up to ***** of Technical Data familiarization training at the Seller’s or the Buyer’s facilities. The basic familiarization course is tailored for maintenance and engineering personnel.

14.8 Customer Originated Changes (COC)

If the Buyer wishes to introduce Buyer originated data (hereinafter “COC Data”) into any of the customized Technical Data that are identified as eligible for such incorporation in the Seller’s then current Customer Services Catalog, the Buyer will notify the Seller of such intention.
The incorporation of any COC Data will be performed under the methods and tools for achieving such introduction and the conditions specified in the Seller’s then current Customer Services Catalog.

14.9
AirN@v Family products

14.9.1
The Technical Data listed herebelow are provided on DVD and include integrated software (hereinafter together referred to as “AirN@v Family”).

14.9.2
The AirN@v Family covers several Technical Data domains, reflected by the following AirN@v Family products:

(i) AirN@v / Maintenance,
(ii) AirN@v / Planning,
(iii) AirN@v / Repair,
(iv) AirN@v / Workshop,
(v) AirN@v / Associated Data,
(vi) AirN@v / Engineering.

14.9.3
Further details on the Technical Data included in such products are set forth in Exhibit G.

14.9.4
The licensing conditions for the use of AirN@v Family integrated software will be set forth in a separate agreement to be executed by the parties the earlier of *****, the “End-User License Agreement for Airbus Software”.

14.9.5
The revision service and the license to use AirN@v Family products will be granted ***** Revision Service Period. At the end of such Revision Service Period, *****.

14.10
On-Line Technical Data

14.10.1
The Technical Data defined in Exhibit G as being provided on-line will be made available to the Buyer through the Airbus customer portal AirbusWorld (“AirbusWorld”) as set forth in a separate agreement to be executed by the parties the earlier of *****.

14.10.2
Access to Technical Data through AirbusWorld will be ***** Revision Service Period.

14.10.3
Access to AirbusWorld will be subject to the General Terms and Conditions of Access to and Use of AirbusWorld (hereinafter the “GTC”), as set forth in a separate agreement to be executed by the parties the earlier of (i) *****.
The list of the Technical Data provided on-line may be extended from time to time. For any Technical Data which is or becomes available on-line, the Seller reserves the right to eliminate other formats for the concerned Technical Data.

Access to AirbusWorld will be granted ***** for the Technical Data related to the Aircraft which will be operated by the Buyer.

For the sake of clarification, Technical Data accessed through AirbusWorld – which access will be covered by the terms and conditions set forth in the GTC – will remain subject to the conditions of this Clause 14.

In addition, should AirbusWorld provide access to Technical Data in software format, the use of such software will be subject to the conditions of the End-User License Agreement for Airbus Software.

Waiver, Release and Renunciation

The Seller warrants that the Technical Data are prepared in accordance with the state of the art at the date of their development. Should any Technical Data prepared by the Seller contain a non-conformity or defect, the sole and exclusive liability of the Seller will be to take all reasonable and proper steps to correct such Technical Data. Irrespective of any other provisions herein, no warranties of any kind will be given for the Customer Originated Changes, as set forth in Clause 14.8.

THE WARRANTIES, OBLIGATIONS AND LIABILITIES OF THE SELLER (AS DEFINED BELOW FOR THE PURPOSES OF THIS CLAUSE) [AND REMEDIES OF THE BUYER SET FORTH IN THIS CLAUSE 14] ARE EXCLUSIVE AND IN SUBSTITUTION FOR, AND THE BUYER HEREBY WAIVES, RELEASES AND RENONCES ALL OTHER WARRANTIES, OBLIGATIONS AND LIABILITIES OF THE SELLER AND RIGHTS, CLAIMS AND REMEDIES OF THE BUYER AGAINST THE SELLER, EXPRESS OR IMPLIED, ARISING BY LAW, CONTRACT OR OTHERWISE, WITH RESPECT TO ANY NON-CONFORMITY OR DEFECT OF ANY KIND, IN ANY TECHNICAL DATA OR SERVICES DELIVERED UNDER THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO:

(I) ANY WARRANTY AGAINST HIDDEN DEFECTS;

(II) ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS;

(III) ANY IMPLIED WARRANTY ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OR TRADE;

(IV) ANY OBLIGATION, LIABILITY, RIGHT, CLAIM OR REMEDY, WHETHER IN CONTRACT OR IN TORT, WHETHER OR NOT ARISING FROM THE SELLER’S NEGLIGENCE, ACTUAL OR IMPUTED; AND
ANY OBLIGATION, LIABILITY, RIGHT, CLAIM, OR REMEDY FOR LOSS OF OR DAMAGE TO ANY AIRCRAFT, COMPONENT, EQUIPMENT, ACCESSORY, PART, SOFTWARE, DATA OR SERVICES DELIVERED UNDER THIS AGREEMENT, FOR LOSS OF USE, REVENUE OR PROFIT, OR FOR ANY OTHER (DIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES;

PROVIDED THAT, IN THE EVENT THAT ANY OF THE AFORESAID PROVISIONS SHOULD FOR ANY REASON BE HELD UNLAWFUL OR OTHERWISE INEFFECTIVE, THE REMAINDER OF THIS AGREEMENT WILL REMAIN IN FULL FORCE AND EFFECT.

FOR THE PURPOSES OF THIS CLAUSE 14, THE “SELLER” WILL BE UNDERSTOOD TO INCLUDE THE SELLER, ANY OF ITS SUPPLIERS AND SUBCONTRACTORS, ITS AFFILIATES AND ANY OF THEIR RESPECTIVE INSURERS.

14.12 Proprietary Rights

14.12.1 All proprietary rights relating to Technical Data, including but not limited to patent, design and copyrights, will remain with the Seller and/or its Affiliates, as the case may be.

These proprietary rights will also apply to any translation into a language or languages or media that may have been performed or caused to be performed by the Buyer.

14.12.2 Whenever this Agreement and/or any Technical Data provides for manufacturing by the Buyer, the consent given by the Seller will not be construed as any express or implicit endorsement or approval whatsoever of the Buyer or of the manufactured products. The supply of the Technical Data will not be construed as any further right for the Buyer to design or manufacture any Aircraft or part thereof, including any spare part.

14.13 Performance Engineer’s Program

14.13.1 In addition to the Technical Data provided under Clause 14, the Seller will provide to the Buyer Software Services, which will consist of the Performance Engineer’s Programs (“PEP”) for the Aircraft type covered under this Agreement. Such PEP is composed of software components and databases, and its use is subject to the license conditions set forth in the End-User License Agreement for Airbus Software.

14.13.2 Use of the PEP will be limited to one (1) copy to be used on the Buyer’s computers for the purpose of computing performance engineering data. The PEP is intended for use on ground only and will not be placed or installed on board the Aircraft.

14.13.3 The license to use the PEP and the revision service will be provided ***** Revision Service Period as set forth in Clause 14.5.
At the end of such PEP Revision Service Period, the PEP will be provided to the Buyer at the standard commercial conditions set forth in the Seller’s then current Customer Services Catalog.

Future Developments

The Seller continuously monitors technological developments and applies them to Technical Data, document and information systems’ functionalities, production and methods of transmission.

The Seller will implement and the Buyer will accept such new developments, it being understood that the Buyer will be informed in due time by the Seller of such new developments and their application and of the date by which the same will be implemented by the Seller.

Confidentiality

This Clause, the Technical Data, the Software Services and their content are designated as confidential. All such Technical Data and Software Services are provided to the Buyer for the sole use of the Buyer who undertakes not to disclose the contents thereof to any third party without the prior written consent of the Seller, except as permitted therein or pursuant to any government or legal requirement imposed upon the Buyer.

If the Seller authorizes the disclosure of this Clause or of any Technical Data or Software Services to third parties either under this Agreement or by an express prior written authorization or, specifically, where the Buyer intends to designate a maintenance and repair organization or a third party to perform the maintenance of the Aircraft or to perform data processing on its behalf (each a “Third Party”), the Buyer will notify the Seller of such intention prior to any disclosure of this Clause and/or the Technical Data and/or the Software Services to such Third Party.

The Buyer hereby undertakes to cause such Third Party to agree to be bound by the conditions and restrictions set forth in this Clause 14 with respect to the disclosed Clause, Technical Data or Software Services and will in particular cause such Third Party to enter into a confidentiality agreement with the Seller and appropriate licensing conditions, and to commit to use the Technical Data solely for the purpose of maintaining the Buyer’s Aircraft and the Software Services exclusively for processing the Buyer’s data.

Transferability

Without prejudice to Clause 21.1, the Buyer’s rights under this Clause 14 may not be assigned, sold, transferred, novated or otherwise alienated by operation of law or otherwise, without the Seller’s prior written consent.
Any transfer in violation of this Clause 14.16 will, as to the particular Aircraft involved, void the rights and warranties of the Buyer under this Clause 14 and any and all other warranties that might arise under or be implied in law.

PA-2
SELLER REPRESENTATIVE SERVICES

The Seller will ***** to the Buyer the services described in this Clause 15, at the Buyer’s main base or at other locations to be mutually agreed.

15.1 Customer Support Representative(s)

15.1.1 The Seller will ***** to the Buyer the services of Seller customer support representative(s), as defined in Appendix A to this Clause 15 (each a “Seller Representative”), at the Buyer’s main base or such other locations as the parties may agree.

15.1.2 In providing the services as described herein, any Seller Representatives, or any Seller employee(s) providing services to the Buyer hereunder, are deemed to be acting in an advisory capacity only and at no time will they be deemed to be acting as Buyer’s employees, contractors or agents, either directly or indirectly.

15.1.3 The Seller will provide to the Buyer an annual written accounting of the consumed man-months and any remaining man-month balance from the ***** defined in Appendix A to this Clause 15. Such accounting will be deemed final and accepted by the Buyer unless the Seller receives written objection from the Buyer within ***** of receipt of such accounting.

15.1.4 In the event of a need for Aircraft On Ground (“AOG”) technical assistance after the end of the assignment referred to in Appendix A to this Clause 15, the Buyer will have non-exclusive access to:

(i) AIRTAC (Airbus Technical AOG Center);
(ii) The Seller Representative network closest to the Buyer’s main base. A list of contacts of the Seller Representatives closest to the Buyer’s main base will be provided to the Buyer.

As a matter of reciprocity, the Buyer agrees that Seller Representative(s) may provide services to other airlines during any assignment with the Buyer.

15.1.5 Should the Buyer request Seller Representative services exceeding the allocation specified in Appendix A to this Clause 15, the Seller may provide such additional services subject to terms and conditions to be mutually agreed.

15.1.6 The Seller will cause similar services to be provided by representatives of the Propulsion System Manufacturer and Suppliers, when necessary and applicable.

15.2 Buyer’s Support

15.2.1 From the date of arrival of the first Seller Representative and for the duration of the assignment, the Buyer will ***** a suitable, lockable office, conveniently located with respect to the Buyer’s principal maintenance facilities for the Aircraft, with complete
office furniture and equipment including telephone, internet, email and facsimile connections for the sole use of the Seller Representative(s). All related communication costs will be *****.

15.2.2 Intentionally omitted.

15.2.3 Intentionally omitted.

15.2.4 Should the Buyer request any Seller Representative referred to in Clause 15.1 above to travel on business to a city other than his usual place of assignment, the ***** will be responsible for all related transportation costs and expenses.

15.2.5 Absence of an assigned Seller Representative during normal statutory vacation periods will be covered by other seller representatives on the same conditions as those described in Clause 15.1.4, and such services will be counted against the total allocation provided in Appendix A to this Clause 15.

15.2.6 The Buyer will assist the Seller in obtaining from the civil authorities of the Buyer’s country those documents that are necessary to permit the Seller Representative to live and work in the Buyer’s country.

15.2.7 *****

(i) *****

(ii) *****

(iii) *****

15.3 Withdrawal of the Seller Representative

The Seller will have the right to withdraw its assigned Seller Representatives as it sees fit if conditions arise, which are in the Seller’s reasonable opinion dangerous to their safety or health or prevent them from fulfilling their contractual tasks.

15.4 Indemnities

INDEMNIFICATION PROVISIONS APPLICABLE TO THIS CLAUSE 15 ARE SET FORTH IN CLAUSE 19.

16 - TRAINING SUPPORT AND SERVICES

16.1 General

16.1.1 This Clause 16 sets forth the terms and conditions for the supply of training support and services for the Buyer’s personnel to support the Aircraft operation.

16.1.2 The range, quantity and validity of training to be provided under this Agreement are covered in Appendix A to this Clause 16.

16.1.3 Scheduling of training courses covered in Appendix A to this Clause 16 will be mutually agreed during a training conference (the “Training Conference”) that will be held no later than ***** prior to Delivery of the first Aircraft.

16.2 Training Location

16.2.1 The Seller will provide training at its training center in ***** (individually a “Seller’s Training Center” and collectively the “Seller’s Training Centers”).

16.2.2 If the unavailability of facilities or scheduling difficulties make training by the Seller at any Seller’s Training Center impractical, the Seller will ensure that the Buyer is provided with such training at another location designated by the Seller.

16.2.2.1 Upon the Buyer’s request, the Seller may also provide certain training at a location other than the Seller’s Training Centers, including one of the Buyer’s bases, if and when practicable for the Seller, under terms and conditions to be mutually agreed upon. In such event, all additional charges listed in Clauses 16.5.2 and 16.5.3 will be approved.

16.2.2.2 If the Buyer requests training at a location as indicated in Clause 16.2.2.1 and requires such training to be an Airbus approved course, the Buyer undertakes that the training facilities will be approved prior to the performance of such training. The Buyer will, as necessary and with adequate time prior to the performance of such training, provide access to the training facilities set forth in Clause 16.2.2.1 to the Seller’s and the competent Aviation Authority’s representatives for approval of such facilities.

16.3 Training Courses

16.3.1 Training courses will be as described in the Seller’s customer services catalog (the “Seller’s Customer Services Catalog”). The Seller’s Customer Services Catalog also sets forth the minimum and maximum number of trainees per course.

All training requests or training course changes made outside of the scope of the Training Conference will be submitted by the Buyer with a minimum of ***** prior notice.

16.3.2 The following terms and conditions will apply to training performed by the Seller:

PA-4
Training courses will be the Seller’s standard courses as described in the Seller’s Customer Services Catalog valid at the time of execution of the course. The Seller will be responsible for all training course syllabi, training aids and training equipment necessary for the organization of the training courses. For the avoidance of doubt, such training equipment does not include provision of aircraft for the purpose of performing training.

The training equipment and the training curricula used for the training of flight, cabin and maintenance personnel will not be fully customized but will be configured in order to obtain the relevant Aviation Authority’s approval and to support the Seller’s training programs.

Training data and documentation for trainees receiving the training at the Seller’s Training Centers will be *****. Training data and documentation will be marked “FOR TRAINING ONLY” and as such are supplied for the sole and express purpose of training; training data and documentation will not be revised.

16.3.3 When the Seller’s training courses are provided by the Seller’s instructors (individually an “Instructor” and collectively “Instructors”) the Seller will deliver a Certificate of Recognition or a Certificate of Course Completion (each a “Certificate”) or an attestation (an “Attestation”), as applicable, at the end of any such training course. Any such Certificate or Attestation will not represent authority or qualification by any Aviation Authority but may be presented to such Aviation Authority in order to obtain relevant formal qualification.

In the event of training courses being provided by a training provider selected by the Seller as set forth in Clause 16.2.2, the Seller will cause such training provider to deliver a Certificate or Attestation, which will not represent authority or qualification by any Aviation Authority, but may be presented to such Aviation Authority in order to obtain relevant formal qualification.

16.3.3.1 Should the Buyer wish to exchange any of the training courses provided under Appendix A to this Clause 16, the Buyer will place a request for exchange to this effect with the Seller. The Buyer may exchange, subject to the Seller’s confirmation, the ***** under Appendix A to this Clause 16 as follows:

(i) flight operations training courses as listed under Article 1 of Appendix A to this Clause 16 may be exchanged for any flight operations training courses described in the Seller’s Customer Services Catalog current at the time of the Buyer’s request;

(ii) maintenance training courses as listed under Article 3 of Appendix A to this Clause 16 may be exchanged for any maintenance training courses described in the Seller’s Customer Services Catalog current at the time of the Buyer’s request;

(iii) should any one of the ***** thereunder (flight operations or maintenance) have been fully drawn upon, the Buyer will be entitled to exchange for flight PA-5
operations or maintenance training courses as needed against the remaining allowances.

The exchange value will be based on the Seller’s Training Course Exchange Matrix applicable at the time of the request for exchange and which will be provided to the Buyer at such time.

It is understood that the above provisions will apply to the extent that ***** granted under Appendix A to this Clause 16 remain available to the full extent necessary to perform the exchange.

All requests to exchange training courses will be submitted by the Buyer with a minimum of ***** prior notice. The requested training will be subject to the Seller’s then existing planning constraints.

16.3.3.2 Should the Buyer use none or only part of the training to be provided pursuant to this Clause 16, no compensation or non-training credit of any nature will be provided.

16.3.3.3 Should the Buyer decide to cancel or reschedule a training course, fully or partially, and irrespective of the location of the training, a minimum advance notification of at least ***** prior to the relevant training course start date is required.

16.3.3.4 If the notification occurs ***** prior to such training, a ***** of such training will be, as applicable, either deducted from the training allowance defined in Appendix A to this Clause 16 or invoiced at the Seller’s then applicable price.

16.3.3.5 If the notification occurs ***** calendar days prior to such training, a ***** of such training will be, as applicable, either deducted from the training allowance defined in Appendix A to this Clause 16 or invoiced at the Seller’s then applicable price.

16.3.3.6 All courses exchanged under Clause 16.3.3.1 will remain subject to the provisions of this Clause 16.3.3.

16.4 Prerequisites and Conditions

16.4.1 Training will be conducted in English and all training aids used during such training will be written in English using common aeronautical terminology.

16.4.2 The Buyer hereby acknowledges that all training courses conducted pursuant to this Clause 16 are “Standard Transition Training Courses” and not “Ab Initio Training Courses”.

16.4.3 Trainees will have the prerequisite knowledge and experience specified for each course in the Seller’s Customer Services Catalog.

16.4.3.1 The Buyer will be responsible for the selection of the trainees and for any liability with respect to the entry knowledge level of the trainees.
16.4.3.2 The Seller reserves the right to verify the trainees’ proficiency and previous professional experience.

16.4.3.3 The Seller will provide to the Buyer during the Training Conference an Airbus Pre-Training Survey for completion by the Buyer for each trainee. The Buyer will provide the Seller with an attendance list of the trainees for each course, with the validated qualification of each trainee, at the time of reservation of the training course and in no event any later than ***** before the start of the training course. The Buyer will return concurrently thereto the completed Airbus Pre-Training Survey, detailing the trainees’ associated background. If the Seller determines through the Airbus Pre-Training Survey that a trainee does not match the prerequisites set forth in the Seller’s Customer Services Catalog, following consultation with the Buyer, such trainee will be withdrawn from the program or directed through a relevant entry level training (ELT) program, which will be at the Buyer’s expense.

16.4.3.4 If the Seller determines at any time during the training that a trainee lacks the required level, following consultation with the Buyer, such trainee will be withdrawn from the program or, upon the Buyer’s request, the Seller may be consulted to direct the above mentioned trainee(s), if possible, to any other required additional training, which will be at the Buyer’s expense.

16.4.4 The Seller will in no case warrant or otherwise be held liable for any trainee’s performance as a result of any training provided.

16.5 Logistics

16.5.1 Trainees

16.5.1.1 Living and travel expenses for the Buyer’s trainees will be *****.

16.5.1.2 It will be the responsibility of the Buyer to make all necessary arrangements relative to authorizations, permits and/or visas necessary for the Buyer’s trainees to attend the training courses to be provided hereunder. Rescheduling or cancellation of courses due to the Buyer’s failure to obtain any such authorizations, permits and/or visas will be subject to the provisions of Clauses 16.3.3.3 thru 16.3.3.5.

16.5.2 Training at External Location – Seller’s Instructors

16.5.2.1 In the event of training being provided at the Seller’s request at any location other than the Seller’s Training Centers, as provided for in Clause 16.2.2, the expenses of the Seller’s Instructors will be *****.

16.5.2.2 In the event of training being provided by the Seller’s Instructor(s) at any location other than the Seller’s Training Centers at the Buyer’s request, the Buyer will reimburse the Seller for all the expenses related to the assignment of such Seller Instructors and the performance of their duties as aforesaid.

PA-7
Such per diem will include, but will not be limited to, lodging, food and local transportation to and from the place of lodging and the training course location.

16.5.2.3

16.5.2.4

16.5.2.5

Buyer’s Indemnity

Except in case of gross negligence or willful misconduct of the Seller, the Seller will not be held liable to the Buyer for any delay or cancellation in the performance of any training outside of the Seller’s Training Centers associated with any transportation described in this Clause 16.5.2, and the Buyer will indemnify and hold harmless the Seller from any such delay and/or cancellation and any consequences arising therefrom.

16.5.3

Training Material and Equipment Availability – Training at External Location

Training material and equipment necessary for course performance at any location other than the Seller’s Training Centers or the facilities of a training provider selected by the Seller will be provided by the Buyer in accordance with the Seller’s specifications.

Notwithstanding the foregoing, should the Buyer request the performance of a course at another location as per Clause 16.2.2.1, the Seller may, upon the Buyer’s request, provide the training material and equipment necessary for such course’s performance. Such provision will be.

16.6

Flight Operations Training

The Seller will provide training for the Buyer’s flight operations personnel as further detailed in Appendix A to this Clause 16, including the courses described in this Clause 16.6.

16.6.1

Flight Crew Training Course

The Seller will perform a flight crew training course program for the Buyer’s flight crews, each of which will consist of crew members, who will be either captain(s) or first officer(s).

16.6.2

Base Flight Training

16.6.2.1

The Buyer will provide at its own cost its delivered Aircraft, or any other aircraft it operates, for any base flight training, which will consist of per pilot, performed
in accordance with the related Airbus training course definition (the “Base Flight Training”).

16.6.2.2 Should it be necessary to ferry the Buyer’s delivered Aircraft to the location where the Base Flight Training will take place, the additional flight time required for the ferry flight to and/or from the Base Flight Training field will not be deducted from the Base Flight Training time.

16.6.2.3 If the Base Flight Training is performed outside of the zone where the Seller usually performs such training, the ferry flight to the location where the Base Flight Training will take place will be performed by a crew composed of the Seller’s and/or the Buyer’s qualified pilots, in accordance with the relevant Aviation Authority’s regulations related to the place of performance of the Base Flight Training.

16.6.3 Flight Crew Line Initial Operating Experience

In order to assist the Buyer with initial operating experience after Delivery of the first Aircraft, the Seller will provide to the Buyer pilot Instructor(s) as set forth in Appendix A to this Clause 16.

Should the Buyer request, subject to the Seller’s consent, such Seller pilot Instructors to perform any other flight support during the flight crew line initial operating period, such as but not limited to line assistance, demonstration flight(s), ferry flight(s) or any flight(s) required by the Buyer during the period of entry into service of the Aircraft, it is understood that such flight(s) ***** set forth in Appendix A to this Clause 16.

It is hereby understood by the Parties that the Seller’s pilot Instructors will only perform the above flight support services to the extent they bear the relevant qualifications to do so.

16.6.4 Type Specific Cabin Crew Training Course

The Seller will provide type specific training for cabin crews at one of the locations defined in Clause 16.2.1.

If the Buyer’s Aircraft is to incorporate special features, the type specific cabin crew training course will be performed no earlier than ***** before the scheduled Delivery Date of the Buyer’s first Aircraft.

16.6.5 Training on Aircraft

During any and all flights performed in accordance with this Clause 16.6, the Buyer will bear full responsibility for the aircraft upon which the flight is performed, including but not limited to any required maintenance, ***** in line with Clause 16.13.
The Buyer will assist the Seller, if necessary, in obtaining the validation of the licenses of the Seller’s pilots performing Base Flight Training or initial operating experience by the Aviation Authority of the place of registration of the Aircraft.

16.7 Performance / Operations Courses

The Seller will provide performance/operations training for the Buyer’s personnel as defined in Appendix A to this Clause 16. The available courses will be listed in the Seller’s Customer Services Catalog current at the time of the course.

16.8 Maintenance Training

16.8.1 The Seller will provide maintenance training for the Buyer’s ground personnel as further set forth in Appendix A to this Clause 16. The available courses will be as listed in the Seller’s Customer Services Catalog current at the time of the course. The practical training provided in the frame of maintenance training will be performed on the training devices in use in the Seller’s Training Centers.

16.8.2 Practical Training on Aircraft

Notwithstanding Clause 16.8.1 above, upon the Buyer’s request, the Seller may provide Instructors for the performance of practical training on aircraft (“Practical Training”). Irrespective of the location at which the training takes place, the Buyer will provide at its own cost an aircraft for the performance of the Practical Training.

Should the Buyer require the Seller’s Instructors to provide Practical Training at facilities selected by the Buyer, such training will be subject to prior approval of the facilities by the Seller. All costs related to such Practical Training, including but not limited to the Seller’s approval of the facilities, will be borne by the Buyer.

The provision of a Seller Instructor for the Practical Training will be deducted from the trainee days allowance defined in Appendix A to this Clause 16, subject to the conditions detailed in Paragraph 4.4 thereof.

16.9 Supplier and Propulsion System Manufacturer Training

Upon the Buyer’s request, the Seller will provide to the Buyer the list of the maintenance and overhaul training courses provided by major Suppliers and the applicable Propulsion System Manufacturer on their respective products.

16.10 Proprietary Rights
All proprietary rights, including but not limited to patent, design and copyrights, relating to the Seller’s training data and documentation will remain with the Seller and/or its Affiliates and/or its Suppliers, as the case may be. These proprietary rights will also apply to any translation into a language or languages or media that may have been performed or caused to be performed by the Buyer.

16.11 Confidentiality

The Seller’s training data and documentation are designated as confidential and as such are provided to the Buyer for the sole use of the Buyer, for training of its own personnel, who undertakes not to disclose the content thereof in whole or in part, to any third party without the prior written consent of the Seller, save as permitted herein or otherwise pursuant to any government or legal requirement imposed upon the Buyer.

In the event of the Seller having authorized the disclosure of any training data and documentation to third parties either under this Agreement or by an express prior written authorization, the Buyer will cause such third party to agree to be bound by the same conditions and restrictions as the Buyer with respect to the disclosed training data and documentation and to use such training data and documentation solely for the purpose for which they are provided.

16.12 Transferability

Without prejudice to Clause 21.1, the Buyer’s rights under this Clause 16 may not be assigned, sold, transferred, novated or otherwise alienated by operation of law or otherwise, without the Seller’s prior written consent.

16.13 Indemnities and Insurance

INDEMNIFICATION PROVISIONS AND INSURANCE REQUIREMENTS APPLICABLE TO THIS CLAUSE 16 ARE AS SET FORTH IN CLAUSE 19.

THE BUYER WILL PROVIDE THE SELLER WITH AN ADEQUATE INSURANCE CERTIFICATE PRIOR TO ANY TRAINING ON AIRCRAFT.

PA-2
APPENDIX A TO CLAUSE 16

TRAINING ALLOWANCE

For the avoidance of doubt, all quantities indicated below are the total quantities ******, unless otherwise specified.

The contractual training courses defined in this Appendix A will be provided up to ****** under this Agreement.

Notwithstanding the above, flight operations training courses ****** in this Appendix A will be provided by the Seller within a period starting ****** before and ending ****** after Delivery of such Aircraft.

Any deviation to said training delivery schedule will be mutually agreed between the Buyer and the Seller.

1. FLIGHT OPERATIONS TRAINING

1.1. Flight Crew Training (standard transition course)

The Seller will provide flight crew training (standard transition course) ****** for ****** of the Buyer’s flight crews ****** Aircraft as of the date hereof.

1.2. Flight Crew Line Initial Operating Experience

The Seller will provide to the Buyer pilot Instructor(s) ****** for a period of ******.

Unless otherwise agreed during the Training Conference, in order to follow the Aircraft Delivery schedule, the maximum number of pilot Instructors present at any one time will be limited to ****** pilot Instructors.

1.3. Type Specific Cabin Crew Training Course

The Seller will provide to the Buyer ****** type specific training for cabin crews for ****** of the Buyer’s cabin crew instructors, pursers or cabin attendants.

1.4. Airbus Pilot Instructor Course (APIC)

The Seller will provide to the Buyer transition Airbus Pilot Instructor Course(s) (APIC), for flight and synthetic instruction, ****** for ****** of the Buyer’s flight instructors. APIC courses will be performed in a group of ****** trainees.

3.1. The Seller will provide to the Buyer ***** of maintenance training ***** for the Buyer’s personnel.

3.2. The Seller will provide to the Buyer ***** Engine Run-up course.

4. **TRAINEE DAYS ACCOUNTING**

Trainee days are counted as follows:

4.1. For instruction at the Seller’s Training Centers: one (1) day of instruction for one (1) trainee equals one (1) trainee day. The number of trainees originally registered at the beginning of the course will be counted as the number of trainees to have taken the course.

4.2. For instruction outside of the Seller’s Training Centers: one (1) day of instruction by one (1) Seller Instructor equals ***** trainee days, except for structure maintenance training course(s).

4.3. For structure maintenance training courses outside the Seller’s Training Center(s), one (1) day of instruction by one (1) Seller Instructor equals the actual number of trainees attending the course or the minimum number of trainees as indicated in the Seller’s Customer Services Catalog.

4.4. For practical training, whether on training devices or on aircraft, one (1) day of instruction by one (1) Seller Instructor equals ***** trainee days.

PA-2
17 - EQUIPMENT SUPPLIER PRODUCT SUPPORT

17.1 Equipment Supplier Product Support Agreements

17.1.1 The Seller has obtained enforceable and transferable Supplier Product Support Agreements from Suppliers of Supplier Parts, the benefit of which is hereby accepted by the Buyer. Said Supplier Product Support Agreements become enforceable by Buyer from the date of this Agreement and for as long as Buyer is an operator of Airbus aircraft.

17.1.2 These agreements are based on the World Airlines Suppliers Guide, are made available to the Buyer through the SPSA Application, and include Supplier commitments as contained in the Supplier Product Support Agreements which include the following provisions:

17.1.2.1 Technical data and manuals required to operate, maintain, service and overhaul the Supplier Parts will be prepared in accordance with the applicable provisions of ATA Specification including revision service and be published in the English language. The Seller will recommend that a software user guide, where applicable, be supplied in the form of an appendix to the Component Maintenance Manual. Such data will be provided in compliance with the applicable ATA Specification;

17.1.2.2 Warranties and guarantees, including standard warranties. In addition, landing gear Suppliers will provide service life policies for selected structural landing gear elements;

17.1.2.3 Training to ensure efficient operation, maintenance and overhaul of the Supplier Parts for the Buyer’s instructors, shop and line service personnel;

17.1.2.4 Spares data in compliance with ATA Specification 2200, initial provisioning recommendations, spare parts and logistic service including routine and expedite deliveries;

17.1.2.5 Technical service to assist the Buyer with maintenance, overhaul, repair, operation and inspection of Supplier Parts as well as required tooling and spares provisioning.

17.2 Supplier Compliance

The Seller will monitor Suppliers’ compliance with support commitments defined in the Supplier Product Support Agreements and will, if necessary, jointly take remedial action with the Buyer.

17.3 Nothing in this Clause 17 shall be construed to prevent or limit the Buyer from entering into direct negotiations with a Supplier with respect to different or additional terms and conditions applicable to Suppliers Parts selected by the Buyer to be installed on the Aircraft.

PA-1
Upon the Buyer’s request, the Seller will provide the Buyer with Supplier Product Support Agreements familiarization training at the Seller’s facilities in Blagnac, France. An on-line training module will be further available through AirbusWorld, access to which will be subject to the GTC.
In accordance with the Specification, the Seller will install those items of equipment that are identified in the Specification as being furnished by the Buyer ("Buyer Furnished Equipment" or "BFE"), provided that the BFE and the supplier of such BFE (the "BFE Supplier") are referred to in the Airbus BFE Product Catalog valid at the time the BFE Supplier is selected.

Notwithstanding the foregoing and without prejudice to Clause 2.4, if the Buyer wishes to install BFE manufactured by a supplier who is not referred to in the Airbus BFE Product Catalog, the Buyer will so inform the Seller and the Seller will conduct a feasibility study of the Buyer’s request, in order to consider approving such supplier, provided that such request is compatible with the Seller’s industrial planning and the associated Scheduled Delivery Month for the Buyer’s Aircraft. In addition, it is a prerequisite to such approval that the considered supplier be qualified by the Seller’s Aviation Authorities to produce equipment for installation on civil aircraft. Any approval of a supplier by the Seller under this Clause 18.1.2 will be *****. The Buyer will cause any BFE supplier approved under this Clause 18.1.2 (each an “Approved BFE Supplier”) to comply with the conditions set forth in this Clause 18 and specifically Clause 18.2.

Except for the specific purposes of this Clause 18.1.2, the term “BFE Supplier” will be deemed to include Approved BFE Suppliers.

The Seller will advise the Buyer of the dates by which, in the planned release of engineering for the Aircraft, the Seller requires from each BFE Supplier a written detailed engineering definition encompassing a Declaration of Design and Performance (the “BFE Engineering Definition”). The Seller will reasonably provide to the Buyer and/or the BFE Supplier(s), the interface documentation necessary for development of the BFE Engineering Definition.

The BFE Engineering Definition will include the description of the dimensions and weight of BFE, the information related to its certification and the information necessary for the installation and operation thereof, including when applicable 3D models compatible with the Seller’s systems. The Buyer will furnish, or cause the BFE Suppliers to furnish, the BFE Engineering Definition by the dates advised by the Seller pursuant to the preceding paragraph after which the BFE Engineering Definition will not be revised, except through an SCN executed in accordance with Clause 2.

The Seller will also provide in due time to the Buyer a schedule of dates and the shipping addresses for delivery of the BFE and, where requested by the Seller, additional spare BFE to permit installation in the Aircraft in a timely manner. The Buyer will provide, or cause the BFE Suppliers to provide, the BFE by such dates in a serviceable condition. The Buyer will, upon the Seller’s request, provide to the Seller dates and references of all BFE purchase orders placed by the Buyer.
The Buyer will also provide, when requested by the Seller, at Airbus Operations S.A.S. in Toulouse, France, and/or at Airbus Operations GmbH, Division Hamburger Flugzeugbau in Hamburg, Germany, adequate field service including support from BFE Suppliers to act in a technical advisory capacity to the Seller in the installation, calibration and possible repair of a BFE.

18.1.5 Without prejudice to the Buyer’s obligations hereunder, in order to facilitate the development of the BFE Engineering Definition, the Seller will organize meetings between the Buyer and BFE Suppliers. The Buyer hereby agrees to participate in such meetings and to provide adequate technical and engineering expertise to reach decisions within a timeframe specified by the Seller.

In addition, prior to Delivery of the Aircraft to the Buyer, the Buyer agrees:

(i) to monitor the BFE Suppliers and ensure that they will enable the Buyer to fulfil its obligations, including but not limited to those set forth in the Customization Milestone Chart;

(ii) that, should a timeframe, quality or other type of risk be identified at a given BFE Supplier, the Buyer will allocate resources to such BFE Supplier so as not to jeopardize the industrial schedule of the Aircraft;

(iii) for major BFE, including, but not being limited to, seats, galleys and IFE (“Major BFE”) to participate on a mandatory basis in the specific meetings that take place between BFE Supplier selection and BFE delivery, namely:
   (a) Preliminary Design Review (“PDR”),
   (b) Critical Design Review (“CDR”);

(iv) to attend the First Article Inspection (“FAI”) for the first shipset of all Major BFE. Should the Buyer not attend such FAI, the Buyer will delegate the FAI to the BFE Supplier thereof and confirmation thereof will be supplied to the Seller in writing;

(v) to attend the Source Inspection (“SI”) that takes place at the BFE Supplier’s premises prior to shipping, for each shipset of all Major BFE. Should the Buyer not attend such SI, the Buyer will delegate the SI to the BFE Supplier and confirmation thereof will be supplied to the Seller in writing. Should the Buyer not attend the SI, the Buyer will be deemed to have accepted the conclusions of the BFE Supplier with respect to such SI.

The Seller will be entitled to attend the PDR, the CDR and the FAI. In doing so, the Seller’s employees will be acting in an advisory capacity only and at no time will they be deemed to be acting as Buyer’s employees or agents, either directly or indirectly.

18.1.6 The BFE will be imported into France or into Germany by the Buyer under a suspensive customs system (Régime de l’entrepôt douanier ou régime de...
perfectionnement actif or Zollverschluss) without application of any French or German tax or customs duty, and will be delivered on a DDU basis, to the following shipping addresses:

Airbus Operations S.A.S.
316 Route de Bayonne
31300 Toulouse
France

or

Airbus Operations GmbH
Kreetslag 10
21129 Hamburg
Germany

Or such other location as may be specified by the Seller.

18.2 Applicable Requirements

The Buyer is responsible for ensuring, at its expense, and warrants that the BFE will:

(i) be manufactured by either a BFE Supplier referred to in the Airbus BFE Product Catalog or an Approved BFE Supplier, and
(ii) meet the requirements of the applicable Specification of the Aircraft, and
(iii) be delivered with the relevant certification documentation, including but not limited to the DDP, and
(iv) comply with the BFE Engineering Definition, and
(v) comply with applicable requirements incorporated by reference to the Type Certificate and listed in the Type Certificate Data Sheet, and
(vi) be approved by the Aviation Authority issuing the Export Certificate of Airworthiness and by the Buyer’s Aviation Authority for installation and use on the Aircraft at the time of Delivery of the Aircraft, and
(vii) not infringe any patent, copyright or other intellectual property right of the Seller or any third party, and
(viii) not be subject to any legal obligation or other encumbrance that may prevent, hinder or delay the installation of the BFE in the Aircraft and/or the Delivery of the Aircraft.
18.3 Buyer’s Obligation and Seller’s Remedies

18.3.1 Any delay or failure by the Buyer or the BFE Suppliers in:

(i) complying with the foregoing warranty or in providing the BFE Engineering Definition or field service mentioned in Clause 18.1.4, or
(ii) furnishing the BFE in a serviceable condition at the requested delivery date, or
(iii) obtaining any required approval for such BFE equipment under the above mentioned Aviation Authorities’ regulations,

may delay the performance of any act to be performed by the Seller, including Delivery of the Aircraft. The Seller will not be responsible for such delay which will cause the Final Price of the affected Aircraft to be adjusted in accordance with the updated delivery schedule and to include in particular the amount of the Seller’s additional costs attributable to such delay or failure by the Buyer or the BFE Suppliers, such as storage, taxes, insurance and costs of out-of-sequence installation.

18.3.2 In addition, in the event of any delay or failure mentioned in 18.3.1 above, the Seller may:

(i) select, purchase and install equipment similar to the BFE at issue, in which event the Final Price of the affected Aircraft will also be increased by the purchase price of such equipment plus reasonable costs and expenses incurred by the Seller for handling charges, transportation, insurance, packaging and, if so required and not already provided for in the Final Price of the Aircraft, for adjustment and calibration; or
(ii) if the BFE is delayed by more than ***** beyond, or is not approved within ***** of the dates specified in Clause 18.1.4, deliver the Aircraft without the installation of such BFE, notwithstanding applicable terms of Clauses 7 and 8, and the Seller will thereupon be relieved of all obligations to install such equipment.

18.4 Title and Risk of Loss

Title to and risk of loss of any BFE will at all times remain with the Buyer except that risk of loss (limited to cost of replacement of said BFE) will be with the Seller for as long as such BFE is under the care, custody and control of the Seller.

18.5 Disposition of BFE Following Termination

18.5.1 *****

PA-1
18.5.2 The Buyer will cooperate with the Seller in facilitating the sale of BFE pursuant to Clause 18.5.1 and will be responsible for all costs incurred by the Seller in removing and facilitating the sale of such BFE. *****

18.5.3 The Seller will notify the Buyer as to those items of BFE not sold by the Seller pursuant to Clause 18.5.1 above and, at the Seller’s request, the Buyer will undertake to remove such items from the Seller’ facility within ***** of the date of such notice. The Buyer will have no claim against the Seller for damage, loss or destruction of any item of BFE removed from the Aircraft and not removed from Seller’s facility within such period.

18.5.4 The Buyer will have no claim against the Seller for damage to or destruction of any item of BFE damaged or destroyed in the process of being removed from the Aircraft, provided that the Seller will use reasonable care in such removal.

18.5.5 The Buyer will grant the Seller title to any BFE items that cannot be removed from the Aircraft without causing damage to the Aircraft or rendering any system in the Aircraft unusable.

PA-2
INDEMNITIES AND INSURANCE

The Seller and the Buyer will each be liable for Losses (as defined below) arising from the acts or omissions of their respective directors, officers, agents or employees occurring during or incidental to such party’s exercise of its rights and performance of its obligations under this Agreement, except as provided in Clauses 19.1 and 19.2.

19.1 Seller’s Indemnities

The Seller will, except in the case of gross negligence or wilful misconduct of the Buyer, its directors, officers, agents and/or employees, be solely liable for and will indemnify and hold the Buyer, its Affiliates and each of their respective directors, officers, agents, employees and insurers harmless against all losses, liabilities, claims, damages, costs and expenses, including court costs and reasonable attorneys’ fees (“Losses”), arising from:

(i) claims for injuries to, or death of, the Seller’s directors, officers, agents or employees, or loss of, or damage to, property of the Seller or its employees when such Losses occur during or are incidental to either party’s exercise of any right or performance of any obligation under this Agreement, and

(ii) claims for injuries to, or death of, third parties, or loss of, or damage to, property of third parties, occurring during or incidental to the Technical Acceptance Flights.

19.2 Buyer’s Indemnities

The Buyer will, except in the case of gross negligence or wilful misconduct of the Seller, its directors, officers, agents and/or employees, be solely liable for and will indemnify and hold the Seller, its Affiliates, its subcontractors, and each of their respective directors, officers, agents, employees and insurers, harmless against all Losses arising from:

(i) claims for injuries to, or death of, the Buyer’s directors, officers, agents or employees, or loss of, or damage to, property of the Buyer or its employees, when such Losses occur during or are incidental to either party’s exercise of any right or performance of any obligation under this Agreement, and

(ii) claims for injuries to, or death of, third parties, or loss of, or damage to, property of third parties, occurring during or incidental to (a) the provision of Seller Representatives services under Clause 15 including services performed on board the aircraft or (b) the provision of Aircraft Training Services to the Buyer.

19.3 Notice and Defense of Claims

If any claim is made or suit is brought against a party or entity entitled to indemnification under this Clause 19 (the “Indemnitee”) for damages for which liability has been assumed by the other party under this Clause 19 (the “Indemnitor”).

PA-1
the Indemnitee will promptly give notice to the Indemnitor and the Indemnitor (unless otherwise requested by the Indemnitee) will assume and conduct the defense, or settlement, of such claim or suit, as the Indemnitor will deem prudent. Notice of the claim or suit will be accompanied by all information pertinent to the matter as is reasonably available to the Indemnitee and will be followed by such cooperation by the Indemnitee as the Indemnitor or its counsel may reasonably request, at the expense of the Indemnitor.

*****

19.4 Insurance

19.4.1 For all Aircraft Training Services, to the extent of the Buyer’s undertaking set forth in Clause 19.2, the Buyer will:

(i) cause the Seller, its Affiliates, its subcontractors and each of their respective directors, officers, agents and employees to be named as additional insured under the Buyer’s Comprehensive Aviation Legal Liability insurance policies, including War Risks and Allied Perils (such insurance to include the AVN 52E Extended Coverage Endorsement Aviation Liabilities or any further Endorsement replacing AVN 52E as may be available as well as any excess coverage in respect of War and Allied Perils Third Parties Legal Liabilities Insurance), and

(ii) with respect to the Buyer’s Hull All Risks and Hull War Risks insurances and Allied Perils, cause the insurers of the Buyer’s hull insurance policies to waive all rights of subrogation against the Seller, its Affiliates, its subcontractors and each of their respective directors, officers, agents, employees and insurers.

19.4.2 Any applicable deductible will be borne by the Buyer. The Buyer will furnish to the Seller, not less than ***** prior to the start of any Aircraft Training Services, certificates of insurance, in English, evidencing the limits of liability cover and period of insurance coverage in a form acceptable to the Seller from the Buyer’s insurance broker(s), certifying that such policies have been endorsed as follows:

(i) under the Comprehensive Aviation Legal Liability Insurances, the Buyer’s policies are primary and non-contributory to any insurance maintained by the Seller,

(ii) such insurance can only be cancelled or materially altered by the giving of not less than ***** (but ***** or such lesser period as may be customarily available in respect of War Risks and Allied Perils) prior written notice thereof to the Seller, and

(iii) under any such cover, all rights of subrogation against the Seller, its Affiliates, its subcontractors and each of their respective directors, officers, agents, employees and insurers have been waived.

For the purposes of this Clause 20, (x) an “Authorized Officer” of the Buyer will mean the Chief Executive Officer, the Chief Financial Officer or any Vice President and above who reports directly or indirectly to the Chief Financial Officer and (y) “Subsidiaries” will mean, as of any date of determination, those companies owned by the Buyer whose financial results the Buyer is required to include in its statements of consolidated operations and consolidated balance sheets.

20.6 Nothing contained in this Clause 20 will be deemed to waive or limit the Seller’s rights or ability to request adequate assurance under Article 2, Section 609 of the Uniform Commercial Code (the "UCC"). It is further understood that any commitment of the Seller or the Propulsion Systems manufacturer to provide financing to the Buyer shall not constitute adequate assurance under Article 2, Section 609 of the UCC.
21 - ASSIGNMENTS AND TRANSFERS

21.1 Assignments Except as hereinafter provided, neither party may sell, assign, novate or transfer its rights or obligations under this Agreement to any person without the prior written consent of the other, except that the Seller may sell, assign, novate or transfer its rights or obligations under this Agreement to any Affiliate without the Buyer’s consent.

21.2 Assignments on Sale, Merger or Consolidation

The Buyer will be entitled to assign its rights under this Agreement at any time due to a merger, consolidation or a sale of all or substantially all of its assets, provided the Buyer first obtains the written consent of the Seller. The Buyer will provide the Seller with no less than ***** notice if the Buyer wishes the Seller to provide such consent. The Seller will provide its consent if

(i) the surviving or acquiring entity is organized and existing under the laws of the United States;
(ii) the surviving or acquiring entity has executed an assumption agreement, in form and substance reasonably acceptable to the Seller, agreeing to assume all of the Buyer’s obligations under this Agreement;

(iv) there exists with respect to the surviving or acquiring entity no basis for a Termination Event;
(v) the surviving or acquiring entity is an air carrier holding an operating certificate issued by the FAA at the time, and immediately following the consummation, of such sale, merger or consolidation; and
(vi) *****

21.3 Designations by Seller

The Seller may at any time by notice to the Buyer designate facilities or personnel of the Seller or any other Affiliate of the Seller at which or by whom the services to be performed under this Agreement will be performed. Notwithstanding such designation, the Seller will remain ultimately responsible for fulfilment of all obligations undertaken by the Seller in this Agreement.
In the event that the Seller is subject to a corporate restructuring having as its object the transfer of, or succession by operation of law in, all or a substantial part of its assets and liabilities, rights and obligations, including those existing under this Agreement, to a person (the “Successor”) that is an Affiliate of the Seller at the time of that restructuring, for the purpose of the Successor carrying on the business carried on by the Seller at the time of the restructuring, such restructuring will be completed without consent of the Buyer following notification by the Seller to the Buyer in writing. The Buyer recognizes that succession of the Successor to the Agreement by operation of law that is valid under the law pursuant to which that succession occurs will be binding upon the Buyer.
22.1 Data Retrieval

On the Seller’s reasonable request no more frequently than *****, the Buyer will provide the Seller with all the necessary data, as customarily compiled by the Buyer and pertaining to the operation of the Aircraft, to assist the Seller in making an efficient and coordinated survey of all reliability, maintenance, operational and cost data with a view to monitoring the efficient and cost effective operations of the Airbus fleet worldwide.

22.2 Notices

All notices, requests and other communications required or authorized hereunder will be given in writing either by personal delivery to an authorized officer of the party to whom the same is given or by commercial courier, certified air mail (return receipt requested) or facsimile at the addresses and numbers set forth below. 22.3 Waiver

The failure of either party to enforce at any time any of the provisions of this Agreement, to exercise any right herein provided or to require at any time performance
by the other party of any of the provisions hereof will in no way be construed to be a present or future waiver of such provisions nor in any way to affect the validity of this Agreement or any part hereof or the right of the other party thereafter to enforce each and every such provision. The express waiver by either party of any provision, condition or requirement of this Agreement will not constitute a waiver of any future obligation to comply with such provision, condition or requirement.

22.4

International Supply Contract

The Buyer and the Seller recognize that this Agreement is an international supply contract which has been the subject of discussion and negotiation, that all its terms and conditions are fully understood by the parties, and that the Specification and price of the Aircraft and the other mutual agreements of the parties set forth herein were arrived at in consideration of, inter alia, all provisions hereof specifically including all waivers, releases and remunerations by the Buyer set out herein.

22.5

Certain Representations of the Parties

22.5.1

Buyer’s Representations

The Buyer represents and warrants to the Seller:

(i) the Buyer is a corporation organized and existing in good standing under the laws of the State of Colorado and has the corporate power and authority to enter into and perform its obligations under this Agreement;

(ii) neither the execution and delivery by the Buyer of this Agreement, nor the consummation of any of the transactions by the Buyer contemplated thereby, nor the performance by the Buyer of the obligations thereunder, constitutes a breach of any agreement to which the Buyer is a party or by which its assets are bound;

(iii) this Agreement has been duly authorized, executed and delivered by the Buyer and constitutes the legal, valid and binding obligation of the Buyer enforceable against the Buyer in accordance with its terms.

22.5.2

Seller’s Representations

The Seller represents and warrants to the Buyer:

(i) the Seller is organized and existing in good standing under the laws of the Republic of France and has the corporate power and authority to enter into and perform its obligations under the Agreement;

(ii) neither the execution and delivery by the Seller of this Agreement, nor the consummation of any of the transactions by the Seller contemplated thereby, nor the performance by the Seller of the obligations thereunder, constitutes a breach of any agreement to which the Seller is a party or by which its assets are bound;

this Agreement has been duly authorized, executed and delivered by the Seller and constitutes the legal, valid and binding obligation of the Seller enforceable against the Seller in accordance with its terms.

22.6 Interpretation and Law

22.6.1 THIS AGREEMENT WILL BE GOVERNED BY AND CONSTRUED AND THE PERFORMANCE THEREOF WILL BE DETERMINED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, WITHOUT GIVING EFFECT TO ITS CONFLICTS OF LAWS PROVISIONS THAT WOULD RESULT IN THE APPLICATION OF THE LAW OF ANY OTHER JURISDICTION.

Each of the Seller and the Buyer (i) hereby irrevocably submits itself to the nonexclusive jurisdiction of the courts of the state of New York, New York County, and of the United States District Court for the Southern District of New York, for the purposes of any suit, action or other proceeding arising out of this Agreement, the subject matter hereof or any of the transactions contemplated hereby brought by any party or parties hereto, and (ii) hereby waives, and agrees not to assert, by way of motion, as a defense or otherwise, in any such suit, action or proceeding, to the extent permitted by applicable law, any defense based on sovereign or other immunity or that the suit, action or proceeding which is referred to in clause (i) above is brought in an inconvenient forum, that the venue of such suit, action or proceeding is improper, or that this Agreement or the subject matter hereof or any of the transactions contemplated hereby may not be enforced in or by these courts.

THE PARTIES HEREBY ALSO AGREE THAT THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS WILL NOT APPLY TO THIS TRANSACTION.

22.6.2 Service of process in any suit, action or proceeding in respect of any matter as to which the Seller or the Buyer has submitted to jurisdiction under Clause 22.6 may be made (i) on the Seller by delivery of the same personally or by dispatching the same via Federal Express, UPS, or similar international air courier service prepaid to, CT Corporation, New York City offices as agent for the Seller, it being agreed that service upon CT Corporation will constitute valid service upon the Seller or by any other method authorized by the laws of the State of New York, and (ii) on the Buyer by delivery of the same personally or by dispatching the same by Federal Express, UPS, or similar international air courier service prepaid, return receipt requested to its address for notices designated pursuant to Clause 22.2, or by any other method authorized by the laws of the State of New York; provided in each case that failure to deliver or mail such copy will not affect the validity or effectiveness of the service of process made as aforesaid.

22.7 Headings

All headings in this Agreement are for convenience of reference only and do not constitute a part of this Agreement.
22.8 Waiver of Jury Trial

EACH OF THE PARTIES HERETO WAIVES ITS RIGHT TO TRIAL BY JURY IN ANY LITIGATION ARISING OUT OF OR RELATING TO THIS AGREEMENT AND FOR ANY COUNTERCLAIM OR CROSS-CLAIM THEREIN.

22.9 Waiver of Consequential Damages

In no circumstances shall either party claim or receive incidental (other than as provided in Clause 20) or consequential damages under this Agreement.

22.10 No Representations Outside of this Agreement

The parties declare that, prior to the execution of this Agreement, they, with the advice of their respective counsel, apprised themselves of sufficient relevant data in order that they might intelligently exercise their own judgments in deciding whether to execute this Agreement and in deciding on the contents of this Agreement. Each party further declares that its decision to execute this Agreement is not predicated on or influenced by any declarations or representations by any other person, party, or any predecessors in interest, successors, assigns, officers, directors, employees, agents or attorneys of any said person or party, except as set forth in this Agreement. This Agreement resulted from negotiation involving counsel for all of the parties hereto and no term herein will be construed or interpreted against any party under the contra proferentum or any related doctrine.

22.11 Confidentiality

Subject to any legal or governmental requirements of disclosure (whether imposed by applicable law, court order otherwise), the parties (which for this purpose will include their employees and legal counsel) will maintain the terms and conditions of this Agreement and any reports or other data furnished hereunder strictly confidential, including but not limited to, the Aircraft pricing and all confidential, proprietary or trade secret information contained in any reports or other data furnished to it by the other party hereunder (the "Confidential Information"), provided that disclosure may be made to each party’s respective accountants and lawyers so long as such accountants and lawyers have agreed to maintain the Confidential Information as strictly confidential. To the extent the Buyer furnishes any Confidential Information to its accountants or lawyers in accordance with this Clause 22.11, the Buyer agrees that it shall be liable to the Seller for damages resulting from unauthorized disclosures of Confidential Information by such parties. Without limiting the generality of the foregoing, the Buyer and the Seller will use their best efforts to limit the disclosure of the contents of this Agreement to the extent legally permissible in (i) any filing required to be made by the Buyer or the Seller with any governmental agency and will make such applications as will be necessary to implement the foregoing, and (ii) any press release concerning the whole or any part of the contents and/or subject matter hereof or of any future addendum hereto. With respect to any public disclosure or filing, each party agrees to submit to the other a copy of the proposed document to be
filed or disclosed and will give the other party a reasonable period of time in which to review said document. The Buyer and the Seller will consult with each other prior to the making of any public disclosure or filing, permitted hereunder, of this Agreement or the terms and conditions thereof.

The provisions of this Clause 22.11 will survive any termination of this Agreement.

22.12 Severability

If any provision of this Agreement should for any reason be held ineffective, the remainder of this Agreement will remain in full force and effect. To the extent permitted by applicable law, each party hereto hereby waives any provision of law that renders any provision of this Agreement prohibited or unenforceable in any respect.

22.13 Entire Agreement

This Agreement contains the entire agreement between the parties with respect to the subject matter hereof and supersedes any previous understanding, commitments or representations whatsoever, whether oral or written. This Agreement will not be amended or modified except by an instrument in writing of even date herewith or subsequent hereto executed by both parties or by their fully authorized representatives.

22.14 Inconsistencies

In the event of any inconsistency between the terms of this Agreement and the terms contained in either (i) the Specification, or (ii) any other Exhibit, in each such case the terms of this Agreement will prevail over the terms of the Specification or any other Exhibit. For the purpose of this Clause 22.14, the term Agreement will not include the Specification or any other Exhibit hereto.

22.15 Language

All correspondence, documents and any other written matters in connection with this Agreement will be in English.

22.16 Counterparts

This Agreement has been executed in two (2) original copies. Notwithstanding the foregoing, this Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered (including counterparts delivered by electronic mail or by facsimile transmission) will be an original, but all such counterparts will together constitute but one and the same instrument.
IN WITNESS WHEREOF, this A321 Aircraft Purchase Agreement was entered into as of the day and year first above written.

Scope of change (FOR INFORMATION ONLY)
PART 1  SELLER PRICE REVISION FORMULA

1. **BASE PRICE**
   The Base Price of the A321 Airframe quoted in Clause 3.1.1 of the Agreement and ***** (each a, “Base Price”) are subject to adjustment for changes in economic conditions as measured by data obtained from the US Department of Labor, Bureau of Labor Statistics, and in accordance with the provisions hereof.

2. **BASE PERIOD**
   Each Base Price has been established in accordance with the average economic conditions prevailing in ***** as defined by “ECIb” and “ICb” index values indicated hereafter.

3. **INDEXES**
   - **Labor Index**: “Employment Cost Index for Workers in Aerospace manufacturing” hereinafter referred to as “ECI336411W”, quarterly published by the US Department of Labor, Bureau of Labor Statistics, in “NEWS”, and found in Table 9, “WAGES and SALARIES (not seasonally adjusted): Employment Cost Indexes for Wages and Salaries for private industry workers by industry and occupational group”, or such other name that may be from time to time used for the publication title and/or table, (Aircraft manufacturing, NAICS Code 336411, base month and year December 2005 = 100).
     
   The quarterly value released for a certain month (March, June, September and December) shall be the one deemed to apply for the two preceding months.
   
   
   - **Material Index**: “Industrial Commodities” (hereinafter referred to as “IC”) as published in “PPI Detailed Report” (found in Table 6, “Producer price indexes and percent changes for commodity and service groupings and individual items not seasonally adjusted” or such other names that may be from time to time used for the publication title and/or table). (Base Year 1982 = 100).
   

4. **REVISION FORMULA**
   *****

EXH C-1 -1
5. **GENERAL PROVISIONS**

5.1 **Roundings**

The Labor Index average and the Material Index average shall be computed to the first decimal. If the next succeeding place is five (5) or more, the preceding decimal place shall be raised to the next higher figure.

Each quotient (*****) and (******) shall be rounded to the nearest ten-thousandth (4 decimals). If the next succeeding place is five (5) or more, the preceding decimal place shall be raised to the next higher figure.

The final factor shall be rounded to the nearest ten-thousandth (4 decimals).

The final price shall be rounded to the nearest whole number (0.5 or more rounded to 1).

5.2 **Substitution of Indexes for Seller Price Revision Formula**

If:

(i) the United States Department of Labor substantially revises the methodology of calculation of the Labor Index or the Material Index as used in the Seller Price Revision Formula, or

(ii) the United States Department of Labor discontinues, either temporarily or permanently, such Labor Index or such Material Index, or

(iii) the data samples used to calculate such Labor Index or such Material Index are substantially changed;

the Seller shall select a substitute index for inclusion in the Seller Price Revision Formula (the “Substitute Index”).

The Substitute Index shall reflect as closely as possible the actual variance of the Labor Costs or of the material costs used in the calculation of the original Labor Index or Material Index as the case may be.

As a result of the selection of the Substitute Index, the Seller shall make an appropriate adjustment to the Seller Price Revision Formula to combine the successive utilization of the original Labor Index or Material Index (as the case may be) and of the Substitute Index.

5.3 **Final Index Values**

The Index values as defined in Clause 4 above shall be considered final and no further adjustment to the base prices as revised at Delivery of the Aircraft shall be made after Aircraft Delivery for any subsequent changes in the published Index values.

PART 2 PROPULSION SYSTEM PRICE REVISION FORMULA CFM INTERNATIONAL

1. REFERENCE PRICE OF THE PROPULSION SYSTEM

   The “Reference Price” (as such term is used in this Exhibit C Part 2) of a set of two (2) CFM International CFM56-5B3/3Engines is *****.

   The Reference Price is subject to adjustment for changes in economic conditions as measured by data obtained from the US Department of Labor, Bureau of Labor Statistics and in accordance with the provisions of this Exhibit C Part 2.

2. REFERENCE PERIOD

   The Reference Price has been established in accordance with the economic conditions prevailing for ***** as defined by CFM International by the Reference *****.

3. INDEXES

   Labor Index: “Employment Cost Index for Workers in Aerospace manufacturing” hereinafter referred to as “ECI336411W”, quarterly published by the US Department of Labor, Bureau of Labor Statistics, in “NEWS”, and found in: Table 9, “WAGES and SALARIES (not seasonally adjusted): Employment Cost Indexes for wages and salaries for Private Industry Workers by Industry and Occupational Group”, or such other name that may be from time to time used for the publication title and/or table, (Aircraft manufacturing, NAICS Code 336411, base month and year December 2005 = 100, *****).

   The quarterly value released for a certain month (March, June, September and December) will be the one deemed to apply for the two (2) preceding months.

   Material Index: “Industrial Commodities” (hereinafter referred to as “IC”) as published in “PPI detailed report” (found in Table 6. “Producer price indexes and percent changes for commodity groupings and individual items not seasonally adjusted” or such other names that may be from time to time used for the publication title and/or table). 5. **GENERAL PROVISIONS**

5.1 **Roundings**

(i) The Material Index average (******) will be rounded to the nearest second decimal place and the Labor Index average (******) will be rounded to the nearest first decimal place.

(ii) ***** will be rounded to the nearest second decimal place.

(iii) The final factor (******) will be rounded to the nearest fourth decimal place.

If the next succeeding place is five (5) or more, the preceding decimal place will be raised to the next higher figure. After final computation, ***** will be rounded to the nearest whole number (0.5 rounds to 1).

5.2 **Final Index Values**

The revised Reference Price at the date of Aircraft delivery will not be subject to any further adjustment in the indexes.

5.3 ** Interruption of Index Publication**

If the US Department of Labor substantially revises the methodology of calculation or discontinues any of the indexes referred to hereabove, the Seller will reflect the substitute for the revised or discontinued index selected by CFM International, such substitute index to lead in application to the same adjustment result, insofar as possible, as would have been achieved by continuing the use of the original index as it may have fluctuated had it not been revised or discontinued.

Appropriate revision of the formula will be made to accomplish this result.

5.4 **Annulment of the Formula**

Should the above ***** provisions become null and void by action of the US Government, the Reference Price will be adjusted due to increases in the costs of labor and material which have occurred from the period represented by the applicable Reference ***** to the ***** prior to the scheduled month of Aircraft delivery.

1. INTERNATIONAL AERO ENGINES PRICE REVISION FORMULA

   Engines Reference Price

   The “Reference Price” (as such term is used in this Exhibit C Part 3) for a set of two (2) INTERNATIONAL AERO ENGINES IAE V2533-A5 Engines is *****.

   This Reference Price applies to the Engine type as specified Clause 3.1.2.2 of the Agreement.

   This Reference Price is subject to adjustment for changes in economic conditions as measured by data obtained from the US Department of Labor, Bureau of Labor Statistics, and in accordance with the provisions hereof.

1.2 Reference Period

   The above Reference Price has been established in accordance with the averaged economic conditions prevailing in *****, as defined, according to INTERNATIONAL AERO ENGINES by the ECIb and ICb, index values indicated in Clause 3.4. hereof.

1.3 Indexes

   Labor Index: “Employment Cost Index for Workers in Aerospace manufacturing” hereinafter referred to as “ECI336411W”, quarterly published by the US Department of Labor, Bureau of Labor Statistics, in “NEWS”, and found in: Table 9, “WAGES and SALARIES (not seasonally adjusted): Employment Cost Indexes for Wages and Salaries for private industry workers by industry and occupational group”, or such other name that may be from time to time used for the publication title and/or table, (Aircraft manufacturing, NAICS Code 336411, base month and year December 2005 = 100).

   The quarterly value released for a certain month (March, June, September and December) shall be the one deemed to apply for the two preceding months.

   Material Index: “Industrial Commodities” (hereinafter referred to as “IC”) as published in “PPI detailed report” (found in Table 6. “Producer price indexes and percent changes for commodity groupings and individual items not seasonally adjusted” or such other names that may be from time to time used for the publication title and/or table). 1.5 General Provisions

1.5.1 Roundings

(i) ***** shall be calculated to the nearest tenth (1 decimal).
(ii) Each quotient (***** shall be calculated to the nearest ten-thousandth (4 decimals).
(iii) The final factor shall be rounded to the nearest ten-thousandth (4 decimals).

If the next succeeding place is five (5) or more the preceding decimal place shall be raised to the nearest higher figure.

After final computation ***** shall be rounded to the nearest whole number (0.5 rounds to 1).

1.5.2 Final Index Values

The revised Reference Price at the date of Aircraft delivery shall be the final price and shall not be subject to any further adjustments in the indexes.

If no final index values are available for any of the applicable month, the then published preliminary figures shall be the basis on which the Revised Reference Price shall be computed.

1.5.3 Interruption of Index Publication

If the US Department of Labor substantially revises the methodology of calculation or discontinues any of these indexes referred to hereabove, AIRBUS shall reflect the substitute for the revised or discontinued index selected by INTERNATIONAL AERO ENGINES, such substitute index to lead in application to the same adjustment result, insofar as possible, as would have been achieved by continuing the use of the original index as it may have fluctuated had it not been revised or discontinued.

Appropriate revision of the formula shall be made to accomplish this result.

1.5.4 Annulment of Formula

Should the above ***** provisions become null and void by action of the US Government, the Reference Price shall be adjusted due to increases in the costs of labor and materiel which have occurred from the period represented by the applicable ***** to the ***** prior to the scheduled Aircraft delivery.

**Format of Data**

The Airbus Maintenance Technical Data Package shall be available in the Airn@v/Maintenance module of the AirN@v software and shall be accessible on-line through the Seller’s customer portal AirbusWorld.

In addition, if so requested by the Buyer, the corresponding raw data in Standard Generalized Mark-up Language (SGML) format shall also be made available for download from the Seller’s customer portal AirbusWorld.

Upon the Buyer’s request, a back-up copy of the data of the Airbus Maintenance Technical Data Package may be provided off-line on CD or DVD.

2.1 **Availability Schedule**

The Airbus Maintenance Technical Data Package, reflecting the Buyer’s Aircraft configuration, shall be available to the Buyer ***** before the Scheduled Delivery Month of the first Aircraft.

Upon the Buyer’s request, where applicable, preliminary customized maintenance data may be available ***** prior to the Scheduled Delivery Month of the first Aircraft.

3. **NON-CUSTOMIZED TECHNICAL DATA**

Non-customised Technical Data, provided as part of the Maintenance Technical Data Package, shall be made available to the Buyer either in the corresponding Airn@v software module, as detailed in Clause 14.9 of the Agreement, or in PDF format, as applicable.

The Technical Data belonging to each AirN@v module and/or available in PDF format shall be as listed in the Seller’s Customer Services Catalog current at the time of the delivery of the Technical Data.

Non-customised Technical Data shall be made available to the Buyer in accordance with a schedule to be mutually agreed between the Buyer and Seller no later than ***** prior to the Scheduled Delivery Month of the first Aircraft.

EXH G -3
4. ADDITIONAL TECHNICAL DATA

4.1 In addition to the Flight Operations Data Package and the Maintenance Technical Data Package, the Seller shall provide, at Delivery of each Aircraft, on-line access to the Aircraft mechanical drawings that cover installation of structure and systems fitted on the Buyer’s Aircraft at Delivery.

4.2 Within ***** after the Delivery of each Aircraft, the Seller shall provide:

- the weighing report, for integration into the WBM by the Buyer,
- the Electrical Load Analysis (ELA), in a format allowing further updating by the Buyer.

MATERIAL
SUPPLY AND SERVICES
EXH G -1
1. GENERAL

1.1 Scope

1.1.1 This Exhibit H sets forth the terms and conditions for the support and services offered by the Seller to the Buyer with respect to Material (as defined below).

1.1.2 References made to Articles will be deemed to refer to articles of this Exhibit H unless otherwise specified.

1.1.3 For purposes of this Exhibit H:

1.1.4 The term “Supplier” will mean any supplier (other than the Seller) providing any of the Material listed in Article 1.2.1 and the term “Supplier Part” will mean an individual item of Material.

1.2 Material Categories

1.2.1 Each of the following constitutes “Material” for purposes of this Exhibit H:

(i) Seller Parts;

(ii) Supplier Parts classified as Repairable Line Maintenance Parts (as defined in SPEC 2000);

(iii) Supplier Parts classified as Expendable Line Maintenance Parts (as defined in SPEC 2000);

(iv) Seller and Supplier ground support equipment and specific-to-type tools

where “Seller Parts” means Seller’s proprietary parts bearing a part number of the Seller or for which the Seller has the exclusive sales rights.

1.2.2 Propulsion Systems, engine exchange kits, their accessories and parts for any of the foregoing, are not covered under this Exhibit H.

1.3 Term

During a period commencing on the date hereof and continuing as long as at least ***** aircraft of the model of the Aircraft are operated in commercial air transport service, of which ***** (the “Term”), the Seller will maintain, or cause to be maintained, a reasonable stock of *****.

The Seller will use reasonable efforts to obtain a similar service from all Suppliers of Supplier Parts originally installed on an Aircraft at Delivery.

Confidential
1.4 Airbus Material Store

1.4.1 AACS Spares Center

The Seller has established and will maintain or cause to be maintained, during the Term, a US store ("US Spares Center"). The US Spares Center will be operated twenty-four (24) hours per day, seven (7) days per week, for the handling of AOG and critical orders for Seller Parts. The Seller will make reasonable efforts to deliver Seller Parts to the Buyer from the US Spares Center.

1.4.2 Material Support Center, Germany

The Seller has established its material headquarters in Hamburg, Germany (the "Airbus Material Center") and will, during the Term, maintain, or have maintained on its behalf, a central store of Seller Parts. The Airbus Material Center will be operated twenty-four (24) hours per day, seven (7) days per week.

1.4.3 Other Points of Shipment

1.4.3.1 In addition to the US Spares Center and the Airbus Material Center, the Seller and its Affiliates operate a global network of regional satellite stores (the "Regional Satellite Stores"). A list of such stores will be provided to the Buyer upon the Buyer’s request.

1.4.3.2 The Seller reserves the right to effect deliveries from distribution centers other than the US Spares Center or the Airbus Material Center, which may include the Regional Satellite Stores or any other production or Supplier’s facilities.

1.5 Customer Order Desk

The Seller operates a “Customer Order Desk”, the main functions of which are:

(ii) Management of order entries for all priorities, including Aircraft On Ground ("AOG");

(iii) Management of order changes and cancellations;

(iv) Administration of Buyer’s routing instructions;

(v) Management of Material returns;

(vi) Clarification of delivery discrepancies;

(vii) Issuance of credit and debt notes.

The Buyer hereby agrees to communicate its orders for Material to the Customer Order Desk either in electronic format (SPEC 2000) or via the Internet.

EXH G -1
1.7 Commitments of the Buyer

1.7.1 During the Term, the Buyer agrees to purchase Seller Parts from
(a) the Seller, AACS or the Seller’s licensee(s) that are required for the Buyer’s own needs; or
(b) other operators or from distributors, provided said Seller Parts were originally designed by the Seller and manufactured by the Seller or its licensees.

1.7.2 Subject to the express further agreement of the Seller in relation to Article 1.7.2 (ii) below, the Buyer may manufacture, exclusively for its own use, parts that are equivalent to Seller Parts, provided, however, that it may only do so in one of the following circumstances:
(i) *****
(ii) *****
(iii) *****

1.7.3

1.7.3.1 The rights granted to the Buyer in Article 1.7.2 will not in any way be construed as a license, nor will they in any way obligate the Buyer to pay any license fee or royalty, nor will they in any way be construed to affect the rights of third parties.

1.7.3.2 *****

1.7.3.3 The Buyer will allocate its own part number to any part manufactured in accordance with Article 1.7.2. The Buyer will under no circumstances be allowed to use the Airbus part number of the Seller Part to which such manufactured part is intended to be equivalent.

1.7.3.4 The Buyer will not be entitled to sell or lend any part manufactured under the provisions of Article 1.7.2 to any third party.

2. INITIAL PROVISIONING

2.1 Period

The initial provisioning period commences with the Pre-Provisioning Meeting, as defined in Article 2.2.1, and expires on the ***** under the Agreement as of the date hereof ("Initial Provisioning Period").

2.2 Pre-Provisioning Meeting

Confidential
2.2.1 The Seller will organize a pre-provisioning meeting at US Spares Center or at the Airbus Material Center, or at any other agreed location, for the purpose of setting an acceptable schedule and working procedure for the preparation of the initial issue of the Provisioning Data and the Initial Provisioning Conference referred to, respectively, in Articles 2.4 and 2.3 below (the “Pre-Provisioning Meeting”).

During the Pre-Provisioning Meeting, the Seller will familiarize the Buyer with the provisioning processes, methods and formulae of calculation and documentation.

2.2.2 The Pre-Provisioning Meeting will take place on an agreed date that is no later than ***** prior to Scheduled Delivery Month of the first Aircraft, allowing a minimum preparation time of ***** for the Initial Provisioning Conference.

2.3 Initial Provisioning Conference

The Seller will organize an initial provisioning conference at the US Spares Center or at the Airbus Material Center (the “Initial Provisioning Conference”), the purpose of which will be to agree the material scope and working procedures to accomplish the initial provisioning of Material (the “Initial Provisioning”).

The Initial Provisioning Conference will take place at the earliest ***** after Aircraft Manufacturer Serial Number allocation or Contractual Definition Freeze, whichever occurs last and latest ***** before the Scheduled Delivery Month of the first Aircraft.

2.4 Provisioning Data

2.4.1 Provisioning data generally in accordance with SPEC 2000, Chapter 1, for Material described in Articles 1.2.1 (i) through 1.2.1 (iii) (“Provisioning Data”) will be supplied by the Seller to the Buyer in the English language, in a format and timeframe to be agreed during the Pre-Provisioning Meeting.

2.4.1.1 Unless a longer revision cycle has been agreed between the Buyer and the Seller, the Provisioning Data will be revised every ***** up to the end of the Initial Provisioning Period.

2.4.1.2 The Seller will ensure that Provisioning Data is provided to the Buyer in time to permit the Buyer to perform any necessary evaluation and to place orders in a timely manner.

2.4.1.3 Provisioning Data generated by the Seller will comply with the configuration of the Aircraft as documented ***** before the date of issue.

This provision will not cover:

(i) Buyer modifications not known to the Seller,

(ii) other modifications not approved by the Seller’s Aviation Authorities or by the FAA.

Confidential
2.4.2 Supplier-Supplied Data

Provisioning Data relating to each Supplier Part (both initial issue and revisions) will be produced by Supplier thereof and may be delivered to the Buyer either by the Seller or such Supplier. It is agreed and understood by the Buyer that the Seller will not be responsible for the substance, accuracy or quality of such data. Such Provisioning Data will be provided in either SPEC 2000 format or any other agreed format.

2.4.3 Supplementary Data

The Seller will provide the Buyer with data supplementary to the Provisioning Data, comprising local manufacture tables, ground support equipment, specific-to-type tools and a pool item candidate list.

2.5 Commercial Offer

Upon the Buyer’s request, the Seller will submit a commercial offer for Initial Provisioning.

2.6 Delivery of Initial Provisioning Material

2.6.1 During the Initial Provisioning Period, Initial Provisioning Material will conform to the latest known configuration standard of the Aircraft for which such Material is intended as reflected in the Provisioning Data transmitted by the Seller.

2.6.2 The delivery of Initial Provisioning Material will take place according to the conditions specified in the commercial offer mentioned in Article 2.5.

2.6.3 All Initial Provisioning Material will be packaged in accordance with ATA 300 Specification.

replacement Seller Part, as the case may be, will be the remaining portion of the original warranty period or *****, whichever is longer.

4.1.2 Buyer’s Remedy and Seller’s Obligation

The Buyer’s remedy and Seller’s obligation and liability under this Article 4.1 are limited to the repair, replacement or correction, at the Seller’s expense and option, of any Seller Part that is defective.

The Seller may alternatively furnish to the Buyer’s account with the Seller a *****.

The provisions of Clauses 12.1.5 through 12.1.11 of the Agreement will apply to claims made pursuant to this Article 4.1.

4.2 Supplier Parts

With respect to Supplier Parts to be delivered to the Buyer under this Exhibit H, the Seller agrees to transfer to the Buyer the benefit of any warranties, which the Seller may have obtained from the corresponding Suppliers and the Buyer hereby agrees that it will accept the same.

4.3 Waiver, Release and Renunciation

THIS ARTICLE 4 (INCLUDING ITS SUBPARTS) SETS FORTH THE EXCLUSIVE WARRANTIES, EXCLUSIVE LIABILITIES AND EXCLUSIVE OBLIGATIONS OF THE SELLER, AND THE EXCLUSIVE REMEDIES AVAILABLE TO THE BUYER, WHETHER UNDER THIS AGREEMENT OR OTHERWISE, ARISING FROM ANY DEFECT OR NONCONFORMITY OR PROBLEM OF ANY KIND IN ANY SELLER PART, MATERIAL, OR SERVICES (IF ANY) DELIVERED BY THE SELLER UNDER THIS EXHIBIT H.

THE BUYER HEREBY WAIVES, RELEASES AND RENOUNCES ALL OTHER WARRANTIES, OBLIGATIONS, GUARANTEES AND LIABILITIES OF THE SELLER AND ALL OTHER RIGHTS, CLAIMS AND REMEDIES OF THE BUYER AGAINST THE SELLER AND ITS SUPPLIERS, WHETHER EXPRESS OR IMPLIED BY CONTRACT, TORT, OR STATUTORY LAW OR OTHERWISE, WITH RESPECT TO ANY NONCONFORMITY OR DEFECT OR PROBLEM OF ANY KIND IN ANY SELLER PART, MATERIAL, LEASED PART, OR SERVICES (IF ANY) DELIVERED BY THE SELLER UNDER THIS EXHIBIT H, INCLUDING BUT NOT LIMITED TO:

(1) ANY IMPLIED WARRANTY OF MERCHANTABILITY AND/OR FITNESS FOR ANY GENERAL OR PARTICULAR PURPOSE;

(2) ANY IMPLIED OR EXPRESS WARRANTY ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE;

Confidential
(3) ANY RIGHT, CLAIM OR REMEDY FOR BREACH OF CONTRACT;

(4) ANY RIGHT, CLAIM OR REMEDY FOR TORT, UNDER ANY THEORY OF LIABILITY, HOWEVER ALLEGED, INCLUDING, BUT NOT LIMITED TO, ACTIONS AND/OR CLAIMS FOR NEGLIGENCE, GROSS NEGLIGENCE, INTENTIONAL ACTS, WILLFUL DISREGARD, IMPLIED WARRANTY, PRODUCT LIABILITY, STRICT LIABILITY OR FAILURE TO WARN;

(5) ANY RIGHT, CLAIM OR REMEDY ARISING UNDER THE UNIFORM COMMERCIAL CODE OR ANY OTHER STATE OR FEDERAL STATUTE;

(6) ANY RIGHT, CLAIM OR REMEDY ARISING UNDER ANY REGULATIONS OR STANDARDS IMPOSED BY ANY INTERNATIONAL, NATIONAL, STATE OR LOCAL STATUTE OR AGENCY;

(7) ANY RIGHT, CLAIM OR REMEDY TO RECOVER OR BE COMPENSATED FOR:

(A) LOSS OF USE OR REPLACEMENT OF ANY AIRCRAFT, COMPONENT, EQUIPMENT, ACCESSORY OR PART PROVIDED UNDER THE AGREEMENT;

(B) LOSS OF, OR DAMAGE OF ANY KIND TO, ANY AIRCRAFT, COMPONENT, EQUIPMENT, ACCESSORY OR PART PROVIDED UNDER THE AGREEMENT;

(C) LOSS OF PROFITS AND/OR REVENUES;

(D) ANY OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGE.

THE WARRANTIES PROVIDED BY THIS AGREEMENT WILL NOT BE EXTENDED, ALTERED OR VARIED EXCEPT BY A WRITTEN INSTRUMENT SIGNED BY THE SELLER AND THE BUYER. IN THE EVENT THAT ANY PROVISION OF THIS ARTICLE 4 SHOULD FOR ANY REASON BE HELD UNLAWFUL, OR OTHERWISE UNENFORCEABLE, THE REMAINDER OF THIS ARTICLE 4 WILL REMAIN IN FULL FORCE AND EFFECT.

FOR THE PURPOSES OF THIS ARTICLE 4, THE “SELLER” WILL BE UNDERSTOOD TO INCLUDE THE SELLER, ANY OF ITS SUPPLIERS, SUBCONTRACTORS, AND AFFILIATES AND ANY OF THEIR RESPECTIVE INSurers.

4.4 Duplicate Remedies

EXH G -1
The remedies provided to the Buyer under this Article 4 as to any part thereof are mutually exclusive and not cumulative. The Buyer will be entitled to the remedy that provides the maximum benefit to it, as the Buyer may elect, pursuant to the terms and conditions of this Article 4 for any particular defect for which remedies are provided under this Article 4; provided, however, that the Buyer will not be entitled to elect a remedy under one part of this Article 4 that constitutes a duplication of any remedy elected by it under any other part hereof for the same defect. The Buyer’s rights and remedies herein for the nonperformance of any obligations or liabilities of the Seller arising under these warranties will be in monetary damages limited to the amount the Buyer expends in procuring a correction or replacement for any covered part subject to a defect or nonperformance covered by this Article 4, and the Buyer will not have any right to require specific performance by the Seller.

5. COMMERCIAL CONDITIONS

5.1 Delivery Terms

All Material prices are quoted on the basis of Free Carrier (FCA) delivery terms, without regard to the place from which such Material is shipped. The term “Free Carrier (FCA)” is as defined by publication n° 560 of the International Chamber of Commerce, published in January 2000.

5.2 Payment Procedures and Conditions

All payments under this Exhibit H will be made in accordance with the terms and conditions set forth in the then current Customer Services e-Catalog.

5.3 Title

Title to any Material purchased under this Exhibit H will remain with the Seller until full payment of the invoices and interest thereon, if any, has been received by the Seller.

The Buyer hereby undertakes that Material title to which has not passed to the Buyer will be kept free from any debenture or mortgage or any similar charge or claim in favour of any third party.

5.4 Cessation of Deliveries

The Seller has the right to restrict, stop or otherwise suspend deliveries of Material in this Exhibit H, or its other obligations under this Exhibit H, if the Buyer fails to meet its material obligations set forth in this Exhibit H.

6. EXCUSABLE DELAY

Clauses 10.1 and 10.2 of the Agreement will apply, mutatis mutandis, to all Material support and services provided under this Exhibit H.

Confidential
7. TERMINATION OF MATERIAL PROCUREMENT COMMITMENTS

7.1 If the Agreement is terminated with respect to any Aircraft, then the rights and obligations of the parties with respect to undelivered spare parts, services, data or other items to be purchased hereunder and which are applicable to those Aircraft for which the Agreement has been terminated will also be terminated. Unused Material in excess of the Buyer’s requirements due to such termination may be repurchased by the Seller, at the Seller’s option, as provided in Article 2.7.

8. INCONSISTENCY

In the event of any inconsistency between this Exhibit H and the Customer Services Catalog or any order placed by the Buyer, this Exhibit H will prevail to the extent of such inconsistency.
LETTER AGREEMENT NO. 5

7. CERTIFICATION

Except as set forth in this Clause 7, the Seller will not be required to obtain any certificate or approval with respect to the Aircraft.

7.1 Type Certification

The Seller will obtain or cause to be obtained (i) a type certificate under EASA procedures for joint certification in the transport category and (ii) an FAA type certificate (the “Type Certificate”) to allow the issuance of the Export Certificate of Airworthiness. *****

7.2 Export Certificate of Airworthiness

Subject to the provisions of Clause 7.3, each Aircraft will be delivered to the Buyer with an Export Certificate of Airworthiness issued by EASA and in a condition enabling the Buyer to obtain at the time of Delivery a Standard Airworthiness Certificate issued pursuant to Part 21 of the US Federal Aviation Regulations and a Certificate of Sanitary Construction issued by the U.S. Public Health Service of the Food and Drug Administration. However, the Seller will have no obligation to make and will not be responsible for any costs of alterations or modifications to such Aircraft to enable such Aircraft to meet FAA or U.S. Department of Transportation requirements ***** for specific operation on the Buyer’s routes, whether before, at or after Delivery of any Aircraft.

If the FAA requires additional or modified data before the issuance of the Export Certificate of Airworthiness, the Seller will provide such data or implement the required modification to the data, in either case, *****.

7.3 Specification Changes before Aircraft Ready for Delivery

7.3.1 If, any time before the date on which an Aircraft is Ready for Delivery, any law, rule or regulation is enacted, promulgated, becomes effective and/or an interpretation of any law, rule or regulation is issued by the EASA that requires any change to the Specification for the purposes of obtaining the Export Certificate of Airworthiness (a “Change in Law”), the Seller will make the required modification and the parties hereto will sign an SCN pursuant to Clause 2.2.1.

7.3.2 The Seller will as far as practicable, but at its sole discretion and without prejudice to Clause 7.3.3(ii), take into account the information available to it concerning any proposed law, rule or regulation or interpretation that could become a Change in Law, in order to minimize the costs of changes to the Specification as a result of such proposed law, regulation or interpretation becoming effective before the applicable Aircraft is Ready for Delivery.

Specification Changes after Aircraft Ready For Delivery

Nothing in Clause 7.3 will require the Seller to make any changes or modifications to, or to make any payments or take any other action with respect to, any Aircraft that is Ready for Delivery before the compliance date of any law or regulation referred to in Clause 7.3. Any such changes or modifications made to an Aircraft after it is Ready for Delivery will be at the *****.

8. TECHNICAL ACCEPTANCE

8.1 Technical Acceptance Process

8.1.1 Prior to Delivery, the Aircraft will undergo a technical acceptance process developed by the Seller (the “Technical Acceptance Process”). Completion of the Technical Acceptance Process will demonstrate the satisfactory functioning of the Aircraft and will be deemed to demonstrate compliance with the Specification. If an Aircraft is not in compliance with the Technical Acceptance Process requirements, the Seller will without hindrance from the Buyer carry out any necessary changes and, as soon as practicable thereafter, resubmit the Aircraft to such further Technical Acceptance Process as is necessary to demonstrate the elimination of the non-compliance.

8.1.2 The Technical Acceptance Process will:
   (i) commence on a date notified by the Seller to the Buyer not later than ***** notice prior thereto,
   (ii) take place at the Delivery Location,
   (iii) be carried out by the personnel of the Seller,
   (iv) include a technical acceptance flight that will ***** (the “Technical Acceptance Flight”), and
   (v) include a ground inspection.

8.2 Buyer’s Attendance

8.2.1 The Buyer is entitled to elect to attend the Technical Acceptance Process.

8.2.2 If the Buyer elects to attend the Technical Acceptance Process, the Buyer:
   (i) will comply with the reasonable requirements of the Seller, with the intention of completing the Technical Acceptance Process within ***** after its commencement, and
   (ii) may have a ***** of its representatives (no more than ***** of whom will have access to the cockpit at any one time) accompany the Seller’s representatives on the Technical Acceptance Flight, during which the Buyer’s representatives will comply with the instructions of the Seller’s representatives.

8.2.3 If, ***** the Buyer does not attend or fails to cooperate reasonably in the Technical Acceptance Process, the Seller will be entitled to complete the Technical Acceptance
Process and the Buyer will be deemed to have accepted that the Technical Acceptance Process has been satisfactorily completed, in all respects.

8.3 Certificate of Acceptance

***** the Buyer will, on or before the Delivery Date, sign and deliver to the Seller a certificate of acceptance in respect of such Aircraft in the form of Exhibit D (the “Certificate of Acceptance”).

8.4 Finality of Acceptance

The Buyer’s signature of the Certificate of Acceptance for the Aircraft will constitute waiver by the Buyer of any right it may have, under the Uniform Commercial Code as adopted by the State of New York or otherwise, to revoke acceptance of the Aircraft for any reason, whether known or unknown to the Buyer at the time of acceptance.

8.5 Aircraft Utilization

The Seller will, ***** be entitled to use the Aircraft prior to Delivery as may be necessary to obtain the certificates required under Clause 7, ****. Such use will not limit the Buyer’s obligation to accept Delivery of the Aircraft hereunder.

9. DELIVERY

9.1 Delivery Schedule

Subject to Clauses 2, 7, 8, 10 and 18:

the Seller will have the Aircraft listed in the table below Ready for Delivery at the Delivery Location within the following months (each month a “Scheduled Delivery Month”) or quarters (each quarter a “Scheduled Delivery Quarter”):

The Seller will give the Buyer written notice of the Scheduled Delivery Month of each Aircraft not already identified above at least ***** before the first day of the Scheduled Delivery Quarter of the respective Aircraft or upon execution of this Agreement for Aircraft to be delivered earlier than ***** before the first day of the Scheduled Delivery Quarter. The Seller will give the Buyer at least ***** written notice of the anticipated date within the Scheduled Delivery Month on which the Aircraft will be Ready for Delivery.

9.2 Delivery Process

9.2.1 The Buyer will, when the Aircraft is Ready for Delivery, execute and deliver to the Seller the Certificate of Acceptance, pay the Balance of the Final Price, take Delivery of the Aircraft and remove the Aircraft from the Delivery Location, *****.

9.2.2 Upon receipt of the Balance of the Final Price pursuant to Clause 5.4 and the Certificate of Acceptance executed and delivered by the Buyer pursuant to Clause 8.3, the Seller will deliver and transfer title to the Aircraft to the Buyer free and clear of all encumbrances (except for any liens or encumbrances created by or on behalf of the Buyer). At Delivery, the Seller will provide the Buyer with a bill of sale in the form of Exhibit E (the “Bill of Sale”), an FAA bill of sale, the Export Certificate of Airworthiness and such other documentation confirming transfer of title and receipt of the Final Price of the Aircraft as may reasonably be requested by the Buyer. ***** Title to, property in and risk of loss or damage to the Aircraft will transfer to the Buyer.

9.2.3 If the Buyer fails to (i) deliver the signed Certificate of Acceptance with respect to an Aircraft to the Seller when required pursuant to Clause 8.3, or (ii) pay the Balance of the Final Price of such Aircraft to the Seller and take Delivery of the Aircraft when required under Clause 9.2.1, then the Buyer will be deemed to have rejected Delivery wrongfully when such Aircraft was duly tendered to the Buyer hereunder. If such a deemed rejection arises, then in addition to the remedies of Clause 5.8.1, (a) the Seller will retain title to such Aircraft and (b) the Buyer will indemnify and hold the Seller harmless against any and all reasonable costs (including but not limited to any parking, storage, and insurance costs) and consequences resulting from the Buyer’s rejection (including but not limited to risk of loss of or damage to such Aircraft not covered by insurance), it being understood that the Seller will be under no duty to the Buyer to store, park, or otherwise protect such Aircraft. These rights of the Seller will be in addition to the Seller’s other rights and remedies in this Agreement.

9.2.4 If after Delivery the Buyer fails to remove the Aircraft from the Delivery Location, then, without prejudice to the Seller’s other rights and remedies under this Agreement or at law, the provisions of Clause 9.2.3 (b) shall apply.

9.3 Flyaway

9.3.1 The Buyer and the Seller will cooperate to obtain any licenses that may be required by the Aviation Authority of the Delivery Location for the purpose of exporting the Aircraft.

9.3.2 Immediately after Delivery of an Aircraft, the Seller shall provide to Buyer access to the Aircraft to allow Buyer to fly it away. ***** All expenses of, or connected with, flying the Aircraft from the Delivery Location after Delivery will be borne by the Buyer.

13.2 Administration of Patent and Copyright Indemnity Claims

13.2.1 If the Buyer receives a written claim or a suit is threatened or commenced against the Buyer for infringement of a patent or copyright referred to in Clause 13.1, the Buyer will:

(i) forthwith notify the Seller giving particulars thereof;

(ii) furnish to the Seller all data, papers and records within the Buyer's control or possession relating to such patent or claim;

(iii) refrain from admitting any liability or making any payment or assuming any expenses, damages, costs or royalties or otherwise acting in a manner prejudicial to the defense or denial of such suit or claim provided always that nothing in this sub-Clause (iii) will prevent the Buyer from paying such sums as may be required in order to obtain the release of the Aircraft, provided such payment is accompanied by a denial of liability and is made without prejudice;

18. **BUYER FURNISHED EQUIPMENT**

18.1 **Administration**

18.1.1 In accordance with the Specification, the Seller will install those items of equipment that are identified in the Specification as being furnished by the Buyer ("Buyer Furnished Equipment" or "BFE"), provided that the BFE and the supplier of such BFE (the "BFE Supplier") are referred to in the Airbus BFE Product Catalog valid at the time the BFE Supplier is selected.

18.1.2 Notwithstanding the foregoing and without prejudice to Clause 2.4, if the Buyer wishes to install BFE manufactured by a supplier who is not referred to in the Airbus BFE Product Catalog, the Buyer will so inform the Seller.*****. In addition, it is a prerequisite to such approval that the considered supplier be qualified by the Seller’s Aviation Authorities to produce equipment for installation on civil aircraft. ***** in considering any approval of a supplier by the Seller under this Clause 18.1.2. The Buyer will cause any BFE supplier approved under this Clause 18.1.2 (each an “Approved BFE Supplier”) to comply with the conditions set forth in this Clause 18 and specifically Clause 18.2.

Except for the specific purposes of this Clause 18.1.2, the term “BFE Supplier” will be deemed to include Approved BFE Suppliers.

18.1.3 The Seller will advise the Buyer of the dates by which, in the planned release of engineering for the Aircraft, the Seller requires from each BFE Supplier a written detailed engineering definition encompassing a Declaration of Design and Performance (the "BFE Engineering Definition"). The Seller will reasonably provide to the Buyer and/or the BFE Supplier(s), the interface documentation necessary for development of the BFE Engineering Definition.

The BFE Engineering Definition will include the description of the dimensions and weight of BFE, the information related to its certification and the information necessary for the installation and operation thereof, including when applicable 3D models compatible with the Seller’s systems. The Buyer will furnish, or cause the BFE Suppliers to furnish, the BFE Engineering Definition by the dates advised by the Seller pursuant to the preceding paragraph after which the BFE Engineering Definition will not be revised, except through an SCN executed in accordance with Clause 2.

18.1.4 The Seller will also provide in due time to the Buyer a schedule of dates and the shipping addresses for delivery of the BFE and, where reasonably requested by the Seller, additional spare BFE to permit installation in the Aircraft in a timely manner. The Buyer will provide, or cause the BFE Suppliers to provide, the BFE by such dates in a serviceable condition. The Buyer will, upon the Seller’s request, provide to the Seller dates and references of all BFE purchase orders placed by the Buyer.

*Confidential*
Without prejudice to the Buyer’s obligations hereunder, in order to facilitate the development of the BFE Engineering Definition, the Seller will organize meetings between the Buyer and BFE Suppliers on reasonable advance notice. The Buyer hereby agrees to participate in such meetings and to provide adequate technical and engineering expertise to reach decisions within a timeframe reasonably specified by the Seller.

In addition, prior to Delivery of the Aircraft to the Buyer, the Buyer agrees:

(i) to monitor the BFE Suppliers and seek to ensure that they will enable the Buyer to fulfill its obligations, including but not limited to those set forth in the Customization Milestone Chart;

(ii) that, should a timeframe, quality or other type of risk be identified at a given BFE Supplier, the Buyer will allocate resources to such BFE Supplier so as not to jeopardize the industrial schedule of the Aircraft;

(iii) for major BFE, including, but not limited to, seats, galleys and IFE (“Major BFE”) to participate on a mandatory basis in the specific meetings that take place between BFE Supplier selection and BFE delivery, namely:
   
   (a) Preliminary Design Review (“PDR”),
   
   (b) Critical Design Review (“CDR”);

(iv) to attend the First Article Inspection (“FAI”) for the first shipset of all Major BFE. Should the Buyer not attend such FAI, the Buyer will delegate the FAI to the BFE Supplier thereof and confirmation thereof will be supplied to the Seller in writing;

(v) to attend the Source Inspection (“SI”) that takes place at the BFE Supplier’s premises prior to shipping, for each shipset of all Major BFE. Should the Buyer not attend such SI, the Buyer will delegate the SI to the BFE Supplier and confirmation thereof will be supplied to the Seller in writing. Should the Buyer not attend the SI, the Buyer will be deemed to have accepted the conclusions of the BFE Supplier with respect to such SI.

The Seller will be entitled to attend the PDR, the CDR and the FAI. In doing so, the Seller’s employees will be acting in an advisory capacity only and at no time will they be deemed to be acting as Buyer’s employees or agents, either directly or indirectly.

Confidential
The BFE will be imported into France or into Germany by the Buyer under a suspensive customs system (Regime de l’entrepôt douanier ou régime de perfectionnement actif or Zollverschluss) without application of any French or German tax or customs duty, and will be delivered on a DDU basis, to the following shipping addresses as designated by the Seller to the Buyer in a reasonable time period prior to the planned arrival date:

Airbus Operations S.A.S.
316 Route de Bayonne
31300 Toulouse
France

or

Airbus Operations GmbH
Kreetslag 10
21129 Hamburg
Germany

Or such other location *****.

18.2 Applicable Requirements

The Buyer is responsible for ensuring, at its expense, and warrants that the BFE will:

(i) be manufactured by either a BFE Supplier referred to in the Airbus BFE Product Catalog or an Approved BFE Supplier, and

(ii) meet the requirements of the applicable Specification of the Aircraft, and

(iii) be delivered with the relevant certification documentation, including but not limited to the DDP, and

(iv) comply with the BFE Engineering Definition, and

(v) comply with applicable requirements incorporated by reference to the Type Certificate and listed in the Type Certificate Data Sheet, and

(vi) be approved by the Aviation Authority issuing the Export Certificate of Airworthiness and by the Buyer’s Aviation Authority for installation and use on the Aircraft at the time of Delivery of the Aircraft, and

(vii) not infringe any patent, copyright or other intellectual property right of the Seller or any third party, and

(viii) not be subject to any legal obligation or other encumbrance that may prevent, hinder or delay the installation of the BFE in the Aircraft and/or the Delivery of the Aircraft.

Confidential
The Seller will be entitled to refuse any item of BFE that it considers incompatible with the Specification, the BFE Engineering Definition or the certification requirements.

18.3 Buyer’s Obligation and Seller’s Remedies

18.3.1 Any delay or failure by the Buyer or the BFE Suppliers in:

(i) complying with the foregoing warranty or in providing the BFE Engineering Definition or field service mentioned in Clause 18.1.4, or
(ii) furnishing the BFE in a serviceable condition at the requested delivery date, or
(iii) obtaining any required approval for such BFE equipment under the above mentioned Aviation Authorities’ regulations,

may delay the performance of any act to be performed by the Seller, including Delivery of the Aircraft. The Seller will not be responsible for such delay which will cause the Final Price of the affected Aircraft to be adjusted in accordance with the Seller Price Revision Formula to the actual month of Delivery of such affected Aircraft and to include in particular the amount of the Seller’s additional reasonable direct costs attributable to such delay or failure by the Buyer or the BFE Suppliers, such as storage, taxes, insurance and costs of out-of-sequence installation.

18.3.2 In addition, in the event of any delay or failure mentioned in 18.3.1 above, the Seller, in consultation with the Buyer, may:

(i) select, purchase and install equipment similar to the BFE at issue, in which event the Final Price of the affected Aircraft will also be increased by the purchase price of such equipment plus reasonable costs and expenses incurred by the Seller for handling charges, transportation, insurance, packaging and, if so required and not already provided for in the Final Price of the Aircraft, for adjustment and calibration; or
(ii) if the BFE is delayed by more than ***** beyond, or is not approved within ***** of the dates specified in Clause 18.1.4, deliver the Aircraft without the installation of such BFE, notwithstanding applicable terms of Clauses 7 and 8, and the Seller will thereupon be relieved of all obligations to install such equipment.

18.4 Title and Risk of Loss

Title to and risk of loss of any BFE will at all times remain with the Buyer except that risk of loss (limited to cost of replacement of said BFE) will be with the Seller for as long as such BFE is under the care, custody and control of the Seller.

18.5 Disposition of BFE Following Termination
18.5.3 The Buyer will cooperate with the Seller in facilitating the sale of BFE pursuant to Clause 18.5.1 or 18.5.2 and will be responsible for. The Buyer will reimburse the Seller to the extent required under the preceding sentence within of receiving documentation of such costs from the Seller.

18.5.4 The Seller will notify the Buyer as to those items of BFE not sold by the Seller pursuant to Clause 18.5.1 or 18.5.2 above and, at the Seller’s request, the Buyer will undertake to remove such items from the Seller’s facility within of the date of such notice. The Buyer will have no claim against the Seller for damage, loss or destruction of any item of BFE removed from the Aircraft and not removed from Seller’s facility within such period. 

18.6 The Buyer will have no claim against the Seller for damage to or destruction of any item of BFE damaged or destroyed in the process of being removed from the Aircraft, provided that the Seller has used reasonable care in such removal.

18.7 The Buyer will grant the Seller title to any BFE items that cannot be removed from the Aircraft without causing damage to the Aircraft or rendering any system in the Aircraft unusable.
19. **INDEMNITIES AND INSURANCE**

The Seller and the Buyer will each be liable for Losses (as defined below) arising from the acts or omissions of their respective directors, officers, agents or employees occurring during or incidental to such party’s exercise of its rights and performance of its obligations under this Agreement, except as provided in Clauses 19.1 and 19.2.

19.1 **Seller’s Indemnities**

The Seller will, except in the case of gross negligence or wilful misconduct of the Buyer, its directors, officers, agents and/or employees, be solely liable for and will indemnify and hold the Buyer, its Affiliates and each of their respective directors, officers, agents, employees and insurers harmless against all losses, liabilities, claims, damages, costs and expenses, including court costs and reasonable attorneys’ fees ("Losses"), arising from:

(i) claims for injuries to, or death of, the Seller’s directors, officers, agents or employees, or loss of, or damage to, property of the Seller or its employees when such Losses occur during or are incidental to either party’s exercise of any right or performance of any obligation under this Agreement, and

(ii) claims for injuries to, or death of, third parties, or loss of, or damage to, property of third parties, occurring during or incidental to the Technical Acceptance Flights.

19.2 **Buyer’s Indemnities**

The Buyer will, except in the case of gross negligence or wilful misconduct of the Seller, its directors, officers, agents and/or employees, be solely liable for and will indemnify and hold the Seller, its Affiliates, its subcontractors, and each of their respective directors, officers, agents, employees and insurers, harmless against all Losses arising from:

(i) claims for injuries to, or death of, the Buyer’s directors, officers, agents or employees, or loss of, or damage to, property of the Buyer or its employees, when such Losses occur during or are incidental to either party’s exercise of any right or performance of any obligation under this Agreement, and

(ii) claims for injuries to, or death of, third parties, or loss of, or damage to, property of third parties, occurring during or incidental to (a) the provision of Seller Representatives services under Clause 15 including services performed on board the aircraft or (b) the provision of Aircraft Training Services to the Buyer.

19.3 Notice and Defense of Claims

If any claim is made or suit is brought against a party or entity entitled to indemnification under this Clause 19 (the “Indemnitee”) for damages for which liability has been assumed by the other party under this Clause 19 (the “Indemnitor”), the Indemnitee will promptly give notice to the Indemnitor and the Indemnitor (unless otherwise requested by the Indemnitee) will assume and conduct the defense, or settlement, of such claim or suit, as the Indemnitor will deem prudent. Notice of the claim or suit will be accompanied by all information pertinent to the matter as is reasonably available to the Indemnitee and will be followed by such cooperation by the Indemnitee as the Indemnitor or its counsel may reasonably request, at the expense of the Indemnitor.

*****

19.4 Insurance

19.4.1 For all Aircraft Training Services, to the extent of the Buyer’s undertaking set forth in Clause 19.2, the Buyer will:

(i) cause the Seller, its Affiliates, its subcontractors and each of their respective directors, officers, agents and employees to be named as additional insured under the Buyer’s Comprehensive Aviation Legal Liability insurance policies (in accordance with AVN67B and AVN2001 and 2002 or applicable successor policy thereof or, as the case may be, equivalent endorsements reasonably satisfactory to the Seller). Such insurances shall include war, passenger legal liability, property damage, aircraft third party and airlines general third party legal (including products) liability, and

(ii) with respect to the Buyer’s Hull All Risks and Hull War Risks insurances and Allied Perils, cause the insurers of the Buyer’s hull insurance policies to waive all rights of subrogation against the Seller, its Affiliates, its subcontractors and each of their respective directors, officers, agents, employees and insurers;

provided however, in lieu of any war risk insurance, the Buyer may provide insurance or an indemnity issued by the US Government.

19.4.2 Any applicable deductible will be borne by the Buyer. The Buyer will furnish to the Seller, not less than ***** prior to the start of any Aircraft Training Services, certificates of insurance, in English, evidencing the limits of liability cover and period of insurance coverage in a form reasonably acceptable to the Seller from the Buyer’s insurance broker(s), certifying that such policies have been endorsed as follows:

(i) under the Comprehensive Aviation Legal Liability Insurances, the Buyer’s policies are primary and non-contributory to any insurance maintained by the additional insureds,
(ii) such insurance can only be cancelled or coverage substantially changed which adversely affects the interests of any additional insureds by the giving of not less than ***** (or such lesser period as may be applicable in the case of any war risk, hijacking and allied perils insurance coverage) prior written notice thereof to the additional insureds, and

(iii) under any such cover, all rights of subrogation against the additional insureds have been waived.

21. ASSIGNMENTS AND TRANSFERS

21.1 Assignments

Except as hereinafter provided, neither party may sell, assign, novate or transfer its rights or obligations under this Agreement to any person without the prior written consent of the other, except that the Seller may sell, assign, novate or transfer its rights or obligations under this Agreement to any Affiliate without the Buyer’s consent.

21.2 Assignments on Sale, Merger or Consolidation

The Buyer will be entitled to assign its rights under this Agreement at any time due to a merger, consolidation or a sale of all or substantially all of its assets, provided that:

(i) the surviving or acquiring entity is organized and existing under the laws of the United States;
(ii) the surviving or acquiring entity has executed an assumption agreement, in form and substance reasonably acceptable to the Buyer, agreeing to assume all of the Buyer’s obligations under this Agreement;
(iii) at the time, and after giving effect to the consummation of the merger, consolidation or sale, no Termination Event exists or will have occurred and be continuing;
(iv) the surviving or acquiring entity is an air carrier holding an operating certificate issued by the FAA at the time, and immediately following the consummation of such sale, merger or consolidation; and
(v) upon giving effect to the sale, merger or consolidation.

21.3 Designations by Seller

The Seller may at any time by notice to the Buyer designate facilities or personnel of the Seller or any other Affiliate of the Seller at which or by whom the services to be performed under this Agreement will be performed. Notwithstanding such designation, the Seller will remain ultimately responsible for fulfillment of all obligations undertaken by the Seller in this Agreement.

21.4 Transfer of Rights and Obligations upon Reorganization

In the event that the Seller is subject to a corporate restructuring having as its object the transfer of, or succession by operation of law in, all or substantially all of its assets and liabilities, rights and obligations, including those existing under this Agreement, to a person (the “Successor”) that is an Affiliate of the Seller at the time of that restructuring, for the purpose of the Seller Successor carrying on the

THIS GENERAL TERMS AGREEMENT NO. 6-13616 (hereinafter referred to as this Agreement) dated as of the 30th day of June, 2000, by and between CFM International, Inc. (hereinafter referred to as CFMI), a Delaware corporation jointly owned by General Electric Company (hereinafter referred to as “GE”), a New York corporation and Societe Nationale D’Etude et de Construction de Moteurs d’Aviation (hereinafter referred to as “SNECMA”), a French Company, and Frontier Airlines, Inc., a corporation organized under the law of Colorado (hereinafter referred to as “Airline”). Capitalized terms not defined herein are used as defined in Exhibit B hereto.

WITNESSETH

WHEREAS, Airline has agreed to lease and purchase certain aircraft equipped with CFM installed Engines, and

WHEREAS, the parties hereto desire to enter into this Agreement for the support by CFMI of the installed Engines and the purchase by Airline from CFMI and the sale and support by CFMI of spare Engines, related equipment and spare Parts therefor.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

ARTICLE I – PRODUCTS
CFMI shall sell and Airline shall purchase, under the terms and subject to the conditions hereinafter set forth, the Engines, Modules, spare Parts and other products and equipment identified in the attached Exhibit A, and hereinafter referred to as “Product(s).”

Products purchased hereunder for installation on Airline’s type A319 aircraft shall conform to the specifications for Products installed by the manufacturer on new type A319 aircraft purchased or leased by Airline and shall be interchangeable with, and of the same quality as, such Products.

ARTICLE II – PRICES
The selling prices of Products, including certain spare Parts, shall be the prices as quoted by CFMI and as set forth in each Airline purchase order accepted by CFMI.

A. The selling prices of Engines and related equipment therefor shall be quoted by CFMI as base prices subject to an adjustment for escalation. The escalation provisions currently in effect are set forth in attached Exhibit C and CFMI will advise Airline in writing ***** in advance of any change thereto.

B. The selling price of spare Parts, except for those which may be quoted by CFMI to Airline, shall be those prices set forth in CFMI’s then current CFM56 Engine Spare Parts Price Catalog (“Spare Parts Catalog”) or in procurement data issued by CFMI in accordance with Airline Transport Association of America (ATA) Specification (Spec) 200. The price of a new spare Part which is first listed by CFMI in procurement data, may be changed by CFMI in subsequent procurement data revisions until such time as the Part is included in CFMI’s Spare Parts Catalog as from time to time revised by CFMI.
C. CFMI will advise Airline in writing ***** in advance of any changes in prices in CFMI’s Spare Parts Catalog. During such ***** period, CFMI shall not be obligated to accept Airline purchase orders for quantities of spare Parts in excess of up to ***** normal usage beyond the effective date of the announced price change.

D. The selling prices of all Products shall be expressed in U.S. Dollars.

ARTICLE III – ORDER PLACEMENT

A. In the event of any conflict between this Agreement and the printed terms and conditions appearing on Airline’s purchase orders, this Agreement shall govern, except that the description of Products, price, quantity, delivery dates and shipping instructions shall be as set forth on each purchase order accepted by CFMI.

B. Airline shall place purchase orders for Products quoted by CFMI, in accordance with CFMI’s quotation for said Products.

C. Airline may place purchase orders for spare Parts using one of the following methods: telephone, telegram, facsimile transmission, ARINC or SITA utilizing ATA Spec 200 (Chapter 6 format) or Spec 2000 (Chapter 3 format) or Airline purchase order as prescribed in the Spare Parts Catalog or CFMI’s quotation.

D. Airline shall place purchase orders for initial provisioning quantities of spare Parts as provided in Section III of the attached Exhibit B within ***** following receipt from CFMI of initial provisioning data relating thereto.

E. CFMI’s acknowledgment of each purchase order shall constitute acceptance thereof. If CFMI fails to acknowledge any purchase order within ***** after receipt thereof, such purchase order shall be deemed to have been accepted by CFMI in accordance with its terms. In the case of emergency, shipment of spare Parts by CFMI in accordance with Section III G.2 of Exhibit B shall constitute acceptance of the purchase order for such spare Parts.

ARTICLE IV – DELIVERY

A. Except as otherwise provided under Section III.G. of Exhibit B herein, CFMI shall deliver Products under each purchase order placed by Airline and accepted by CFMI, on a mutually agreed upon schedule consistent with CFMI’s lead times and as set forth in each such purchase order. Delivery dates are subject to (1) prompt receipt by CFMI of all information necessary to permit CFMI to proceed with work immediately and without interruption, and (2) Airline’s compliance with the payment terms set forth herein.

B. Title to and risk of loss of all Products shall pass to Airline upon delivery to the common carrier designated by Airline, Ex-Works, at the point of manufacture, or (2) to storage, in the event shipment cannot be made for reasons set forth in Paragraph C of this Article IV.
Wherever transportation rates and the carrier’s liability for damage depend upon the declared value of the shipment, CFMI will declare such value as will entitle Airline to ship Products at the lowest permissible rates, unless otherwise instructed in writing by Airline.

C. If any Product cannot be delivered when ready due to any acts, or failure to act of Airline, CFMI shall place such Product in storage. In such event, (1) all expenses incurred by CFMI for activities such as, but not limited to, preparation for and placement into storage and handling, storage, inspection, preservation and insurance shall be paid by Airline upon presentation of CFMI’s invoices, and (2) CFMI shall assist and cooperate with Airline in any reasonable manner with respect to the removal of any such Product from storage.

D. Unless otherwise instructed by Airline, CFMI shall deliver each Product, except for spare Parts, packaged in accordance with CFMI’s normal standards for domestic shipment or export shipment. Any special boxing or preparation for shipment specified by Airline shall be for Airline’s account and responsibility. The cost of any re-usable shipping stand or container is not included in the price of Engines or of equipment and will be paid by Airline within ***** of presentation of CFMI’s invoice if such stand or container is not returned by Airline, ex-works the original point of shipment, in the condition in which it was received by Airline within ***** after shipment. CFMI may, at its option, use non-reusable shipping stands or containers at no charge to Airline.

E. CFMI shall deliver spare Parts packaged and labeled in accordance with ATA Spec 300, Revision No. 4, or to a revision mutually agreed in writing between CFMI and Airline. CFMI shall notify Airline, when applicable, that certain spare Parts are packed in unit package quantities (UPQ's), or multiples thereof.

ARTICLE V – PAYMENT

Airline shall pay CFMI with respect to Products purchased hereunder as set forth in the attached Exhibit D.

ARTICLE VI – TAXES

1. The selling prices include and CFMI shall be responsible for the payment of any imposts, duties, fees, taxes, dues or any charges whatsoever imposed or levied in connection with Products prior to their delivery. If claim is made against Airline for any such duties, fees, charges, or assessments, Airline shall immediately notify CFMI and, if requested by CFMI, Airline shall not pay except under protest, and if payment be made, shall use all reasonable effort to obtain a refund thereof. If all or any part of any such taxes, duties, fees, charges or assessments be refunded. Airline shall repay to CFMI such part thereof as CFMI shall have paid, together with any interest received by Airline with respect thereto. CFMI shall pay to Airline, upon demand, all expenses (including penalties and interest, other than any such penalties or interest resulting from the failure of Airline seasonably to pay any such taxes, duties, fees, charges or assessments which it has reason to believe are applicable, unless such nonpayment is directed by CFMI) incurred by Airline in protesting payment and in endeavoring to obtain such refund, in each case at CFMI’s request.
2. Upon delivery, Airline shall be responsible for the payment of all other imposts, duties, taxes, dues or any other charges whatsoever (including without limitation, sales, use, excise, turnover or value added tax but excluding any taxes in the nature of income taxes) imposed or levied in connection with such Products from and after their delivery and Airline shall pay to CFMI, upon demand, or furnish to CFMI evidence of exemption therefrom, any such items legally assessed or levied by any governmental authority against CFMI or its employees, its subsidiaries or their employees. If claim is made against CFMI for any such duties, fees, charges, or assessments, CFMI shall immediately notify Airline and, if requested by Airline, CFMI shall not pay except under protest, and if payment be made, shall use all reasonable effort to obtain a refund thereof. If all or any part of any such taxes, duties, fees, charges or assessments be refunded, CFMI shall repay to Airline such part thereof as Airline shall have paid, together with any interest received by CFMI with respect thereto. Airline shall pay to CFMI, upon demand, all expenses (including penalties and interest other than any such penalties or interest resulting from the failure of CFMI seasonably to pay any such taxes, duties, fees, charges or assessments which it has reason to believe are applicable, unless such nonpayment is directed by Airline) incurred by CFMI in protesting payment and in endeavoring to obtain such refund, in each case at Airline’s request.

ARTICLE VII – CFM56 PRODUCT SUPPORT PLAN
The CFM56 Product Support Plan for Products, either purchased by Airline from CFMI or installed on Airline’s Aircraft as original equipment, and Airline’s operation thereof is set forth in the attached Exhibit B.

ARTICLE VIII – EXCUSABLE DELAY
CFMI shall not be liable for delays in delivery or failure to deliver due to *****. As used herein, the term “CFMI” shall be deemed to mean CFMI, GE and SNECMA. In the event of any such delay, the date of delivery shall be extended for a period equal to the time lost by reason of the delay. This provision shall not, however, relieve CFMI from using reasonable efforts to continue performance whenever such causes are removed. The final invoice price at the time of delivery following any delay referred to in this Article VIII (other than any such delay caused by Airline) shall be the invoice price at the originally scheduled delivery date set forth in the applicable purchase order. CFMI shall promptly notify Airline when delays occur or impending delays are likely to occur and shall continue to advise it of new shipping schedules and/or changes thereto. In the event an excusable delay continues, or CFMI advises Airline that such a delay is likely to continue for a period of ***** or more beyond the scheduled delivery date. Airline may, upon ***** written notice to CFMI, cancel all or any part of any purchase order so delayed. In the event an excusable delay continues, or CFMI advises Airline that such a delay is likely to continue for a period of ***** or more beyond the scheduled delivery date, Airline or CFMI may, upon ***** written notice to the other, cancel all or any part of any purchase order so delayed. Upon any cancellation pursuant to this Article VIII, CFMI shall return to Airline all payments relative to the canceled part of the order. Airline shall pay CFMI its reasonable cancellation charges if the delay arises due to acts of Airline.
ARTICLE IX – PATENTS

A. CFMI hereby indemnifies and agrees to hold Airline harmless from and against, and shall handle all claims and defend any suit or proceeding brought against Airline insofar as based on, any claim that without further combination, any Product furnished under this Agreement constitutes an infringement of any patent of the United States or of any patent of any other country that is signatory to Article 27 of the Convention on International Civil Aviation signed by the United States at Chicago on December 7, 1944, in which Airline is authorized to operate or in which another airline pursuant to lawful interchange, lease or similar arrangement, operates aircraft of Airline. This paragraph shall apply only to any Product manufactured to CFMI’s design.

B. CFMI’s liability hereunder is conditioned upon Airline promptly notifying CFMI in writing and giving CFMI authority, information and assistance (at CFMI’s expense) for the defense of any suit or proceeding. In case such Product is held in such suit or proceeding to constitute infringement and/or the use of said Product is enjoined or otherwise prohibited, CFMI shall *****

The foregoing shall constitute the sole remedy of Airline and the sole liability of CFMI for patent infringement.

ARTICLE X – INFORMATION AND DATA

A. All technical information and data (including, but not limited to, designs, drawings, blueprints, tracings, plans, models, layouts, specifications, and memoranda) which may be furnished or made available to Airline directly or indirectly as the result of this Agreement shall remain the property of CFMI, GE or SNECMA as the case may be. This information and data is proprietary to CFMI and shall neither be used by Airline nor furnished by Airline to any other person, firm or corporation for the design or manufacture of any Product nor permitted out of Airline’s possession nor divulged to any other person, firm or corporation, except as required by law or court order (provided Airline shall first give CFMI prompt written notice of any such law or court orders and such notice affords CFMI a reasonable opportunity to object to such disclosure or otherwise seek an appropriate protective order) or as otherwise provided herein or agreed in writing. Nothing in this Agreement shall preclude Airline from using such information and data for modification, overhaul, or maintenance work performed by Airline on Airline’s Products; except that all repairs or repair processes that require substantiation (including, but not limited to, high technology repairs) will be the subject of a separate license and substantiated repair agreement between CFMI and Airline. As an alternative to CFMI engine maintenance centers and Airline’s own maintenance facilities, CFMI will negotiate in good faith with a third party engine maintenance facility for CFM56 engine overhaul subject to acceptance of CFMI’s licensing terms by such third party engine maintenance facility. Airline shall take all steps reasonably necessary to insure compliance by its employees, and agents with this Article X. The instrument by which Airline transfers any Product may permit the use of such information and data by its transferees, subject to the same limitations set forth above.
B. Nothing in this Agreement shall convey to Airline the right to reproduce or cause the reproduction of any Product of a design identical or similar to that of the Product purchased hereunder or give to Airline a license under any patents or rights owned or controlled by CFMI, GE or SNECMA.

C. If computer software is provided by CFMI to Airline under this Agreement, it is understood that only CFMI owns and/or has the right to license such software product(s) and that Airline shall have no rights in such software; except, as may be explicitly set forth in a separate written agreement between CFMI and Airline.

ARTICLE XI – FAA AND DGAC CERTIFICATION REQUIREMENTS

A. All Products shall, at time of delivery;
   1. Conform to a Type Certificate issued by the FAA and DGAC, if applicable;
   2. Conform to applicable regulations issued by the FAA and DGAC; and
   3. Be delivered with an export certificate of airworthiness, if applicable, for export to the United States.

B. If, subsequent to the date of acceptance of the purchase order for such Products but prior to their delivery by CFMI to Airline, the FAA and/or DGAC issue changes in regulations covering Products sold under this Agreement then CFMI will make any modifications necessary to cause such Products to comply with such regulations and all costs associated with such modifications, if any, required as a result thereof, will be shared equally by CFMI and Airline; provided however, that costs associated with any modifications to the airframe required by such Product modifications shall not be borne by CFMI.

C. Any delay occasioned by complying with such regulations set forth in Paragraph B above shall be deemed an Excusable Delay under Article VIII hereof, and, in addition, appropriate adjustments shall be made in the specifications to reflect the reflect of compliance with such regulations.
ARTICLE XII – TERMINATION FOR INSOLVENCY

A. Upon the commencement of any bankruptcy or reorganization proceeding by or against either party hereto (the “Defaulting Party”), the other party hereto may, upon written notice to the Defaulting Party, cease to perform any and all of its obligations under this Agreement and the purchase orders hereunder (including, without limitation, continuing work in progress and making deliveries or progress payments or downpayments) unless the Defaulting Party shall provide adequate assurance, in the opinion of the other party hereto, that the Defaulting Party will continue to perform all of its obligations under this Agreement and the purchase orders hereunder in accordance with the terms hereof, and will promptly compensate the other party hereto for any actual pecuniary loss resulting from the Defaulting Party being unable to perform in full its obligations hereunder and under the purchase orders. If the Defaulting Party or the trustee thereof shall fail to promptly provide such adequate assurance, upon notice to the Defaulting Party by the other party hereto, this Agreement and all purchase orders hereunder shall be canceled, any deposits shall be promptly returned, and neither party shall have any further obligation to the other hereunder, except such obligations which have accrued prior to such cancellation.

B. Either party, at its option, may cancel this Agreement or any purchase order hereunder with respect to any or all of the Products to be furnished hereunder which are undelivered or not furnished on the effective date of such cancellation by giving the other party written notice, as hereinafter provided, at any time after a receiver of the other’s assets is appointed on account of insolvency, or the other makes a general assignment for the benefit of its creditors and such appointment of a receiver shall remain in force undismissed, unvacated or unstayed for a period of ***** thereafter. Such notice of cancellation shall be given ***** prior to the effective date of cancellation, except that, in the case of a voluntary general assignment for the benefit of creditors, such notice need not precede the effective date of cancellation.

ARTICLE XIII – WARRANTIES: LIMITATION OF LIABILITY

A. CFMI’s warranties with respect to Products, either purchased by Airline from CFMI or installed on Airline’s Aircraft as original equipment, are set forth in Section II of Exhibit B.

B. CFMI warrants to Airline that it will convey good title to any Products sold hereunder, free and clear of any liens, claims or encumbrances whatsoever; provided that CFMI’s liability and Airline’s remedy under the foregoing warranty are ***** provided further that Airline’s rights and remedies with respect to patent infringement are as set forth in Article IX hereof.

C. Except as provided in this Article XIII and in Article IX hereof, the liability of CFMI ***** As used herein, the term “CFMI” shall be deemed to include GE, SNECMA and CFMI. THE WARRANTIES AND GUARANTEES SET FORTH IN THE PRODUCT SUPPORT PLAN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND GUARANTEES WHETHER WRITTEN, STATUTORY, ORAL, OR IMPLIED (INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE).

ARTICLE XIV – EXPORT SHIPMENT

If CFMI agrees in writing upon Airline’s written request, to assist Airline to arrange for export shipment of Products, Airline shall pay CFMI for all fees and expenses including, but not limited to, those covering preparation of consular invoices, freight, storage, and Warehouse to Warehouse (including war risk) insurance, upon submission of CFMI’s invoices. In such event, CFMI will assist Airline in applying for any required export license and in preparing consular documents according to Airline’s instructions or in the absence thereof, according to its best judgment but without liability for error or incorrect declarations including, but not limited to, liability for fines or other charges.

ARTICLE XV – GOVERNMENTAL AUTHORIZATION

CFMI shall be responsible for obtaining any Export Certificate of Airworthiness and any export license required in respect of Products when delivered new to Airline for export to the United States. Airline shall be responsible for obtaining any other required authorization such as any other export license, import license, exchange permit or any other required governmental authorization. Airline shall restrict disclosure of all information and data furnished thereto under this Agreement and shall ship the direct product of such information and data to only those destinations which are authorized by the U.S. and/or French Governments. At the request of Airline, CFMI will provide Airline with a list of such authorized destinations. CFMI shall not be liable if any authorization is delayed, denied, revoked, restricted or not renewed and Airline shall not be relieved of its obligation to pay CFMI.

ARTICLE XVI – NOTICES

ARTICLE XVII – MISCELLANEOUS

A. This Agreement may not be assigned, in whole or in part, by either party without the prior written consent of the other party, except that (i) CFMI’s consent shall not be required for (a) the substitution of an affiliate of Airline in place of Airline, (b) the assignment by Airline of its rights and obligations hereunder to the surviving or acquiring entity in any merger, consolidation or sale of all or substantially all of its assets, if, immediately following such merger, consolidation or sale, the surviving or acquiring entity is in a financial condition at least equal to that of the Airline at the time immediately prior to such merger, consolidation or sale, and such entity executes an assumption agreement, in form and substance reasonably acceptable to CFMI, agreeing to assume all of Airline’s obligations hereunder, or (c) the assignment by Airline of its rights under Section II of Exhibit B hereto to a lender or financier as security for Airline’s obligations in connection with any financing of an Engine or an aircraft on which an Engine is installed, and (ii) Airline’s consent shall not be required for the substitution of any other company jointly owned by GE and SNECMA in place of CFMI as the contracting party and the recipient of any or all payments and/or for the assignment of CFMI’s payment rights to CFMI’s suppliers. No assignment by either party shall increase any cost or liability of the other hereunder, or modify in any way such other party’s contract rights hereunder, and each party agrees that notwithstanding any such assignment it remains fully and solely responsible in accordance with the terms and obligations of this Agreement for all of its obligations and liabilities hereunder.

B. The rights herein granted and this Agreement are for the benefit of the parties hereto and are not for the benefit of any third person, firm or corporation, except as expressly provided herein with respect to GE and SNECMA, and nothing herein contained shall be construed to create any rights in any third parties under, as the result of, or in connection with this Agreement.

C. This Agreement contains information specifically for Airline and CFMI and, except as permitted pursuant to Article X hereof, nothing herein contained shall be divulged by Airline or CFMI to any third person, firm or corporation, without the prior written consent of the other party which consent shall not be unreasonably withheld. Notwithstanding the foregoing, Airline may disclose this Agreement (i) to its agents and professional advisors, (ii) to prospective lenders or financiers with respect to the Engines or an aircraft on which an Engine is installed, (iii) to prospective transferees or operators of the Engines or such aircraft, and (iv) as otherwise required by law (including any governmental agency) or by court order, and all of the persons and entities set forth in (i), (ii) and (iii) above shall agree in writing not to divulge to others without the prior written consent of CFMI. If Airline is required to disclose pursuant to subparagraph (iv) above, Airline shall first give CFMI written notice of any such law or court order, and such notice shall afford CFMI a reasonable opportunity to object to such disclosure or otherwise seek an appropriate protective order. Airline and CFMI shall also work together to provide to the S.E.C. an agreed to redacted version of the Agreement.
D. This Agreement shall be construed, interpreted and applied in accordance with the law of the State of New York. Each of CFMI and Airline (i) hereby irrevocably submits itself to the nonexclusive jurisdiction of the courts of the state of New York, New York County, and of the United States District Court for the Southern District of New York, for the purposes of any suit, action or other proceeding arising out of this Agreement, the subject matter hereof or any of the transactions contemplated hereby brought by any party or parties hereto, and (ii) hereby waives, and agrees not to assert, by way of motion, as a defense or otherwise, in any such suit, action or proceeding, to the extent permitted by applicable law, any defense based on sovereign or other immunity or that the suit, action or proceeding which is referred to in clause (i) above is brought in an inconvenient forum, that the venue of such suit, action or proceeding is improper, or that this Agreement or the subject matter hereof or any of the transactions contemplated hereby may not be enforced in or by these courts. Each party hereby generally consents to service of process by registered mail, return receipt requested, at its address for notice under this Agreement. The United Nations Conference on contracts for the International Sale of Goods shall not apply to this Agreement.

E. This Agreement and all Letter Agreements relating hereto contain the entire and only agreement between the parties, and supersede all pre-existing agreements between such parties, respecting the subject matter hereof; including General Terms Agreement No. 613328, dated November 13, 1995 and any representation, promise or condition in connection therewith not incorporated herein shall not be binding upon either party. No modification, renewal, extension, waiver, or termination by mutual consent of this Agreement or any of the provisions herein contained shall be binding unless it is made in writing and signed on behalf of CFMI and Airline by duly authorized executives.

F. Any provision in this Agreement to the contrary notwithstanding (including, in particular the provisions of Exhibit B hereto), the maintenance, removal, repair or replacement of Products, the order and storage thereof, as well as manuals, training and tooling in support thereof shall be controlled by and subject to any applicable law, rule or regulation and to the conditions set forth in any applicable governmental authorization.

G. The provisions of Articles IX – Patents, X – Information and Data, XIII – Warranties; Limitation of Liability and XV – Governmental Authorization and Paragraph C of Article XVII shall survive any expiration or termination of this Agreement.

H. This Agreement shall remain in full force and effect until (1) Airline ceases to operate at least one Aircraft powered by Products set forth herein, (2) less than five aircraft powered by such Products are in commercial airline service, (3) this Agreement is terminated in whole or in part under either the provisions of Article VIII – Excusable Delay or Article XII – Termination for Insolvency herein, or (4) by mutual consent of the parties, whichever occurs first.
IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the day and the year first above written.

SECTION I – DEFINITIONS

These definitions shall apply for all purposes of this Agreement unless the context otherwise requires.

1. “Aircraft” means each of the aircraft on which an Engine is installed.

2. “Agreement” means the General Terms Agreement No. 6-13616 between CFMI and Airline, to which this Exhibit B is attached.

3. “Engine(s)” means the Engine(s) described in Exhibit A.

4. “Expendable Parts” means those parts which must routinely be replaced during Inspection, repair, or maintenance, whether or not such parts have been damaged, and other parts which are customarily replaced at each such Inspection and maintenance period such as filter inserts and other short-lived items which are not dependent on wear out but replaced at predetermined intervals.

5. “Failed Parts” means those Parts or Expendable Parts suffering a Failure or mutually determined to have caused the Engine to be unserviceable and incapable of continued operation without requiring corrective action and shall include any Part or Expendable Part with a defect in material or workmanship or that otherwise fails to conform to CFMI’s applicable specifications and such failure to conform to the applicable CFMI specification causes the Engine to be unserviceable and incapable of continued operation.

6. “Flight Cycle” means the complete running of an Engine from start through any condition of flight and ending at Engine shutdown. A “touch and go landing” used during pilot training shall be considered as a “Flight Cycle.”

7. “Flight Hours” means the cumulative number of airborne hours in operation of each Engine computed from the time an aircraft leaves the ground until it touches the ground at the end of a flight.

8. “Foreign Object Damage” means any damage to the Engine caused by objects which are not part of the Engine or engine optional equipment.
10. “Inspection” means the observation of an Engine or Parts thereof, through disassembly or other means, for the purpose of determining serviceability.

11. “Labor Allowance” means a CFMI credit ***** The “established labor rate” means either (a) the then current labor rate mutually agreed between CFMI and Airline if the work has been performed by Airline, or (b) the then current labor rate agreed between CFMI and the CFMI authorized repair and overhaul shop if the work has been performed by such repair and overhaul shop.

12. “Module” means each of the Engine Modules described in Exhibit A.

13. “Part(s)” means only those Engine and Engine Module Parts which have been sold originally to Airline by CFMI for commercial use. The term excludes parts which were furnished on new Engines and Modules but are procured directly from vendors. Such parts are covered by the Vendor Warranty and the CFMI “Vendor Warranty Back Up.” Also excluded are Expendable Parts and customary short-lived items such as igniters and filter inserts.

14. “Parts Credit Allowance” means the credit granted by CFMI to Airline ***** ex-works, Evendale, or ex-works point of manufacture at the time the Part or Expendable Part is removed. *****

15. “Part Cycles” means the total number of Flight Cycles accumulated by a Part.

16. “Parts Repair” means the CFMI recommended rework or restoration of Failed Parts to a serviceable condition, excluding repair of normal wear and tear and deterioration.

17. “Part Time” means the total number of Flight Hours flown by a Part.

18. “Scheduled Inspection” means the inspection of an Engine conducted when an Engine has approximately completed a planned operating interval.

19. “Scrapped Parts” means those Parts determined to be unserviceable and not repairable by virtue of reliability, performance or repair costs. Such Parts shall be considered as scrapped if they bear a scrap tag duly countersigned by a CFMI representative. Such Parts shall be disposed of by Airline unless requested by CFMI for engineering analysis, in which event any handling and shipping shall be at CFMI’s expense.

20. “Ultimate Life” of a Part means the approved limitation on use of a Part, in cumulative Flight Hours or Flight Cycles, which either CFMI or a U.S. and/or French Government authority establish as the maximum period of allowed operational time for such Parts in Airline service, with periodic repair and restoration. The term does not include individual Failure from wear and tear or other cause not related to the total usage capability of all such Parts in Airline service.

E. Warranty Pass-On

If requested by Airline and consented to by CFMI in writing which consent will not be unreasonably withheld, CFMI will extend warranty support for Engines sold by Airline to commercial Airline operators, or to other aircraft operators. Such warranty support will be ***** will require such operator(s) to agree, in writing, to be bound by, and comply with, all the terms and conditions, including the limitations, applicable to such warranties as set forth in this Agreement.

If Airline acquires Products from another Airline or operator of Products, and such Airline or operator has an agreement with CFMI, CFMI will agree to extend the CFMI warranty support, if any, remaining in respect of such Products as extended by CFMI to such Airline or operator.

F. Vendor Warranty Back-Up

1. CFMI controls and accessories vendors provide a warranty on their products used on CFMI Engines. This warranty applies to controls and accessories sold to CFMI for delivery on installed or spare Engines, and controls and accessories sold by the vendor to the Airlines on a direct purchase basis. In the event the controls and accessories suffer a failure during the vendor's warranty period, the Airline will submit a claim directly to the vendor in accordance with the terms and conditions of the vendor's warranty.

2. In the event a controls and accessories vendor fails to provide a warranty at least as favorable as the CFMI New Engine Warranty (for complete controls and accessories) or New Parts Warranty (for components thereof), or if provided, rejects a proper claim from the Airline, CFMI will intercede on behalf of the Airline to resolve the claim with the vendor. In the event CFMI is unable to resolve a proper claim with the vendor, CFMI will honor a claim from the Airline under the provisions and limitations of CFMI's New Engine or New Parts Warranty, as applicable. Settlements under this vendor back-up warranty will exclude credits for resultant damage to or from controls and accessories procured directly by Airline from vendors.
G. **Vendor Interface warranty**

1. Should any CFMI control or accessory, for which CFMI is responsible, develop a problem due to its environment or interface with other controls and accessories or with the Engine, reverser, or equipment supplied by the aircraft manufacturer, CFMI will be responsible for initiating corrective action. If the vendor disclaims warranty responsibility for parts requiring replacement, CFMI will apply the provisions of its New Parts Warranty to such part whether it was purchased originally from CFMI or directly from the vendor.

H. **Condition Monitoring Warranty**

1. CFMI warrants CFM56 condition monitoring equipment, installed on new Engines, in accordance with the provisions of its New Engine Warranty as heretofore set forth, *****.

2. CFMI warrants CFM56 condition monitoring equipment, purchased as spare Parts, in accordance with the provisions of its New Parts Warranty as heretofore set forth.

I. **Special Tools and Test Equipment Warranty**

1. CFMI warrants to Airline that special tools and test equipment sold hereunder will, at the time of delivery, be free from defects in material, workmanship, and title.

2. If it appears within ***** from the date of delivery that any special tool or test equipment delivered hereunder does not meet the warranties specified in Paragraph 1. above and the Airline so notifies CFMI in writing prior to the expiration of ***** after the end of that ***** period, CFMI shall, at its option, correct any such defects either by repairing the defective item or by making available a repair or replacement item, ex-works, as designated by CFMI, or by refunding the purchase price of such item. At the request of CFMI, Airline, at its expense, shall ship the defective item to a location on the Airline’s system designated by CFMI.

3. CFMI reserves the right to make changes in design and add improvements without incurring any obligation to make, at CFMI’s expense, the same on other special tools or test equipment previously sold by CFMI.

4. This warranty is applicable only if the special tools and test equipment are operated, handled, used, maintained and repaired in accordance with CFMI’s then-current recommendations as stated in its manuals, bulletins or other written recommendations, as supplied to Airline by CFMI.

B-8
J. Special Guarantees

The following special guarantees apply to all of Airline’s new CFM56-5B5/P powered A319 Aircraft. The basis and conditions for application of these guarantees are described in Attachment A hereto.

1. **In-flight shut-down (“IFSD”) Rate Guarantee**

   CFMI guarantees that Airline will experience ***** Engine-caused IFSD’s during the first ***** of revenue service. If at any time during the guarantee period Airline experiences an Engine-caused IFSD, CFMI will provide Airline a credit against purchases from CFMI in the amount of US ***** for each such IFSD.

   For purposes of this guarantee, an “IFSD” is defined as (i) when an Engine Part Fails or malfunctions causing an Engine-imposed shutdown during flight or (ii) subject to investigation to verify compliance with the Flight Crew operating manual, when the flight crew elects to shut off fuel to the Engine during flight solely due to an Engine Part Failure or malfunction.

2. **Delay and Cancellation Rate Guarantee**

   CFMI guarantees that Airline’s ***** cumulative Engine-caused Delay (in excess of *****) and Cancellation rate for revenue flights will not exceed *****; if at the end of the guarantee period the guaranteed rate is exceeded, CFMI will provide Airline a credit against purchases from CFMI in the amount of US ***** for each Engine-caused Delay or Cancellation in excess of the guaranteed rate.

   “Delays and Cancellations” are defined in Attachment B.

3. **Remote Site Removal Rate Guarantee**

   CFMI guarantees that Airline will experience no Engine Remote Site Removal during the first ***** of its Engine revenue service. If Airline experiences such a Remote Site Removal, CFMI will provide Airline a credit against purchases from CFMI in the amount of US***** for each such removal.

   For purpose of this guarantee, “Remote Site Removal” is defined as an Engine-caused Failure requiring Engine removal from the Aircraft at any location except Denver.

4. **Extended New Engine Warranty**

   CFMI guarantees that Airline’s new Engines and Engine Modules will operate without Failure requiring removal for the first *****.
Should an Engine or Engine Module be removed due to a Failure covered by this guarantee, CFMI will provide *****. Thereafter, the Parts Credit Allowance and Labor Allowance will decrease *****.

Annual settlements will be conducted with respect to each of the foregoing special guarantees. Final settlement for the guarantee shall occur at the end of the guarantee period. In the event an annual settlement results in a credit to Airline because the guaranteed rate is exceeded at that time but the guarantee is met at either a subsequent interim settlement or the final settlement, then such credit shall be repaid by Airline at such time. In the event the guarantee is not subsequently met, the interim settlement shall be offset against any subsequent amount due under the guaranteed cumulative rate.

THE WARRANTIES AND GUARANTEES SET FORTH IN THIS PRODUCT SUPPORT PLAN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND GUARANTEES, WHETHER WRITTEN, STATUTORY, ORAL, OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE).

SECTION III – SPARE PARTS PROVISIONING

A. Provisioning Data
   1. In connection with Airline’s initial provisioning of spare Parts, CFMI shall furnish Airline with data in accordance with ATA 2000 Specification using a revision mutually agreed to in writing by CFMI and Airline.
   2. It is the intention of the parties hereto to comply with the requirements of the ATA 2000 Specification and any future changes thereto, except that neither party shall deny the other the right to negotiate reasonable changes in the procedures or requirements of the Specification which procedures or requirements, if complied with exactly, would result in an undue operating burden or unnecessary economic penalty.

The data to be provided by CFMI to Airline shall encompass all Parts listed in CFMI’s Illustrated Parts Catalogs. CFMI further agrees to become total supplier of Initial Provisioning Data for all vendor spare Parts in accordance with Paragraph 1. above.

3. Beginning on a date no later than ***** prior to delivery of Airline’s first Aircraft, or as mutually agreed, CFMI shall provide to Airline a complete set of Initial Provisioning Data and shall progressively revise this data until ***** after delivery of the last spare Engine specified in its initial purchase order or as mutually agreed. A status report will be issued periodically. Provisioning data will be re instituted for subsequent spare Engines reflecting the latest modification status. CFMI will make available a list of major suppliers as requested by Airline. CFMI will provide, or cause to be provided on behalf of its vendors, the same service detailed in this clause.
B. Pre-Provisioning Conference

A pre-provisioning conference, attended by CFMI and Airline personnel directly responsible for initial provisioning of spare Parts hereunder, will be held at a mutually agreed time and place prior to the placing by Airline of initial provisioning purchase orders. The purpose of this conference is to discuss systems, procedures and documents available to the Airline for the initial provisioning cycle of the Products.

C. Changes

CFMI shall have the right to make corrections and changes in the Initial Provisioning Data in accordance with Chapter 2 (Initial Provisioning) of Chapter 1 of ATA 2000 Specification using a revision mutually agreed to in writing by CFMI and Airline. So long as Airline operates one (1) aircraft powered by CFM56 Engines and there are five (5) such aircraft powered by CFM56 Engines in commercial Airline service, CFMI will, at no cost to Airline, progressively revise Airline’s Procurement Data tape in accordance with Chapter 3 (Order Administration) of Chapter 2 of ATA 2000 Specification entitled “Integrated Data Processing Supply” using a revision mutually agreed to in writing by CFMI and Airline.

D. Return Of Parts

Airline shall have the right to return to CFMI, at CFMI’s expense, any new or unused Part which has been shipped in excess of the quantity ordered or which is not the part number ordered or which is in a discrepant condition except for damage in transit.

E. Parts Buy-Back

CFMI will agree to repurchase within the first ***** after delivery of the first Aircraft to Airline, and at the invoiced price, any new and unused initially provisioned spare Parts purchased from CFMI which CFMI recommended that Airline purchase, in the event Airline finds such Parts to be surplus to Airline’s needs. Parts which become surplus to Airline’s needs by reason of Airline’s decision to upgrade or dispose of Products or resulting from a change in the Beet operating conditions supplied by Airline, upon which the CFMI initial provisioning recommendation was established, are excluded from this provision. Shipping costs for parts returned will be paid by Airline.

F. Parts of Modified Design

1. CFMI shall have the right to make modifications to design or changes in the spare Parts sold to Airline hereunder.

2. CFMI will from time to time inform Airline in accordance with the means set forth in ATA 2000 Specification, when such spare Parts of modified design become available for shipment hereunder.

B-11
spare Parts of the modified design will be supplied unless Airline advises CFMI in writing of its contrary desire within ***** of the issuance of the Service Bulletin specifying the change to the modified Parts. In such event, Airline may negotiate for the continued supply of spare Parts of the premodified design at a rate of delivery and price to be agreed upon.

G. Spare Parts Availability

1. CFMI will ship reasonable quantities (defined as ***** normal usage) of spare Parts which are included in CFMI’s Engine Spare Parts Catalog within a ***** lead time following receipt of an acceptable purchase order from Airline. Spare Parts and other CFMI furnished material which are not included in the CFM56 Engine Spare Parts Price Catalog and for which lead time has not been quoted will be shipped as quoted by CFMI.

2. CFMI will maintain a stock of spare Parts to cover Airline’s emergency needs. For purposes of this Paragraph, emergency is understood by CFMI and Airline to mean the occurrence of any one of the following conditions:

   Airline will order spare Parts according to lead time as provided in Paragraph 1. above, but should Airline’s spare Parts requirements arise as a result of an emergency, Airline can draw such spare Parts from CFMI’s stock. A 24-hour telephone service is available to Airline for this purpose. If an emergency does exist, CFMI will ship required spare Part(s) within the time period set forth below following receipt of an acceptable purchase order from Airline.

   AOG – Aircraft on Ground
   Critical – Imminent AOG or Work Stoppage
   Expedite – Less than Normal Lead Time

SECTION IV – TECHNICAL DATA

A. CFMI shall make available to Airline the technical data, including revisions thereof, at no charge, in the quantities as specified in Exhibit E and at a time and to a location as mutually agreed.

   Such technical data shall be prepared by CFMI in accordance with the applicable provisions of ATA 100 or 2100 Specification (including necessary deviations) as the same may be revised from time to time.

   If Airline requires CFMI to furnish the technical data in a form different from that normally furnished by CFMI pursuant to ATA 100 or 2100 Specification, or in quantities greater than those specified in Exhibit E, CFMI will, upon written request from Airline, furnish Airline with a written quotation for furnishing such technical data.
Revisions to the above technical data shall be furnished by CFMI to Airline at no charge for quantities equivalent to the quantities specified in Exhibit E for as long as Airline operates ***** CFM56 powered aircraft in commercial airline service. Such quantities of revisions may be mutually modified in order to reflect any change in Airline's CFM56 operation.

CFMI shall incorporate in the Engine Illustrated Parts Catalog and the Engine Manual all appropriate CFMI Service Bulletins for as long as Airline receives revisions to technical information or data. Premodified and postmodified configurations shall be included by CFMI unless Airline informs CFMI that a configuration is no longer required.
B. CFMI will require each vendor to furnish technical data consisting of copies of a component maintenance manual and service bulletins. Such vendor publications shall be furnished by CFMI to Airline in accordance with and subject to the same provisions as those set forth in Paragraph A. above.

C. CFMI will also require its ground support equipment vendors, where appropriate, to furnish to Airline, at no charge, technical data determined by CFMI to be necessary for Airline to maintain, overhaul and calibrate special tools and test equipment. Such vendor-furnished technical data shall be furnished in accordance with and subject to the same provisions as those set forth in Paragraph A. above, except that the technical data shall be prepared in accordance with the applicable provisions of ATA 101 Specification, as the same may be revised from time to time.

D. The following technical data, not covered by ATA Specifications, shall be furnished by CFMI to Airline in the quantities and at a time and to a location as mutually agreed:
   - Installation Manual (if required)
   - General Facility Study
   - Parts serialization records

E. Where applicable, technical data as described in the above Paragraphs A. B. and D., furnished by CFMI or by CFMI vendors to Airline hereunder, shall be printed in the simplified English language as defined by AECMA (Association Europeenne des Constructeurs de Material Aerospatial).

F. In addition to the above technical data to be furnished by CFMI to Airline, CFMI will have available with its resident representatives, where appropriate, one set of 35MM aperture cards or equivalent of each part and/or assembly drawing. CFM will also supply, on request, in 35MM aperture card format, one (1) copy of each special tool and equipment drawing.

G. All technical data furnished herein by CFMI to Airline shall be subject to the provisions of Article X, “Information and Data”, of this Agreement.

SECTION V – TECHNICAL TRAINING

1. General
   This part describes the current maintenance training to be provided by CFMI at CFMFs training facility in Springdale, Ohio. CFMI will provide at no charge to Airline, except as otherwise provided herein, a number of student days* for maintenance training as defined hereunder:
   - *****
   - *****
These days will be selected from the list given in (3), “Standard Maintenance Training” below. Any additional training beyond this threshold shall be at Airline’s cost. It is necessary for Airline to use the maintenance training days prior to delivery of the first aircraft, unless the parties have otherwise agreed in writing.

All instruction, examinations and materials shall be prepared and presented in the English language and in the units of measure used by CFMI. Airline will provide interpreters, if required, for Airline’s personnel.

Airline will be responsible for the living and medical expenses of Airline’s personnel during maintenance training. For maintenance training provided at Springdale, Ohio, CFMI will assist Airline’s personnel in making arrangements for hotels and transportation between selected lodging and the training facility.

2. **Maintenance Training Conference**

   No later than twelve months prior to delivery of Airline’s first aircraft, CFMI and Airline will conduct a maintenance training conference call in order to schedule and discuss the maintenance training or, Airline is welcome to visit CFMI’s training facilities and discuss training. During the maintenance training conference call or visit, Airline will indicate the courses selected and arrange a mutually acceptable schedule.

* Student days = # of students X # of class days

3. **Standard Maintenance Training**

   Standard Maintenance Training will consist of computer based training or classroom presentations supported by training materials and, when applicable, hands-on practice. Training material will be based on ATA104 guidelines.

   - ATA104 – Level I – General Familiarization
   - ATA104 – Level II – Ramp and Transit
   - ATA104 – Level III – Line and Base Maintenance
   - ATA104 – Level IV – Specialized Training
     - Major Module Replacement
     - Module Replacement
     - Fan Trim Balance
     - Borescope Inspection
4. Optional Maintenance Training

Non-standard maintenance training courses are described in the current CFMI Training Course Syllabus and CFMI will provide a quote upon request.

5. Training at a Facility Other Than CFMI’s

If requested prior to the conclusion of the maintenance training planning conference call or visit, CFMI will conduct the classroom training described in (3), “Standard Maintenance Training” at a mutually acceptable alternate training site, subject to the following conditions.

5.1 *****
5.2 *****
5.3 *****
5.4 *****

6. Supplier Training

The standard maintenance training includes sufficient information on the location, operation and servicing of engine equipment, accessories and parts provided by suppliers to support line maintenance functions.

If Airline requires additional maintenance training with respect to any supplier-provided equipment, accessories or parts, Airline will schedule such training directly with the supplier.

7. Student Training Material

7.1 Manuals

When required, CFMI will provide, at the beginning of each maintenance training course, one set of training manuals, or equivalent, for each student attending such course.

7.2 Other Training Material

CFMI will provide one set of the following training material, per course, as applicable.

- Video Tapes – CFMI will lend a set of video tapes on 3⁄4 inch U-matic or 1⁄2 inch VHS cassettes in NTSC, PAL or SECAM standard, as selected by Airline.
SECTION VI – CUSTOMER SERVICE
A. CFMI shall assign to Airline *****, a Customer Support Manager located at CFMI’s factory to provide and coordinate appropriate liaison between the Airline and CFMI’s factory personnel.
B. CFMI shall also make available to Airline on an as-required basis, *****, a Field Service Representative as CFMI’s representative at Airline’s maintenance base plus a Shop Specialist to be assigned by CFMI to the engine shop facility selected by Airline. These specialists will assist Airline in areas of unscheduled maintenance action and scrap approval and will provide rapid communication between Airline’s maintenance base and CFMI’s factory personnel.

SECTION VII – PRODUCT SUPPORT ENGINEERING
Factory based engineers who are specialized in powerplant engineering problems are available, at no charge to Airline, to make visits to Airline as mutually agreed when problems are encountered. These engineers will coordinate with the CFM56 design engineers and Airline’s powerplant engineering group. Where specific design problems require a better understanding of Airline’s experience, design engineers will work directly with Airline’s powerplant engineering personnel to solve the problem.

SECTION VIII – OPERATIONS ENGINEERING
Operations Engineering survey teams are available, at no charge to Airline, to make surveys of Airline maintenance and operating procedures as mutually agreed by Airline and CFMI. These survey teams will be able to provide service to all Airlines operating CFM56 Engines. This group will include experienced operations engineers who will be available for flying jump-seat on CFM56-powered aircraft, and discussing operating procedures with the crews.

SECTION IX – GROUND SUPPORT EQUIPMENT
CFMI will provide to Airline, *****, maintenance and repair tooling and fixture drawings it has designed for the Engines. Engine maintenance tooling, lifting devices, transportation devices, and accessory or component stands will be offered for sale to Airline by CFMI, and can also be procured from vendors.

SECTION X – GENERAL CONDITIONS – CFM56 PRODUCT SUPPORT PLAN
A. Airline will maintain adequate operational and maintenance records and make these available for CFMI inspection.
B. The warranty and guarantee provisions of this CFM56 Product Support Plan will not apply to any Product if it has been reasonably determined the Engine or any Parts thereof:
   • Has not been properly installed or maintained; or
• Has been operated contrary to applicable CFMI recommendations as contained in its Manual, Bulletins, or other written instructions delivered to Airline; or
• Has been repaired or altered outside of CFMI facilities in such a way as to impair its safety of operation or efficiency; or
• Has been subjected to misuse, neglect or accident; or
• Has been subjected to Foreign Object Damage; or
• Has been subjected to any other defect or cause not within the control of CFMI; or
• Has been subjected to the control or use of another engine manufacturer; or
• Has not been sold originally by CFMI to Airline for commercial use or installed in aircraft sold by the aircraft manufacturer to Airline.

C. The express provisions of this CFM56 Product Support Plan set forth the maximum liability of CFMI with respect to ***** As used herein the term “CFMI” shall be deemed to include GE, SNECMA and CFMI.

D. Except as provided in the Vendor Warranty Back-up provisions in Paragraph F. of Section II hereof, no Parts Credit Allowance will be granted and no claim for loss or liability will be recognized by CFMI for Parts of the Engine whether original, repair, replacement, or otherwise, unless sold originally by CFMI to Airline for commercial use or installed in aircraft sold by the aircraft manufacturer to Airline.

E. Airline shall apprise CFMI of any Failure subject to the conditions of this CFM56 Product Support Plan within ***** after Airline’s discovery of such Failure. Any Part for which a Parts Credit Allowance is requested by Airline shall be returned to CFMI upon specific request by CFMI. Upon return to CFMI, such Part shall become the property of CFMI unless CFMI directs otherwise. Transportation expenses shall be borne by CFMI.

F. The warranty applicable to a replacement Part provided under the terms of the New Engine Warranty or New Parts Warranty shall be the same as the warranty on the original Part. The unexpired portion of the applicable warranty will apply to Parts repaired under the terms of such warranty;

G. Airline will cooperate with CFMI in the development of Engine operating practices, repair procedures, and the like with the objective of improving Engine operating costs.

H. Except as provided in the Warranty Pass-On provisions in Paragraph E. of Section II hereof, this Product Support Plan applies only to the original purchaser of the CFM56 Engine, except that (i) installed Engines supplied to Airline through the aircraft manufacturer shall be considered as original Airline purchases covered by this Product
Support Plan, and (ii) the provisions of Section II.J (Special Guarantees) and Section V (Technical Training) shall also apply to Airline’s new leased Aircraft; provided that the lessor with respect to such Aircraft agrees to waive any rights it may have to receive similar product support with respect to such Aircraft.

I. Airline will provide CFMI a report identifying serialized rotating parts which have been scrapped by Airline. Format and frequency of reporting will be mutually agreed to by Airline and CFMI.
ATTACHMENT A
BASIS AND CONDITIONS FOR SPECIAL GUARANTEES

A. General Conditions
The Guarantees offered herein have been developed specifically for Airline’s new installed and spare CFM56-5B5/P engines (hereinafter referred to as the “Engine(s)"), whether leased or purchased. They are offered to Airline contingent upon:

1. *****
2. *****
3. *****
4. *****
5. *****
6. *****

B. Exclusions
The guarantees shall not apply (i) to repairs that are due to negligence, accidents, improper operation and/or improper maintenance or (ii) if the Engines are employed in power-back Aircraft operation.

C. Administration
The guarantees commence with delivery of Airline’s first Aircraft (whether leased or purchased) and end ***** thereafter. Except as otherwise specifically set forth in the Agreement, the guarantees are not assignable without the written consent of CFMI.

CFMI will, with Airline’s assistance, conduct an accounting at least annually to determine the status of each guarantee. If compensation becomes available to Airline under more than one specific guarantee, warranty or other engine program consideration, Airline will not receive duplicate compensation but will receive the compensation most beneficial to Airline under a single guarantee, warranty or other program consideration. Unless otherwise stated, the guarantee compensation will be in the form of credits to be used by Airline against the purchase from CFMI of spare Engines, spare Parts, and/or Engine services.

D. Miscellaneous
The General Conditions described in Exhibit B (Product Support Plan) of the General Terms Agreement between CFMI and Airline apply to the guarantees.

B-20
Delay
Technical delays occur when the malfunctioning of an item, the checking of same, or necessary corrective action causes the final departure to be delayed more than a specified time (*****) after the programmed departure time in any of the following instances:

1. An originating flight departs later than the scheduled departure time.
2. A through service or turnaround flight remains on the ground longer than the allowable ground time.
3. The aircraft is released late from maintenance.

NOTE:
A cancellation supersedes a delay (i.e., a flight which is canceled after having been delayed is considered to be a cancellation only – not a delay and a cancellation).

Cancellation
Elimination of a scheduled trip because of a known or reasonably suspected malfunction and/or defect.

NOTE:
EXHIBIT C

ESCALATION

I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For purposes of this adjustment:
   A. Base price shall be the price(s) set forth on the purchase order as accepted by CFMI.
   B. The Composite Price Index (CPI) shall be deemed to mean the weighted average of the following four indices prepared by the US Department of Labor, Bureau of Labor Statistics, as published at the time of the scheduled Product billing for the sixth month prior to the scheduled Product billing. Base year 1982 = 100.
      1. The Labor Index shall mean *****.
      2. The Metals and Metal Products Index for such month shall be deemed to mean ***** of the wholesale price index for “Metals and Metal Products”, Code 10, to the second decimal place.
      3. The Industrial Commodities Index for such month shall be deemed to mean ***** of the wholesale price index for “All Commodities other than Farm and Foods,” Code 3-15, to the second decimal place.
      4. The Fuel Index for such month shall be deemed to mean ***** of the wholesale price index for “Fuel and Related Products and Power,” Code 5, to the second decimal place.
   C. The CPI shall be determined to the second decimal place. Calculation shall be to the third decimal digit and if the third decimal digit is five or more, the second decimal digit shall be raised to the next higher figure. If the third decimal digit is less than five, the second decimal figure shall remain as calculated.
   D. The Base CPI (CPIb) shall be the index stated in the published prices announced by CFMI from time to time.

III. Base prices shall be adjusted in accordance with the following formula:

IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. The resulting three digit decimal shall be used to calculate *****.
VI. In the event that the indices specified herein are discontinued, or the basis of their calculation is modified, equivalent indices shall be substituted by CFMI to reflect changes in labor, material, commodities, and fuel costs up to the sixth month prior to scheduled billing.

VII. Should the above provisions become null and void by action of the US Government, the billing for the Products shall reflect changes in the costs of labor, material, commodities, and fuel which have occurred from the period represented by the applicable CPI to the sixth month prior to scheduled billing date.
LETTER AGREEMENT NO. 1

Frontier Airlines, Inc.
12015 East 46th Avenue
Suite 200
Denver, CO 80239-3116

Gentlemen:

CFM International, Inc. ("CFMI") and Frontier Airlines, Inc. ("Airline") have entered into General Terms Agreement No. 6-13616 dated June 30, 2000 (the "Agreement"). The Agreement contains applicable terms and conditions governing the sale by CFMI and the purchase by Airline from CFMI of CFM56 series Engines, Modules and Optional Equipment in support of Airline’s acquisition of new aircraft.

In consideration of Airline’s agreement to purchase and take delivery of ***** new firm and up to, ***** option CFM56-5B5/P powered A319 aircraft ("Aircraft") directly from Airbus Industrie ("AI") in accordance with the Airbus A318/A319 Purchase Agreement dated as of March 10, 2000 between Airline and AVSA, S.A.R.L. (the "Airbus Purchase Agreement"), as memorialized in Attachment A hereto, the parties agree as follows:

I. Prices

Base prices for new CFM56-5B5/P spare Engines, Modules and Optional Equipment delivered through ***** are set forth in Attachment B hereto. The escalation formula set forth in Exhibit C of the Agreement remains in effect through *****.

II. Special Allowances

CFMI agrees to provide to Airline the following special allowances. These allowances are contingent upon Airline selecting CFM56-5B5/P Engines to power all of its purchased A319 Aircraft, it being understood that Airline has the right not to exercise its options for the option A319 Aircraft, and up to ***** leased A319 aircraft, regardless of the lessors and are subject to the conditions set forth in Attachment C hereto.

A. Per Aircraft Allowance

***** per each of the first ***** CFM56-5B5/P powered purchased A319 Aircraft purchased by and delivered to Airline ***** and for each additional CFM56-5B5/P powered purchased Aircraft purchased by and delivered to Airline by ***** payable in each case by wire transfer within ***** following receipt of written notice from Airline that it has taken delivery of an A319 Aircraft in accordance with the Airbus Purchase Agreement.

1
B. ***** Spare Engine Allowance

In consideration of Airline’s agreement to purchase and take delivery of a minimum of ***** CFM56 powered A319 Aircraft during the Delivery Period (as defined in Attachment A hereto), CFMI agrees to provide ***** to Airline a new CFM56-5B5/P or CFM56-3C-1 spare engine at Airline’s option (*****). CFMI shall deliver ***** to Airline, together with a full warranty bill of sale with respect thereto, upon delivery of Airline’s first leased or purchased A319 Aircraft; provided that Airline shall first enter into a security agreement with CFMI or CFMI’s designee in the form attached hereto as Attachment D.

Upon the delivery of the ***** CFM56 powered purchased A319 Aircraft during the Delivery Period, CFMI’s security interest in ***** shall be released and the security agreement referred to in the preceding paragraph shall terminate.

In the event Airline fails to take delivery of a minimum of ***** purchased A319 Aircraft during the Delivery Period, Airline shall immediately pay to CFMI the base price of ***** in effect at the time of delivery thereof to Airline. However, in the event Airline shall have purchased and taken delivery of at least ***** A319 Aircraft during the Delivery Period, CFMI will credit Airline an amount equal to ***** of such base price for each Aircraft so purchased and delivered.

For the avoidance of doubt, ***** for all purposes of the Agreement, including, without limitation, Exhibit B thereof.

C. Second Spare Engine Credit

Airline has the option to purchase a second new CFM56-5B5/P spare Engine (“2nd Spare Engine”) directly from CFMI at the Base Price specified in Attachment B hereto, plus escalation to the date the 2nd Spare Engine is purchased by and delivered to Airline. Airline shall earn a cash credit from CFMI equivalent to ***** of the price paid by Airline for the 2nd Spare Engine (“2nd Spare Engine Credit”) for each of the ***** purchased A319 Aircraft delivered (the “Credit Aircraft”). If Airline has purchased and taken delivery of the 2nd Spare Engine prior to delivery of the first Credit Aircraft, the 2nd Spare Engine Credit shall be paid to Airline upon delivery of each Credit Aircraft. If the 2nd Spare Engine is purchased and delivered subsequent to delivery of the first Credit Aircraft, the 2nd Spare Engine Credit for such Aircraft and any other Credit Aircraft which have been so delivered shall be credited against the purchase price of the 2nd Spare Engine; thereafter the 2nd Spare Engine Credit shall be paid upon delivery of each of the remaining Credit Aircraft.
The obligations set forth in this Letter Agreement No. 1 are in addition to the obligations set forth in the Agreement.

The provisions of paragraphs A, B, C, D and E of Article XVIII of the Agreement are incorporated herein by reference.

Please indicate your agreement with the foregoing by signing the original and one (1) copy of this Letter Agreement No. 1 in the space provided below.

Very truly yours,

A. Base prices are effective for firm orders received by CFMI within quoted lead time for basic spare Engines (including associated equipment and maximum climb thrust increase), Optional Equipment and Modules for delivery to Airline by CFMI on or before *****. The base prices are ex works, Evendale, Ohio, or point of manufacture, subject to adjustment for escalation and Airline shall be responsible, upon delivery, for the payment of all taxes, duties, fees or other similar charges.

B. The selling price of CFM56-5B basic spare Engines, Optional Equipment and Modules ordered for delivery after the period set forth in Paragraph A above shall be the base price then in effect and as set forth in each purchase order as accepted by CFMI, which base price shall be subject to adjustment for escalation in accordance with CFMI’s then-current escalation provisions.
1. **Allowance for Initial Aircraft Sale Only**

   Any allowance described in this Letter Agreement No. 1 applies only to new A319 aircraft (together or individually the “Aircraft”) equipped with new CFM56-5B5/P engines (together or individually the “Engines”) purchased by Airline directly from the aircraft manufacturer.

2. **Allowance Not Paid**

   Allowances described in this Letter Agreement No. 1 will not be earned or paid with respect to Engines which have been delivered to the aircraft manufacturer for installation in Airline’s Aircraft if, thereafter, for any reason, Airline’s purchase order with the aircraft manufacturer is terminated, canceled or revoked, or if delivery of the Aircraft will be prevented or delayed beyond the expiration of the Delivery Period.

3. **Adjustment of Allowances**

   The special allowance described in paragraph II.A of this Letter Agreement No. 1 is contingent upon Airline purchasing and accepting delivery of a minimum of ***** CFM56-5B5/P powered A319 aircraft (“Minimum Number of Aircraft”) for delivery during the Delivery Period. If Airline has canceled or otherwise failed to accept delivery of one or more of the required Minimum Number of Aircraft within the Delivery Period, the allowances will be adjusted as follows:

   Adjustment of allowances in accordance with the above formula may be made by CFMI prospectively to take into account Aircraft delays and/or cancellations. In any case, Airline agrees to promptly reimburse CFMI for any allowance overpayments determined to have been made at the application of the adjustment formula set forth above *****. Unless otherwise agreed by CFMI, no allowance shall be paid on Aircraft not accepted within the Delivery Period and such Aircraft shall not be counted for purposes of the adjustment formula set forth above.

4. **Assignability of Allowance**

   Any allowance described herein is exclusively for the benefit of Airline and is not assignable without CFMI’s written consent; provided that Airline may assign such allowance, together with its other rights under this Letter Agreement No. 1 on the terms described in clause (i) of paragraph A of Article XVIII of the Agreement.
5. **Set Off for Outstanding Balance**

CFMI shall be entitled, at all times, to set off any outstanding obligation and amounts that are due and owing from Airline to CFMI for CFMI Aircraft Engines goods or services (whether or not in connection with this Letter Agreement No. 1 or the Agreement), against any amount payable by CFMI to Airline in connection with this Letter Agreement No. 1 or the Agreement.

6. **Cancellation of Spare Engines**

Airline recognizes that harm or damage will be sustained by CFMI if Airline places a purchase order for spare Engine(s) or for Aircraft (the “***** firm Aircraft”) equipped with installed Engines and subsequently cancels such purchase order and such cancellation is not caused by acts (or failure to act) of Airbus or CFMI or otherwise fails to accept delivery of the Engines or Aircraft when duly tendered. Within ***** of any such cancellation or failure to accept delivery occurs, Airline shall remit to CFMI, as liquidated damages, a cancellation charge equal to ***** of the Engine price, determined as of the date of scheduled Engine delivery to Airline or to the aircraft manufacturer, whichever is applicable.

The parties acknowledge such cancellation charge to be a reasonable estimate of the harm or damage to CFMI in such circumstances.

CFMI shall apply any progress payments or other deposits made to CFMI for any such Engine first to the cancellation charge for such Engine and thereafter to any other amounts owed to CFMI hereunder. Progress payments held by CFMI in respect of any such Engine which are in excess of such amounts will be refunded to Airline.

If CFMI fails to deliver a spare Engine in accordance with the terms of the Agreement or this Letter Agreement No. 1 within ***** after the date upon which such spare Engine was scheduled to be delivered for any reason other than an Excusable Delay or a default or breach by Airline, Airline may terminate this Letter Agreement No. 1 with respect to such spare Engine and CFMI shall promptly return any progress payments or other deposits made with respect to such Engine, together with interest thereon from the date such deposits were made at six month Libor. In addition, Airline will retain all remedies available to it at law or in equity.

7. **Delay of Spare Engines**

In the event the Airline delays the scheduled delivery date of a spare Engine, or causes the delay of the scheduled delivery date of an installed Engine, for which CFMI has received a purchase order from the aircraft manufacturer or Airline, as appropriate, through no fault of CFMI or the aircraft manufacturer, for a period, or cumulative period, of more than ***** such delay shall be considered a cancellation and the applicable provisions hereof regarding the effect of cancellation shall apply.
8. **Option Aircraft Substitution Rights**

CFMI acknowledges that Airline has the right, pursuant to the Airbus Purchase Agreement, to convert A319 option Aircraft into firm A318 aircraft which are not powered by CFM56 engines, and to convert option A318 aircraft into firm CFM56 powered A319 aircraft (the “Conversion Right”). Such right is exercisable upon notice by Airline to the airframe manufacturer not later than ***** before the start of the calendar quarter in which the aircraft to be converted is scheduled to be delivered. In the event that Airline elects to exercise its Conversion Right with respect to any A319 Aircraft or any A318 Aircraft, it will deliver a copy of the foregoing notice to CFMI, and CFMI agrees that, promptly following its receipt thereof, it will provide its written consent to such exercise to the airframe manufacturer. CFMI will use its best reasonable efforts, consistent with its other obligations and its production capabilities, to ensure that the delivery date for the engines for any new firm CFM56 powered A319 aircraft resulting from the exercise of the Conversion Right will be the same as the scheduled delivery date for the engines for the A318 aircraft from which it was converted, and further agrees that any such new A319 aircraft will be an “Aircraft” for all purposes of this Letter Agreement No. 1.

9. **Aircraft Not Operated for Minimum Period**

If, within the first ***** following delivery of each Aircraft for which a special allowance, of any nature, was provided by CFMI under this Letter Agreement No. 1 (the “Minimum Period”), such aircraft is no longer owned by (i) Airline or a wholly owned subsidiary of Airline, (ii) a trust or other special purpose entity established in connection with the financing of such Aircraft for Airline, or (iii) an entity to which Airline is permitted to assign its rights pursuant to clause (i)(b) of Paragraph A of Article XVIII of the Agreement, the special allowances earned and/or paid on such Aircraft will be proportionately reduced. Airline will reimburse CFMI an amount equal to the proportionate share of the special allowances earned and/or paid with respect to such Aircraft (based on the percentage of the Minimum Period the Aircraft was actually owned by Airline), with interest on such amount. The allowance reimbursement is due no later than ***** from the time Airline ceases to own and operate such Aircraft. *****.
LETTER AGREEMENT NO. 2

Frontier Airlines, Inc.
12015 East 46th Avenue
Suite 200
Denver, CO 80239-3116

Gentlemen:

CFM International, Inc. (“CFMI”) and Frontier Airlines, Inc. (“Airline”) have entered into General Terms Agreement No. 6-13616 dated June 30, 2000 (the “Agreement”). The Agreement contains applicable terms and conditions governing the sale by CFMI and the purchase by Airline from CFMI of CFM56 series Engines, Modules and Optional Equipment in support of Airline’s acquisition of new aircraft.

WHEREAS, CFMI and Airline have entered into Letter Agreement No. 1 to document Airline’s agreement to install CFM56-5B5/P engines on a minimum of ***** new firm and up to ***** option A319 aircraft (the “A319 Aircraft”) directly from Airbus Industrie (“AI”) in accordance with the Airbus A318/A319 Purchase Agreement between Airline and AVS, S.A.R.L. (the “Airbus Purchase Agreement”), and

WHEREAS, Airline agrees to purchase ***** new firm CFM56-5B5/P powered A319 Aircraft (the “***** Additional A319 Aircraft”), directly from AI in accordance with the Airbus Purchase Agreement, as memorialized in Attachment A hereto, and

WHEREAS, Airline agrees to purchase and take delivery of ***** new firm CFM56-5B8/P powered A318 Aircraft (the “A318 Aircraft”) directly from AI in accordance with the Airbus Purchase Agreement, as memorialized in Attachment A hereto, and

WHEREAS, Airline agrees to purchase ***** spare CFM56-5B8/P or CFM56-5B5/P engine from CFMI. *****,

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties agree as follows:

I. CFM56-5B8/P spare engine price

Base price for new CFM56-5B8/P spare engines, delivered through ******, is set forth in Attachment B hereto. The base price is subject to adjustment for escalation per the escalation formula (with 2 indices) set forth in Attachment C hereto.
II. **CFM56-5B5/P spare engine price**

Base price for new CFM56-5B5/P spare engines, delivered through *****, is set forth in Attachment B of Letter Agreement #1 and included as Attachment D to this Letter Agreement No. 2 for convenience. For avoidance of doubt, this base price is subject to escalation per the escalation formula (with 4 indices) set forth in Attachment E hereto.

III. **Special allowances**

CFMI agrees to provide to Airline the following special allowances. These allowances are subject to the conditions set forth in Attachment F hereto.

1) ***** ( *****) allowance per each A318 Aircraft purchased by and delivered to Airline by *****. CFMI shall also provide to Airline an additional supplemental allowance of ***** ( *****) per each A318 Aircraft delivered to Airline by *****; both allowances are subject to escalation to the date of delivery of the related shipset of CFM56-5B8/P engines to Airbus, pursuant to the escalation formula (with 2 indices) set forth in Attachment C hereto.

2) ***** ( *****) allowance per each A319 Aircraft and per each of the ***** Additional A319 Aircraft purchased by and delivered to Airline by *****. This allowance is subject to escalation the date of delivery of the related shipset of CFM56-5B5/P engines to Airbus, pursuant to the escalation formula (with 4 indices) set forth in Attachment E hereto.

CFMI shall also provide an additional supplemental credit of ***** ( *****) per each of the ***** Additional A319 Aircraft purchased by and delivered to Airline by *****. This credit shall be applied by Airline towards the purchase price of a spare CFM56-5B5/P or CFM56-5B8/P engine from CFMI.

3) The above allowances and credits shall be available within ***** following receipt of written notice from Airline that it has taken delivery of an aircraft from the A318 Aircraft, A319 Aircraft or the ***** Additional A319 Aircraft in accordance with the Airbus Purchase Agreement.

4) In lieu of the Special Guarantees set forth in this Letter Agreement No. 2, Airline may elect to have a Residual Value Guarantee apply in which GE and Snecma (CFMI’s parent companies), along with Airbus, would participate. This Residual Value Guarantee would be subject to the following:
   
a) GE and Snecma liability, in the aggregate, shall not exceed a total of *****.
   
b) Airline shall make this election for all ***** of the A318 Aircraft.
   
c) Airline shall provide notification to CFMI, in writing, of its election to participate in this Residual Value Guarantee (in lieu of the Special Guarantees) a minimum of ***** prior to delivery of the first A318 Aircraft to Airline.
d) If Airline elects this option, Airline agrees to work with CFMI to segregate the CFM56-5B8/P Engines from the rest of its fleet for tracking, audit and enforceability issues relating to special guarantees which apply to CFM56 powered aircraft already delivered to Airline.

5) In lieu of the Special Guarantees and the Residual Value Guarantee, CFMI shall provide Airline with a credit in the amount of ***** (not subject to escalation) for each of the ***** A318 Aircraft. This credit shall be earned by Airline upon delivery of each of the A318 Aircraft. This allowance, once earned, shall be applied by Airline towards the purchase price of a spare Engine or towards other CFM56 goods or services procured by Airline from CFMI. Airline shall provide notice to CFMI, in writing, of its election (to elect application of this allowance in lieu of the Special Guarantees and the Residual Value Guarantee) a minimum of ***** prior to delivery of the first A318 Aircraft to Airline.

6) CFMI agrees to participate with Airbus in the take-out of ***** 737-200 aircraft (the “737 aircraft”) currently operated by Airline. CFMI’s participation shall be limited to ***** (*****) for each of the 737 aircraft, for a total contribution of ***** (*****). CFMI’s participation per aircraft is contingent upon Airline purchasing and accepting delivery of the ***** Additional A319 Aircraft. The US ***** (*****) participation per aircraft is subject to escalation by the escalation formula in Attachment E (4 indices) hereto from January 2002 (*****) through the delivery date of the ***** Additional A319 Aircraft to Airline, and shall be provided to Airline or Airbus no earlier than the date of delivery of the ***** Additional A319 Aircraft to Airline.

IV. Special Guarantees

The Special Guarantees set forth in paragraph J. of Section II of Exhibit B to the Agreement shall be applicable to the A318 Aircraft, A319 Aircraft and the Two Additional A319 Aircraft set forth in this Letter Agreement No. 2. However, the “Delivery Period” referred to in paragraph A.1 of Attachment A to Exhibit B of the Agreement shall, for the purposes of this Letter Agreement No. 2, be the delivery schedule set forth in Attachment A hereto.

Also, paragraph A. 3 of Attachment A to Exhibit B of the Agreement shall, for the purposes of this Letter Agreement No. 2 only, be amended to read as follows:

“3. Airline operating Aircraft *****. A change in Aircraft or Engine quantity, Aircraft or Engine model, Aircraft delivery occurring outside of the Delivery Period, or flight operations resulting in more severe operating conditions than described above will require adjustment of the guaranteed values to reflect such different conditions, using CFMI’s operational severity criteria.”
All other conditions set forth in the Agreement and Attachment A and Attachment B to Exhibit B of the Agreement (except as amended above) shall be incorporated herein as if set out in full.

The obligations set forth in this Letter Agreement No. 2 are in addition to the obligations set forth in the Agreement.
Please indicate your agreement with the forgoing by signing the original and one (1) copy of this Letter Agreement No. 2 in the space provided below.

A. Base prices are effective for firm orders received by CFMI within quoted lead time for basic spare Engines (including associated equipment and maximum climb thrust increase), Optional Equipment and Modules for delivery to Airline by CFMI on or before *****. The base prices are ex works, Evendale, Ohio, or point of manufacture, subject to adjustment for escalation and Airline shall be responsible, upon delivery, for the payment of all taxes, duties, fees or other similar charges.

B. The selling price of CFM56-5B basic spare Engines, Optional Equipment and Modules ordered for delivery after the period set forth in Paragraph A above shall be the base price then in effect and as set forth in each purchase order as accepted by CFMI, which base price shall be subject to adjustment for escalation in accordance with CFMI’s then-current escalation provisions.
I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For the purpose of this adjustment:
   A. Base price shall be the price(s) set forth on the Purchase Order as acknowledged by CFM,
   B. The Composite Price Index (CPI) shall be calculated, to the second decimal place, using the following formula:

   '*****
   Where:
   '*****
   '*****

   C. Each CPI shall be determined to the second decimal place. Calculation shall be to the third decimal digit and if the third decimal digit is five or more, the second decimal digit shall be raised to the next higher figure. If the third decimal digit is less than five, the second decimal figure shall remain as calculated.
   D. The Base Composite Index (******) shall be the base index stated in the published prices.

III. Base prices shall be adjusted in accordance with the following formula:

   '*****
   Where:
   '*****

IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. If the calculation of this ratio results in a number less than 1.000, the ratio will be adjusted to 1.000. The resulting three digit decimal shall be used to calculate *****.
VI. Values to be utilized in the event of unavailability. If at the time of delivery of Product, CFMI is unable to determine the adjusted price because the applicable values to be used to determine the ***** have not been released by the Bureau of Labor Statistics, then:

a) The Price Adjustment, to be used at the time of delivery of the Product, will be determined by utilizing the escalation provisions set forth above. The values released by the Bureau of Labor Statistics and available ***** prior to scheduled Product delivery month will be used to determine the ***** values for the applicable months (including those noted as preliminary by the Bureau of Labor Statistics) to calculate the Product Price Adjustment. If no value has been released for an applicable month, the provisions set forth in Paragraph b, below, will apply. If prior to delivery of a Product, the U.S. Department of Labor changes the base year for determination of the ***** values as defined above, such rebase values will be incorporated in the Price Adjustment calculation.

b) If prior to delivery of a Product, U.S. Department of Labor substantially revises the methodology used for the determination of the values to be used to determine the ***** values (in contrast to benchmark adjustments or other corrections of previously released values), or for any reason has not released values needed to determine the applicable Price Adjustment, CFMI will, prior to delivery of any such Product, select a substitute for such values from data published by the Bureau of Labor Statistics or other similar data reported by non-governmental United States organizations, such substitute to lead in application to the same adjustment result insofar as possible, as would have been achieved by continuing the use of the original values as they may have fluctuated during the applicable time period. Appropriate revisions of the formula will be made as required to reflect any substitute values. However, if within ***** from delivery of the Product, the Bureau of Labor Statistics should resume releasing values for the months needed to determine the Product Price Adjustment, such values will be used to determine any increase or decrease in the Product Price Adjustment from that determined at the time of delivery of such Product.

c) In the event escalation provisions are made non-enforceable or otherwise rendered null and void by any agency of the United States Government, the parties agree, to the extent they may lawfully do so, to equitably adjust the base price of any affected Product to reflect an allowance for increase or decrease in labor compensation and material costs occurring since February of the base price year which is consistent with the applicable provisions of this Price Escalation formula.

d) For the calculation herein, the values released by the Bureau of Labor Statistics and available to CFMI at the end of the month prior to scheduled Product delivery month will be used to determine the ***** values for the applicable months (including those noted as preliminary by the Bureau of Labor Statistics) to
e) calculate the Product Price Adjustment for the Product invoice at the time of delivery. The values will be considered final and no Product Price Adjustment will be made after Product delivery for any subsequent changes in published index values.

Note: Any rounding of a number, with respect to escalation of the Product Price, will be accomplished as follows: If the first digit of the portion to be dropped from the number is five or greater, the preceding digit will be raised to the next higher number.

I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For purposes of this adjustment:
   A. Base Price shall be the price(s) set forth on the purchase order as accepted by CFML.
   B. The Composite Price Index (CPI) shall be deemed to mean the weighted average of the following four indices prepared by the US Department of Labor, Bureau of Labor Statistics, as published at the time of the scheduled Product billing for the sixth month prior to the scheduled Product billing.

If the third decimal digit is less than five, the second decimal figure shall remain as calculated.
   D. The Base Composite Price Index (******) shall be the index stated in the published prices announced by CFM from time to time.

III. Base prices shall be adjusted in accordance with the following formula:

IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the Base Price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. The resulting three digit decimal shall be used to calculate *****.
VI. In the event that the indices specified herein are discontinued, or the basis of their calculation is modified, equivalent indices shall be substituted by CFM to reflect changes in ***** costs up to the sixth month prior to scheduled billing.

VII. Should the above provisions become null and void by action of the US Government, the billing for the Products shall reflect changes in the costs of labor, material, commodities, and fuel which have occurred from the period represented by the applicable CPI^ to the sixth month prior to scheduled billing date.
ATTACHMENT F

1. **Allowance for Initial Aircraft Sale Only**
   Any allowance described in this Letter Agreement No. 2 applies only to new A318 and A319 aircraft (together or individually the “Aircraft”) equipped with new CFM56-5B engines (together or individually the “Engines”) purchased by Airline directly from the aircraft manufacturer.

2. **Allowance Not Paid**
   Allowances described in this Letter Agreement No. 2 will not be earned or paid with respect to Engines which have been delivered to the aircraft manufacturer for installation in Airline’s Aircraft if, thereafter, for any reason, Airline’s purchase order with the aircraft manufacturer is terminated, canceled or revoked, or if delivery of the Aircraft will be prevented or delayed beyond the expiration of the Delivery Period.

3. **Adjustment of Allowances**
   The special allowance described in paragraph II of this Letter Agreement No. 2 is contingent upon Airline purchasing and accepting delivery of a minimum of ***** CFM56-5B8/P powered A318 Aircraft, ***** Additional A319 Aircraft powered by CFM56-5B5/P and ***** spare CFM56-5B Engine (“Minimum Number”) for delivery during the Delivery Period. If Airline has canceled or otherwise failed to accept delivery of one or more of the required Minimum Number within the Delivery Period, the allowances will be adjusted as follows:

   Adjustment of allowances in accordance with the above formula may be made by CFMI prospectively to take into account Aircraft or Spare Engine delays, and/or cancellations. In any case, Airline agrees to promptly reimburse CFMI for any allowance overpayments determined to have been made at the application of the adjustment formula set forth above *****. Unless otherwise agreed by CFMI, no allowance shall be paid on Aircraft not accepted within the Delivery Period and such Aircraft shall not be counted for purposes of the adjustment formula set forth above.

4. **Assignability of Allowance**
   Any allowance described herein is exclusively for the benefit of Airline and is not assignable without CFMI’s written consent; provided that Airline may assign such allowance, together with its other rights under this Letter Agreement No. 2 on the terms described in clause (i) of paragraph A of Article XVIII of the Agreement.

5. **Set Off for Outstanding Balance**
   CFMI shall be entitled, at all times, to set off any outstanding obligation and amounts that are due and owing from Airline to CFMI for CFMI Aircraft Engines goods or services (whether or not in connection with this Letter Agreement No. 2 or the Agreement), against any amount payable by CFMI to Airline in connection with this Letter Agreement No. 2 or the Agreement.
6. **Cancellation of Engines**

Airline recognizes that harm or damage will be sustained by CFMI if Airline places a purchase order for spare Engine(s) or for Aircraft (the ***** firm Aircraft) equipped with installed Engines and subsequently cancels such purchase order (and such cancellation is not caused by acts (or failure to act) of Airbus or CFMI or otherwise fails to accept delivery of the Engines or Aircraft when duly tendered. Within ***** of any such cancellation or if failure to accept delivery occurs, Airline shall remit to CFMI, as liquidated damages, a cancellation charge equal to ***** of the Engine price, determined as of the date of scheduled Engine delivery to Airline or to the aircraft manufacturer, whichever is applicable.

The parties acknowledge such cancellation charge to be a reasonable estimate of the harm or damage to CFMI in such circumstances.

CFMI shall apply any progress payments or other deposits made to CFMI for any such Engine first to the cancellation charge for such Engine and thereafter to any other amounts owed to CFMI hereunder. Progress payments held by CFMI in respect of any such Engine which are in excess of such amounts will be refunded to Airline.

If CFMI fails to deliver a spare Engine in accordance with the terms of the Agreement or this Letter Agreement No. 2 within ***** after the date upon which such spare Engine was scheduled to be delivered for any reason other than an Excusable Delay or a default or breach by Airline, Airline may terminate this Letter Agreement No. 2 with respect to such spare Engine and CFMI shall promptly return any progress payments or other deposits made with respect to such Engine, together with interest thereon from the date such deposits were made at six month Libor. In addition, Airline will retain all remedies available to it at law or in equity.

7. **Delay of Engines**

In the event the Airline delays the scheduled delivery date of a spare Engine, or causes the delay of the scheduled delivery date of an installed Engine, for which CFMI has received a purchase order from the aircraft manufacturer or Airline, as appropriate, through no fault of CFMI or the aircraft manufacturer, for a period, or cumulative period, of more than *****, such delay shall be considered a cancellation and the applicable provisions hereof regarding the effect of cancellation shall apply.
8. **Aircraft Not Operated for Minimum Period**

If, within the first ***** following delivery of each Aircraft for which a special allowance, of any nature, was provided by CFMI under this Letter Agreement No. 2 (the "Minimum Period"), such aircraft is no longer owned by (i) Airline or a wholly-owned subsidiary of Airline, (ii) a trust or other special purpose entity established in connection with the financing of such Aircraft for Airline, or (iii) an entity to which Airline is permitted to assign its rights pursuant to clause (i)(b) of Paragraph A of Article XVIII of the Agreement, the special allowances earned and/or paid on such Aircraft will be proportionately reduced. Airline will reimburse CFMI an amount equal to the proportionate share of the special allowances earned and/or paid with respect to such Aircraft, (based on the percentage of the Minimum Period the Aircraft was actually owned by Airline), with interest on such amount. The allowance reimbursement is due no later than ***** from the time Airline ceases to own and operate such Aircraft. *****.
LETTER AGREEMENT NO. 3

Frontier Airlines, Inc.
Frontier Center One
7001 Tower Road
Denver, CO 80249-7312

Gentlemen:

CFM International, Inc. ("CFMI") and Frontier Airlines, Inc. ("Airline") have entered into General Terms Agreement No. 6-13616 dated June 30, 2000 (the "Agreement"). The Agreement contains applicable terms and conditions governing the sale by CFMI and the purchase by Airline from CFMI of CFM56 series Engines, Modules and Optional Equipment in support of Airline’s acquisition of new aircraft.

WHEREAS, CFMI and Airline have previously entered into Letter Agreement No. 1 and No. 2 to document Airline’s agreement to install CFM56-5B5/P engines on a minimum of ***** new firm and up to ***** option A319 aircraft (the “A319 Aircraft”) and ***** CFM56-5B powered A318 aircraft directly from Airbus Industries ("AI") in accordance with the Airbus A318/A319 Purchase Agreement between Airline and AVSA, S.A.R.L. (the "AI Purchase Agreement"); and

WHEREAS, Airline now agrees to purchase ***** additional new firm CFM56-5B5/P powered A319 aircraft (individually or collectively the “Additional A319 Aircraft”) (with options to convert such A319 aircraft to new firm CFM56-5B4/P powered A320 aircraft, the “Additional A320 Aircraft”) directly from AI in accordance with the AI Purchase Agreement, as memorialized in Attachment A hereto; and

WHEREAS. Airline agrees to purchase ***** spare CFM56-5B5/P engines from CFMI in ***** according to the delivery schedule set forth in Attachment A. However, if ***** or more of the Additional A319 Aircraft are converted to CFM56-5B4/P powered A320 aircraft. Airline shall purchase from CFMI ***** spare CFM56-5B5/P engine in ***** and ***** spare CFM56-5B4/P engine in the year in which Airline takes delivery of the first of the Additional A320 Aircraft. These ***** spare engines are incremental to spare engine commitments from previous agreements.

NOW, THEREFORE, in consideration of Airline’s agreements set forth above, CFMI and Airline agree as follows:

I. CFM56 Spare Engine Price

Base price for new CFM56-5B5/P and CFM56-5B4/P spare Engines, delivered through ***** are set forth in Attachment B hereto. The base price is subject to adjustment for escalation per the escalation formula set forth in Attachment C hereto.
II. Special Allowances

CFMI agrees to provide to Airline the following special allowances. These allowances are subject to the conditions set forth in Attachment D hereto.

1) ***** (*****) allowance per each Additional A319 Aircraft purchased by and delivered to Airline by *****. This allowance is subject to escalation to the date of delivery of the related shipset of CFM56-5B5/P engines to AI, pursuant to the escalation formula set forth in Attachment C hereto.

2) ***** (*****) allowance per each Additional A320 Aircraft purchased by and delivered to Airline by *****. This allowance is subject to escalation to the date of delivery of the related shipset of CFM56-5B4/P engines to AI, pursuant to the escalation formula set forth in Attachment C hereto. This allowance will be increased to ***** (*****) provided Airline has contractually (with Airbus and with written notice thereof to CFMI) converted the Additional A319 Aircraft to Additional A320 by *****.

CFMI shall also provide an additional supplemental credit (*****) of ***** per each of the Additional A319 Aircraft or ***** per each of the Additional A320 Aircraft, provided such Additional A319 Aircraft and Additional A320 Aircraft are purchased by and delivered to Airline by January 31, 2009. This credit shall be applied by Airline towards the purchase price of the ***** spare CFM56-5B engines Airline has agreed to purchase from CFMI as described above.

3) The above allowances and credits shall be available within ***** following receipt of written notice from Airline that it has taken delivery of the Additional A319 Aircraft or Additional A320 Aircraft in accordance with the AI Purchase Agreement.

III. Special Guarantees

The Special Guarantees set forth in paragraph J of Section II of Exhibit B to the Agreement shall be applicable to the Additional A319 Aircraft and Additional A320 Aircraft set forth in this Letter Agreement No. 3. However, the “Delivery Period” referred to in paragraph A.1 of Attachment A to Exhibit B of the Agreement shall, for the purposes of this Letter Agreement No. 3, be the delivery schedule set forth in Attachment A hereto.

Also, paragraph A.3 of Attachment A to Exhibit B of the Agreement shall, for the purposes of this Letter Agreement No. 3 only, be amended to read as follows:

“3. Airline operating Aircraft ***** A change in Aircraft or Engine quantity, Aircraft or Engine model, Aircraft delivery occurring outside of the Delivery Period, or flight operations resulting in more severe operating conditions than described above will require adjustment of the guaranteed values to reflect such different conditions, using CFMI’s operational severity criteria.”
All other conditions set forth in the Agreement and Attachment A and Attachment B to Exhibit B of the Agreement (except as amended above) shall be incorporated herein as if set out in full.

The obligations set forth in this Letter Agreement No. 3 are in addition to the obligations set forth in the Agreement.

This Letter Agreement is valid, unless withdrawn by CFMI prior to acceptance by Airline, until August 31, 2003.

Please indicate your agreement with the foregoing by signing the original and one (1) copy of this Letter Agreement No. 3 in the space provided below.

Very truly yours,

Aircraft above are either A319 or A320. The second spare engine will be CFM56-5B5/P unless four or more aircraft are converted to A320 aircraft, in which case it shall be a CFM56-5B4/P and delivery shall take place in the year in which Airline takes delivery of the first of the Additional A320 Aircraft.

Airline’s failure to purchase and take delivery of (i) any one or more of the Additional A319 Aircraft or Additional A320 Aircraft and (ii) the ***** Spare Engines in strict accordance with the foregoing schedule will not affect the rights and obligations of the parties hereunder, so long as such Aircraft and Spare Engines are purchased and accepted by Airline within ***** after the last day of the scheduled year of delivery, as such scheduled year for the Aircraft may be postponed in accordance with the Airbus Purchase Agreement for any reason other than a request by Airline or a default thereunder by Airline (the “Delivery Period”).

</table>

A. Base prices are effective for firm orders received by CFMI within quoted lead time for basic spare Engines (including associated equipment and maximum climb thrust increase). Optional Equipment and Modules for delivery to Airline by CFMI on or before ****. The base prices are ex works, Evendale, Ohio, or point of manufacture, subject to adjustment for escalation and Airline shall be responsible, upon delivery, for the payment of all taxes, duties, fees or other similar charges.

B. The selling price of CFM56-5B basic spare Engines. Optional Equipment and Modules ordered for delivery after the period set forth in Paragraph A above shall be the base price then in effect and as set forth in each purchase order as accepted by CFMI, which base price shall be subject to adjustment for escalation in accordance with CFMI’s then-current escalation provisions.
I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For purposes of this adjustment:

A. Base price shall be the price(s) set forth on the purchase order as accepted by CFMI.

B. The Composite Price Index (CPI) shall be deemed to mean the weighted average of the following four indices prepared by the US Department of Labor, Bureau of Labor Statistics, as published at the time of the scheduled Product billing for the sixth month prior to the scheduled Product billing.

1. The Labor Index shall mean ***** to the second decimal place of the following ***** calculation:

   *****

2. *****

3. *****

4. *****

C. Each CPI shall be determined to the second decimal place. Calculation shall be to the third decimal digit and if the third decimal digit is five or more, the second decimal digit shall be raised to the next higher figure. If the third decimal digit is less than five, the second decimal figure shall remain as calculated.

D. The Base Composite Price Index (***** ) shall be the index stated in the published prices announced by CFM from time to time.

III. Base prices shall be adjusted in accordance with the following formula:

*****

*****

*****  *****

*****  *****
IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. The resulting three digit decimal shall be used to calculate *****.

VI. ******

VII. Should the above provisions become null and void by action of the US Government, the billing for the Products shall reflect changes in the costs of labor, material, commodities, and fuel which have occurred from the period represented by the applicable ***** to the sixth month prior to scheduled billing date.
1. **Allowance for Initial Aircraft Sale Only**

Any allowance described in this Letter Agreement No. 3 applies only to the new Additional 319 Aircraft and A320 Aircraft described in this Letter Agreement No. 3 (together or individually the “Aircraft”) equipped with new CFM56-5B engines (together or individually the “Engines”) purchased by Airline directly from the aircraft manufacturer.

2. **Allowance Not Paid**

Allowances described in this Letter Agreement No. 3 will not be earned or paid with respect to Engines which have been delivered to the aircraft manufacturer for installation in Airline’s Aircraft if, thereafter, for any reason, Airline’s purchase order with the aircraft manufacturer is terminated, canceled or revoked, or if delivery of the Aircraft will be prevented or delayed beyond the expiration of the Delivery Period (as defined in Attachment A hereto).

3. **Adjustment of Allowances**

The special allowance described in paragraph II of this Letter Agreement No. 3 is contingent upon Airline purchasing and accepting delivery of a minimum of ***** Additional A319 Aircraft or Additional A320 Aircraft (as described in this Letter Agreement No. 3), and purchasing and taking delivery from CFMI ***** spare CFM56-5B engines (“Minimum Number”) for delivery during the Delivery Period. If Airline has canceled or otherwise failed to accept delivery of one or more of the required Minimum Number within the Delivery Period, the allowances will be adjusted as follows:

*****

*****

Adjustment of allowances in accordance with the above formula may be made by CFMI prospectively to take into account Aircraft or Spare Engine delays, and/or cancellations. In any case, Airline agrees to promptly reimburse CFMI for any allowance overpayments determined to have been made at the application of the adjustment formula set forth above *****. Unless otherwise agreed by CFMI, no allowance shall be paid on Aircraft not accepted within the Delivery Period and such Aircraft shall not be counted for purposes of the adjustment formula set forth above.

4. **Assignability of Allowance**

Any allowance described herein is exclusively for the benefit of Airline and is not assignable without CFMI’s written consent; provided that Airline may assign such allowance, together with its other rights under this Letter Agreement No. 3 on the terms described in clause (i) of paragraph A of Article XVIII of the Agreement.
5. **Set Off for Outstanding Balance**

CFMI shall be entitled, at all times, to set off any outstanding obligation and amounts that are due and owing from Airline to CFMI for CFMI Aircraft Engines goods or services (whether or not in connection with this Letter Agreement No. 3 or the Agreement), against any amount payable by CFMI to Airline in connection with this Letter Agreement No. 3 or the Agreement.

6. **Cancellation of Engines**

Airline recognizes that harm or damage will be sustained by CFMI if Airline places a purchase order for spare Engines or for Aircraft equipped with installed Engines and subsequently cancels such purchase order (and such cancellation is not caused by acts (or failure to act) of Airbus or CFMI) or otherwise fails to accept delivery of the Engines or Aircraft when duly tendered. Within ***** of any such cancellation or failure to accept delivery occurs, Airline shall remit to CFMI, as liquidated damages, a cancellation charge equal to ***** of the Engine price, determined as of the date of scheduled Engine delivery to Airline or to the aircraft manufacturer, whichever is applicable.

The parties acknowledge such cancellation charge to be a reasonable estimate of the harm or damage to CFMI in such circumstances.

CFMI shall apply any progress payments or other deposits made to CFMI for any such Engine first to the cancellation charge for such Engine and thereafter to any other amounts owed to CFMI hereunder. Progress payments held by CFMI in respect of any such Engine which are in excess of such amounts will be refunded to Airline.

If CFMI fails to deliver a spare Engine in accordance with the terms of the Agreement or this Letter Agreement No. 3 within ***** after the date upon which such spare Engine was scheduled to be delivered for any reason other than an Excusable Delay or a default or breach by Airline, Airline may terminate this Letter Agreement No. 3 with respect to such spare Engine and CFMI shall promptly return any progress payments or other deposits made with respect to such Engine*****. In addition, Airline will retain all remedies available to it at law or in equity.

7. **Delay of Engines**

In the event Airline delays the scheduled delivery date of a spare Engine, or causes the delay of the scheduled delivery date of an installed Engine, for which CFMI has received a purchase order from the aircraft manufacturer or Airline, as appropriate, through no fault of CFMI or the aircraft manufacturer, for a period, or cumulative period, of more than *****, such delay shall be considered a cancellation and the applicable provisions hereof regarding the effect of cancellation shall apply.
RE: Letter Agreement No.3, dated August 1, 2003 by and between CFM International, Inc. and Frontier Airlines, Inc.

Dear *****:

Per my email to you today, enclosed is a signed copy of the above referenced Letter Agreement. We look forward to a prosperous relationship with GE Engines and CFMI.

If you have any questions, don’t hesitate to give me a call.

LETTER AGREEMENT NO. 4 TO GTA 6-13616

Frontier Airlines, Inc.
Frontier Center One
7001 Tower Road
Denver, CO 80249-7312

Gentlemen:

CFM International, Inc. ("CFM") and Frontier Airlines, Inc. ("Airline") have entered into General Terms Agreement No. 6-13616 dated June 30, 2000 (the "Agreement"). The Agreement contains applicable terms and conditions governing the sale by CFM and the purchase by Airline from CFM of CFM56 series Engines, Modules and Optional Equipment in support of Airline's acquisition of new aircraft.

WHEREAS, CFM and Airline have previously entered into Letter Agreements No.'s. 1, 2 and 3 to document CFM and Airline's agreements with regard to CFM56-5B5/P and CFM56-5B8/P installed and spare Engines, and

WHEREAS, Airline now desires to purchase thrust upgrades for the CFM56-5B5/P Engine to the CFM56-5B6/P thrust (including rating plugs and, if required, engine identification plates) ("Thrust Upgrades") for the installed Engines ("Installed Engines") on a total of ***** A319 aircraft ("Aircraft") and ***** spare Engines ("Spare Engines") (Installed Engines and Spare Engines collectively called the "Engines").

NOW, THEREFORE, in consideration of the foregoing premises and of the mutual covenants and conditions contained herein, and other good and valuable consideration, receipt of which is acknowledged and agreed, CFM and Airline agree as follows:

***** Certain information in this document has been excluded pursuant to Regulation S-K, Item 601(b)(10). Such excluded information is not material and would likely cause competitive harm to the registrant if publicly disclosed.
CFM offers Airline ***** Thrust Upgrades for the Engines. The full price of each Thrust Upgrade shall be ***** ("Base Price"). This Base Price shall be subject to escalation from January 2004 to the month and year the purchase order for the Thrust Upgrade is placed directly to CFM, in accordance with Attachment A ("Escalated Price"). Airline shall pay the Escalated Price for each Thrust Upgrade as set forth in this Letter Agreement.

The Thrust Upgrades for the Installed Engines are to be applied to the following Aircraft:

- ***** Thrust Upgrades are for ***** A319 Aircraft already being operated by Airline. CFM shall invoice Airline upon execution of this Letter Agreement No. 4 for an amount equal to ***** of the Escalated Price for each of these 16 Thrust Upgrades and payment of such invoice(s) shall be due ***** after the invoice date.

- ***** Thrust Upgrades are for ***** A319 Aircraft on order to be delivered in ***** pursuant to Letter Agreement No. 3 to the Agreement. Delivery of such Thrust Upgrades shall be concurrent with the delivery of each Firm A319 Aircraft powered by the CFM56-5B5/P Engine with Thrust Upgrades installed. As early as possible prior to the delivery of these Thrust Upgrades, CFM shall invoice Airline for an amount equal to ***** of the Escalated Price for the Thrust Upgrades then being delivered and payment of such invoice(s) shall be due at the time of delivery.

In addition, Airline will purchase ***** Thrust Upgrades for use on the Spare Engines. The price of these ***** Thrust Upgrades shall be ***** of the Escalated Price. Amounts paid by the Airline for Thrust Upgrades used on Spare Engines will be subject to adjustment per the Takeoff Utilization Levels schedule set forth below. CFM shall invoice Airline upon execution of this Letter Agreement No. 4 an amount equal to ***** of the Escalated Price for the Thrust Upgrade for Airline’s existing ***** and payment of such invoice shall be due ***** after the invoice date. Delivery and payment of the Thrust Upgrade for the spare CFM56-5B5/P Engine to be purchased and delivered pursuant to Letter Agreement No. 1 of the Agreement shall be concurrent with the delivery of such Spare Engine. As soon as possible prior to the delivery of such Spare Engine, CFM shall invoice Airline for an amount equal to ***** of the Escalated Price for the Thrust Upgrades then being delivered and payment of such invoice(s) shall be due at the time of delivery.

The initial portion of the Escalated Price paid by Airline for the Thrust Upgrades being delivered pursuant to this Letter Agreement is referred to herein as the “Initial Payment.” and any balance remaining thereafter, or after Airline has made additional payments with respect to a Thrust Upgrade pursuant to the Takeoff Utilization schedule described below, will be referred to herein as the “Remaining Balance.” Airline will have the option, in its sole discretion, to purchase any or all Thrust Upgrades delivered to Airline pursuant to this Letter Agreement at any time by payment to CFM the Remaining...
Balance of the Escalated Price for such Thrust Upgrade. CFM will transfer good, marketable title to Airline, free of all liens or encumbrances, for each Thrust Upgrade at the time Airline pays the Remaining Balance for such Thrust Upgrade or title to a Thrust Upgrade is transferred to Airline in accordance with the automatic transfer of title provisions set forth below.

Airline shall be responsible for obtaining any required approvals/changes from Airbus and the FAA.

If title to a Thrust Upgrade has not transferred to Airline, and if Airline seeks to relinquish possession or control of such Engine on which a Thrust Upgrade is installed (it being expressly understood that a sale/leaseback transaction involving an Engine will not be considered a relinquishment of possession or control by Airline) within the ***** period following delivery of the Thrust Upgrade for such Engine, then Airline shall either (i) transfer the Thrust Upgrade to a CFM56-5B5/P engine still under Airline’s possession or control, or (ii) relinquish the use of the Thrust Upgrade and return the rating plugs for such Aircraft to CFM prior to relinquishing possession or control of the Engine. If, however, Airline retains possession or control of any Engine for a ***** period following delivery of the Thrust Upgrade to be applied to such Engine, then, at the end of such ***** period, CFM will transfer ownership of the Thrust Upgrade for such Engine to Airline at no additional charge. In the event that Airline retains possession and control of all Installed Engines for a ***** period following the delivery of the Thrust Upgrade for such Installed Engines, then CFM will transfer ownership of the Thrust Upgrades applied to the ***** Spare Engines to Airline *****.

*****    *****

Thrust Upgrades are the property of CFM and are provided to Airline for Airline’s exclusive operation and use. CFM represents and warrants that Airline will have the right of quiet enjoyment of the Thrust Upgrades until such time that the Thrust Upgrade is returned to CFM or title to the Thrust Upgrade is transferred to Airline in accordance with this Letter Agreement.

Except for the payment terms set forth herein which shall apply to the purchase of the Thrust Upgrades, and which shall supercede the Payment Terms set forth in Exhibit D Paragraph A of the Agreement, all other conditions set forth in the Agreement and Attachment A and Attachment B to Exhibit B of the Agreement shall be incorporated herein as if set out in full.

Except as modified herein, the obligations set forth in this Letter Agreement No. 4 are in addition to the obligations set forth in the Agreement.
This Letter Agreement is valid, unless withdrawn by CFM prior to acceptance by Airline, *****.

Please indicate your agreement with the foregoing by signing the original and one (1) copy of this Letter Agreement No. 4 in the space provided below. This Letter Agreement may be executed in counterparts each of which, when taken together, will be deemed to be a single, enforceable agreement between the parties.

Very truly yours,
I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For purposes of this adjustment:

   A. Base price shall be the price(s) set forth on the purchase order as accepted by CFMI.

   B. The Composite Price Index (CPI) shall be deemed to mean the weighted average of the following four indices prepared by the US Department of Labor, Bureau of Labor Statistics, as published at the time of the scheduled Product billing for the sixth month prior to the scheduled Product billing.

      1. The Labor Index shall mean ***** to the second decimal place of the following ***** calculation:

         *****

      2. *****

      3. *****

      4. *****

   C. Each CPI shall be determined to the second decimal place. Calculation shall be to the third decimal digit and if the third decimal digit is five or more, the second decimal digit shall be raised to the next higher figure. If the third decimal digit is less than five, the second decimal figure shall remain as calculated.

   D. The Base Composite Price Index (*****0) shall be the index stated in the published prices announced by CFM from time to time.

III. Base prices shall be adjusted in accordance with the following formula:

      *****

      *****

      *****  *****
IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. The resulting three digit decimal shall be used to calculate *****.

VI. *****

VII. Should the above provisions become null and void by action of the US Government, the billing for the Products shall reflect changes in the costs of labor, material, commodities, and fuel which have occurred from the period represented by the applicable ***** to the ***** to scheduled billing date.

LETTER AGREEMENT NO. 5 TO GTA 6-13616

Frontier Airlines, Inc.
Frontier Center One
7001 Tower Road
Denver, CO 80249-7312

CFM International, Inc. ("CFM") and Frontier Airlines, Inc. ("Airline") have entered into General Terms Agreement No. 6-13616 dated June 30, 2000 (the "Agreement"). The Agreement contains applicable terms and conditions governing the sale by CFM and the purchase by Airline from CFM of CFM56 series Engines, Modules and Optional Equipment in support of Airline’s acquisition of new aircraft.

WHEREAS, CFM and Airline have previously entered into Letter Agreements No’s. 1, 2, 3 and 4 to document CFM and Airline’s agreements with regard to CFM56-5B5/P and [CFM56-5B8/P] installed and spare Engines, and

WHEREAS, Airline now desires to purchase ***** A320 additional aircraft and associated Engines, and ***** additional spare Engine.

NOW, THEREFORE, in consideration of the foregoing premises and of the mutual covenants and conditions contained herein, and other good and valuable consideration, receipt of which is acknowledged and agreed, CFM and Airline agree as follows:

1. Airline agrees to purchase and take delivery of ***** new firm CFM56-5B4/P powered A320 aircraft directly from Airbus in accordance with the delivery schedule set forth in Attachment A hereto (the "Aircraft").

2. Airline agrees to purchase and take delivery of a minimum of ***** CFM56-5B4/P spare Engine from CFM according to the delivery schedule set forth in Attachment A hereto.

In consideration of the above, CFM agrees to the following:

GE PROPRIETARY INFORMATION
A. Special Allowances

CFM agrees to provide the following allowances to Airline subject to the conditions set forth in the Attachment D:

(i) Aircraft Allowance

For each of the Aircraft scheduled to deliver to Airline before *, CFM will provide Airline with a per aircraft allowance for each such Aircraft in the amount of ***(**)**, and shall be subject to adjustment for escalation to the date of delivery of each such Aircraft in accordance with the escalation formula set forth in Attachment C hereto).

Each per Aircraft Allowance will be made available to Airline within following receipt of written notice from Airline that it has taken delivery of each Aircraft in accordance with its purchase agreement with Airbus. ***(**)**

(ii) Spare Engine Credit

1. CFM shall provide a credit of ***(**)** per each of the ***(**)** A320 aircraft purchased and delivered to airline, per Attachment A, ***(**)**, provided Airline has purchased and taken delivery of the Spare Engine per Attachment A.

2. This credit is subject to escalation to the date of delivery of the related shipset of CFM56-5B4/P engines to Airline, pursuant to the escalation formula set forth in Attachment C.

3. Each per-aircraft Spare Engine credit will be made available to Airline within following receipt of written notice from Airline that it has taken delivery of each Aircraft in accordance with its purchase agreement with Airbus.

4. Each per-aircraft Spare Engine credit will be in the form of a credit against purchases from GE or CFM.

5. Base Prices for spare Engines delivered to Airline by December 31, 2010 are set forth in Attachment B and are subject to adjustment for escalation per the terms set forth in Attachment C.

The obligations set forth in this Letter Agreement are in addition to the obligations set forth in the GTA. In the event of conflict between the terms of this Letter Agreement and the terms of the GTA, the terms of this Letter Agreement shall take precedence. Terms which are capitalized but not otherwise defined herein shall have the meaning given to them in Article I of the GTA.

GE PROPRIETARY INFORMATION
Confidentiality of Information. This Letter Agreement contains information specifically for Airline and CFM, and nothing herein contained shall be divulged by Airline or CFM to any third person, firm or corporation, without the prior written consent of the other Parties, which consent shall not be unreasonably withheld: except (i) that Airline’s consent shall not be required for disclosure by CFM of this Letter Agreements, to an Engine program participant, joint venture participant, engineering service provider or consultant to CFM so as to enable CFM to perform its obligations under this Letter Agreement or to provide informational data; (ii) to the extent required by Government agencies, by law, or to enforce this Letter Agreement; and (iii) to the extent necessary for disclosure to the Parties’ respective insurers, accountants or other professional advisors who must likewise agree to be bound by the provisions of this paragraph. In the event (i) or (iii) occur, suitable restrictive legends limiting further disclosure shall be applied. In the event this Letter Agreement, or other CFM information or data is required to be disclosed or filed by government agencies by law, or by court order, Airline shall notify CFM at least thirty (30) days in advance of such disclosure or filing and shall cooperate fully with CFM in seeking confidential treatment of sensitive terms of this Letter Agreement.

Please indicate your agreement with the foregoing by signing two (2) duplicate originals as provided below.

ATTACHMENT B

BASE PRICES FOR CFM56-5B4/P SPARE ENGINES

Prices Applicable to Deliveries through *****

Item

1. Basic Engine Including FADEC- CFM56-5B4/P

A. Base prices are effective for firm orders received by CFM within quoted lead time for basic spare Engines (including associated equipment and maximum climb thrust increase) for delivery to Airline by CFM on or before *****.

B. The selling price of CFM56-5B4/P basic spare Engines ordered for delivery after the period set forth in Paragraph A above shall be the base price then in effect and as set forth in each purchase order as accepted by CFM, which base price shall be subject to adjustment for escalation in accordance with CFM’s then-current escalation provisions.

GE PROPRIETARY INFORMATION
I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For purposes of this adjustment:
   A. Base price shall be the price(s) set forth on the purchase order as accepted by CFMI.
   B. The Composite Price Index (CPI) shall be deemed to mean the weighted average of the following four indices prepared by the US Department of Labor, Bureau of Labor Statistics, as published at the time of the scheduled Product billing for the sixth month prior to the scheduled Product billing.
      1. The Labor Index shall mean ***** to the second decimal place of the following ECI calculation:
         *****
      2. *****
      3. *****
      4. *****
   C. Each CPI shall be determined to the second decimal place. Calculation shall be to the third decimal digit and if the third decimal digit is five or more, the second decimal digit shall be raised to the next higher figure. If the third decimal digit is less than five, the second decimal figure shall remain as calculated.
   D. The Base Composite Price Index (******) shall be the index stated in the published prices announced by CFM from time to time.

III. Base prices shall be adjusted in accordance with the following formula:
   ******

GE PROPRIETARY INFORMATION
IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. The resulting three digit decimal shall be used to calculate *****.

VI. *****

VII. Should the above provisions become null and void by action of the US Government, the billing for the Products shall reflect changes in the costs of labor, material, commodities, and fuel which have occurred from the period represented by the applicable ***** to the *****.
1. **Allowance for Initial Aircraft Sale Only**

Any allowance described in this Letter Agreement applies only to new A320 aircraft (together or individually the “Aircraft”) equipped with new CFM56-5B4/P engines (together or individually the “Engines”) purchased by Airline directly from the aircraft manufacturer.

2. **Allowance Not Paid**

Allowances described in this Letter Agreement will become unearned and will not be paid if Engines have been delivered to the aircraft manufacturer for installation in Airline’s Aircraft and, thereafter, for any reason, Airline’s purchase order with the aircraft manufacturer is terminated, canceled or revoked, or for any reason delivery of the Aircraft will be prevented or delayed beyond ***** after the last day of the scheduled year of delivery described in Attachment A, (when accounting for any deferrals as contemplated in the Attachment A), as such scheduled delivery may be postponed in accordance with the Airbus Purchase Agreement (“Delivery Period”).

3. **Termination of Special Allowances**

Airline agrees that all of the Special Allowances set forth in this Letter Agreement shall expire ***** after delivery of last scheduled firm Aircraft as set forth in Attachment A (when accounting for any deferrals as contemplated in the Attachment A) hereto (the “Expiration Date”).

For the avoidance of doubt, it is understood that CFM shall have no further obligation beyond the Expiration Date to provide any of such Special Allowances which were not provided to Airline, through no fault of CFM.

4. **Earning and Adjustment of Allowances**

The special allowance described in this Letter Agreement is contingent upon Airline purchasing and accepting delivery of a minimum of ***** A320 Aircraft and purchasing and taking delivery from CFM ***** spare ***** Engine (“Minimum Number”) for delivery during the Delivery Period. If Airline has canceled or otherwise failed to accept these deliveries, the allowance will be adjusted as follows:

*****

5. **Assignability of Allowance**

Any allowance described herein is exclusively for the benefit of Airline and is not assignable without CFM’s written consent; provided that Airline may assign such allowance, together with its other rights under this LA on the terms described in clause (i) of paragraph A of Article XVII of the Agreement.
6. **Set Off for Outstanding Balance**

CFM shall be entitled, at all times, to set off any outstanding obligation and amounts that are due and owing from Airline to CFM for CFM Aircraft Engines goods or services (whether or not in connection with this Letter Agreement and/or GTA), against any amount payable by CFM to Airline in connection with this Letter Agreement and/or GTA.

7. **Cancellation of Installed or Spare Engines Cancellation Charge**

Airline recognizes that harm or damage will be sustained by CFM if Airline places a purchase order for spare Engine(s) or for Aircraft equipped with installed Engines and subsequently cancels such purchase order (and such cancellation is not caused by acts (or failure to act) of Airbus or CFMI) or otherwise fails to accept delivery of the Engines or Aircraft when duly tendered, Within ***** of any such cancellation or failure to accept delivery occurs. Airline shall remit to CFM a minimum cancellation charge equal to ***** of the Engine price, determined as of the date of scheduled Engine delivery to Airline or to the aircraft manufacturer, whichever is applicable.

CFM shall retain any progress payments or other deposits made to CFM for any such Engine. Such progress payments will be applied first to the minimum cancellation charge for such Engine and, in circumstances described in the last sentence of the preceding paragraph, then to any further damages sustained by CFM as a result of such cancellation or failure to accept delivery. Progress payments held by CFM in respect of any such Engine which are in excess of such amounts will be refunded to Airline, provided Airline is not then in arrears on other amounts owed to CFM.

If CFMI fails to deliver a spare Engine in accordance with the terms of the Agreement or this Letter Agreement No. 3 within ***** after the date upon which such spare Engine was scheduled to be delivered for any reason other than an Excusable Delay or a default or breach by Airline, Airline may terminate this Letter Agreement No 3 with respect to such spare Engine and CFMI shall promptly return any progress payments or other deposits made with respect to such Engine, together with interest thereon from the date such deposits were made at *****. In addition, Airline will retain all remedies available to it at law or in equity.

8. **Delay Charge for Installed or Spare Engines**

In the event Airline delays the scheduled delivery date of a spare Engine, or causes the delay of the scheduled delivery date of an installed Engine, for which CFM has received a purchase order from the aircraft manufacturer or Airline, as appropriate, for a period, or cumulative period, of more than *****. such delay shall be considered a cancellation and the applicable provisions hereof regarding the effect of cancellation shall apply.

GE PROPRIETARY INFORMATION
9. **Aircraft Substitution Rights**

Airline shall have no Aircraft “substitution rights”, unless such rights are granted in writing by the Airframe manufacturer and CFM. If Airline attempts to replace any of the Aircraft which are the subject of this Agreement with another aircraft type, and the replacement aircraft is not equipped with Engines of the type that are the subject of this GTA, such event shall also be considered a cancellation and the cancellation provisions described in subparagraph 7 above shall apply.

10. **Aircraft Not Operated for Minimum Period**

If, within the first twenty-four months following delivery of each Aircraft for which a special allowance, of any nature, was provided by CFM under this Letter Agreement or resulting GTA (the “Minimum Period”), Airline sells, transfers, trades, exchanges, leases, subleases and fails to operate such Aircraft, the special allowances earned and/or paid on such Aircraft will be proportionately reduced. Airline will reimburse CFM an amount equal to the proportionate share of the special allowances earned and/or paid with respect to such Aircraft, (based on the percentage of the Minimum Period the Aircraft was actually owned and operated by Airline), with interest on such amount. The allowance reimbursement is due no later than ***** from the time Airline ceases to own and operate such Aircraft. Interest will be ***** from the time of initial allowance payment on such Aircraft until the time of full reimbursement.

AMENDMENT NO. 1 TO GTA 6-13616

Frontier Airlines, Inc.
Frontier Center One
7001 Tower Road
Denver CO 80249-7312

CFM International, Inc. ("CFM") and Frontier Airlines, Inc. ("Airline") have entered into General Terms Agreement No. 6-13616 dated June 30, 2000 (the "Agreement"). The Agreement contains applicable terms and conditions governing the sale by CFM and the purchase by Airline from CFM of CFM56 series Engines, Modules and Optional Equipment in support of Airline’s acquisition of new aircraft.

WHEREAS, CFM and Airline now desire to revise certain terms and conditions of the Agreement.

NOW, THEREFORE, in consideration of the foregoing premises and of the mutual covenants and conditions contained herein, and other good and valuable consideration. Receipt of which is acknowledged and agreed.

CFM and Airline agree as follows:

1. Revise GTA Exhibit B.1 “Definitions”, paragraph 20 “Ultimate Life”, as follows

   FROM:

   20. “Ultimate Life” of a Part means the approved limitation on use of a Part in cumulative Flight Hours or Flight Cycles, which either CFMI or a U.S. and/or French Government authority establish as the maximum period of allowed operational time for such Parts in Airline service, with periodic repair and restoration. The term does not include individual Failure from wear and tear or other cause not related to the total usage capability of all such Parts in Airline service.”

   TO:

   “20. “Ultimate Life” of a Part means the approved limitation on use of a Part in cumulative Flight Hours or Flight Cycles, which either CFMI or a U.S. and/or French Government authority establish as the maximum period of allowed operational time for such Parts in Airline service, with periodic repair and restoration. Ultimate Life for LLPs shall be used in the calculation of CFM participation (if any, as solely determined by CFM) of an Engine or Part Failure, however, the term does not include individual Failure from wear and tear or other cause not related to the total usage capability of all such Parts in Airline service.”

i
Except as noted here, the Agreement remains unchanged. Please indicate your agreement with the foregoing by signing the original and one (1) copy of this Amendment Number 1 to the Agreement in the space provided below. This Letter Agreement may be executed in counterparts each of which, when taken together, will be deemed to be a single, enforceable agreement between the parties.

LETTER AGREEMENT NO. 7
TO GTA NO. 6-13616
Frontier Airlines, Inc.
8909 Purdue Road
Indianapolis, IN 46268

WHEREAS, CFM International, Inc. (hereinafter individually referred to as “CFM”) and Frontier Airlines, Inc. (hereinafter referred to as “Customer”) (CFM and Customer being hereinafter collectively referred to as the “Parties”) have entered into General Terms Agreement No. 6-13616 dated June 30, 2000 as amended or completed from time to time by Letter Agreement(s), (hereinafter referred to as “GTA”); and

WHEREAS, the GTA contains the applicable terms and conditions governing the sale by CFM and the purchase by Customer of spare engines, related equipment and spare parts therefore in support of Customer’s CFM56-powered fleet of aircraft from Airbus S.A.S; and

WHEREAS, as a valued customer of CFM, CFM wishes to make available to Customer, under the terms set forth herein the benefits of the CFM’s TRUEngine™ Program.

NOW THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree as follows:

1. TRUEngine™ Program Overview

   The TRUEngine program identifies an engine that the Customer has declared as having been maintained per CFM recommendations as defined in the documents specified in Appendix 2.

   TRUEngine designation is granted on an individual engine basis (ESN).

   Declaration of compliance occurs at the time Customer submits Engine Serial Numbers (ESN) via form in Appendix 4, and submits required maintenance records as specified in Appendix 3 to substantiate said declaration.

   Substantiation (by way of maintenance records submission) must cover all maintenance through the most recent exposure of each engine module.

   Upon the occurrence of shop-level maintenance, Customer is required to submit updated engine maintenance documentation (as defined in Appendix 3) within ***** to substantiate continued compliance.

   In the event Customer fails to provide adequate records or CFM concludes that, at the declaration or during the life of the TRUEngine program, an engine has been maintained in a manner inconsistent with program requirements, said engine shall be excluded from the TRUEngine program.
The obligations set forth in this Letter Agreement are in addition to the obligations set forth in the GTA. In the event of conflict between the terms of this Letter Agreement and the terms of the GTA, the terms of this Letter Agreement shall take precedence. Terms that are capitalized, but not otherwise defined herein, shall have the meaning given to them in the GTA.

Please indicate your agreement with the foregoing by signing two (2) duplicate originals as provided below.

LETTER AGREEMENT NO. 8
TO GTA No. 6-13616
Frontier Airlines
Frontier Center One
7001 Tower Road
Denver, CO
80249

WHEREAS, CFM International, Inc. (hereinafter individually referred to as “CFM”), and Frontier Airlines, Inc. (hereinafter referred to as “Airline”) (CFM and Airline being hereinafter collectively referred to as the “Parties”) have entered into General Terms Agreement No. 6-13616 dated June 30th, 2000 (hereinafter referred to as “GTA”); and

WHEREAS, the GTA contains the applicable terms and conditions governing the sale by CFM and the purchase by Airline of spare engines, related equipment and spare parts therefor in support of Airline’s CFM powered fleet of aircraft from Airbus S.A.S (“Airbus”) (“Airframer”).

NOW THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree as follows:

1. Airline agrees to purchase and take delivery of ***** new firm CFM56-5B3 powered A321 aircraft (the “Aircraft”) direct from Airframer in accordance with the delivery schedule set forth in Attachment A hereto (the “Aircraft Delivery Schedule”).

2. Airline agrees to purchase and take delivery of a minimum of ***** CFM56-5B ***** CFM56-5B3 and ***** CFM56-5B5) spare engines from CFM according to the delivery schedule set forth in Attachment A hereto (the “Spare Engine Delivery Schedule”).

3. Airline agrees to purchase a thrust upgrade from CFM56-5B to CFM56-5B4 as described in paragraph D. 1 below.

4. To the extent that Airline has been or will be granted conversion rights from Airframer in relation to the Aircraft, and provided that Airline notifies CFM in writing at least ***** before the scheduled delivery month of the relevant Aircraft contemplated for conversion, and Airline choses to exercise such conversion rights, Airline may substitute any number of Aircraft for an equal number of A320 family CFM56 powered Aircraft.
In consideration of the above, CFM agrees to the following:

A. Special Allowances

CFM agrees to provide the following allowances to Airline subject to the conditions set forth in Attachment B hereto:

(i) Aircraft Allowance

For each of the CFM56-5B3 powered Aircraft delivered to Airline per the Aircraft Delivery Schedule CFM will provide Airline with a per aircraft allowance for each such Aircraft in the amount of *****.

Such per Aircraft allowance is stated in ***** and shall be subject to adjustment for escalation to the date of delivery of each shipset of Engines to Airline in accordance with the escalation formula set forth in Attachment D hereto and subject to the escalation cap set forth in paragraph (iv) below.

Each per Aircraft Allowance will be earned by Airline upon delivery of each shipset of Engines to Airframer, (consistent with the Aircraft Delivery Schedule) payable in each case by wire transfer to Airline as soon as possible, but in any event within ***** following receipt of written notice from Airline that it has taken delivery of each Aircraft in accordance with its purchase agreement with Airframer. If requested in writing by Airline at least ***** prior to the scheduled Aircraft delivery date, CFM will by the time of delivery of such Aircraft pay in cash the amount of the Aircraft Allowance directly to Airbus. Airline shall continue to advise CFM of any delivery date changes. If CFM actually pays the Aircraft Allowance to Airbus on the delivery date as most recently notified by Airline and the actual delivery date is delayed more than ***** from the date CFM provides such allowance, Airline will pay to CFM interest on such amount, calculated from the date of payment to Airbus to but excluding the date of actual Aircraft delivery or return of such payment to CFM. Interest will be computed at *****. Such payment to Airbus may be offset against any amounts due and owing CFM.

(ii) Escalation Credit Allowance

CFM agrees to provide an Escalation Credit Allowance in the amount of *****. Such allowance shall be subject to adjustment for escalation to the date of delivery of each shipset of engines to Airline in accordance with the escalation formula set forth in Attachment D hereto and subject to the escalation cap set forth in paragraph (iv) below, and will be made available to Airline upon delivery of the Aircraft as a credit against purchases of goods and services from CFM, including the purchase of spare engines.

CFM PROPRIETARY INFORMATION
(subject to restrictions on first page)
(iii) **Equipment Credit Allowance**

CFM agrees to provide Airline with an Equipment Credit Allowance in the amount of ****%. Such allowance shall be subject to adjustment for escalation to the date of delivery of each shipset of engines to Airline in accordance with the escalation formula set forth in Attachment D hereto and subject to the escalation cap set forth in paragraph (iv) below, and will be made available to Airline upon delivery of the Aircraft as a credit against purchases of goods and services from CFM, including the purchase of spare engines.

(iv) **Escalation Cap Installed Engines and Allowances**

Subject to and contingent upon Airline purchasing and taking delivery of all ***** engines, each in accordance with the terms set forth herein, CFM agrees to provide Airline, as a special allowance, the following price adjustment cap. The below escalation calculations will also apply to all Special Allowance payments.

If the price adjustment due to escalation as calculated under Attachment D is less than or equal to *****% cumulative annual escalation, the Engine price will be adjusted by the changes in the escalation calculated in Attachment D. If the price adjustment due to escalation as calculated under Attachment D is greater than *****% cumulative annual escalation then the price adjustment due to escalation will be an amount equal to *****% per annum on a cumulative basis from January 2014 through *****.

However, in the event the price adjustment due to escalation as calculated under Attachment D is greater than *****% in any twelve month period, then the price adjustment due to escalation will be an amount equal to the value calculated above, plus *****% of each such difference between actual escalation and *****% will be added to the above through the date of Engine delivery to the Airframer.

Notwithstanding previous agreements with Airframer, the price of Engines delivered directly to Airframer from CFM for installation on the firm Aircraft shall be subject to escalation from January, 2014 to the month of each applicable Engine delivery, in accordance with Attachment D and subject to the Escalation Cap. In the event the price calculated per Attachment D is greater than the price calculated according to the Escalation Cap, CFM shall provide Airline a credit in an amount equal to the difference. This credit shall be in addition to the Aircraft Allowance and shall be made available to Airline at the same time and in the same manner as the Aircraft Allowance.
LETTER AGREEMENT NO. 8

For Engines delivered directly to Airframer from CFM for installation on the firm Aircraft with delivery dates that occur on or after ***** the total cumulative escalation in Attachment D from ***** to the date of delivery shall apply to such Engines and the Special Allowances with no escalation cap or limit, unless CFM caused the delay. In such event, the escalation cap shall continue on the Engines and Special Allowances until the Engines are delivered to the Airframer.

(v) Escalation Cap Spare engines

Subject to and contingent upon Airline purchasing and taking delivery of all ***** Spare Engines, each in accordance with the terms set forth herein, CFM agrees to provide Airline, as a special allowance, the following price adjustment cap.

If the price adjustment due to escalation as calculated under Attachment D is less than or equal to *****% cumulative annual escalation, the Engine price will be adjusted by the changes in the escalation calculated in Attachment D. If the price adjustment due to escalation as calculated under Attachment D is greater than *****% cumulative annual escalation then the price adjustment due to escalation will be an amount equal to *****% per annum on a cumulative basis from January 2014 through *****.

However, in the event the price adjustment due to escalation as calculated under Attachment D is greater than *****% in any twelve month period, then the price adjustment due to escalation will be an amount equal to the value calculated above, plus *****% of each such difference between actual escalation and *****% will be added to the above through the date of Engine delivery to the Airline.

The price of spare Engines delivered directly to Airline from CFM with delivery dates that occur on or before December 31, 2017, shall be subject to escalation from January 2014 to the month of delivery, and subject to the Escalation Cap. For delivery of Spare engines that occur on or after ***** the total cumulative escalation in Attachment D from January 2014 to ***** shall apply to such Spare Engines and the applicable Special Allowances with no escalation cap or limit, unless CFM caused the delay. In such event, the escalation cap shall continue until on the Spare Engines and the applicable Special Allowances are delivered to Airline.

B. Price Protection

Spare Engine Base Price Protection

Base prices for CFM56-5B3 and CFM56-5B5 Spare Engines delivered through ***** in support of the Aircraft, shall be as set forth in Attachment C hereto, and shall be subject to adjustment for escalation in accordance with the escalation formula set forth in Attachment D hereto and subject to the Escalation Cap set forth in paragraph (v) above.

CFM PROPRIETARY INFORMATION
(subject to restrictions on first page)
C. Special Guarantees

CFM agrees to provide the following special guarantees to Airline in support of the ***** firm Aircraft described in this Letter Agreement. These special guarantees are subject, to (i) the Limitation of Liability provisions set forth in the GTA, (ii) the General Conditions set forth in Section II of Exhibit A to the GTA and (iii) to the Basis and Conditions for Special Guarantees set forth in Attachment E hereto. Terms which are capitalized but not otherwise defined herein shall have the meaning ascribed to them in Section I of the GTA. If an Engine covered by any Special Guarantee delineated below, exhibits performance that is worse than the guaranteed performance value contained in such Special Guarantee, and such Engine has been retrofitted to incorporate non-CFM life limited, flow path, or fuel delivery parts, or non-CFM engine controls, it shall be the responsibility of the Airline to demonstrate that such part(s) has not contributed to the performance deterioration for that Engine. In the event such demonstration has not been made by Airline to the reasonable satisfaction of CFM, such Engine will be removed from the event calculation used to determine total fleetwide performance under the applicable Special Guarantee. Unless otherwise specifically indicated all of the special guarantees set forth below shall be effective for a period of ***** commencing ***** (the “Guarantee Period”). These special guarantees are exclusively offered and administered by CFM.

1. **In-Flight Shut Down (“IFSD”) Rate Guarantee**

CFM guarantees that for the Guarantee Period Airline’s cumulative Engine-caused IFSD rate will not exceed ***** EFH. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit ***** in the amount of ***** for each qualifying IFSD in excess of the guaranteed rate.

For purposes of this guarantee, an “IFSD” is defined as (i) when an Engine Part experiences a Failure or malfunctions resulting in an Engine-caused shutdown during flight or (ii) subject to verification of compliance with the Flight Crew Operating Manual, when the flight crew elects to shut off fuel to the Engine during flight solely due to an Engine Part Failure or malfunction.

2. **Delay and Cancellation (D&C) Rate Guarantee**

CFM guarantees that, for the Guarantee Period, Airline’s cumulative Engine-caused Delay (in excess of *****) and Cancellation rate for revenue flights will not exceed ***** combined events per ***** scheduled Aircraft departures. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit against future purchases from CFM in the amount of ***** for each qualifying Engine-caused Delay or Cancellation in excess of the guaranteed rate.

“Delays” and “Cancellations” are defined in Attachment F hereto.
3. **Remote Site Removal Rate Guarantee**

CFM guarantees that, for the Guarantee Period, Airline’s cumulative Engine-caused Remote Site Removal rate will not exceed ***** EFH. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit against future purchases from CFM in the amount of ***** for each Remote Site Removal in excess of the guaranteed rate.

For purposes of this guarantee, “Remote Site Removal” is defined as an Engine-caused Failure requiring Engine removal from the Aircraft at any location except Airline’s main base(s) or where any Spare Engine is available from Airline or any third party.

4. **Aircraft On Ground (“AOG”) Guarantee**

For purposes of this guarantee, “an engine caused AOG” is defined as an event in which one of Airline’s Engine-powered Aircraft is unavailable for scheduled revenue service solely as a result of an Engine Failure.

Perquisites—In addition to the conditions set forth in Attachment E, this guarantee is contingent upon (i) Airline maintaining a spare engine ratio of at least *****. If during a measurement period the Qualifying Shop Visit rate guarantee has not been met, the availability of this Spare Engine Guarantee will be temporarily suspended until they are met.

CFM guarantees that within ***** of such notification by Airline (which shall be an acknowledged notification to CFM’s assigned Customer Support Manager for Airline), of an AOG, CFM will inform Airline of such spare engine (meaning the location of a spare that is owned by CFM, another airline, leasing company or other entity).

If CFM fails to inform Airline of such spare engine availability (meaning the location of a spare that is owned by CFM, another airline, leasing company or other entity), CFM shall provide Airline with a credit in the amount of ***** per day until such time as Airline is apprised of such Engine location.

The maximum cumulative payment and/or value of daily rental charges covered by CFM for a spare engine under this guarantee shall not exceed ***** multiplied by the total number of Aircraft delivered to Airline up to the time of the Spare Engine Guarantee being invoked by the Airline.

5. **Aborted Take-Off Rate Guarantee**

CFM guarantees that, for the Guarantee Period, Airline’s cumulative Engine-caused aborted take-off (“ATO”) rate will not exceed ***** events per ***** scheduled Aircraft departures. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit against future purchases from CFM in the amount of ***** for each Engine-caused ATO in excess of the guaranteed rate.
As used in this guarantee, an Engine-caused ATO occurs when the Aircraft fails to leave the ground for Engine-caused reasons within the normal time after the Aircraft is cleared for take-off and the pilot has performed the procedure for selecting take-off power. ATO's due to FOD or maintenance error or other non Engine-caused reasons are excluded from this guarantee.

D. Additional Benefits

1. **Spare Engine Thrust Upgrade Price**
   
   CFM agrees to provide a ***** discounted thrust upgrade for the CFM56-5B5 powered spare engine purchased by Airline as described in the Spare Engine Delivery Schedule in Attachment A. The purchase of the Thrust upgrade from CFM56-5B5 to CFM56-5B4 rating shall occur at the time of delivery. The discounted price for this thrust upgrade is ***** in ***** and is subject to escalation per Attachment D to month of delivery and subject to the escalation cap per paragraph A. (iv) above.

2. **CFM56-5B3/5B1 Thrust Upgrade Program**
   
   CFM agrees to loan the rating plugs to Customer at no charge to upgrade each of the firm CFM56-5B3 installs and spare engines (***** firm engines) to CFM56-5B3/5B1 rating. Customer may use the rating at no charge for up to ***** of total CFM56-5B3 departures. Usage shall be tracked on a calendar year annual basis. Data will be provided by Customer to CFM and will be reviewed by the parties on an annual basis. Upon each annual usage review, if Customer usage exceeds ***** CFM will invoice and Customer shall pay for the percent usage amount above ***** on a then year thrust upgrade price basis, (i.e.: if usage is ***** Customer will pay for ***** of the then year thrust upgrade price.). Customer will retain ownership of the rating plugs upon total payment of ***** of the then year thrust upgrade price. If aircraft leave the Customer fleet, the engines shall revert back to CFM56-5B3 rating and Customer will return the CFM56-5B3/5B1 rating plugs to CFM or Customer may elect to pay the difference of any payments made vs *****% of the then year thrust upgrade price for the engines to retain the CFM56-5B3/5B1 rating.

E. Assignment Rights

Frontier shall have the right to maintain this Letter Agreement under a sale/leaseback, or financing.
The obligations set forth in this Letter Agreement are in addition to the obligations set forth in the GTA. In the event of conflict between the terms of this Letter Agreement and the terms of the GTA, the terms of this Letter Agreement shall take precedence. Terms which are capitalized but not otherwise defined herein shall have the meaning given to them in Article I of the GTA.

Confidentiality of Information. This Letter Agreement contains information specifically for Airline and CFM, and nothing herein contained shall be divulged by Airline or CFM to any third person, firm or corporation, without the prior written consent of the other Parties, which consent shall not be unreasonably withheld; except (i) that Airline’s consent shall not be required for disclosure by CFM of this Letter Agreements, to an Engine program participant, joint venture participant, engineering service provider or consultant to CFM so as to enable CFM to perform its obligations under this Letter Agreement or to provide informational data; (ii) to the extent required by Government agencies, by law, or to enforce this Letter Agreement; and (iii) to the extent necessary for disclosure to the Parties’ respective insurers, accountants or other professional advisors who must likewise agree to be bound by the provisions of this paragraph. In the event (i) or (iii) occur, suitable restrictive legends limiting further disclosure shall be applied. In the event this Letter Agreement, or other CFM information or data is required to be disclosed or filed by government agencies by law, or by court order, Airline shall notify CFM at least ***** in advance of such disclosure or filing and shall cooperate fully with CFM in seeking confidential treatment of sensitive terms of this Letter Agreement.

1. **Allowance for Initial Aircraft Sale Only**

Any allowance described herein applies only to the ***** new firm A321 aircraft (together or individually the “Aircraft”) equipped with new CFM56-5B3 engines (together or individually the “Engines”) purchased by Airline directly from the aircraft manufacturer. Allowances described herein do not apply to aircraft equipped with buyer-furnished engines, aircraft that have been the subject of a previous CFM proposal or offer, or, aircraft that have been previously sold or otherwise acquired through resale, lease, transfer, trade or exchange.

2. **Allowance Not Paid**

Allowances described herein will become unearned and will not be paid if Engines have been delivered to the aircraft manufacturer for installation in Airline’s Aircraft and, thereafter, for any reason, Airline’s purchase order with the aircraft manufacturer is terminated, canceled or revoked, or for any reason delivery of the Aircraft will be prevented or delayed beyond ***** of the delivery period described in the Aircraft Delivery Schedule herein (“Delivery Period”), as may be adjusted pursuant to Airline’s deferral rights with the aircraft manufacturer or as otherwise set forth herein.

3. **Termination of Special Allowances**

Airline agrees that all of the Special Allowances set forth herein shall expire ***** after delivery of last scheduled firm Aircraft as set forth in the Aircraft Delivery Schedule (the “Expiration Date”).

For the avoidance of doubt, it is understood that CFM shall have no further obligation beyond the Expiration Date to provide any of such Special Allowances which were not provided to Airline, through no fault of CFM.

4. **Adjustment of Special Allowances**

The total allowances, of any nature, described herein are contingent upon Airline accepting delivery of a minimum of ***** CFM56-5B3 powered Aircraft (“Minimum Number of Aircraft”) and ***** CFM56-5B ***** CFM56-5B3 ***** CFM56-5B5 ***** CFM56-5B4 ***** Spare Engines (“Minimum Number of Spares”) for delivery during the Delivery Period. If Airline has canceled or otherwise failed to accept delivery of one or more of the required Minimum Number of Aircraft or Minimum Number of Spares within the Delivery Period, the allowances will be adjusted as follows:

CFM PROPRIETARY INFORMATION

(subject to restrictions on first page)
Adjustment of allowances in accordance with the above formula may be made by CFM prospectively to take into account Aircraft delays and/or cancellations. In any case, Airline agrees to promptly reimburse CFM for any allowance overpayments determined to have been made at the application of the adjustment formula set forth above. Unless otherwise agreed by CFM, no allowance shall be paid on Aircraft not accepted within the Delivery Period and such Aircraft shall not be counted for purposes of the adjustment formula set forth above.

5. **Assignability of Allowance**

Any allowance described herein is exclusively for the benefit of Airline and is not assignable without CFM’s written consent; provided that Airline may assign such allowance, together with its other rights under this Letter Agreement on the terms described in clause (i) of Paragraph A of Article XVIII of the Agreement.

CFM agrees that in the event Airline seeks financing for payment of predelivery payments (“PDP Financing”) for the Aircraft, CFM will consent to the assignment to such Lender of ***** of the Aircraft Allowance per A. (i) and (ii) above for Aircraft in this Letter Agreement.

CFM understands that it is critical to the Airline that the Airline enters into PDP Financing for the Aircraft no later than December 31, 2014. CFM agrees to cooperate in good faith with Airline and the Lender to complete the PDP Financing arrangement by such date.

CFM agrees that in the event Airline enters into a lease agreement with a lessor for any of the Aircraft that include Engines and such Engines are enrolled in a long term CFM rate per Flight Hour engine maintenance program (“RPFH agreement”) between Airline and CFM, CFM will act in good faith to reach a mutually acceptable tri-partite agreement among CFM, Airline and the lessor whereby the Engine warranties, all dollar amounts collected by CFM for the Engines in accordance with the RPFH agreement and Airline’s other benefits under the RPFH Agreement will be fully assignable to the lessor (and subsequent operators, if any) in the event Airline defaults under the lease agreement and lessor takes possession of the Aircraft.

6. **Set Off for Outstanding Balance**

CFM shall be entitled, with ***** written notice, to set off any outstanding obligation and amounts that are due and owing from Airline to CFM (and not subject to a good faith dispute for goods or services (whether or not in connection with this Letter Agreement and/or GTA), against any amount payable by CFM to Airline in connection with this Letter Agreement and/or GTA.

7. **Cancellation of Installed or Spare Engines**

Airline recognizes that harm or damage will be sustained by CFM if Airline fails to accept delivery of the Spare Engines or the Engines installed on the Aircraft when duly tendered. Within ***** of any such cancellation or failure to accept delivery occurs, provided such cancellation or such failure is due to acts or failure to act of
Airline, Airline shall remit to CFM, a cancellation charge equal to ***** of the Engine price, determined as of the date of scheduled Engine delivery to Airline or to the aircraft manufacturer, whichever is applicable.

Except for the Cancellation Charges set forth above, Airline shall have no further liability to CFM in connection with the cancellation of a purchase order or failure to accept delivery of Spare Engines or Aircraft.

CFM shall retain any progress payments or other deposits made to CFM for any such Engine. Such progress payments will be applied first to the minimum cancellation charge for such Engine and, in circumstances described in the last sentence of the preceding paragraph, then to any further damages sustained by CFM as a result of such cancellation or failure to accept delivery. Progress payments held by CFM in respect of any such Engine which are in excess of such amounts will be refunded to Airline, provided Airline is not then in arrears on other amounts owed to CFM.

8. **Delay Charge for Installed or Spare Engines**

In the event Airline delays the scheduled delivery date of a Spare Engine, or causes the delay of the scheduled delivery date of an installed Engine, for a period, or cumulative period for all Aircraft contemplated hereunder, of more than ***** such delay shall be considered a cancellation and the applicable provisions hereof regarding the effect of cancellation shall apply.

9. **Aircraft Not Operated for Minimum Period**

If, within the first ***** following delivery of each Aircraft for which a Special Allowance, of any nature, was provided by CFM pursuant to this Agreement or any resulting GTA/Letter Agreement (the “Minimum Period”), such Aircraft is no longer owned by (i) Airline or a wholly owned subsidiary or Airline, (ii) a trust or other special purpose entity established in connection with the financing of such Aircraft for Airline, or (iii) an entity to which Airline is permitted to assign its rights pursuant to clause (i) of Paragraph A of Article XVIII of the Agreement, the Special Allowances earned and/or paid on such Aircraft will be proportionately reduced. Airline will reimburse CFM an amount equal to the proportionate share of the Special Allowances earned and/or paid with respect to such Aircraft, (based on the percentage of the Minimum Period the Aircraft was actually owned and operated by Airline), with interest on such amount. The allowance reimbursement is due no later than ***** from the time Airline ceases to own and operate such Aircraft. Interest will be calculated ***** from the time of initial Special Allowance payment on such Aircraft until the time of full reimbursement.

10. **Limitation Regarding Cancellation or Delay**

The provisions of Sections 7 and 8 shall not apply (i) in the case of any installed Engine if Frontier provides to CFM (x) a written statement from the Airframer stating that the reason for the cancellation or delay is “Excusable Delay”, “Total Loss”, or “Inexcusable Delay” (as defined in the Airbus Purchase Agreement) and (y) a written
LETTER AGREEMENT NO. 8

statement from Airframer that such cancellation or delay was not caused by acts or failure to act of Airline or (ii) in the case of any installed Engine or Spare Engine, if the reason per the cancellation or delay is “Excusable Delay” (as defined in the CFM GTA) or failure of CFM to perform its material obligations under this Letter Agreement or GTA.

A. Base prices are effective for basic Spare Engines delivered to Airline by CFM on or before ***** unless delivery is delayed due to acts or failure to act of CFM, in which case the price protection shall continue until the spare Engine is delivered to Airline. The base prices are for delivery Ex Works, Evendale, Ohio, or point of manufacture, subject to adjustment for escalation, and Airline shall be responsible, upon delivery, for the payment of all taxes, duties, fees or other similar charges.

B. The selling price of CFM56-5B basic Spare Engines delivered after ***** above shall be the base price then in effect, which base price shall be subject to adjustment for escalation in accordance with CFM’s then-current escalation provisions.

C-1

CFM PROPRIETARY INFORMATION
I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For the purpose of this adjustment:
   A. Base price shall be the price(s) set forth in the applicable Letter Agreement.
   B. The Composite Price Index (CPI) shall be calculated, to the second decimal place, using the following formula:

   
   C. Each CPI shall be determined to the second decimal place. Calculation shall be to the third decimal digit and if the third decimal digit is five or more, the second decimal digit shall be raised to the next higher figure. If the third decimal digit is less than five, the second decimal figure shall remain as calculated.

   D. The Base Composite Index (******) shall be the base index stated in the published prices.

D-1
CFM PROPRIETARY INFORMATION
III. Base prices shall be adjusted in accordance with the following formula:

\[ ***** \]

IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. If the calculation of this ratio results in a number less than 1.000, the ratio will be adjusted to 1.000. The resulting three digit decimal shall be used to calculate Pn.

VI. Values to be utilized in the event of unavailability. If at the time of delivery of Product, CFM is unable to determine the adjusted price because the applicable values to be used to determine the ***** have not been released by the Bureau of Labor Statistics, then:

(a) The Price Adjustment, to be used at the time of delivery of the Product, will be determined by utilizing the escalation provisions set forth above. The values released by the Bureau of Labor Statistics and available ***** prior to scheduled Product delivery month will be used to determine the ***** values for the applicable months (including those noted as preliminary by the Bureau of Labor Statistics) to calculate the Product Price Adjustment. If no value have been released for an applicable month, the provisions set forth in Paragraph b, below, will apply. If prior to delivery of a Product, the U.S. Department of Labor changes the base year for determination of the ***** values as defined above, such rebase values will be incorporated in the Price Adjustment calculation.

(b) If prior to delivery of a Product, U.S. Department of Labor substantially revises the methodology used for the determination of the values to be used to determine the ***** values (in contrast to benchmark adjustments or other corrections of previously released values), or for any reason has not released values needed to determine the applicable Price Adjustment, CFM will, prior to delivery of any such Product, select a substitute for such values from data published by the Bureau of Labor Statistics or other similar data reported by non-governmental United States organizations, such substitute to lead in application to the same adjustment result insofar as possible, as would have been achieved by continuing the use of the original values as they may have fluctuated during the applicable time period. Appropriate revisions of the formula will be made as required to reflect any substitute values. However, if within ***** from delivery of the Product, the Bureau of Labor Statistics should resume releasing values for the months needed to determine the Product Price Adjustment, such values will be used to determine any increase or decrease in the Product Price Adjustment from that determined at the time of delivery of such Product.
(c) In the event escalation provisions are made non-enforceable or otherwise rendered null and void by any agency of the United States Government, the parties agree, to the extent they may lawfully do so, to equitably adjust the base price of any affected Product to reflect an allowance for increase or decrease in labor compensation and material costs occurring since February of the base price year which is consistent with the applicable provisions of this Price Escalation formula.

(d) For the calculation herein, the values released by the Bureau of Labor Statistics and available to CFM at the end of the month prior to scheduled Product delivery month will be used to determine the ***** values for the applicable months (including those noted as preliminary by the Bureau of Labor Statistics) to calculate the Product Price Adjustment for the Product invoice at the time of delivery. The values will be considered final and no Product Price Adjustment will be made after Product delivery for any subsequent changes in published index values.

Note: Any rounding of a number, with respect to escalation of the Product Price, will be accomplished as follows: If the first digit of the portion to be dropped from the number is five or greater, the preceding digit will be raised to the next higher number.
A. General Conditions

The Guarantees offered in this Letter Agreement have been developed specifically for Airline’s new installed and Spare Engines. The General Conditions described in Exhibit A of the General Terms Agreement between CFM and Airline apply to the guarantees and such guarantees are offered to Airline contingent upon:

1. Airline accepting delivery of a minimum of ***** CFM56-5B3 Engine powered A321 Aircraft in the time period described in this Letter Agreement;
2. Airline procuring and maintaining the CFM recommended number of Spare Engines and Engine Modules;
3. Airline’s Engines being identified and maintained separately from other operators’ engines at the repair agency;
4. Agreement between Airline and CFM regarding administration of the guarantees;
5. Airline operating Aircraft ***** A change in Aircraft or Engine quantity, Aircraft or Engine model, Aircraft delivery schedule from that described in this Letter Agreement, or flight operations resulting in more severe operating conditions than described above will require adjustment of the guaranteed values to reflect such different conditions, using CFM’s operational severity criteria;
6. Airline and CFM agreement upon the Engine restoration workscope necessary during each shop visit. Engine operation and maintenance will be performed in accordance with CFM manuals, bulletins, or other written instructions;
7. Available on-wing maintenance and performance restoration procedures, including Engine water wash at intervals no greater than every ***** (or as otherwise mutually agreed between Airline and CFM), being used to avoid unnecessary shop visits; and
8. Service bulletins agreed to between Airline and CFM being incorporated in a timely manner.
9. If any third party report used to calculate any Special Guarantee becomes unavailable or there is any change in the methodology used to produce the information in any such third party report which change materially affects the result of the calculation of any Special Guarantee (“Report Change”), then the Parties shall negotiate and agree upon a revised source of the information and/or a revised methodology and/or an adjustment to the third party report, the result of which will be to maintain the original expectations of the Parties with respect to the calculation of that Special Guarantee, and the Parties shall apply that revision to calculations of that Special Guarantee after the Report Change.

CFM PROPRIETARY INFORMATION
B. Exclusions
The guarantees shall not apply (i) to events that are due to negligence, acts of god, accidents, improper operation and/or improper maintenance or (ii) if the Engines are employed in power-back aircraft operation (iii) to non Engine-caused events.

Costs associated with life limited Parts retirement, taxes, transportation or any other fees are excluded. Parts shall be considered Scrapped if they bear a scrap tag duly countersigned by a CFM representative.

C. Administration
The guarantees are not assignable without the written consent of CFM.

If compensation becomes available to Airline under more than one specific guarantee, airframer guarantee for which CFM has agreed to participate in, warranty or other engine program consideration, Airline will not receive duplicate compensation but will receive the compensation most beneficial to Airline under a single guarantee, warranty or other program consideration. If there is a dispute between CFM and the airframer about which of them is responsible for payment of related compensation to Airline available under a Special Guarantee as a result of CFM’s failure to meet such Special Guarantee, CFM shall promptly pay the compensation to Airline under such Special Guarantee and will be subrogated to Airline’s rights to any related compensation from the airframer. Unless otherwise stated, the guarantee compensation will be in the form of credits to be used by Airline against the purchase from CFM of Spare Engines, spare Parts, and/or Engine services.

Delay

An Engine-caused delay of an Aircraft occurs when the malfunctioning of an Engine or Part thereof, the checking of same, or necessary corrective action causes the final Aircraft departure to be delayed more than a specified time (*****) after the programmed departure time in any of the following instances:

- An originating flight departs later than the scheduled departure time.
- A through service or turnaround flight remains on the ground longer than the allowable ground time.
- The aircraft is released late from maintenance.

NOTE:
A cancellation supersedes a delay (i.e., a flight which is canceled after having been delayed is considered to be a cancellation only - not a delay and a cancellation). *****

Cancellation

Elimination or termination of a scheduled trip because of a known or reasonably suspected malfunction and/or defect in an Engine or Part thereof.

CFM PROPRIETARY INFORMATION
LETTER AGREEMENT NO. 9
TO GTA No. 6-13616

Frontier Airlines
Frontier Center One
7001 Tower Road
Denver, CO 80249

WHEREAS, CFM International, Inc. (hereinafter individually referred to as “CFM”) and Frontier Airlines, Inc. (hereinafter referred to as “Airline”) (CFM and Airline being hereinafter collectively referred to as the “Parties”) have entered into General Terms Agreement 6-13616 dated June 30th, 2000, as amended (hereinafter referred to as “GTA”); and

WHEREAS, the GTA contains the applicable terms and conditions governing the sale by CFM and the purchase by Airline of spare engines, related equipment and spare parts therefor in support of Airline’s CFM powered fleet of aircraft from Airbus S.A.S (“Airbus”) (“Airframer”).

NOW THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree as follows:

1. Airline agrees to purchase and take delivery of [***] new firm CFM56-5B3 powered A321 aircraft and [***] new firm CFM56-5B4 powered A320 aircraft (the “Aircraft”) direct from Airframer in accordance with the delivery schedule set forth in Attachment A hereto (the “Aircraft Delivery Schedule”).

2. Airline agrees to purchase and take delivery of a minimum of [***] CFM56-5B ([***] CFM56-5B4 and [***] CFM56-5B3) spare engines from CFM according to the delivery schedule set forth in Attachment A hereto (the “Spare Engine Delivery Schedule”).

3. Airline agrees to upgrade the CFM56-5B4 spare engine to CFM56-5B3 thrust rating by [***]. The purchase of the thrust upgrade from CFM56-5B4 to CFM56-5B3 rating is [***] and is subject to escalation per Attachment D to month of delivery and subject to the escalation cap per paragraph A. (iv) hereto.

4. To the extent that Airline has been or will be granted conversion rights from Airframer in relation to the Aircraft, and provided that Airline notifies CFM in writing at least [***] before the scheduled delivery month of the relevant Aircraft contemplated for conversion, and Airline chooses to exercise such conversion rights, Airline may substitute any number of Aircraft for an equal number of A320 family CFM56 powered Aircraft.

PROPRIETARY INFORMATION NOTICE The information contained in this document is CFM Proprietary Information and is disclosed in confidence. It is the property of CFM and shall not be used, disclosed to others, or reproduced without the express written consent of CFM. If consent is given for reproduction in whole or in part, this notice and the notice set forth on each page of this document shall appear on any such reproduction. Export control laws may also control the information contained in this document. Unauthorized export or re-export is prohibited.
In consideration of the above, CFM agrees to the following:

A. **Special Allowances**

   CFM agrees to provide the following allowances to Airline subject to the conditions set forth in Attachment B hereto:

   (i) **Aircraft Allowance**

      For each of the CFM56-5B3 powered A321 Aircraft delivered to Airline per the Aircraft Delivery Schedule CFM will provide Airline with a per aircraft allowance for each such A321 Aircraft in the amount of [***]. For each of the CFM56-5B4 powered A320 Aircraft delivered to Airline per the Aircraft Delivery Schedule CFM will provide Airline with a per aircraft allowance for each such A320 Aircraft in the amount of [***].

      Such per Aircraft allowance is stated in [***], and shall be subject to adjustment for escalation to the date of delivery of each shipset of Engines to Airline in accordance with the escalation formula set forth in Attachment D hereto and subject to the escalation cap set forth in paragraph (iv) below.

      Each per Aircraft Allowance will be earned by Airline upon delivery of each shipset of Engines to Airframer, (consistent with the Aircraft Delivery Schedule) payable in each case by wire transfer to Airline as soon as possible, but in any event within [***] following receipt of written notice from Airline that it has taken delivery of each Aircraft in accordance with its purchase agreement with Airframer. If requested in writing by Airline at least [***] prior to the scheduled Aircraft delivery date, CFM will by the time of delivery of such Aircraft pay in cash the amount of the Aircraft Allowance directly to Airbus. Airline shall continue to advise CFM of any delivery date changes. If CFM actually pays the Aircraft Allowance to Airbus on the delivery date as most recently notified by Airline and the actual delivery date is delayed more than [***] from the date CFM provides such allowance, Airline will pay to CFM interest on such amount, calculated from the date of payment to Airbus to but excluding the date of actual Aircraft delivery or return of such payment to CFM. Interest will be computed at [***]. Such payment to Airbus may be offset against any amounts due and owing CFM.
(ii) Escalation Credit Allowance

CFM agrees to provide an Escalation Credit Allowance in the amount of [***]. Such allowance is stated in [***], and shall be subject to adjustment for escalation to the date of delivery of each shipset of engines to Airline in accordance with the escalation formula set forth in Attachment D hereto and subject to the escalation cap set forth in paragraph (iv) below, and will be made available to Airline upon delivery of the Aircraft as a credit against purchases of goods and services from CFM, including the purchase of spare engines.

(iii) Equipment Credit Allowance

CFM agrees to provide Airline with an Equipment Credit Allowance in the amount of [***]. Such allowance is stated in [***], and shall be subject to adjustment for escalation to the date of delivery of each A321 aircraft shipset of engines to Airline in accordance with the escalation formula set forth in Attachment D hereto and subject to the escalation cap set forth in paragraph (iv) below, and will be made available to Airline upon delivery of the A321 Aircraft as a credit against purchases of goods and services from CFM, including the purchase of spare engines.

(iv) Escalation Cap Installed Engines and Allowances

Subject to and contingent upon Airline purchasing and taking delivery of all [***], each in accordance with the terms set forth herein, CFM agrees to provide Airline, as a special allowance, the following price adjustment cap. The below escalation calculations will also apply to all Special Allowance payments.

If the price adjustment due to escalation as calculated under Attachment D is less than or equal to [***]% cumulative annual escalation, the Engine price will be adjusted by the changes in the escalation calculated in Attachment D. If the price adjustment due to escalation as calculated under Attachment D is greater than [***]% cumulative annual escalation then the price adjustment due to escalation will be an amount equal to [***]% per annum on a cumulative basis from January 2014 through [***].

However, in the event the price adjustment due to escalation as calculated under Attachment D is greater than [***]% in any twelve month period, then the price adjustment due to escalation will be an amount equal to the value calculated above, plus [***]% of each such difference between actual escalation and [***]% will be added to the above through the date of Engine delivery to the Airframer.

Notwithstanding previous agreements with Airframer, the price of Engines delivered directly to Airframer from CFM for installation on the firm Aircraft shall be subject to escalation from January, 2014 to the month of each applicable Engine.
delivery, in accordance with Attachment D and subject to the Escalation Cap. In the event the price calculated per Attachment D is greater than the price calculated according to the Escalation Cap, CFM shall provide Airline a credit in an amount equal to the difference. This credit shall be in addition to the Aircraft Allowance and shall be made available to Airline at the same time and in the same manner as the Aircraft Allowance.

For Engines delivered directly to Airframer from CFM for installation on the firm Aircraft with delivery dates that occur on or after [***], the total cumulative escalation in Attachment D from [***] to the date of delivery shall apply to such Engines and the Special Allowances with no escalation cap or limit, unless CFM caused the delay. In such event, the escalation cap shall continue on the Engines and Special Allowances until the Engines are delivered to the Airframer.

(iv) Escalation Cap Spare engines

Subject to and contingent upon Airline purchasing and taking delivery of all [***] Spare Engines, each in accordance with the terms set forth herein, CFM agrees to provide Airline, as a special allowance, the following price adjustment cap.

If the price adjustment due to escalation as calculated under Attachment D is less than or equal to [***]% cumulative annual escalation, the Engine price will be adjusted by the changes in the escalation calculated in Attachment D. If the price adjustment due to escalation as calculated under Attachment D is greater than [***]% cumulative annual escalation then the price adjustment due to escalation will be an amount equal to [***]% per annum on a cumulative basis from January 2014 through [***].

However, in the event the price adjustment due to escalation as calculated under Attachment D is greater than [***]% in any twelve month period, then the price adjustment due to escalation will be an amount equal to the value calculated above, plus [***]% of each such difference between actual escalation and [***]% will be added to the above through the date of Engine delivery to the Airline.

The price of spare Engines delivered directly to Airline from CFM with delivery dates that occur on or before December 31, 2017, shall be subject to escalation from January 2014 to the month of delivery, and subject to the Escalation Cap. For delivery of Spare engines that occur on or after [***], the total cumulative escalation in Attachment D from January 2014 to [***] shall apply to such Spare Engines and the applicable Special Allowances with no escalation cap or limit, unless CFM caused the delay. In such event, the escalation cap shall continue until on the Spare Engines and the applicable Special Allowances are delivered to Airline.
B. Price Protection

Spare Engine Base Price Protection

Base prices for CFM56-5B3 and CFM56-5B4 Spare Engines delivered through [***], in support of the Aircraft, shall be as set forth in Attachment C hereto, and shall be subject to adjustment for escalation in accordance with the escalation formula set forth in Attachment D hereto and subject to the Escalation Cap set forth in paragraph (iv) above.

C. Special Guarantees

CFM agrees to provide the following special guarantees to Airline in support of the [***] firm Aircraft described in this Letter Agreement. These special guarantees are subject, to (i) the Limitation of Liability provisions set forth in the GTA, (ii) the General Conditions set forth in Section II of Exhibit A to the GTA and (iii) to the Basis and Conditions for Special Guarantees set forth in Attachment E hereto. Terms which are capitalized but not otherwise defined herein shall have the meaning ascribed to them in Section I of the GTA. If an Engine covered by any Special Guarantee delineated below, exhibits performance that is worse than the guaranteed performance value contained in such Special Guarantee, and such Engine has been retrofitted to incorporate non-CFM life limited, flow path, or fuel delivery parts, or non-CFM engine controls, it shall be the responsibility of the Airline to demonstrate that such part(s) has not contributed to the performance deterioration for that Engine. In the event such demonstration has not been made by Airline to the reasonable satisfaction of CFM, such Engine will be removed from the event calculation used to determine total fleetwide performance under the applicable Special Guarantee. Unless otherwise specifically indicated all of the special guarantees set forth below shall be effective for a period of [***] commencing [***] (the “Guarantee Period”). These special guarantees are exclusively offered and administered by CFM.

1. In-Flight Shut Down (“IFSD”) Rate Guarantee

CFM guarantees that for the Guarantee Period Airline’s cumulative Engine-caused IFSD rate will not exceed [***] EFH. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit [***] in the amount of [***] for each qualifying IFSD in excess of the guaranteed rate.

For purposes of this guarantee, an “IFSD” is defined as (i) when an Engine Part experiences a Failure or malfunctions resulting in an Engine-caused shutdown during flight or (ii) subject to verification of compliance with the Flight Crew Operating Manual, when the flight crew elects to shut off fuel to the Engine during flight solely due to an Engine Part Failure or malfunction.
2. **Delay and Cancellation (D&C) Rate Guarantee**

CFM guarantees that, for the Guarantee Period, Airline’s cumulative Engine-caused Delay (in excess of [***]) and Cancellation rate for revenue flights will not exceed [***] combined events per [***] scheduled Aircraft departures. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit against future purchases from CFM in the amount of [***] for each qualifying Engine-caused Delay or Cancellation in excess of the guaranteed rate.

“Delays” and “Cancellations” are defined in Attachment F hereto.

3. **Remote Site Removal Rate Guarantee**

CFM guarantees that, for the Guarantee Period, Airline’s cumulative Engine-caused Remote Site Removal rate will not exceed [***] EFH. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit against future purchases from CFM in the amount of [***] for each Remote Site Removal in excess of the guaranteed rate.

For purposes of this guarantee, “Remote Site Removal” is defined as an Engine-caused Failure requiring Engine removal from the Aircraft at any location except Airline’s main base(s) or where any Spare Engine is available from Airline or any third party.

4. **Aircraft On Ground (“AOG”) Guarantee**

For purposes of this guarantee, “an engine caused AOG” is defined as an event in which one of Airline’s Engine-powered Aircraft is unavailable for scheduled revenue service solely as a result of an Engine Failure.

Perquisites—In addition to the conditions set forth in Attachment E, this guarantee is contingent upon Airline maintaining a spare engine ratio of at least [***].

CFM guarantees that within [***] of such notification by Airline (which shall be an acknowledged notification to CFM’s assigned Customer Support Manager for Airline), of an AOG, CFM will inform Airline of such spare engine (meaning the location of a spare that is owned by CFM, another airline, leasing company or other entity).

If CFM fails to inform Airline of such spare engine availability (meaning the location of a spare that is owned by CFM, another airline, leasing company or other entity),
LETTER AGREEMENT NO. 9

CFM shall provide Airline with a credit in the amount of [***] per day until such time as Airline is apprised of such Engine location. The maximum cumulative payment and/or value of daily rental charges covered by CFM for a spare engine under this guarantee shall not exceed [***] multiplied by the total number of Aircraft delivered to Airline up to the time of the Spare Engine Guarantee being invoked by the Airline.

5. **Aborted Take-Off Rate Guarantee**

CFM guarantees that, for the Guarantee Period, Airline’s cumulative Engine-caused aborted take-off (“ATO”) rate will not exceed [***] events per [***] scheduled Aircraft departures. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Airline a credit against future purchases from CFM in the amount of [***] for each Engine-caused ATO in excess of the guaranteed rate.

As used in this guarantee, an Engine-caused ATO occurs when the Aircraft fails to leave the ground for Engine-caused reasons within the normal time after the Aircraft is cleared for take-off and the pilot has performed the procedure for selecting take-off power. ATO’s due to FOD or maintenance error or other non Engine-caused reasons are excluded from this guarantee.

D. **Additional Benefits**

1. **CFM56-5B3/3B1 Thrust Upgrade Program**

CFM agrees to loan the rating plugs to Customer at no charge to upgrade each of the firm CFM56-5B3 installs and spare engines (including [***] spare engines to -5B3 per paragraph 3 hereto) to CFM56-5B3/3B1 rating. Customer may use the rating at no charge for up to [***] of total CFM56-5B3 departures. Usage shall be tracked on a calendar year annual basis. Data will be provided by Customer to CFM and will be reviewed by the parties on an annual basis. Upon each annual usage review, if Customer usage exceeds [***], CFM will invoice and Customer shall pay for the percent usage amount above [***] on a then year thrust upgrade price basis. (i.e.: if usage is [***], Customer will pay for [***] of the then year thrust upgrade price.). Customer will retain ownership of the rating plugs upon total payment of [***] of the then year thrust upgrade price. If aircraft leave the Customer fleet, the engines shall revert back to CFM56-5B3 rating and Customer will return the CFM56-5B3/3B1 rating plugs to CFM or Customer may elect to pay the difference of any payments made for usage exceeding the [***] set forth above, and the [***] of the then year thrust upgrade price for the engines to retain the CFM56-5B3/3B1 rating.
E. Assignment Rights.

Frontier shall have the right to maintain this Letter Agreement under a sale/leaseback, or financing.

The obligations set forth in this Letter Agreement are in addition to the obligations set forth in the GTA. In the event of conflict between the terms of this Letter Agreement and the terms of the GTA, the terms of this Letter Agreement shall take precedence. Terms which are capitalized but not otherwise defined herein shall have the meaning given to them in Article I of the GTA.

Confidentiality of Information. This Letter Agreement contains information specifically for Airline and CFM, and nothing herein contained shall be divulged by Airline or CFM to any third person, firm or corporation, without the prior written consent of the other Parties, which consent shall not be unreasonably withheld; except (i) that Airline’s consent shall not be required for disclosure by CFM of this Letter Agreements, to an Engine program participant, joint venture participant, engineering service provider or consultant to CFM so as to enable CFM to perform its obligations under this Letter Agreement or to provide informational data; (ii) to the extent required by Government agencies, by law, or to enforce this Letter Agreement; and (iii) to the extent necessary for disclosure to the Parties’ respective insurers, accountants or other professional advisors who must likewise agree to be bound by the provisions of this paragraph. In the event (i) or (iii) occur, suitable restrictive legends limiting further disclosure shall be applied. In the event this Letter Agreement, or other CFM information or data is required to be disclosed or filed by government agencies by law, or by court order, Airline shall notify CFM at least [***] in advance of such disclosure or filing and shall cooperate fully with CFM in seeking confidential treatment of sensitive terms of this Letter Agreement.

CFM PROPRIETARY INFORMATION  
(subject to restrictions on first page)
1. **Allowance for Initial Aircraft Sale Only**
   Any allowance described herein applies only to the [***] new firm A320 and A321 aircraft (together or individually the “Aircraft”) equipped with new CFM56-5B4 and -5B3 engines (together or individually the “Engines”) purchased by Airline directly from the aircraft manufacturer. Allowances described herein do not apply to aircraft equipped with buyer-furnished engines, aircraft that have been the subject of a previous CFM proposal or offer, or, aircraft that have been previously sold or otherwise acquired through resale, lease, transfer, trade or exchange.

2. **Allowance Not Paid**
   Allowances described herein will become unearned and will not be paid if Engines have been delivered to the aircraft manufacturer for installation in Airline’s Aircraft and, thereafter, for any reason, Airline’s purchase order with the aircraft manufacturer is terminated, canceled or revoked, or for any reason delivery of the Aircraft will be prevented or delayed beyond [***] of the delivery period described in the Aircraft Delivery Schedule herein (“Delivery Period”), as may be adjusted pursuant to Airline’s deferral rights with the aircraft manufacturer or as otherwise set forth herein.

3. **Termination of Special Allowances**
   Airline agrees that all of the Special Allowances set forth herein shall expire [***] after delivery of last scheduled firm Aircraft as set forth in the Aircraft Delivery Schedule (the “Expiration Date”).
   For the avoidance of doubt, it is understood that CFM shall have no further obligation beyond the Expiration Date to provide any of such Special Allowances which were not provided to Airline, through no fault of CFM.

4. **Adjustment of Special Allowances**
   The total allowances, of any nature, described herein are contingent upon Airline accepting delivery of a minimum of [***] CFM56-5B powered Aircraft (“Minimum Number of Aircraft”) [***] CFM56-5B ([***] CFM56-5B3 and [***] CFM56-5B4 [***] CFM56-5B3 [***]) Spare Engines (“Minimum Number of Spares”) for delivery during the Delivery Period. If Airline has canceled or otherwise failed to accept delivery of one or more of the required Minimum Number of Aircraft or Minimum Number of Spares within the Delivery Period, the allowances will be adjusted as follows:
Adjustment of allowances in accordance with the above formula may be made by CFM prospectively to take into account Aircraft delays and/or cancellations. In any case, Airline agrees to promptly reimburse CFM for any allowance overpayments determined to have been made at the application of the adjustment formula set forth above [***]. Unless otherwise agreed by CFM, no allowance shall be paid on Aircraft not accepted within the Delivery Period and such Aircraft shall not be counted for purposes of the adjustment formula set forth above.

5. **Assignability of Allowance**

Any allowance described herein is exclusively for the benefit of Airline and is not assignable without CFM’s written consent; provided that Airline may assign such allowance, together with its other rights under this Letter Agreement on the terms described in clause (i) of Paragraph A of Article XVIII of the Agreement.

CFM agrees that in the event Airline seeks financing for payment of predelivery payments (“PDP Financing”) for the Aircraft, CFM will consent to the assignment to such Lender of [***] of the Aircraft Allowance per A. (i) and (ii) above for Aircraft in this Letter Agreement.

CFM agrees that in the event Airline enters into a lease agreement with a lessor for any of the Aircraft that include Engines and such Engines are enrolled in a long term CFM rate per Flight Hour engine maintenance program (“RPFH agreement”) between Airline and CFM, CFM will act in good faith to reach a mutually acceptable tri-party agreement among CFM, Airline and the lessor whereby the Engine warranties, all dollar amounts collected by CFM for the Engines in accordance with the RPFH agreement and Airline’s other benefits under the RPFH Agreement will be fully assignable to the lessor (and subsequent operators, if any) in the event Airline defaults under the lease agreement and lessor takes possession of the Aircraft.

6. **Set Off for Outstanding Balance**

CFM shall be entitled, with [***] written notice, to set off any outstanding obligation and amounts that are due and owing from Airline to CFM (and not subject to a good faith dispute for goods or services (whether or not in connection with this Letter Agreement and/or GTA), against any amount payable by CFM to Airline in connection with this Letter Agreement and/or GTA.

7. **Cancellation of Installed or Spare Engines**

Airline recognizes that harm or damage will be sustained by CFM if Airline fails to accept delivery of the Spare Engines or the Engines installed on the Aircraft when duly tendered. Within [***] of any such cancellation or failure to accept delivery occurs, provided such cancellation or such failure is due to acts or failure to act of Airline, Airline shall remit to CFM, a cancellation charge equal to [***] of the Engine price, determined as of the date of scheduled Engine delivery to Airline or to the aircraft manufacturer, whichever is applicable.
Except as set forth above, Airline shall have no further liability to CFM in connection with the cancellation of a purchase order or failure to accept delivery of Spare Engines or Aircraft.

CFM shall retain any progress payments or other deposits made to CFM for any such Engine. Such progress payments will be applied to the minimum cancellation charge for such Engine. Progress payments held by CFM in respect of any such Engine which are in excess of such amounts will be refunded to Airline, provided Airline is not then in arrears on other amounts owed to CFM.

8. **Delay Charge for Installed or Spare Engines**

In the event Airline delays the scheduled delivery date of a Spare Engine, or causes the delay of the scheduled delivery date of an installed Engine, for a period, or cumulative period for all Aircraft contemplated hereunder, of more than [***], such delay shall be considered a cancellation and the applicable provisions hereof regarding the effect of cancellation shall apply.

9. **Aircraft Not Operated for Minimum Period**

If, within the first [***] following delivery of each Aircraft for which a Special Allowance, of any nature, was provided by CFM pursuant to this Agreement or any resulting GTA/Letter Agreement (the "Minimum Period"), such Aircraft is no longer owned by (i) Airline or a wholly owned subsidiary of Airline, (ii) a trust or other special purpose entity established in connection with the financing of such Aircraft for Airline, or (iii) an entity to which Airline is permitted to assign its rights pursuant to clause (i) of Paragraph A of Article XVIII of the Agreement, the Special Allowances earned and/or paid on such Aircraft will be proportionately reduced. Airline will reimburse CFM an amount equal to the proportionate share of the Special Allowances earned and/or paid with respect to such Aircraft, (based on the percentage of the Minimum Period the Aircraft was actually owned and operated by Airline), with interest on such amount. The allowance reimbursement is due no later than [***] from the time Airline ceases to own and operate such Aircraft. Interest will be calculated [***], from the time of initial Special Allowance payment on such Aircraft until the time of full reimbursement.

10. **Limitation Regarding Cancellation or Delay**

The provisions of Sections 7 and 8 shall not apply (i) in the case of any installed Engine if Frontier provides to CFM (x) a written statement from the Airframer stating that the reason for the cancellation or delay is “Excusable Delay”, “Total Loss”, or “Inexcusable Delay” (as defined in the Airbus Purchase Agreement) and (y) a written statement from Airframer that such cancellation or delay was not caused by acts or failure to act of Airline or (ii) in the case of any installed Engine or Spare Engine, if the reason for the cancellation or delay is “Excusable Delay” (as defined in the CFM GTA) or failure of CFM to perform its material obligations under this Letter Agreement or GTA.

A. Base prices are effective for basic Spare Engines delivered to Airline by CFM on or before [***] unless delivery is delayed due to acts or failure to act of CFM, in which case the price protection shall continue until the spare Engine is delivered to Airline. The base prices are for delivery Ex Works, Evendale, Ohio, or point of manufacture, subject to adjustment for escalation, and Airline shall be responsible, upon delivery, for the payment of all taxes, duties, fees or other similar charges.

B. The selling price of CFM56-5B basic Spare Engines delivered after [***] above shall be the base price then in effect, which base price shall be subject to adjustment for escalation in accordance with CFM’s then-current escalation provisions.
I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit.

II. For the purpose of this adjustment:
   A. Base price shall be the price(s) set forth in the applicable Letter Agreement.
   B. The Composite Price Index (CPI) shall be calculated, to the second decimal place, using the following formula:

IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio [***] shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. If the calculation of this ratio results in a number less than 1.000, the ratio will be adjusted to 1.000. The resulting three digit decimal shall be used to calculate Pt.

VI. Values to be utilized in the event of unavailability. If at the time of delivery of Product, CFM is unable to determine the adjusted price because the applicable values to be used to determine the [***] have not been released by the Bureau of Labor Statistics, then:

a) The Price Adjustment, to be used at the time of delivery of the Product, will be determined by utilizing the escalation provisions set forth above. The values released by the Bureau of Labor Statistics and available [***] prior to scheduled Product delivery month will be used to determine the [***] values for the applicable months (including those noted as preliminary by the Bureau of Labor Statistics) to calculate the Product Price Adjustment. If no value have been released for an applicable month, the provisions set forth in Paragraph b, below, will apply. If prior to delivery of a Product, the U.S. Department of Labor changes the base year for determination of the [***] values as defined above, such rebase values will be incorporated in the Price Adjustment calculation.

b) If prior to delivery of a Product, U.S. Department of Labor substantially revises the methodology used for the determination of the values to be used to determine the [***] values (in contrast to benchmark adjustments or other corrections of previously released values), or for any reason has not released values needed to determine the applicable Price Adjustment, CFM will, prior to delivery of any such Product, select a substitute for such values from data published by the Bureau of Labor Statistics or other similar data reported by non-governmental United States organizations, such substitute to lead in application to the same adjustment result insofar as possible, as would have been achieved by continuing the use of the original values as they may have fluctuated during the applicable time period. Appropriate revisions of the formula will be made as required to reflect any substitute values. However, if within [***] from delivery of the Product, the Bureau of Labor Statistics should resume releasing values for the months needed to determine the Product Price Adjustment, such values will be used to determine any increase or decrease in the Product Price Adjustment from that determined at the time of delivery of such Product.

c) In the event escalation provisions are made non-enforceable or otherwise rendered null and void by any agency of the United States Government, the parties agree, to the extent they may lawfully do so, to equitably adjust the base price of any affected Product to reflect an allowance for increase or decrease in labor compensation and material costs occurring since February of the base price year which is consistent with the applicable provisions of this Price Escalation formula.
d) For the calculation herein, the values released by the Bureau of Labor Statistics and available to CFM at the end of the month prior to scheduled Product delivery month will be used to determine the [***] values for the applicable months (including those noted as preliminary by the Bureau of Labor Statistics) to calculate the Product Price Adjustment for the Product invoice at the time of delivery. The values will be considered final and no Product Price Adjustment will be made after Product delivery for any subsequent changes in published index values.

Note: Any rounding of a number, with respect to escalation of the Product Price, will be accomplished as follows: If the first digit of the portion to be dropped from the number is five or greater, the preceding digit will be raised to the next higher number.
BASIS AND CONDITIONS FOR SPECIAL GUARANTEES

A. General Conditions

The Guarantees offered in this Letter Agreement have been developed specifically for Airline’s new installed and Spare Engines. The General Conditions described in Exhibit A of the General Terms Agreement between CFM and Airline apply to the guarantees and such guarantees are offered to Airline contingent upon:

1. Airline accepting delivery of a minimum of [***] CFM56-5B3 Engine powered A321 Aircraft and [***] CFM56-5B4 powered A320 Aircraft in the time period described in this Letter Agreement;
2. Airline procuring and maintaining the CFM recommended number of Spare Engines and Engine Modules;
3. Airline’s Engines being identified and maintained separately from other operators’ engines at the repair agency;
4. Agreement between Airline and CFM regarding administration of the guarantees;
5. Airline operating Aircraft [***]. A change in Aircraft or Engine quantity, Aircraft or Engine model, Aircraft delivery schedule from that described in this Letter Agreement, or flight operations resulting in more severe operating conditions than described above will require adjustment of the guaranteed values to reflect such different conditions, using CFM’s operational severity criteria;
6. Airline and CFM agreement upon the Engine restoration workscope necessary during each shop visit. Engine operation and maintenance will be performed in accordance with CFM manuals, bulletins, or other written instructions;
7. Available on-wing maintenance and performance restoration procedures, including Engine water wash at intervals no greater than every [***] (or as otherwise mutually agreed between Airline and CFM), being used to avoid unnecessary shop visits; and
8. Service bulletins agreed to between Airline and CFM being incorporated in a timely manner.

9. If any third party report used to calculate any Special Guarantee becomes unavailable or there is any change in the methodology used to produce the information in any such third party report which change materially affects the result of the calculation of any Special Guarantee ("Report Change"), then the Parties shall negotiate and agree upon a revised source of the information and/or a revised methodology and/or an adjustment to the third party report, the result of which will be to maintain the original expectations of the Parties with respect to the calculation of that Special Guarantee, and the Parties shall apply that revision to calculations of that Special Guarantee after the Report Change.

B. Exclusions

The guarantees shall not apply (i) to events that are due to negligence, acts of god, accidents, improper operation and/or improper maintenance or (ii) if the Engines are employed in power-back aircraft operation (iii) to non Engine-caused events.

Costs associated with life limited Parts retirement, taxes, transportation or any other fees are excluded. Parts shall be considered Scrapped if they bear a scrap tag duly countersigned by a CFM representative.

C. Administration

The guarantees are not assignable without the written consent of CFM.

If compensation becomes available to Airline under more than one specific guarantee, airframer guarantee for which CFM has agreed to participate in, warranty or other engine program consideration, Airline will not receive duplicate compensation but will receive the compensation most beneficial to Airline under a single guarantee, warranty or other program consideration. If there is a dispute between CFM and the airframer about which of them is responsible for payment of related compensation to Airline available under a Special Guarantee as a result of CFM’s failure to meet such Special Guarantee, CFM shall promptly pay the compensation to Airline under such Special Guarantee and will be subrogated to Airline’s rights to any related compensation from the airframer. Unless otherwise stated, the guarantee compensation will be in the form of credits to be used by Airline against the purchase from CFM of Spare Engines, spare Parts, and/or Engine services.
Delay

An Engine-caused delay of an Aircraft occurs when the malfunctioning of an Engine or Part thereof, the checking of same, or necessary corrective action causes the final Aircraft departure to be delayed more than a specified time [***] after the programmed departure time in any of the following instances:

• An originating flight departs later than the scheduled departure time.
• A through service or turnaround flight remains on the ground longer than the allowable ground time.
• The aircraft is released late from maintenance.

NOTE:
A cancellation supersedes a delay (i.e., a flight which is canceled after having been delayed is considered to be a cancellation only—not a delay and a cancellation). [***]

Cancellation

Elimination or termination of a scheduled trip because of a known or reasonably suspected malfunction and/or defect in an Engine or Part thereof.

NOTE:
[***]
THIS GENERAL TERMS AGREEMENT NO. 1-2576101711 (hereinafter referred to as this “Agreement”), dated as of the 17th day of October, 2011, by and between CFM International, Inc. (hereinafter referred to as “CFM”), a corporation organized under the law of the State of Delaware, U.S.A., and jointly owned by the General Electric Company (hereinafter referred to as “GE”) and Snecma Moteurs (hereinafter referred to as “SNECMA”) and Republic Airways Holdings Inc., a corporation organized under the law of Delaware (hereinafter referred to as “Airline”). CFM and Airline are also referred to in this Agreement as the “Parties” or individually as a “Party”.

WITNESSETH

WHEREAS, Airline has acquired, or is in the process of acquiring a certain number of aircraft equipped with installed CFM Engines (as defined below), and

WHEREAS, CFM and Airline desire to enter into this Agreement to establish the terms and conditions governing the sale by CFM and the purchase by Airline of Spare Engines (as defined below), related equipment and spare parts therefor and the product services to be supplied by CFM in support of such installed and Spare Engines for use by Airline with respect to its commercial passenger service purposes (“Activities”), and

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the respective Parties hereto agree as follows to the respective Sections of this Agreement. Capitalized terms used herein that are otherwise undefined shall have the meanings ascribed to them in Section I (“Definitions”), unless the context requires otherwise.

SECTION I – DEFINITIONS

These definitions shall apply for all purposes of this Agreement unless the context otherwise requires.

“Aircraft” means the aircraft on which the Engine(s) listed in the applicable letter agreement to this Agreement is (are) installed.

“Agreement” means this General Terms Agreement (together with all exhibits, and specific transaction agreements (“Letter Agreements”) and attachments) between CFM and Airline.

“Airworthiness Directive” means a requirement for the inspection, repair or modification of the Engine or any portion thereof as issued by the Federal Aviation Administration of the United States Department of Transportation (“FAA”) and/or the European Aviation Safety Agency (“EASA”).

“ATA” means the Air Transport Association of America.

“Data” means all information and data of any type, form or nature (including, but not limited to, designs, drawings, blueprints, tracings, plans, models, layouts, software, specifications, technical publications, electronic transmittals, website data and memoranda) which may be furnished or made available to Airline by CFM, directly or indirectly, as the result of this Agreement, but excluding any of the foregoing that is in the public domain, through no fault of Airline, was in the possession of Airline without restriction on use prior to its disclosure to Airline by CFM or that is independently developed by Airline as evidenced by written records.
“Engine” means the FAA/EASA certified Engine(s) described in the applicable letter agreement(s) to this Agreement or covered under this Agreement pursuant to Article 7 hereof.

“Expendable Parts” means those parts sold by CFM which must routinely be replaced during inspection, repair, or maintenance, whether or not such parts have been damaged, and other parts which are customarily replaced at each such inspection and maintenance period such as filter inserts and other short-lived items which are not dependent on wear out but replaced at predetermined intervals and which are not eligible for reuse after removal.

“Failed Parts” means those Parts and Expendable Parts suffering a Failure, and including Parts or Expendable Parts suffering Resultant Damage.

“Failure” means the breakage of a Part or Expendable Part, failure to function of a Part or Expendable Part, or damage to a Part or Expendable Part, rendering it not Serviceable and such breakage, failure or damage has been determined to the reasonable satisfaction of CFM to be due to causes within CFM’s control including, but not limited to, a defect in design. Failure shall also include any defect in material or workmanship. Failure does not include any such breakage, malfunction or damage that is due to normal wear and tear.

“Flight Cycle” means the complete running of an Engine from start through any condition of flight and ending at Engine shutdown. A “touch and go landing” used during pilot training shall be considered as a “Flight Cycle.”

“Flight Hours” means the cumulative number of airborne hours in operation of each Engine computed from the time an aircraft leaves the ground until it touches the ground at the end of a flight.

“Foreign Object Damage” means any damage to the Engine caused by objects that are not part of the Engine and Engine optional equipment.

“Labor Allowance” means a CFM credit calculated by *****. If a Labor Allowance is granted for a repair, it shall not exceed the credit that would have been quoted if the Part had not been repairable. The established labor rate means either (a) the then current labor rate mutually agreed between CFM and Airline if the work has been performed by Airline, or (b) the then current labor rate agreed between CFM and the third party repair and overhaul shop if the work has been performed by such repair and overhaul shop.

“Module” means a major sub-assembly of any of the Engines described in the applicable letter agreements or covered under this Agreement pursuant to Article 7 hereof.

“Part” means only those FAA/EASA certified Engine and Engine Module Parts which have been sold originally to Airline by CFM for commercial use. This term shall include parts installed on an Engine sold to Airline, whether directly by CFM or through an airframe manufacturer with respect to an Engine installed on an Aircraft, parts installed by CFM in connection with servicing or maintaining an Engine and parts sold to Airline as Spare Parts. The term excludes parts that were furnished on new Engines and Modules but are procured directly from vendors. Such parts are covered by the vendor warranty and the CFM “Vendor Warranty Back Up.” Also excluded are Expendable Parts and customary short-lived items such as igniters and filter inserts.
“Parts Credit Allowance” means the credit granted by CFM to Airline, in connection with either a CFM-declared campaign change or the Failure of a Part or Expendable Part, *****.

“Part Cycles” means the total number of Flight Cycles accumulated by a Part.

“Parts Repair” means the CFM recommended rework or restoration of Failed Parts to a Serviceable condition.

“Part Time” means the total number of Flight Hours accumulated by a Part.

“Performance Restoration Shop Visit” means a shop visit in which at a minimum, the combustor and high-pressure turbine are exposed and subsequently refurbished.

“Product” means Spare Engines, Modules, Parts, Expendable Parts, related optional equipment, technical data and other products offered for sale by CFM from time to time.

“Resultant Damage” means the damage suffered by a Part in warranty because of a Failure of another Part or Expendable Part within the same engine, provided the Part or Expendable Part causing the damage was in warranty.

“Serviceable” when used to describe an Engine or Part, means in an airworthy condition within the limits defined in the applicable Engine manuals, specification and/or publications by the type certificate holder.

“Scrapped Parts” means those Parts determined by CFM to be unserviceable and not repairable by virtue of reliability, performance or repair costs. Such Parts shall be considered as scrapped if they bear a scrap tag duly countersigned by a CFM representative. Such Parts shall be destroyed and disposed of by Airline unless requested by CFM for engineering analysis, in which event any handling and shipping shall be at CFM’s expense.

“Spare Engine” means an Engine acquired in support of Airline’s fleet of Aircraft for use as a spare Engine when another Engine in such fleet is unavailable due to damage or is otherwise being repaired or serviced.

“Spare Parts” means Parts or Expendable Parts acquired by Airline from CFM for future installation on Engines.

“Ultimate Life” of a rotating Part means the approved limitation on use of a rotating Part, in cumulative Flight Hours or Flight Cycles, which a U.S. government authority establishes as the maximum period of allowed operational time for such rotating Parts in Airline service, with periodic repair and restoration.
SECTION II – TERMS AND CONDITIONS

ARTICLE 1 – PRODUCTS

A. Airline may purchase under the terms and subject to the conditions hereinafter set forth, Products as may be offered for sale by CFM in quantities and in configurations reasonably required to support Airline’s activities and the aircraft applications operated by Airline in connection therewith.

B. In order to assure that an adequate supply of CFM Spare Engines are available to support the worldwide operating fleet of CFM powered aircraft, CFM reserves the option, for a limited period of time following the sale of Spare Engines to Airline, to repurchase Spare Engines which Airline proposes to utilize for other than its own operating purposes.

Accordingly, if prior to the accumulation of ***** Flight Hours on any Spare Engine sold hereunder, Airline elects to a) offer such Spare Engine for resale or b) undertake action to cause components or parts of such Spare Engine to be made available for sale, Airline shall give CFM prompt advance written notice of such determination (“Airline’s Notice”). Promptly upon receipt of such notice, CFM shall have the option to repurchase the Spare Engine from Airline (the “CFM Repurchase Option”) at the lower of (i) the net price (the CFM quoted spare engine price less any allowances or other credits available to, and exercised by, Airline) at which such Spare Engine was sold by CFM to Airline less an amount to cover any use and operation of the Spare Engine which, as agreed by the Parties, shall be equal to the then-current restoration charges per operating hours and cycles applicable to the equivalent CFM lease pool engine; or (ii) any lower amount contained in any current, bona fide offer made to Airline by a third party for such Spare Engine. CFM shall give Airline notice of its decision to decline or to exercise such CFM Repurchase Option within ***** of its receipt of Airline’s Notice. Fulfillment by CFM of the CFM Repurchase Option shall be conditional upon technical inspection, review and acceptance of the Spare Engine and its records by CFM and the execution of a mutually acceptable purchase agreement. If CFM Repurchase Option “(i)” is exercised by CFM, upon completion of the repurchase, CFM shall restore to Airline’s account any allowances and credits applied to reduce the CFM quoted spare engine price. For the avoidance of doubt, such CFM Repurchase Option shall not apply to any sale of a Spare Engine intended to secure sale/leaseback financing in connection therewith.

ARTICLE 2 – PRODUCT PRICES

A. In General. The selling price of Products will be the respective prices which are quoted in the Spare Parts Price Catalog, as revised from time to time (the “Spare Parts Catalog” or “Catalog”) or in CFM’s written quotation or proposal from time to time and confirmed in a Letter Agreement for the purchase of Spare Engines or in a purchase order placed by Airline and accepted by CFM. CFM shall quote such prices in U.S. Dollars and Airline shall pay for Products in U.S. Dollars. All Product prices
include the cost of CFM’s standard tests, inspection and commercial packaging, but exclude, in the case of Engines, shipping stands, containers and engine covers. Transportation costs and costs resulting from special inspection, packaging, testing or other special requirements, requested by Airline, will be paid for by Airline. CFM will advise Airline in writing ***** in advance of any changes in prices affecting a significant portion of the prices in the Catalog. During such ***** period, CFM shall not be obligated to accept Airline purchase orders for quantities of spare Parts in excess of ***** of Airline’s normal usage beyond the effective date of the announced price change.

B. **Spare Engines.** Spare Engine prices will be quoted as base prices, subject to escalation using the appropriate CFM Engine escalation provisions agreed upon by CFM and Airline. The appropriate CFM escalation provisions will be set forth in each applicable letter agreement to this Agreement. If a Letter Agreement does not prohibit CFM from making changes to the escalation provisions, no changes to escalation provisions will apply to Airline until CFM provides Airline at least ***** prior written notice.

**ARTICLE 3 – PRODUCT ORDER PLACEMENT**

A. The terms and conditions set forth herein are in lieu of all printed terms and conditions appearing on Airline’s purchase orders.

B. Airline shall place purchase orders for Products and CFM’s acknowledgment of each purchase order shall constitute acceptance thereof.

**ARTICLE 4 – DELIVERY, TITLE, TRANSPORTATION, RISK OF LOSS, PACKAGING OF PRODUCTS**

A. Shipment of Products shall be from CFM’s facility in Evendale, Ohio, U.S.A., Peebles, Ohio, U.S.A., or Erlanger, Kentucky, U.S.A., or point of manufacture, or other facility at CFM’s option.

B. Delivery of all Products shall be as follows (hereinafter “Delivery”):

1. For Products shipped from the U.S. to a domestic U.S. destination, Delivery of such Products shall be Ex Works (Incoterms 2000) at the point of shipment described in Paragraph A of this Article. The Parties shall use their reasonable best efforts to avoid or minimize the imposition of Taxes on the sale of Products and payments under this Agreement and to transfer the Products from a jurisdiction that provides a commercially reasonable mechanism for obtaining an exemption from sales and use and any similar Taxes. In the event of a change in law that could reasonably be expected to result in Airline becoming liable for Taxes under the terms of this Agreement, the parties will negotiate in good faith to restructure the terms of this Agreement, including the location from which Delivery of the Products is made, in order to eliminate or minimize such Taxes;
(2) For Products shipped from the U.S. to a destination outside the U.S., Delivery of such Products shall be to Airline over international waters (i.e., 12 miles offshore of the U.S.), or, if the Product does not cross international waters during transport, at the frontier of the destination country. Unless otherwise agreed, Airline shall be responsible for the export of the Products out of the U.S.;

(3) For Products shipped from a location outside the U.S., Delivery of such Products shall be FCA (Incoterms 2000) from such foreign CFM facility; Upon Delivery, title to Products as well as risk of loss thereof or damage thereto shall pass to Airline. Airline shall be responsible for all risk and expense in obtaining any required licenses and carrying out all customs formalities for the exportation and importation of goods under U.S. law and CFM shall be responsible for all risk and expense in obtaining any required licenses and carrying out all customs formalities for the exportation and importation of goods under laws other than U.S. laws, unless shipment to such foreign country was requested by Airline, in which case Airline shall be responsible for such foreign licenses and customs formalities.

C. Airline shall arrange and pay for transportation of such Products from the point of shipment described in Paragraph A of this Article until Delivery in accordance with Paragraph B of this Article.

ARTICLE 5 – PAYMENT FOR PRODUCTS
Airline shall pay CFM with respect to Products purchased hereunder as set forth in the attached Exhibit C.

ARTICLE 6 – TAXES AND DUTIES
A. Taxes, Duties, or Charges. In addition to the price for the Products, REPUBLIC agrees to pay, upon demand, all taxes (including, without limitation, sales, use, excise, turnover or value added taxes), duties, fees, charges or assessments of any nature (but excluding any taxes based on or measured by the income or profits of CFM) imposed by the United States, or any jurisdiction within the United States in connection with performance of this Agreement (any such non-excluded taxes hereinafter “Taxes”). CFM shall have the right to invoice and collect sales tax on all services or products sold under this contract to REPUBLIC, unless REPUBLIC provides a complete and valid sales and use tax exemption certificate.

B. Reimbursement/Refund. If payment of any such Taxes is made by CFM (or the applicable affiliated company), REPUBLIC will reimburse CFM (or the applicable affiliated company) upon demand, such reimbursement including, inter alia, penalties and interest for failure to timely pay such Taxes, other than to the extent such penalty and interest arise as a result of CFM’s negligence or willful misconduct, levied against CFM (or the applicable affiliated company). REPUBLIC and CFM will use all reasonable efforts to obtain a refund thereof. If all or any part of any such taxes is refunded to CFM, CFM (or the applicable affiliated company) will repay to REPUBLIC such part thereof as CFM (or the applicable affiliated company) was refunded.
C. **Withholdings.** All payments by REPUBLIC to CFM (or the applicable affiliated company) under this Agreement will be free of all withholdings for Taxes except to the extent otherwise required by law, and if any such withholding for Taxes is so required, REPUBLIC will pay an additional amount such that after the deduction of all amounts required to be withheld, the net amount received by CFM (or the applicable affiliated company) will equal the amount that CFM (or the applicable affiliated company) would have received if such withholding had not been required. If the aforementioned mechanism contradicts the law of U.S., the Parties shall amend this Agreement in order to increase the respective prices and amounts provided for by this Agreement so that the initial prices and amounts are preserved.

D. The Parties shall use their reasonable best efforts to avoid or minimize the imposition of Taxes on the sale of Products and payments under this Agreement and to transfer the Products from a jurisdiction that provides a commercially reasonable mechanism for obtaining an exemption from sales and use and any similar Taxes. In the event of a change in law that could reasonably be expected to result in Airline becoming liable for Taxes under the terms of this Agreement, the parties will negotiate in good faith to restructure the terms of this Agreement, including the location from which Delivery of the Products is made, in order to eliminate or minimize such Taxes.

**ARTICLE 7 – WARRANTY AND PRODUCT SUPPORT PLAN**

Applicable warranties are set forth in Exhibit A relating to all Engines or Parts, including Expendable Parts, either purchased by Airline directly from CFM or installed on Airline’s Aircraft as original equipment. Product support activities are set forth in Exhibit B.

**ARTICLE 8 – DELAY**

CFM shall not be liable or in breach of its obligations under this Agreement to the extent performance of such obligations is delayed or prevented, directly or indirectly, by ***** (each an “***** Delay”). The delivery or performance date shall be extended for a period equal to the time lost by reason of delay, including time to overcome the effect of the delay. CFM shall use reasonable efforts to continue performance whenever such causes are removed. In the event an excusable delay continues for a period of ***** or more beyond the scheduled delivery or performance date, Airline or CFM may, upon ***** written notice to the other, cancel the part of this Agreement so delayed, and CFM shall return to Airline all payments relative to the canceled part of this Agreement. If delivery or performance is delayed due to an Excusable Delay not caused by Airline, CFM and Airline shall each bear one half of any escalation changes applicable to the period of delay. 

---

CFM PROPRIETARY INFORMATION
(subject to restrictions on cover page)
If CFM fails to deliver any Engine when scheduled (whether to airframe manufacturer for installation on an Aircraft or directly to Airline) for any reason other than an Excusable Delay, (i) CFM shall pay to Airline with respect to such Engine, as liquidated damages and not as a penalty, ***** per day from the tenth day after the scheduled delivery month or quarter until the actual date of delivery or, if earlier, the termination by Airline of its order for such Engine, not to exceed *****. (ii) the price payable by Airline for such Spare Engine shall not be escalated beyond the scheduled delivery month or quarter and (iii) if such delay is more than ***** after the scheduled delivery month or quarter, Airline shall have the right to terminate its order for such Engine on ***** written notice to CFM, in which case CFM shall promptly return to Airline any pre-delivery payments made by Airline with respect to such Engine. Any amounts CFM pays to Airbus as a result of such late delivery shall be deducted from any amount CFM would be liable for hereunder.

ARTICLE 9 – PATENTS

A. CFM shall indemnify Airline from and against any damages, costs, expenses and liabilities insofar as based on a claim that any Product furnished under this Agreement, without any alteration or further combination, constitutes an infringement of any patent of the United States or France or of any patent of any other country that is signatory to Article 27 of the Convention on International Civil Aviation signed by the United States at Chicago on December 7, 1944, in which Airline is authorized to operate or in which another airline pursuant to lawful interchange, lease or similar arrangement, operates aircraft of Airline.

B. Airline shall promptly notify CFM in writing and give CFM authority, information and assistance ***** for the defense of any suit or proceeding. In case such Product is held in such suit or proceeding to constitute infringement and the use of said Product is enjoined, CFM shall, *****.

C. The remedies described in Paragraphs (A) and (B) above do not apply to any Product or Part (1) not purchased by Airline from CFM (except for Products or Parts installed as original equipment on aircraft owned, leased or operated by Airline); (2) that was changed, modified, or not used for its intended purpose; or (3) that was manufactured by CFM to Airline’s unique specifications or directions.

The obligations recited in this Article shall constitute the sole and exclusive liability of CFM for actual or alleged patent infringement.
ARTICLE 10 – DATA

A. All Data is proprietary to and shall remain the property of CFM. All Data is provided to or disclosed to Airline in confidence, and shall neither (1) be used by Airline or be furnished by Airline to any other person, firm or corporation for the design or manufacture or repair of any products, articles, compositions of matter, or processes, nor (2) be permitted out of Airline’s possession, or divulged to any other person, firm or corporation, nor (3) be used in the creation, manufacture, development, or derivation of any repairs, modifications, spare parts, designs or configuration changes, or to obtain FAA or any other government or regulatory approval of any of the foregoing. In the event Airline is required to disclose Data by law or court order, Airline shall notify CFM in advance of such disclosure or filing, to the extent reasonably practicable, and shall cooperate fully with CFM in seeking confidential treatment of such Data. Data shall not be used for the maintenance, repair, or assessment of continued airworthiness of any products not supplied or covered under this Agreement. If CFM’s written consent is given for reproduction in whole or in part, any existing notice or legend shall appear in any such reproduction. Nothing in this Agreement shall preclude Airline from using such Data for the modification, overhaul, or maintenance work performed by Airline on CFM Products purchased by Airline; except that all repairs or repair processes that are not disclosed in the Engine manuals (including, but not limited to, high technology repairs) will be the subject of a separate license and substantiated repair agreement between CFM and Airline.

B. CFM warrants that it either owns or will secure the right for Airline to use, as set forth in this Paragraph, software delivered as part of an Engine by CFM to Airline under this Agreement. CFM agrees to provide to Airline, as part of the delivered Engines, a copy of all software, in machine readable (object code) format, necessary solely for the operation of Engines provided under this Agreement. CFM will provide to Airline and Airline agrees to accept and execute all commercially reasonable license agreements, if any, that are required to memorialize such rights to use such software. Airline agrees that it shall have no rights to sublicense, decompile or modify any software provided by CFM without the prior express written consent of the owner of such software. Airline shall be solely responsible for negotiating any licenses necessary to secure for Airline any additional rights in any software.

ARTICLE 11 – LIMITATION OF LIABILITY

The liability of CFM to Airline *****. THE WARRANTIES AND GUARANTEES SET FORTH IN EXHIBIT A AND ANY APPLICABLE LETTER AGREEMENTS ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND GUARANTEES WHETHER WRITTEN, STATUTORY, ORAL, OR IMPLIED (INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE).
For the purpose of this Article, the term “CFM” shall be deemed to include CFM, GE, SNECMA, and CFM's subsidiaries, assigns, subcontractors, suppliers, and the respective directors, officers, employees, and agents of each.

ARTICLE 12 – GOVERNMENT AUTHORIZATION, EXPORT SHIPMENT

Airline shall be responsible for obtaining any required licenses or any other required governmental authorization and shall be responsible for complying with all U.S. government licensing and reporting requirements, in each case applicable under U.S. law to the ownership or use of any Product by Airline.

ARTICLE 13 – PERSONAL DATA PROTECTION

A. “Personal Data” is any information relating to an identified or identifiable natural person or to any legal entity if such legal entity is subject to data protection legislation in their country of incorporation (“Data Subject”).

B. Airline and CFM each agree that any Personal Data obtained from the other Party will be deemed “Data” of the other Party as defined in this Agreement whether or not the Personal Data is publicly available.

C. Airline and CFM each represent that in providing Personal Data to one another they will comply with all applicable laws and regulations, including but not limited to providing notices to or obtaining consents from the Data Subjects when required.

D. Steps shall be taken to implement and maintain physical, technical and organizational measures to ensure the security and confidentiality of Personal Data in order to prevent accidental, unauthorized or unlawful access, use, modification, disclosure, loss or destruction of Personal Data. The security measures taken shall be in compliance with applicable data protection laws and shall be adapted to the risks represented by the processing and the nature of the personal data to be collected and/or stored.

ARTICLE 14 – NOTICES

Any notices under this Agreement shall become effective upon receipt and shall be in writing and be delivered or sent by mail, courier service, personal service or fax to the respective Parties at the following addresses, which may be changed by written notice:

ARTICLE 15 – MISCELLANEOUS

A. Assignment of Agreement. This Agreement may not be assigned, in whole or in part, by either Party without the prior written consent of the other Party; except, that, Airline’s consent shall not be required for substitution of any other company jointly owned by GE and SNECMA in place of CFM as the contracting party and the recipient of any or all payments, and/or for the assignment of CFM’s rights to receive payments from Airline to CFM’s suppliers.

(1) Notwithstanding anything to the contrary set forth herein, Airline shall have the right to assign any of its rights or obligations under this Agreement to any of its affiliated companies and Airline will not be released from its obligations without consent from CFM. Also, Airline will have the right to assign this Agreement and Airline will be released from its obligations in any sale of substantially all assets, as long as the successor assumes all obligations under this Agreement and have a consolidated net worth no less than Airline’s consolidated net worth immediately prior to such assignment and such successor is not (i) a person or company to whom it is illegal for CFM to sell products or services to or is prohibited by regulation or law from doing business with, (ii) an engine manufacturer or service provider or an entity controlled by an engine manufacturer or service provider, or (iii) any person or company that CFM, acting reasonably, and without unreasonable delay, notifies Airline that such person or company is one with which CFM objects to on the basis of compliance policies to doing business with, or is insolvent or is in bankruptcy or is an affiliate of any such persons or companies. Also Airline will have the right to maintain this Agreement under a lease, or financing to a third party operator of the installed Engines or Spare Engines, as long as Airline is financially responsible for all obligations under the definitive agreements and the financial terms are not disclosed to such party.

(2) Notwithstanding anything to the contrary set forth herein, Airline shall have the right to assign Airline’s rights, liabilities and obligations under this Agreement to Frontier Airlines, Inc. (“Frontier”) or the buyer referred to in clause (b) below, in which case Airline shall have no further rights, obligations or liabilities under this Agreement if the following conditions are satisfied:

(a) Any transaction occurs in which Airline ceases to be the beneficial owner of more than 50% of Frontier’s outstanding Common Shares, if Frontier executes an assumption agreement reasonably satisfactory to CFM of the obligations of Airline under this Agreement and immediately after giving effect to such transaction, the credit quality of Frontier (or that of Frontier and a new guarantor combined) is the same as or better than that of Frontier and Airline combined immediately prior to the transaction, as measured by reasonable tests that will include unrestricted cash levels and tangible net worth; or
(b) A transfer occurs of all or substantially all of the assets of Frontier to a single buyer if, the buyer executes an assumption reasonably satisfactory to CFM of the obligations of Airline under this Agreement and immediately after giving effect to such transaction, the credit quality of the buyer (or of the buyer and a new guarantor combined) is the same as or better than that of Frontier and Airline combined immediately prior to the sale, as measured by reasonable tests that will include unrestricted cash levels and tangible net worth.

(c) To the extent a guarantor is necessary to satisfy the foregoing conditions, such guarantor must also guarantee the obligations and liabilities of Frontier under this Agreement.

(d) No entity having Control (as defined below) of Frontier, nor the buyer of the assets of Frontier, nor the guarantor is a company that is (1) engaged in the business of leasing of aircraft or spare engines; (2) a person to whom it is illegal for CFM to sell products or services or a party with which CFM is prohibited by applicable law or regulation, including without limitation, the United States Patriot Act, from doing business; (3) an airframe manufacturer or an engine manufacturer, or an entity directly or indirectly controlled by an airframe manufacturer or engine manufacturer; (4) any person that CFM, acting reasonably and without unreasonable delay, notifies Frontier is a person with which CFM objects to doing business; or (5) insolvent or in bankruptcy or (6) an affiliate of any such persons. (Control means the possession, direct or indirect of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract or otherwise); and

(e) There is no event of default or material default and, in any case, there is no termination event or event that, with the giving of notice, the lapse of time, or both, would become a termination event under this Agreement; and

(f) The assignment referred to in this paragraph (2) will be available on only one occasion.

B. Applicable Law; Venue. All aspects of this Agreement and the obligations arising hereunder will be governed in accordance with the law of the State of New York, U.S.A.; except, that New York conflict of law rules will not apply if the result would be the application of the laws of another jurisdiction. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement.

C. Entire Agreement; Modification. This Agreement contains the entire and only agreement between the Parties, and it supersedes all pre-existing agreements between such Parties, respecting the subject matter hereof; and any representation, promise or condition in connection therewith not incorporated herein shall not be binding upon either Party. No modification or termination of this Agreement or any of the provisions herein contained shall be binding upon the Party against whom enforcement of such modification or termination is sought, unless it is made in writing and signed on behalf of CFM and Airline by duly authorized executives.

CFM PROPRIETARY INFORMATION
(subject to restrictions on cover page)
D. **Confidentiality of Information.** This Agreement and letter agreements contain information specifically for Airline and CFM, and nothing herein contained shall be divulged by Airline or CFM to any third person, firm or corporation, without the prior written consent of the other Parties, which consent shall not be unreasonably withheld; except (i) that Airline’s consent shall not be required for disclosure by CFM of this Agreement and letter agreements, and related information given by Airline to CFM, to an Engine program supplier, joint venture participant, engineering service provider or consultant to CFM to the extent necessary to enable CFM to perform its obligations under this Agreement or letter agreements or to build the Engine so long as such other person agrees to maintain the confidentiality thereof on the same basis as this paragraph D; (ii) to the extent required by Government agencies, by law, or to enforce this Agreement; (iii) to the extent necessary for disclosure to the Parties’ respective insurers, accountants, lawyers or other professional advisors who must likewise agree to be bound by the provisions of this paragraph D; and (iv) the Engine Warranties (as defined in Exhibit A) may be disclosed to potential financing parties for Aircraft or Engines. In the event (i) or (iii) occur, suitable restrictive legends limiting further disclosure shall be applied. In the event the Agreement, or other CFM information or data is required to be disclosed or filed by government agencies by law, or by court order, Airline shall notify CFM in advance of such disclosure or filing, to the extent reasonably practicable, and shall cooperate fully with CFM in seeking confidential treatment of sensitive terms of the Agreement or such information and data.

E. **Duration of Agreement.** This Agreement shall remain in full force and effect until (i) the occurrence of a material breach of the obligations set forth in Article 10, or (ii) Airline ceases to operate at least one (1) aircraft powered by Products set forth herein. Nothing herein shall affect the rights and obligations and limitations set forth in this Agreement as to Products ordered for delivery and work performed prior to termination of this Agreement.

F. **Survival Of Certain Clauses.** The rights and obligations of the Parties under the following Articles and related Exhibits shall survive the expiration, termination, completion or cancellation of this Agreement:

- Payment for Products
- Taxes and Duties
- Patents
- Data
- Limitation of Liability
- Governmental Authorization, Export Shipment
- Miscellaneous

G. **Language.** This Agreement, orders, Data, notices, shipping invoices, correspondence and other writings furnished hereunder shall be in the English language.

CFM PROPRIETARY INFORMATION

(subject to restrictions on cover page)
H. *Severability.* The invalidity or un-enforceability of any part of this Agreement, or the invalidity of its application to a specific situation or circumstance, shall not affect the validity of the remainder of this Agreement, or its application to other situations or circumstances. In addition, if a part of this Agreement becomes invalid, the Parties will endeavor in good faith to reach agreement on a replacement provision that will reflect, as nearly as possible, the intent of the original provision.

I. *Waiver.* The waiver by any Party of any provision, condition, or requirement of this Agreement, shall not constitute a waiver of any subsequent obligation to comply with such provision, condition, or requirement.

J. *Dispute Resolution.* If any dispute arises relating to this Agreement, the Parties will endeavor to resolve the dispute amicably, including by designating senior managers who will meet and use commercially reasonable efforts to resolve any such dispute. If the Parties’ senior managers do not resolve the dispute within ***** of first written request, either party may request that the dispute be settled and finally determined by binding arbitration, in accordance with the Commercial Arbitration Rules of the American Arbitration Association in New York, New York, by one or more arbitrators appointed in accordance with the AAA Rules. The arbitrator(s) will have no authority to award punitive damages, attorney’s fees and related costs or any other damages not measured by the prevailing party’s actual damages, and may not, in any event, make any ruling, finding or award that does not conform to the terms and conditions of the Agreement and applicable law. The award of the arbitrator(s) will be final, binding and non-appealable, and judgment may be entered thereon in any court of competent jurisdiction. All statements made or materials produced in connection with this dispute resolution process and arbitration are confidential and will not be disclosed to any third party except as required by law or subpoena. The Parties intend that the dispute resolution process set forth in this Article will be their exclusive remedy for any dispute arising under or relating to this Agreement or its subject matter. Either party may at any time, without inconsistency with this Article, seek from a court of competent jurisdiction any equitable, interim, or provisional relief to avoid irreparable harm or injury. This Article will not apply to and will not bar litigation regarding claims related to a party’s proprietary or intellectual property rights, nor will this Article be construed to modify or displace the ability of the Parties to effectuate any termination contemplated in this Agreement.

K. *Waiver of Immunity.* With respect to any Airline who is incorporated or based outside the United States, to the extent that such Airline or any of its property becomes entitled at any time to any immunity on the grounds of sovereignty or otherwise from any legal action, suit or proceeding of any nature, Airline hereby irrevocably waives the application of such immunity and particularly, the U.S. Foreign Sovereign Immunities Act, 28 U.S.C. 1602, et. seq., insofar as such immunity relates to Airline’s rights and obligations in connection with this Agreement.
L. Electronic Transactions.

(i) CFM may grant Airline access to and use of the Customer Web Center ("CWC") and/or other CFM Web sites (collectively, "CFM Sites"). Airline agrees that such access and use shall be governed by the applicable CFM Site Terms and Conditions generally applicable to CFM’s customers, provided, however, that in the event of a conflict with the provisions of this Agreement, this Agreement shall govern.

(ii) CFM may permit Airline to place purchase orders for certain Products on the CFM Sites by various electronic methods ("Electronic POs"). The Parties agree that such Electronic POs a) constitute legally valid, binding agreements; b) have the same force and effect as purchase orders placed in paper format signed by Airline in ink; and c) are subject to the terms and conditions hereof.

(iii) CFM may permit Airline to access certain technical Data through the CWC, including, but not limited to CFM technical publications under the terms and conditions of this Agreement. Airline shall be responsible for contacting its FAA representative or the relevant local airworthiness authority for guidelines on the use of such electronic technical data.

(iv) Airline represents and warrants that any employee or representative who places Electronic POs or accesses Data through the CWC is authorized by Airline to do so and has obtained a login name(s) and password(s) through the CFM Site registration process. CFM shall be entitled to rely on the validity of a login name or password unless notified otherwise in writing by Airline.

M. Termination. Airline may elect, by written notice to CFM, to terminate this Agreement including all Letter Agreements hereto, and the Rate Per Hour Flight Agreement and the Time and Material Agreement, each dated as of the date hereof between Airline and CFM, if: i) Airline or Frontier Airlines ("Frontier") files a petition under Chapter 7 or 11 of Title 11 of the United States Code to commence a bankruptcy case or ii) a Change of Control (as hereinafter defined) of Airline or Frontier occurs prior to the earlier of a) the date ***** after signature of this Agreement and b) the date ***** prior to the first day of the scheduled delivery quarter of the first firm A320 NEO Aircraft (as set forth in Letter Agreement No. 1 hereto). If Airline elects a termination pursuant to the preceding sentence between ***** Airline shall pay to CFM ***** or ***** if such termination is after ***** or ***** if such termination is after ***** as liquidated damages and not as a penalty, and in such case CFM agrees to waive its rights against Airline to additional claims under this Agreement including all Letter Agreements hereto and the Rate Per Hour Flight Agreement and the Time and Material Agreement except (A) customary recovery of credits previously provided by CFM to Airline, and (B) with respect to any unpaid invoices issued to Airline or Frontier prior to such date relating to goods and services provided by CFM. The above stated termination charges do not apply after ***** and CFM shall be entitled to any remedies set forth in the respective agreements. “Change of Control” shall mean, with respect to Airline or Frontier, a transaction in which Southwest Airlines, Allegiant Travel Company or United Air Lines, Inc. (and/or any of their respective affiliates) becomes the beneficial owner of more than 50% of the outstanding shares normally entitled to vote in the election of directors of such company (such shares being “Common Shares”) or of all or substantially all of the assets of such company.
N. **Countersigns**: This Agreement may be signed by the Parties in separate counterparts, and any single counterpart or set of counterparts, when signed and delivered to the other Parties shall together constitute one and the same document and be an original Agreement for all purposes.
IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the day and the year first above written.

SECTION I - WARRANTIES

A. New Engine Warranty

1. CFM warrants each new Engine and Module against Failure for the initial ***** Engine Flight Hours (“EFH”) as follows:
   a. *****
   b. *****
   c. *****

2. As an alternative to the above allowances, CFM shall upon request of Airline:
   a. Arrange to have Failed Engines and Modules repaired per the terms of Paragraph 1 above, at a facility designated by CFM.

B. New Parts Warranty

In addition to the warranty granted for new Engines and Modules, CFM warrants Parts and Expendable Parts as follows:

1. *****
2. *****

C. Ultimate Life Warranty

1. CFM warrants Ultimate Life limits on the following Parts:
   a. *****
   b. *****
   c. *****
   d. *****
   e. *****
   f. *****
   g. *****
   h. *****
   i. *****
   j. *****
2. *****

CFM PROPRIETARY INFORMATION
(subject to restrictions on cover page)
D. Campaign Change Warranty

1. A campaign change will be declared by CFM when a new Part or Expendable Part design introduction, Part or Expendable Part modification, Part or Expendable Part inspection, or premature replacement of an Engine or Module is required by a time compliance CFM Service Bulletin implementing an Airworthiness Directive. CFM will grant the following Parts Credit Allowances:

   (i) *****
   (ii) *****

2. Labor Allowance – CFM will grant ***** Labor Allowance for disassembly, reassembly, modification, testing, or Inspection of CFM-supplied Engines, Modules, Parts or Expendable Parts therefor when such action is required to comply with a mandatory time compliance CFM Service Bulletin implementing an Airworthiness Directive. A Labor Allowance will be granted by CFM for other CFM issued Service Bulletins if so specified in such Service Bulletins.

3. Life controlled Parts which are set forth in the Ultimate Life Warranty and which are retired by Ultimate Life limits including FAA and/or Airworthiness Directive, are excluded from Campaign Change Warranty.

E. Warranty Pass-On

If requested by Airline and consented to by CFM in writing, which consent will not be unreasonably withheld, CFM will permit assignment of the warranty support for Engines sold by Airline to commercial Airline operators, or to other aircraft operators. Such warranty support will be limited to Engines or Parts which were purchased under this Agreement or to initially installed Engines purchased by Airline from the Aircraft manufacturer and apply to the unexpired portion of the *****, and will require such operator(s) to agree in writing to be bound by and comply with all the terms and conditions, including the limitations, applicable to the Engine Warranties.

CFM’s consent shall not be required for the assignment by Airline to one or more financing institutions of Airline’s rights to the Engine Warranties, each such assignment made in respect to Airline’s initial financing of one or more new Aircraft or spare Engine(s), as the case may be. In exercising any rights under such Engine Warranties, such assignee shall be conclusively deemed to have accepted the applicable terms and conditions of this GTA, including the limitations, applicable to the Engine Warranties. The exercise by such assignee of any rights to the Engine Warranties shall not release Airline from any of its duties or obligations to CFM under this GTA except to the extent of actual performance by the assignee. CFM’s liability to either or both Airline and its assignee shall not be increased, duplicated or multiplied in any way by reason of such assignment. Airline shall provide the assignee an extracted copy of the terms and conditions of this GTA.
GENERAL TERMS AGREEMENT NO. CFM-1-2576101711

(including a copy of this paragraph) applicable to the Engines Warranties. CFM’s consent to the assignment under the foregoing terms shall be deemed fulfilled, without further action by the CFM, upon receipt by CFM of Airline’s written notice identifying the assignee of the Engine Warranties.

F. **Vendor Back-Up Warranty**

1. CFM controls and accessories vendors provide a warranty on their products used on CFM Engines. This warranty applies to controls and accessories sold to CFM for delivery on installed or spare Engines and controls and accessories sold by the vendor to Airline on a direct purchase basis. In the event the controls and accessories suffer a failure during the vendor’s warranty period, Airline will submit a claim directly to the vendor in accordance with the terms and conditions of the vendor’s warranty.

2. In the event a controls and accessories vendor fails to provide a warranty at least as favorable as the CFM New Engine Warranty (for complete controls and accessories) or New Parts Warranty (for components thereof), or if provided, rejects a proper claim from Airline, CFM will intercede on behalf of Airline to resolve the claim with the vendor. In the event CFM is unable to resolve a proper claim with the vendor, CFM will honor a claim from Airline under the provisions and subject to the limitations of CFM’s New Engine or New Parts Warranty, as applicable. Settlements under Vendor Back-Up Warranty will exclude credits for resultant damage to or from controls and accessories procured directly by Airline from vendors.

G. **Vendor Interface Warranty**

   Should any control or accessory, for which CFM is responsible, develop a problem due to its environment or interface with other controls and accessories or with an Engine, Module or equipment supplied by the aircraft manufacturer, CFM will be responsible for initiating corrective action. If the vendor disclaims warranty responsibility for parts requiring replacement, CFM will apply the provisions of its New Parts Warranty to such part whether it was purchased originally from CFM or directly from the vendor.

H. **THE WARRANTIES SET FORTH HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, STATUTORY, ORAL, OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE).**

**SECTION II – GENERAL CONDITIONS**

A. Airline will maintain adequate operational and maintenance records with respect to Engines and Spare Parts and make these available for CFM inspection.

CFM PROPRIETARY INFORMATION

(subject to restrictions on cover page)
B. CFM will deny a claim under any of the Warranty provisions, and the Warranty provisions will not apply if it has been reasonably determined by CFM that:

1. such claim resulted from the subject Engine, Module or any Parts thereof:
   - Not being properly installed or maintained; or
   - Being operated contrary to applicable CFM recommendations as contained in its Manuals, Bulletins, or other written instructions; or
   - Being repaired or altered in such a way as to impair its safety of operation or efficiency; or
   - Being subjected to misuse, neglect or accident; or
   - Being subjected to Foreign Object Damage; or
   - Being subjected to any other defect or cause (whether sole or contributory) not within the control of CFM; or
   - Not incorporating all service bulletins related to the cause or failure.

C. *****. For the purpose of this Section II, the term “CFM” shall be deemed to include CFM, GE, SNECMA, and CFM’s subsidiaries, assigns, subcontractors, suppliers, Product co-producers, and the respective directors, officers, employees, and agents of each. If Airline uses non-CFM Parts or non-CFM approved repairs and such parts or repairs cause personal injury, death or property damage to third parties, Airline shall indemnify and hold harmless CFM from all claims and liabilities connected therewith. *****. These indemnifications shall survive termination of this Agreement.

D. Airline shall apprise CFM of any Failure within ***** after the discovery of such Failure. Any Part for which a Parts Credit Allowance is requested by Airline shall be returned to CFM upon specific request by CFM and must be accompanied by sufficient information to identify the Part and the reason for its return. In such event, upon return to CFM, such Part shall become the property of CFM unless CFM directs otherwise. Transportation expenses shall be borne by CFM.

E. The warranty applicable to a replacement Part provided under the terms of the New Engine Warranty or New Parts Warranty shall be the same as the warranty on the original Part. The unexpired portion of the applicable warranty will apply to Parts repaired under the terms of such warranty.
F. Airline will cooperate with CFM in the development of Engine operating practices, repair procedures, and the like with the objective of improving Engine operating costs.

G. If compensation becomes available to Airline under more than one warranty or other Engine program consideration, Airline will not receive duplicate compensation but will receive the compensation most beneficial to Airline under a single warranty or other program consideration.

H. Any repair which is performed without the prior authorization of CFM will not be covered by the applicable warranty.

I. Transportation to and from repair facilities shall be paid by Airline, except as provided in Section D above.

CFM PROPRIETARY INFORMATION
(subject to restrictions on cover page)
SECTION I - SPARE PARTS PROVISIONING

A.  Provisoning Data

In connection with Airline's initial provisioning of Spare Parts, CFM shall furnish Airline with data in accordance with ATA Specification 2000 using a revision mutually agreed to in writing by CFM and Airline.

B.  Return Of Parts

Airline shall have the right to return to CFM, at CFM's expense, any new or unused Spare Part which has been shipped in excess of the quantity ordered or which is not the part number ordered or which is in a discrepant condition except for damage in transit.

C.  Parts Buy-Back

Within the first ***** after delivery of the first Aircraft to Airline, CFM will agree (i) to repurchase at the invoiced price, any initially provisioned Spare Parts purchased from CFM that CFM recommended that Airline purchase, in the event Airline finds such Spare Parts to be surplus to Airline's needs; or (ii) to exchange with Airline the equivalent value thereof in other Spare Parts. Such Spare Parts must be new and unused, in original CFM packaging, and shall meet CFM inspection requirements. Spare Parts that become surplus to Airline’s needs by reason of Airline’s decision to upgrade or dispose of Products are excluded from this provision. Airline will deliver such Spare Parts DDP (Incoterms 2010, whereby Airline acts as “Seller” and CFM as “Buyer”), to CFM’s facility in the United States, and CFM shall reimburse Airline the reasonable shipping costs incurred for the returned Spare Parts.

D.  Parts of Modified Design

1. CFM shall have the right to make modifications to design or changes in the Spare Parts sold to Airline hereunder.

2. CFM will from time to time inform Airline in accordance with the means set forth in ATA Specification 2000, when such Spare Parts of modified design become available for shipment hereunder.

3. Spare Parts of the modified design will be supplied unless Airline advises CFM in writing of its contrary desire within ***** of the issuance of the Service Bulletin specifying the change to the modified Spare Parts. In such event, CFM shall agree to provide to Airline a continued supply of Spare Parts of the pre-modified design at a rate of delivery and price to be agreed upon by CFM and Airline, acting on a commercially reasonable basis.
E. Spare Parts Availability

1. CFM will ship reasonable quantities (defined as ***** normal usage) of Spare Parts which are included in CFM’s Spare Parts Catalog within a ***** lead time following receipt of a purchase order from Airline.

Spare Parts and other Products for which lead time has not been quoted will be shipped as quoted by CFM.

2. CFM will maintain a stock of Spare Parts to cover Airline’s emergency needs. For purposes of this Paragraph, emergency is understood by CFM and Airline to mean the occurrence of any one of the following conditions:

- AOG - Aircraft on Ground
- Critical - Imminent AOG or Work Stoppage
- Expedite - Less than Normal Lead Time

3. Airline will order Spare Parts according to lead-time but should Airline’s Spare Parts requirements arise as a result of an emergency, Airline can draw such spare Parts from CFM’s stock. A 24-hour Customer Response Center is available to Airline for this purpose. If an emergency does exist, CFM will use its best efforts to ship required Spare Part(s) within the time period set forth below following receipt of an acceptable purchase order from Airline:

- AOG - *****
- Critical - *****
- Expedite - *****

4. Airline shall provide CFM with Spare Parts provisioning forecasts, updated at least quarterly, specifying projected requirements to cover at least the following ***** period. Airline agrees to promptly notify CFM in the event the Airline will not achieve such projected requirements. If Airline does not supply such forecast provisioning then CFM may modify the Spare Part lead-time currently defined in the Spare Parts Catalog.

SECTION II – TECHNICAL PUBLICATIONS AND DATA

CFM will furnish, at no additional charge, technical manuals, including revisions thereof, to Airline. Technical manuals shall be furnished by CFM to Airline in mutually agreed upon quantities. All technical manuals provided by CFM shall be in the English language and in accordance with mutually agreed upon provisions of the ATA Specification.

CFM PROPRIETARY INFORMATION

(subject to restrictions on cover page)
SECTION III – TECHNICAL TRAINING

A. Introduction

CFM shall make technical training available to Airline, at CFM’s designated facilities in the United States. Details on scope, quantity, materials, and planning beyond those set forth below shall be as mutually agreed.

B. Scope

The training furnished under this Agreement shall be as follows:

- Product – as previously defined in this Agreement.
- Courses – detailed in CFM training catalog.

* Student-Days = the number of students multiplied by the number of class days

The Customer Support Manager, in conjunction with appropriate CFM Training representatives, will be available to conduct a review session with Airline to schedule required training. To assure training availability, such review shall be conducted ***** prior to the delivery date of the first Aircraft.

C. Training Location

Unless arranged otherwise with CFM concurrence, training shall be provided by CFM in English at one or more of the CFM designated facilities in the U.S. identified in the training catalog.

If an alternate site is desired, CFM will furnish a quotation with following minimum conditions that must be met in order to deliver “equivalent” training at the alternate site.

1. Airline will be responsible for *****.
2. Airline will *****.
3. Airline will *****.

D. Airline Responsibility

- During engine maintenance training at any of the CFM designated facilities, Airline shall be responsible for *****

E. Training on Vendor-Furnished Products

CFM PROPRIETARY INFORMATION
(subject to restrictions on cover page)
As an integral part of CFM maintenance training, CFM also provides the following *****

If Airline requires additional maintenance training on any vendor-furnished products, Airline shall schedule such training directly with the vendor.

**SECTION IV – CUSTOMER SUPPORT AND SERVICE**

A. **Customer Support Manager**

CFM shall assign to Airline *****, a Customer Support Manager located at CFM’s factory to provide and coordinate appropriate liaison between the Airline and CFM’s factory personnel.

B. **Field Support**

CFM shall make available to Airline on an as-required basis, *****, field service representation at Airline’s facility. CFM will provide the level of representation required to ensure that CFM is able to expeditiously and accurately deliver data that is required to resolve technical issues.

CFM will also assist with the introduction of new aircraft/Engines into Airline’s fleet, resolution of unscheduled maintenance actions, product scrap approval, and rapid communication between Airline’s maintenance base and CFM’s factory personnel. Throughout the operation of these Engines, the Customer Support Center (“CSC”) and the Customer Web Center (“CWC”) will augment support at no additional charge to Airline.

**SECTION V – ENGINEERING SUPPORT**

CFM shall make factory based engineering support available, *****, to Airline, for typical powerplant issues.

**SECTION VI – PERFORMANCE TREND MONITORING**

CFM will also provide *****.

**SECTION VII – GENERAL CONDITIONS – PRODUCT SUPPORT PLAN**

A. All support provided by CFM above, is provided to Airline exclusively for the maintenance and overhaul by Airline of Airline’s Products provided that such Products are operated in the original Engine configuration, or in a modified Engine configuration which does not, directly or indirectly, affect such Products or in an Engine configuration that has been approved by CFM. The support provided herein may not be utilized for any other purpose, or assigned
or otherwise transferred to any third party, without the written consent of CFM, which consent may be exercised by CFM in its sole discretion. Technical support for shops offering engine maintenance and overhaul services to third party customers is available from CFM directly.

B. Airline will maintain adequate operational and maintenance records with respect to Engines and Spare Parts and make these available for CFM inspection.

C. This Product Support Plan is subject to the provisions the Article titled “Limitation of Liability” of the Agreement to which this Exhibit B is attached.

D. Airline will cooperate with CFM in the development of Engine operating practices, repair procedures, and the like with the objective of improving Engine operating costs.

E. Except as provided in the Warranty Pass-On provisions in Section I, Paragraph E of Exhibit A of the Agreement to which this Exhibit B is attached, this Product Support Plan applies only to the original purchaser of the Engine except that installed Engines supplied to Airline through the aircraft manufacturer shall be considered as original Airline purchases covered by this Product Support Plan.

F. Airline hereby agrees that Engines will be enrolled in CFM’s TRUEngine™ program, and will be eligible for unique TRUEngine benefits, under terms set forth in a separate TRUEngine Letter Agreement as may be further agreed by the Parties.

• The TRUEngine program identifies an engine that the Airline has declared as having been maintained per CFM recommendations as defined in the documents specified in TRUEngine Letter Agreement.

• The TRUEngine program is granted on an individual engine basis (ESN).

• Upon the occurrence of shop-level maintenance, Airline is required to submit updated engine maintenance documentation per terms of TRUEngine Letter Agreement to verify continued engine qualification in the TRUEngine program.
SECTION I

A. Airline shall make payment in United States Dollars and in immediately available funds. Payment will be effective upon receipt thereof.

• For Spare Engines and Modules:
  • ***** prior to a scheduled delivery date, CFM shall render to Airline an invoice for ***** of the base price (unescalated) which Airline shall pay within ***** of the date of the invoice; and
  • Payment of the balance, including amount for price escalation to the month of scheduled delivery, if any, shall be made at *****.
  • Solely for administrative purposes (including shipping, export and taxation requirements), Airline shall have the right to place, and CFM shall have the right to require, a purchase order reflecting the Airline commitment to purchase a Spare Engine or Module as contained in the applicable Letter Agreement. For avoidance of doubt, placement of such purchase order shall not affect the payment obligation of Airline specified above, or the shipment obligation of CFM as set forth in the applicable Letter Agreement.

• For special tools and test equipment, payment of the selling price shall be made *****.

• For Spare Parts including Expendable Parts, payment shall be made at time of delivery.

B. All payments (including payment details) hereunder shall be transmitted electronically to CFM’s bank account in the U.S. as notified by CFM on its invoices.

C. If delivery hereunder is delayed by Airline, payment shall be made based on the delivery schedule set forth in the applicable Letter Agreement.

D. CFM may establish different payment terms in the event Airline consistently fails to make payment according to the terms set forth above.

E. In the event that the Airline has a bona fide dispute regarding any part or amount contained within an invoice, Airline shall within ***** of receipt of

CFM PROPRIETARY INFORMATION
(subject to restrictions on cover page)
the invoice give written notice to CFM of that portion of the invoice in dispute, with their substantiated reasons, together with any supporting documentation. CFM and Airline shall use their respective best endeavours and allocate sufficient resources to settle any part of an invoice disputed by Customer within ***** or as soon as possible thereafter. Should the Parties fail to reach resolution of any disputed invoice within such period, the disputed invoice shall be resolved by designating senior managers to resolve the dispute in accordance with Article 15.J. On resolution of the dispute CFM shall credit Airline or Airline shall be pay to CFM, as applicable, the disputed portion of the invoice within *****.

Airline shall be required to pay the undisputed portion of any invoice in accordance with the payment terms set forth above. Provided that Airline complies with these requirements, no late payment charges, as set forth in paragraph F below, shall be levied on the disputed amount, for the time that such amount is disputed by the Parties.

F. If Airline fails to make any of the foregoing payments when due, Airline will also pay to CFM, without prejudice to any other rights available to CFM under this Agreement, interest on any late payment, calculated from the payment due date to the date of actual remittance. Interest will be computed at *****, but in no event will the rate of interest be greater than the highest rate then permitted under applicable law.
1) DIAGNOSTICS SERVICE ELEMENTS

A) Diagnostics Services. CFM shall provide the following services (hereinafter “Services”) to Airline in support of the Engines with no charge to the Airline:

1) Base Service Elements.
   a) *****
   b) *****
   c) *****
   d) *****

2) CFM will identify a Service integration team leader to provide initial program set-up, and provide technical support necessary to assist the Airline in meeting Airline obligations specified in Article 2.

3) As a part of the above Services, CFM shall review only the data and messages delivered by Airline in accordance with Section 2 needed to perform the Services.

4) CFM and Airline agree that any information provided to Airline by CFM for use in trending, performance analysis, troubleshooting, and managing operations are advisory only.

2) AIRLINE’S RESPONSIBILITY UNDER THE DIAGNOSTICS PROGRAM

A) Airline (or Airline’s operator by delegation of this responsibility) shall:

1) Provide CFM all information and records requested by CFM that are reasonably necessary for CFM to establish and provide the Service (*****). To the extent that such information and records are not owned by Airline, Airline represents and warrants that it has full authorization to disclose such information and records to CFM and that CFM has the right to use such information and records for fulfilling CFM’s obligations under this Exhibit D.

2) Make available to CFM data used in the monitoring and diagnostics of Engines eligible for coverage. Airline will authorize Airline’s air-to-ground service provider to forward the data directly to the CFM SITA/ARINC address ILNGE7X. If air-to-ground equipment is not available, CFM will work with the Airline to establish means such that the data is provided with minimal manual intervention.
3) Access the Service via the CFM Extranet. A web browser, an internet service provider and a userid/password (supplied by CFM) is required. Such access shall be subject to the then-current CFM Extranet Terms and Conditions generally applicable to CFM’s customers as provided on the CFM Extranet site.

4) It remains the sole responsibility of Airline to conclusively identify and resolve Aircraft and Engine faults or adverse trends and make all maintenance decisions affecting Airline’s Aircraft. CFM and Airline agree that this allocation of responsibility is reflected in the price of the Service.

B) Airline acknowledges that the Services performed hereunder may be conducted by CFM affiliates outside of the U.S., and that there is no prohibition on CFM’s export of Airline data for such purposes.

3) WARRANTY

A) CFM warrants to Airline that technical information and/or data furnished pursuant to the Diagnostics Services shall *****. If any technical information and/or data furnished by CFM hereunder does not meet this requirement and Airline so notifies CFM within the time of performance hereunder, *****. The above limited warranty does not extend to data received but not reviewed by CFM.

B) It is understood that any information provided to Airline by CFM for use in trending, performance analysis, troubleshooting, and managing operations is advisory only. Information contained in or generated by the Service represents an estimate based upon generally available fleet data or variable data furnished by Airline.

C) THE FOREGOING DIAGNOSTICS SERVICE WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, EXPRESSED, IMPLIED OR STATUTORY (INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE.)

4) ASSIGNMENT

Airline shall be permitted with CFM’s consent (not to be unreasonably withheld) to authorize a third party service provider to have access to CFM’s Diagnostics Service application on CFM’s web-based system for the sole purpose of managing the use of the Diagnostics system with regard to Airline’s Engines on behalf of Airline, provided that, Airline and the third party service provider execute a Notice of Authorization.
and Agreement in a form to be provided by CFM upon Airline’s request, providing (1) written notice to CFM of such authorization, and (2) the third party service provider’s agreement in writing to accept the terms and conditions of this Agreement as if the third party service provider was the Airline hereunder. System access by a third party service provider pursuant to such authorization shall be limited to the features of entering new flight data, entering engine changes, and creating trend plots of performance parameters. Furthermore, data available for plotting shall be limited to the typical engine health monitoring parameters (exhaust gas temperature, fuel flow, core speed, fan and core vibrations and oil temperature and pressure). In no event shall such third parties have access to other features of the system, including without limitation, real-time viewing, root-cause analysis, customized reporting or alarm configurations. In no event shall any such authorization by Airline and agreement by the third party service provider increase, duplicate or expand CFM’s obligations, liability or any available remedies hereunder.

5) **CONFIDENTIALITY**

Unless the Parties otherwise agree in writing, all information furnished by Airline to CFM pursuant to this Exhibit D shall be held in confidence by CFM and may not be disclosed or used for any other purpose by CFM, except to the extent required by law or legal process.

**CFM PROPRIETARY INFORMATION**

(subject to restrictions on cover page)
LETTER AGREEMENT NO. 1
Republic Airways Holdings Inc.
Attention: Lars-Erik Arnell

WHEREAS, CFM International, Inc. (hereinafter referred to as “CFM”), and Republic Airways Holdings, Inc., a corporation organized under the laws of the State of Delaware, (hereinafter referred to as “Republic”) (CFM and Republic being hereinafter collectively referred to as the “Parties”) have entered into General Terms Agreement CFM-1 1-2576101711 dated October 17, 2011 (hereinafter referred to as “CFM GTA”); and

WHEREAS, the Parties hereby desire to enter into this Letter Agreement No. 1 to reflect (i) the purchase by Republic of ***** new firm LEAP-1A24 powered A319NEO aircraft, ***** new firm LEAP-1A26 powered A320NEO aircraft (together including any other A320 family NEO aircraft into which any such aircraft may be converted, the “Firm Aircraft”) and ***** firm LEAP-1A24 Spare Engines and ***** firm LEAP-1A26 Spare Engines (together the twelve (12) engines referred to as the “Firm Spare Engines”) and (ii) Republic’s right to purchase up to ***** additional purchase right aircraft and ***** additional purchase right aircraft powered by LEAP-X Engines (the “Purchase Right Aircraft” and, together with the Firm Aircraft, the “Aircraft”) and up to ***** conditional LEAP-X Spare Engines (the “Conditional Spare Engines” and, together with the Firm Spare Engines, the “Spare Engines”, and the Spare Engines, together with the engines installed on original delivery to Republic of the Aircraft, the “Engines”).

NOW THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree as follows:

1. Republic shall, subject to the terms and conditions of the Airbus Purchase Agreement, purchase and take delivery of the Firm Aircraft from Airbus per the delivery schedule in Attachment A, which delivery schedule is subject to change pursuant to the Purchase Agreement between Republic and Airbus relating to the Firm Aircraft (the “Airbus Purchase Agreement”) (as so changed, if applicable, the “Aircraft Delivery Period”). If Republic agrees with Airbus to purchase any Purchase Right Aircraft (including the related Engines), it will give CFM prompt written notice thereof setting forth the number of Purchase Right Aircraft to be purchased and respective delivery months or quarters, in which case the Delivery Period shall be extended ***** after the last delivery month or quarter of the Purchase Right Aircraft.

2. Republic shall purchase and take delivery of a minimum of ***** Firm Spare Engines from CFM according to the delivery schedule set forth in Attachment A. If the delivery schedule for the Firm Aircraft is changed, upon request of Republic and the consent of CFM, (such consent shall not be unreasonably withheld), the delivery schedule for the
Firm Spare Engines will be correspondingly changed (as so changed, if applicable, the “Spares Delivery Period” and, together with the Aircraft Delivery Period, the “Delivery Period”). If Republic agrees with Airbus to purchase all of the Purchase Right Aircraft, Republic shall purchase and take delivery of a minimum of the ***** Conditional Spare Engines from CFM.

3. The Engines purchased by Republic shall be subject to the terms of the CFM GTA. If any provision of this Letter Agreement is inconsistent with any provision of the CFM GTA, the terms of this Letter Agreement shall govern.

In consideration of the above, CFM agrees to the following:

A. Special Allowances and Installed Engine Base Prices

- Installed Engine shipset list price charged by CFM to Airbus for the Aircraft is ***** for CFM LEAP-X1A24, ***** for CFM LEAPX1A26, ***** for CFM LEAPX1A32. Republic has confirmed these prices with Airbus. CFM shall not change these prices without the written consent of Republic. Escalation for installed Engines is per the CPI index per Attachment D attached hereto. CFM agrees to an annual cumulative cap up to the related delivery date of *****%, and a ***** annual escalation above *****% for both installed Engines and Spare Engines. It is understood that the escalation provisions will have a *****% annual cumulative floor. This cap will also apply to the allowances set forth in paragraphs A(i) and A(ii) below. CFM agrees to remove the “F” factor from the escalation formula as noted in Attachment D for installed Engines, Spare Engines, and allowances set forth in paragraphs A(i) and A(ii) below.

- All financial remedies under the Special Guarantees set forth in paragraph C below are expressed in January 2010 US Dollars and are subject to escalation up to the first Aircraft delivery per Attachment D and subject to the above escalation cap applied to the installed and Spare Engines.

- CFM agrees to provide the following allowances to Republic subject to the conditions set forth in Attachment B hereto:

   (i) Aircraft Allowance. For each of the Aircraft delivered to Republic on or before December 31, 2025, as may be mutually adjusted, CFM will provide Republic at the time of such delivery, a per Aircraft allowance for each of the A319 model Aircraft delivered to Republic in the amount of *****; for each of the A320 model Aircraft delivered to Republic, a per aircraft allowance in the amount of *****; and for each of the A321 model Aircraft delivered to Republic, a per aircraft allowance in the amount of *****.

- Such allowances are stated in January 2010 US Dollars (CPI=186.92) and shall be subject to adjustment to the date of delivery of each shipset.
Engines to Airbus in accordance with the escalation formula set forth in Attachment D. If requested in writing by Republic at least ***** prior to scheduled Aircraft delivery date, CFM will by the time of delivery of such Aircraft pay in cash the amount of the Aircraft Allowance directly to Airbus. Republic shall continue to advise CFM of any delivery date changes. If CFM actually pays the Aircraft Allowance to Airbus on the delivery date as most recently notified by Republic and the actual delivery date is delayed more than ***** from the date CFM provides such allowance, Republic will pay to CFM interest on such amount, calculated from the date of payment to Airbus to but excluding the date of actual Aircraft delivery or return of such payment to CFM. Interest will be computed at *****. Such payment to Airbus may be offset against any amounts due and owing CFM.

At delivery by Airbus to Republic of an Aircraft, CFM shall pay to Republic (if any) the excess of (i) the net Engine price charged by Airbus for the installed CFM LEAP-X1A Engines over (ii) the shipset list price minus the foregoing allowance, each as escalated in accordance with this Letter Agreement.

(ii) **Equipment Credit Allowance.** CFM agrees to provide Republic an Equipment credit allowance for each of the Aircraft delivered to Republic on or before *****, as may be mutually adjusted, in the amount of ***** to be used toward the purchase of Spare Engines, issued at the time of such delivery.

Such allowance is stated in ***** and is subject to escalation to the date of delivery of each shipset of engines to Airbus in accordance with the escalation formula set forth in Attachment D.

(iii) **Form of Allowances.** Unless otherwise set forth above, the allowances provided to Republic hereunder shall be *****.

B. **Price Protection.**

Base prices for CFM-LEAPX Spare Engines delivered through ***** in support of the Aircraft, shall be as set forth in Attachment C hereto, which prices shall be subject to escalation in accordance with the escalation formula set forth in Attachment D hereto and subject to the cap referred to in Section A of this Letter Agreement.

C. **Special Guarantees.**

CFM agrees to provide the following special guarantees to Republic in support of the Aircraft described in this Letter Agreement. These special guarantees are subject to (I) the Limitation of Liability provisions set forth in the GTA, (ii) the
General Conditions set forth in Section VII of Exhibit B to the GTA, and (iii) the Basis and Conditions for Special Guarantees set forth in Attachment E hereto. Terms that are capitalized but not otherwise defined herein shall have the meaning ascribed to them in Section I of Exhibit B to the GTA. If an Engine covered by any Special Guarantee delineated below, exhibits performance that is worse than the guaranteed performance value contained in such Special Guarantee, and such Engine has been retrofitted to incorporate non-CFM life limited, flow path, or fuel delivery parts, or non-CFM engine controls, it shall be the responsibility of Republic to demonstrate that such part(s) has not contributed to the performance deterioration for that Engine. In the event Republic has not made such demonstration to the reasonable satisfaction of CFM, such Engine will be removed from the event calculation used to determine total fleetwide performance under the applicable Special Guarantee. Unless otherwise specifically indicated all of the special guarantees set forth below shall be effective for a period of ***** commencing upon the entry into revenue service of the first (1st) Aircraft (the “Guarantee Period”). These special guarantees are exclusively offered and administered by CFM.

(i) Fuel Burn Guarantee
CFM guarantees that the fuel burn for LEAP-X1A Engines powered Aircraft will be at least *****% lower than the Airbus guarantee for the identical assumptions used in the MKE-TPA market as of June 17, 2011. The guarantee will be based on a fuel burn measurement provided by Airbus in connection with the delivery of each Aircraft consistent with the Airbus guarantee for individual aircraft and annual fleet calculations. This guarantee will be valid for fuel burn shortfall that is driven by Engine performance. If CFM provides an Engine that is at least *****% better in weighted Specific Fuel Consumption (“SFC”) than the current (June 21, 2011) weighted SFC quote used for the Airbus block fuel calculation, then this guarantee will not apply. If CFM fails to meet this guarantee, CFM will provide credit against purchases of parts and services annually in the amount equal to the shortfall against the guarantee using the average annual fuel price and operating statistics of Republic’s Airbus fleet utilized in connection with the Airbus guarantee. The calculation for credits will take into account the time from entry into service until the first shop visit. In no event shall CFM’s liability for failure to meet this guarantee exceed US ***** per Aircraft. This guarantee will apply until each Engines first shop visit.

(ii) Performance Restoration Guarantee
CFM guarantees that the cumulative fleet average cruise fuel consumption deterioration will not exceed an average of *****% due solely to Engine deterioration. This guarantee will be measured ***** after delivery of the 1st Aircraft and at the end of the Guarantee Period. If the actual fleet average Engine cruise fuel consumption increase due to Engine deterioration exceeds the
CFM guarantees that, for the Guarantee Period, Republic’s cumulative Engine-caused revenue flight Delay rate (for delays in excess of ***** and less than or equal to *****) will not exceed ***** events per *****. This guarantee is measured ***** after delivery of the 1st Aircraft on a cumulative basis. If at the end of the Guarantee Period the guaranteed rate, for delays in excess of ***** and less than or equal to ***** is exceeded, CFM will provide Republic a credit against future purchases from CFM in the amount of ***** for each qualifying Engine-caused Delay in excess of the guaranteed rate. Engine Caused Delays are defined in Attachment F hereto.

CFM guarantees that, for the Guarantee Period, Republic’s cumulative Engine-caused Cancellation rate for revenue flights and Engine-caused Delay rate in excess of ***** will not exceed ***** combined events per 1,000 scheduled Aircraft departures. This guarantee is measured ***** after delivery of the 1st Aircraft on a cumulative basis. If at the end of Guarantee Period the guaranteed rate for Cancellation and Delay in excess of ***** is exceeded, CFM will provide Republic a credit against future purchase from CFM in the amount of ***** for each qualifying Engine-caused Cancellations/Delays greater than ***** in excess of the guaranteed rate. Engine Caused Cancellations are defined in Attachment F hereto.

Republic’s cumulative Engine-caused IFSD rate will not exceed ***** EFH. For purposes of this guarantee, an Engine-caused IFSD is defined as (i) when an Engine Part experiences a Failure or malfunctions resulting in an Engine-caused shutdown during flight or (ii) subject to verification of compliance with the Flight Crew Operating Manual, when the flight crew elects to shut off fuel to the Engine during flight solely due to an Engine Part Failure or malfunction. This guarantee is measured ***** after delivery of the 1st Aircraft on a cumulative basis. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Republic a credit against purchases from CFM in the amount of ***** for each IFSD in excess of the guaranteed rate.
(vi) Remote Site Removal Guarantee

Republic’s cumulative Engine-caused Remote Site Removal rate will not exceed ***** per *****. This guarantee is measured ***** after delivery of the 1st Aircraft on a cumulative basis. For purposes of this guarantee, “Remote Site Removal” is defined as an Engine-caused Failure requiring Engine removal from the Aircraft at any location except Airline’s main base(s) or where any Spare Engine is available from Airline. If at the end of the Guarantee Period the guaranteed rate is exceeded, CFM will provide Republic a credit against purchases from CFM in the amount of ***** for each Remote Site Removal in excess of the guaranteed rate.

(vii) Extended Ultimate Life Guarantee

CFM guarantees Ultimate life limits on Parts for which a FAA and/or an EASA imposed Ultimate Life Limitation is published. This guarantee is measured ***** after delivery of the 1st Aircraft on a cumulative basis.

CFM will grant a pro rata Parts Credit Allowance decreasing from ***** to ***** at the Flight Cycles identified in the table below (for all life limited parts within each identified Module). Credit will be granted only when such Parts are permanently removed from service by a FAA and/or and EASA imposed Ultimate Life Limitation of less than the table Flight Cycles. In no event shall CFM incur duplicative liability to Airline for the same occurrence or event under this guarantee and the Ultimate Life Warranty set forth in Exhibit A of the GTA.

*****

(viii) Foreign Object Damage (“FOD”) Free Core Guarantee

CFM guarantees that, during the first ***** of operation, Republic will experience no Engine removals from the Aircraft due solely to FOD to the Engine’s Core.

For the purposes of this guarantee, FOD shall mean damage to any portion of the Engine caused by impact with or ingestion of an outside object including, but not limited to, small birds, hail or sand. “Core” shall mean High Pressure Compressor, Low Pressure Compressor, Combustor and High Pressure Turbine.

FOD events caused by negligence are not covered under this guarantee.

If during the Guarantee Period the guarantee is not met, CFM will provide Republic a credit against purchases from CFM in the amount of ***** for each such qualifying event. Settlement of all claims under this guarantee shall take place as soon as possible (and in any event no later than *****) after submittal of a valid claim by Republic.

CFM International, Inc Proprietary Information
Fuel and Carbon Guarantee

Based on: (1) Customer’s Current Fleet (which is defined in the Fuel Services Agreement between Customer and GE Aviation Fuel and Carbon Solutions, Inc.), and (2) a minimum fuel price of ***** USD per gallon, CFM International, Inc. (“CFM”) guarantees that during the ***** period following the implementation of the reasonable fuel saving recommendations by GE Aviation FCS (the “Guarantee Period”), Republic will save a minimum of ***** (2011 USD, not subject to any annual adjustments) in fuel costs (the “Guaranteed Amount”) (this “Fuel Savings Guarantee”). The Guaranteed Amount is net of any payments made by Republic to GE Aviation FCS. CFM’s agreement to provide the Fuel Savings Guarantee is based upon Republic’s: (1) execution of a Fuel Services Agreement with GE Aviation FCS (the “Agreement”) and (2) implementation of reasonable fuel saving recommendations that result from the services provided to Republic by GE Aviation FCS under such Agreement.

If Republic does not save at least the Guaranteed Amount in fuel costs over the Guarantee Period, then CFM will pay Republic the difference between the Guaranteed Amount and the amount of savings actually realized as calculated in accordance with the Agreement. The payment will be in the form of a credit that can be used for services and parts provided by CFM. Such credit shall be made available to Republic after the end of the Guarantee Period to Republic’s account. The payment by CFM under this Fuel Savings Guarantee shall in no event exceed the Guaranteed Amount and shall be Republic’s sole remedy for CFM’s failure to meet this Fuel Savings Guarantee.

In the event that Republic: (1) does not execute the Agreement or (2) does not implement all reasonable fuel saving recommendations that result from the Fuel Services throughout the duration of the Guarantee Period, this Fuel Savings Guarantee will be null and void and CFM shall be under no obligation to provide any payment of cash or credits under this Fuel Savings Guarantee whatsoever.

This Fuel Savings Guarantee is exclusively offered and administered by CFM and may not be assigned without the prior written consent of CFM. In the event of termination of the Agreement due to breach by GE Aviation FCS, this Fuel Savings Guarantee shall survive.

D. Assignment Rights

1. Notwithstanding anything to the contrary set forth in the CFM GTA, Republic shall have the right to assign this Letter Agreement to any of its affiliated companies and Republic will not be released from its obligations without consent from CFM. Also, Republic will have the right to assign this Letter Agreement and Republic will be released from its obligations in any sale of substantially all assets, as long as the successor

CFM International, Inc Proprietary Information
assumes all obligations under this Letter Agreement and have a consolidated net worth no less than Republic’s consolidated net worth immediately prior to such assignment and such successor is not (i) a person or company to whom it is illegal for CFM to sell products or services or to or is prohibited by regulation or law from doing business with, (ii) an engine manufacturer or service provider or an entity controlled by an engine manufacturer or service provider, or (iii) any person or company that CFM, acting reasonably, and without unreasonable delay, notifies Republic that such person or company is one with which CFM objects to on the basis of compliance policies to doing business with, or is insolvent or is in bankruptcy or is an affiliate of any such persons or companies. Also Republic will have the right to maintain this Letter Agreement under a lease, or financing to a third party operator of the installed Engines or Spare Engines, as long as Republic is financially responsible for all obligations under the definitive agreements and the financial terms are not disclosed to such party.

(2) Republic shall have the right to assign Republic’s rights, liabilities and obligations under this Letter Agreement to Frontier Airlines, Inc. (“Frontier”), in which case Republic shall have no further rights, obligations or liabilities under this Letter Agreement if the following conditions are satisfied:

(a) Any transaction occurs in which Republic ceases to be the beneficial owner of more than 50% of Frontier’s outstanding Common Shares, if Frontier executes an assumption agreement reasonably satisfactory to CFM of the obligations of Republic under this Agreement and immediately after giving effect to such transaction, the credit quality of Frontier (or that of Frontier and a new guarantor combined) is the same as or better than that of Frontier and Republic combined immediately prior to the transaction, as measured by reasonable tests that will include unrestricted cash levels and tangible net worth; or

(b) A transfer occurs of all or substantially all of the assets of Frontier to a single buyer if, the buyer executes an assumption reasonably satisfactory to CFM of the obligations of Republic under this Letter Agreement and immediately after giving effect to such transaction, the credit quality of the buyer (or of the buyer and a new guarantor combined) is the same as or better than that of Frontier and Republic combined immediately prior to the sale, as measured by reasonable tests that will include unrestricted cash levels and tangible net worth.

(c) To the extent a guarantor is necessary to satisfy the foregoing conditions, such guarantor must also guarantee the obligations and liabilities of Frontier under this Letter Agreement.

(d) No entity having Control (as defined below) of Frontier, nor the buyer of the assets of Frontier, nor the guarantor is a company that is (1) engaged in the business of leasing of aircraft or spare engines; (2) a person to whom it is illegal for CFM to sell products or services or a party with which CFM is prohibited by applicable law or regulation, including without limitation, the United States Patriot Act, from doing business; (3) an airframe manufacturer or an engine manufacturer, or an entity directly or indirectly controlled by an airframe
manufacturer or an engine manufacturer; (4) any person that CFM, acting reasonably and without unreasonable delay, notifies Frontier is a person with which CFM objects to doing business; or (5) insolvent or in bankruptcy or (6) an affiliate of any such persons. (Control means the possession, direct or indirect of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract or otherwise); and

(e) There is no event of default or material default and, in any case, there is no termination event or event that, with the giving of notice, the lapse of time, or both, would become a termination event under the GTA or this Letter Agreement; and

(f) The assignment referred to in this paragraph (2) will be available on only one occasion.

E. Waiver

CFM hereby waives all rights to damages, cancellation charges or similar compensation arising from the cancellation by Frontier of orders to purchase aircraft under the A318/A319 Purchase Agreement dated as of March 10, 2000, between Airbus and Frontier and any related cancellation of orders for installed or spare engines to be provided by CFM. Such waiver is contingent upon Republic executing this Letter Agreement.

F. Termination

This Letter Agreement shall terminate if the CFM GTA is terminated pursuant to Section 15.M of the GTA.

G. Additional Benefits

(i) CF34-8E-10E Aircelle Credits. CFM guarantees that Aircelle will grant Republic a reduction in the price of the spares for the CF34-8E thrust reverser Get Well/Get Better Program (SB50 and SB55) from current price of ***** to ***** per thrust reverser half (or C-Duct) plus remaining credits to be used to offset additional Get Well/Get Better Program costs up to a total credit amount of *****. Credits may be applied on a per event basis up to a *****% discount for any Aircelle services or parts. It is understood that these total credits and discounts will not exceed *****.

(ii) CFM56-5B ESN 575831 Credit. CFM agrees to provide a total credit in the amount of ***** to be applied to the overhaul by CFM of CF34 engine ESN 575831 and the net cost for such overhaul will not exceed *****. CFM will confirm that GECAS will release a total of no less than ***** from the engine reserve under the lease covering such engine and Republic will pay no more than *****.
(iii) ClearCore Engine Wash Credit. To enhance Republic’s capability to perform Engine water wash and increase fuel savings, CFM agrees to provide credits for Republic which will enable Republic to purchase one ClearCore water wash system at ***** to Republic upon delivery of the ClearCore water wash system.

(iv) Thrust Upgrades. Promptly after execution of this Letter Agreement, CFM agrees to provide Republic rating plugs and nameplates at ***** to upgrade two CFM56-5B8 engines to CFM56-5B5 or CFM56-5B6. Republic shall return the nameplates and rating plugs to CFM in no event later than March 2015 and such engines shall thereupon revert back to CFM56-5B8 rating. CFM agrees to provide a *****% credit to Republic to an upgrade one CFM56-5B6 or CFM56-5B5 engine to CFM56-5B4 rating.
Please indicate your agreement with the foregoing by signing two (2) duplicate originals as provided below.

1. **Allowance Contingency**
   The equipment credit allowances as defined in Article A(ii), (excluding the aircraft allowances applicable to Engines installed on aircraft) are contingent upon Republic placing an order and taking delivery of Aircraft and Spare Engines per the quantity and delivery schedule set forth in the Letter Agreement and Attachment A.

2. **Allowance Not Paid**
   Allowances described herein for future deliveries of Aircraft and Spare Engines will become unearned and will not be paid if Republic’s purchase order with the aircraft manufacturer is terminated, canceled or revoked, or for any reason delivery of the Aircraft will be prevented or delayed beyond ***** after the “Delivery Period” as defined in the Letter Agreement ("Delivery Period").

3. **Termination of Special Allowances**
   Republic agrees that all of the Special Allowances set forth herein shall expire ***** after delivery of last scheduled Aircraft as set forth in the Letter Agreement (the “Expiration Date”).

   For the avoidance of doubt, it is understood that CFM shall have no further obligation beyond the Expiration Date to provide any of such Special Allowances, which were not provided to Republic, through no fault of CFM.

4. **Adjustment of Allowances**
   The equipment credit allowances as defined in Article A(ii), (excluding the aircraft allowances applicable to Engines installed on aircraft) are contingent upon Republic agreeing to take delivery and accepting delivery during the Delivery Period of the minimum number of Engines as set forth below opposite the correct description of Republic’s order from Airbus (the “Minimum Number of Engines”):

<table>
<thead>
<tr>
<th>Airbus Order</th>
<th>Aircraft</th>
<th>Spare Engines</th>
<th>Minimum Number of Engines</th>
</tr>
</thead>
<tbody>
<tr>
<td>*****</td>
<td>*****</td>
<td>*****</td>
<td>*****</td>
</tr>
</tbody>
</table>

   If Republic has canceled or otherwise failed to accept delivery of one or more of the required Minimum Number of Engines within the Delivery Period, the equipment credit allowances as defined in Article A(ii), (excluding the aircraft allowances applicable to Engines installed on aircraft) will be adjusted as follows:

   *****
Adjustment of allowances in accordance with the above formula may be made by CFM prospectively to take into account Aircraft or Spare Engine delays and/or cancellations. In any case, Republic agrees to promptly reimburse CFM for any allowance overpayments determined to have been made at the application of the adjustment formula set forth above *****. Unless otherwise agreed by CFM, no allowance shall be paid on Aircraft or Spare Engines not accepted within the Delivery Period and such Aircraft shall not be counted for purposes of the adjustment formula set forth above.

5. **Assignability of Allowance**

Any allowance described herein is exclusively for the benefit of Republic and is not assignable without CFM’s written consent, except as otherwise expressly provided in the Letter Agreement.

6. **Set Off for Outstanding Balance**

CFM shall be entitled, with ***** prior written notice, to set off any outstanding obligation and amounts that are due and owing from Republic to CFM (and not subject to a good faith dispute) for goods or services (whether or not in connection with this Letter Agreement and/or GTA), against any amount payable by CFM to Republic in connection with this Letter Agreement and/or GTA.

7. **Cancellation of Installed or Spare Engines**

Republic recognizes that harm or damage will be sustained by CFM if Republic places an order for Spare Engine(s) or for Aircraft equipped with installed Engines and subsequently cancels such order or otherwise fails to accept delivery of the Engines or Aircraft when duly tendered. Within ***** of any such cancellation or failure to accept delivery occurs, Republic shall remit to CFM a cancellation charge equal to ***** per Spare Engine or installed Engine subject to such cancellation or failure to accept delivery (subject to escalation per Attachment D and the cap referred to in Section A of the Letter Agreement).

CFM shall retain any progress payments or other deposits made to CFM for any such Engine. Such progress payments will be applied to the minimum cancellation charge for such Engine. Progress payments held by CFM in respect of any such Engine which are in excess of such amounts will be refunded to Republic; provided Republic is not then in arrears on other amounts owed to CFM.

8. **Delay Charge for Installed or Spare Engines**

In the event Republic delays the scheduled delivery date of a Spare Engine, or causes the delay of the scheduled delivery date of an installed Engine, for which CFM has received a purchase order from the aircraft manufacturer or Republic, as appropriate, for a period, or cumulative period, of more than ***** such delay shall be considered a cancellation and the applicable provisions hereof regarding the effect of cancellation shall apply.
9. **Limitation Regarding Cancellation or Delay**

The provisions of Sections 7 and 8 shall not apply (i) in the case of any installed Engine if Republic provides to CFM (i) a written statement from Airbus stating that the reason for the cancellation or delay is “Excusable Delay”, “Total Loss” or “Inexcusable Delay” (as defined in the Airbus Purchase Agreement) and (ii) a written statement from Airbus that such cancellation or delay was not caused by acts or failure to act of Airline or (ii) in the case of any installed Engine or Spare Engine if the reason for the cancellation or delay is “Excuseable Delay” (as defined in the CFM GTA) or failure of CFM to perform its material obligations under this Letter Agreement or the CFM GTA.

10. **Aircraft Not Operated for Minimum Period**

If, within the first ***** following delivery of each Aircraft for which a special allowance, of any nature, was provided by CFM pursuant to this Agreement (the “Minimum Period”), Republic sells, transfers, trades, exchanges, leases, subleases or otherwise fails to own and operate such Aircraft, the special allowances earned and/or paid on such Aircraft will be proportionately reduced. Republic will reimburse CFM an amount equal to the proportionate share of the special allowances earned and/or paid with respect to such Aircraft, (based on the percentage of the Minimum Period the Aircraft was actually owned and operated by Republic), with interest on such amount as provided below. The allowance reimbursement is due no later than ***** from the time Republic ceases to own and operate such Aircraft. Interest will be calculated at the Prime Rate, from the time of initial allowance payment on such Aircraft until the time of full reimbursement.

A. Base prices are effective for basic Spare Engines delivered to Republic by CFM on or before ***** and such base price is subject to escalation in accordance with Attachment D.

B. The selling price of CFM-LEAPX basic Spare Engines delivered after ***** above shall be the base price then in effect, which base price shall be subject to adjustment for escalation in accordance with CFM’s then-current escalation provisions.
I. The base price for Products purchased hereunder shall be adjusted pursuant to the provisions of this Exhibit. Except as expressly provided in the Attachment D, CFM shall be prohibited from making changes in these escalation provisions without the consent of Republic for Engines delivered through *****.

II. For the purpose of this adjustment:
   
   A. Base price shall be the price(s) set forth in the applicable Letter Agreement.
   
   B. The Composite Price Index (CPI) shall be calculated, to the second decimal place, using the following formula:

   *****

   C. Each CPI shall be determined to the second decimal place. Calculation shall be to the third decimal digit and if the third decimal digit is five or more, the second decimal digit shall be raised to the next higher figure. If the third decimal digit is less than five, the second decimal figure shall remain as calculated.

   D. The Base Composite Index (******) shall be the CPI determined assuming a base period in January 2010.

III. Base prices shall be adjusted in accordance with the following formula [Please provide examples]:

   *****
IV. The invoice price shall be the final price and will not be subject to further adjustments in the indices. In no event shall the invoice price be lower than the base price.

V. The ratio ***** shall be calculated to the fourth decimal digit. If the fourth decimal digit is five or more, the third decimal digit shall be raised to the next higher figure, and if the fourth decimal digit is less than five, the third decimal figure shall remain as calculated. If the calculation of this ratio results in a number less than 1.000, the ratio will be adjusted to 1.000. The resulting three digit decimal shall be used to calculate *****.

VI. Values to be utilized in the event of unavailability. If at the time of delivery of Product, CFM is unable to determine the adjusted price because the applicable values to be used to determine the ***** have not been released by the Bureau of Labor Statistics, then:

a) The Price Adjustment, to be used at the time of delivery of the Product, will be determined by utilizing the escalation provisions set forth above. The values released by the Bureau of Labor Statistics and available ***** prior to scheduled Product delivery month will be used to determine the ***** values for the applicable months (including those noted as preliminary by the Bureau of Labor Statistics) to calculate the Product Price Adjustment. If no value has been released for an applicable month, the provisions set forth in Paragraph b, below, will apply. If prior to delivery of a Product, the U.S. Department of Labor changes the base year for determination of the ***** values as defined above, such rebase values will be incorporated in the Price Adjustment calculation.

b) If prior to delivery of a Product, U.S. Department of Labor substantially revises the methodology used for the determination of the values to be used to determine the ***** values (in contrast to benchmark adjustments or other corrections of previously released values), or for any reason has not released values needed to determine the applicable Price Adjustment, CFM will, prior to delivery of any such Product, select a substitute for such values from data published by the Bureau of Labor Statistics or other U.S. government entity or, if none is available, other similar data reported by non-governmental United States organizations, such substitute to lead in application to the same adjustment result, insofar as possible, as would have been achieved by continuing the use of the original values as they may have fluctuated during the applicable time period. Appropriate revisions of the formula will be made as required to reflect any substitute values. However, if within ***** from delivery of the Product, the Bureau of Labor Statistics should resume releasing values for the months needed to determine the Product Price Adjustment, such values will be used to determine any increase or decrease in the Product Price Adjustment from that determined at the time of delivery of such Product.

c) In the event escalation provisions are made non-enforceable or otherwise rendered null and void by any agency of the United States Government, the parties agree, to the extent they may lawfully do so, to equitably adjust the base price of any affected Product to reflect an allowance for increase or decrease in labor compensation and material costs occurring since February of the base price year which is consistent with the applicable provisions of this Price Escalation formula.
d) For the calculation herein, the values released by the Bureau of Labor Statistics and available to CFM at the end of the month prior to scheduled
Product delivery month will be used to determine the ***** values for the applicable months (including those noted as preliminary by the Bureau of
Labor Statistics) to calculate the Product Price Adjustment for the Product invoice at the time of delivery. The values will be considered final and no
Product Price Adjustment will be made after Product delivery for any subsequent changes in published index values.

Note: Any rounding of a number, with respect to escalation of the Product Price, will be accomplished as follows: If the first digit of the portion to be
dropped from the number is five or greater, the preceding digit will be raised to the next higher number.

BASIS AND CONDITIONS FOR SPECIAL GUARANTEES

A. General Conditions

The Guarantees offered in this Letter Agreement have been developed specifically for Republic’s new installed and Spare Engines. The General Conditions described in Section VII of Exhibit B of the General Terms Agreement between CFM and Republic apply to the guarantees and such guarantees are offered to Republic contingent upon:

1. Republic accepting delivery of a minimum of ***** Engine powered A320NEO family Aircraft in the “Delivery Period” as defined in this Letter Agreement;
2. Republic procuring and maintaining the CFM recommended number of Spare Engines
3. Republic’s Engines being identified and maintained separately from other operators’ engines at the repair agency;
4. Republic operating Aircraft *****. A change in Aircraft or Engine quantity, Aircraft or Engine model, Aircraft delivery schedule from that described in this Letter Agreement, or flight operations resulting in more severe operating conditions than described above will require adjustment of the guaranteed values to reflect such different conditions, using CFM’s operational severity criteria;
5. Republic and CFM agreement upon the Engine restoration workscope necessary during each shop visit. Engine operation and maintenance will be performed in accordance with CFM manuals, bulletins, or other written instructions;
6. Available on-wing maintenance and performance restoration procedures, including CFM recommendations for Engine water wash at intervals no greater than every ***** (or as otherwise mutually agreed between Republic and CFM), being used to avoid unnecessary shop visits; and
7. Service bulletins agreed to between Republic and CFM being incorporated in a timely manner.
B. **Exclusions**

The guarantees shall not apply (i) to events that are due to negligence, acts of god, accidents, improper operation and/or improper maintenance or (ii) if the Engines are employed in power-back aircraft operation (iii) to non Engine-caused events.

Costs associated with shop visits for convenience or lease return conditions shall be excluded from the guarantees.

Costs associated with life limited Parts retirement, taxes, transportation or any other fees are excluded. Parts shall be considered Scrapped if they bear a scrap tag duly countersigned by a CFM representative.

C. **Administration**

The guarantees are not assignable without the written consent of CFM, except as expressly provided in the Letter Agreement.

If compensation becomes available to Republic under more than one specific guarantee, airframer guarantee, warranty or other engine program consideration, Republic will not receive duplicate compensation but will receive the compensation most beneficial to Republic under a single guarantee, warranty or other program consideration. Unless otherwise stated, the guarantee compensation will be in the form of credits to be used by Republic against the purchase from CFM of Spare Engines, spare Parts, and/or Engine services.
ATTACHMENT F

DELAY AND CANCELLATION DEFINITIONS FOR GUARANTEE

Delay
An Engine-caused delay of an Aircraft occurs when the malfunctioning of an Engine or Part thereof, the checking of same, or necessary corrective action causes the final Aircraft departure to be delayed more than a specified time (***** after the programmed departure time in any of the following instances:

- An originating flight departs later than the scheduled departure time.
- A through service or turnaround flight remains on the ground longer than the allowable ground time.
- The aircraft is released late from maintenance.

NOTE:
A cancellation supersedes a delay (i.e., a flight which is canceled after having been delayed is considered to be a cancellation only—not a delay and a cancellation). *****

Cancellation
Elimination or termination of a scheduled trip because of a known or reasonably suspected malfunction and/or defect in an Engine or Part thereof.

NOTE:
*****
ATTACHMENT G

PERFORMANCE RETENTION GUARANTEE CALCULATION METHOD

Fleet average base point for the Engine fuel consumption guarantee shall be an average of the first ***** of revenue services operations of each Engine covered by the guarantee. For a valid base, the standard deviation for each Engine of the calculated cruise fuel flow deltas must not exceed *****%.

Performance Retention (cruise fuel consumption deterioration) is determined quarterly by comparing the cumulative fleet average of the quarterly data points with the base point. The standard deviation for each Engine of the calculated cruise fuel flow deltas must not exceed *****%.

The period covered by the guarantee starts from the first revenue flight of the first Aircraft.

Republic shall provide to CFM on a quarterly basis copies of any form of performance trending chosen by Airline.

Cruise data reported quarterly must include the following:

Aircraft Number; Engine Serial Number (ESN); Date; Flight Number; Engine Position; Altitude; Mach Number; Total Air Temperature (TAT); and the following at Cruise Point: N

1
(Fan Speed); EGT; N
2
(Core Speed); Fuel Flow; and Bleed Configuration.

If the deterioration of the cumulative fleet average cruise fuel flow at N1 exceeds the guarantee or if the deterioration trend suggests that the guarantee might be exceeded, then the following actions may be initiated:

a. CFM Flight Audits.

b. Test cell confirmation runs on specific Engines. The altitude guarantee will be translated to sea level conditions plus nominal installation loss for comparison purposes.

If, as a result of incorporation of service bulletins (other than a mandatory campaign change) or other Engine modifications, the initially established relationship of Engine fuel flow, thrust and fan speed (N1) is altered, the measured, calibrated fuel consumption shall be suitably corrected to give effect to this change.

Republic is to maintain records of total fuel on-loaded to each Aircraft each month and monthly cost thereof (price per gallon) during the period of this guarantee in substantiation of any claim hereunder.
Amendment No. 1 to
LETTER AGREEMENT NO. 1
TO GTA No. CFM-1 1-2576101711

WHEREAS, CFM International, Inc. (hereinafter individually referred to as “CFM”), and Frontier Airlines, Inc. (hereinafter individually referred to as “Airline”) (CFM and Airline being hereinafter collectively referred to as the “Parties”) have entered into General Terms Agreement No. CFM-1 1-2576101711 dated October 17, 2011 (hereinafter referred to as “CFM-GTA”);

WHEREAS, the Parties have entered into Letter Agreement No. 1 to the CFM-GTA, dated October 26, 2011 (“Letter Agreement No. 1”); and

WHEREAS, the Parties desire to amend Letter Agreement No. 1 as set forth below.

NOW THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree that the following provisions of Letter Agreement No. 1 shall be amended as follows:

1. Article 5 of Attachment B is amended to read as follows:

   “5. Assignability of Allowance

   Any allowance described herein is exclusively for the benefit of Airline and is not assignable without CFM’s written consent; provided that Airline may assign such allowance, together with its other rights under this Letter Agreement on the terms described in clause (i) of Paragraph A of the Agreement.

   CFM agrees that in the event Airline seeks financing for payment of predelivery payments (“PDP Financing”) for the Aircraft, CFM will consent to the assignment to such Lender of ***** of the Aircraft Allowance per A. (i) above for Aircraft in this Letter Agreement.

   CFM agrees that in the event Airline enters into a lease agreement with a lessor for any of the Aircraft that include Engines and such Engines are enrolled in a long term CFM rate per Flight Hour engine maintenance program (“RPFH agreement”) between Airline and CFM, CFM will act in good faith to reach a mutually acceptable tri-partite agreement among CFM, Airline and the lessor whereby the Engine warranties, all dollar amounts collected by CFM for the Engines in accordance with the RPFH agreement and Airline’s other benefits under the RPFH Agreement will be fully assignable to the lessor (and subsequent operators, if any) in the event Airline defaults under the lease agreement and lessor takes possession of the Aircraft.”

2. Miscellaneous

   Except as set forth herein, the terms and conditions set forth in Letter Agreement 1 remain unchanged. The obligations set forth in this Amendment are in addition to the obligations set forth in the GTA and Letter Agreement No. 1. In the event of inconsistency between the terms of this Amendment and the terms of the GTA and Letter Agreement No. 1, the terms of this Amendment shall take precedence.
3. **Counterparts:**

This Agreement may be signed by the Parties in separate counterparts, and any single counterpart or set of counterparts, when signed and delivered to the other Parties shall together constitute one and the same document and be an original Agreement for all purposes.
Please indicate your agreement with the foregoing by signing two (2) duplicate originals as provided below.

2. **SALE AND PURCHASE OF ITEMS**

2.1 FRONTIER hereby agrees to supply and sell upon LHTs request a number of Items to LHT to be determined as specified in Attachment A.

2.2 In order to determine which Items shall be sold, LHT shall, before this Agreement has become effective, inspect the stock of Items at FRONTIERs facilities according to Article [5] (“Examination of Items”).
2.3 The Items that LHT shall purchase in accordance with this Agreement are hereinafter referred to as “Purchased Items”. All Purchased Items shall be free and clear of all and any third party rights, including, but not limited to, liens, encumbrances, pledges and other charges.

2.4 LHT shall for administrative reasons issue Purchase Orders for the items listed in Attachment A. In case of any contradictions between the Purchase Order and this Agreement, this Agreement shall prevail.

3. QUALITY DEMANDS

3.1 FRONTIER’S Quality Management System

3.1.1 FRONTIER shall maintain at all locations a quality management system in accordance with the EN 9100; AS 9100 or equivalent quality management system such as FAR Part 121.

3.1.2 FRONTIER shall provide to LHT the Quality Manual. Substantial changes to such document shall be submitted promptly to LHT to the following address:

   Lufthansa Technik AG
   Dept. Quality Management
   HAM TQ/E
   Weg beim Jäger 193
   22335 Hamburg
   Germany

3.2 Audits

3.2.1 Upon written notification by LHT, LHT’s representatives shall have access to FRONTIER’s facilities at any time in order to carry out an audit of compliance with the applicable standards and procedures. FRONTIER shall make best efforts to provide such access to its suppliers and subcontractor’s facilities by ***** previous written notice given from LHT to FRONTIER. Such audits must be made on business days and hours.

3.2.2 In case of apparent non-compliance of FRONTIER or its suppliers or subcontractors with applicable standards and procedures, LHT shall notify FRONTIER of any such non-compliance and set time limits for the rectification of them. FRONTIER shall make and/or shall cause its suppliers and subcontractors to make any and all necessary corrections and shall inform LHT promptly of any actions FRONTIER, its suppliers and subcontractors plan to carry out and of any completed rectifications.
3.2.3 For the avoidance of doubt any audit, other inspection or knowledge of LHT shall not relieve FRONTIER from its obligations under this Article [3] ("Quality Demands") or any other obligations arising out of this Agreement.

3.2.4 In addition to any other rights and remedies provided by this Agreement or by law, LHT shall be entitled to terminate this Agreement and or to withdraw from any Purchase Order with immediate effect if FRONTIER fails to fulfill the above Rectifications within the time limits specified in the course of or as a consequence of any audit.

3.3 Certification / Approvals

3.3.1 FRONTIER guarantees that all Items sold and delivered hereunder are in serviceable condition, conform to the applicable airworthiness requirements and the aircraft manufacturer specifications. Product source and certification must be established and documented and made available to LHT upon or prior Delivery.

3.3.2 Deliveries of new Items shall in any case be accompanied, clearly indicated to the respective item, by an entirely completed CRS substantially in accordance with the following requirements:

- EASA Form one or
- FAA 8130-3 (FAA 8130-4 for engines) or
- TCCA 24-0078 or
- Certificate of conformance accepted by the aviation authority in the manufacturer’s country (not for EASA states, USA or Canada) or
- Manufacturer’s certificate of conformance (only with acceptance by LHT) and
- Supplied as originals of the manufacturer

3.3.3 Maintained Items marked with “Transport” in Attachment A shall be accompanied by all operational records and a combined CRS (Dual Release) in accordance with the following requirements:

A Certificate of Release to Service (CRS) valid for EASA/FAA customers, issued by a maintenance organization holding both an EASA Part-145 Approval and a FAA 14 CFR Part 145/TCCA CAR 573 Certificate, certified:

- on an EASA Form 1 including a CFR Part 43 Return to Service statement when the organization is located in an EASA country;
- on a FAA Form 8130-3 including an EASA Part-145.A.50 Release to Service statement when the organization is located in the USA;
- on a TCCA Form 24-0078 including an EASA Part-145.A.50 Release to Service statement when the organization is located in Canada

3.3.4 If Items are provided without or with a wrong certificate or other applicable documentation/ information according this Agreement is not delivered, LHT may reject such Item or use reasonable commercial efforts to recertify those Items but shall have no obligation to do so.*****
4. UNAPPROVED PARTS

As soon as an “unapproved parts notification” is issued and such notification is applicable to Items delivered by FRONTIER to LHT, FRONTIER shall inform LHT in writing about such notification and the items concerned.

5. EXAMINATION OF ITEMS

5.1 In order to examine quantity and quality of the Items and to determine afterwards which Items shall be the Purchased Items, LHT shall inspect the stock of Items to be provided by FRONTIER at FRONTIER’s facilities within **** upon signature of both Parties of this Agreement. Scheduled are three waves starting after signature.

5.2 FRONTIER shall provide to LHT any information and documentation reasonably requested by LHT and shall grant LHT full and complete access to FRONTIER’s premises immediately after signature of this Agreement to perform the examination. In addition FRONTIER shall provide space and office infrastructure at offices and spaces of FRONTIER as requested by LHT for the time of the examination. FRONTIER shall provide unlimited internet access to enable LHT unrestricted access to LHT systems. LHT shall be responsible for the appropriate hardware. For the purpose of examining the Items LHT shall bear all costs and expenses associated with the examination.

5.3 FRONTIER ensures to provide own staff to hand the Items to be inspected over to LHT personnel. After examination FRONTIER shall physically identify (e.g. label) all Purchased Items as LHT owned.

5.4 FRONTIER, when possible, shall provide immediately before and during examination the following data on all serial numbers of Items that shall be inspected:

5.5 For all Part numbers sold under this Agreement FRONTIER will provide the relevant Export Control Classification Number (ECCN).

5.6 In case the quantity for any Item is differing from the quantity of Items as per Attachment A the following shall apply:

   Fewer quantities: The quantity identified below the quantity as per Attachment A shall be generally assessed with the agreed pricing and this amount shall be deducted from the total net purchase price payable to FRONTIER. In case the quantity missing is deemed to be necessary by LHT and FRONTIER to support FRONTIER, then LHT shall either require FRONTIER within ***** after examination of the affected Item to purchase the agreed quantities and provide them to LHT at the conditions provided in Attachment A or buy the missing quantities itself and invoice FRONTIER the difference between the price in Attachment A and the price LHT paid. LHT will inform FRONTIER about the price of the missing quantity in case that LHT shall purchase the missing part.

   Larger quantities: LHT shall have the right to accept and purchase those Items being provided above the agreed quantity as per the conditions of Attachment A or B.

5.7 To the extent that upon examination Items are not in FRONTIER’s or LHT’s possession such Items shall be treated as not delivered. Article [5.6] shall apply.

5.8 Scrap material mutually identified during the examination process shall be handled as not delivered. In this case Article [5.6] shall apply. This includes Life Limited Parts with a remaining life of less than ***** of the total life.

5.9 Life Limited Parts (LLP) shall be accompanied by a back to birth documentation providing at least following information:

   • Accumulated flight hours, cycles, calendar periods since beginning of operation
   • History of installations/ removals in terms of applicable aircraft information (aircraft type, serial number, aircraft registration number, date of installation/removal)
   • Detailed record of all modifications, repairs and/or other maintenance
   • Flight hours, cycles, calendar periods since last maximum maintenance (e.g. overhaul)
If the documentation is not available and FRONTIER cannot provide the documentation with reasonable effort the Items shall be handled as being not delivered and shall remain FRONTIER’s property. In this case Article [5.6] shall apply.

5.10 For safety critical Items (SCI), which includes LLP’s and Items which are subject to airworthiness limitations and/or a major Items, such as but not limited to undercarriages or flight controls, among other required information according this Agreement, detailed records of all modifications and repairs shall be provided.

The CRS for SCI’s should specify in particular:

- Date of the last maintenance and name and address of the applicable MRO provider
- If the Item is unused, date of manufacture and name + address of manufacturer with a cross reference to any original documentation which should be included with the form
- A list of all airworthiness directives, repairs and modifications which have to be incorporated. If no airworthiness directives or repairs or modifications are applicable according statement should be provided
- Detail of life used for service life limited parts being any combination of fatigue, overhaul or storage life
- For any aircraft component having its own maintenance history record, reference to the particular maintenance history record as long as the record contains the details that would otherwise be required on the CRS. The maintenance history record and acceptance test report or statement, if applicable, should be attached to the CRS
- A clear statement of the airworthiness limitation should be endorsed on the CRS and all applicable information, such as accumulated flight hours, cycles and Days, to ensure the continuing airworthiness prior to installation by determining the next scheduled maintenance
- For shelf life limited parts the CRS shall include the manufacturing date, the expiry date of the shelf life and the shelf life itself

5.11 In case of interchangeability of Items, FRONTIER shall provide proof of interchangeability acc. approved data (IPC, EB, SB) in addition to the necessary certification as described in Article [3.3] (“Certification”). LHT may refuse proof of interchangeability with reasonable explanation. In this case Article [5.6] shall apply.

5.12 To the extent that during examination period potential deviations of an Item from the requirements according this Agreement cannot be clarified and not fully be eliminated and/or applicable documentation and/or information is not delivered such Items shall be treated as not delivered. Article [5.6] shall apply accordingly.
6. DELIVERY

6.1 Delivery of the Purchased Items indicated as homebase material “HB” according Article 6 shall be deemed to occur upon LHT’s goods receipt at Frontier’s facilities in Denver, Phoenix and Kansas City, USA (“Delivery”). Frontier shall bear all cost for storage of Purchased Items after Delivery.

6.2 For all Items delivered in accordance with this Agreement, Frontier agrees that it is the U.S. Principal Party in Interest (USPPI) and agrees to comply with all export control requirements, including export classification, licensing, and clearance responsibilities applicable to the USPPI in U.S. export transactions. In addition, for all Items delivered in accordance with this Agreement, Frontier agrees that LHT is the Foreign Principal Party in Interest (FPPI), and Frontier is authorized to act and agrees to act as LHT’s true and lawful agent for purposes of preparing and filing any Electronic Export Information in accordance with the export control laws and regulations of the United States.

6.3 Delivery of the Purchased Items indicated with “TRANSPORT” in the Attachment A shall be delivered from Frontier in accordance with the INCOTERM “FCA” (Free Carrier) to Frontier’s facilities in Denver, Phoenix or Kansas City, USA.

6.4 Frontier shall pack all Purchased Items according to all applicable regulations. Any special regulations for the shipment of the Purchased Items shall be observed by Frontier.

5.13 If any Purchased Item is not in compliance with one or more requirements provided for in this Agreement or Frontier cannot provide the necessary documentation upon Delivery, notwithstanding any other rights LHT may have, LHT shall not have to make any purchase price payment to Frontier or shall be entitled to return the Purchased Item and claim reimbursement of any payment that has already been made with respect to those Items.

6.4 Frontier shall pack all Purchased Items according to all applicable regulations. Any special regulations for the shipment of the Purchased Items shall be observed by Frontier.

5.13 If any Purchased Item is not in compliance with one or more requirements provided for in this Agreement or LHT cannot provide the necessary documentation upon Delivery, notwithstanding any other rights LHT may have, LHT shall not have to make any purchase price payment to Frontier or shall be entitled to return the Purchased Item and claim reimbursement of any payment that has already been made with respect to those Items.
7. **DELIVERY DATE**

7.1 FRONTIER hereby unconditionally undertakes to Deliver the Items within the relevant agreed upon Lead Time in respect of each individual Item. The Delivery Time is measured in Days from the date of receipt of the Purchase Order by FRONTIER until the Delivery of the Item to LHT ("Delivery Date")

7.2 If LHT requests an earlier Delivery date on a Purchase Order, FRONTIER shall use its best efforts to comply with LHT’s request and Deliver the Items within the requested time frame.

8. **INTENTIONALLY LEFT BLANK**

19.2 Neither Party may claim that the other Party has received any message or correspondence if addresses other than those specified in accordance with this Article [19] ("Notices and Communications") have been used unless it had been actually received by the right person.

19.3 Messages including any orders sent by e-mail or other electronic means shall be deemed received only when the message has been accessed by the receiving Party. The burden of proof for the receipt and time of receipt of such messages shall be with the Party sending the message.

19.4 All communication between the Parties shall be in English and all documentation shall be made available to the other Party in English. In case any other language is used or any document including this Agreement is translated into any other language it shall be for convenience only. The version in English shall be legally binding.

20. MISCELLANEOUS

20.1 Law

This Agreement and any dispute shall be governed by and construed in accordance with the laws of the State of New York, U.S.A. without regard to its conflicts of laws principles.

20.2 Dispute Resolution / Arbitration

20.2.1 Any dispute between the Parties with respect to the interpretation of any provision of this Agreement or with respect to the performance of either Party shall be resolved as specified in this Article 20.2.

20.2.2 Prior to commencing arbitration, the Parties may, if they so agree, seek the opinion of the relevant manufacturer in relation to the Services under dispute with a view to settling the dispute in good faith. In addition, each Party shall appoint a designated representative whose task it will be to meet for the purpose of endeavouring to resolve such dispute. The designated representatives shall discuss the problem and negotiate in good faith in an effort to resolve the dispute without the necessity of any formal proceeding. These procedures shall not prejudice either Party's right to commence arbitration at any time as per Article 20.2.3.

20.2.3 Any dispute between the Parties out of or in connection with this Agreement shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by three (3) arbitrators appointed in accordance with the
Rules. The place of arbitration shall be New York, New York, U.S.A. The language of the arbitration shall be English. All proceedings in the arbitration shall be scheduled and conducted so that the arbitral tribunal may render the award as expeditiously as possible.

20.2.4 The award shall be final and binding. No Party shall seek recourse to a court of law or other authorities to appeal or otherwise set aside the award. The award shall be in writing and in English, and shall specify the factual and legal basis for the award. The award may be enforced in any court having jurisdiction. The arbitrator shall award to the prevailing Party its costs, including reasonable attorneys’ fees and costs, to the degree of such prevailing Party’s success.

20.2.5 The Parties consent to the exclusive jurisdiction of the United States District Court for the Southern District of New York in any action, suit or proceeding with respect to the enforcement of the arbitration agreement, this Article 20.2, and to the non-exclusive jurisdiction of that court with respect to the enforcement of any award thereunder.

20.2.6 Nothing in this Agreement shall prevent any Party, before an arbitration has commenced pursuant to this Article 20.2, from seeking interim or injunctive relief.

20.2.7 The Parties agree to keep any arbitration confidential, and shall not disclose to any person the existence of the arbitration, any document submitted or exchanged in connection with it, any oral submissions or testimony, any transcripts, or any award, unless such disclosure is required by law.

20.2.8 The Parties agree that this Agreement and the resulting obligations and relationships are commercial and that the United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards and the InterAmerican Convention on International Commercial Arbitration of 1975 apply to this Agreement and to any order or arbitral award resulting from any arbitration conducted in accordance with this Agreement.

20.2.9 Frontier hereby appoints Corporation Services Company: 80 State Street, Albany, NY 12207 (Phone 1-866-403-5272) as its agent for service of process in New York in any dispute; provided, however, that the agent may be replaced by another agent in New York upon thirty (30) Days’ written notice. Service of process on the designated agent at the designated address shall be deemed, for all purposes, to be due and effective service, and service shall be deemed completed whether or not forwarded to or received by the respective Party. Any correspondence sent to a Party’s agent for service of process shall also be copied to the Party directly pursuant to Article 19.1; provided, however, that the failure to copy any Party directly shall not affect the effectiveness of any service of process.
LHT hereby appoints Lufthansa Technik Component Services, 3102 Commerce Parkway, Miramar, FL 33025 as its agent for service of process in any dispute; provided, however, that the agent may be replaced by another agent upon thirty (30) Days’ written notice. Service of process on the designated agent at the designated address shall be deemed, for all purposes, to be due and effective service, and service shall be deemed completed whether or not forwarded to or received by the respective Party. Any correspondence sent to a Party’s agent for service of process shall also be copied to the Party directly pursuant to Article 14.4; provided, however, that the failure to copy any Party directly shall not affect the effectiveness of any service of process.

20.3 Assignment

20.3.1 FRONTIER may not assign any of its rights and/or obligations under this Agreement or part thereof without the prior written consent of LHT. FRONTIER agrees that LHT may assign any of its rights and/or obligations under this Agreement in total or in part to a company directly or indirectly controlled by Deutsche Lufthansa Aktiengesellschaft.

20.3.2 FRONTIER shall be informed by LHT about such assignment in due time.

20.4 Alteration

20.4.1 This Agreement shall not be varied in terms or amended except by an instrument in writing explicitly named an amendment to this Agreement and signed by duly authorized representatives of the Parties.

20.4.2 Verbal agreements reached during the negotiations or during the period of this Agreement shall not be binding upon either Party unless and until mutually confirmed in writing.

20.5 Order of Precedence

In the event a provision in an attachment, exhibit, annex to this Agreement or letter agreement relating to this Agreement deviates from any provision of this Agreement, such attachment, exhibit, annex or letter agreement shall prevail only if it explicitly refers to the Article and provision it intends to deviate from. In all other cases the provisions of this Agreement shall prevail.

20.6 Exclusion of General Terms and Conditions

LHT and FRONTIER acknowledge that pursuant to current practices, standard quotation forms, purchase orders and other forms (including terms and conditions contained in catalogues) are often utilised, which forms contain terms and conditions intended to be applicable to a purchase and sale between a buyer and a vendor. LHT and FRONTIER agree that, except as expressly provided in this Agreement, no such terms and conditions as appear on such standard forms or catalogues shall become part of this Agreement, despite the fact that such forms may be utilised by representatives of one or both Parties or accepted by the other without objection. It is the specific intent of the Parties that this Agreement shall prevail over any such form and that no modification of this Agreement shall be effective unless made in strict compliance with Article [20.4] (“Alteration”) and Article [20.5] (“Order of Precedence”).
20.7 Waiver and Severability

20.7.1 Failure by either Party to enforce any of the provisions of this Agreement shall not be construed as a waiver of such provisions.

20.7.2 If any of the provisions of this Agreement are held unlawful or otherwise ineffective by any court of competent jurisdiction, the remainder of this Agreement shall remain in full force and the unlawful or otherwise ineffective provision shall be substituted by a new provision mutually agreed upon by LHT and FRONTIER reflecting the intent of the provision so substituted.

20.8 Notification of Changes

Any changes or alterations, including change of address, company name, organization, approval etc. shall be immediately notified in writing to the addressee stipulated in Article 19 (“Notices and Communication”).

In case any of the Parties changes its address, it shall inform the other Party with prior written notice before such change is effective so in case any notice or communication made to the Party who has changed its domicile without advising the other Party as agreed in this clause, shall be deemed as legally effectuated

20.9 Interpretation

The list of contents, section names and headings are for ease of reference only and shall not be taken into account in construing this Agreement.

20.10 Export Clause

The Parties hereby acknowledge that the shipment, transfer or Delivery of any Item under this Agreement may be subject to export laws and regulations of the European Union, Germany and the United States (hereinafter referred to as “Export Control Regulations”), including compliance requirements set forth under the U.S. Export Administration Regulations (EAR), 15 CFR Parts 730-774, International Traffic in Arms Regulations (ITAR), 22 CFR Parts 120-130, and U.S. economic sanctions regulations (OFAC regulations), 31 CFR Parts 500-598).

Each Party further acknowledges its respective obligation to comply fully with applicable Export Control Regulations in connection with the performance of this Agreement. As part of such obligation, FRONTIER agrees to ensure that any shipment, transfer or Delivery of any Item to LHT under this Agreement is in full compliance with applicable Export Regulations.
In furtherance of its compliance obligations, FRONTIER agrees to provide to LHT prior to performing such Services, Material supply or Part installation or prior to making any shipment, transfer or delivery of any Item to LHT under this Agreement the correct export classification of such Material, Part or Item e.g., the classification under the “Ausfuhrliste” of the German Federal Office of Economics and Export Control (BAFA), the relevant category in the United States Munitions List USML or the Export Control Classification Number ECCN under the EAR and to provide to LHT all necessary information related thereto and shall otherwise provide to LHT any reasonable assistance requested by LHT to ensure full compliance with applicable Export Control Regulations. As part of such assistance, FRONTIER shall inform LHT if the Services rendered, the Material supplied or any Part installed and/or any shipment, transfer or delivery of an Item under this Agreement will require an export license or other authorization under applicable Export Control Regulations, as well as any document that LHT must complete or submit in connection with obtaining such export license or authorization.

In addition, FRONTIER agrees that, whenever any shipment, transfer or Delivery of an Item under this Agreement requires an export license or other authorization under applicable Export Regulations, it will obtain such license or authorization at no cost to LHT and in a manner that permits Delivery of the Item within the Lead Time set forth under this Agreement.

20.11 Form of Agreement

Two originals of this Agreement shall be signed and executed by the Parties. One original shall remain with each Party. Each page of each original of the Agreement (including any attachments, exhibits, side-letters etc.) shall be initialled by each Party. Each of the two originals shall constitute an original of this Agreement, but together the counterparts shall constitute one document.

20.12 Environmental and Labour Standards

Frontier shall abide by the internationally recognised environmental standards as well as the basic labour standards of the International Labour Organisation as set forth in Art. 2 of the ILO-Declaration dated 18th June 1998 (“Fundamental Principles and Rights at Work”).

21. CONDITIONS PRECEDENT

This Agreement shall only become effective upon the execution and effectiveness of that certain Services Agreement by and between the Parties hereto.

In case of termination of the Services Agreement LHT may return all of the Purchased Items or parts thereof and FRONTIER shall return any payment made by LHT.

NAVITAIRE HOSTED SERVICES AGREEMENT

This Hosted Services Agreement (the “Agreement”) is made between Navitaire LLC, a Delaware limited liability company (“NAVITAIRE”) and Frontier Airlines, Inc., a Colorado corporation, (“Customer”), and shall be effective as of June 20, 2014 (“Effective Date”).

Recitals

A. Accenture LLP is a global management consulting, technology services and outsourcing company.

B. NAVITAIRE, wholly owned by Accenture LLP, is an airline technology services company, which provides various services such as hosted reservation and revenue management services to airline companies worldwide.

C. The parties desire that NAVITAIRE provide to Customer Hosted Services (as defined in Section 1), and Customer desires to purchase such Hosted Services on the terms contained in this Agreement.

NOW, THEREFORE, the parties agree as follows:

1. Definitions

As used herein, the following terms shall have the meanings accorded them in this Section 1. In the event of any conflict between a definition set forth in this Section 1 and in any one contained in an Exhibit to this Agreement, the definition contained within such Exhibit shall control.

1.1 Affiliate of a party means any entity, whether incorporated or not, that is controlled by, controls, or is under common control with such party. “Control” means the ability, whether directly or indirectly, to direct the affairs of another by means of ownership, contract or otherwise.

1.2 API(s) means Application Program Interface(s) contained within the Hosted Services System and used to facilitate communications between external systems of Customer or Customer API Agents and the Hosted Services System.

1.3 Business Critical Services means the services required to be restored first in the event of a Disaster and comprise the components listed in the Disaster Recovery Services descriptions in Section 5 of Exhibits A and F, as applicable.

1.4 Confidential Information has the meaning set forth in Section 9.1 hereof.

1.5 Configurable Template means any of the templates comprising from time to time a part of the Hosted Services System and designed to permit Customer to configure the presentation and interfaces of the Hosted Services through the use of API(s) made available by NAVITAIRE as a part of Hosted Services for such purpose.
1.6 **Contract Year** means each twelve (12) month period commencing at the Target Date listed for Hosted Reservation Services in Exhibit A, as such Target Date may be modified pursuant to Section 1.6 of Schedule K to this Agreement. If Hosted Reservation Services are not in scope of the Agreement, the Target Date in the applicable exhibit is used to determine the Contract Year.

1.7 **Critical Business Data** means the data required to be restored first in the event of a Disaster, detailed in the Disaster Recovery Services chart included in Section 5, New Skies by NAVITAIRE Functionality Included in Hosted Reservation Services, in Exhibit A.

1.8 **Current Release** means the latest generally available release of the NAVITAIRE software that NAVITAIRE makes commercially available to its hosted services customers and as represented by the second number in the release description (e.g., where Release 4.1 is the current release, with Release 4.0 being the current release “minus one”).

1.9 **Customer Agent** means employees of Customer, and contractors, service providers, and agents of Customer that are not competitors of NAVITAIRE.

1.10 **Customer API Agent** means, referral entities, resellers and sales channel partners of Customer, including Code Share Operating Carriers and Code Share Marketing Carriers that communicate with the Hosted Services System via API.

1.11 **Customer Authorized Support Contact(s)** has the meaning set forth in Exhibit D.

1.12 **Custom Enhancement Request** means a request by Customer for an Enhancement made pursuant to Support Center Support or a Work Order.

1.13 **Customer Account Liaison** has the meaning set forth in Exhibit D.

1.14 **Customer Data** means the data entered into the Hosted Services System by Customer, a Customer Agent authorized to use the Hosted Services System in accordance with this Agreement, or a customer of Customer.

1.15 **Customer Personal Data** means data which is owned or controlled by Customer, which NAVITAIRE has access to and/or otherwise processes for the purpose and during the provision of the Services, and which names or identifies a natural person including, without limitation: (a) data that is explicitly defined as a regulated category of data under data protection laws applicable to Customer; (b) non-public personal data, such as national identification number, passport
number, social security number, driver’s license number; (c) health or medical information, such as insurance information, medical prognosis, diagnosis information or genetic information; (d) financial information, such as a policy number, credit card number and/or bank account number; and/or (e) sensitive personal data, such as race, religion, marital status, disability, or sexuality.

1.16 Customer Responsibilities means the obligations of Customer set forth in this Agreement including any Exhibits and any functions or responsibilities not specifically described in this Agreement which are inherent to and necessarily required to be performed by Customer as part of such obligations.

1.17 Customer Website means the customized portal provided by Customer for passengers to use for booking transactions via the Internet.

1.18 Deliverables mean Materials that are originated and prepared for Customer by the Service Provider (either independently or in concert with Customer or third parties) and delivered to Customer during the course of the NPS Services under this Agreement, within the scope of a Work Order, as described in the Work Order form included in Exhibit L of this Agreement.

1.19 Disaster means an unplanned production data center outage of twenty-four (24) hours or sufficient duration to cause severe loss or impairment of all of the following areas: (i) ticket sales, (ii) airport check-in, (iii) boarding, and (iv) functionalities utilized by the call center whereupon a Disaster may be declared, and the redeployment of resources to a recovery data center (“DR Site”) to reinstate service may be triggered. A Disaster may be caused by disruptive events including but not limited to Force Majeure Events (as defined in Section 14.2 of the Agreement).

1.20 Disaster Recovery (DR) means the process of rebuilding and restoring sustained operations of the Hosted Services System environment capabilities after a Disaster, in an alternate data center facility, and hand over of recovered services to Customer for Customer testing and resumption of Customer business functions.

1.21 Disaster Recovery Services means the Disaster Recovery services provided hereunder and in accordance with the specifications set out at Exhibit A, which includes a backup system at an alternate location to be made available in case of a Disaster. Such services shall include but not be limited to the following:

- Provides an alternate data center site Disaster Recovery solution;
- *****
- *****
- *****
1.22 **Emergency** has the meaning set forth in Section 5 of Exhibits A, B, F, and G.

1.23 **Enhancement** means new functionality or modifications to existing functionality within the Hosted Services System, but does not include System Error fixes.

1.24 **Hosted Reservation Services** means the services described in Exhibit A; provided that if Hosted Reservation Services are not designated as being contracted for in Section 2, Exhibit A shall be blank or not appended and this Agreement shall not cover such type of services.

1.25 **Hosted Revenue Accounting Services** means the services described in Exhibit G; provided that if Hosted Revenue Accounting Services are not designated as being contracted for in Section 2, Exhibit G shall be blank or not appended and this Agreement shall not cover such type of services.

1.26 **Hosted Revenue Management Services** means the services described in Exhibit B; provided that if Hosted Revenue Management Services are not designated as being contracted for in Section 2, Exhibit B shall be blank or not appended and this Agreement shall not cover such type of services.

1.27 **Hosted Services** means Hosted Reservation Services and/or Hosted Revenue Management Services and/or Hosted Web Services and/or Hosted Revenue Accounting Services as designated in Section 2 of this Agreement. Hosted Services are provided by NAVITAIRE and its Affiliates.

1.28 **Hosted Services System** means with respect to Hosted Reservation Services, Hosted Revenue Management Services, Hosted Web Services, and/or Hosted Revenue Accounting Services, the hardware and software used by NAVITAIRE as part of the Services as well as in each case any user documentation associated therewith (including Configurable Templates and any associated API(s)).

1.29 **Hosted Web Services** means the services described in Exhibit F; provided that if Hosted Web Services are not designated as being contracted for in Section 2, Exhibit F shall be blank or not appended and this Agreement shall not cover such type of services.

1.30 **Incident** (INC) means a Customer reported Hosted Services trouble report and description logged and submitted through the INC schema in NAVITAIRE’s Internet based customer support tool (Remedy).
1.31 Internal Business Purpose means use of the Hosted Services or Hosted Services System solely to support the internal organization of Customer in pursuit of ordinary and customary internal transportation-related business operations, and without limiting the foregoing not for any purpose restricted by Section 7 hereof.

1.32 Interrupted Service means a complete system availability outage of any of the following systems: (i) check-in system comprised of both SkyPort and GoNow, or (ii) the Hosted Reservation Services, or (iii) Hosted Web Services Systems, due to the following:
   • NAVITAIRE controlled primary circuit network line being down;
   • NAVITAIRE controlled server or router being down; or
   • System Error which causes the system to be completely unavailable.

1.33 Invoicing Currency means the currency that NAVITAIRE uses in preparation of monthly Customer invoices. The Invoicing Currency for this Agreement is USD.

1.34 Maintenance Release means modification(s) or change(s) to the Hosted Services System for System Error fixes or minor Enhancements. As of the Effective Date of the Agreement, the maintenance release number is represented by the 3rd number in the release description (e.g., Release 4.1.1 represents the 1st maintenance release of the 4th Major Release and 1st Minor Release of New Skies), but such numbering is subject to change at NAVITAIRE’s discretion.

1.35 Major Release means material modification(s) or change(s) to the Hosted Services System (a) architecture or database, or (b) that adds new module(s) or series of functionalities to the Hosted Services System. As of the Effective Date of the Agreement, the major release number is represented by the 1st number in the release description (e.g., Release 4.0.1 represents the 4th major release of New Skies), but such numbering is subject to change at NAVITAIRE’s discretion.

1.36 Mark has the meaning set forth in Section 4.11 hereof and in Exhibit E.

1.37 Materials mean work product and other materials, including without limitation, reports, documents, templates, studies, software programs in both source code and object code, specifications, business methods, tools, methodologies, processes, techniques, solution construction aids, analytical frameworks, algorithms, know-how, processes, products, documentation, abstracts and summaries thereof.

1.38 Minor Release means modification(s) or change(s) to the Hosted Services System for System Error fixes, error corrections, and modifications for new versions of the supported operating systems which are generally provided by NAVITAIRE to customers who are eligible to receive Support Services;
provided, however, that a Minor Release does not include new or separate product offerings, Major Releases, or any modules or systems that NAVITAIRE markets as new or distinct products, whether or not such products are intended as successor products to the Hosted Services System. As of the Effective Date of the Agreement, the minor release number is represented by the 2nd number in the release description (e.g., Release 4.1 represents the 1st minor release of the 4th Major Release of New Skies), but such numbering is subject to change at NAVITAIRE’s discretion.

1.39 NAVITAIRE Account Manager means the NAVITAIRE Commercial Account Manager and/or other NAVITAIRE representatives as designated in Customer’s copy of the NAVITAIRE Procedures Manual, provided by the NAVITAIRE Support Center.

1.40 NAVITAIRE Property has the meaning set forth in Section 7.2 hereof.

1.41 NPS means Navitaire Professional Services, a division of Navitaire LLC that specializes in providing custom solutions to NAVITAIRE customers.

1.42 Passing Website Efficiency Grade means the grade assigned to the Customer Website meeting the parameter below which is derived from the Performance Score and Maximum Page Size as measured by using a mutually-agreed and objective, third party tool; provided that if the parties cannot agree to a mutually-agreed and objective, third party tool, then the parties shall use the YSlow tool and rule set, created by Yahoo! and available via a free download at yslow.org, to measure Customer’s website and obtain the Performance Score and Maximum Page Size. The parties may agree to use an alternate tool in the future by executing a written amendment modifying this definition. Passing Website Efficiency Grade is comprised of:

1) *****
2) *****

The list of YSlow rules applied to Customer’s website is provided in the NAVITAIRE Procedures Manual, available on NAVITAIRE’s Customer Care web site.

In the event that YSlow: 1) is no longer available at no cost to NAVITAIRE; 2) no longer measures the Maximum Page Size; or 3) does not provide a Performance Score as contemplated above; NAVITAIRE and Customer mutually agree to evaluate a potential replacement tool or modifications to this definition.

1.43 Passive/Informational Segment means a Segment on the host PNR for informational notice of flights on other airlines, which does not directly affect the host’s flight inventory.
1.44 **Peak Usage** means usage of the Hosted Reservation Services or Hosted Web Services that is no greater than either of the following:

(i) *****

(ii) *****

1.45 **PNR** means a Passenger Name Record, being an individual electronic record with a unique record locator number, which may contain one or more passenger names, but does not necessarily contain active or inactive booked Segments.

1.46 **Production Version** means, at any given time, the version of the Hosted Services System then utilized to provide the Hosted Services to Customer in a live, production environment.

1.47 **Professional Services** means the services performed for Customer by Navitaire LLC, as the Service Provider, pursuant to the terms of Exhibit L and a mutually agreed, written Work Order based upon the Work Order form included in Exhibit L.

1.48 **Recovery Point Objective (RPO)** means the maximum amount of data loss measured in time, for the Critical Business Data.

1.49 **Recovery Time Objective (RTO)** means the time as set out herein for the invocation of the Disaster Recovery process and the handover of the sustainably recovered Business Critical Services to Customer for testing.

1.50 **Segment or Host Segment** means a nonstop individual booked flight segment or passive/informational segment.

1.51 **Services** means any services NAVITAIRE provides or is obligated to provide pursuant to this Agreement or any Work Order, including without limitation the Hosted Services, Implementation Services, Support Services and Professional Services.

1.52 **Service Fees** means the fees payable by Customer as specified in Section 1.1 of Exhibit K.

1.53 **Service Levels** means the service levels determined in accordance with Exhibit A, Section 7.

1.54 **Service Level Credit** means an amount to be credited to an invoice in accordance with Section 8.5.3 of Exhibit A.

1.55 **Service Provider** means the entity described in the Professional Services definition.
1.56 **Strategic Business Review** means the process whereby NAVITAIRE gathers information on Customer’s desired use of the Hosted Services and outlines functional capabilities of the Hosted Services System.

1.57 **Support Center** or **NAVITAIRE Support Center** means the NAVITAIRE facility that accepts phone and Internet based customer support tool service requests related to Hosted Services.

1.58 **Support Center Support** means the Services described in Section 2 “Scope of Services” of Exhibit J.

1.59 **Support Fees** means fees payable by Customer for applicable NAVITAIRE Support Center Support as specified in Exhibit K.

1.60 **Support Services** means the portion of the Services to be provided without additional fees other than the fees identified in Section 1.1 of Exhibit K which consists of: (a) the correction of System Errors, as described in Section 2.1 of Exhibit J; and (b) Support Hours as described in Section 4 of Exhibit J.

1.61 **Target Date** means the completion date for Implementation Services for each of the defined Hosted Services as outlined in Section 3 of Exhibits A, B, F, and G unless the Target Date has been changed as outlined in Exhibit K. In the event that Customer utilizes the Hosted Services for live production use before the Target Date, the Target Date will be deemed to be the first date of production use of such Hosted Services. The specific Target Date for each of the Services is located in Section 3.9.1 of Exhibits A, B, and G, and Exhibit F, Section 3.7.1.

1.62 **Term** means the duration of the Agreement.

2. **Scope of Services**

For purposes of this Agreement, Hosted Services include (as designated by ‘X’) the following:

<table>
<thead>
<tr>
<th>'X' or 'N/A'</th>
<th>Hosted Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>*****</td>
<td>*****</td>
</tr>
<tr>
<td>*****</td>
<td>*****</td>
</tr>
<tr>
<td>*****</td>
<td>*****</td>
</tr>
<tr>
<td>*****</td>
<td>*****</td>
</tr>
</tbody>
</table>

9
In addition, the parties may further agree that Navitaire LLC will provide Professional Services pursuant to Exhibit L. The parties agree and execute a written Work Order in a form similar to the example contained within Exhibit L.

Unless expressly identified as being hosted by NAVITAIRE in the table above, Customer shall be responsible for managing any hosted environments required to support any NAVITAIRE or third party products. If functionality is not specifically listed in these exhibits or is documented as excluded as a Hosted Service, then Customer is responsible for hosting such functionality.

3. NAVITAIRE Obligations

NAVITAIRE shall perform the Hosted Services in accordance with this Agreement. NAVITAIRE may utilize subcontractors to perform its obligations under this Agreement; *****.

4. Customer Obligations

4.1 General Obligations. Customer shall comply with the Customer Responsibilities. Customer acknowledges that NAVITAIRE’s performance is dependent in part on Customer’s timely and effective performance of the Customer Responsibilities. NAVITAIRE will be excused from failures to perform its obligations under this Agreement including meeting the Service Levels, to the extent that Customer or Customer Agents fail to timely and adequately perform the Customer Responsibilities and such failure is the cause of NAVITAIRE’s failure to perform.

4.2 Access and Cooperation. Customer will provide NAVITAIRE with access to and use of its data, internal resources, and facilities, and shall otherwise cooperate with NAVITAIRE each as reasonably required by NAVITAIRE, in connection with the implementation and provision of Hosted Services. Customer gives permission to NAVITAIRE to transmit data to third parties as contemplated by this Agreement, which may include confidential information of Customer and/or Customer Personal Data (by way of example, but without limitation, such information may include payment card data sent to third party payment card processors, or passenger data sent to relevant government authorities for security purposes).

4.3 Customer Website Efficiency and Peak Usage. The parties acknowledge that the design of the Hosted Services System is predicated upon certain assumptions including, without limitation, the following: (i) the Customer Website will maintain a Passing Website Efficiency Grade; and (ii) Customer’s usage of the Hosted Reservation Services and/or Hosted Web Services will not exceed Peak Usage.
Customer agrees that during the Term of this Agreement the Customer Website shall maintain a Passing Website Efficiency Grade as defined herein. In the event the Customer Website does not maintain a Passing Website Efficiency Grade for any period of time during the Term of this Agreement, then during such time period any minutes during which Hosted Reservation Services and/or Hosted Web Services is unavailable shall not be counted as Interrupted Service Minutes for purposes of calculating whether NAVITAIRE has met the Minimum System Availability Target under this Agreement. In the event the parties enter into a Work Order for NAVITAIRE to perform Professional Services to do the initial development of the Customer Website and such Work Order provides for NAVITAIRE to control all of the development efforts, the parties hereby agree that such Work Order shall specify that Customer Website as delivered by NAVITAIRE shall be capable of earning a Passing Website Efficiency Grade.

Customer agrees to provide NAVITAIRE, on a confidential basis and according to a NAVITAIRE pre-defined process, at least ***** advance written notice of any marketing initiatives, acquisitions, alliances, schedule changes, changes to the Customer Website, or promotions that may result in Customer’s usage of the Hosted Reservation and/or Hosted Web Services to exceed Peak Usage or otherwise adversely impact the Hosted Reservation and/or Hosted Web Services System performance. Examples of this include, without limitation, free ticket/$0 fare promotions, new hub announcements, significant additional aircraft purchases, etc. If Customer desires an increase in infrastructure of the Hosted Services System to support a larger Peak Usage, Customer will provide NAVITAIRE with detailed requirements and NAVITAIRE will endeavor to provide Customer with the estimated fees and timeline when such additional infrastructure capacity could be made available to Customer. Any increase in the Peak Usage shall only take effect upon the implementation date as documented in a mutually agreed written amendment.

In the event usage of the Hosted Reservation and/or Hosted Web Services exceed Peak Usage for any period of time during the Term of this Agreement, any minutes during which Hosted Reservation Services and/or Hosted Web Services is unavailable shall not be counted as Interrupted Service Minutes for purposes of calculating System Availability under this Agreement.

4.4 Notice of Additional Data Storage Requirements. During the Term of this Agreement NAVITAIRE agrees to provide Customer with completed travel historical data storage capacity equal to ***** of historical PNR level booking activity detail available in the On-Line Transaction Processing (“OLTP”) database and accessible from the Hosted System interfaces, along with an additional ***** of read-only historical PNR data available in the archive database and accessible from SkySpeed. If Customer desires additional data storage in excess of the ***** available, Extended PNR Archiving may be contracted for via a written amendment to this Agreement.
4.5 **Annual Segment Forecast Update.** Customer agrees to provide NAVITAIRE each May with projected annual Segment volume forecast for the following year. NAVITAIRE will use Customer’s Segment forecast for business planning purposes for providing Hosted Services.

4.6 **Customer Contacts.** Customer initially designates the person set forth in Exhibit D, Section 2 as the Customer Account Liaison, being the primary authorized contact for account management, project funding, performance, payment, and other commercial issues with respect to the Hosted Services. Customer further initially designates the person(s) set forth in Exhibit D, Section 6 as the Customer Authorized Support Contact(s), being the primary authorized contact(s) to utilize the telephone support and Internet technical support system. Customer will ensure that all Customer Authorized Support Contact(s) will have received adequate training on the Hosted Services. Customer may change their designated Customer Account Liaison or Customer Authorized Support Contact(s) by written notice to NAVITAIRE.

4.7 **Customer Costs.** *****

4.8 **Exclusive Use by Customer.** Hosted Services and Hosted Services System of NAVITAIRE are for the sole and exclusive use of Customer and exclude any Affiliates of Customer. Customer may not allow any third party to access or use the Hosted Services or Hosted Services System of NAVITAIRE without the prior written consent of NAVITAIRE. Notwithstanding the foregoing, Customer may, however, (i) permit Customer Agents to access the Hosted Services or Hosted Services System for the benefit of Customer’s Internal Business Purpose; provided that Customer remains responsible for such access as if such access was made by Customer and each such Customer Agent is bound by and agrees to comply with the confidentiality terms no less restrictive than those contained in Section 9 and the terms contained in Section 7.3.2 and 7.4 hereof; and (ii) permit Customer API Agents to communicate with the Hosted Services System via API provided that each such Customer API Agent has executed a written NDA with NAVITAIRE prior to such communication. For purposes of reference, Section 7 contains further terms and conditions regarding Customer’s use of the Hosted Services System.

4.9 **Training.** Except for any initial training provided by NAVITAIRE as described in Exhibits A, B, F, and G, Customer will be responsible for training its employees and third party contractors in the use of Hosted Services including, but not limited to, use of any new functions or Enhancements.

4.10 **Telecommunications and Equipment.** Unless otherwise specified in Exhibits A, B, F, or G, Customer shall be responsible for all telecommunication circuits used by Customer in connection with the transmission of data between the Hosted Services System and Customer’s site(s). Customer shall provide, install, and operate compatible hardware and communications equipment, which meets **
NAVITAIRE required specifications as listed in Section 6 of Exhibits A, F, and G, necessary for connecting to the Hosted Services System. Customer is required to have Internet access and Internet electronic mail capability in order to communicate with NAVITAIRE support. Customer agrees to order all required circuits it is responsible for within ***** of execution of this Agreement. In the event that the Target Date is greater than ***** following the Effective Date of this Agreement, Customer may order all required circuits at a later date but no less than ***** prior to the Target Date. The data circuits must be of capacity sufficient to accommodate all Hosted Services and meet any defined Service Levels. All Customer connections to the NAVITAIRE network must be a ***** . Included in the standard pricing are ***** rack units of network rack space in the NAVITAIRE data center for Customer network hardware. All Customer network devices must include ***** . All Customer devices housed in the NAVITAIRE data center require ***** . NAVITAIRE will provide ***** console connections to Customer in the standard pricing for this remote access and maintenance. Additional rates will apply if Customer requires more console connections or rack space.

4.11 Acknowledgment. Customer agrees to include the Powered by NAVITAIRE® Mark (the “Mark”) on the Customer Website under the terms and conditions set forth in Exhibit E of this Agreement including specifically the booking pages of the Customer Website; any other content on the Customer Website shall be determined by Customer in its sole discretion.

4.12 Post Implementation Upgrade Release Management.

4.12.1 Major Releases. Customer agrees to implement any Major Release issued during the Term by the later of:

4.12.1.1 (A) with respect to the first Major Release following the Major Release implemented upon the Target Date, ***** , and (B) with respect to any subsequent Major Release issued during the Term, ***** the date on which NAVITAIRE first offers to implement such Major Release among its customers generally, during either such period NAVITAIRE (a) may continue to issue Current Releases intended to be used in conjunction with the prior Major Release included in the Production Version, (b) shall continue to issue Maintenance Releases as needed to correct System Errors which would otherwise materially compromise the functionality of the Production Version and for which no work around exists, and (c) shall have no obligation to provide Enhancements for the prior Major Release included in the Production Version; and
4.12.1.2 The date on which NAVITAIRE ceases to provide support to customers receiving hosted services based on such prior Major Release.

4.12.2 Minor Releases. Customer agrees to use Hosted Services that are provided through the Current Release or the Current Release “minus one.” If at any time Customer would otherwise be using software based on the Current Release “minus two,” the parties shall work together to determine the most viable release for Customer to implement, which may be the Current Release or the Current Release “minus one.” NAVITAIRE agrees to make available and provide Support Center Support in respect to the Current Release or the Current Release “minus one,” provided, however, that (a) NAVITAIRE reserves the right to require Customer to utilize the then most current Maintenance Release designed for use in conjunction with the Current Release as necessary for NAVITAIRE to meet its obligations under the Agreement or to avoid infringement of a third party intellectual property right and (b) NAVITAIRE shall not be required to provide correction for System Errors in the Current Version “minus one” if the correction for the System Error is being developed in the Current Version unless: (i) the parties mutually agree that such System Error materially compromises Customer’s business and no work around exists to address such System Error or (ii) in the event of an Emergency caused by a System Error for which no work around exists. Further, NAVITAIRE shall not be required to provide Enhancements in the Current Version “minus one”. For purposes of this Section 4.12.1, only Minor Releases designed for use in connection with the Major Release included in the Production Environment shall be taken into account (i.e., Customer shall have no obligation to adopt any Minor Release not designed for use in connection with the Major Release on which the Production Version is then based, if Customer is in compliance with Section 4.12.1).

4.12.3 Implementation Fees and Other Matters. NAVITAIRE intends that each Major Release shall be supported for a minimum of ***** from the time that NAVITAIRE makes such Major Release available to customers eligible to receive Support Services. Releases shall be provided by NAVITAIRE to Customer for the fees defined in Section 1.1 of Exhibit K of this Agreement; however add-on functionality introduced in the release may be offered at an additional charge above the fees described in Exhibit K of this Agreement as further described in Section 6.4. Customer will be responsible, on a time and materials basis, for all costs associated with implementing an upgrade release including, but not limited to: project management; training; technical support; system integration services; business process analysis; and any required data transformation. In the event that there is a release which contains solely a correction for an Emergency System Error (“Hot Patch”), Customer shall not be invoiced for the implementation of such Hot Patch. It is anticipated that the project
scope for Maintenance Releases shall be in the range of *****. Upgrade release requests will be initiated using the standard NAVITAIRE Work Order process.

4.13 Services in Support of Government or other Regulatory Requirements. Customer, and not NAVITAIRE, is responsible for: (a) any screening of passengers in connection with any government program, including but not limited to watchlist, do-not-fly list, designated person list or other list, and for any transaction for which passenger screening is required; (b) complying with applicable laws and regulations and requests and/or directions from relevant government authorities regarding such programs and/or lists as NAVITAIRE’s responsibilities are limited to collecting, storing, and transmitting the Customer Data in accordance with this Agreement, and NAVITAIRE shall have no responsibility for any failure or inaccuracy regarding passenger screening unless caused by a failure of NAVITAIRE to provide the Services as required herein; (c) complying with any certification requirements of relevant government authorities applicable to Customer or Customer Agents; and (d) confirming the agreed functionality of the Hosted Reservation Services meet their business needs with respect to such government or other regulatory requirements. In the event Customer wishes NAVITAIRE to implement a change to the Services as a result of such requests and/or directions, Customer is responsible for determining the specific requirements of such potential changes and any such changes shall be subject to the Enhancement process, provided that in the event other customers of NAVITAIRE request the identical or a substantially similar change that would be addressed via the same release, NAVITAIRE shall charge Customer a proportional amount for such Enhancement determined by dividing the overall development fee for the Enhancement by the number of NAVITAIRE customers that intend to use the Enhancement upon release of such Enhancement; NAVITAIRE shall use reasonable efforts to confirm which of the impacted NAVITAIRE customers intend use the Enhancement upon its release prior to invoicing the development fee to Customer.
4.14 Third Party Connections. The following terms are applicable to any Hosted Services functionality that requires a third party connection (for example, but without limitation, CRS/GDS connectivity):

4.14.1 NAVITAIRE’s responsibility is limited to providing functionality that facilitates a technical connection between Customer’s Hosted Services and the applicable third party.

4.14.2 NAVITAIRE is facilitating the connection with the third party at the direction of Customer. For a connection with either SITA or ARINC, both SITA and ARINC require an agreement between NAVITAIRE and SITA or ARINC as the technical connection with the SITA or ARINC network is with NAVITAIRE. For the avoidance of doubt, notwithstanding any such agreement between NAVITAIRE and SITA or ARINC, the terms of this Section 4.14 shall apply.

4.14.3 NAVITAIRE is not subcontracting any of its obligations to such third parties.

4.14.4 NAVITAIRE has no responsibility for the performance of/fulfillment by such third party, including, without limitation, the use and treatment of any customer data by such third party and for any failure of the technical connection not under NAVITAIRE’s control and shall have no liability in connection with such performance or non-performance of such third party.

4.14.5 NAVITAIRE assumes that any data transmitted by such third parties to NAVITAIRE that NAVITAIRE is to process under this Agreement is accurate and meets Customer’s business requirements. Except as expressly set forth in this Agreement, NAVITAIRE is not responsible for performing any validation or quality control activities with respect to such data.

4.14.6 With respect to third parties other than SITA or ARINC, Customer is responsible for:

- entering into a separate agreement directly with such third party; and
- ensuring the third party performs as required by Customer; and
- payment of any fees associated with such third party performance; and
ensuring third party cooperates with NAVITAIRE as necessary for NAVITAIRE to perform its Services.

4.14.7 With respect to SITA and ARINC connections (other than for Services in support of Customer’s requirements to enable Customer to comply with government or other regulatory requirements), Customer is responsible for:
  • entering into a separate agreement directly with SITA and/or ARINC (except where a direct connection to the GDS is provided in accordance with Section 6 of Exhibit A); and
  • ensuring SITA and/or ARINC performs as required by Customer; and
  • payment of any fees associated with SITA and/or ARINC performance; and
  • ensuring SITA and/or ARINC cooperates with NAVITAIRE as necessary for NAVITAIRE to perform its Services.

4.14.8 With respect to SITA and ARINC connections for Services in support of Customer’s requirements to enable Customer to comply with government or other regulatory requirements, Customer is responsible for:
  • entering into a separate agreement directly with SITA and/or ARINC to the extent Customer wishes to have terms and conditions in place regarding the provision of services by SITA and/or ARINC; and
  • ensuring SITA and/or ARINC perform as required by Customer; and
  • payment of any fees associated with SITA and/or ARINC performance.

4.14.9 Customer is further responsible for providing routers or other hardware or software as needed for these connections.

4.15 Secure Files. Throughout the Term, any Customer Personal Data and Customer Confidential Information stored by NAVITAIRE shall be ***** , as reasonably directed or approved by Customer.
5. Term and Termination

5.1 Term. Unless otherwise terminated earlier under this Agreement, this Agreement shall commence on the Effective Date and continue for a period of ten (10) years following the first day of the month immediately following the Target Date for the Hosted Reservation Services, with the exception that the term for the Hosted Reservation Services – Disaster Recovery shall commence on the Effective Date and continue until the earlier of: (i) three (3) years following the first day of the month immediately following the Target Date for the Hosted Reservation Services, or (ii) until such time as the parties agree to implement a new disaster recovery solution.

5.2 Termination for Cause

5.2.1 This Agreement may be terminated as follows: (a) subject to Section 5.2.2, by a party upon written notice to the other party in the event of material breach of the terms hereof by the other party which is not cured within ***** of written notice thereof; (b) by NAVITAIRE upon written notice to Customer, if Customer fails to pay any amount due hereunder within ***** of the due date, NAVITAIRE provides written notice of such failure to Customer, and within ***** of delivery of such written notice such amount remains unpaid; (c) by a party if the other party becomes, or is party as debtor to a proceeding in which it is alleged to be, bankrupt, insolvent or unable to pay its debts when due and such proceeding is not dismissed within ***** from its filing, or if it ceases to operate in the normal course of business, has a receiver appointed, or makes an assignment for the benefit of its creditors; or (d) as contemplated by Section 8.1. NAVITAIRE will, upon Customer’s request and on a time and materials basis, provide Customer with duplicates of Customer’s data for contracted Hosted Services, which will be provided in accordance with Section 5.3.4.

5.2.2 NAVITAIRE shall be excused from performance if its failure to perform its obligations hereunder is due to Customer’s failure to perform Customer’s Responsibilities, including without limitation, problems caused by Customer software and associated data, or by Customer hardware other than that recommended by NAVITAIRE in Section 6 of Exhibits A, B, F, and G herein or other equipment failures for hardware or other equipment not maintained by NAVITAIRE.

5.2.3 If Customer terminates due to material breach by NAVITAIRE, NAVITAIRE will, upon Customer’s request, provide Customer with Customer’s data for contracted Hosted Services, which will be provided in accordance with Section 5.3.4. Customer shall inform NAVITAIRE of the date for which Customer desires the termination to be effective, such termination date shall in no case be greater than ***** from the date of
the written notice, provided that in no case shall NAVITAIRE provide Services beyond **** from the Target Date. NAVITAIRE shall continue to provide the Hosted Services for the applicable Service Fees, as defined in Section 1.1 of Exhibit K, until the termination effective date. In addition, the parties may mutually agree to additional services reasonably requested by Customer for Customer to transition to an alternate hosted solution ("Transition Assistance") by entering into a Work Order for NAVITAIRE to perform the Transition Assistance, and such Work Order shall specify the Transition Assistance scope and commercial arrangement.

5.2.4

*****

*****  *****

*****  *****

*****  *****

*****  *****

*****. NAVITAIRE will, upon Customer’s request and on a time and materials basis, provide Customer with duplicates of Customer’s data for contracted Hosted Services, which will be provided by NAVITAIRE in accordance with Section 5.3.4.

5.3 Additional Termination Rights.

5.3.1 Customer may terminate this Agreement upon written notice to NAVITAIRE as contemplated by Exhibit A, Section 7.5.3 and in such event, NAVITAIRE will, upon Customer’s request and without cost or expense to Customer, provide Customer with all Customer Data for contracted Hosted Services, which will be provided in a NAVITAIRE-defined data extract format and delivered via electronic media.

5.3.2 Customer may terminate this Agreement in the event the Hosted Services are not all available within **** of the Target Date ("Late Target Date") due predominantly to the fault of NAVITAIRE provided Customer provides NAVITAIRE written notice of such termination within **** of the Late Target Date and pays to NAVITAIRE the remaining balance of the Implementation Fee (as set forth in Section 1.5 of Exhibit K.)

19
5.3.3 Following the ***** of the live production use of the Hosted Reservation Services and for a period of ***** thereafter, Customer shall have the right to terminate this Agreement upon ***** written notice to NAVITAIRE if either of the following have occurred:

a) In the ***** prior to the ***** , customers representing more than ***** of the then current NAVITAIRE Hosted Reservation Services customers migrate to competitor solutions excluding customers that are merged or acquired by other airlines and excluding those airlines who have already served NAVITAIRE a notice of termination at the Effective Date of this Agreement; or

b) If NAVITAIRE has ***** new reservations customer signings in ***** .

5.3.4 NAVITAIRE will, upon Customer’s request and on a time and materials basis, provide Customer with all Customer Data for contracted Hosted Services, which will be provided in a NAVITAIRE-defined data extract format and delivered via electronic media.

5.4 Survival. No termination hereof shall release Customer from its obligation to pay NAVITAIRE in full for all Hosted Services performed by NAVITAIRE up to the date of termination, nor shall it affect any other rights or obligations hereunder which expressly or by reasonable implication are intended to survive termination.

6. Price and Payment

6.1 Service Fees. In consideration for the provision of Hosted Services and Support Services by NAVITAIRE as set forth in this Agreement, Customer will pay NAVITAIRE the Service Fees as set forth in Section 1.1 of Exhibit K. Customer will pay for all other Services as applicable, as set forth elsewhere in this Agreement.

6.2 *****

a) *****

b) *****

6.3 Payment Terms. All payments made under this Agreement shall be made in the Invoicing Currency either: (a) by electronic funds transfer, prepaid, to the bank account designated on the invoice; or (b) by check drawn on a United States bank and delivered to the address indicated on the invoice. Except where otherwise specifically set forth in this Agreement, all payments under this Agreement are due within ***** from the date of receipt by Customer of the applicable invoice, provided that where invoices are provided via email, the date that the invoice is
sent shall be deemed the date of receipt of invoice provided no undelivered or error message is received by NAVITAIRE. As stated in Exhibit K, minimum recurring Service Fees will be invoiced in advance at the beginning of each month for the Service Fees for the monthly minimum Segment guarantees listed in the monthly recurring Service Fees for the Hosted Services to be rendered for that month. Following the actual service month, NAVITAIRE will reconcile actual Customer transactions, and invoice Customer for any remaining balance. (By way of example, NAVITAIRE will invoice Customer on ***** for the Service Fees for the monthly minimum Segment guarantees for services to be performed from ***** through ***** . On ***** , NAVITAIRE will reconcile using Customer’s actual transaction activity for ***** and invoice Customer for any transaction fees exceeding the previously invoiced minimum Service Fees.) Any amounts not paid when due will bear interest at the lesser of: *****.

6.4 Fee Adjustment

6.4.1 Service Fees. The Service Fees identified in Section 1.1 of Exhibit K are all subject to the adjustments as set out in this Section 6.4.1 (the “Adjustable Amounts”). The Adjustable Amounts shall be adjusted annually on ***** of each ***** commencing ***** and each ***** thereafter (the “Adjustment Date”) to account for inflation. On the Adjustment Date, if the U.S. Bureau of Labor Statistics Employment Cost Index for Compensation/Civilian Workers/White Collar/Professional and related Occupations (Not Seasonally Adjusted) as published by the Bureau of Labor Statistics of the Department of Labor (the “ECI”), (the “Current Index”), increases from the ECI applicable ***** prior thereto (the “Base Index”), then effective as of such Adjustment Date, the Adjustable Amounts, as previously adjusted, will be increased by the percentage that the Current Index increased from the Base Index not to exceed *****. In such event, NAVITAIRE will provide to Customer a recalculation of the Adjustable Amounts. If the U.S. Bureau of Labor Statistics stops publishing the ECI or substantially changes the content of the ECI, the parties will substitute another comparable measure published by a mutually agreeable source. During the Term as stated in Section 5.1 hereof, NAVITAIRE will not otherwise increase such fees.

6.4.2 NAVITAIRE reserves the right to offer new functionality within a Major Release which new functionality may include additional significant Enhancements (“New Functionality”) and to charge a recurring service fee for the use of New Functionality; provided that it offers Customer the opportunity to utilize such Major Release without using such New Functionality, or if the Major Release may not be implemented and used without utilizing the New Functionality, then Customer shall be provided such Major Release at no additional charge above the Service Fees described and agreed upon in Section 1.1 of Exhibit K subject to
implementation of such Major Release as further described in Section 4.12. In the event that Customer accepts a significant
effort which will incur additional Service Fees, such fees will be communicated to Customer in advance, in writing,
and upon Customer’s written acceptance, will be added to the applicable Service Fees. For the avoidance of doubt,
Customer may also procure additional commercially available modules to the Hosted Services at NAVITAIRE’s standard
fees for such modules via written amendment to this Agreement.

6.4.3 **Support Fees.** The Support Fees identified in Exhibit K are all subject to the adjustments as set out in this Section 6.4.3
(the “Adjustable Amounts”). The Adjustable Amounts shall be adjusted annually on ***** of each year commencing
***** and each ***** thereafter (the “Adjustment Date”) to account for inflation. During the term, if the U.S. Bureau of
Labor Statistics Employment Cost Index for Compensation/Civilian Workers/White Collar/Professional and related
Occupations (Not Seasonally Adjusted) as published by the Bureau of Labor Statistics of the Department of Labor (the
“ECI”), (the “Current Index”), increases from the ECI applicable ***** prior thereto (the “Base Index”), then effective
as of such Adjustment Date, the Adjustable Amounts, as previously adjusted, will be increased by the percentage that the
Current Index increased from the Base Index not to exceed ***** . In such event, NAVITAIRE will provide to Customer a
recalculation of the Adjustable Amounts. If the U.S. Bureau of Labor Statistics stops publishing the ECI or substantially
changes the content of the ECI, the Parties will substitute another comparable measure published by a mutually agreeable
source.

6.4.4 **Notice.** NAVITAIRE shall give Customer not less than ***** prior written notice of any increase in the Service Fees or
Support Fees.

6.5 **Failure to Pay.** If Customer fails to pay any sum within ***** of the date due, NAVITAIRE may provide written reminder notice of
such failure to Customer. If, within ***** of delivery of such written notice such sum remains unpaid, NAVITAIRE may, without
breach of this Agreement, discontinue performing under this Agreement until all due but unpaid payments are received.

6.6 **Taxes.*****. Each Party shall provide and make available to the other Party any resale, exemption, multiple points of use certificates,
treay certification and other exemption information reasonably requested by the other Party. If Customer shall pay any tax incurred in
connection with this Agreement, Customer agrees to remit to NAVITAIRE within ***** of issue, tax documents which support the
payment of such taxes. ***** Notwithstanding the foregoing, each party shall be responsible for taxes based on its own net income,
employment taxes of its own employees, and for taxes on any property it owns or leases.
7. **License, Title, Modifications, and Covenants**

7.1 **License.** Throughout the Term, NAVITAIRE will grant such access to Customer, Customer Agents and its and their authorized users (e.g., online customers and potential customers of Customer and Customer Agents) to the Hosted Services System in accordance with and subject to this Agreement. NAVITAIRE hereby grants Customer a non-exclusive, non-transferable, worldwide license to use the Hosted Services System and the APIs during the Term of this Agreement solely for the purposes of obtaining Hosted Services in accordance herewith including a right for Customer to permit Customer Agents and customers of Customer to use the Hosted Services System in accordance with and subject to this Agreement.

All Hosted Services will be provided by remote telecommunications from NAVITAIRE’s place of business, to or through computers or servers owned or managed by or on behalf of Customer, Customer Agents or its and their authorized users, and Customer will not obtain possession of any tangible personal property as a result of the Hosted Services, such as electronic storage media unless expressly agreed in a Work Order or pursuant to an amendment to this Agreement.

Subject to the terms and conditions of this Agreement, including without limitation, Section 9, Customer hereby grants to NAVITAIRE a limited, revocable, non-transferable, royalty-free license, without right to sub-license to reproduce, translate, encode, publish, use, and distribute Customer Data for the sole purpose of providing, and only to the extent necessary to provide, the Services to Customer.

If and to the extent that Customer’s receipt of the Hosted Services requires NAVITAIRE to use certain trademarks, service marks, trade dress, logos, trade names, social media accounts (***** and other similar accounts), URL domain names and corporate names of Customer or its licensors, together with all translations, adaptations, derivations, and combinations thereof (collectively, “**Customer Marks**”) and with respect to the use of the Customer Mark identified in Section 11 in accordance with such Section, Customer hereby grants to NAVITAIRE a limited, non-exclusive, nontransferable, revocable, royalty-free license, with no right to sublicense, to use Customer Marks solely for the limited purposes of the performance of this Agreement, including, without limitation, as contemplated by Section 11. NAVITAIRE’s license to use such Customer Marks is further conditioned upon NAVITAIRE’s compliance with all Customer guidelines, policies, rules and procedures or other instructions provided to NAVITAIRE by Customer relating to such Customer Marks (“**Customer Mark Guidelines**”). Customer reserves the right to add to, change, or discontinue the use of any Customer Marks, on a selective or general basis, at any time. NAVITAIRE hereby acknowledges and agrees that all rights, title and interest in
and to Customer Marks are and shall remain the exclusive property of Customer and that any use thereof and goodwill associated therewith shall inure solely to the benefit of the Customer and its licensors. NAVITAIRE agrees that it will not register, adopt or use any confusingly similar trade names, trademarks or insignia in any jurisdiction. Except to the extent authorized in Section 11, NAVITAIRE shall not combine any other mark, logo or trade name with any of Customer Marks without the prior written approval of Customer. Without limiting Customer’s rights and remedies, in the event that Customer notifies NAVITAIRE of any incorrect usage of such Customer Marks, NAVITAIRE shall immediately correct such usage as directed by Customer. NAVITAIRE shall provide to Customer a mock-up or other demonstration showing how each Customer Mark will be used and/or displayed by NAVITAIRE and Customer must approve such use in advance. Upon expiration or termination of this Agreement, the permission to use Customer Marks granted hereunder will immediately terminate and NAVITAIRE agrees to immediately cease its use of all Customer Marks. Without limiting the foregoing, NAVITAIRE acknowledges and agrees that, as between the parties, Customer owns all right, title, and interest in and to Customer Data, including all Intellectual Property Rights therein, irrespective of whether such Customer Data is stored via the Services, on the Hosted Services System or in any database created using the Hosted Services. If NAVITAIRE is deemed to have any ownership interest in Customer Data, including any and all derivative works, enhancements, or other modifications thereto (other than the formatting of how such Customer Data is entered, stored and/or displayed in or by the Hosted Services), then NAVITAIRE shall assign, and hereby does assign, irrevocably and royalty-free, all of such ownership interest or other rights exclusively to Customer or its designee. NAVITAIRE shall, at Customer’s reasonable request and expense, complete, execute, and deliver any and all documents necessary to effect or perfect such assignments. Nothing in this Agreement constitutes the grant of a general license to any Customer Marks. All rights in and to Customer Marks and Customer Data not expressly granted herein are reserved, no implied licenses are granted to NAVITAIRE by the terms of this Agreement, and no license rights with respect to any Customer Marks or Customer Data shall be created by implication or estoppels.

7.2 **Title.** Subject to Sections 7.1 and 7.3 of this Agreement, NAVITAIRE hereby retains all of its right, title, and interest in and to the Hosted Services System, and copyrights, patents, trademarks, service marks, design rights (whether registered or unregistered), trade secrets, know-how, expertise, and all other similar proprietary rights (“**Intellectual Property Rights**”) and all rights associated therewith irrespective of whether developed by NAVITAIRE individually or NAVITAIRE and Customer jointly, but in all cases excluding Customer Data, Customer Marks, and any of Customer’s or its service providers’ intellectual property developed independent of this Agreement (the “**NAVITAIRE Property**”), which shall include without limitation, (a) the source code of
software included in the NAVITAIRE Property, where applicable; and (b) all modifications, extensions, upgrades, and derivative works of the NAVITAIRE Property. In confirmation of NAVITAIRE’s right, title and interest in the NAVITAIRE Property as set forth in the preceding sentence of this Section 7.2, Customer hereby assigns to NAVITAIRE all of its right, title and interest in and to the NAVITAIRE Property, subject to any license rights granted to Customer in accordance with this Agreement.

7.3 Modifications.

7.3.1 By NAVITAIRE. Without prejudice to Section 6.4 of this Agreement or any other provision of this Agreement, and subject to Section 4.12, NAVITAIRE may upgrade, modify and replace the Hosted Services System or any part thereof at any time during the Term of this Agreement, provided that:

a) NAVITAIRE notifies Customer at least ***** prior to implementation of any upgrades or replacements of the Hosted Services System which are likely to materially alter the delivery of Hosted Services;

b) all upgrades and replacements which might reasonably be expected to materially alter the delivery or receipt of Hosted Services are scheduled for implementation as reasonably required by NAVITAIRE; and

c) with introduction of any upgrades or replacements, NAVITAIRE maintains the comparable level of services.

Nothing in this Section 7.3.1: (i) releases NAVITAIRE from providing Hosted Services under the terms and conditions of this Agreement; or (ii) obligates NAVITAIRE to upgrade or replace the Hosted Services System at any time. NAVITAIRE shall make available and provide Support Center Support to Customer with respect to the Current Release, or the Current Release “minus one” of NAVITAIRE software included in the Hosted Services System.

7.3.2 By Customer. Customer shall not reverse engineer, disassemble, decompile, unlock, copy, alter, modify, change, create derivatives of or in any other way reproduce or use any of the software code, programs, or components of the Hosted Services System, provided that:

a) Customer, Customer Agents and Customer API Agents may use the API(s) provided by NAVITAIRE from time to time for their intended purpose as a part of the Hosted Services, such as to configure the Configurable Templates for use as a part of such Services; and
b) Without prejudice to the rights of Customer in and to Customer Data, its and its licensors’ and service providers’ trademarks and services, Customer shall have no right following termination of this Agreement to use the Configurable Templates or any configurations thereof, or any API(s) or source code provided by NAVITAIRE, or any modifications, changes or derivatives thereof created, in any such case whether created by or for Customer or otherwise, all of which are hereby assigned by Customer to NAVITAIRE as contemplated by Section 7.2 hereof.

7.4 Customer Covenants. Customer hereby covenants and agrees that:

a) the NAVITAIRE Property may be used by NAVITAIRE and its Affiliated companies to facilitate delivery of similar services to other customers; and

b) Customer shall not access or use any API(s) embedded in the Hosted Services System except as authorized by NAVITAIRE and in connection with the Hosted Services; and

c) without limiting the provisions set forth in Section 4.8 or elsewhere within this Section 7 of this Agreement, nothing in this Agreement grants any person other than Customer, Customer Agents and its and their authorized users to obtain access to Hosted Services or use the Hosted Services System absent a written agreement signed by NAVITAIRE; and

d) NAVITAIRE has enabled features in its Hosted Services to allow Customers and third parties to access the Hosted Services and to modify certain NAVITAIRE products and applications, using software products and applications not developed by NAVITAIRE and procured by Customer and other third parties from vendors other than NAVITAIRE. Should there be a failure of such software product or application, or should such software product or application cause NAVITAIRE provided Hosted Services to fail or to be adversely impacted, NAVITAIRE shall, at its sole discretion, disable the offending software product or application, and deny access to NAVITAIRE Hosted Services, through the use of such offending software product, application, or applicable channel or IP address. NAVITAIRE shall notify Customer upon taking such action and shall cooperate with Customer with respect to determining if Customer or a third party has cured the offending software product or application such that it would be eligible to access the Hosted Services again using such software product or application. Software products and applications or modification to software products or applications not developed by
NAVITAIRe that fail or cause NAVITAIRe Hosted Services to fail shall also suspend any Service Levels in this Agreement or other commitments previously agreed between the parties; and

e) Customer is responsible for the input of Customer Data into the Hosted Services System and for establishing and/or configuring the business rules in the Hosted Services System, except as expressly stated in this Agreement or a Work Order; and

f) Customer is responsible for its use of the Hosted Services and for ensuring that Hosted Services with the agreed functionality meet Customer’s business requirements; and

g) To the extent any product description details interconnectivity between products, Customer acknowledges that such interconnectivity is only available where all such products referenced are procured by Customer under the Agreement.

h) Customer will not knowingly introduce software viruses into any portion of the Hosted Services System.

7.5 Mutual Representations. Each party represents to the other party that as of the Effective Date of this Agreement:

a) it has the requisite power and authority to enter into this Agreement and to carry out the transactions contemplated by this Agreement; and

b) the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated by this Agreement shall not constitute a material default under any material contract by which it or any of its material assets are bound, or an event that would, with notice of lapse of time or both, constitute such a default.

7.6 SSAE 16 Audits. Commencing in ***** and during the Term, and subject to Customer’s request by no later than ***** for the annual report dated ***** and the payment by Customer of the applicable fee as set forth on Exhibit K, NAVITAIRe shall, at least ***** each ***** at no greater than a ***** interval from the previous audit (such interval, the "Audit Period"), obtain a SOC 2 Type 2 audit, report, attestation, and opinion (or a mutually-agreed equivalent audit, report, attestation, and opinion) from an independent, certified public accounting firm of good reputation that evaluates the design and operating effectiveness of controls over NAVITAIRe’s sites, facilities, systems (including the Hosting Services System, infrastructure, software, people, procedures, and data), and Hosted Services components through or from which the Hosted
Services are provided, (collectively, “NAVITAIRE Systems”) throughout the entirety of the Audit Period (or such portion thereof as is included in the Term) and relating to all Trust Services Principles and Criteria (as defined by the AICPA). Further, commencing in ***** and during the Term, and subject to Customer’s request by no later than ***** for the annual report dated ***** and the payment by Customer of the applicable fee as set forth on Exhibit K, NAVITAIRE shall obtain for any Audit Period during the Term, a SOC 1, Type 2 audit, audit, report, attestation, and opinion (or a mutually-agreed equivalent audit, report, attestation, and opinion) from an independent, certified public accounting firm of good reputation (any SOC 1 or SOC 2 obtained hereunder, an “Audit”). *****. Without limiting the foregoing, each Audit Report must include a description of any changes made to NAVITAIRE Systems during the Audit Period (or such portion thereof as is included in the Term), as well as assessments and attestations from NAVITAIRE, with respect to the effectiveness of the controls prior to and after the implementation of any such change.

7.8

7.9 Compliance With Laws.

7.9.1 Notwithstanding any other provision of this Agreement to the contrary other than Section 7.9.2 below, each party will retain responsibility for its compliance with all applicable laws and regulations relating to its respective business and facilities and the provision of services to third parties. In performing their respective obligations under this Agreement, neither party will be required to undertake any activity that would violate any applicable laws or regulations.

7.9.2 Notwithstanding any other provision of this Agreement to the contrary:

a) Each party shall retain responsibility for its compliance with all applicable export control laws and economic sanctions programs relating to its respective business, facilities, and the provision of services to third parties; and

b) Neither party shall be required by the terms of this Agreement to be directly or indirectly involved in the provision of goods, software, Deliverables, work, services and/or technical data that may be prohibited by applicable export control or economic sanctions programs.

Applicable export control or economic sanctions programs may include U.S. export control laws such as the Export Administration Regulations and the International Traffic in Arms Regulations, and U.S. economic
sanctions programs that are or may be maintained by the U.S. Government, including sanctions currently imposed against Belarus, Burma (Myanmar), Cuba, Iran, Iraq, Ivory Coast, Liberia, North Korea, Sudan, Syria and Zimbabwe, as well as Specially Designated Nationals and Blocked Persons programs. NAVITAIRE and Customer will comply with U.S. export control and U.S. economic sanctions laws with respect to the export or re-export of U.S. origin goods, software, services and/or technical data, or the direct product thereof.

The parties understand and agree that this Agreement shall not require NAVITAIRE to provide or support services involving Cuba, Iran, Myanmar (Burma), Sudan, Syria, North Korea, or other sanctioned countries, Specially Designated Nationals, and/or Blocked Persons, either directly or indirectly, including through the use of subcontractors.

Prior to providing NAVITAIRE with any goods, software, Deliverables, work, services and/or technical data subject to export controls controlled at a level other than EAR99/AT, Customer shall provide written notice to NAVITAIRE specifying the nature of the controls and any relevant export control classification numbers. NAVITAIRE may decline to receive goods, software, services and/or technical data subject to export controls at a level other than EAR99/AT. Customer shall take steps to ensure that where NAVITAIRE is required to provide any entity/third party with any goods, software, Deliverables, work, services and/or technical data arising from or under the performance of this Agreement, Customer shall take steps to ensure that any such provision of goods, software, Deliverables, work, services and/or technical data to such entity is not subject to restrictions or prohibitions under applicable export control or economic sanctions programs.

NAVITAIRE shall have the right, at its sole discretion, to refrain from being directly or indirectly involved in the provision of goods, software, Deliverables, work, services and/or technical data that may be prohibited by applicable export control laws or economic sanctions programs, without liability to Customer.

8. Indemnification

8.1 Rights of Customer to Indemnification.

8.1.1 NAVITAIRE shall defend Customer, its Affiliates, directors, officers, and employees (“Customer Indemnitees”) from any third party claim that any product, service, information, materials or other item provided by NAVITAIRE under this Agreement, including, without limitation, the Hosted Services, infringes any third party patent existing as of the date of the delivery of the Hosted Services and/or Deliverables giving rise to the third party claim, copyright or trademark, and indemnify such Customer
Indemnitees for any damages finally awarded to, or settlement amounts agreed with, the third party in relation to such claim; provided that, however, NAVITAIŘE shall have no defense or indemnity obligation under Section 8.1 to the extent any such infringement results from: (i) the use of any software or services provided by NAVITAIŘE in combination, operation or use with software or hardware not provided by NAVITAIŘE, except that NAVITAIŘE’s defense and indemnification obligations under this Section 8 shall apply to any claim of infringement where NAVITAIŘE specifically recommended in this Agreement or a Work Order the software or hardware all as a combination; (ii) the use of any Hosted Services System as modified by Customer; or (iii) use of a version of the software included in the Hosted Services System without having implemented all of the updates within a reasonable period after such updates were provided by NAVITAIŘE; provided that NAVITAIŘE has offered to implement such versions of the software without additional fees or charges, NAVITAIŘE has provided express written notice to Customer that such updates are intended to address an alleged infringement, and Customer has failed within 30 days after receipt of such notice to authorize NAVITAIŘE to implement such version of the software.

8.1.2 NAVITAIŘE shall defend, indemnify, and hold harmless Customer Indemnitees, from and against any and all damages finally awarded to, or settlement amounts agreed with, a third party arising from a claim, action or demand by such third party against a Customer Indemnitee, whether based in whole or in part in contract, tort, negligence, statute or otherwise, to the extent that such claim, action or demand arises from the death of or bodily injury to any person or loss of or damage to real or tangible personal property to the extent directly caused by the negligence or Willful Misconduct of NAVITAIŘE, its personnel, agents, or Affiliates during the course of the Services under this Agreement. As used in this Agreement, “Willful Misconduct” means an action undertaken by a party with the malicious intent to cause harm to the other party.

8.2 Right of NAVITAIŘE to Indemnification. Customer shall defend NAVITAIŘE, its Affiliates, directors, officers and employees (“NAVITAIŘE Indemnitees”) from and against any and all damages finally awarded to, or settlement amounts agreed with, a third party arising from a claim, action or demand by such third party against a NAVITAIŘE Indemnitee, whether based in whole or in part in contract, tort, negligence, statute or otherwise, to the extent that such claim, action or demand arises from: (a) a claim that any Customer Mark, when used by NAVITAIŘE (i) solely as necessary to provide the Hosted Services or as authorized in Section 11, (ii) in the form provided and manner

30
approved by Customer, and (iii) as otherwise authorized by this Agreement infringes or misappropriates any third party trademark or other intellectual property, privacy or proprietary right; and/or (b) the death of or bodily injury to any person or loss of or damage to real or tangible personal property to the extent directly caused by the negligence or Willful Misconduct of Customer, its personnel, agents, or Affiliates during the course of receiving the Services under this Agreement.

8.3 Corrective Actions. Without limiting the foregoing indemnification obligations, if any product, service, information, material or other item of the indemnifying party is, or in the indemnifying party’s opinion is likely to be held to be, an infringing material, then the indemnifying party may, at its option: (i) procure the right to continue using it; (ii) replace it with a non-infringing equivalent; (iii) modify it to make it non-infringing; or (iv) if none of the foregoing can be accomplished in a commercially reasonable manner, and after not less than ***** prior notice to the indemnified party, cease using, and require the indemnified party to cease using such item, provided, however, if in the reasonable judgment of either party, such cessation renders it impractical to continue the contractual relationship contemplated hereby, either party may notify the other during such ***** period that it intends to terminate this Agreement immediately. The foregoing remedies constitute the indemnified party’s sole and exclusive remedies and the indemnifying party’s entire liability with respect to infringement.

8.4 Notice and Control of Action. The party seeking indemnification in respect of any actual or potential claim or demand shall notify the other party within ***** after it receives written documents relating to such claim. The indemnifying party shall have no obligation to indemnify the other party to the extent such other party fails to give the notice within the specified period set forth in the preceding sentence and such failure materially prejudices the indemnifying party. The indemnifying party shall have the right, at its sole cost, expense, and liability, to appoint counsel of its choice and to litigate, defend, settle or otherwise attempt to resolve any such claim, provided that the indemnified party shall have the right to consent to any settlement, which consent will not be unreasonably withheld, conditioned or delayed; provided that it shall not be unreasonable for any party to withhold consent to any settlement requiring it or others to agree to admission of wrongdoing or to make payment for which it does not reasonably anticipate to recover in full pursuant to the indemnification hereunder. Upon request, the indemnified party will provide reasonable assistance to the indemnifying party to defend or settle such claim, at the indemnifying party’s expense. The indemnified party shall have the right to participate in the defense and settlement negotiations of such claim through its own counsel at its own expense.

9. Confidential Information

9.1 Notification. During the Term of this Agreement, either party may receive or have access to technical information, as well as information about product plans.
and strategies, promotions, customers, and related non-technical business information that the disclosing party considers to be confidential and which is either (a) marked or identified as confidential at the time of disclosure; provided that the Hosted Services System shall in any event be dealt with as confidential information of NAVITAIRE, or (b) is known to the receiving party, or should be known to a reasonable person given the facts and circumstances of the disclosure, as being treated as confidential or proprietary by the disclosing party (with respect to a party its “Confidential Information”).

Notwithstanding the foregoing, the term “Confidential Information” shall not include Customer Personal Data, which is separately defined and addressed in Section 9.5 below, and the terms of this Agreement generally applicable to Confidential Information shall not be deemed to apply to include Customer Personal Data.

9.2 **Use and Protection of Information.** Confidential Information may be used by the receiving party only in furtherance of the transactions contemplated by this Agreement. Subject to Section 4.8, the Confidential Information may be disclosed to and used only by those employees, agents, subcontractors, service providers and advisors of the receiving party who have a need to know such information for purposes related to this Agreement, including with respect to advising with regards to legal or accounting aspects arising out of or resulting from such party entering into and performing under this Agreement, provided that such agents, subcontractors, service providers and advisors are bound by confidentiality obligations minimally as restrictive as those provided under this Section 9. The receiving party and its agents, subcontractors, service providers and advisors shall protect the Confidential Information of the disclosing party by using the same degree of care (but not less than a reasonable degree of care) to prevent the unauthorized use, dissemination, or publication of such Confidential Information as the receiving party uses to protect its own confidential Information of a like nature and value. The receiving party’s, as well as its agents’, subcontractors’, service providers’ and advisors’, obligation under this Section shall be for a period of ***** after the date of disclosure or ***** from the end of the Agreement term, whichever is greater; provided that the obligation of Customer to refrain from using the Hosted Services System after the termination or expiration of this Agreement shall continue indefinitely.

9.3 **Exclusions.** Nothing in this Agreement shall prohibit or limit either party’s use of information (other than Customer Personal Data) which it can demonstrate by written evidence was: (a) previously known to it without obligation of
confidence; (b) independently developed by it; (c) acquired by it from a third party which is not, to its knowledge, under an obligation of confidence with respect to such information; or (d) which is or becomes publicly available through no breach of this Agreement.

9.4 **Subpoena.** In the event a receiving party or its agents and subcontractors receives a subpoena or other validly issued administrative or judicial process requesting Confidential Information of the disclosing party, the receiving party shall provide prompt notice to the other of such subpoena or other process in order for the disclosing party to have the time and sufficient opportunity to quash such subpoena or otherwise protect the Confidential Information. The receiving party, its agents and subcontractors, as the case may be, shall thereafter be entitled to comply with such subpoena or process solely to the extent required by law. If a party or its agents and subcontractors is served with a subpoena or other validly issued administrative or judicial process in relationship to the matters contemplated hereby and arising from a proceeding in which the other party is a defendant and the served party, its agents and subcontractors, is not, such other party shall pay all the reasonable out-of-pocket expenses of the served party, its agents and subcontractors, associated with such subpoena or other administrative or judicial process.

9.5 **Privacy of Information.** NAVITAIRE shall protect Customer Personal Data during performance of the Services in accordance with laws to which NAVITAIRE is subject as a service provider or data processor and any specific written instructions or protocols that are agreed in writing by the parties as may be reasonably needed in order to support Customer’s compliance with laws to which It is subject.

In the event that NAVITAIRE will process Customer Personal Data of EU origin (as those terms are defined by EU Data Protection Directive 95/46/EC), then NAVITAIRE and Customer shall execute the standard contractual clauses for transfers to Processors located in third countries authorized by EU Commission Decision 85/2010 (“EU Model Clauses”). In addition to the foregoing, throughout the Term, NAVITAIRE shall, and shall cause each of its subcontractors that have access to Customer Personal Data to, comply with the Data Protection Procedures Schedule attached hereto as Exhibit I.

10. **Disclaimers and Limitations**

NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT:

10.1 **NOTHING IN THIS SECTION OR THIS AGREEMENT SHALL LIMIT A PARTY’S EXPRESS OBLIGATIONS TO INDEMNIFY AND DEFEND OTHERS WITH RESPECT TO INFRINGEMENT CLAIMS, NOR SHALL**
ANYTHING IN THIS SECTION OR THIS AGREEMENT LIMIT A PARTY’S LIABILITY FOR ITS FRAUD, GROSS NEGLIGENCE OR WILLFUL MISCONDUCT. WILLFUL MISCONDUCT HAS THE MEANING SET FORTH IN SECTION 8.1.2 AND “GROSS NEGLIGENCE” MEANS A DEGREE OF NEGLIGENCE WHICH SHOWS INDIFFERENCE TO OTHERS AND CONSTITUTES AN UTTER DISREGARD OF THE SAFETY OR PROPERTY OF ANOTHER.

10.2 SUBJECT TO SECTION 10.1 AND EXHIBIT L, SECTION 1.2 (AS APPLICABLE), THE AGGREGATE LIABILITY OF NAVITAIRES UNDER OR IN CONNECTION WITH THIS AGREEMENT AND THE PROVISION OF HOSTED SERVICES TO CUSTOMER, REGARDLESS OF THE FORM OF ACTION GIVING RISE TO SUCH LIABILITY (WHETHER IN CONTRACT, TORT, OR OTHERWISE), SHALL NOT EXCEED THE AGGREGATE AMOUNT OF FEES PAID OR Owing BY CUSTOMER FOR SERVICES DURING THE ***** PRECEDING THE MOST RECENT EVENT GIVING RISE TO THE CLAIM (OR IF SUCH EVENT OCCURS IN THE FIRST ***** OF THE TERM, THE ESTIMATED AMOUNTS TO BE PAID IN THE FIRST ***** OF THE TERM); *****.

10.3 *****

10.4 EXCEPT AS EXPRESSLY PROVIDED HEREIN, EACH PARTY HEREBY DISCLAIMS AND EXCLUDES ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS BASED ON THE USE OR POSSESSION OF ANY PRODUCT, SERVICE OR RELATED MATERIALS PROVIDED UNDER THIS AGREEMENT BY OR ON BEHALF OF ONE PARTY TO THE OTHER; AND

10.5 WITH THE EXCEPTION OF A PARTY’S LIABILITY FOR ITS FRAUD, ***** OR WILLFUL MISCONDUCT, NEITHER PARTY SHALL BE LIABLE FOR ANY EXEMPLARY, SPECIAL, PUNITIVE, INDIRECT, CONSEQUENTIAL, OR INCIDENTAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, SUCH KINDS OF LOSS OR EXPENSES ARISING FROM BUSINESS INTERRUPTION, LOST BUSINESS, LOST PROFITS, OR LOST SAVINGS) EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. NOTWITHSTANDING THE FOREGOING, EXEMPLARY, SPECIAL, PUNITIVE, INDIRECT, CONSEQUENTIAL, OR INCIDENTAL DAMAGES, (INCLUDING LOST PROFITS) PAYABLE TO THIRD PARTIES WILL, WHERE COVERED BY A PARTY’S INDEMNITY OBLIGATIONS SHALL BE DEEMED DIRECT DAMAGES AS BETWEEN CUSTOMER AND NAVITAIRES AND NOT BE SUBJECT TO THE DAMAGES CAP SET FORTH IN SECTIONS 10.2 AND 10.3 ABOVE;
10.6 With the exception of third parties expressly entitled to indemnification under this Agreement, and then solely to the extent of such indemnification, this Agreement is not intended for the benefit of any third party and no third party shall be entitled to assert rights hereunder.

10.7 With the exception of the provision set forth in Section 8.1, Navitaine shall not be liable for any claims of third parties for use of the Services by or on behalf of Customer or Customer agents and Customer shall defend Navitaine from, and indemnify and hold Navitaine harmless against, all such claims.

10.8 Navitaine interrupted service will not include downtime due to denial of service ("DOS") attacks on Customer web sites, provided that Navitaine has taken commercially reasonable efforts to monitor and mitigate against such DOS attacks.

10.9 Each party has a duty to mitigate the damages that would otherwise be recoverable from the other party pursuant to this Agreement, by taking appropriate and commercially reasonable actions to reduce or limit the amount of such damages or amounts.

10.10 The foregoing states the entire liability of the parties with regard to this Agreement and the provision and use of hosted services hereunder. The limitations of liability contained in this Section 10 are a fundamental part of the basis of the parties' bargain hereunder, and neither party would enter into this Agreement absent such limitations.

11. Publicity

Except as required pursuant to Section 4.11, all advertising, press releases, public announcements and public disclosures by either party relating to this Agreement which includes: (a) the other party’s name, trade names, trademarks, logos, service marks or trade dress (collectively, "Name"); or (b) language from which the connection of such Name may be inferred or implied, will be coordinated with and subject to approval by both parties prior to release; provided, however, that (i) either party may indicate to third parties that Navitaine is providing services to Customer, (ii) Customer grants to
NAVITAIRE, during the Term of this Agreement, a limited, non-exclusive, non-transferable, revocable, royalty-free license, with no right to sublicense right to use, in accordance with and subject to Section 7.1, Customer’s name, logo or other Customer Mark approved in advance by Customer within an airline “tailfin” shape to indicate that Customer is a customer of NAVITAIRE, and (iii) NAVITAIRE may use Customer as a reference.

12. Relationship of the Parties

The relationship of the parties under this Agreement is and at all times shall remain that of independent contractors. Nothing in this Agreement or the attached Exhibits shall be construed to create a joint venture, partnership, franchise, employment or agency relationship between the parties to this Agreement, and accordingly, neither party shall represent itself as having, nor does either party have, the right, power, or authority to bind or otherwise create any obligation or duty, express or implied, on behalf of the other party in any manner whatsoever.

13. No Assignment

Neither party to this Agreement shall have the right to assign this Agreement or any right or obligation hereunder, whether by operation of law or otherwise, without the prior written consent of the other party, provided that (i) NAVITAIRE may assign or delegate obligations therein to any of its Affiliates and/or to any entity that acquires all or substantially all of the assets of NAVITAIRE or to successor in a merger or acquisition of NAVITAIRE; ****.

14. Force Majeure

14.1 Each Party will be excused from performance under this Agreement (other than obligations to make payments that have become due and payable pursuant to this Agreement) for any period and to the extent that it is prevented from performing any obligations pursuant to this Agreement, in whole or in part, as a result of a Force Majeure Event. If either Party is prevented from, or delayed in performing any of its obligations under this Agreement by a Force Majeure Event, it will promptly notify the other Party by telephone (to be confirmed in writing within five days of the inception of the delay) of the occurrence of a Force Majeure Event and describe, in reasonable detail, the circumstances constituting the Force Majeure Event and of the obligations, the performance of which are thereby delayed or prevented. Such Party will continue to use commercially reasonable efforts to recommence performance whenever and whatever extent possible without delay.

14.2 A “Force Majeure Event” will mean the occurrence of an event or circumstance beyond the reasonable control of a Party, and will include, without limitation: *****, but the foregoing shall only be included as a Force Majeure Event if such party so affected promptly exercises commercially reasonable efforts to overcome or cure such act or condition as soon as possible to the extent it is within its power to effect such cure.
14.3 In the event that NAVITAIRE is unable to perform due to a Force Majeure Event and Customer does not achieve the Monthly Minimum Segment Guarantee (as defined in Section 1.1.1(a) of Exhibit K) in any month in which such Force Majeure Event prevented performance, NAVITAIRE will upon the conclusion of each such month provide Customer with a credit on NAVITAIRE’s invoice for the following month in an amount equal to portion of the prior month in which the Force Majeure event prevented NAVITAIRE from performing multiplied by the amount of the recurring Service Fees payable by Customer with respect to such ***** based on the Minimum Segment Guarantees for such *****. For example, if the Force Majeure Event lasts for ***** in a single ***** , Customer shall receive a credit on the next month’s invoice for ***** of the minimum recurring Service Fees for the prior month (i.e., the month in which the Force Majeure Event had its impact) calculated in accordance with Section 1.1.1 of Exhibit K (e.g., Hosted Reservation Services – New Skies bundle, Hosted Web Services, Corporate Website Hosting, Hosted Revenue Accounting Services, Loyalty, and GoNow (Agent and Kiosk)).

15. Notices

All notices and communications that are permitted or required under this Agreement shall be in writing and shall be sent to the address of the parties as set forth immediately below, or such other address as the representative of each party may designate by notice given in accordance with this Section. Any such notice may be delivered by hand or by overnight courier, and shall be deemed to have been delivered upon receipt.

As of the date of this Agreement, the addresses of the parties are as follows:

Notwithstanding the foregoing, the following shall be sufficient notice by a party to meet any obligations under this Agreement or to preserve any rights by a party related thereto: communications to or from the NAVITAIRE Support Center relating to any Interrupted Service, Emergency or other System Error as contemplated by this Agreement.

16. **Waiver**

Neither party’s failure to exercise any of its rights under this Agreement shall constitute or be deemed to constitute a waiver or forfeiture of such rights.

17. **General**

17.1 **Entire Agreement, Amendments, and Work Orders.** This Agreement and its Exhibits constitute the entire agreement between NAVITAIRE and Customer, and supersede any prior or contemporaneous communications, representations, or agreements between the parties, whether oral or written, regarding the subject matter of this Agreement. The terms and conditions of this Agreement may not be changed except by an amendment signed by an authorized representative of each party. Professional Services and Deliverables will be requested in a Work Order, in a form similar to the example attached as Exhibit L, and shall be executed by an authorized representative of Customer and Service Provider.

17.2 **Headings and Counterparts.** The headings in this Agreement are for the convenience of the parties only and are in no way intended to define or limit the scope or interpretation of the Agreement or any provision hereof. This Agreement may be executed in two or more counterparts, each of which will be deemed to be an original, but all of which together will constitute one agreement binding on the parties, notwithstanding that both parties are not signatories to the original or the same counterpart.

17.3 **Applicable Law and Jurisdiction.** This Agreement is made under and shall be construed in accordance with the laws of the State of New York without giving effect to that jurisdiction’s choice of law rules. For the sole and exclusive purpose of seeking injunctive relief in accordance with Section 17.5 below, both parties hereby consent and submit to the sole and exclusive jurisdiction of the
federal courts of the Southern District of New York, in all questions and controversies arising out of this Agreement, and agree that such court is the most appropriate and convenient court to settle any dispute, and accordingly waive the right to argue to the contrary.

17.4 Severability. If any term or provision of this Agreement is held to be illegal or unenforceable, the validity or enforceability of the remainder of this Agreement shall not be affected.

17.5 Dispute Resolution. Any dispute between the parties with respect to interpretation of any provision of this Agreement or with respect to performance by NAVITAIRE or Customer shall be resolved as specified in this Section 17.5.

17.5.1 Upon the request of either party, each party will appoint a designated representative whose task it will be to meet for the purpose of endeavoring to resolve such dispute. The designated representatives shall discuss the problem and negotiate in good faith in an effort to resolve the dispute without the necessity of any formal proceeding.

17.5.2 If the designated representatives do not resolve the dispute within ***** after the request to appoint a designated representative is delivered to a party, then the dispute shall escalate to the Vice President, Customer Operations of NAVITAIRE and the Chief Financial Officer of Customer, for their review and resolution within the next *****. During such time and in the event the amount subject to dispute is greater than ***** , the amount subject to dispute shall be placed in a mutually agreed escrow account and held there pending resolution of the dispute. All other applicable fees not affected by the dispute are due as specified within this Agreement.

17.5.3 If the dispute is not resolved by the parties under Section 17.5.1 or 17.5.2 hereof, the parties may initiate formal proceedings. With the sole exception of an action seeking only injunctive relief for a breach hereof, any controversy or claim arising out of or relating to this Agreement, or the making, performance or interpretation thereof, including without limitation alleged fraudulent inducement thereof, shall be settled by binding arbitration in New York, New York by one arbitrator in accordance with the Rules of Commercial Arbitration of the American Arbitration Association. Judgment upon any arbitration award may be entered in any court having jurisdiction thereof.

17.5.4 The parties hereby agree that if any dispute or controversy proceeds to arbitration, the arbitrator appointed pursuant to Section 17.5 shall award the prevailing party its costs, including reasonable attorneys’ fees and costs, to the degree of such prevailing party’s success.
17.5.5 The parties agree to continue performing their respective obligations under this Agreement while the dispute is being resolved; provided, however, if the dispute is regarding nonpayment by Customer, NAVITAIRE shall not be required to continue performance of its obligations unless Customer continues to pay all disputed amounts to NAVITAIRE or to an escrow account structured by agreement of the parties.

17.6 **Third Party Procurement.** NAVITAIRE has a number of relationships with third party vendors for products and services made available to users of the NAVITAIRE suite. NAVITAIRE utilizes these third party vendors in order to provide a comprehensive offering for the benefit of the customer base. In some cases, NAVITAIRE may receive compensation from these third party vendors.

17.7 **Insurance.** NAVITAIRE, at its expense, will maintain in full force and effect the following types and limits of insurance:

17.7.1*****

17.7.2*****

EXHIBIT A

HOSTED RESERVATION SERVICES – NEW SKIES®

1. Definitions

As used in and for purposes of this Exhibit, the following terms shall be defined as set forth in this Exhibit. In the event that there exists any conflict between a definition set forth in this Exhibit and in any definition contained within Section 1 of the Hosted Services Agreement (the “Agreement”), the definition set forth in this Exhibit shall control.

1.1 Ancillary Component means a product or service other than Customer-originating flights sold by Customer using the Hosted Reservation Services. Examples include: an insurance policy purchase, a car hire/rental, a hotel reservation/purchase, an add-on activity such as a 1-hour helicopter tour, souvenir t-shirt, etc. For clarification purposes, Ancillary Components (i) are usually non-flight products or services but can also include flights not provided by Customer, but sold through the Travel Commerce functionality; and (ii) exclude any Segment under this Agreement.

1.2 Authorization Services has the meaning set forth in Section 7.4.1 hereof.

1.3 Availability Request means a request for a fare regardless of booking channel, including but not limited to API, Direct, CRS/GDS, and Web, and is comprised of Standard Availability Calls and Low Fare Availability Calls defined as follows:

a) Standard Availability Calls which are searches for fares and are calculated as ***** Journey per day searched regardless of booking channel. A search, as requested by the passenger, can be for a single specific date or for a multi-date window. For purposes of illustration, a request for flights from ***** to ***** on ***** would be ***** Availability Request whereas a request for flights from ***** to ***** on ***** and ***** would be ***** Availability Requests.

A round trip or multi-city search to request fares is computed as ***** look for each day searched, for each Journey searched. For purposes of illustration, ***** request for a multi-city circle trip ***** multiplied by ***** Journeys for the multi-city circle trip). For additional purposes of illustration, ***** request for a round trip ***** is calculated as ***** Availability Requests.

Technical request types that are defined as Standard Availability Calls are GetAvailability, GetTripAvailability, GetUpgradeAvailability, or similarly functioned future calls.

Exhibit A - 44
b) **Low Fare Availability Calls** which are searches for fares using Low Fare Finder (as further described in Section 6 below), which return the lowest fare for each day in a series of sequential dates, based upon the Customer configured number of days to search, and are calculated as ***** Availability Request for each set of sequential dates requested, regardless of booking channel. For purposes of illustration, regardless of the Customer configured number of days to search in the Low Fare Finder, for each outbound city-pair/Journey and/or return city-pair/Journey the low fare search in all cases is ***** Availability Request for each requested city-pair/Journey. For additional clarification, ***** request for a round trip ***** for a ***** search is calculated as ***** Availability Request.

Low Fare Availability Calls, when utilized in a multi-city Journey, will be calculated as ***** Availability Request for each passenger requested multi-city Journey. For purposes of illustration, ***** request for a multi-city Journey ***** for a ***** search is calculated as ***** Availability Request.

Technical call types that are defined as Low Fare Availability Calls are GetLowFareAvailability, GetLowFareTripAvailability, or similarly-functioned future calls.

1.4 **Change Assistance List (CAL)** is a list of passenger changes that occurred since the initial PAL or previous CAL was generated.

1.5 **Codeshare, Marketing or Codeshare Marketing Carrier** means when Customer markets and sells a flight under its own host airline code and the flight is operated by another airline. A codeshare marketing partner is an airline participating in a codeshare as the Codeshare Marketing Carrier.

1.6 **Codeshare, Operating or Codeshare Operating Carrier** means when another airline markets and sells a flight under its own host airline code and the flight is operated by Customer. A codeshare operating partner is an airline participating in a codeshare as the Codeshare Operating Carrier.

1.7 **Codeshare PNR** means a Passenger Name Record, being an individual electronic record with a unique record locator number, containing ***** or ***** passenger names and booked Segments which contains at least one Segment booked via NAVITAIRE’s free-sale codeshare functionality.

1.8 **Common Use Airport** means an airport whose technology infrastructure including network, hardware, and software is managed by a third party company or organization. Typically common use providers manage a large number of airport infrastructures with a common platform and protocol. SITA CUTE and ARINC MUSE are examples of the larger common use platforms.
1.9 **Confirmed Status** means when a reservation has been: (a) systematically acknowledged and accepted in the Hosted Reservation System by issuing a record locator or PNR number; and (b) the PNR has achieved a confirmed state in the Hosted Reservation System via either: (i) application of full or partial payment to the PNR; or (ii) application of an alternative mechanism such that payment for the PNR has been otherwise fulfilled.

1.10 **Content Provider** means a provider of Ancillary Components sold in a Super PNR or Non-Flight Related Fee Record.

1.11 **CRS/GDS/ARS PNR** means a Passenger Name Record, being an individual electronic record with a unique record locator number, containing ***** or ***** passenger names and booked Segments which contains at least one Segment booked via a CRS/GDS/ARS using Type B/Teletype Connectivity, or via a CRS/GDS using Type A/EDIFACT Booking Connectivity, or via Web Services/API Connectivity. A CRS/GDS/ARS source is based on unique user code and user type.

1.12 **Electronic Ticket (E-Ticket)** means the document stored in electronic form, used in lieu of a paper document to be exchanged for the use of transportation and/or related services involving a single carrier.

1.13 **Electronic Ticketing (E-Ticketing)** means the method used to document in electronic form, the sale of transportation and/or related services for a single carrier in lieu of the issuance of a paper document.

1.14 **Electronic Ticketing Interchange and Database Provider** means the third party provider that Customer has contracted with to process, exchange and store Customer E-Ticket records.

1.15 **Electronic Ticketing Services Agreement (ETSA)** means the agreement Customer enters into with the Electronic Ticketing Interchange and Database Provider for Electronic Ticketing services.

1.16 **Executive Review Meeting** means a formal meeting attended by Customer, NAVITAIRE and any related third party required, in response to non-compliance to the specified service level measures.

1.17 **Executive Sponsors** has the meanings set forth in Exhibits C and D.

1.18 **Interline Electronic Ticket** (Interline E-Ticket) means the document stored in electronic form, used in lieu of a paper document, to be exchanged for the use of transportation and/or related services involving more than one carrier.

1.19 **Interrupted Service Minutes** means, with respect to a given Reporting Period, the total number of minutes during which the Hosted Services experience Interrupted Service as defined in the Agreement, excluding Planned Downtime Minutes. This time is tracked by the minute, rounded up to the nearest minute per incident.

Exhibit A - 46
1.20 **Interrupted Service Report** has the meaning set forth in Section 7.3.2 hereof.

1.21 **Journey** means the true origination and destination city pair in a one way request. For example, Flight 100 originates in LAX with a stop in SLC on the way to BOS, where it connects to Flight 200 departing from BOS and arriving in JFK. A request for LAX-JFK on one (1) day, which happens to include both Flight 100 and Flight 200 as the connecting pair, would be one Journey.

1.22 **Look to Booked Segment Ratio** means the numeric result of the number of Availability Requests divided by the number of booked Segments where the Segment resides in a PNR that has reached a Confirmed Status.

1.23 **Low Fare Availability Days** means the aggregate number of dates searched in a Low Fare Availability Call, calculated as ***** Low Fare Availability Day per Journey per day within the search parameter configured by Customer. The search parameter provides the range for the number of days on each side of the passenger’s selected date for the Low Fare Finder to query for fares. For purposes of illustration, where the Low Fare Finder is configured by Customer with a search parameter of ***** when the passenger has selected a one-way city pair, the value is calculated as ***** Low Fare Availability Day for each of the ***** on either side of the requested booking date). For additional clarification, ***** request for a round trip ***** if the search parameter is ***** is calculated as *****Low Fare Availability Days.

1.24 **Low Fare Availability Average Days per Call** means the result of dividing the total number of Customer’s Low Fare Availability Days in the calendar month by total number of Customer’s Low Fare Availability Calls in such calendar month.

1.25 **Maximum Availability Requests Allowed** means, with respect to any month, the greater of: (a) the numeric result of multiplying the Monthly Minimum Segment Guarantee (determined in accordance with Section 1.1.1 of Exhibit K) by the Look to Booked Segment Ratio; or (b) the numeric result of multiplying the actual booked Segments for the month by the Look to Booked Segment Ratio.

1.26 **Minimum System Availability Target** has the meaning set forth in Section 7.2.1 hereof.

1.27 **Monthly Performance Report** has the meaning set forth in Section 7.3.2 hereof.

1.28 **MQSeries** is a popular system for messaging across multiple platforms including Microsoft Windows, Linux, IBM mainframe and midrange, UNIX, and others. It allows independent applications on distributed systems to communicate with each other.

Exhibit A - 47
1.29 **Negotiated Allotment or NegoAllotment** means allocation of a Customer’s seats to tour operators, cruise lines, or other non-affiliate third party entity through negotiated contracts.

1.30 **Non-Flight Related Fee Record** means any data record materially referring to an Ancillary Component that is stored along with its corresponding fee in a PNR rather than as an Ancillary Component.

1.31 **Passenger Assistance List (PAL)** is a list of Passengers with Reduced Mobility (PRM) for a particular flight and board point.

1.32 **Passengers with Reduced Mobility (PRM)** are defined by IATA as disabled persons and persons with reduced mobility traveling by air within the European Community.

1.33 **Planned Downtime** has the meaning set forth in Section 8.2.1(c) hereof.

1.34 **Planned Downtime Minutes** means, with respect to a given Reporting Period, the total number of minutes in a Reporting Period during which Hosted Reservation Services are unavailable due to: (a) an act or omission of Customer with respect to matters described in Section 7.1 of this Exhibit; (b) an event of Force Majeure; or (c) a planned, scheduled, and approved event including Hosted Services System maintenance during which a particular service, upgrade or Hosted Services System routine requires Planned Downtime as defined in Section 8.2.1(c) hereof. Customer may request the event be rescheduled, providing there is reasonable cause for such a delay. This notification must be made to NAVITAIRE at least ***** in advance of the scheduled event. Planned Downtime Minutes will be tracked by the minute, rounded up to the nearest minute per incident.

1.35 **Reporting Period** will be a calendar month. The NAVITAIRE Account Manager will measure monthly calculations simultaneous to account reviews.

1.36 **Reporting Period Minutes** means, with respect to a given Reporting Period, the total number of minutes during such Reporting Period.

1.37 **Super PNR** means a passenger name record that includes one or more Ancillary Components. For the avoidance of doubt, a Super PNR includes any Ancillary Component regardless of booking source.

1.38 **Utilized Availability Requests** means the numeric total result of the count of executed Standard Availability Calls and Low Fare Availability Calls.

2. **Scope of Services**

NAVITAIRE will provide certain services and support functions during the Term of this Agreement related to the Hosted Reservation Services and related applicable products. Of the available Hosted Reservation Services, Customer has selected the products and/or services outlined in Exhibit K.

Exhibit A - 48
3. Implementation Services

3.1 Data Center Implementation Services. NAVITAIRE will configure, install, activate, and test the necessary data center hardware and software for providing the Hosted Reservation Services to Customer. Unless otherwise specified, this service does not include communication circuits, wireless data services, or any remote communication devices, including routers or network hardware. Client personal computers, workstations, or other Customer devices connected to the Hosted Services System are the responsibility of Customer and must meet the minimum specifications as required by NAVITAIRE. NAVITAIRE shall notify Customer of such minimum specifications in order for Customer to procure and implement the same on or before the Target Date.

3.2 Virtual Private Network (VPN) Connectivity. If Customer desires to use a virtual private network (VPN) for connectivity to Hosted Reservation Services, NAVITAIRE will evaluate such a request to determine the viability of the use of a VPN connection for either a primary or back-up data circuit. After review, NAVITAIRE will advise Customer if the request is approved and the additional costs that will apply.

3.3 Network Configuration and Design Services. NAVITAIRE will supply recommended technical diagrams and will advise Customer on required network hardware requirements, for client portion of application as necessary. Customer shall have internal or third party network expertise available for the installation and configuration of their required network.

3.4 System integration Services. During the implementation of Hosted Reservation Services and before production use of such services, NAVITAIRE will assist in the assessment of the compatibility of third party hardware and software with the Hosted Services System. Customer shall be responsible for the cost of modifying or replacing any third party systems including hardware and software. For future integration services, NAVITAIRE will, upon request, provide an estimate using the rates as outlined in Exhibit K; however, any services will be provided pursuant to a Work Order.

3.5 Strategic Business Review. NAVITAIRE will conduct a Strategic Business Review to gather information on Customer’s desired use of the Hosted Reservation Services and outline functional capabilities of the Hosted Services System. During the Strategic Business Review, NAVITAIRE will work with Customer to create a project plan and project schedule, including NAVITAIRE and Customer responsibilities, designed to achieve successful completion of the Implementation Services on or before the Target Date.

3.6 Customer Site Installation Services. NAVITAIRE will assist Customer with the installation and testing of the required telecommunications connection between the NAVITAIRE data center and the designated Customer facility. Customer shall be responsible for the cost of troubleshooting or connecting Customer’s internal network. Additional technical support for on-site assistance after the initial conversion to production use of the Hosted Reservation Services shall be quoted on a project basis at the request of Customer using the rates as outlined in Exhibit K.
3.7 Initial Training Services. NAVITAIRE will supply the following training at mutually agreed times and Customer agrees to participate in such training for the Hosted Reservation Services:

3.7.1 Core Reservation System Training: Up to a maximum of ***** which may be attended by up to ***** at the NAVITAIRE office located in Salt Lake City, Utah or up to ***** at the NAVITAIRE office located in Manila, Philippines. An additional ***** training will be required if GDS, Codeshare, and/or Interline functionality is implemented. If the training is not held at a NAVITAIRE facility, NAVITAIRE requires that ***** trainers be on-site at the alternate location and additional fees will apply. Also, if training is not held at a NAVITAIRE facility, *****. All training will be conducted in English. Topics will include use of SkySpeed, Airport Check-in, Irregular Operations, Flight Scheduling and Fare Maintenance, and Reservations and Supervisory Features. Customer must complete basic computer familiarization and Windows training for all trainees before the initial training.

3.7.2 Web Services Training: Up to ***** which may be attended by up to ***** of Customer’s technical employees at the NAVITAIRE offices in Salt Lake City, Utah. The course includes time for hands-on development.

*Please note that the Web Services Training has been designed with the assumption that the developer(s) performing the carrier customization has a base level understanding of the Microsoft ASP.NET technology and knowledge of C# (C-sharp), XML, XSLT, HTML, and CSS. If additional assistance is required for this base understanding or additional development support after the course, the NAVITAIRE Professional Services organization can be engaged via a work order.*

3.7.3 Data Store Products Training: Up to ***** of technical training which may be attended by up to ***** Customer technical employees at Customer’s location. At least ***** NAVITAIRE trainer will provide the trainings requested on-site at Customer’s location. The course covers the data model, performance tuning, use of the Data Warehouse, replication, and how to avoid impacting the replication process. Classroom requirements for the on-site Data Store training are located in the Data Store course syllabus.

3.7.4 GoNow Agent Training: Up to a maximum of ***** which may be attended by up to ***** Customer employees at the NAVITAIRE offices located in Salt Lake City, Utah.
3.7.5 Travel Commerce Training: Up to a maximum of ***** which may be attended by up to ***** Customer employees at the NAVITAIRE offices located in Salt Lake City, Utah.

3.7.6 Loyalty Training: Up to a maximum of ***** which may be attended by up to ***** Customer employees at the NAVITAIRE offices located in Salt Lake City, Utah.

3.7.7 Launch Support: Up to ***** with up to ***** NAVITAIRE employees on-site with Customer, leading up to and through the cutover to the production use of the Hosted Reservation Services.

3.7.8 Manuals: Customer will be provided an electronic copy of the user reference manuals in Adobe Acrobat (PDF) format for download via the NAVITAIRE Customer care web site available at https://customers.navitaire.com or by CD. Technical specification and technical reference manuals are for internal NAVITAIRE use only, unless otherwise specified in this Agreement or by other arrangement. All materials provided by NAVITAIRE are in the English language unless otherwise specified within this Agreement.

3.7.9 Customer’s Travel Costs: *****.

3.8 Project Reporting. During the course of Implementation Services, the NAVITAIRE Project Manager will provide Customer with:

(a) Weekly Project Plan Update and Status Report; (b) Weekly Updated Issues/Resolution List; and (c) Executive Summary.

a) Weekly Project Plan Update and Status Report. Weekly status reports will be transmitted to Customer on a weekly basis during the provision of Implementation Services. This report will include updated status on the implementation process and an updated project plan. A list of the following week’s tasks and goals will be included in the report.

b) Weekly Updated Issues/Resolution List. Weekly updated issues/ resolution lists will be forwarded to Customer on the same schedule as the Weekly Project Plan Update and Status Report. The Issues/Resolution List will include specific additional items discovered in the project analysis, or critical issues that deserve heightened priority apart from the project plan. The Issues/Resolution List will include the task, the responsible party, date, open/close status, priority, and date of closed task. Every issue will be given a priority relative to a mutually agreed priority with Customer. Priorities will be ranked 1-5, 1 being most critical. Below is a description of each priority:

• Priority 1 – Urgent. All issues included in this priority are deemed critical and will be given priority attention. These issues may affect a milestone or dependency related to the completion of conversion services. Issues in this category are critical to resolve prior to other project dependencies and milestones being completed.

Exhibit A - 51
• **Priority 2 – High.** Issues included in this priority may affect the Target Date and require resolution prior to the completion of conversion services and require resolution prior to the completion of conversion services.

• **Priority 3 – Medium.** Issues included in this priority are not required prior to completion of conversion services, but must be finished prior to the end of Implementation Services.

• **Priority 4 – Low.** These items are not critical to either the completion of conversion services or Implementation Services but require monitoring for subsequent follow up or entry into NAVITAIRE’s Internet based customer support tool.

• **Priority 5 – Excluded.** These items are deemed excluded and are either unnecessary or may be addressed in a business process change or work-around.

c) **Executive Summary.** An Executive Summary will be provided to both the NAVITAIRE and Customer Executive Sponsors upon reaching critical milestones. These milestones will be established mutually with Customer as the final project plan has been established.

### 3.9 Implementation Services Time Frame

#### 3.9.1 During the course of planning discussions related to this Agreement, NAVITAIRE acknowledges the Target Date as requested by Customer for completion of applicable portions of the Implementation Services. The Target Date for completion of the Implementation Services is no later than *****, NAVITAIRE and Customer will detail dates and dependencies of the project plan, as summarized in the table in Section 3.9.2 below, in order to confirm the Target Date achievability.

#### 3.9.2 Upon receipt of the Implementation Fees due at signing and subject to Section 4.1 of the Agreement, NAVITAIRE agrees to perform the Implementation Services within the time frame preceding the Target Date. NAVITAIRE further agrees to initiate, mutually with Customer, project-scope-analysis and project-planning communication to establish the final schedule for Implementation Services consistent with the Target Date.
The following table outlines the key milestone activities that will be discussed during the Strategic Business Review:

Exhibit A - 53
3.9.3 Customer understands that the Target Date is subject to change upon mutual agreement of the parties; as such date is dependent on, among other matters, certain third party agreements/activities on behalf of both Customer and NAVITAIRE. These third party agreements/activities may include, but are not limited to, the following:

- Airport facility use agreements.
- All telecommunications and data circuits.
- Credit card settlement and authorization agreements.
- Centralized Reservation System/Global Distribution System/Airline Reservation System (CRS/GDS/ARS) agreements and host provider(s) certification process.
- Content Provider agreements and certification process.
- Data conversion systems.
- Bilateral agreements for marketing codeshare terms with other airline partners.
- Codeshare marketing partner host provider certification process.
- IATA carrier code assignment.

Customer will immediately establish a primary technical Project Manager contact that will be assigned to interact with the Project Manager appointed by NAVITAIRE. Failure to appoint this individual will jeopardize the delivery of Implementation Services by NAVITAIRE.

3.9.4 Upon ‘Go Live’, Customer is expected to fully open functionality to the public. If Customer requests a two phase launch (e.g., initial “soft launch” for limited release), Customer must recognize that the appropriate NAVITAIRE resources may not be available for appropriate on-site or data center support for a second launch. Additional implementation fees will apply for any two phase launch scheme.

3.9.5 Upon completion of the Implementation Services as described in this Exhibit A, Section 3, NAVITAIRE will provide written notification to the Customer Account Liaison named in Exhibit D, Section 2.

3.10 Data Conversion

3.10.1 Conversion Services. If Customer has been using a third party reservation system, Customer will be responsible for converting existing reservations data into the required Hosted Reservation Services format. Hosted Reservation Services file format requirements and specifications are available to Customer upon request.

3.10.2 Data Conversion Assistance. If Customer desires assistance with data conversion services from a third party reservation system, NAVITAIRE will review this request, and if accommodated, such assistance will be provided pursuant to a Work Order.
3.11 Reservations History Capture for Third Party Revenue Management Systems

If Customer is not yet using a revenue management system, or is using a third party revenue management system, additional fees will apply to capture reservations booking history data from Hosted Reservation Services. Applicable charges are outlined in Exhibit K.

4. Data Circuits

4.1 Primary and Backup Data Circuits. Customer shall be responsible for all telecommunication circuits used by Customer in connection with the transmission of data between the Hosted Services System and Customer's site(s), as stated in Section 4.10 of the Agreement.

4.2 Facility Locations. The facility locations provided for in this Agreement are as follows:

- The NAVITAIRE Hosted Reservation data center will be located in Minneapolis, Minnesota.
- Customer’s primary facility will be located in Denver, CO.

5. New Skies by NAVITAIRE Functionality Included in Hosted Reservation Services

The following tables itemize the base and optional functionality and features available as of the Effective Date of this Agreement. The actual optional functionality to be provided under this Agreement is as identified in Exhibit K. This functionality list may be modified or expanded in the future based upon new releases, provided that no material functionality will be eliminated unless mutually agreed with Customer and NAVITAIRE.

Seat Functionality
• Display customizable, graphical seat map.
• Support dynamic, unique seat map with seat properties for each travel component.
• Support seat selection from: 1) system-assigned based on passenger preferences and Intelligent Seating algorithms; or 2) seat map.
• Assign seat fees and SSR fees.

Technical Functions
• Ability to customize graphics and HTML display elements (“look and feel”) in the presentation layer
• .NET ASP.Net MVC Framework supports Ajax, XML/JSON interfaces
• Utilizes data as set up by Customer in Utilities:
  • Market data (origin and destination airport codes, currency codes and time zone settings
  • Lists and codes for aircraft types and credit cards,
  • Contact information lists (for example, states/provinces, and countries),
  • Itinerary distribution options (for example, email, fax, print),
  • Local time settings by city.
• Support for localization (multiple languages) through customization libraries.
• Ability to retrieve and view traveled bookings for registered members.
• Ability to validate form elements using JavaScript.
• Allows for optional secure SSL encryption, no encryption, or both (generally compliant with secure SSL encryption).
• Ability to link to external pages, such as third-party payment providers and loyalty programs.

Limitations and Exclusions
• dotREZ requires the use of web session locking, per NAVITAIRE and Microsoft® recommendations and practices
• dotREZ posting by NAVITAIRE is not included within the scope of Hosted Reservation Services. If Customer wishes NAVITAIRE to host dotREZ, Customer shall procure Hosted Web Services and NAVITAIRE shall host dotREZ in accordance with and subject to the Service Levels set forth in this Agreement.
• Strikethrough Pricing is not compatible with All Inclusive Pricing.
• The functionality is limited to a set of tools that Customer may use to create a custom function (e.g., Customer Website).
• Customer, and not NAVITAIRE, is responsible for the operation/performance of such custom function and such custom function is not considered as part of the Services for purposes of this Agreement.
• In the event the parties enter into a Work Order for NAVITAIRE to perform Professional Services to do the initial development and / or additional modifications for the Customer Website, the parties hereby agree that such Work Order shall specify the scope for the development of the custom functions. Unless NAVITAIRE and Customer agree in a separate Work Order issued pursuant to Exhibit L, NAVITAIRE shall have no responsibility to assist Customer in the development of any custom functions.
**SkySchedule – Scheduling Application**

**General Features – SkySchedule**

PNR Archiving

General Features – PNR Archiving
• Moves PNR data from production to the archive fifteen (15) months after the last flight segment in the PNR is marked as flown or no-show and the booking is in balance.
• Retains PNR data in the archive for eighty-one (81) months, for a total of ninety-six (96) months of data retention.
• Archived data is viewable only through SkySpeed.
• Comments can be added to an individual archived PNR through SkySpeed.

Note: If Extended PNR Archiving is not selected by Customer, PNR data will be purged ninety-six (96) months after the last travel segment in a PNR has been marked as traveled (e.g., flown) or no-show.

Limitations and Exclusions
• PNR Archiving does not include schedules, SkyPort, or any other non-PNR data.
• Changes to archived data are prohibited except for the ability to add a comment through SkySpeed, as noted above.
• While bookings in the archive database appear exactly as they appeared in SkySpeed prior to being archived, including the full history, the archive database does not contain version history records which enable “as-of” reporting.
• Reporting on archived data includes the following reports:
  • Archive Booking; and
  • Archive Flight Manifest.
• Data Store access does not include access to the PNR Archive database.

Hosted Reservation Services – New Skies

Add-On Functionality

CRS/GDS/ARS Type B/Teletype Connectivity

General Features – CRS/GDS/ARS Type B/Teletype Connectivity
• Support for IATA/AIRIMP standard free-sale distribution using Teletype (Type B) formatting with host carrier receiving inbound sales from CRS/GDS/ARS, or host carrier making outbound sales from Call Center or Website on targeted ARS interline partners.
• Support for IATA/AIRIMP Type B/Teletype message processing. The product has been certified with the following third party CRS/GDS/ARS providers: Abacus; Amadeus: Apollo, Axess; Galileo; Sabre; and Worldspan/Travelport, all of which support the IATA AIRIMP Type B/Teletype message format.
• Host-to-host direct connectivity to exchange messages with Amadeus, Apollo, Galileo, SABRE and Worldspan/Travelport.
• Guarantee inbound reservation sales with automated credit card approval/settlement through SkyPay.
• Confirm inbound CRS/GDS/ARS bookings with SSR ticket number form of payment notification, which includes the following IATA E-Ticket TKNE support:
  • Generate post-departure E-Ticket ‘Lifted/Boarded’ status updates to an Electronic Ticketing Interchange and Database Provider using standard teletype ETL (E-Ticket List) messages,

Exhibit A - 67
Transmit E-Ticket number data generated by the NAVITAIRE system via standard teletype automated SSR TKNE to host outbound interline carriers.

Accept and store E-Ticket number data transmitted via standard teletype automated SSR TKNE, issued by a GDS subscriber and validated on another carrier that is not hosted in the NAVITAIRE system.

Accept and store E-Ticket number data transmitted via standard teletype automated SSR TKNE, issued by another airline that is not hosted in the NAVITAIRE system.

Accept and store E-Ticket number data transmitted via standard teletype automated SSR TKNE, issued by a GDS subscriber and validated on the host carrier’s accounting code.

Store E-Ticket numbers in the NAVITAIRE system at the passenger and segment level.

Note: Customer is responsible for negotiating and maintaining the appropriate agreements with an Electronic Ticketing Interchange and Database Provider as well as bi-lateral Interline E-Ticketing agreements with other carriers.

Display input track data from CUSS hardware while in test mode.

**Note:** Customer is responsible for negotiating and maintaining the appropriate agreements and any costs associated with the other host provider(s) for this connectivity.

**Limitations and Exclusions**

- Customer is responsible for scheduling and costs associated with common use certification, including additional development required to achieve ARINC CUSS certification (i.e., CUSS or ARINC required exception and deployment requirements).
- Kiosk hardware support and monitoring is not included.
- NAVITAIRE will provide default GoNow Touch web skins. Customer is responsible for development and testing of any branding, localization, and customization. Customer may engage NAVITAIRE to perform Professional Services via a Work Order to assist Customer with such development and testing, pursuant to the requirements defined in the specific Work Order.

**Customer Value and Recognition Rules Engine**

**General Features – Customer Value and Recognition Rules Engine**

- Configure rules for customer value score.
- Apply rules and score passengers in a PNR.
- Rules based on certain PNR criteria (e.g., program level, fare, ancillary products, class of service, origin/destination).
- Configure display value for passenger score range (e.g., High, Medium, Low).
- Display customer value default score in SkySpeed and SkyPort.
- Use customer value to set priority during operational disruptions (IROP) or schedule changes (reaccommodation).
- Use customer value during seat assignment scheduler service.
- Use customer value to determine FlyAhead (same day confirmed) eligibility for operational involuntary or customer convenience offers.
- Expose scoring service via APIs.

**Limitations and Exclusions**

- There is no interface in SkyPort.
- Functionality is not supported in GDS or similar external channels—this is not an industry-based product.

**API Suites**

**General Features – Booking and Voucher API Suite;**

- Obtain inventory and fare availability for travel segments (flight, train, bus, ferry, etc.) in a market.
- Obtain inventory and fare availability for a whole itinerary.
- Price an itinerary including all fares and taxes.
- Display fare rule content.
- Create or cancel bookings for specified travel segments (flight, train, bus, ferry, etc.).
- Obtain SSR availability for specified travel segments (flight, train, bus, ferry, etc.).
• Book or cancel specified SSR(s).
• Retrieve a booking by record locator.
• Provide a list of names.
• Display seat maps for specified travel segments (flight, train, bus, ferry, etc.).
• Assign or unassign seats on specified travel segments (flight, train, bus, ferry, etc.) for one or more passengers.
• Accept schedule changes made to segments in a booking.
• Retrieve bookings by specified search criteria including 3rd party record locators.
• Display booking history and payment information.
• Retrieve stored baggage information by record locator.
• Add, commit, and retrieve accounts and account transactions.
• Manage queues, including add, update, and delete from a booking queue.
• Search by lowest fare in a market for a number of days out. (Premium service in which additional Fees apply.)
• Booking APIs can be used to develop and provide booking applications available on mobile devices.
• Third-party vendor capabilities to create, void, and reinstate vouchers.

General Features – Check-in API Suite
• Interact with third-party vendors, including kiosk Check-in service providers.
• Retrieve manifest or travel segment information.
• Display seat maps.
• Request or change seat assignments for specified passengers at time of Check-in.
• Confirm Check-in status for specified passengers and generate boarding passes.
• Generate baggage tags for specified passengers.
• Reprint boarding passes for checked-in passengers.
• Security control for Check-in of selected passengers.
• Generate Advance Passenger Information System (APIS) messages. (Premium service in which additional Fees apply.)
• Check-in APIs can be used to develop and provide Check-in services on mobile devices.

Negotiated Allotment (NegoAllotment)

General Features – Negotiated Allotment (NegoAllotment)*
• Search and view existing negotiated allotment contract details.
• Create, update, and release allotment space.
• Configure price per seat and fare rule options.
• Restrict sales of allotment inventory to specified distributors.
• Support for all standard reservation functions on allotment bookings.
• Protect and re-accommodate allotment passengers and space.
• User interface to administer contracts.
• Support for integration with a contract management system and processing of name lists through the Allotment API which includes the following:
  • Search and view existing negotiated allotment contract details.
  • Create, update, and release allotment space.
  • Configure price per seat and fare rule options.
  • Add, commit, and retrieve accounts and account transactions.
  • Access to the Negotiated Allotment (NegoAllotment) functionality.
  • Support for tour operator fares using negotiated fares.

* Inclusion of Apple Vacation bookings will be considered direct (as opposed to external) in the Interface and will not incur additional/overages segment booking fees per Section 1.1.2 of Exhibit K. NegoAllotment bookings from other sources will be subject to additional fees as outlined in Section 1.1.2 of Exhibit K.

Limitations and Exclusions
• Booking of blocked space via dotREZ and GDS booking channels are not supported.
• Requires Allotment API Suite add-on functionality.
Name lists are not supported; this is handled via the Booking API.

Exhibit A - 71
Hosted Web Check-in

General Features – Hosted Web Check-in;
• Retrieve passenger and travel component information by information such as credit card, record locator, travel component/passenger name, and customer number.
• Display seat maps.
• Request or change seat assignments for specified passengers.
• Confirm Check-in status for specified passengers.
• Generate boarding passes.

Data Store Products

General Features – Data Store
• The Data Store (DS) offers customers read only access to fifteen (15) months of data in the Operational Data Store (ODS) and Data Warehouse (DW) for custom reporting needs.
• Customers cannot create custom objects in or modify the ODS or DW data.
• Standard New Skies reports continue to run against the ODS.
• NAVITAIRE provides the following services for the Data Store:
  • Delivery of data committed to the New Skies database via replication articles, typically within thirty (30) minutes.
  • Transactional Data Integrity where the data committed to the New Skies database are replicated to the DS.
• Supports ten (10) standard user logins.
• Documentation includes the data model, training curriculum, and explanations of the Data Store architecture, replication, and support processes.

Note: Due to the detailed transactional nature of the data store database, this product supports custom reports but is not suited for large, time consuming queries (e.g., table scans to summarize large time frames of detailed data) or data Extraction, Transformation, and Loading (ETL) purposes. If replication to the ODS is delayed due to demanding user queries, NAVITAIRE reserves the right to abort such queries. Operational issues with the Data Store that result from NAVITAIRE’s hosting environment or staff will be addressed and corrected by NAVITAIRE. Identification and/or correction of issues resulting from Customer’s use of the Data Store are subject to the Support Services allotments set forth in Section 1.3 of Exhibit K. Questions, consulting requests, or other training and informational needs related to the Data Store will be obtained by following the standard Work Order process and contracting with Navitaire Professional Services (NPS). These Professional Services are not provided as part of the Hosted Services under this Agreement.

Limitations and Exclusions – Data Store

The Data Store is not equipped to support the following: Reports, extract processes, or applications that have time-critical needs (e.g., government security, airport Check-in, boarding, baggage, or other time-critical operational reports or data feeds) or interactive applications that enable inserting, adding, or updating reservation data. The New Skies Web Service APIs have been designed to support these functions.

Note: There are no response time commitments for the Data Store. Service level measurements and/or penalties do not apply for replication delays.

General Features – Data Store Workbench
• The Data Store Workbench (DSW) offers customers read only access to the Operational Data Store (ODS) and Data Warehouse (DW) data, as well as read/write access to the Data Store Workbench (DSW) database, for custom reporting, extraction, transformation, and loading.
• Customers can create and store custom objects in the DSW database, located on the same physical server as the ODS and DW, but cannot create custom objects in or modify the ODS or DW data.
• The DSW database size is capped at 50GB.
• Database user privileges are limited to DDL_ADMIN.

• NAVITAIRE IT staff provides basic database administration services for the DSW database which include standard data backup and recovery support.

• Job scheduling is not permitted on the DSW database server. If implemented, customers will host scheduling services on their servers at their location (e.g., SQL Server Integration Services packages).

• Standard New Skies reports continue to run against the ODS.

• NAVITAIRE provides the following services for the Data Store Workbench:
  • Delivery of data committed to the New Skies database via replication articles, typically within thirty (30) minutes.
  • Transactional Data Integrity where the data committed to the New Skies database are replicated to the ODS.
  • Supports ***** and *****. Documentation includes the data model, training curriculum, and explanations of the data store architecture, replication, and support processes.

Note: This product is designed for light custom reporting and moving reservations data to another database, data warehouse, or other system outside of the New Skies environment for processing. Due to the detailed transactional nature of the data store database, this product does not support heavy data processing tasks. If replication to the ODS is delayed due to demanding user queries, NAVITAIRE reserves the right to abort such queries. Operational issues with the Data Store Workbench that result from NAVITAIRE’s hosting environment or staff will be addressed and corrected by NAVITAIRE. Identification and/or correction of issues resulting from Customer’s use of the Data Store Workbench are subject to the Support Services allocations set forth in Section 1.3 of Exhibit K. Questions, consulting requests, or other training and informational needs related to the Data Store Workbench will be obtained by following the standard Work Order process and contracting with Navitaire Professional Services (NPS). These Professional Services are not provided as part of the Hosted Services under this Agreement.

Limitations and Exclusions – Data Store Workbench

The Data Store Workbench is not equipped to support the following: Reports, extract processes, or applications that have time-critical needs (e.g., government security, airport Check-in, boarding, baggage, or other time-critical operational reports or data feeds) or interactive applications that enable inserting, adding, or updating reservation data. The New Skies Web Service APIs have been designed to support these functions.

Note: There are no response time commitments for the Data Store Workbench. Service level measurements and/or penalties do not apply for replication delays.

Low Fare Finder

General Features – Low Fare Finder

• Ability to search for the lowest fares within a specified time frame (up to a 15 day period on either side of a target date and in a user-specific market).

• Search results display the lowest fares in a calendar format within the specific time frame.

• Ability to allow passenger to view all available fares over a range of dates, rather than limiting search to a single departure date and arrival date.

Limitations and Exclusions

• Service Level targets and/or penalty/rebate calculations do not apply for this product or for any Service Level issues caused by this product,

• Tests have been performed on the functionality to confirm basic operating requirements, but in the event that the Low Fare Finder functionality is determined to have impact on other functions, NAVITAIRE reserves the right to temporarily disable functionality.
All-Inclusive Pricing

General Features – All-Inclusive Pricing

• Provides Customer with the ability to build base fares and then configure the system to display the all-inclusive price in SkySpeed, dotREZ, and SkyPort.
• Provides Customer with the ability to implement a flexible solution, disclosing unavoidable costs associated with the booking at the time of sale, only when specifically configured to do so,
• Ability to configure by market and by specific user role (“All Markets” setting is available).
  • Displays a combined base fare plus all applicable taxes and travel fees for the passenger.

Limitations and Exclusions – All-Inclusive Pricing

• The system will only apply taxes and additional travel fees as set up by Customer.
• Does not communicate an all-inclusive price to CRS/GDS/ARS booking channels.

Disaster Recovery Services

General Features – Disaster Recovery Services

• Disaster Recovery Invocation is structured into three (3) main phases of service re-instatement:
  • Business Critical Services are those portions of the Services reinstated subject to the RPO and RTO objectives stated in this Agreement:
  • Secondary Services are those portions of the Services reinstated subject to capacity and performance requirements of the Business Critical Services; and
  • Tertiary Services are other optional Services reinstated as required and agreed with Customer.

Declaring a Disaster: The DR Site will be used for Hosted Reservation Services upon declaration of a Disaster as follows: (a) only in the event of a Disaster resulting in a catastrophic failure in the primary data center; and (b) upon approval from NAVITAIRE and Customer Executive sponsors. Upon declaration of a Disaster, NAVITAIRE will send a notification and confirmation of the declaration of Disaster in writing as soon as reasonably practicable (including E-mail) to Customer Executive Sponsors noting the time of the invocation of the failover to the DR site and Customer shall send a confirmation response.

Exhibit A - 74
NAVITAIRE shall use reasonable efforts to meet all time limits set for its performance of services under the Agreement and, in the event that NAVITAIRE is unable to perform any service under this Agreement within the time limit that has been set for such performance herein, the Parties may by mutual agreement extend time for the performance of such service.

**Messaging Services:** In the case of a failover to the DR Site, direct links (e.g., Type A/EDIFACT, API) for distribution and operational messaging will be unavailable. Type B/Teletype messaging will only be available via a third party link (e.g., SITA/ARINC), for which Customer may incur additional message fees. Type B/Teletype inbound traffic can be received from Sabre, Travelport, and Amadeus at the alternative site provided that Customer has initiated with the third party providing the link (e.g., SITA/ARINC) specific connectivity for the inbound traffic to the alternate site (e.g., Navitaire’s London data center) and informed NAVITAIRE the specifics for that traffic. SecureFlight/PNRGov/APP functionality will be available and traffic can be received at the alternate site provided that Customer has initiated with the third party providing the link (e.g., SITA/ARINC) specific connectivity for the traffic to the alternate site (e.g., Navitaire’s London data center) and informed NAVITAIRE the specifics for that traffic. Any Customer-specific connections to the primary data center for functions including, but not limited to, GDS custom links, interline, code-share, and E-Ticketing will be unavailable unless Customer has procured alternate connectivity to the DR Site for such Customer-specific connections and informed NAVITAIRE the specifics of those links.

**DR Site Usage:** Once a declared Disaster triggers a failover to the DR Site, Customer will conduct its operations as to minimize capacity stress on the Hosted Services and the Hosted Services System. Customer will avoid special inventory sales and other high volume activities while hosted on the DR Site.

**Increased DR Site Capacity:** If the Disaster necessitates a data center replacement for the primary data center, NAVITAIRE will provide the Hosted Services from the DR Site consistent with those at the primary data center immediately prior to the occurrence of such Disaster within a reasonable timeline, dependent on the nature of the Disaster.

**System Availability Targets:** In the event of failover to the DR Site, System Availability Targets will be suspended until service is restored to the primary data center or full capacity is delivered from the DR Site after a stabilization period, whichever is sooner.

**DR Site Connectivity:** Data circuits to the DR Site are the responsibility of Customer and may be in the form of standby, VPN, or dedicated circuits. NAVITAIRE will provide the circuit between the primary data center and the DR Site to perform data synchronization.

**Testing of the DR site:**
- Customer is required to undertake an invocation test (a failover and fallback) contemporaneously with the upgrade process to a new release and for initial go live of the New Skies system; Customer’s failure or refusal to perform this test will invalidate the RTO and RPO objectives; while Customer and NAVITAIRE may jointly agree to perform additional invocation tests, NAVITAIRE reserves the right to limit the number of invocation test in a calendar year.
- Scope of testing will include row-count compares and sample PNR reviews between data located at the primary data center and the DR Site. Data integrity testing will include a data validation check via direct login to Customer’s database housed at the DR Site. Connectivity sufficient to perform the Data Integrity test will be established using a Customer provisioned WAN connection. Customer is responsible for verifying that routing does not rely on the primary data center.
- Upon project initiation, Customer and NAVITAIRE shall come together to prepare a Client New Skies Recovery Plan which shall address, among other things, mutually agreed parameters for the invocation test, including processes, definitions, sequence, priority, initial implementation and ongoing DR maintenance testing of the services and other key elements.
Type B/Teletype Connectivity for Operational Messages

General Features – Type B/Teletype Connectivity for Operational Messages

Outbound Messaging

- Deliver outbound messages to Type B/Teletype addresses.
- Outbound messages adhere to the same formats and data structures outlined in the New Skies Type B/Teletype Messaging Reference Guide.
- Support for the following outbound message types:
  - ADL – Additions and Deletions List
  - BSM – Baggage Service Message
  - MVT – Aircraft Movement message
  - NAM – Lid/Sold custom message
  - PNL – Passenger Name List
  - PXA – Actual Passenger ‘checked-in’ counts
  - PXB – Actual Passenger ‘booked’ counts
  - PAL – Passenger Assistance List
  - CAL – Change Assistance List
- Support for the following for PAL/CAL messages:
  - Meets requirements identified in IATA Document 1708a, Any Passenger Assistance List (PAL) and Change Assistance List (CAL) messages will be forwarded via Type-B Messaging.
  - A PAL list will be generated one time for each designated flight.
  - A CAL list will be generated only if there are changes since the delivery of the flight’s initial PAL list. Multiple CAL lists may be generated, if necessary, due to subsequent changes to passenger information and their reduced mobility qualification status (add, change, delete).
  - PAL and CAL lists are automatically generated and contain the following information:
    - Flight Information
    - Passenger name
    - SSR code (BNLD, DEAF, OPNA, MAAS, WCHC, VVCHR, WCHS)
    - Flight Details
    - One inbound connection
    - One outbound connection
  - If a designated flight has no PRMs on board, a PAL and/or CAL list is still generated. In such cases, a NIL value is provided.

Inbound Messaging

- Receive inbound messages to a Type B/Teletype address.
- Process inbound messages received via Type B/Teletype connectivity.
- Inbound messages adhere to the same formats and data structures outlined in the New Skies Type B/Teletype Messaging Reference Guide.
- Support for the following inbound message types:
  - MVT – Aircraft Movement message
  - OPS – Weather/Flight-Release file
  - PFS – Passenger Final Status
  - PXA – Actual Passenger “checked-in” counts
  - PXB – Actual Passenger “booked” counts

Note: Customer is responsible for negotiating and maintaining the appropriate agreements and any costs associated with the other host provider(s) for this connectivity.

Exhibit A - 76
Message Facilitation for Advanced Passenger Information System (APIS)

**General Features – Message Facilitation for Advanced Passenger Information System (APIS)**

APIS (Advanced Passenger Information System) is a non-interactive data collection system used by carriers to transmit traveler data to government entities. The Message Facilitation for Advanced Passenger Information System (APIS) facilitates the collection of the data required by Customer with respect to its regulatory requirements. While each government entity has specific data and transport requirements, in general the system provides a mechanism for Customer to:

- Collect Passenger travel document information during the booking process and at Check-in via the following applications:
  - Call center application (SkySpeed)
  - Airport (SkyPort) via passport scanner or manual input
  - API (booking and Check-in)
  - GDS
  - Codeshare
- Format the data for transmission. Transmit APIS data to the network transport provider (e.g., SITA/ARINC as directed by Customer) for the delivery of the data to the respective regulatory entity by the network transport provider.

**Limitations and Exclusions**

- Transmission of crew data is not supported.
- XML message formats are not supported.
- Certification with connectivity provider is to be performed by Customer.
- APIS functionality is only available for flights for which Customer utilizes New Skies Check-in functions. APIS functionality is not available for flights managed via a third party DCS.
- NAVITAIRE will provide Customer with an initial sample format for these messages during implementation. Any applicable fees in connection with any modifications to the message format made whether during implementation or thereafter will be charged to Customer pursuant to a Work Order.

Message Facilitation for Customs and Border Protection (CBP) PNR Push

**General Features – Message Facilitation for Customs and Border Protection (CBP) PNR Push**

Customs and Border Protection (CBP) PNR Push is a non-interactive data collection system used by carriers to transmit traveler data to the United States government. The Message Facilitation for CBP PNR Push facilitates the collection of the data required by Customer with respect to its regulatory requirements. While each government entity has specific data and transport requirements, in general the system provides a mechanism for Customer to:

- Format PNR data for transmission to US Customs and Border Protection for reservations where one or more Segments are for travel inbound to or outbound from the United States.
- Transmit PNR data upon completion of initial booking, modification to booking, and flight close to the connectivity provider (e.g., SITA/ARINC as directed by Customer) for the delivery of the data to the respective regulatory entity by the connectivity provider.

**Limitations and Exclusions**

- Certification with connectivity provider is to be performed by Customer.
- CBP PNR Push functionality is only available for flights for which Customer utilizes New Skies Check-in functions. CBP PNR Push functionality is not available for flights managed via a third party DCS.
- NAVITAIRE will provide Customer with an initial sample format for these messages during implementation. Any applicable fees in connection with any modifications to the message format made whether during implementation or thereafter will be charged to Customer pursuant to a Work Order.
- Transmission of crew data is not supported.
- XML message formats are not supported.

Exhibit A - 77
Message Facilitation for PNRGOV

General Features – Message Facilitation for PNRGOV

PNRGOV is an interactive data collection system used by carriers to transmit traveler data to government entities. The Message Facilitation for PNRGOV facilitates the collection of the data required by Customer with respect to its regulatory requirements. Customer is responsible for providing the specific data, transport and response requirements for each individual government entity. While each government entity has specific requirements in general the system provides a mechanism for Customer to:

- Format passenger (PNR) data for transmission.
- Transmit PNR data to the connectivity provider (e.g., SITA/ARINC as directed by Customer) for the delivery of the data to the respective regulatory entity by the connectivity provider, which may include the following types of information, based upon government specific requirements:
  - Booking Details: PNR (including CRS/GDS locators if available), create date, contact information, general remarks, travel agent information, reservation history.
  - Payment Details: payment date, type, amount (may include credit card number if required)
  - Passenger Details: full name, passenger travel documents, ticketing information, frequent flyer information
  - Travel Details: flight date(s), itinerary, status, baggage, seats, code share information
- Store confirmation in the PNR if PNRGOV message has been sent.
- In the event that an acknowledgement message is received from the government entity, receive and store transmission date and time of the acknowledgement message in the DCS log, viewable via the DCS MESSAGES tab of the DCS log user interface.
- Configure scheduled message transmit time via the Management Console.
- Initiate ad-hoc messages from SkyPort or the Utilities interface to transmit PNR data.

Limitations and Exclusions

- Acknowledgement message data viewable from the DCS MESSAGES tab is only available for the length of time that the EPIC logs are retained.
- XML message formats are not supported.
- NAVITAIRE will provide Customer with an initial sample format for these messages during implementation. Any applicable fees in connection with any modifications to the message format made whether during implementation or thereafter will be charged to Customer pursuant to a Work Order.
- Certification with connectivity provider is to be performed by Customer
- PNRGOV functionality is only available for flights for which Customer utilizes New Skies Check-in functions.
- PNRGOV functionality is not available for flights managed via a third party DCS.
- Transmission of crew data is not supported.

Message Facilitation for Secure Flight

General Features – Message Facilitation for PNRGOV

Secure Flight is an interactive data collection system used by carriers to transmit traveler data to government entities for United States domestic flights, flights to/from the United States and flights that qualify as United States overflights as identified by Customer. The Message Facilitation for Secure Flight facilitates the collection of the data required by Customer with respect to its regulatory requirements. While each government entity has specific data and transport requirements, in general the system provides a mechanism for Customer to:

Boarding Pass

- Collect traveler passport data at the time of booking or at the time of Check-in for travel to or from outside the US.
- Format the data for transmission, including passenger redress number and known traveler number if provided by passenger and traveler passport data for international flights.
• Transmit the data during the transmission timeframe (e.g., ***** prior to departure) to the connectivity provider (e.g., SITA/ARINC) for the delivery of the traveler data to the United States Department of Homeland Security (US-DHS) by the connectivity provider, as directed by Customer.

• Receive US-DHS passenger status response messages and store the passenger status response from the US-DHS with passenger’s PNR.

• Display the passenger status response and based upon the US-DHS passenger status response:
  • Print boarding pass for passengers identified as cleared by US-DHS.
  • Configure selectee data for boarding pass and bag tag for passengers identified as selectees by US-DHS
  • Do not print boarding pass for passengers identified as inhibited by US-DHS.

Gate Pass Holder

• Collect gate pass holder data via SkyPort. The gate pass is a document issued within the US to non-travellers, allowing them entry though airport security to a sterile area normally reserved for passengers.

• Format the gate pass holder data for transmission.

• Transmit to the connectivity provider (e.g., SITA/ARINC) for the delivery of the gate pass holder data to the United States Department of Homeland Security (US-DHS) by the connectivity provider, as directed by Customer.

• Display gate pass response message from the US-DHS.

• Generate a gate pass for a cleared response.

Unsolicited Messages

• Receive US-DHS unsolicited messages.

• Format acknowledgement response to unsolicited messages.

• Transmit acknowledgement response for unsolicited response to the connectivity provider (e.g., SITA/ARINC as directed by Customer) for the delivery of the acknowledgement response to the United States Department of Homeland Security (US-DHS) by the connectivity provider, as directed by Customer.

• Store updates to passenger status from the US-DHS with passenger’s PNR.

Flight Close Out

• Format Flight Close Out / On Board message.

• Transmit Flight Close Out / On Board message to the connectivity provider (e.g., SITA/ARINC) for the delivery of the gate pass holder data to the United States Department of Homeland Security (US-DHS) by the connectivity provider, as directed by Customer.

Limitations and Exclusions

• Transmission of crew data is not supported.

• XML message formats are not supported.

• Flights which are domestic to domestic outside of the United States are not supported (e.g., ORY to NCE), with the exception of overflights identified by Customer.

• The ability to collect, store, and include passenger redress number and known traveler number is not currently available if the transaction is received by NAVITAIRE via IATCI messaging.

• Certification with connectivity provider is to be performed by Customer.

• Secure Flight functionality is only available for flights for which Customer utilizes New Skies Check-in functions. Secure Flight functionality is not available for flights managed via a third party DCS.

• NAVITAIRE will provide Customer with an initial sample format for these messages during implementation. Any applicable fees in connection with any modifications to the message format made whether during implementation or thereafter will be charged to Customer pursuant to a Work Order.
Travel Commerce Services

General Features – Travel Commerce Services

• Search for and book ancillary components in dotREZ or SkySpeed as part of the travel booking process and store the component within the Super PNR.
• Search for and book ancillary components in dotREZ or SkySpeed without travel components and store the component(s) within the Super PNR.
• View the Travel Commerce components in an existing PNR, including Supplier confirmation number and other relevant booking details.
• Add an ancillary component to an existing booking through dotREZ or SkySpeed.
• Cancel an ancillary component booking from SkySpeed or dotREZ.
• Locally host inventory for insurance.
• Configure product availability by supplier and location.
• Include ancillary components in the traveler’s itinerary email notification.
• Configure markups within a component’s pricing for locally hosted components.
• Store supplier confirmation numbers within the Super PNR.
• Add a markup by supplier.
• Specify cancellation fees by supplier.
• Aggregate available products from multiple Suppliers in a single search result.
• Manage product inventory as a retail item, free-sell, or inventory by day (i.e., block space).
• Query multiple sub-locations within a parent location during a single product search.

Supplier Connectivity

• Support for direct interfaces to Content Providers via XML API connections. List of available connections is subject to change and will evolve with each product release.
• Additional connections can be requested through the enhancement process or via a NAVITAIRE work order.

Standard Reports (Travel Commerce specific)
Reports are viewed on-line via a browser interface.

• The following standard reports related to Travel Commerce functionality are available:
  • Ancillary Services Summary – Summary of revenue by provider.
  • Ancillary Services Detail – Transaction level report.
  • Insurance Report – Details by transaction on each policy sold/canceled.
  • Car Rental Report – Details by transaction on each car rental booking or cancellation
  • Note: Reports may be added to, deleted, modified, changed, eliminated, or substituted at the discretion of NAVITAIRE at any time.

Loyalty Services

General Features – Loyalty Services

• Ability to set up the parameters of Customer’s Frequent Traveler Program,
• Ability to upgrade or downgrade a member account.
• Ability to track customer travel by points/miles/credits for flown segments.
• Ability to look up and adjust members’ accounts.
• Built-in rules engine for configuring awards and promotions. Each rule has an effective and discontinue date, and includes the ability to define award rules using numerous criteria.
• Ability to test rules in the Rules Engine.
• Supports two options for computing points:
  • Fixed amount (e.g., 1 point for every segment flown); and
  • Percentage amount (e.g., ***** of the fare as points, or ***** of the mileage).
• Supports accrual of qualifying (elite) points/mileage/credits while accruing redeemable points.
• Supports multi-level programs such as silver/gold/platinum.
• Supports automatic upgrades and downgrades to/from a higher status level.
• Supports expiration of points after a specified time period.
• Customizable on-line account statement.
• Service desk UI for adding missing flight credits, customer service adjustments, researching activity, etc.
• Support--for call center redemptions
• Support for points fares published in SkyFare.
• Support for third-party accruals via batch file of API, including accrual rules engine with different criteria for each partner type.
• Support for retro credit for past flight requests through the call center.
• Supports reverse redemption with the ability to maintain and observe original expiration dates.
• Supports an Error Log with a descriptive reason included in the detail. Ability to sort by field names.
• Reports:
  • Flight Redemption Activity – detail report of host flight redemptions;
  • Redemption Activity – report of redemptions by third-party partners;
  • Host Accrual Activity Summary – summary of all accrual activity;
  • Partner Accrual Activity Summary – summary of all accrual activity, which can be Altered by partner
  • Loyalty Program Member Accrual – report with accrual details by program member;
  • Outstanding Award point balance for use in accounting to track outstanding liability;
  • Adjustment report – report of manual adjustments made to customer accounts; and
  • Recognition Level Log and Summary Reports – includes manual an automatic upgrade details.
• Ability for members to register on-line and manage on-line profile.

Loyalty Services – New Skies interfaces
• Real-time interface for boarded passengers for posting points at time of boarding of flight close.
• Integration for market distances and customer levels.
• Integration of member account statement into SkySpeed 360 degree passenger profile view.

6. Customer Hardware, Software, Connectivity and Network Requirements

6.1 Equipment Specifications. These equipment specifications outline the required, supported hardware and software necessary for the proper function and efficient operation of the Hosted Reservation Services and applicable products. Unless otherwise specified in this Agreement, the equipment and software listed below are the responsibility of Customer. This list may not be all-inclusive, depending on the technical requirements of Customer.

All specifications are subject to change. Customer will be provided with not less than ***** notice of incremental hardware upgrade requirements.

Exhibit A - 81
6.2 Third Party Software. Customer is required to purchase directly from third party software providers other related third party software licenses necessary to use the Hosted Reservation Services, including without limitation the following:

- *****
- *****
- *****

Failure to maintain current versions of such third party hardware and software may result, at NAVITAIRE’s option, in the suspension of Support Center Support as described in Exhibit J.

6.3 Credit Card Processing

6.3.1 Authorization and Settlement Services. Customer will be allowed ***** with a third party, and ***** with a third party, any additional connections will be quoted upon request.

6.3.2 Card and Payment Types.

- **Supported Credit Cards:** NAVITAIRE currently supports VISA, American Express, MasterCard, JCB, Diners Club, and Discover Card.
- **Supported Debit Cards:** NAVITAIRE currently supports regional debit cards such as Visa Electron (EL), Visa Delta, Visa Connect, Switch/Solo, Maestro, and Laser.
- **Not Supported:** Debit cards requiring a Personal Identification Number [PIN], ATM cards, or private label credit cards are not supported.
- **ELV:** Ability to use an Elektronisches Lastschriftverfahren (ELV) form of payment through a European payment gateway is supported.
- **UATP:** Ability to use the UATP form of payment is supported through a web service connection via the internet to UATP from SkyPay. Customer may also choose to process UATP payments via their PSP, if supported by their PSP, through NAVITAIRE’s standard payment connection to that PSP.

Exhibit A - 82
6.3.3 Data Circuits. Customer must arrange and pay for necessary circuits for authorization and settlement file transmissions.

6.3.4 Data Transmission. By selecting external and/or third party payment related services such as credit card authorization, settlement, 3-D Secure, DCC, etc., Customer authorizes NAVITAIRE to electronically transmit certain Customer data to providers of such services in order to facilitate the provision of payment related services.

6.3.5 Authorization and Settlement Providers. Customer shall be responsible for contracting with third party authorization and settlement providers, and NAVITAIRE shall not be responsible for the use, disclosure and treatment of any Customer Personal Data by such third parties. A list of NAVITAIRE supported authorization and settlement providers will be provided to Customer upon request. Should Customer elect to use an authorization or settlement provider not currently supported by NAVITAIRE, such authorization or settlement provider is subject to NAVITAIRE approval and the certification costs, including development, are payable by Customer.

6.4 CRS/GDS/ARS Agreements and Connection Fees (to Support Optional CRS/GDS/ARS Type B/Teletype, Type A/EDIFACT, and/or Codeshare Connectivity). Customer must negotiate and have in place, no later than ***** prior to the Target Date, the necessary participating agreements with each of the NAVITAIRE supported Computerized Reservation System/Global Distribution System (CRS/GDS) providers or airline and associated Airline Reservation System (ARS) providers. Implementation, integration, connection and Service Fees as described in Exhibit K and line charges may apply. NAVITAIRE will order and facilitate the installation of all circuits required to process CRS/GDS/ARS bookings, upon written notice from Customer.

7. Service Levels and Service Level Targets

7.1 Service Level Scope. The “Service Levels” contained in this Section represent the target service performance for the provision of the Hosted Services. Metrics, measurement, and reporting will create performance assessment measures that apply to operations services in the following three service categories:

- System availability targets.
- Metrics, measurement, and reporting.
- Remedies and corrective action.

Exhibit A - 83
7.2 Service Levels

7.2.1 System Availability. NAVITAIRE will provide Customer with an overall Minimum System Availability Target of ***** of all Reporting Period Minutes for the applicable Reporting Period. Interrupted Service Minutes will be measured and used to determine the percentage of monthly Hosted Reservation Services and Hosted Web Services System availability. Actual System Availability for each Reporting Period shall be determined by: *****. Interrupted Service due to Customer misuse of the Hosted Reservation Services System or acts or omissions of third parties not under NAVITAIRE’s control will be excluded from Interrupted Service Minutes and may incur Support Fees at the rate specified in Exhibit K, Section 1.3.

a) Network Responsibilities. The diagram below shows those hardware components, network components (excluding the internet), and the software that resides on those components that are owned from a service level perspective by NAVITAIRE and those items that are owned by Customer. Items that are contained within the dotted-line (on the right side of the diagram) are the responsibility of Customer. During the event of an Interrupted Service, NAVITAIRE is responsible for errors that occur involving the hardware components, network components, and the software that reside outside of the dotted-line area.

Exhibit A - 84

b) Planned Downtime. Planned Downtime will be used to provide hardware and software maintenance services. Planned Downtime is scheduled at a time that is agreeable for NAVITAIRE and Customer, generally between 12:00 AM and 4:00 AM local time for Customer. NAVITAIRE will notify Customer no later than *****prior to the scheduled event if the time is needed for NAVITAIRE for Change Control purposes, with the exception of emergency maintenance, in which case NAVITAIRE will notify Customer as soon as reasonably practicable. Customer may request any Planned Downtime be rescheduled, providing there is reasonable cause for such a delay. This notification must be made to NAVITAIRE at least ***** in advance of the Planned Downtime.

Exhibit A - 84
7.3 Service Levels Reporting

7.3.1 General. Regular, standardized Service Levels reporting provides a common denominator, which measures and evaluates service performance. This provides a basis on which conclusions can more easily be drawn as to the actual Service Levels achieved. NAVITAIRE will monitor and measure performance of specified Service Levels items and send a Monthly Performance Report to Customer for review and approval. The report will be structured for Customer’s internal use and metrics will be generated and distributed on a monthly basis.

7.3.2 Report Information

- Monthly Performance Report. NAVITAIRE will submit a Monthly Performance Report by the tenth business day of the subsequent month following the Reporting Period to the Customer Account Liaison. The report will contain the monthly indicator of Service Levels statistics and will be transmitted via email unless otherwise requested by Customer. The report will also summarize all Interrupted Service Reports for the Reporting Period.

- Interrupted Service Report. NAVITAIRE will provide an Interrupted Service Report, created by the NAVITAIRE Support Center, following an Interrupted Service event. This report will summarize circumstances, identified cause (if known) and will outline any identified corrective action. Interrupted Service Reports can be tracked by the associated INC number for reference on the Monthly Performance Report.

7.3.3 Report Follow Up. If Customer has any questions or objections to the Interrupted Service Report, they will notify their NAVITAIRE Account Manager within ***** of receiving the report and NAVITAIRE shall respond within ***** of notification. If the parties cannot agree on the measurements reported, the matter will be escalated to the respective Executive Sponsors, and, if still unresolved, will be escalated as outlined in Section 17.5 of the Agreement (Dispute Resolution).

7.4 Review and Correction

7.4.1 NAVITAIRE Account Manager Review. In addition to Support Center Support and Emergency services, the NAVITAIRE Account Manager will coordinate a teleconference with the Customer Account Liaison within ***** of the Interrupted Service to discuss the details of the Interrupted Service and to update Customer on any identified cause or status. The NAVITAIRE Account Manager will close the Interrupted Service Report with the Customer Account Liaison upon final report of identified cause and any outline of corrective action.

7.4.2 Executive Review. Upon the request of the NAVITAIRE or Customer Account Liaison, an Executive Sponsor teleconference and a further escalation to the CEO, President, or Managing Director level of each company may be made depending on the severity of the Interrupted Service.

Exhibit A - 85
7.5 Remedies and Corrective Action. The remedies and corrective action described below will be applied with respect to each Reporting Period, which commences following completion of Implementation Services.

7.5.1 Corrective Action. The NAVITAIRE Account Manager shall monitor corrective action and report to the Executive Sponsors. In the event that the Minimum System Availability Target is not met during the Reporting Period, the NAVITAIRE Account Manager shall initiate corrective action during the subsequent Reporting Period, Subject to Section 7.5.2, NAVITAIRE shall, at its own expense, use commercially reasonable efforts to correct the deficiency in order to meet future Minimum System Availability.

7.5.2 Failure Notification. Upon a second failure of NAVITAIRE to meet the Minimum System Availability Target during successive Reporting Periods, the issue shall be escalated to the CEO, President, or Managing Director level of each company. Customer may notify NAVITAIRE, in writing, of the failure to meet the Minimum System Availability Target. Upon receipt of such notice, NAVITAIRE will begin reporting System Availability in weekly Reporting Periods and will communicate to Customer within and in writing the status of improvement in performance.

7.6 Notification of Increased Usage and Stabilization Period. As previously stated in Section 4.3 of the Agreement, Customer agrees to use commercially reasonable efforts to provide NAVITAIRE with the designated advance notice of significant events that may result in Customer’s usage of the Hosted Reservation Services to exceed Peak Usage.

Due to the anticipated impact on performance of the Hosted Reservation Services caused by the implementation of the infrastructure to support an increase in Peak Usage (as documented in an amendment as described in Section 4.3 of the Agreement), the first ***** following such implementation will be a stabilization period to allow the Hosted Reservation Services to stabilize from the influence of the increase in infrastructure. During such stabilization period, NAVITAIRE shall be exempted from its obligations with respect to the Service Levels set forth in this Exhibit A, Section 7, and during such time NAVITAIRE will work with Customer to evaluate the Service Levels. At the conclusion of the Stabilization Period, the Service Levels set forth in this Exhibit A, Section 7, shall remain in effect unless the parties mutually agree on revised Service Levels, via an amendment to the Agreement.

Exhibit D - 91
The following terms and conditions shall apply to Customer’s use of the Powered by NAVITAIRE Mark (the “Mark”), as described in Section 4.11 of the Agreement.

1 Mandatory Use of the Mark
In consideration for NAVITAIRE allowing Customer and/or its users to access the Hosted Services System, Customer agrees to and shall acknowledge and credit NAVITAIRE by using the Mark. Such requirements are more specifically outlined in Section 2 herein.

2 Guidelines for Using the NAVITAIRE Wired Mark

2.1 Sizing and Placement Requirements. Customer is required to use the Mark to credit NAVITAIRE as follows:

2.1.1 NAVITAIRE will provide Customer with digital reproductions of the Mark in approved colors (including black and white) and sizing for use by Customer. The Mark may not be redrawn, typeset, altered or visually modified or distorted in any manner unless approved by NAVITAIRE in writing.

2.1.2 The Mark may only be used to indicate access to the Hosted Services System, or any publicly available application (e.g. webpage, kiosk, etc.) which uses the NAVITAIRE Application Program Interfaces (APIs) for booking, Check-in or flight information purposes. Customer may not: (a) display the Mark on packaging, documentation, collateral, or advertising in a manner which suggests that any travel product is a NAVITAIRE product or in a manner which suggests that NAVITAIRE endorses any travel product; or (b) use the Mark as a part of any travel product name.

2.1.3 Sizing of the Mark may be no smaller than 115 pixels in width, and the proportions of the Mark may not be altered in any way. NAVITAIRE will provide modified digital marks for applications larger than 115 pixels in width.

2.1.4 The Mark must be placed on a contrasting background so that the Mark is clearly visible against its background.

2.1.5 The Mark must stand alone. A minimum amount of empty space must be left between the Mark and other objects on the screen. The Mark must appear by itself, with a minimum spacing of 20 pixels between each side of the Mark and other graphics imagery (typography, photography, illustrations, etc.) on the page.
2.1.6 Customer shall not combine the Mark with any other feature including, but not limited to, other marks or logos, words, graphics, photos, slogans, numbers, design features, or symbols, such that it creates or gives the impression of a unified, composite mark.

2.1.7 Individual graphic elements of the Mark may not be used as design features on the travel product, travel product packaging, documentation, collateral materials, advertising, or for any purpose other than as permitted herein.

2.1.8 The Mark is an official mark and shall at all times remain the property of NAVITAIRE. The Mark includes graphic elements and accompanying words. The Mark shall always be expressed as an integrated whole.

2.1.9 NAVITAIRE may change the Mark or substitute a different mark at any time; provided, however, that NAVITAIRE provides ninety (90) days prior written notice and, further provided, that such change or substitute Mark do not have substantially different sizing and placement requirements.

2.2 Color Treatment. Approved Mark colors (Included in the Mark as supplied by NAVITAIRE) are:

2.2.1 Two Color Applications. The Mark must be used in the colors supplied by NAVITAIRE, which are medium blue for “Powered by NAVITAIRE” and light blue for the ‘swoosh’ below the NAVITAIRE portion of the graphic.

2.2.2 Black and White Applications. An all black Mark or an all white Mark may be used if this color scheme is more compatible with Customer’s website branding.

2.3 Location. The Mark shall appear on all booking and information pages on any publicly available application (e.g. web page, kiosk, etc.) which uses the NAVITAIRE Application Program Interfaces (API(s)) for booking, Check-in, or flight information purposes.

2.4 Quality Control

2.4.1 NAVITAIRE shall be entitled to approve all uses of the Mark prior to the travel product being functionally capable of accessing the Hosted Services System or advertising it as such to ensure compliance with this policy.

2.4.2 Customer shall supply NAVITAIRE with suitable specimens of Customer’s use of the Mark in connection with travel product at the times and in the manner described in this Exhibit E, Section 2, or at any time upon reasonable notice from NAVITAIRE. Customer shall cooperate fully with NAVITAIRE to facilitate periodic review of Customer’s use of the Mark and of Customer’s compliance with the quality standards described in this Exhibit.

Exhibit E - 93
2.4.3 Customer must correct any deficiencies in the use of the Mark within ten (10) business days after receiving notice from NAVITAIRE.

2.4.4 NAVITAIRE reserves the right to terminate Customer’s license to use the Mark and, if necessary, take action against any use of the Mark that does not conform to these policies, infringes any NAVITAIRE intellectual property or other right, or violates other applicable law; provided that if NAVITAIRE exercises any such rights, Customer shall thereafter not be under any obligation to use the Mark, whether pursuant to Section 4.11 or otherwise.

2.4.5 NAVITAIRE reserves the right to conduct spot checks on the Customer Website to ensure compliance with this policy.

3 License Grants and Restrictions

3.1 NAVITAIRE thereby grants to Customer a worldwide, non-exclusive, non-transferable, royalty-free, revocable, personal right to use the Mark solely in conjunction with the travel product in the manner described in the guidelines set forth in this Exhibit E, Section 2, and as may otherwise be approved by NAVITAIRE from time to time, subject to the terms and conditions of this Agreement and this Exhibit E.

3.2 All rights not expressly granted are reserved by NAVITAIRE. Customer acknowledges that nothing in this Exhibit shall give it any right, title or interest in the Mark or any part thereof, other than the license rights granted herein. Customer may not use or reproduce the Mark in any manner whatsoever other than as described in this Exhibit E, Section 3.

3.3 Customer agrees that it will not at any time dispute or contest: (a) the validity of the Mark or any registrations of the Mark, whether now existing or hereafter obtained; (b) the exclusive ownership by NAVITAIRE, its successors or assigns, of the Mark or of any registrations of the Mark, whether now existing or hereafter obtained; or (c) the exclusive ownership by NAVITAIRE of the present and future goodwill of the business pertaining to the Mark.

4 No Further Conveyances

Except as permitted in accordance with an assignment of this Agreement pursuant to Section 13 of the Agreement, Customer shall not assign, transfer or sublicense any right granted in this Exhibit E in any manner without the prior written consent of NAVITAIRE.

Exhibit E - 94
5 No Endorsement

5.1 Customer may not use the Mark in any way as an endorsement or sponsorship of the travel product by NAVITAIRE; provided that any use as required pursuant to Section 4.11 shall not be deemed a breach of the foregoing covenant.

5.2 Customer shall not use the Mark in any manner that disparages NAVITAIRE or its products or services, or infringes any NAVITAIRE intellectual property or other rights.

6 Termination

6.1 NAVITAIRE reserves the right, at its sole discretion, to terminate Customer’s license to use the Mark at any time; provided that if NAVITAIRE exercises such right, Customer shall thereafter not be under any obligation to use the Mark, whether pursuant to Section 4.11 or otherwise.

6.2 Customer may terminate its use of the Mark by: (a) terminating the Agreement as permitted therein; and (b) terminating Customer and/or Users access to the Hosted Services System.

6.3 Upon termination of the Agreement, any and all rights and or privileges to use the Mark shall expire and use of the Mark shall be discontinued.

HOSTED WEB SERVICES – dotREZ – INTERNET RESERVATION FRAMEWORK

1 Definitions

As used in and for purposes of this Exhibit, the following terms shall be defined as set forth in this Exhibit. In the event that there exists any conflict between a definition set forth in this Exhibit and any definition contained within Section 1 of the Hosted Services Agreement (the “Agreement”), the definition set forth in this Exhibit shall control.

1.1 Corporate Website Content means the web pages and content created by Customer to promote their corporate site, along with all other pages and processes that are independent of the dotREZ booking processes.

1.2 Server means the physical web server.

2 Scope of Services

NAVITAIRE will provide certain services and support functions during the Term of the Agreement to support the dotREZ – Internet Reservation Framework included in the Hosted Web Services and related applicable products. Of the available Hosted Web Services, Customer has selected the products and/or services outlined in Exhibit K.

3 Implementation Services

3.1 Data Center Implementation Services. NAVITAIRE will configure, install, activate, and test the necessary data center hardware and software for providing the Hosted Web Services to Customer. Unless otherwise specified, these services do not include communication circuits, wireless data services, or any remote communication devices, including routers or network hardware. Client personal computers, workstations, or other Customer devices connected to the Hosted Services System are the responsibility of Customer and must meet the minimum specifications as required by NAVITAIRE. NAVITAIRE shall notify Customer of such minimum specifications in order for Customer to procure and implement the same in a timely fashion consistent with any planned implementation changes or cutover to the Hosted Services System.

3.2 Network Configuration and Design Services. NAVITAIRE will supply recommended technical diagrams and will advise Customer on required network hardware requirements for client portion of application, as necessary. Customer shall have internal or third party network expertise available for the installation and configuration of their required network.
3.3 **System Integration Services.** During the implementation of Hosted Web Services and before production use of such services, NAVITAIRE will assist in the assessment of the compatibility of third party hardware and software with the Hosted Services System. Customer shall be responsible for the cost of modifying or replacing any third party systems including hardware and software that are not part of the Services. Future integration services may be included pursuant to a Work Order using the rates outlined in Exhibit K (as modified by Section 6.4 of the Agreement).

3.4 **Strategic Business Review.** NAVITAIRE will conduct a Strategic Business Review to gather information on Customer’s desired use of the Hosted Web Services and outline capabilities of the Hosted Services System. During the Strategic Business Review, NAVITAIRE will work with Customer to conduct an onsite business process review that will create a project plan and project schedule, including NAVITAIRE and Customer responsibilities, in order to achieve successful completion of the Implementation Services on or before the Target Date.

3.5 **Hosted Web Services Installation.** The Hosted Web Services installation process will include:

- Set up of physical environments
- Import/load of Customer provided web content
- Technical and functional testing
- Customer Website efficiency review
- Conversion plan

These elements will be incorporated into the project plan with input from Customer.

3.6 **Project Reporting.** During the course of Implementation Services, the NAVITAIRE Hosted Web Services Project Manager will coordinate status reporting with the NAVITAIRE Reservation Services Project Manager. Following completion of installation of the Hosted Web Services, the NAVITAIRE Hosted Web Services Project Manager will provide Customer with status on the remaining Implementation Services for Hosted Web Services as follows: (a) Weekly Project Plan Update and Status Report; (b) Weekly Updated Issues/Resolution List; and (c) Executive Summary.

a) **Weekly Reports.** Weekly status reports will be transmitted to Customer on a weekly basis during the provision of Implementation Services. Each report will include an updated status on the implementation process and an updated project plan. A list of the following week’s tasks and goals will be included in each report.

Exhibit F - 97
b) **Weekly Updated Issues/Resolution List.** Weekly updated issues/resolution lists will be forwarded to Customer on the same schedule as the Weekly Project Plan Update and Status Report. The Issues/Resolution List will include specific additional items discovered in the project analysis, or critical issues that deserve heightened priority apart from the project plan. The Issues/Resolution List will include the task, the responsible party, date, open/close status, priority, and date of closed task. Every issue will be given a priority relative to a mutually agreed priority with Customer. Priorities will be ranked 1-5, 1 being most critical. Below is a description of each priority:

- **Priority 1 – Urgent.** All issues included in this priority are deemed critical and will be given priority attention. These issues may affect a milestone or dependency related to the completion of conversion services. Issues in this category are critical to resolve prior to other project dependencies and milestones being completed.
- **Priority 2 – High.** Issues included in this priority may affect the Target Date and require resolution prior to the completion of conversion services.
- **Priority 3 – Medium.** Issues included in this priority are not required prior to completion of conversion services, but must be finished prior to the end of Implementation Services.
- **Priority 4 – Low.** These items are not critical to either the completion of conversion services or Implementation Services but require monitoring for subsequent follow up or entry into NAVITAIRE’s Internet based customer support tool.
- **Priority 5 – Excluded.** These items are deemed excluded and are either unnecessary or may be addressed in a business process change or work-around.

c) **Executive Summary.** An Executive Summary will be provided to both the NAVITAIRE and Customer Executive Sponsors upon reaching critical milestones. These milestones will be established mutually with Customer as the final project plan has been established.

### 3.7 Implementation Services Time Frame

3.7.1 During the course of planning discussions related to this Agreement, NAVITAIRE acknowledges the Target Date for completion of the Implementation Services is *****. NAVITAIRE and Customer will detail dates and dependencies of the project plan, as summarized in the table in Exhibit A, Section 3.9.2, in order to confirm the Target Date achievability.
3.7.2 Upon receipt of the Implementation Fees due at signing and subject to Section 4.1 of the Agreement, NAVITAIRE agrees to perform the required Implementation Services within the time frame preceding the Target Date. NAVITAIRE further agrees to initiate, mutually with Customer, project-scope-analysis and project-planning communication to establish the final schedule for Implementation Services.

3.7.3 Customer understands that the Target Date may be subject to change upon mutual agreement of the parties; as such date is dependent on, among other matters, certain third party agreements/activities on behalf of both Customer and NAVITAIRE. These third party agreements/activities may include, but are not limited to, the following:

- All telecommunications and data circuits.
- Web domains and certificates.
- Web content creation and maintenance.

Customer shall immediately establish a primary technical Project Manager contact that will be assigned to interact with the Project Manager appointed by NAVITAIRE. Failure to appoint this individual will jeopardize the delivery of Implementation Services by NAVITAIRE.

3.7.4 Upon completion of the Implementation Services as described in this Exhibit, NAVITAIRE will provide written notification to the Customer Account Liaison named in Exhibit D, Section 2.

3.8 Data Import and Content Services

3.8.1 Data Import Services. NAVITAIRE will provide tools to Customer for web content download processing. NAVITAIRE will work with Customer to define the appropriate security access to such tools and notification procedures for changes requiring a web server restart.

3.8.2 Data Content Services. Customer is responsible for all web page content and navigation configuration. Customer is responsible for all web page enhancements required for the hosted web server application provider and version.

4 Operations Environment Services

4.1 Primary and Backup Data Circuits. Customer shall be responsible for all telecommunication used by Customer in connection with the transmission of data between the Hosted Services System and Customer’s site(s), as stated in Section 4.14 of this Agreement. It is anticipated that Customer will use the same primary and back-up data circuits to transmit data for the Hosted Web Services as those used to support the delivery of the Hosted Reservation Services. Customer shall be responsible to ensure that the data circuits are capable of handling the
additional data volume required for the Hosted Web Services. If Customer wishes to use any alternative arrangement to the Hosted Reservation Services data circuits, Customer must submit this request to NAVITAIRE for approval.

4.2 Security. NAVITAIRE will provide Customer with specific user accounts and passwords for access to web content files. Customer is responsible for distribution of these accounts/passwords for the use of data content downloads and migrations.

4.3 Facility Locations. The facility locations provided for in this Agreement are as follows:
- NAVITAIRE’s Hosted Web Services data center will be located in Minneapolis, Minnesota.
- Customer’s primary facility will be located in Denver.

5 Hosted Web Services Features

Add-On Functionality

Hosted Web Services – Disaster Recovery Services

General Features – Hosted Web Services – Disaster Recovery Services

In the event of a Disaster, at reasonable request from Customer and at Customer’s expense, NAVITAIRE shall seek to provide the core functionality of Hosted Web Services as soon as possible following Customer’s request. Customer acknowledges that the Disaster Recovery Services described in Exhibit A do not apply to the Hosted Web Services for dotREZ under this Exhibit F.

Hosted Web Services – Corporate Website Hosting

General Features – Hosted Web Services – Corporate Website Hosting

- Corporate Website Hosting includes all General Features, Security Features, and System Monitoring Features listed under the Hosted Web Services – dotREZ Internet Reservation Framework section above. In addition, the Corporate Website Hosting environment includes a back end SQL server database.
- Customer’s Corporate Website Content utilizes dynamically generated HTML and is not limited to static HTML.

The scope of Corporate Website Hosting is limited to uptime and availability of the ASP.Net web servers supporting the Corporate Website Content, and the SQL Server database; scope does not include support for any of the functionality coded by Customer within the Corporate Website Content.

6 Customer Hardware, Software, Connectivity and Network Requirements

6.1 Circuits. Customer is responsible for all data circuits and Internet connectivity not housed within the NAVITAIRE data center.
6.2 **Third Party Software and Services.** Customer is required to purchase directly from third party providers other related third party software licenses and services necessary to support the Hosted Web Services environment, including, but not limited to, secure certificates.

6.3 **Web Domain(s).** Customer is required to register or have the right to use the Customer’s designated web domain names for web content access and delivery.

HOSTED REVENUE ACCOUNTING SERVICES – SKYLEDGER®

1 Definitions
In the event that there exists any conflict between a definition set forth in this Exhibit and in any definition contained within Section 1 of the Agreement, the definition set forth in this Exhibit shall control.

1.1 Customer Revenue Accounting Contact means either the Customer Account Liaison or Customer Authorized Support Contact set forth in Exhibit D, Sections 2 and 4.

1.2 Executive Sponsors has the meanings set forth in Exhibits C and D.

2 Scope of Services
NAVITAIRE will provide certain services and support functions during the Term of this Agreement related to the Hosted Revenue Accounting Services and related applicable products. Of the available Hosted Revenue Accounting Services, Customer has selected the products and/or services outlined in Exhibit K. The Hosted Services System infrastructure capacity will be established and configured for Customer’s operations based on flight Segment volume estimates provided by Customer.

Customer will be responsible for transferring data from the Hosted Revenue Accounting Services to Customer’s general ledger. Such functionality is specifically excluded from NAVITAIRE’s Hosted Revenue Accounting Services.

3 Implementation Services

3.1 Data Center Implementation Services. NAVITAIRE will configure, install, activate, and test the necessary data center hardware and software for providing the Hosted Revenue Accounting Services to Customer. Unless otherwise specified, these services do not include communication circuits, wireless data services, or any remote communication devices, including routers or network hardware. Client personal computers, workstations, or other Customer devices connected to the Hosted Services System are the responsibility of Customer and must meet the minimum specifications as required by NAVITAIRE. NAVITAIRE shall notify Customer of such minimum specifications in a timely manner in order for Customer to procure and implement the same prior to the Target Date.

3.2 Virtual Private Network (VPN) Connectivity. If Customer desires to use a virtual Private network (VPN) for connectivity to Hosted Revenue Accounting Services, NAVITAIRE will evaluate such a request to determine the viability of the use of a VPN connection for either a primary or back-up data circuit. After review, NAVITAIRE will advise Customer if the request is approved and the additional costs that will apply.
3.3 **Network Configuration and Design Services.** NAVITAIRE will supply recommended technical diagrams and will advise Customer on required network hardware requirements for client portion of application, as necessary. Customer shall have internal or third party network expertise available for the installation and configuration of their required network.

3.4 **System Integration Services.** As Customer uses the NAVITAIRE Hosted Reservation Services, NAVITAIRE will integrate daily reservations activity XML extract files from NAVITAIRE Hosted Reservation Services into the Hosted Revenue Accounting Services. During the implementation of the Hosted Revenue Accounting Services and before production use of such services, NAVITAIRE will assist in the assessment of the transfer of the general ledger output file from the Hosted Revenue Accounting Services application. Customer shall be responsible for the cost of modifying or replacing any third party systems including hardware and software that are not part of the Services. For future integration services, NAVITAIRE will, upon request, provide an estimate using the rates outlined in Exhibit K (as modified by Section 6.4 of the Agreement); however, any services will be provided pursuant to a Work Order.

3.5 **Strategic Business Review**

3.5.1 NAVITAIRE will conduct a Strategic Business Review to gather information on Customer’s desired use of the Hosted Revenue Accounting Services and outline functional capabilities of the Hosted Services System. During the Strategic Business Review, NAVITAIRE will work with Customer to create a project plan and project schedule, including NAVITAIRE and Customer responsibilities, in order to achieve successful completion of the Implementation Services on or before the Target Date.

3.5.2 The Hosted Revenue Accounting Services installation process will include:

- Set up of physical and database environments
- Data import services
- Initialization of the Hosted Revenue Accounting Services software
- Import/load of reference data
- Technical and functional testing

Exhibit G - 104
Hosted Services Agreement

- User Training with New Skies test data
- Conversion plan for open PNR liability data
- Load all open liability reservation data for Hosted Revenue Accounting Services
- Complete ***** accounting close

These elements will be incorporated into the project plan with input from Customer.

3.6 **Customer Site Services.** NAVITAIRE will assist Customer with the testing of the required telecommunications connection between the NAVITAIRE data center and the designated Customer facility. ***** Additional technical support for on-site assistance after the initial conversion for production use of the Hosted Revenue Accounting Services shall be quoted on a project basis at the request of Customer using the rates as outlined in Exhibit K, Section 1.3.

3.7 **Initial Training Services.** NAVITAIRE will supply the following training and Customer agrees to participate in such training for the Hosted Revenue Accounting Services:

3.7.1 **System Training:** Up to a maximum of ***** which may be attended by up to a maximum of ***** Customer employees at the NAVITAIRE corporate offices located in Minneapolis, Minnesota. ***** All training will be conducted in English.

Topics will include the definition of the expected daily and month-end activities required to support the Hosted Revenue Accounting Services and user and administrative features and functions. Customer must complete basic computer familiarization and Windows training for all trainees prior to the initial training. As Customer is contracting to use the NAVITAIRE Hosted Reservation Services, and the Hosted Revenue Accounting Services uses the data extracts from this system, trainees must also have completed a basic course on the features and functions of the Hosted Reservation Services.

Customer will be provided an electronic copy of the manual in Adobe Acrobat (PDF) format for download via the NAVITAIRE web site. Technical specification and technical reference manuals are for internal NAVITAIRE use only, unless otherwise specified in this Agreement or by other arrangement. All materials provided by NAVITAIRE are in the English language unless otherwise specified within this Agreement.

Issues in this category are critical to resolve prior to other project dependencies and milestones being completed.

- **Priority 2 – High.** Issues included in this priority may affect the Target Date and require resolution prior to the completion of conversion services.

- **Priority 3 – Medium.** Issues included in this priority are not required prior to completion of conversion services, but must be finished prior to the end of Implementation Services.

Exhibit G - 106
• **Priority 4 – Low.** These items are not critical to either the completion of conversion services or Implementation Services but require monitoring for subsequent follow up or entry into NAVITAIRE’s Internet based customer support tool.

• **Priority 5 – Excluded.** These items are deemed excluded and are either unnecessary or may be addressed in a business process change or work-around.

c) **Executive Summary.** An Executive Summary will be provided to both the NAVITAIRE and Customer Executive Sponsors upon reaching critical milestones. These milestones will be established mutually with Customer as the final project plan has been established.

### 3.9 Implementation Services Time Frame

#### 3.9.1

Upon receipt of the Implementation Fees due at signing and subject to Section 4.1 of the Agreement, NAVITAIRE agrees to perform the required Implementation Services within the time frame preceding the Target Date. NAVITAIRE further agrees to initiate, mutually with Customer, project-scope-analysis and project-planning communication to establish the final schedule for Implementation Services consistent with the Target Date. The project timeline and Target Date for Implementation Services of Hosted Revenue Accounting Services is *****, provided first monthly close shall follow the first month’s processing of Hosted Reservation Services.

3.9.2 NAVITAIRE recommends at least ***** of data included in the four XML Input files outlined as Interface Files in Section 5 below, containing Customer’s open PNR data from NAVITAIRE’s Hosted Reservation Services, prior to activation and initialization of the Hosted Revenue Accounting Services. Open PNR data will include unflown future Segments which still have a positive remaining balance.

3.9.3 Typical timelines for implementation average ***** for full project implementation. The Hosted Revenue Accounting Services implementation process will be conducted in parallel with the NAVITAIRE Hosted Reservation Services implementation (if applicable); however, the Hosted Reservation Services conversion to production will normally precede the conversion of the Hosted Revenue Accounting Services implementation.

3.9.4 The NAVITAIRE Hosted Revenue Accounting Services implementation team will have an assigned project lead and central contact point that will interface with the Customer Revenue Accounting Contact during the Implementation Services period.
3.9.5 If Customer is implementing Hosted Reservation Services concurrently with the Hosted Revenue Accounting Services implementation, the NAVITAIRE Revenue Accounting project lead will communicate and coordinate with the primary Hosted Reservation Services project manager during the Hosted Reservation Services implementation effort. After Hosted Reservation Services conversion, the NAVITAIRE Revenue Accounting project lead will communicate status with the Customer Project Manager.

3.9.6 Upon completion of the Implementation Services as described in this Exhibit G, Section 3, NAVITAIRE will provide written notification to the Customer Revenue Accounting Contact or Customer Account Liaison named in Exhibit D of this Agreement.

4 Data Circuits

4.1 Primary and Backup Data Circuits. Customer shall be responsible for all telecommunication circuits used by Customer in connection with the transmission of data between the Hosted Services System and Customer’s site(s), as stated in Section 4.14 of this Agreement. It is anticipated that Customer will use the same primary and back-up data circuits to transmit data for the Hosted Revenue Accounting Services as those used to support the delivery of the Hosted Reservation Services. Customer shall be responsible to ensure that the data circuits are capable of handling the additional data volume required for the Hosted Revenue Accounting Services. If Customer wishes to use any alternative arrangement to the Hosted Reservation Services data circuits, Customer must submit this request to NAVITAIRE for approval.

4.2 Facility Locations. The facility locations provided for in this Agreement are as follows:

• The NAVITAIRE Hosted Revenue Accounting Services data center will be located in Minneapolis, Minnesota.

• Customer’s primary facility will be located in Denver.

5 Hosted Revenue Accounting Services Functionality

The table below itemizes the base and optional functionality and features in available as of the Effective Date of the Agreement. The actual optional functionality to be provided under this Agreement is as identified in Exhibit K. This list may be expanded or modified in the future based upon new releases.

**Hosted Revenue Accounting Services – SkyLedger**

**Base Functionality**

**General Features – SkyLedger**

• Captures financial events for NAVITAIRE reservation activity and relates the activity to the relevant financial accounting period,
• Maintains a historical PNR, Voucher, and Credit Shell database with a separate version whenever a financial change occurs.
• Provides periodic financial reporting with accounting period integrity.
• Provides a financial audit trail for financial activity related to the life of each PNR.
• Provides a financial audit trail for each accounting entry down to the specific transaction event detail.
• Provides data retention for PNR(s), Vouchers, Credit Shells, and accounting details,
• Includes a web based report creation tool which enables the user to create and view a set of reports.
• Provides the ability to map accounting events to airline specified general ledger accounts for reporting or electronically interfacing to the airline’s general ledger system.
• Provides financial detail in the airline’s designated “host” accounting currency without loss of the sales currency in the reporting data.
• Provides the ability to re-map transactions and automatically reprocess those affected by the mapping changes.
• Provides a pre-defined set of reports for critical accounting events with the flexibility of these reports being available in text, PDF, or Excel.
• Provides simple proration of fare over each leg within a given through segment.
• Provides flexibility to map account numbers to specific transactional data elements, e.g. aircraft type, tax code, or country code.

Standard Reports

Accounting Reports

• Account Center Balance Report. Displays account/center balances for each of the carrier’s accounts.
• Activity Balance Report. Summarizes daily postings by account event/account type.
• Account Mappings Report. Displays all relevant information related to an account mapping for a user-specified company code, effective period, account event and account type.
• Suspense Report. Displays account items that are currently in suspense.

Revenue Reports

• Revenue by Distance. Displays base and gross revenue by seat mile/kilometer on a specific date or within a specified date range for flights between two cities.
• Revenue by Fare Class. Displays revenue by fare class on a specific date or within a specified date range.
• Revenue by Flight. Displays revenue by average seat mile/kilometer for individual flights.
• City Pair Load Factor. Displays passenger totals, load factor, ASM, Revenue, RPM, yield, RASM, and other data by city pair as well as by individual flights serving each city pair.
• Earned/Unearned Revenue. Displays information on earned and unearned revenue for flights between a designated city pair including analysis by booking date and equipment type.
• Route Profitability Report. Displays a summary of revenue and costs by route. Costs must be entered through the Expenses User Interface before the report can be used.

Business Reports

• Credit Shell/Voucher Expiration. Lists expired credit flies, credit shells and vouchers for a specified time period.
• Fees and Discounts. Displays fees and discounts, by currency and type, entered into the system.
• Tax History. Displays information for selected tax payments.
• Payment Report. Displays information about payments made against a PNR grouped by date, agent or type based on parameters specified.
• Flight Reconciliation Report. Displays Flight Statistics and what has been received and accounted for within SkyLedger.
• Unearned Revenue Liability Report. This report displays unearned revenue, earned revenue, no-show revenue, expired revenue, and unearned revenue liability at an accounting period level. This report will provide the user with exposure to their unearned revenue liability (items sold, but not flown).
• Delta Report. Displays all transactions for which the total debit and credit amount do not balance for the account specified by the user.
Operational Reports

• Extract Load Errors Report. Displays all transactions that could not be successfully loaded to the historical database.
• Reconciliation Report. Daily report that is used to ensure all transactions listed on the historical database are also posted to the accounting detail database with the appropriate amounts. Only discrepancies between the historical and accounting database are displayed.

Modules and Interfaces

Modules

• PNR Load. Accept PNR XML from the NAVITAIRE reservation system and validate file, load to Temporary Database for further processing by Version History module.
• Voucher Load. Accept Voucher XML from the NAVITAIRE reservation system and validate file, load to Temporary Database for further processing by Version History module.
• Credit Shell Load. Accept Credit Shell XML from the NAVITAIRE reservation system and validate file, load to Temporary Database for further processing by Version History module.
• Flight Following Load. Accept Flight Following XML from the NAVITAIRE reservation system and validate file, load to Temporary Database for further processing by Version History module.
• PNR Version History. Version incoming PNR and insert a control row to trigger action by the accounting generator.
• Voucher Version History. Version incoming Voucher and insert a control row to trigger action by the accounting generator.
• Credit Shell Version History. Version incoming Credit Shell and insert a control row to trigger action by the accounting generator.
• Flight Following Version History. Version incoming Flight and insert a control row to trigger action by the accounting generator.
• Accounting Generator. Generate accounting transactions based on prior versions of PNR, Voucher and Credit Shell comparing differences to determine what financial events have changed.
• Account Mapping. Assign an account period, company code, journal entry, debit/credit account/center to a specific accounting transaction.
• Remap Request. Identify and process the transactions that must be reversed and remapped as a result of modifications to the account mapping table.
• Re-conversion Request. Identify and process the transactions that must be reversed and reposted as a result of modifications to the currency conversion rate table.
• Account Reversal. Update the accounting detail table to reverse all accounting related to the transaction key provided.
• Transaction Reconciliation. Ensure the accounting database is in sync with the historical transaction database.
• Monthly Close Processing. Perform a variety of actions related to the close of an accounting period.
• Simple Proration. Retrieve air miles for each leg within a given through segment and divide the fare among the constituent legs. Alternatively, the square root of the air miles can be used to divide the fare among the constituent legs.
• Expiration. Generate accounting to relieve liability related to unused transactions (PNR(s), Credit Shells, and Vouchers) following a user-specified expiration period.
• Purge. Delete fully-used, closed transactions from the historical and accounting databases following a user-specified retention period.
• General Ledger Creation. Extract all accounting records in local and/or host currency on a daily or monthly basis to be fed via XML interface into Customer’s General Ledger system.

Exhibit G - 111
Interface Files
SkyLedger is populated by the XML extract files provided by the NAVITAIRE Reservation System. The main output of the SkyLedger system will be the general ledger feed, which supplies the data that can be interfaced into Customer’s financial system. Please note that each of the interface files listed below has a standard file specification and all files accepted or created by the SkyLedger system must be formatted in accordance with these file specifications.

Inputs
- PNR Booking Data Extract from the NAVITAIRE Reservation System with PNR/Passenger information such as booking, flown, or payment.
- Credit Shell XML. Daily XML Extract from the NAVITAIRE Reservation System with Credit Shell information such as creation of, usage.
- Voucher XML. Daily XML Extract from the NAVITAIRE Reservation System with Voucher information such as creation of, usage.
- Flight Following XML. Daily XML Extract from the NAVITAIRE Reservation System with flight information such as origin, destination, or passenger counts.
- Agency Data XML. XML extract from the NAVITAIRE Reservation System with agent and contact information. This information is used to allow mapping by department and location for certain accounting events.

Outputs
- Standard General Ledger Feed. The NAVITAIRE standard general ledger feed, which provides SkyLedger data to Customer’s general ledger system to update the journal entry/account balances, is included at no extra cost to Customer.

User Interfaces
SkyLedger provides a user interface for: a) viewing and managing accounts, b) viewing journals and account mappings to allow customization accounts, and c) viewing journal entries to track how transactions are applied to those specific accounts. The following six user interfaces will be included in SkyLedger:
- Accounts. The accounts user interface will be used to insert, update, and delete entries from the SkyLedger account table, center table, and company account center table. These tables in turn are used to validate entries to the SkyLedger account mapping table.
- Journal Maintenance. The journal maintenance user interface will be used to insert, update, and delete entries on the SkyLedger journal entry table. This table in turn will be used to validate entries to the SkyLedger account mapping table.
- Journal Approval. The journal approval user interface will be used to approve the debit/credit balance for each journal entry. Please note that this interface is intended to be used in conjunction with the SkyLedger journal entry detail report. Quality Assurance and management approval of a journal entry is required before data related to this journal entry may be bridged to the user via the automated monthly G/L feed (where the carrier has requested user-approval of the journal entry balance).
- Mappings. The mappings user interface will be used to insert, update, and delete entries from the SkyLedger account mapping table. This table in turn will be used to assign a debit account/center and credit account/center to accounting transactions based upon the type of accounting event (account event/account code) and the specific characteristics of the transaction (mapping fields). The account mapping table also enables individual accounting transactions to be classified under the proper company code and journal entry.
- Currency Maintenance. This user interface will allow the user to enter the exchange rate from each currency to the host currency at the company level with an effective date for each exchange rate.
- Service Types. This user interface will allow the carrier to identify each service type and specify whether or not the revenue related to that service will be earned at the time of booking or the time of flight.
Revenue Accounting System Data Storage and Access
- Online access for historical revenue accounting system data up to ***** and ***** from current date.
- Access to historical revenue accounting system data more than ***** prior to the current date is the responsibility of Customer.
- Accounting generated for interline activity is retained for up to ***** from the current date.

**Note:** It is Customer’s responsibility to store and provide access to any required detailed revenue accounting system data more than thirteen (13) months old and to aggregated revenue accounting data.

Standard General Ledger Extract
- Provides a daily or monthly extract file containing account postings data.
- Allows Customer to upload the data into their financial system.

Month End Close Process
- User initiated process which is executed by NAVITAIRE operations staff.
- Provides automated closure of each accounting period.

6 Customer Hardware, Software, Connectivity and Network Requirements

6.1 Equipment Specifications. The equipment specifications below outline the required, supported hardware and software necessary for the proper function and efficient operation of the Hosted Revenue Accounting Services and applicable products. Unless otherwise specified in this Section, the equipment and software listed below are the responsibility of Customer.

EXHIBIT H

(INTENTIONALLY OMITTED)

Exhibit H - 114
These Data Protection Procedures (“Procedures”) set forth the security protocols that Customer and NAVITAIRE will follow with respect to maintaining the security and privacy of Customer Personal Data in connection with the Agreement.

1 General

In the event of a conflict or inconsistency between the terms of these Procedures with the terms of the Agreement, the terms of the Procedures shall govern. Capitalized terms used herein, but not defined shall have the meanings ascribed to them in the Agreement.

2 Security Policy

NAVITAIRE will maintain globally applicable policies, standards, and procedures intended to protect NAVITAIRE and Customer Data. Such policies include, but are not limited to:

- System Security
- Security of Information and Acceptable Use of Systems
- Confidentiality
- Data Privacy
- Data Management

NAVITAIRE will provide summaries of these policies upon Customer’s request.

3 Global Access

NAVITAIRE may access the Customer Personal Data from anywhere within NAVITAIRE/Accenture’s Global Delivery Network, unless otherwise mutually agreed by the Parties.

4 Organizing Information Security

4.1 Accountability

The following executives from Customer and NAVITAIRE shall be responsible for confirming the implementation of and ongoing compliance with these Procedures. Any notices under these Procedures or the Agreement regarding the

Exhibit I - 115
Customer Personal Data obligations of each party should be as follows: communications regarding the day-to-day obligations should be communicated in writing via E-mail or other written notice to each of the Data Protection Executives and communications regarding any changes to the terms of these Procedures (including any Attachments) or the terms of each party’s Customer Personal Data obligations under the Agreement should be directed as required under the notice provisions of the Agreement with copies provided to the Data Protection Executives.

- Customer Data Protection Executive: ******
- NAVITAIRE Data Protection Executive: ******

The Data Protection Executives intend to jointly review these Procedures at a minimum on an annual basis to identify if any changes are necessary. Each party will promptly notify the other party of any suggested changes to the application of agreed upon Procedures or other general concerns about potential gaps in the information security environment.

Any material changes to these Procedures must go through the amendment process as set forth in the Agreement.

1 Definitions

As used in and for purposes of this Exhibit, the following terms shall be defined as set forth in this Exhibit. In the event that there exists any conflict between a definition set forth in this Exhibit and in any definition contained within Section 1 of the Hosted Services Agreement, the definition set forth in this Exhibit shall control.

1.1 Custom Enhancement Request means a request by Customer to modify the Hosted Services System used by NAVITAIRE to provide the Hosted Services but shall not include any reporting of a System Error.

1.2 Emergency means:
   • With respect to Hosted Reservation Services, an aircraft incident experienced by Customer, an Interrupted Service, a systemic problem or error causing a material loss or corruption of production PNR data, or as otherwise described in the table in Section 2.1 of this exhibit;
   • With respect to Hosted Web Services, an Interrupted Service event which prevents the delivery of Customer web pages due to NAVITAIRE controlled infrastructure being inaccessible; or
   • With respect to Hosted Revenue Accounting Services, an event which prevents the delivery of the daily Postings Report or the general ledger output file on the last day of the accounting period.

1.3 System Error means when functionality identified in this Agreement or described in the NAVITAIRE product user documentation is currently not working in Customer’s account in all material respects consistent with the manner that it is described in such documentation pertaining to the release Customer is reporting the error against. No failure of any reconfiguration by Customer of a Configurable Template shall be deemed to be or can create a System Error.

2 Scope of Services

NAVITAIRE will provide Customer with (a) English-speaking assistance from the NAVITAIRE Support Center via telephone or an Internet based customer support tool (English version only), and (b) the ability to report Incidents (INC). A customized version of the NAVITAIRE Support Center Procedures Manual will be provided to Customer.
The NAVITAIRE Support Center may be contacted for assistance in the following areas:

2.1 System Errors

Customer may report a System Error by calling the NAVITAIRE Support Center at the number provided in Section 1 of Exhibit C of the Agreement ***** or by logging it via the Internet based customer support tool (English version only). Time spent by the NAVITAIRE Support Center during the reporting of the System Error is not billable to Customer. Time spent by NAVITAIRE personnel in the resolution of such System Error (including any development efforts to modify software for such resolution into the Production Version) will not be billable to Customer except in the event that the final determination of root cause of a System Error is identified as being due to events caused by third parties or Customer misuse of the Hosted Services System, in which case all time spent by NAVITAIRE personnel in the resolution of such System Error will incur Support Fees at the rate specified in Exhibit K, Section 1.3.

When Customer reports a System Error, it will be assigned an urgency by the NAVITAIRE Support Center based on: (i) whether it constitutes an Emergency as provided in the definition by product type within this Exhibit, or (ii) other classification as determined in good faith by NAVITAIRE using the following guidelines:

<table>

Exhibit J - 121
An example of an “Emergency” System Error might include:

- Hosted Services are totally unavailable due to a NAVITAIRE controlled communication line.
- Hosted Web Services are totally unavailable due to NAVITAIRE controlled web server.
- Customer did not receive the daily Postings Report

An example of a “High” System Error might include:

- Cannot change any airline schedules through Schedule Manager.
- Cannot load new fares through Fare Manager.
- Unable to generate confirmation itineraries for Internet customers.
- Hosted Web Services migration tools unavailable for web content uploads.
- Settlement files are delayed by one day in being sent to the settlement bank.
- Reporting Services are not displaying data accurately.

An example of a “Medium” System Error might include:

- Slow system response for specific tasks.

2.1.1 Emergency System Error Response

Customer should call the NAVITAIRE Support Center to report an Emergency in English, in lieu of use of the Internet based support tool. If all representatives are busy with other calls, a message may be left in English on the voicemail response system, which will page an appropriate contact. A representative of NAVITAIRE will return Customer’s call within ***** with an acknowledgement and initial response to Customer. In the event that NAVITAIRE determines that a System Error reported by Customer is not an Emergency, it shall be handled in accordance with Section 2.1.2 below.

Customer is required to provide NAVITAIRE with an after-hours emergency contact number in Exhibit D. Customer will answer calls to its after-hours emergency contact line by, or promptly respond to messages received via such number from, the NAVITAIRE support representative.

NAVITAIRE response targets for Emergency System Errors are provided in the table below, NAVITAIRE’s resolution targets are included in the NAVITAIRE Policy and Procedure Manual, available on the NAVITAIRE Customer Care website.

Exhibit J - 122
2.1.2 Non-Emergency System Error Response

When reporting a System Error, Customer must refer to the documentation that matches the release of software they are running. If Customer wants a feature that is not currently included in their software release, but the feature is included in a later software release, Customer must upgrade their software to that release to be able to take advantage of the new features and functionality.

Non-Emergency System Errors shall be acknowledged and routed *****, excluding NAVITAIRE holidays (Christmas Eve, Christmas Day, and New Year’s Day), as provided in the targets shown in the table below. NAVITAIRE’s resolution targets are provided in the NAVITAIRE Policy and Procedure Manual, available on the NAVITAIRE Customer Care web site.

Customer will receive electronic notification whenever data is needed or the incident is resolved, status is changed, or notes are updated.

Exhibit J - 123
2.1.3 Test Account System Error Response
System Errors detected during testing in Customer’s test environment should be logged through the Internet based support tool with a reference to the test account version. Notwithstanding anything contained in this Section 2.1, NAVITAIRE will respond to System Errors for the test environment within *****.

2.2 Support Service Requests
Customer may utilize the Internet based support tool to contact the NAVITAIRE Support Center electronically for the standard support service requests or questions.

The NAVITAIRE Support Center shall assign urgency (high, medium, low) to each support service request in its sole discretion. These services are subject to the Support Fees as described in Exhibit K, Section 1.3, and are undertaken at the sole discretion of NAVITAIRE. All efforts required for such support service requests are payable by Customer.

NAVITAIRE response targets for High, Medium, and Low standard support service requests are provided in the table below.

2.3 Other Service Requests
Customer may utilize the Internet based support tool to contact the NAVITAIRE Support Center electronically for the following types of other service requests:

- Professional Services
- Consulting
- Training
- Implementation of add-on functionality
- Upgrades

Exhibit J - 124
These services are subject to the Support Fees and/or Other Fees as described in Exhibit K, Section 1.3 and/or 1.4, and are undertaken at the sole discretion of NAVITAIRE. All efforts required to for such service requests are payable by Customer. If the request is deemed by NAVITAIRE or Customer to require a Work Order, estimated fees and time schedule will be prepared and Customer will then decide whether to authorize the work to be performed by NAVITAIRE.

2.4 Custom Enhancement Requests

2.4.1 Custom Enhancement Process. Customer may utilize the Internet based support tool to contact the NAVITAIRE Support Center electronically to submit a Custom Enhancement Request. Such requests can be in response to:

a) Mandates controlled by external third parties including governments, governing industry bodies such as International Air Transport Association [IATA], Société Internationale de Télécommunications Aéronautiques [SITA], or airport authorities. Examples include:
   • Taxes, fees, security issues, immigration.
   • Airport technology issues that impact airlines such as bag tag, Common Use Terminal Emulator (CUTE), or CUBE.

b) Customer requests that are initiated through a direct request, user conference, or through Customer’s NAVITAIRE Account Manager. Examples include:
   • Competitive advantage.
   • Improved passenger services.
   • Specific client requirements.
   • Improved business management.

c) Internal requests that are initiated through the sales cycle, Technology, Development, or NAVITAIRE line of business. Examples include:
   • Cost reduction initiatives.
   • Product obsolescence.
   • Corporate business plan objective.

Exhibit J - 125
All efforts required to develop, implement, document, and/or train on Custom Enhancement Requests are payable by Customer. These services are subject to the Support and/or Other Fees as described in Exhibit K, Section 1.3 and/or 1.4 and are undertaken at the sole discretion of NAVITAIRE. If the request is to be undertaken by NAVITAIRE, estimated fees and time schedule will be prepared and Customer will then decide whether to authorize the work to be performed by NAVITAIRE via an update to the corresponding INC or by entering into a Work Order.

Custom Enhancement Requests will be assigned an urgency according to the criteria in the table below. If there is a disagreement as to the relative priority of the Custom Enhancement Request, it will be resolved between the NAVITAIRE Account Manager and the Customer Account Liaison. If this cannot be resolved at this level, it will be escalated to the respective Executive Sponsors for determination.

<table>
<thead>
<tr>
<th>Urgency</th>
<th>Description</th>
</tr>
</thead>
</table>
| Very High (Critical) | A requirement from a business critical third party or other outside influence such as an airline buyout, purchase of another airline, a new government regulation, or a requirement that cannot be completed in a manual nature without severe negative impact. Such requests are Critical only if a third party controls the requirement, it is non-discretionary to the customer, and the third party places an immediate time constraint on the customer.  
Note: Documentation from the governing entity, which clearly states the nature of the requirement, the time frame allowed for implementation, and the penalties for non-compliance may be required. Due to the nature of a Critical request, NAVITAIRE expects to receive no more than ***** such requests per year. Every attempt will be made to meet the established regulatory deadline communicated in these instances; however should the deadline be compromised NAVITAIRE will communicate specific issues that may make this deadline unattainable with an estimate of when it can be completed.  
Examples:  
• Adding Security Watch – a government or industry requirement that would inflict severe financial penalties if not met and demanded a quick implementation.  
• Adding the EURO as a form of currency – a specific governmental requirement that was dictated to the customers and demanded a quick implementation.  
A requirement from a business critical third party or outside influence such as an airline buyout, purchase of another airline, a new government regulation, or a requirement that cannot be completed in a manual nature without severe negative impact, but DOES NOT have an immediate time constraint placed on Customer by the third party.  
Note: Such requests are classified as High to prevent them from becoming Critical. A new business requirement that cannot be completed in a manual nature without severe negative impact. Such requests are not Emergencies because the request is discretionary to the customer.  
Examples:  
• Printing French Itineraries for domestic French flights – a governmental requirement that provided sufficient time to respond to the need. Changing to a new bank – a customer-driven requirement that is critical to customer daily operations.  
Exhibit J - 126
Supports all required Hosted Services System operations; the request is required eventually but could wait until a later release if necessary. Would enhance the product, but the product is not unacceptable if absent. More of a want than a need, but would provide benefit to the customer.

Examples:

**Medium**
- Adding support of seat assignment capability for Computerized Reservation System (CRS) bookings.
- Adding new Check-in commands or short-cuts that would save time and effort for the agents.
- Adding new features or functions in the Irregular Operations (IROP) program to increase efficiency of passenger handling.

A functional or quality Custom Enhancement Request that corrects an aesthetic problem or improves usability from the customer’s perspective. It does not greatly affect or alter core functionality.

Examples:
- Enabling a pop-up message of “Are you sure” for bags weighing > 100Kg.
- Adding the ability to alter the ‘flow’ of the SkySpeed booking process as a user configurable option.
- Adding support for additional languages for SkySpeed (localization).
- Adding more feeds (imports or exports) to third party packages for data sharing.
- Making minor adjustments to screen layouts or design to increase readability.
- Adjusting reports to increase readability and decrease questions to support.

**Low**
- Enabling a pop-up message of “Are you sure” for bags weighing > 100Kg.
- Adding the ability to alter the ‘flow’ of the SkySpeed booking process as a user configurable option.
- Adding support for additional languages for SkySpeed (localization).
- Adding more feeds (imports or exports) to third party packages for data sharing.
- Making minor adjustments to screen layouts or design to increase readability.
- Adjusting reports to increase readability and decrease questions to support.

3 **Releases**

NAVITAIRE software changes are bundled into work units called releases. Customer is obligated to implement released as previously stated in Section 4.12 of the Agreement. Customer will initiate upgrade projects via a service request logged with the NAVITAIRE Support Center.

**3.1 Major Release Stabilization Period.** For the first ***** following the implementation of a Major Release, NAVITAIRE shall be exempted from its obligations with respect to the Minimum System Availability Target. For the avoidance of doubt, such exemption shall not apply following any sub-releases or fixes arising from such Major Release that are implemented after such stabilization period.

4 **Included Support Hours**

NAVITAIRE provides Customer with an allotment of included support hours. The allotment is for the specified period only and may not be carried forward. Allotted monthly hours of NAVITAIRE Support Center Support are not deducted for Support Center Support in connection with System Errors for which the root cause is system failure and not Customer or third party misuse. All other related hours are deducted in ***** increments with a minimum of ***** per occurrence.

Customer is allotted, at no additional charge, a maximum number of included NAVITAIRE Support Center Support hours on an on-going basis, as described in Exhibit K, Section 1.3. If Customer utilizes the NAVITAIRE Support Center more than the allotted number of hours, the Support Fees in Section 1.3 of Exhibit K will apply.

Exhibit J - 127
5 Support for Third Party Applications or Connections

Except as expressly set forth in this Agreement, NAVITAIRE is not responsible for any third party interfaces or connections. Any Support Center Support time incurred by NAVITAIRE personnel for any such third party interfaces or connections is subject to the Support Fees in Section 1.3 of Exhibit K.

b) **Look to Booked Segment Ratio.** A “Look to Booked Segment Ratio” of ***** will apply to all bookings as described in Section 1 of Exhibit A.

NAVITAIRE will allow a ***** grace period following the go-live date of New Skies before any overage fees will apply.

Exhibit K - 130
If the established Look to Booked Segment Ratio is exceeded, the Availability Request Overage Fee described in this Section will apply.

c) **Availability Request Overage Fee** is the fee applied to each Utilized Availability Request in excess of the Maximum Availability Requests Allowed. The Availability Request Overage Fee is determined based on the Low Fare Availability Average Days per Call, and will be applied to each excess Utilized Availability Request, as follows:

* • *****
* • *****
* • *****
* • *****
* • *****

The Low Fare Availability Average Days per Call is rounded to the nearest whole number to determine the fee to be applied. Should Customer not utilize the Low Fare Finder functionality, a flat fee of ***** will apply per Utilized Availability Request in excess of the Maximum Availability Requests Allowed.

1.4 Other Fees

- Custom Programming/Professional Services: Quoted on a per project basis
- Dedicated Account Management: Quoted on a per project basis
- Business Process and Professional Services: Quoted on a per project basis

1.5 Payment of Implementation Fees. NAVITAIRE shall perform all of the Implementation Services set forth in Exhibits A, F and G in order to meet the Target Date for an estimated fee of ***** (the “Implementation Fee”), plus expenses incurred by NAVITAIRE which are to be reimbursed pursuant to Section 6.2 of the Agreement. Upon the Effective Date, NAVITAIRE shall invoice Customer for ***** of all Implementation Fee. NAVITAIRE shall invoice USD ***** on the Effective Date as an initial payment of the Implementation Fee. The remaining balances of all Implementation Fees are due and payable in equal monthly installments during the term of the implementation period of USD *****; provided that not more than ***** of the Implementation Fees shall be invoiced until the remaining implementation fees are due as set forth in Section 1.6. Work on the Implementation Services will commence once the Implementation Fees due at signing are paid in full.

1.6 Fee Commencement after Implementation. The following four (4) scenarios will determine the commencement schedule for the monthly recurring Service Fees as outlined in this Exhibit and the due date for the remaining balances of the implementation fees:

1.6.1 Implementation by Target Date. Upon availability of the Hosted Services for use by Customer, effective on the Target Dates as detailed in Exhibits A, B, F, and G, all remaining implementation fees are due and applicable monthly recurring Service Fees will commence. These fees will commence regardless of actual use of Hosted Service(s) or subsequent delay by Customer.
1.6.2 Requested Delay by NAVITAIRE. In the event that NAVITAIRE requests a delay in order to complete remaining Implementation Services, and Customer agrees to such delay, the remaining implementation fees will be due and applicable monthly recurring Service Fees will commence only on the earlier of the actual date of completion of Implementation Services or the new Target Date. NAVITAIRE will provide written notice of the new Target Date and outline remaining Implementation Services.

1.6.3 Requested Delay by Customer. Customer may unilaterally extend the Target Dates (as detailed in Exhibits A, B, F, and G) one time for up to ***** by written notice to NAVITAIRE. In the event Customer requests a delay in the completion of Implementation Services in excess of ***** past the initial Target Dates, remaining implementation fees will be due and any monthly recurring Service Fees will begin to accrue on the Target Dates as extended under the first sentence of this Section 1.6.3, if the Implementation Services are completed as of such extended Target Dates. Such requested delay in excess of ***** from the initial Target Dates may result in rescheduling portions or all of the remaining Implementation Services to the next available timeframe as evaluated by NAVITAIRE, unless mutually agreed in writing otherwise. Customer will provide written notice of the new requested Target Dates.

NAVITAIRE reserves the right to apply additional implementation fees as are necessary when rescheduling the Implementation Services due to Customer request to extend the initial Target Dates by more than *****. All fees as described in the Agreement and this Exhibit K are to be applied based on the scheduled Target Dates.

1.6.4 Mutual Agreement for Delay. In the event that both NAVITAIRE and Customer agree to delay in order to complete the required Implementation Services, the remaining implementation fees will be due and the applicable monthly recurring Service Fees will commence on the newly agreed Target Dates for the Implementation Services. NAVITAIRE will document the new planned Target Dates and provide written notice to Customer.

EXHIBIT L

WORK ORDER TERMS AND FORM

The purpose of this Exhibit L is to define additional Terms exclusively applicable to Professional Services and provide the Work Order form under which such Professional Services will be provided, in each case unless the parties agree otherwise in modified version of this Work Order.

1 Additional Terms

1.1 Acceptance: Customer’s Operation and Use of Deliverables

1.1.1 Unless otherwise set forth in a Work Order, all Professional Services and Deliverables will be deemed accepted if Customer does not reject the Professional Services and Deliverables by providing written notice within ***** after delivery specifically identifying the manner in which the Professional Services or Deliverables fail to materially comply with their applicable specifications; Customer is responsible for its operation and use of the Deliverables and for ensuring that the Deliverables meet Customer’s requirements.

1.2 Liability and Limited Warranties and Remedies

1.2.1 Notwithstanding anything contained in this Agreement, the following sections will apply to the Professional Services and Deliverables, in lieu of Section 10.1 of the Agreement.

THE AGGREGATE LIABILITY OF NAVITAIRE UNDER OR IN CONNECTION WITH ANY WORK ORDER FOR PROFESSIONAL SERVICES REGARDLESS OF THE FORM OF ACTION GIVING RISE TO SUCH LIABILITY (WHETHER IN CONTRACT, TORT, OR OTHERWISE), SHALL NOT EXCEED THE FEES RECEIVED BY NAVITAIRE WITH RESPECT TO THE PROFESSIONAL SERVICES AND DELIVERABLES UNDER THE APPLICABLE WORK ORDER.

For the avoidance of doubt, Section 10.4 of the Agreement shall apply to all Work Orders.

1.2.2 Notwithstanding anything contained in this Agreement, the following sections will apply to the Professional Services and Deliverables, in lieu of Section 10.2 of the Agreement:

1.2.3 NAVITAIRE warrants that its Services will be performed in a good and workmanlike manner. NAVITAIRE agrees to re-perform any Professional Services not in compliance with this warranty brought to its attention in writing within ***** after those Professional Services are performed. Additionally, NAVITAIRE warrants that its Deliverables which are

Exhibit L - 138
original content shall materially conform to their relevant specifications, for a period of ***** from delivery to Customer. NAVITAIRE agrees to correct any such Deliverable not in compliance with this warranty brought to its attention in writing within 30 days after delivery of such Deliverable to Customer. THIS SECTION IS NAVITAIRE’S ONLY EXPRESS WARRANTY CONCERNING THE PROFESSIONAL SERVICES, ANY DELIVERABLES AND ANY WORK PRODUCT, AND IS MADE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, CONDITIONS AND REPRESENTATIONS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, INFORMATIONAL CONTENT, SYSTEMS INTEGRATION, NON-INFRINGEMENT, INTERFERENCE WITH *****.

1.2.4 Exclusions. The NAVITAIRE warranties under Section 1.3.2 of this Exhibit do not apply to any noncompliance resulting from any: (a) items furnished by Customer; (b) use not in accordance with this Agreement or any applicable Work Orders; (c) modification, damage, misuse or other action of Customer or any third party; (d) combination with any goods, services or other items provided by Customer or any third party to the extent that the noncompliance arises out of such combination with the Deliverables provided under this work order, or (e) any failure of Customer to comply with this Agreement or any applicable Work Order to the extent that the failure to comply by the Customer causes NAVITAIRE’s noncompliance. Further, NAVITAIRE does not warrant that the Deliverables or any other items furnished by NAVITAIRE under this Agreement or any Work Order are free from bugs, errors, defects or deficiencies.

1.2.5 Customer-Furnished Items. NAVITAIRE MAKES NO WARRANTY WHATSOEVER, EXPRESS OR IMPLIED, WITH RESPECT TO ANY CUSTOMER-FURNISHED ITEMS.

1.2.6 Remedy. Customer’s sole and exclusive remedy for any claim arising out of the Professional Services and Deliverables shall be for NAVITAIRE, upon receipt of written notice, to use commercially reasonable efforts to re-perform the Professional Services or correct the Deliverables as stated above, or failing that, NAVITAIRE will return the fees paid to NAVITAIRE for the portion of the work related to the breach.

1.3 License

1.3.1 Notwithstanding anything contained in this Agreement, the following section will apply to the Professional Services and Deliverables, in lieu of Section 7.1 of the Agreement.

Exhibit L - 139
1.3.2 After acceptance of a Deliverable by the Customer, and pending final payment, NAVITAIRE hereby grants to Customer a revocable, nontransferable, nonexclusive unpaid right and license to ***** Deliverable for purposes of Customer’s internal business only. Upon final payment, NAVITAIRE shall grant to Customer a perpetual, nontransferable, non-exclusive, paid-up right and license to ***** Deliverables, for purposes of Customer’s internal business only. All licenses granted will be subject to any restrictions applicable to any third party materials embodied in the Deliverables. To the extent any Deliverable contains NAVITAIRE Confidential Information it shall be subject to Section 9 of the Agreement. All other intellectual property rights in the Deliverables shall consist of NAVITAIRE Property, as defined in Section 7.2 of the Agreement.

1.3.3 The License does not include the right to, and Customer will not directly or indirectly: (a) grant any sublicense or other rights to any Deliverables; (b) authorize any other party to grant any sublicense with respect to any Deliverables; (c) reverse engineer, disassemble or decompile any of the Deliverables or attempt to discover or recreate the source code to any Deliverables; or (d) remove, obscure, or alter any notice of copyright, trademark, trade secret, or other proprietary right related to the Deliverables.

1.4 Termination

1.4.1 Unless otherwise set forth in a Work Order, either party may, upon giving ***** written notice identifying specifically the basis for such notice, terminate a Work Order for breach of a material term unless the party receiving the notice cures such breach within the ***** period. In the event a Work Order is terminated, Customer will pay NAVITAIRE for all Services rendered and expenses incurred prior to the date of termination. All provisions of this Work Order which are by their nature intended to survive the expiration or termination of this Work Order will survive such expiration or termination.

This Work Order is effective as of Month Day, 20XX (engagement start date) and is entered pursuant to the Agreement by and between Navitaire LLC, a Delaware limited liability company ("NAVITAIRE"), and , a corporation ("Customer"), dated as of Month Day, 20XX.

1. **Scope of Work:** NAVITAIRE will perform the following activities (on and/or off-site):
   - Plan
   - Analyze
   - Design
   - Build
   - Test
     - Assist Customer in resolving issues identified during QA and/or user acceptance testing results.
   - Deploy
   - Manage Project
     - Status reports will be sent to the Customer on a weekly basis.

   **Out of Scope:** Customer is responsible for the following:
   - [Add out of scope here if needed]
   - Performing project management duties as required by Customer’s business needs.
   - Creating and executing QA test cases and performing user acceptance testing on the solution.

2. **Assumptions:** The following assumptions are made:
   - [Add assumptions here if needed]
   - Customer shall perform those tasks and fulfill those responsibilities specified in this Work Order ("Customer Responsibilities") so that the Service Provider can perform NPS Services and provide Deliverables. Customer understands that Service Provider’s performance is dependent on Customer’s timely and effective performance of Customer Responsibilities under this Work Order and timely decisions and approvals by Customer.

   Exhibit L - 141
• Service Provider shall be entitled to rely on all decisions and approvals of the Customer in connection with the NPS Services or Deliverables.

• NPS project management will be limited to monitoring the overall health of the engagement and is not intended to replace a project manager to manage the engagement in accordance with Customer’s needs.

• Any changes required to the Scope of Work outlined above will be addressed as follows:
  • The party requesting the change(s) will submit a Change Request Form (attached hereto as Appendix A to this Work Order) and complete the details found in 1, Description of Change.
  • Both parties will review the Change Request Form and Service Provider will complete the details found in Section 2, Scope of Change.
  • If the Change Request is approved and signed by both parties, the Change Request Form will be incorporated as an attachment to this Work Order.
  • If the change request is disputed by either party, the following will occur:
    • The dispute will be brought to the attention of the Project Managers.
    • If the Project Managers are unable to resolve the dispute they will escalate to the Customer Account Manager.
    • If, after ten (10) business days, the dispute remains unresolved, either party may request that the issue be raised to an appropriate senior executive.
  • Changes to the Scope of Work may be initiated at any time, prior to the completion of this Work Order, by either party if there is reasonable good faith belief that such change is required.

3. **NPS Services and Deliverables**: The following NPS Services and/or Deliverables will be provided to Customer:
  • Services and/or Deliverables as described in Section 1, Scope of Services above.
  • [Add deliverables here if needed]

4. **Payment**: Customer agrees to pay NAVITAIRE for the total actual work performed under this Work Order and for NAVITAIRE’s expenses outlined in Section 6 below. The actual fees and expenses for this Work Order will be invoiced to Customer on a monthly basis, subject to the payment terms specified in the Agreement.

Exhibit 10.22(b)

AMENDMENT NO. 1 TO
NAVITAIRE HOSTED SERVICES AGREEMENT

This Amendment No. 1 to the NAVITAIRE Hosted Services Agreement (this “Amendment”), effective as of March 1, 2015 (“Amendment Effective Date”) is entered into by and between Navitaire LLC, a Delaware limited liability company (“NAVITAIRE”) and Frontier Airlines, Inc., a Colorado corporation, (“Customer”). Initially capitalized terms used but not otherwise defined herein shall have the meanings assigned to such terms in the Agreement (as defined below).

A. NAVITAIRE and Customer are parties to that certain NAVITAIRE Hosted Services Agreement dated as of June 20, 2014 (the “Agreement”) pursuant to which NAVITAIRE performs Hosted Services for Customer.

B. Section 17.1 of the Agreement permits the parties to amend the terms and conditions of the Agreement provided such amendment is made in writing signed by the parties.

C. NAVITAIRE and Customer desire to amend the Agreement as provided below.

Accordingly, and in consideration of the foregoing, and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereby agree as follows:

1. Amendment to Section 17.8 Exhibits, Exhibit M: Hosting Services for Custom Solutions, attached hereto as Attachment 1, is hereby added to the Agreement.

2. Amendment to Exhibit A, Section 5, the Base Functionality section entitled dotREZ – Internet Reservation Framework is hereby modified to add the following bullet point under Limitations and Exclusions:

   dotREZ – Internet Reservation Framework

   Limitations and Exclusions

   • Customer has created a custom solution to interface with Customer’s third-party credit card partner using dotREZ In order to send certain Customer Personal Data to such partner. Customer is responsible for: i) the technical connection to the third party used to send such data; and ii) any changes or ongoing maintenance of Customer’s custom solution. Responsibility for the use and treatment of Customer Personal Data sent via this custom solution and technical connection is solely between Customer and Customer’s third party credit card partner.

3. Amendment to Exhibit A, Section 5, Hosted Reservation Services – New Skies Add-On Functionality, the following is hereby added to the table.

   Type B/Teletype Connectivity for AVS Messages

   General Features – Type B/Teletype Connectivity for AVS Messages

   1
• Deliver Type B/Teletype Availability Status (AVS) Messages to the router of Customer’s selected partner, where such router is located in the NAVITAIRE data center.

Note: Customer is responsible for negotiating and maintaining the appropriate agreements for message delivery and use of the data with Customer’s selected partner and for any message delivery and costs associated with other host provider(s) for this connectivity.

MQSeries Connectivity for Movement (MVT) Messages

General Features – MQSeries Connectivity for Movement (MVT) Messages

• NAVITAIRE will host in the primary data center an ***** MQ server for a Customer-specific connection to receive inbound MVT messages with a Type B/Teletype header from and deliver outbound MVT messages to Customer via the MQ link.

• Outbound messages utilize the same formats and data structures as outlined in the New Skies Type B/Teletype Messaging Reference Guide.

Limitations and Restrictions

• Available only for hosted Customers that have their own ***** MQ Server to send and receive messages, with connectivity via Customer’s dedicated line to the primary data center.

• Standard Schedule Messages (SSM) and/or Ad-hoc Schedule Messages (ASM) are not supported.

• In the event that the MQSeries Connectivity causes severe performance issues or downtime to the Hosted Reservation Services System, NAVITAIRE reserves the right to temporarily disable the offending connection. Customer will be notified if such actions become necessary. NAVITAIRE will reestablish the connection once Customer has resolved the issue.

• Agreement on the processing, connectivity, and any licensing related to the MQ Series connectivity for the MQ server hosted by Customer are the responsibility of Customer.

4. Amendment to Exhibit G, Section 5, Hosted Revenue Accounting Services Functionality, the following is hereby added.

Hosted Revenue Accounting Services – *****

Conflict and Exhaustion of Provisions

In the event that there exists any conflict between any term, condition or provision contained within this Exhibit and in any term, condition, or provision contained within the Agreement, the term, condition, or provision contained within this Exhibit shall control. Further, the rights, obligations, and privileges of the parties shall be determined first by reference to this Exhibit, as opposed to the Agreement. For purposes of clarification, the rights, obligations, and privileges contained within this Exhibit shall control and govern any dispute between the parties until all such rights, obligations, and privileges have been exhausted in their entirety; and only after such time shall the rights, obligations, and privileges of the parties be determined by reference to the Agreement.

1. Definitions

As used in and for purposes of this Exhibit, the following terms shall be defined as set forth in this Exhibit. In the event that there exists any conflict between a definition set forth in this Exhibit and in any definition contained within Section 1 of the Hosted Services Agreement (the “Agreement”), the definition set forth in this Exhibit shall control.

1.1 NPS Custom Solutions means software developed for Customer by NAVITAIRE Professional Services (NPS) pursuant to a separate mutually agreed and executed Work Order, which is subject to the terms and conditions of Exhibit L, Work Order Terms and Form.

1.2 NPS Stack means the physical servers and associated hardware and software components used by NAVITAIRE to host NPS Custom Solutions.

2. Scope of Services

NAVITAIRE will provide certain services and support functions during the term of the Agreement to support the Hosting Services for NPS Custom Solutions, leveraging the NPS Stack.
3. Included Features

The table below outlines the features included in NAVITAIRE’s Hosting Services for NPS Custom Solutions for the NPS Custom Solutions created at the request of Customer and hosted by NAVITAIRE on the NPS Stack.

<table>

</tr>
</tbody>
</table>

Customer is responsible for ensuring that NPS Custom Solutions are compatible with future versions of the Hosted Services System. NPS can be engaged for additional services related to NPS Custom Solutions and to assist Customer with any compatibility issues.

4. Operations Environment Services

4.1 Primary and Backup Data Circuits. Customer shall be responsible for all telecommunication used by Customer in connection with the transmission of data between the Hosted Services System and Customer’s site(s), as stated in Section 4.10 of this Agreement. It is anticipated that Customer will use the same primary and back-up data circuits to transmit data for the Hosted Services for NPS Custom Solutions as those used to support the delivery of the Hosted Reservation Services. Customer shall be responsible to ensure that the data circuits are capable of handling the additional data volume required for the Hosting Services for NPS Custom Solutions. If Customer wishes to use any alternative arrangement to the Hosted Reservation Services data circuits, Customer must submit this request to NAVITAIRE for approval.
4.2 **Facility Locations.** The facility locations provided for in this Agreement are as follows;
- NAVITAIRE’s Hosting Services for NPS Custom Solutions data center will be located in Minneapolis (USA).
- Customer’s primary facility will be located in Denver (USA).

5. **Support Services**

There is no allotment of hours for included support for Hosting Services for NPS Custom Solutions.

Customer may request changes to the NPS Custom Solutions through the Work Order process. If accepted by NAVITAIRE via a mutually agreed and executed Work Order, changes will include NPS development fees, Implementation Fees for installation of the solutions on the NPS Stack, and monthly recurring service fees for hosting the solutions on the NPS Stack.

Additional support services are subject to the Support and Professional Services Fees and/or Other Fees as described in Exhibit K. Section 1.3 and/or 1.4, and are accepted at the sole discretion of NAVITAIRE. If the request is accepted by NAVITAIRE, a price quote and time schedule will be generated. Customer will then decide whether to authorize the work to be performed by NAVITAIRE.

6. **Scheduled Maintenance**

The Hosting Services for NPS Custom Solutions will be unavailable for normal application operations during limited scheduled downtime periods as mutually agreed by NAVITAIRE and Customer. Scheduled downtime will be used for software installation, database backup, database maintenance, operating system patches, third party software upgrades, hardware maintenance, and hardware upgrades. NAVITAIRE will make a concerted effort to minimize impacts of scheduled downtime during Customer’s peak business hours.
Exhibit 10.22(c)

This Amendment No. 3 to the NAVITAIRE Hosted Services Agreement (this “Amendment”), effective as of January 1, 2016 (“Amendment Effective Date”) is entered into by and between Navitaire LLC, a Delaware limited liability company (“NAVITAIRE”) and Frontier Airlines, Inc., a Colorado corporation (“Customer”). Initially capitalized terms used but not otherwise defined herein shall have the meanings assigned to such terms in the Agreement (as defined below).

A. NAVITAIRE and Customer are parties to that certain NAVITAIRE Hosted Services Agreement dated as of June 20, 2014, as amended (the “Agreement”), pursuant to which NAVITAIRE performs Hosted Services for Customer.

B. Section 17.1 of the Agreement permits the parties to amend the terms and conditions of the Agreement provided such amendment is made in writing signed by the parties.

C. NAVITAIRE and Customer desire to amend the Agreement as provided below.

Accordingly, and in consideration of the foregoing, and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereby agree as follows:

1. **Termination of Corporate Website Hosting.** The parties agree that Corporate Website Hosting shall be excluded from the scope of Hosted Web Services effective as of *****, provided that Customer has logged a request to decommission the production environment via an INC prior to that date. Upon the receipt of the INC request, NAVITAIRE shall decommission the Customer production and testing environments created or used for Corporate Website Hosting and disable them for any further use by Customer. The parties further agree that (i) notwithstanding such removal from the scope of Hosted Web Services, Customer shall continue to pay the same monthly Corporate Website Commitment Fees for the remainder of the Term; and (ii), starting the month following the request for decommission, such monthly service fees for Corporate Website Hosting may be applied to other Services desired by Customer, in accordance with the conditions outlined below.

   (a) **Amendment to Exhibit K – Pricing and Payment – Monthly Recurring Service Fees – Core Services (Updated).** The column for Corporate Website Hosting in Section 1.1.1 of Exhibit K is hereby deleted and replaced in its entirety to exclude Corporate Website Hosting from scope, as follows:

   1

Section 1.1.3 of Exhibit K is hereby deleted in its entirety and replaced as follows:

- Corporate Website Hosting as listed in Section 1, above.

Conditions for Use of Corporate Website Commitment Fees. The parties agree that the fees that were committed as of the Effective Date for Corporate Web Hosting may be used by Customer for other Services, in accordance with the following conditions:

(i) NAVITAIRE shall continue to invoice Customer on a ...... basis for the Corporate Website Hosting fees outlined in Section 1.1.1 of this Exhibit K (“Corporate Website Commitment Fees”) notwithstanding that the parties have agreed that the provision of Corporate Website Hosting Services are no longer in scope of the Hosted Web Services. The Corporate Website Commitment Fees shall be accrued during each applicable Contract Year as a credit (“Corporate Website Commitment Fee Credit”), which may be used by Customer, as follows:
a. Customer may apply the Corporate Website Commitment Fee Credit to Support Service Requests, Custom Enhancement Requests, or Professional Services invoiced by NAVITAIRE during the Contract Year corresponding to the Corporate Website Commitment Fee Credit; and/or

b. Customer may alternatively utilize the Corporate Website Commitment Fee Credit to increase the scope for services for Add-On Products/Services new to the Agreement. In the event that new Add-On Products/Services are added to the Agreement, the available Corporate Website Commitment Fee Credit shall be reduced by the Monthly Recurring Service Fees applicable to the new Add-On Products/Services.

(ii) When planning for usage of the Corporate Website Commitment Fee Credit to Support Service Requests, Custom Enhancement Requests, or Professional Services, Customer shall endeavor to utilize approximately ***** of the Corporate Website Commitment Fee Credit each month to allow NAVITAIRE to have sufficient capacity to deliver.

(iii) Customer may utilize the Corporate Website Commitment Fee Credit for significant projects related to Support Service Requests, Custom Enhancement Requests, or Professional Services, provided that NAVITAIRE has sufficient capacity to deliver.

(iv) The Corporate Website Commitment Fee Credit must be applied by Customer to the Contract Year that the Corporate Website Commitment Fees are invoiced, provided that Customer may carry over up to two months’ worth of Corporate Website Commitment Fees to the next Contract Year. A status of the used / available Corporate Website Commitment Fee Credit shall be included on Customer’s monthly invoice.

(v) The Corporate Website Commitment Fees shall not be impacted by any changes to the Monthly Minimum Segment Guarantee agreed by the parties and documented via an amendment subsequent to this Amendment No. 3. Calculated Corporate Website Commitment Fees are as follows:
2. **No Other Changes.** Except as specifically amended by this Amendment, all other provisions of the Agreement remain in full force and effect. This Amendment shall not constitute or operate as a waiver of, or estoppel with respect to, any provisions of the Agreement by any party hereto.

3. **Counterparts.** This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement.

4. **Successors and Assigns.** This Amendment shall inure to the benefit of and be binding upon Customer and NAVITAIRE and their respective successors, heirs and assigns.

5. **Conflict of Provisions.** In the event that there exists a conflict between any term, condition, or provision contained within this Amendment, and in any term, condition, or provision contained within the Agreement, the term, condition, or provision contained within this Amendment shall control.

THIS FIFTH AMENDED AND RESTATED CFMI ENGINE BENEFITS AGREEMENT, dated as of March 19, 2020 (this “Agreement”), is among Vertical Horizons, Ltd., a Cayman Islands company (the “Borrower”), CFM International, Inc., a Delaware corporation (the “Engine Manufacturer” or “CFMI”), Bank of Utah, not in its individual capacity but solely as Security Trustee for the Lenders under the Credit Agreement (together with its successors and assigns in such capacity, the “Security Trustee”), and Frontier Airlines, Inc., a Colorado limited liability company (“Frontier”).

WHEREAS, this Agreement amends and restates in its entirety the fourth amended and restated CFMI engine benefits agreement A320neo aircraft dated as of January 29, 2019, among the Borrower, the Engine Manufacturer, the Security Trustee and Frontier;

WHEREAS, pursuant to the Fifth Amended and Restated Credit Agreement, dated as of the date hereof among the Borrower, the Lenders from time to time party thereto, Citibank, N.A., as facility agent, and the Security Trustee (as amended, supplemented or otherwise modified from time to time in accordance with the applicable provisions thereof, the “Credit Agreement”; capitalized terms used herein and not otherwise defined herein being used herein as defined in the Credit Agreement) the Lenders have agreed to reimburse the Borrower for, and finance further, certain pre-delivery payments made and to be made to Airbus with respect to [***] Airbus model A320neo aircraft, pursuant to the Assigned Purchase Agreement (the “Aircraft”);

WHEREAS, the Engine Manufacturer has agreed to supply and Airbus has agreed to install on the Aircraft two CFMI Model LEAP-1A engines (each, an “Engine” and collectively, the “Engines”);

WHEREAS, pursuant to the Fifth Amended and Restated Mortgage and Security Agreement dated as of the date hereof between the Borrower and the Security Trustee (as amended, supplemented or otherwise modified from time to time in accordance with the applicable provisions thereof, the “Security Agreement”), the Borrower has pledged to the Security Trustee, among other things, all of the Borrower’s right, title and interest in and to the Assigned Purchase Agreement relating to the Aircraft; and

WHEREAS, it is a condition precedent to each Lender’s funding of Loans in respect of the Aircraft under the Credit Agreement to the Borrower that, among other things, the Engine Manufacturer shall have executed and delivered this Agreement;

THEREFORE, in consideration of the payment of [***], and for other good and valuable consideration, the receipt of and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

- 1 -
1. **Definitions.** For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires, the following terms shall have the following meaning:

   **“Engine Warranties”** means the Engine Manufacturer’s [***] as set forth in the Engine Manufacturer’s Engine Warranty Plan which forms a part of the General Terms Agreement, and as limited by the applicable terms of the General Terms Agreement and such Engine Warranty Plan, in the form of Attachment A hereto.

   **“General Terms Agreement”** means Agreement No. 1 dated October 17, 2011 by and between the Engine Manufacturer and Frontier, including the “Engine Warranty Plan” at Exhibit A thereto, insofar as such Engine Warranty Plan relates to the Engine Warranties, but excluding any and all letter agreements attached thereto (which do not detract or limit the Engine Warranties in any material respect), to the extent that such General Terms Agreement and such Exhibit relate to the Engine Warranties, as such General Terms Agreement may hereafter be amended, supplemented and modified to the extent permitted by the terms of this Agreement to the extent relating to the Engines.

2. **Agreements.** Under the General Terms Agreement, the Engine Manufacturer has agreed to support certain CFMI Model LEAP-1A engines and spare parts therefor purchased by Frontier from the Engine Manufacturer, as installed on certain Airbus Model A320neo aircraft. The Engine Manufacturer hereby confirms to Frontier, the Borrower and the Security Trustee (i) that the Engine Warranties, as and to the extent that such relate to the Engines included as part of any Aircraft delivered to the Borrower or the Security Trustee (or its designee) by Airbus, shall inure to the benefit of the Borrower or the Security Trustee, as the case may be (except, in the case of any Engine, from and after the release from the lien of the Security Agreement of the collateral relating to the Aircraft that includes such Engine and/or at such time as the Borrower no longer has a right to purchase the related Aircraft under the Assigned Purchase Agreement) to the same extent as if originally named “Airline” in the General Terms Agreement and (ii) it consents to the collateral assignment by the Borrower to the Security Trustee of its rights under this Agreement, and agrees that the Security Trustee’s rights under Section 2(i) and such assignment shall not give rise to any duties or obligations whatsoever on the part of the Security Trustee owing to the Engine Manufacturer except for the Security Trustee’s agreement that in exercising any right under the General Terms Agreement with respect to such Engines, or in making any claim with respect to such Engines, the terms and conditions of such General Terms Agreement relating to the Engines and the Engine Warranties shall apply to and be binding upon the Security Trustee to the same extent as Frontier and/or the Borrower; provided, that the Engine Manufacturer shall not owe any liability or obligation under the Engine Warranties more than once in total. Except as expressly provided in this Agreement, nothing contained in this Agreement shall subject the Engine Manufacturer to any obligation or liability to which it would not otherwise be subject under the General Terms Agreement or modify in any respect the Engine Manufacturer’s contract rights thereunder. In no event shall the Engine Manufacturer be subject to any multiple or duplicative liability or obligation under the General Terms Agreement. The Engine Manufacturer shall have no obligation to recognize an assignment by Security Trustee of its rights with respect to the Engine Warranties in connection with a transfer of an Engine (i) unless Security Trustee has given the Engine Manufacturer written notice of such assignment and the assignee is a Permitted Transferee, or (ii) if the Engine Manufacturer is prohibited by law from dealings with the purported assignee. The Engine Warranties will be kept confidential in accordance with Section 18 of the Credit Agreement.

- 2 -
To the extent that there is any inconsistency in the terms of the assignment provided for in the Security Agreement and this Agreement, the terms of this Agreement shall govern.

“Permitted Transferee” means the Facility Agent, the Lenders and any person to whom the Facility Agent intends to transfer the rights granted to it pursuant to this Agreement and who has been approved in writing by CFMI (such approval not to be unreasonably withheld or delayed); provided that such approval will not be required if such third party is a Lender, a sub-participant of a Lender, or any of their affiliates; it being understood by the Security Trustee and CFMI that it shall only be reasonable for CFMI to refuse its approval in respect of any person proposed by the Security Trustee: (i) who is a person to whom it is illegal for CFMI to sell an engine or a party with which CFMI is prohibited by applicable law or regulation from doing business; or (ii) who is a special purpose company or similar entity (unless such special purpose company or other entity has been guaranteed to the satisfaction of CFMI by an entity that otherwise satisfies the definition of a Permitted Transferee); or (iii) who is a competitor to CFMI or its affiliates in their capacity as Engine OEMs, including, without limitation, an engine manufacturer or an airframe manufacturer or an affiliate of any such person; or (iv) who is a person with which CFMI, acting reasonably, objects to doing business generally either (A) by reason of the occurrence of a contractual or non-contractual dispute with that person or (B) by reason of the default by such person or any of its affiliates in the performance of any material obligation owed to CFMI under any contract.

3. Representations and Warranties. The Engine Manufacturer hereby represents and warrants that (a) the Engine Manufacturer is a corporation organized and existing and in good standing under the law of the State of Delaware, (b) the making, and performance in accordance with the respective terms of, this Agreement have been duly authorized by all necessary corporate action on the part of the Engine Manufacturer, do not require any stockholder approval, contravene the Engine Manufacturer’s certificate of incorporation or bylaws or any indenture, credit agreement or other contractual agreement to which the Engine Manufacturer is a party or by which it is bound and, to the best knowledge of the Engine Manufacturer, do not contravene any law binding on the Engine Manufacturer, and (c) the Engine Warranties constituted, as of the date on which they were made and at all times thereafter the legal, valid and binding obligations of the Engine Manufacturer enforceable against the Engine Manufacturer in accordance with its terms, and this Agreement is the legal, valid and binding obligation of the Engine Manufacturer, enforceable against the Engine Manufacturer in accordance with its terms subject to: (i) the limitations of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer or similar laws affecting the rights of creditors generally, and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law), which principles do not make the remedies available at law or in equity with respect to this Agreement inadequate for the practical realization of the benefits intended to be provided hereby.

4. Acknowledgment of Security Trustee. The Security Trustee hereby confirms to the Engine Manufacturer that in exercising any right under the General Terms Agreement with respect to the Engines, or in making any claim with respect to the Engines, the terms and conditions of this Agreement, the General Terms Agreement, the Engine Warranties and the Exclusion of Liabilities provisions of the Engine Warranties, including, without limitation, Exhibit A thereto, shall apply to and be binding upon the Security Trustee to the same extent as the Borrower. The Engine Manufacturer hereby represents and warrants to the Security Trustee that the provisions of the General Terms Agreement other than the Engine Warranties do not detract from or limit the Engine Warranties in any material respect or adversely affect the rights of the Security Trustee hereunder.
5. **Aircraft Allowance.** The Engine Manufacturer hereby agrees for the benefit of Frontier, the Borrower and the Security Trustee that it will provide the entity taking delivery of the Aircraft an allowance for the Aircraft in an amount of [***] (the “**Aircraft Allowance**”).

   The Aircraft Allowance is stated in [***], and shall be subject to adjustment for escalation to the date of delivery of each shipset of Engines to Airbus in accordance with the escalation formula set forth in Attachment B hereto.

   Such allowance will be earned upon delivery of each shipset of Engines to Airbus and will be made available within [***] following receipt of written notice from the Borrower or Security Trustee (or a nominee taking delivery in accordance with the purchase agreement with Airbus) that it has taken delivery of each Aircraft in accordance with the purchase agreement with Airbus.

   If requested in writing by the Borrower at least [***] prior to scheduled Aircraft delivery date, CFMI will provide the Aircraft Allowance directly to Airbus. The Borrower or the Security Trustee shall continue to advise CFMI of any delivery date changes. If CFMI actually provides the Aircraft Allowance to Airbus and the actual delivery date is delayed more than [***] from the date CFMI provides the Aircraft Allowance then the following will occur under the following circumstances:

   (a) The Borrower will request that Airbus immediately return the Aircraft Allowance to CFMI and CFMI will hold the Aircraft Allowance and pay it to Airbus when the Borrower and Airbus confirm that the Aircraft is ready for delivery; and

   (b) If the delay of the Aircraft delivery is solely a result of the fault of the Borrower to perform its obligations under the purchase agreement with Airbus and Airbus has not returned the Aircraft Allowance to GE, then the Borrower will pay to CFMI interest on the Aircraft Allowance, calculated from the date of payment to Airbus to the earlier of the date (i) Airbus returns the Aircraft Allowance to GE; or (ii) the date of actual Aircraft delivery. Interest will be computed at [***].

6. **Escalation Cap Installed Engines and Allowances.** CFMI agrees to provide Frontier, the Borrower and the Security Trustee, as a special allowance, the following price adjustment cap. The below escalation calculations will also apply to all Aircraft Allowance payments through their escalation period.

   If the price adjustment due to escalation as calculated under Attachment B is less than or equal to [***], the Engine price will be adjusted by the changes in the escalation calculated in Attachment B. If the price adjustment due to escalation as calculated under Attachment B is greater than [***] then the price adjustment due to escalation will be an amount equal to [***].

   However, in the event the price adjustment due to escalation as calculated under Attachment B is greater than [***], then the price adjustment due to escalation will be an amount equal to the value calculated above, [***].
Notwithstanding previous agreements with Airbus, the price of Engines delivered directly to Airbus from CFMI for installation on the Aircraft shall be subject to escalation [***], in accordance with Attachment B and subject to the Escalation Cap. In the event the price calculated per Attachment B is greater than the price calculated according to the Escalation Cap, CFMI shall provide the entity taking delivery of the Aircraft a credit in an amount equal to the difference. This credit shall be in addition to the Aircraft Allowance and shall be made available to the entity taking delivery of the Aircraft at the same time and in the same manner as the Aircraft Allowance.

7. Confidentiality. This Agreement and its contents are confidential and, as such, shall not be disclosed by any party to this Agreement to any third party other than:

(a) with the prior written consent of the Engine Manufacturer;

(b) pursuant to any applicable law or in connection with any proceeding arising out of or in connection with the Security Agreement, provided however that the Security Trustee shall provide the Engine Manufacturer reasonable notice prior to disclosing this Agreement and allow the Engine Manufacturer the opportunity to seek protective orders;

(c) to any successor, permitted assign or permitted transferee of such party, provided they agree in writing to not disclose this agreement without the prior written consent of the Engine Manufacturer;

(d) to Citibank, N.A. and any other Lender, provided that any other Lender agrees in writing to not disclose this Agreement without the prior written consent of the Engine Manufacturer; or

(e) to the legal advisers of such party, provided they agree in writing to not disclose this agreement without the prior written consent of the Engine Manufacturer.

8. Section References. The captions and section headings appearing herein are included solely for convenience of reference and are not intended to affect the interpretation of any provision of this Agreement.

9. Severability. If any provision hereof is invalid or unenforceable in any jurisdiction, then, to the fullest extent permitted by law, (a) the other provisions hereof shall remain in full force and effect in such jurisdiction and (b) the invalidity or unenforceability of any provision hereof in any jurisdiction shall not affect the validity or enforceability of such provision in any other jurisdiction.

10. Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement.

11. Governing Law. This Agreement shall be governed by, and construed in accordance with, the law of the State of New York.
12. **Entire Agreement.** The Engine Manufacturer’s obligations hereunder are unconditional and this Agreement supersedes any previous arrangements between the parties in relation to the matters set forth herein.

AMENDED AND RESTATED
SIGNATORY AGREEMENT
(U.S. Transactions)
This Amended and Restated Signatory Agreement (this “Signatory Agreement”), dated as of November 5, 2013, is by and among Frontier Airlines Holdings Inc., a company organized under the laws of the State of Delaware (hereafter “Holdings”), Frontier Airlines, Inc., a company organized under the laws of the State of Colorado (“Frontier” and together with Holdings, “Carrier”), and U.S. Bank National Association, a national banking association, (“Member”). Carrier and Member shall be collectively referred to as the “Parties” and individually each a “Party”. Capitalized terms used herein but not otherwise defined herein shall have the meanings ascribed to such terms in the MTOS, as defined in Section 1 below.

RECITALS

WHEREAS, Frontier, an air carrier engaged in the transportation of passengers by air, desires to make available to its customers a convenient means of purchasing air transportation, both on a current and time payment basis, through the use of Cards;

WHEREAS, Member is a member of Visa U.S.A. Inc. and MasterCard International (the “Applicable Card Associations”) and is qualified to enter into contractual relationships with merchants such as Carrier who wish to honor Cards which bear the service marks of the Applicable Card Associations in the United States (the “Applicable Transactions”); and the Applicable Card Associations contemplate that Cards will be issued by financial institutions who are members in the respective systems and that such Cards will be honored by merchants who have signed agreements with member financial institutions;

WHEREAS, Frontier, Republic Airways Holdings Inc. (“Republic”) and Member are parties to that certain Signatory Agreement (U.S. Visa and MasterCard Transactions) dated as of May 27, 2010 (as amended, the “Prior Agreement”); and

WHEREAS, in connection with the sale by Republic of its interests in Holdings, the parties hereto desire to amend and restate the Prior Agreement to substitute Holdings for Republic.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing Recitals, which are incorporated herein, the mutual covenants contained herein, and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the Parties hereby covenant and agree to be bound as follows:

Section 1. Incorporation of MTOS. The Master Terms of Service attached hereto as Exhibit A (the “MTOS”) and the Value Added Services Schedule, the Fee Schedule, and the Exposure Protection Schedule attached hereto as Schedules 1, 2, and 3 respectively (collectively, the “Schedules”) are incorporated into and are a part of this Agreement and each Party acknowledges, affirms and agrees that it is bound by the terms of the MTOS. Each reference in the MTOS to “the Signatory Agreement” means this Signatory Agreement with Member as named in the preamble hereof. Each reference in this Signatory Agreement, the MTOS or the Schedules hereto to “the Agreement” or “this Agreement” mean this Signatory Agreement, the MTOS and the Schedules attached hereto, which form part of this Agreement and shall have effect as if set out in full in the body of this Agreement, collectively.
Section 2. **Processing Services.** Carrier hereby requests that Member process Applicable Transactions on behalf of Carrier and provide the services described in this Agreement, and Member agrees to process, or cause to be processed, the Applicable Transactions and provide such services, or cause them to be provided, in compliance with the terms and conditions of this Agreement, the Operating Regulations and applicable requirements of law.

Section 3. **Commencement Date.** Member shall commence processing Applicable Transactions under this Agreement on the Effective Date.

Section 4. **Effective Date.** This Agreement shall become effective upon (i) execution, and delivery to the other Parties, of this Signatory Agreement by each Party hereto and (ii) the delivery of a notice from Republic to Member indicating that the sale transaction by Republic of its interest in Holdings has closed. The date on which this Agreement becomes effective shall be the effective date (the "Effective Date"). If the notice identified in the first sentence of this paragraph is not delivered by February 1, 2014 this Agreement shall be null and void and the Prior Agreement shall continue.

Section 5. **Applicable Country; Settlement Currency.** The “Applicable Country” for this Agreement is the United States of America. All settlements with respect to Applicable Transactions shall be in U.S. dollars.

Section 6. **Settlement Account.** The Settlement Account for Applicable Transactions submitted under this Agreement shall be such account at a financial institution located in the United States of America as may be designated from time to time by Carrier.

Section 7. **Exclusivity.** During the term of this Agreement, Member retains the exclusive right to process all Applicable Transactions in the United States of America other than any onboard sales. Submission of Transactions and payment from any location must be handled in compliance with all applicable government laws, rules and regulations.

Section 8. **Effect of Insolvency Proceeding.** Notwithstanding anything contained in the MTOS to the contrary, upon and after the occurrence of an Insolvency Event, Member may, at its option, require as a condition to the processing of any Applicable Transactions submitted to it relating to sales made by Carrier prior to or after the institution of such proceedings, the entry of an order by the court having the jurisdiction of any such proceeding, authorizing Carrier to issue, and Member to process, Applicable Transactions for sales made by Carrier prior to or after the institution of such proceeding.
Section 9. Notices. All notices permitted or required to be sent pursuant to this Agreement shall be addressed as set forth below and sent in accordance with the MTOS:

TO CARRIER: Frontier Airlines Holdings Inc.
ATTENTION: 7001 Tower Road
             Denver, CO 80249
             Fax: ____________________

TO MEMBER: U.S. Bank National Association
            800 Nicollet Mall
            Minneapolis, MN 55402
            ATTENTION: Risk Management
            Fax: (612) 303-9204

Section 10. Term. This Agreement shall become effective as of the Effective Date pursuant to Section 4 of this Signatory Agreement and continue in effect, unless earlier terminated pursuant to Section 15 of the MTOS for an initial term of two (2) years from the Effective Date and shall automatically renew for successive terms of one year thereafter unless either party provides written notice to the other no later than ninety (90) days prior to the end of the then current term of its determination to terminate this Agreement, in which case the Agreement shall terminate as of the expiration of the then current term.

Section 11. Joint Obligations; Right to Deal with Holdings. Holdings and Frontier each unconditionally and absolutely guarantees full and prompt performance of all obligations of the other under this Agreement when due, whether according to the present terms or any change or changes in the terms, covenants and conditions. These guarantees are continuing guarantees of the payment thereof, are not limited to a guarantee of collection and shall remain in full force and effect until the termination and payment in full of the Obligations. Member may remit all amounts payable under the Agreement to Holdings which shall be solely responsible for any remittances to Frontier. Member may deal with Holdings and Frontier in all respects as if Holdings were the sole “Carrier” under the Agreement, including without limitation, the giving of all notices to Holdings required to be given by Member under the Agreement to Carrier, reliance upon all notices given by Holdings as being notices for both entities, the treatment and aggregation of all Reserved Funds, the Deposit and the Aggregate Protection without distinguishing between funds attributable to transactions of Holdings and those of Frontier, and the drawing of no distinction between the obligations of Holdings and Frontier hereunder.

Section 12. Surety Waivers. Each of Holdings and Frontier waives demand, notice, protest, notice of acceptance of this Agreement, notice of payments made, collateral received or delivered or other action taken in reliance hereon and all other demands and notices of any description. With respect to both the Obligations and any collateral provided by either Holdings or Frontier, each assents to any extension or postponement of the time of payment or any other indulgence, to any substitution, exchange or release of or failure to perfect any security interest in any collateral, to the addition or release of any party or person primarily or secondarily liable, to the acceptance of partial payment thereon and the settlement, comprising or adjusting of any thereof, all in such manner and at such time or times as Member may deem advisable. Member shall have no duty as to the collection or protection of any collateral or any income thereon, nor as to the preservation of rights against prior parties, nor as to the preservation of any rights pertaining thereto. Each of Holdings and Frontier further waives any and all other suretyship defenses.
Section 13. **Amendment and Restatement of the Prior Agreement.** This Agreement amends and restates the Prior Agreement in its entirety. Any obligations outstanding under the Prior Agreement shall be deemed outstanding under this Agreement and any Deposit held under the Prior Agreement shall be considered part of the Deposit under this Agreement. Republic shall have no rights, duties, liabilities or obligations under this Agreement (all of such rights being assigned to, and all such duties, liabilities, and obligations being assumed by, Holdings pursuant to this Agreement) and Holdings represents and warrants to Member that it (or its equity owners) provided fair value to Republic in connection with the assumption of all of Republic’s rights, duties, liabilities and obligations under the Prior Agreement. Republic is hereby released from all duties, liabilities and obligations under the Prior Agreement.

Section 14. **Entirety.** This Agreement (including the MTOS and the Schedules attached hereto) constitutes the entire understanding and agreement among the Parties with respect to the subject matter herein contained, and there are no other agreements, representations, warranties or understanding, oral or written, expressed or implied, that are not merged herein and superseded hereby. This Agreement shall not be amended, supplemented, modified or changed in any manner, except as provided in writing and signed by the Parties hereto.

Section 15. **Governing Law.** This Agreement and any matter arising from or in connection with it shall be governed by and construed in accordance with the internal laws of the State of Minnesota, without regard to its conflict of law principles.

Section 16. **Waiver of Jury Trial.** EACH OF THE PARTIES HERETO IRREVOCABLY WAIVES TO THE EXTENT PERMITTED BY LAW ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 17. **Counterparts; Facsimile; PDF.** The Agreement and any and all related documents may be executed in any number of counterparts, each of which, when so executed, then delivered or transmitted by facsimile or by email in Portable Document Format ("PDF"), shall be deemed to be an original, and all of which taken together shall constitute but one and the same instrument. In particular, the Agreement and any and all related documents may be executed by facsimile or PDF, and signatures on a facsimile or PDF copy hereof shall be deemed authorized original signatures.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.]
IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed and attested to by their duly authorized officers as of the day and year written.

MASTER TERMS OF SERVICE

PREAMBLE

These Master Terms of Service ("MTOS") are to the Amended and Restated Signatory Agreement, dated as of November 5, 2013 (the "Signatory Agreement") by and among Frontier Airlines Holdings Inc., a company organized under the laws of the State of Delaware (hereafter "Holdings"), Frontier Airlines, Inc., a company organized under the laws of the State of Colorado ("Frontier" and together with Holdings, "Carrier") and the applicable Member.

Carrier, a certified air carrier engaged in the transportation of passengers by air, desires to make available to its customers a convenient means of purchasing air transportation through the use of Cards. The MTOS and the other terms of the Agreement govern Carrier’s receipt of Card processing services.

SECTION 1. DEFINITIONS.

1.1 For the purpose of this Agreement, the terms below shall have the following meanings:

***** – ***** Inc. and its successors and assigns that hold the rights to the ***** technology.

Affiliate – With respect to any Party, any Person that directly or indirectly through one or more intermediaries controls, or is controlled by, or is under common control with such Party. The term control (including the terms “controlled by” and “under common control with”) means the possession, directly, of the power to direct or cause the direction of the management and policies of the Person in question.

Agent – A business organization duly licensed (if so required) and authorized to perform functions of a travel agent who is not an employee of Carrier and who has been duly designated, appointed and authorized by Carrier to act as a travel agent on behalf of Carrier.

Agreement – The Signatory Agreement, the MTOS, and all schedules and exhibits attached thereto or attached to the MTOS. Each reference to “the Agreement” or “this Agreement” contained herein shall constitute a reference to, collectively, (a) the applicable Signatory Agreement, (b) each schedule or exhibit attached to such Signatory Agreement, and (c) the MTOS and each schedule or exhibit attached to the MTOS.

Applicable Country – Any country in which Transactions are being transacted pursuant to and as permitted by this Agreement, as identified in the Signatory Agreement.

Applicable Rate – The Applicable Rate (using a 365-day year) shall be determined in accordance with the following chart for each Settlement Currency:

1
Authorization – The process whereby Carrier requests permission for the Card to be used for a particular Transaction.

AVS – Address verification service.

Billing Settlement Processor – A bank settlement plan or similar entity that aggregates Transactions for such regions or Applicable Countries as the Parties may mutually agree and submits Transactions on behalf of Carrier.

Business Day – With respect to Transactions submitted to Member, any weekday, Monday through Friday, except when any such day is a legal holiday recognized by Member.

Card – (i) Any card (other than a Debit Card) bearing the service mark of a Credit Card Association or other evidence of an account, including an account number, issued under the auspices of a Credit Card Association, which Carrier expressly chooses to accept or accepts through the presentation of a Sales Record to Member for processing and (ii) any Debit Card.

Card Associations – The Credit Card Associations and the EFT Networks and any other card association that may in the future be designated by mutual agreement of Member and Carrier.

Card Issuer – Any bank or financial institution that is a member of a Card Association and issues a Card.

Cardholder – Any person authorized to use a Card by the Card Issuer.

Cardholder Account Information – As defined in Section 4.1.

Carrier – As defined in the Preamble.

Carrier Website – The website Carrier has established or may establish from time to time for the purpose of selling goods and services in the Applicable Countries.

Chargeback – Any (i) amount claimed from or not paid to Member for any reason stipulated in the applicable Operating Regulations, or (ii) refusal to pay or reversal of any payment by a Card Issuer in relation to a Transaction for any reason stipulated in the applicable Operating Regulations or (iii) amount claimed from Carrier by Member in relation to a Transaction as stipulated in the applicable Operating Regulations.

Commencement Date – As defined in the Signatory Agreement.

2
CNP Transactions – A Transaction which is accepted and processed where the Cardholder is not present or the Card is not provided physically to Carrier at the time the Transaction occurs (for example, internet, mail order or telephone order).

Credit Card Associations – Visa U.S.A. Inc., Visa International, Inc., MasterCard International Incorporated and any other national card association that may in the future be designated by mutual agreement of the Member and Carrier.

Credit Record – A record, whether paper or electronic, approved by Member, which is used to evidence a refund or adjustment of a purchase made through the use of a Card, and which will be credited to a Cardholder account.

Debit Card – A card or device bearing the symbol(s) of one or more EFT Networks or Credit Card Associations, or other evidence of an account, issued under the auspices of a Card Association, which may be used to purchase goods and services from Carrier and to pay the amount due to Carrier by an electronic debit to the Cardholder’s designated deposit account, and which Carrier expressly chooses to accept or accepts through the presentment of a Sales Record to Member for processing.

Deposit – The aggregate of (a) Reserved Funds and (b) any cash remitted and pledged by Carrier to Member or any other Secured Party pursuant to or in connection with this Agreement to secure the Obligations hereunder, and obligations under any Other Signatory Agreements that incorporate the MTOS (if so provided in the applicable Exposure Protection Schedule), and all additions to such aggregate made from time to time and all monies, securities, investments and instruments purchased therewith and all interest, profits or dividends accruing thereon and proceeds thereof. In the event that Transactions are settled in multiple currencies, Member may require separate Deposits in such currencies.

Effective Date – The date set forth as the “Effective Date” in the Signatory Agreement that is part of this Agreement.

EFT Networks – (i) Interlink Network, Inc., Maestro U.S.A., Inc., STAR Networks, Inc., NYCE Payments Network, LLC, PULSE Network LLC, ACCEL/Exchange Network, Alaska Option Services Corporation, Armed Forces Financial Network, Credit Union 24, Inc., NETS, Inc. and SHAZAM, Inc. and (ii) any other organization or association that hereinafter authorizes Member or its Affiliates to authorize, capture, and/or settle Transactions effected with Debit Cards, and any successor organization or association to any of the foregoing.

Electronic Credit Record – An electronic Credit Record.

Electronic Data Capture or “EDC” – Any means by which payment information (e.g. Electronic Sales Record or Electronic Credit Record) is transmitted electronically to Member for processing.

Electronic Record – An Electronic Credit Record or an Electronic Sales Record.

Electronic Sales Record – An electronic Sales Record.
Exposure Protection Schedule – The “Exposure Protection Schedule” attached to the Signatory Agreement that is part of this Agreement.

Fee Schedule – The “Fee Schedule” attached to the Signatory Agreement that is part of this Agreement.

Frontier – As defined in the Preamble.

HOLDINGS – As defined in the Preamble.

Insolvency Event – (i) The commencement of any bankruptcy, insolvency, moratorium, liquidation, judicial reorganization proceeding, dissolution, arrangement, or proceeding under any creditors’ rights law or other similar proceeding by or against the applicable Party, (ii) any application for, consent by the Party, or acquiescence by the Party in, the appointment of any trustee, receiver, or other custodian for Carrier or a substantial part of its property, (iii) any appointment of a trustee, receiver or other custodian for the Party or a substantial part of its property, or (iv) any assignment by the Party for the benefit of creditors.

ISP – An internet service provider.

Internet PIN Pad – A secure program provided by Acculynk that displays and allows entry on an alphanumeric graphical PIN-pad which conforms with the applicable Operating Regulations and requirements established from time to time by Member, and through which a Cardholder may enter a PIN.

Judgment Currency – As defined in Section 27.

MasterCard – MasterCard International Incorporated.

Member – The financial institution (or, to the extent allowed by the applicable Operating Regulations, a subsidiary or an Affiliate of a financial institution) designated as Member in the Signatory Agreement.

MTOS – As defined in the Preamble.

Net Activity – For any day on which funds are to be remitted to Carrier under Section 6.2 hereof with respect to Transactions to be settled in the same currency, the net aggregate amount of (i) the aggregate amount of the Sales Records submitted to Member prior to such date of remittance of funds that are to be settled to Carrier in the same currency, plus (ii) adjustments in favor of Carrier in the same currency, minus (iii) the amount of any then outstanding Credit Records and Chargebacks to Carrier for which Member has not been reimbursed, minus (iv) the processing fees set out in the Fee Schedule, minus (v) any adjustments in favor of Member in the same currency, minus (vi) any other obligations of Carrier to Member arising under this Agreement, minus (vii) if applicable, any net addition to Reserved Funds on such date (or plus any net subtraction from Reserved Funds on such date).

Obligations – As defined in the Exposure Protection Schedule.

Operating Regulations – The operating regulations of a Card Association as amended or supplemented from time to time.
Other Signatory Agreements – As defined in the Exposure Protection Schedule.

Parties – As defined in the Signatory Agreement.

***** – A software-only service provided by ***** that enables the use of Debit Cards with its corresponding PIN to pay for purchases of Travel Costs from Carrier.

PCI – Payment Card Industry (PCI) Data Security Standard, including any amendments thereto or replacements thereof.

Person – Any natural person, corporation, partnership, limited partnership, limited liability company, joint venture, firm, association, trust, unincorporated organization, government or governmental agency or political subdivision or any other entity, whether acting in an individual, fiduciary or other capacity.

PIN – A Personal Identification Number.

POS Device – A Terminal or other point-of-sale device at a Carrier location that conforms with the requirements established from time to time by Member and the applicable Card Association.

Processing Date – Any date on which Member processes a Transaction using its merchant processing system.

Relevant Authorities – Any governmental or other agencies or any regulatory authorities with jurisdiction over, or otherwise material to, the business, assets, or operations of Carrier.

Reserved Funds – All funds paid by a Card Association on account of Sales Records submitted to Member by Carrier pursuant to this Agreement and held by Member pursuant to the provisions of the Exposure Protection Schedule.

Retained Documents – As defined in Section 7.2.

Sales Record – A record, whether paper or electronic, which is used to evidence Travel Costs purchased by a Cardholder through the use of a Card and which is processed by Member pursuant to the Agreement.

Secured Party – As defined in the Exposure Protection Schedule.

Settlement Account – A deposit account at a financial institution designated by Carrier as the account to be debited or credited, as applicable, for Net Activity.

Settlement File – The settlement file summarizing Travel Costs and Transactions submitted by Carrier by electronic transmission to Member in such form or format as the Parties may agree.

Signatory Agreement – As defined in the Preamble.
Terms and Conditions of Sale – As defined in Section 3.14(b).

Terminal – A point-of-transaction terminal that conforms with the requirements established from time to time by Member and the applicable Card Association capable of (i) reading the account number encoded on the magnetic stripe, (ii) comparing the last four digits of the encoded account number to the manually key-entered last four digits of the embossed account number, and (iii) transmitting the full, unaltered contents of the magnetic stripe in the Authorization message.

Third-Party Terminal – A terminal, other point-of-sale device, or software provided to Carrier by any entity other than Member or an authorized designee of Member.

Transaction – The purchase by, or refund to, a Cardholder, using a Card for any goods or services provided by Carrier pursuant to this Agreement in the Applicable Countries.

Transaction Date – The actual date on which the Cardholder purchases goods or services with a Card, or on which a Credit Record is issued from Carrier through use of a Card.

Travel Costs – Any one, or any combination of, the following items:

(a) the purchase of a ticket for air travel for travel along any of Carrier’s routes;
(b) the purchase of a ticket for air travel over the lines of other carriers;
(c) the payment of airport taxes, fees and surcharges in connection with the purchase of any item specified in this section;
(d) the payment of excess baggage and other baggage charges;
(e) the purchase of air freight and air cargo services offered by Carrier;
(f) the purchase of small package delivery services offered by Carrier;
(g) the purchase of travel services (including accommodation) on tours sold by or through Carrier in conjunction with the furnishing of air travel;
(h) the purchase of air travel for pets on Carrier’s flights;
(i) the payment of dues associated with Carrier’s airport or other club system;
(j) the purchase of goods sold and delivered on, or in association with, Carrier’s flights;
(k) the purchase of goods sold via direct mail catalog or by direct mail by Carrier; and

(l) the purchase of goods or services associated with the foregoing, including without limitation, sales of preferred seating and flight change fees.

Travel Costs shall also mean such other goods or services as Carrier and Member may agree to include in writing. Travel Costs shall not include charter services.

Value Added Services – Any product or service provided by a third party unaffiliated with Member to assist Carrier in processing Transactions, including internet payment gateways, integrated Terminals, global distribution systems, inventory management and accounting tools, loyalty programs, fraud prevention programs, and any other product or service that participates, directly or indirectly, in the flow of Transaction data.

Value Added Services Schedule – The Value Added Services Schedule attached to the Signatory Agreement.

1.2 In the Agreement unless the context otherwise requires:

(a) Any reference to a statute, statutory instrument, regulation or order shall be construed as a reference to such statute, statutory instrument, regulation or order as amended or re-enacted from time to time.

(b) The words “hereof,” “herein” and “hereunder” and words of similar impact when used in the Agreement shall refer to the Agreement as a whole and not to any particular provision of the Agreement. References to Sections, Exhibits, Schedules and like references are to the Agreement unless otherwise expressly provided. The words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation,” regardless of whether the phrase “without limitation” is included in the applicable provision. Unless the context in which used herein otherwise clearly requires “or” has the inclusive meaning represented by the phrase “and/or,” even if the phrase “and/or” is not included in the applicable provision. The singular includes the plural and vice versa, regardless of whether "(s)" is used with the applicable word or phrase. The terms “will,” “shall,” “must,” and “agree” have the same meaning and force.

SECTION 2. RULES AND REGULATIONS.

2.1 Carrier and Member each acknowledge that the respective systems of the Card Associations are governed by their respective Operating Regulations and that all Transactions hereunder are subject to such Operating Regulations, as applicable, as the same may be amended from time to time. To the extent there is a conflict between applicable Operating Regulations and the terms of this Agreement, the Operating Regulations shall control. To the extent there is a conflict between applicable law and applicable Operating Regulations, the applicable law shall control. For purposes of the foregoing, a conflict shall be deemed to exist only if (i) compliance with the terms of this Agreement is impossible without a breach of the applicable Operating Regulations or (ii) compliance with the applicable Operating Regulations is impossible without a breach of applicable law. Unless permitted by the applicable Operating Regulations, Carrier shall not establish minimum or maximum Transaction amounts as a condition for honoring Cards.
2.2 Carrier and Member each shall be responsible for any liability arising out of or related to its own failure to observe, perform or otherwise comply with the applicable provisions of the Operating Regulations. Carrier agrees that it shall be responsible for any fees, charges, fines, penalties or other assessments that Member is required to pay a Card Association as a consequence of Carrier’s failure to comply with the applicable Operating Regulations. Member agrees that it shall be responsible for any fees, charges, fines, penalties or other assessments that Carrier is required to pay a Card Association as a consequence of Member’s failure to comply with the applicable Operating Regulations.

SECTION 3. HONORING CARDS.

3.1(a) In the case of Transactions transacted in U.S. dollars under the Signatory Agreement between Carrier and Member, Carrier may choose to accept (i) only the consumer credit/business credit products of Visa and/or MasterCard; (ii) only the consumer debit/prepaid products of Visa and/or MasterCard; or (iii) both the consumer credit/business credit products and consumer debit/prepaid products of Visa and/or MasterCard. Carrier must indicate in writing its decision to accept a limited category of products at the time of entry into this Agreement. If Carrier chooses to accept only one of the categories of products but later submits a Transaction outside of the selected category, Member is not required to reject the Transaction and Carrier will be charged standard fees and expenses for that category of products. Further, if Carrier chooses a limited acceptance option, it must still honor all international cards presented for payment. If Carrier decides to implement a limited acceptance policy, it shall display appropriate signage to communicate that policy to Cardholders. Except as may be permitted by applicable local law and Operating Regulations, Carrier will not impose a surcharge for purchases made with the Card nor shall Carrier establish minimum or maximum transaction amounts as a condition for honoring Cards.

(b) Notwithstanding anything else contained in this Agreement, and upon written notification from Member that Member or its Affiliates agree to accept ***** Transactions, Carrier may submit for processing hereunder **** Transactions, and Member agrees to process such transactions. Carrier understands and agrees that Member’s ability to accept **** Transactions under this Agreement is dependent upon Member or its Affiliates continuing to have agreements in place with ***** and the EFT Networks. Carrier acknowledges that even if Member agrees to accept **** Transactions, Member may not be able to accept Transactions for Debit Cards on all the EFT Networks. Carrier may not submit any other PIN-based Debit Card Transactions under this Agreement other than **** Transactions. If at any time Member can no longer process **** Transactions because (i) Member or Member’s Affiliates do not have the required enforceable contracts with ***** or the EFT Networks or (ii) ***** cannot or will not perform under its contracts with Member or Affiliates of Member, then Member shall notify Carrier thereof, and Carrier may not submit any **** Transactions for processing after receipt of such notice. Member shall not be deemed in breach of the Agreement or otherwise have any liability to Carrier as a result of its inability to process **** Transactions due to the lack of the required contracts with ***** or the EFT Networks or the inability of unwillingness of ***** to perform under such contracts.
(c) In submitting ***** Transactions to Member, Carrier agrees as follows:

a. During the Transaction process, Carrier will employ an ***** PIN Pad with ***** technology to maintain the confidentiality of the Cardholder’s Debit Card information and PIN.

b. Carrier shall use ***** technology when initiating every ***** Transaction so as to prevent the unauthorized recording or disclosure of a Cardholder’s PIN.

c. Carrier shall require that each holder of a Debit Card enter his or her PIN on a ***** PIN Pad when initiating a ***** Transaction.

If Member has agreed to accept ***** Transactions pursuant to this Section 3.1, Carrier shall support ***** Transactions for purchases and refunds, but may not support purchases with cashback or balance inquiries. At the time of any ***** Transaction, Carrier shall provide each Cardholder a Transaction receipt containing, at a minimum, the following information:

• Amount of the Debit Card Transaction,
• Date of Transaction receipt issuance or date of departure,
• Truncated Debit Card number or another account number or code that uniquely identifies the Cardholder,
• Carrier’s name, and
• Transaction reference number or authorization number.

Carrier may perform a refund Transaction for a ***** Transaction only if the original PIN-based Debit Card Transaction was performed through *****. When requested by any EFT Network, Carrier will immediately take action to: (i) eliminate any fraudulent or improper Transactions identified by the EFT Network, (ii) suspend processing of ***** Transactions until such fraudulent or improper Transactions are addressed, or (iii) entirely discontinue acceptance of ***** Transactions.

Carrier understands that ***** Transactions conducted with an ***** PIN Pad are high risk and there is a significant risk that a Cardholder’s PIN may be tracked or improperly disclosed if ***** technology is not employed with the ***** PIN Pad. Carrier understands that Member does not provide such security technology and that it is solely Carrier’s responsibility to employ such technology. Member acknowledges that ***** is a contractor of an Affiliate of Member and it shall be the obligation of Member to obtain ***** services through such Affiliate. Carrier indemnifies Member against any claims made by a holder of a Debit Card regarding the unauthorized disclosure of such Cardholder’s PIN in any Transactions submitted to Member for processing, except to the extent caused by (a) the negligence, willful misconduct, grossly negligent acts or omission, or breach of this Agreement, Operating Regulations, or any applicable laws or regulations by Member, its Affiliates, ***** or an EFT Network or (b) any data breach of the data security systems of Member or its Affiliates. All ***** Transactions shall be included in the flight calendar under the Exposure Protection Schedule and otherwise included when
determining ***** Exposure. Carrier shall be responsible for submitting to Member the flight data information for each ***** Transaction necessary to allow Member to include such Transactions in the ***** Exposure (as defined in the Exposure Protection Schedule) calculation.

Carrier and Member recognize that the Operating Regulations applicable to Chargebacks on ***** Transactions under the EFT Networks and applicable law may differ from the rules set forth in this Agreement and the Operating Regulations applicable to Transactions with the Credit Card Associations. Carrier and Member agree that any rules contained under this Agreement applicable to Chargebacks shall be deemed modified to the extent necessary to comply with conflicting Operating Regulations or applicable law.

3.2 Carrier shall use reasonable efforts to cause all Agents to permit Cardholders to charge Travel Costs only in accordance with the terms and conditions of the Agreement and in compliance with applicable Operating Regulations. Carrier shall use reasonable efforts to cause compliance by Agents with all of the terms and conditions of the Agreement to be performed by Carrier or Agents. Notwithstanding any such reasonable efforts by Carrier, Carrier shall be responsible for: (i) any failure by any Agent in performing the applicable provisions of the Agreement; and (ii) the settlement of Sales Records and Credit Records completed by Agents.

3.3 Before honoring a Card, Carrier shall do the following to determine whether the Card is valid: (a) where possible, examine the format of each Card presented in connection with a purchase for authenticity and confirm, by checking the effective date and the expiration date as stated on the face of the Card, that the Card has become effective and has not expired; and (b) obtain Authorization. Neither Carrier nor any Agent shall impose a requirement on Cardholders to provide any personal information such as a home or business telephone number, home or business address, driver’s license number, or a photocopy of a driver’s license as a condition for honoring Cards unless such information is required or permitted under specific circumstances cited in the Agreement. Notwithstanding the foregoing, with respect to Transactions that are not conducted face-to-face, Carrier may request from a Cardholder the information necessary to complete an address verification service request. Neither Carrier nor any Agent shall make a photocopy of a Card under any circumstances, nor shall a Cardholder be required to sign a statement that in any way waives the Cardholder’s rights to dispute the Transaction. Carrier may require passengers to present personal information, including a driver’s license, passport, or other picture identification, for purposes of complying with Carrier’s policy or applicable law.

3.4(a) Carrier or Agent shall obtain Authorization for the total amount of the Travel Costs before completing any Card sales Transaction (which in the case of Transactions involving paper submissions pursuant to Section 6.2(d) may require telephone Authorization). Such Authorization may be provided by any third party provider acceptable to Member. Authorization verifies that the Card number is valid, the Card has not been reported lost or stolen at the time of the Card sales Transaction, and confirms that the amount of credit or funds requested for the Card sales Transaction is available. Carrier or Agent will follow any reasonable instructions received during Authorization. Upon receipt of
Authorization, Carrier or Agent may consummate only the Card sales Transaction authorized and must note the Authorization code on the Sales Record. For all ticket by mail, telephone or internet Card sales, Carrier must obtain the Card expiration date and forward that date as part of the Authorization.

(b) Authorization does not: (i) guarantee Carrier final payment for a Card sales Transaction; (ii) guarantee that the Card sales Transaction will not be disputed later by the Cardholder as any Card sales Transaction is subject to Chargeback; or (iii) protect Carrier in the event of a Chargeback regarding unauthorized Card sales Transactions or disputes involving the quality of goods or services. Authorization will not waive any provision of the Agreement or otherwise validate a fraudulent sales Transaction or a sales Transaction involving the use of an expired Card.

(c) In a Card sales Transaction in which a Card is presented electronically, if Carrier’s Terminal is unable to read the magnetic stripe on the Card, Carrier must key-enter the Transaction into the POS Device for processing and obtain: (i) a physical imprint of the Card using a manual imprinter; and (ii) the Cardholder’s signature on the imprinted Sales Record.

3.5 Neither Carrier nor any Agent shall make any Card sale to any customer in any of the following circumstances (with the exception of ticket by mail, internet or telephone pursuant to Section 3.8 of the Agreement and ticket by automated machine pursuant to Section 3.9 or purchased through other CNP Transactions): (a) a Card is not presented at the time of sale; (b) the signature on the Sales Record does not appear to correspond to the signature appearing in the signature panel on the reverse side of the Card, or the Cardholder does not resemble the person depicted in any picture which appears on the Card; (c) the signature panel on the Card is blank and is not signed in accordance with the procedures specified in Section 3.6; and (d) no Authorization is received. Any Carrier or Agent completing a Transaction under the conditions in this Section 3.5 shall be responsible for such Sales Record or Credit Record regardless of any Authorization.

3.6 If the signature panel of the Card is blank, in addition to requesting Authorization, Carrier or Agent must: (a) review positive identification to determine that the user is the Cardholder; (b) indicate such positive identification (including any serial number and expiration date) on the Sales Record; and (c) require that the Cardholder sign the signature panel of the Card prior to completing the Transaction. If a Cardholder presents a Card that bears an embossed “valid from” date and the Transaction Date is prior to the “valid from” date, Carrier or Agent shall not complete the Transaction. A card embossed with a “valid from” date in month/year format shall be considered valid on the first day of the embossed month and year. A card embossed with a “valid from” date in month/day/year format is considered valid on the embossed date.

3.7(a) Each Card sale shall be evidenced by a Sales Record. Each Sales Record shall be imprinted with the Card unless: (i) the Sales Record results from a Transaction involving Terminals which produce electronic Transaction records; (ii) the Transaction is a CNP Transaction; (iii) an imprinter is not available; or (iv) if for any other reason the Sales Record cannot be imprinted with a Card (if Authorization is obtained), including Transactions by mail, telephone or automated machine. If an imprinter is not available, the information on the Card and merchant plate shall be reproduced legibly on the Sales Record in sufficient detail to identify the parties to such sale. Such information shall include at least the date of sale, amount, Cardholder’s name and account number and Carrier’s name and place of business.
(b) Carrier shall include all items of Travel Costs purchased in a single Transaction in the total amount on a single Sales Record or Transaction record except for individual tickets issued to each passenger, when required by Carrier policy.

(c) Each Sales Record shall include on its face the items needed to complete the Settlement File required by the Member. Each Sales Record shall be signed by the Cardholder (except where the sale is made pursuant to CNP Transaction or automated machine transaction), which signature shall appear to be the same as the signature on the Card presented, as determined by Carrier or Agent. The Cardholder shall not be required to sign a Sales Record until the final Transaction amount is known and indicated in the “Total” column.

(d) Carrier shall not effect a Transaction for only part of the amount due on a single Sales Record except when the balance of the amount due is paid by the Cardholder at the time of sale in cash, by check, with another card or Card, or any combination thereof.

(e) If Carrier or Agent honors the Card, Carrier or Agent honoring the Card will deliver to the customer a true and completed copy of the Sales Record. The Card account number must be truncated on all Cardholder-activated copies of Sales Records. Truncated digits should be replaced with a fill character such as “x,” “*,” or “#,” and not with blank spaces or numeric characters. All POS Devices must suppress all but the last four digits of the Card account number and the entire expiration date on the Cardholder’s copy of the Electronic Sales Records generated from POS Devices (including Cardholder activated).

3.8 Carrier or Agent may enter into Transactions in accordance with Carrier’s or such Agent’s ticket by CNP Transaction program. In each such case, Carrier or Agent will complete the Sales Record (in accordance with Section 3.7) and include on the Sales Record the effective date and expiration date of the Card as obtained from the Cardholder together with words to reflect “mail order” or the letters “MO” or “telephone order” or the letters “TO,” or “internet order” or the letters “IO,” as appropriate. Carrier must obtain an Authorization code for all such Transactions. If a Carrier or Agent completes a Transaction without imprinting the Card or using a Terminal, Carrier shall be deemed to warrant the true identity of the Cardholder as the authorized holder of such Card unless Carrier or Agent has obtained independent evidence of the Cardholder’s true identity and has noted such evidence on the applicable Sales Record.

3.9 In the case of sales of tickets by automated machine, such Transaction records must include at least the following information: (i) the account number; (ii) Carrier or Agent’s name; (iii) the automated machine’s location code or town, city, county, state or province; (iv) the amount of the Transaction in the applicable currency; and (v) the Transaction Date.

3.10(a) Carrier or Agent may use POS Devices or other data capture services acceptable to Member to obtain Authorization and to capture Electronic Sales Record data to submit to a Card Association by reading data encoded on either tracks 1 or 2 on the magnetic stripe of Cards in accordance with applicable Operating Regulations. POS Devices are prohibited from printing or displaying more information than that which is permitted by the applicable Operating Regulations and applicable laws and regulations.
(b) Whenever Carrier has knowledge that the embossed account number is not the same as the encoded account number, Carrier is required to:
   (i) decline the Transaction; (ii) attempt to retain the Card in accordance with Section 3.12 by reasonable and peaceful means; (iii) note the physical
description of the Cardholder; (iv) notify Member; and (v) forward any recovered Card in accordance with the procedures specified in Section 3.13.

(c) When the embossed account number is the same as the encoded account number, Carrier must follow normal Authorization procedures as
described in this Section 3.

3.11 Neither Carrier nor any Agent shall make a cash disbursement to any Cardholder with respect to a Transaction.

3.12 Carrier or Agent shall use commercially reasonable efforts to retain a Card by reasonable and peaceful means if: (a) Carrier is requested to do so in an
Authorization response message; (b) if the four printed digits above the embossed account number on a Card do not match the first four embossed digits; or (c) if
Carrier has reasonable grounds to believe a Card is counterfeit, fraudulent or stolen.

3.13 In any case in which Carrier recovers a Card, Carrier shall send such Card to the address stated below:

       Bank Card Center
       Attn: Card Recovery
       P. O. Box 6318
       Fargo, ND 58125-6318

3.14 The following provisions govern CNP Transactions:

   (a) Carrier acknowledges that in order to accept and process CNP Transactions, Carrier must (i) implement and adhere to security measures designed
to ensure secure transmission of the data provided by the Cardholder in purchasing Travel Costs and effecting payment over the internet as required by the
applicable Operating Regulations and applicable requirements of law; (ii) where possible, verify the address of the Cardholder via AVS; (iii) at any time
when Carrier participates in Verified by Visa or MasterCard Secure Code requirements, Carrier shall provide to Member the data elements included in such
requirements; and (iv) ensure that, to the extent that the Carrier Website is hosted by an ISP, the ISP meets the minimum security measures and technology
requirements.

   (b) Carrier shall at all times during the term of this Agreement, display on the Carrier Website clear terms and conditions and procedures (the "Terms
and Conditions of Sale"). The Terms and Conditions of Sale shall give a complete and accurate description of the Travel Costs offered by Carrier. Carrier
Website must include clear details of Carrier’s return policy, customer service, contact details (including mail/email/phone/fax), currency accepted, delivery
policy and country of Carrier’s domicile for every nexus and operation of Carrier. Carrier shall also comply with all and any requirements or guidelines in
respect of internet usage issued from time to time by all relevant Card Associations, together with the requirements of applicable laws and regulations.
(c) The Carrier Website will clearly inform the Cardholder that the Cardholder is committing to payment before he or she selects the “Pay Now” button. The Carrier Website will afford the Cardholder an unambiguous option to cancel the payment instruction at this stage.

(d) Carrier acknowledges that in certain jurisdictions it may be unlawful for Carrier to sell the Travel Costs and that Member cannot accept any liability for the consequences of Carrier trading in such jurisdictions.

(e) Carrier is prohibited from entering Cardholder details into a Terminal manually where those details have been provided to Carrier via the internet.

(f) Carrier shall promptly inform Member of every security breach, suspected fraudulent card(s) and suspicious activity on Carrier’s security system or through Carrier Website that may relate to Transactions.

(g) Member shall not in any way be liable for any claim in connection with any representations contained in the Carrier Website, webpage(s), advertisement(s) or printed matter relating to Carrier’s products or services.

(h) Carrier hereby acknowledges that CNP Transactions are in all cases at Carrier’s own risk. Carrier is fully liable for all Chargebacks, fines, assessments, penalties and losses related to CNP Transactions even where Carrier has complied with this Agreement and where the Transaction in question has been authorized. All communication costs related to CNP Transactions are Carrier’s responsibility. Carrier acknowledges that Member does not manage the CNP payment gateway or the telecommunication links and that it is Carrier’s responsibility to manage that link.

SECTION 4. CARDHOLDER ACCOUNT INFORMATION; SECURITY PROGRAM COMPLIANCE.

4.1 The Parties and each Agent shall treat all information relating to any Card, including Cardholder name and identification information, PIN (if applicable), account number information in any form, imprinted Sales Records, carbon copies of imprinted Sales Records, mailing lists, tapes, or other media, obtained by reason of any Transaction or otherwise (“Cardholder Account Information”), as confidential information and shall protect such materials from disclosure to any third person, except as expressly permitted in this Agreement. The Parties shall at all times only store, process and use Cardholder information in accordance with the requirements of any applicable data processing laws and Operating Regulations; provided, that nothing in the Agreement shall restrict Carrier’s storage or use of customer information gathered by it in the ordinary course of its business. The Parties shall not, without the consent of the Cardholder, sell, purchase, provide or exchange Cardholder Account Information to or with any third person, other than

(a) Carrier’s agents, employees and representatives, network providers or Card processors for the purpose of assisting Carrier in completing the Transaction;
(b) Member’s employees and representatives and agents for the purpose of performing under this Agreement and in compliance with the applicable Operating Regulations and requirements of law;
(c) the applicable Card Association or Card Issuer in compliance with this Agreement and the applicable Operating Regulations; or
(d) in accordance with applicable law.

4.2 All Value Added Services being provided to Carrier are set forth on the Value Added Services Schedule attached to the Signatory Agreement, and Carrier will disclose in writing to Member any new Value Added Services to be provided to Carrier after the Effective Date prior to using the same. All Value Added Services shall comply with all applicable requirements of law and the Operating Regulations, including PCI. Carrier will comply with the requirements of PCI and any modifications to, or replacements of PCI that may occur from time to time, be liable for the acts and omissions of each third party offering such Value Added Services and will be responsible for ensuring compliance by the third party offering such Value Added Services with all applicable requirements of law and Operating Regulations, including PCI. Carrier will indemnify and hold harmless Member from and against any loss, cost, or expense incurred in connection with or by reason of Carrier’s use of any Value Added Services. Member will not be responsible for the Value Added Services not provided by it.

4.3 If Carrier uses Value Added Services for the purposes of data capture or authorization, Carrier agrees: (a) that the third party providing such services will be its agent in the delivery of Transactions to Member via a data processing system or network similar to Member’s; and (b) to assume full responsibility and liability for any failure of that third party to comply with applicable requirements of law and the Operating Regulations or this Agreement. Member will not be responsible for any losses or additional fees incurred by Carrier as a result of any error by a third party agent or by a malfunction in a Third Party Terminal.

4.4 Member will establish and maintain appropriate administrative, technical and physical safeguards to protect the security, confidentiality and integrity of the Cardholder Account Information. These safeguards will be designed to protect the security, confidentiality and integrity of the Cardholder Account Information, ensure against any anticipated threats or hazards to its security and integrity, and protect against unauthorized access to or use of such information or associated records which could result in substantial harm or inconvenience to any Cardholder. Without limiting the foregoing, Member shall maintain adequate back-up systems and disaster recovery systems to reasonably protect Cardholder Account Information or any similar data maintained by Member and to allow Member to continue to fulfill its obligations hereunder in the event of any natural disaster or other similar event.

SECTION 5. RETURNED UNUSED TRAVEL COSTS; CREDIT ADJUSTMENT.

5.1 Carrier will maintain a fair and uniform policy for the return or exchange of tickets or other Travel Costs for credit adjustments. On the date Carrier accepts the return of unused tickets or other Travel Costs or otherwise allows an adjustment to the Travel Costs which were the subject of a previous Card sale, Carrier will date and otherwise properly complete a Credit Record and submit it to Member for processing hereunder in accordance with the timeframes required by the applicable Operating Regulations and law.
5.2 Carrier will make no cash refunds in connection with such credit adjustments, except to the extent it may be required to effect a cash refund pursuant to the involuntary refund requirements of applicable laws, rules, regulations, or tariffs.

5.3 If a Cardholder disputes the receipt of the proper amount of the cash refund, Carrier shall, within the terms established in Section 8 for Chargebacks, furnish Member with such documentary evidence of such refund.

5.4 The submission of a Credit Record will not impair the right of Chargeback of Member against Carrier in an amount not to exceed the excess of (a) the amount of the Sales Record over, (b) the amount of the Credit Record submitted by Carrier.

5.5 Carrier shall not accept monies from a Cardholder for the purpose of preparing and depositing a credit voucher that will effect a deposit to the Cardholder’s account. Carrier shall not process a credit voucher without having completed a previous purchase Transaction with the same Cardholder.

SECTION 6. SUBMISSION OF ELECTRONIC SALES RECORDS AND ELECTRONIC CREDIT RECORDS.

6.1 Carrier shall establish and maintain one Settlement Account for each currency permitted pursuant to this Agreement. Each Settlement Account shall be maintained in an office of the financial institution designated by Carrier which is acceptable to Member, and shall be subject to Member’s customary practices and procedures applicable to accounts of that nature and shall be subject to the terms of this Agreement. Carrier shall provide to Member all information necessary to facilitate remittance of funds to each Settlement Account. All settlements with respect to Transactions submitted in the currency of a given Applicable Country shall be denominated in the lawful currency or currencies specified in the Signatory Agreement that is part of this Agreement.

6.2 (a) Neither Carrier nor Agent may present for processing or entry to any Card Association, directly or indirectly, any Sales Record or Credit Record which was not originated as a result of a Transaction between the Cardholder and Carrier.

(b) Neither Carrier nor Agent may deposit for entry to any Card Association, directly or indirectly, any Sales Record or Credit Record that it knows or reasonably should have known under the circumstances to be (i) fraudulent or (ii) not authorized by the Cardholder. With respect to this requirement, Carrier or an Agent shall be responsible for the actions of their respective employees and agents while acting in their employ or as agents.

(c) Except as set forth in the last sentence of this Section 6.2(c), neither Carrier nor Agent may present for processing or entry to any Card Association any Sales Record or Credit Record representing a Transaction all or part of which had been previously charged back to Member and subsequently returned to Carrier. Carrier may, at its option, pursue payment from the customer outside the Card Association system. Should Carrier exercise this option and the Cardholder acknowledges the debt, and chooses to pay the amount in full using its Card, Carrier may present a Sales Record in such amount to Member for processing.
(d) Carrier or Agent shall submit to Member for processing each Sales Record in accordance with the timeframes required by the applicable Operating Regulations. The method of billing for all Electronic Sales Records and Electronic Credit Records processed through any Billing Settlement Processor must be by electronic transmission and shall include itinerary records consisting of departure dates. If Carrier is unable to submit Sales Records and Credit Records originating at Carrier’s sales locations, including airport locations, ticket-by-mail centers, and other sales locations, by means of a summary electronically transmitted as provided in Sections 6.5 and 7.1, Carrier may submit such Sales Records and Credit Records to Member by means of a paper summary and detail thereof to Member’s designated processing center, or by means of a Terminal that generates an electronic transmission to Member’s designated Terminal processor.

(e) Member will deposit, or cause to be deposited, on each Business Day, via federal wire transfer, in the case of U.S. dollar Transactions, and SWIFT, in the case of Canadian dollar Transactions, into the applicable Settlement Account for each applicable currency, an amount equal to the amount of Net Activity relating to such currency for each Business Day, subject to Member’s receipt of the incoming transmission of Sales Records and Credit Records by the time and on the day specified in Exhibit A.

(f) At any time that the aggregate amount of Net Activity results in an amount due Member, the aggregate amount due may be deducted, recouped or set off from amounts subsequently payable to Carrier under this Agreement on account of Sales Records irrespective of the currency in which payment to Carrier is to be made; provided, that, Member may, at its option (i) require an immediate wire transfer from Carrier of the amount due, or (ii) apply, set off against or recoup from any Deposit amount maintained pursuant to this Agreement the amount due from Carrier under this Agreement. Carrier will, upon demand by Member, pay interest on the amount due from Carrier under this Agreement for the period such amount remains unpaid after the applicable due date, calculated at a per annum rate equal to the Applicable Rate. Carrier acknowledges that this Agreement is a “net payment agreement” and that the right of Member to net out obligations due from Carrier under this Agreement from amounts payable to Carrier hereunder (including from or as represented by the Deposit amount) is a right of recoupment. Carrier further acknowledges that Member has entered into the Agreement in reliance upon such right.

(g) In the event that Carrier is party to more than one Signatory Agreement that incorporates the MTOS, amounts owed by Carrier under a Signatory Agreement may be recovered by Member under such Signatory Agreement from amounts due to Carrier under any Other Signatory Agreement, including amounts attributable to any Deposit. Carrier authorizes each Member under each Signatory Agreement to remit any amounts payable to Carrier under such Signatory Agreement to any Member under any Other Signatory Agreement to pay Carrier’s obligations to Member thereunder.
6.3 Processing fees shall be as set forth in the Fee Schedule attached to the Signatory Agreement that is part of this Agreement. Any adjustments made by the Card Associations (or by any third-party that provides authorization services) to any fees or assessments included on the Fee Schedule shall be passed through to Carrier without markup by Member. Except as provided for in the preceding sentence, the rates and fees set forth on the Fee Schedule may not be adjusted without the written consent of Carrier.

6.4 Member will provide Carrier with Transaction reports each Business Day that correspond to Net Activity for such Business Day and that will summarize sales, returns (refunds), Chargebacks, processing fees, and adjustments with adequate detail to allow Carrier to perform account reconciliation.

6.5 Carrier shall cause Agents to submit Electronic Sales Records and Electronic Credit Records to Member in the form of the Settlement File by electronic transmission as provided in Sections 6.2(d) and 7.1 through Carrier’s accounting office or the appropriate processing center of the area or Billing Settlement Processor of which Carrier is a member. Carrier or the appropriate processing center, as the case may be, shall submit the Electronic Sales Records and Electronic Credit Records to Member in accordance with the terms of the Agreement.

6.6 If Carrier utilizes Electronic Data Capture services pursuant to this Section 6.6 to transmit Electronic Sales Records and Electronic Credit Records for Transactions through a Terminal, Carrier agrees to utilize such EDC services in accordance with applicable Operating Regulations. Carrier may designate a third person as its agent to deliver to Member or directly to Card Associations Transactions captured at the point of sale by such agent. If Carrier elects to designate such an agent, Carrier must provide Member prior written notice of such election. Carrier understands and agrees that Member is responsible to make payment to Carrier for only those Transaction amounts delivered by such agent to the Card Associations, less amounts withheld by Member pursuant to the Agreement, and Carrier is responsible for any failure by such agent to comply with any applicable Operating Regulations, including any such failure that results in a Chargeback.

SECTION 7. ELECTRONIC TRANSMISSION.

7.1(a) When Electronic Sales Records and Electronic Credit Records are submitted to Member electronically, other than Electronic Sales Records and Electronic Credit Records originating from Terminals, as provided in Section 6.6, and processed by Member’s Terminal processor, such Electronic Sales Records and Electronic Credit Records shall be submitted to Member by means of a summary of all Travel Costs by electronic transmission compatible with the computer system of Member and shall comply with Section 6.2 of the Agreement. Each such electronic transmission shall contain, at a minimum, the information required for each Electronic Sales Record by Section 3.7 and shall be made in the form of the Settlement File or any other format acceptable to Member in its sole discretion, provided, however, that (i) Carrier will not change the format of such electronic submissions.
without first obtaining Member’s consent and (ii) if Carrier requests a change in format with respect to such electronic submissions, Member may test such electronic submissions (in the requested format) prior to consenting to such change in format, and such testing by Member shall not constitute consent to such format change and shall not in any way limit Member’s right to withhold consent with respect to such format change.

(b) If an electronic transmission of Travel Costs does not meet the requirements of the approved format, Member shall use reasonable efforts to advise Carrier within eight hours of receipt of same.

(c) Any acceptance by Member of an electronic transmission of Travel Costs which does not comply with the appropriate format or, if in the appropriate format, does not contain the information in respect to each Travel Cost summarized therein required by the terms of the Agreement, shall not constitute a waiver of, or preclude Member from exercising, the right of Chargeback.

7.2 Carrier shall retain, or cause to be retained, each original Sales Record and Credit Record and any other documentation necessary for Member to satisfy applicable Operating Regulations (“Retained Documents”) relating to those Transactions transmitted to Member directly by Carrier, in each case for at least ***** from the date each such Retained Document is submitted to Member for processing. Promptly upon Carrier’s receipt of Member’s request for the same, but in no event later than ***** following Carrier’s receipt of such request, Carrier shall deliver to Member a copy, or the original if specifically requested by Member (provided, that Carrier shall have no obligation to provide an original document in any case in which the Transaction did not result in any tangible documentation (e.g., a CNP Transaction) or if Carrier has destroyed such original after creating a microfiche or other acceptable copy thereof as set forth below), of the requested document.

Notwithstanding the foregoing, either Carrier or Member may elect to hold in its custody Retained Documents for no more than ***** provided such Party retains a microfilmed or microfiched (or other mutually acceptable medium) copy of such documents for at least ***** from the date on which each such document is submitted to Member for processing.

SECTION 8. CHARGEBACKS.

8.1 Member is not obligated to accept any Sales Record which does not comply in every respect with the terms and conditions of this Agreement, or which does not comply in all respects with the applicable Operating Regulations.

8.2 Carrier agrees to pay Member the amount of each Chargeback and, in the case of amounts that have not been paid to Carrier, acknowledges Carrier has no right to receive amounts attributable to Chargebacks. Member may deduct and retain any amount due to Member from Carrier on account of Chargebacks from amounts otherwise payable to Carrier under this Agreement. The provisions of Section 6.2 with respect to payment of Carrier’s obligations to Member will apply in the event the amount of Net Activity results in an amount due Member.
8.3 So long as a Chargeback claim is in the process of dispute resolution pursuant to the applicable Operating Regulations, Carrier shall not make any other claim or take any proceedings against the Cardholder in relation to the related Transaction or the underlying contract of sale or service. For clarity, the foregoing shall not preclude Carrier from continuing to work toward a consensual resolution with any Cardholder of the dispute that is the basis for the Chargeback.

8.4 In connection with the processing of Chargeback claims, Member shall be entitled to rely and act on any agreements, requests, instructions, permissions, approvals, demands or other communications given by Carrier (whether orally, via email or in writing) and Member shall not be liable to Carrier for any loss or damage incurred or suffered by it as a result of such action.

SECTION 9. REPRESENTATIONS AND WARRANTIES.

9.1 Carrier represents and warrants to Member that:

   (a) Carrier has full and complete power and authority to enter into and perform under the Agreement and has obtained, and there remain in effect, all necessary licenses, resolutions and filings which are necessary for Carrier to perform its obligations under the Agreement.

   (b) Carrier’s sales Transactions and credit refund procedures comply in all material respects with all applicable laws and regulations of any governmental authority which are pertinent to such Card sales or refunds.

   (c) Carrier’s execution and performance of the Agreement will not violate any provision of Carrier’s organizational or charter documents, or any indenture, contract, agreement or instrument to which it is a party or by which it is bound and the Agreement constitutes the legal, valid and binding obligation of Carrier, enforceable in accordance with its terms.

   (d) Carrier is duly organized and in good standing under laws of the jurisdiction specified in the first paragraph of the Signatory Agreement that is part of the Agreement and is qualified to do business in each jurisdiction where the nature of its activities or the character of its properties makes such qualification necessary or desirable and the failure to so qualify would have a material adverse affect on its assets or operations.

   (e) Carrier’s and its subsidiaries’ (if any) audited, consolidated financial statements and its unaudited, consolidated financial statements, as heretofore furnished to Member, have been prepared in accordance with generally accepted accounting principles applied on a basis consistent with those of the preceding year, and fairly present the financial condition of Carrier as of such date and the result of its operations and the changes in financial position for the period then ended. There have been no material adverse changes in the condition or operations, financial or otherwise, of Carrier since the date of the financial statements furnished to Member prior to the execution of this Agreement, except as previously disclosed to Member in writing and excludes changes from general economic, regulatory, or political conditions or changes, financial market fluctuations, and general or seasonal changes in the air transportation industry. Neither the financial statements described herein nor any other certificate, written statement, budget, exhibit or report, including written information and reports relating to Card sales for Travel Costs, furnished by Carrier in
connection with or pursuant to the Agreement contains any untrue statement of a material fact or omits to state any material fact necessary in order to make statements contained therein not misleading. Certificates or written statements furnished by Carrier to Member consisting of projections or forecasts of future results or events have been prepared in good faith and based on good faith estimates and assumptions of the management of Carrier and Carrier has no reason to believe that such projections or forecasts are not reasonable. To the best knowledge of Carrier, after due inquiry by a responsible officer of Carrier, all factual information hereafter furnished to Member by Carrier in writing (other than factual information provided by the Cardholders) will be true and accurate in all material respects on the date as of which such information is dated or certified and no such information will contain any material misstatement of fact or will omit to state a material fact or any fact necessary to make the statements contained therein not misleading.

(f) There is no action, suit or proceeding at law or equity, or before or by any town, city, county, state, federal, provincial or other governmental department, commission, board, bureau, agency or instrumentality, domestic or foreign, pending or to the knowledge of Carrier, threatened against Carrier or any of its property which, if determined adversely to Carrier could materially adversely affect the present or prospective financial condition of Carrier or affect its ability to perform hereunder and Carrier is not in default with respect to any final judgment, writ, injunction, decree, rule or regulation of any court or town, city, county, state, federal or provincial governmental department, commission, board, bureau, agency or instrumentality, domestic or foreign where the effect of such default could materially adversely affect the present or prospective financial condition of Carrier.

(g) Carrier has not failed to comply in material respects with its agreements with any Relevant Authorities or other Billing Settlement Processor, which failure would have a material adverse affect on the ability of Carrier to perform normal flight operations and otherwise comply with the terms of this Agreement.

(h) Any Transactions submitted under this Agreement shall not relate to the provision of services or goods to a country where there may be, or are, any restrictions, regulations, sanctions or laws prohibiting or restricting the provision of any such services or goods.

(i) No consideration other than as set out in this Agreement has been provided by Carrier in return for entering into this Agreement.

The foregoing representations and warranties shall be deemed to be made each time Carrier submits a Sales Record or Credit Record to Member for processing.

9.2 Carrier further represents and warrants to Member each time Carrier submits a Sales Record or Credit Record to Member for processing that (a) all Transactions submitted for processing hereunder are bona fide, (b) no Transaction involves the use of a Card for any purpose other than the purchase of goods or services in the ordinary course of business from Carrier, and (c) no Transaction involves: (i) a Cardholder obtaining cash from Carrier or (ii) except as specifically provided for herein, Carrier accepting a Card to collect or refinance an existing debt or previous Card charges. If at any time any of the representations set forth in this Section 9.2 is found to be inaccurate as applied to any Transaction (or series of Transactions), then Carrier shall (x) be responsible for the amount of the resulting Chargeback, and (y) have the right promptly to establish a remedial plan reasonably acceptable to Member the purpose of which shall be to cure the basis for such inaccuracy.

21
9.3 Member represents and warrants to Carrier that:

(a) It has full and complete power and authority to enter into and perform under this Agreement and has obtained, and there remain in effect, all necessary licenses, resolutions and filings which are necessary for it to perform its obligations under this Agreement.

(b) Its processing practices and procedures comply in all material respects with all applicable laws and regulations of any governmental authority which are pertinent to such practices and procedures.

(c) Its execution and performance of this Agreement will not violate any provision of its organizational or charter documents, or any indenture, contract, agreement or instrument to which it is a party or by which it is bound and this Agreement constitutes its legal, valid and binding obligation of Member, enforceable in accordance with the terms of this Agreement.

(d) It is duly organized and in good standing under laws of the jurisdiction of its organization and is qualified to do business in each jurisdiction where the nature of its activities or the character of its properties makes such qualification necessary or desirable and the failure to so qualify would have a material adverse effect on its assets or operations.

SECTION 10. SERVICE MARKS AND TRADEMARKS.

10.1 Except for mere reference to the company name of Carrier in presentations to other merchants for the provision of processing services by Member, Member shall not display or show the trademarks, service marks, logos, or company names of Carrier in promotion, advertising, press releases, or otherwise without first having obtained Carrier’s written consent.

10.2 Carrier may indicate in any advertisement, display or notice that the services of a specific Card Association are available. If Carrier has elected to not honor specific Cards pursuant to Section 3.1 hereof, Carrier may use Card Association trademarks and service marks on promotional, printed, or broadcast materials for the sole purpose of indicating which Cards are accepted by Carrier. Notwithstanding anything in the Agreement to the contrary, any use of Card Association trademarks and service marks by Carrier must be in compliance with the applicable Operating Regulations. Carrier’s promotional materials shall not indicate, directly or indirectly, that any Card Association or Member endorses or guarantees any of Carrier’s goods or services.

10.3 Carrier and Member acknowledge that no Party hereto will acquire any right, title or interest in or to any other Party’s trademarks, service marks, logos or company names and such properties shall remain the exclusive property of the respective parties or their Affiliates. Upon termination of the Agreement, the Parties hereto will discontinue all reference to or display of the other Party’s trademarks, service marks, logos and company names.
SECTION 11. **AUDIT.**

11.1 In the event of reasonable suspicion that Carrier or any of its officers, employees or agents are involved in any fraudulent or unlawful activity connected with this Agreement, Member shall have the right, on not less than ***** notice, to inspect Carrier’s Transaction records relating to this Agreement, in connection with which Carrier authorizes Member and its authorized agent(s) to examine or audit such records.

11.2 During the term hereof and for ***** thereafter, Carrier and Member shall have the right at reasonable times and upon reasonable notice to audit, copy or make extracts of the records of the other pertaining to the transactions between or among them under the Agreement to determine the accuracy of the amounts which have been or are to be paid, refunded or credited by one party to the other in accordance with the provisions hereof.

11.3 Carrier shall obtain an audit from a third party acceptable to Member of the physical security, information security and operational facets of Carrier’s business and provide to Member and, if applicable, the requesting Card Association, a copy of the audit report resulting therefrom (a) upon Member’s request, or upon the request of a Card Association, promptly following any security breach on Carrier’s system at Carrier’s expense, (b) at any time upon request of a Card Association at Carrier’s expense and (c) if no security breach has occurred on Carrier’s system, upon request of Member, at Member’s expense; provided that, with respect to this clause (c), such an audit may not be required more than ***** per calendar year.

SECTION 12. **DISPUTES WITH CARDHOLDERS.**

12.1 Carrier will handle all claims or complaints by a Cardholder with regard to Travel Costs or Transactions.

12.2 Any dispute between Carrier and a Cardholder arising out of the contract of air carrier shall be subject to settlement, in Carrier’s discretion, directly by Carrier without liability, cost, or loss to Member.

SECTION 13. **ASSIGNMENT; DELEGATION OF DUTIES.** This Agreement shall inure to the benefit of and be binding upon the successors and assigns of the parties hereto. Consent of Carrier shall not be required as to an assignment by Member to any Affiliate or parent of Member, so long as such Affiliate or parent has equivalent resources and experience in merchant acquiring/processing as Member (which shall be deemed to be the case if such Affiliate acquires the assets and personnel of Member that constituted Member’s acquiring processing business immediately prior to such assignment). No party hereto shall make any other assignments of this Agreement without the prior written consent of the other parties hereto, which consent shall not be unreasonably withheld. Member, in its sole discretion, with prior notice to Carrier, may designate and authorize any Affiliate(s) of Member to take any action required or allowed by Member or to undertake any duties or fulfill any of its obligations hereunder, and in such case such Affiliate(s) shall be entitled to the rights and benefits of Member hereunder. Notwithstanding any such designation and authorization, Member shall remain liable for any breach or failure to perform hereunder by any such Affiliate(s) of Member hereunder.
SECTION 14. INDEMNIFICATION; LIMIT ON LIABILITY.

14.1 Carrier shall indemnify and hold Member harmless from and against any and all claims, losses, liability, costs, damages, and expenses on account of or arising out of claims, complaints, disputes, settlement, litigation, arbitration, governmental inquiry or other proceeding pertaining or alleged to pertain thereto and instituted by (a) a Cardholder with regard to Travel Costs or Transactions, and any and all disputes between Carrier and any Cardholder arising out of the common carrier passenger relationship, except to the extent resulting from the negligence, willful misconduct, or breach or violation of this Agreement, applicable Operating Regulations, or any applicable laws or regulations by Member or any of its Affiliates, or (b) any Person to the extent resulting from any willful misconduct or grossly negligent acts or omissions of Carrier or its Affiliates, or any breach by Carrier or any of its Affiliates of any provision of any of the Agreement, the applicable Operating Regulations or any applicable laws and regulations.

14.2 Member will promptly notify Carrier of any third party claim that may entitle Member to indemnification (whether pursuant to this Section 14 or another provision of this Agreement) and allow Carrier the right to assume the defense of any such claim; provided, that, (a) legal advisors retained by Carrier shall be reasonably acceptable to Member, and (b) a delay in delivery of such notice to Carrier shall not limit Carrier’s indemnification obligations hereunder. Member will not settle any such claim without Carrier’s written consent. In the event that Carrier does not assume the defense of any such claim, Carrier must assist in the collection of information, preparation, negotiation and the defense of any such claim. Nothing herein shall limit Member’s right of Chargeback as defined in Section 8 of the Agreement.

14.3 Member shall indemnify and hold Carrier harmless from and against any and all claims, losses, liability, costs, damages and expenses of any Person on account of or arising out of any claims, complaints, disputes, settlement, litigation, arbitration, governmental inquiry or other proceeding instituted by such Person and alleging or arising from (a) the willful misconduct or grossly negligent acts or omissions of Member or any of its Affiliates, or (b) any breach by Member or any of its Affiliates of any provision of any of the Agreement, the applicable Operating Regulations or any applicable laws and regulations, or (c) any breach of the data security systems of Member or its Affiliates pertaining to, or any other unintentional release of, Cardholder Account Information. Carrier will promptly notify Member of any third-party claim that may entitle Carrier to indemnification (whether pursuant to this Section 14 or another provision of this Agreement) and allow Member the right to assume the defense of any such claim; provided, that, (i) legal advisors retained by Member shall be reasonably acceptable to Carrier, and (ii) a delay in delivery of such notice to Member shall not limit Member’s indemnification obligations hereunder. Carrier will not settle any such claim without Member’s written consent. In the event that Member does not assume the defense of any such claim, Member must assist in the collection of information, preparation, negotiation and the defense of any such claim.

14.4 Any other provisions contained herein to the contrary notwithstanding, it is hereby agreed that the indemnity provisions set forth in this Section 14 shall survive termination of the Agreement and remain in effect with respect to any occurrence or claim arising out of or in connection with the Agreement.
14.5 In no event will Member be liable for any indirect or consequential loss or damage (howsoever arising) even if such loss was reasonably foreseeable. In no event will Carrier be liable for any indirect or consequential loss or damage, howsoever arising, even if such loss was reasonably foreseeable. Any right of Member to obtain lost profits shall be limited to an amount no greater than the sum of ***** multiplied by the number of months remaining on the term of the Agreement. The foregoing damages limitation shall not apply with respect to any third-party claims otherwise subject to indemnification hereunder or from any damages resulting from a Party's breach of its obligations under Section 4 or Section 24.

14.6 Any exchange rate losses due to a refund or Chargeback being processed shall be borne by Carrier.

SECTION 15. TERMINATION AND WAIVER.

15.1 [Intentionally Omitted]

15.2 Carrier may terminate the Agreement (a) without notice to Member upon (i) the occurrence of any Insolvency Event with respect to Member, or (ii) Member’s commitment of or participation in any material systematic, systemic or recurring fraudulent activity related to Member’s credit and debit card processing business which is directed or approved by senior management of Member, or (b) on ***** written notice to Member if (i) Member shall commit a material default under the Agreement and shall fail or refuse to remedy such material default within ***** after receipt of written notice specifying the nature of such default, or to commence to remedy such material default within such period if the same is curable but cannot reasonably be remedied within such period, or shall fail to complete within ***** after receipt of such written notice any remedy commenced during the original ***** notice period, or (ii) any representation or warranty made by Member proves to be incorrect when made in any material respect, and Member fails or refuses to remedy such default within ***** after receipt of written notice specifying the nature of such default, or to commence to remedy such material default within such period if the same is curable but cannot reasonably be remedied within such period, or shall fail to complete within ***** after receipt of such written notice any remedy commenced during the original ***** notice period.

15.3 Member may terminate the Agreement without notice to Carrier upon (a) the occurrence of any Insolvency Event with respect to Carrier, (b) Carrier’s commitment of or participation in any material systematic, systemic or recurring fraudulent activity which is directed or approved by senior management of Carrier or (c) Carrier violates Member’s rights of exclusivity pursuant to the Signatory Agreement that is part of this Agreement.

15.4 Member may terminate the Agreement on ***** written notice to Carrier based upon (a) the imposition, or an attempted imposition, of a lien in favor of any person other than Member, whether voluntary or involuntary, on the Deposit or any portion thereof or any property of Carrier subject to the lien or security interest of Member pursuant to this Agreement, or the imposition of any freeze on any property of Carrier subject to the lien or security interest of Member or any other Secured Party; (b) the imposition of any material restriction on or material impairment of any of Member’s rights under the Agreement, including any restriction of the rights with respect to the Deposit provided pursuant to the Exposure Protection Schedule; (c) failure by Carrier to pay any of the Obligations when due or to remit funds to Member when required pursuant to the Agreement; (d) failure by Carrier to provide any of the financial statements and reports described in Section 21; or (e) failure by Carrier to provide to Member the data necessary to calculate Gross Exposure under the Exposure Protection Schedule; provided, that, Member shall not terminate the Agreement pursuant to this Section 15.4 if Carrier cures such default within the ***** day notice period specified in this Section 15.4.
15.5 Member may terminate the Agreement on ***** written notice to Carrier if:

(a) Carrier (i) fails to maintain all licenses, permits and certificates necessary for it to conduct flight operations or (ii) materially breaches any requirement of any applicable Operating Regulations, and Carrier fails or refuses to remedy any of the foregoing defaults within ***** after receipt of written notice specifying the nature of such default, or to commence to remedy such default within such period if the same is curable but cannot reasonably be remedied within such period, or shall fail to complete within ***** after receipt of such written notice any remedy commenced during the original ***** notice period; or

(b) any representation or warranty made by Carrier proves to be incorrect when made in any material respect, and Carrier fails or refuses to remedy such default within ***** after receipt of written notice specifying the nature of such default, or to commence to remedy such material default within such period if the same is curable but cannot reasonably be remedied within such period, or shall fail to complete within ***** after receipt of such written notice any remedy commenced during the original ***** notice period.

(c) Carrier shall commit any other material default under the Agreement and shall fail or refuse to remedy such material default within ***** after receipt of written notice specifying the nature of such default, or to commence to remedy such material default within such period if the same is curable but cannot reasonably be remedied within such period, or shall fail to complete within ***** after receipt of such written notice any remedy commenced during the original ***** notice period.

In the case of any material default described in this Section 15 with respect to which Carrier fails to provide notice in accordance with Section 21.3, any period for remedy under Section 15.5 shall begin on the date that such notice should have been provided by Carrier to Member.

15.6 No termination of the Agreement (whether under this Section 15 or any other provision of the Agreement) shall affect the rights or obligations of any party which may have arisen or accrued prior to such termination, including without limitation claims of Member for Chargebacks related to Transactions that occurred prior to any termination.

15.7 No waiver of any provision hereunder shall be binding unless such waiver shall be in writing and signed by the party alleged to have waived such provisions.

SECTION 16. NOTICES. All notices permitted or required by the Agreement shall be in writing (regardless of whether the applicable provision expressly requires a writing), served by personal delivery (including any courier service), certified or registered mail, or facsimile transmission to the address or facsimile number of the parties set out in the Signatory Agreement or as otherwise notified in writing by any party to the other for such purpose, and shall be deemed to be effectively served, delivered, given, and received on such party if served by personal delivery on the day of delivery or rejection (including any courier service), if served by certified or registered mail on the day of delivery or rejection as evidenced by the return receipt, or if served by facsimile transmission on the date of confirmation of transmission.
SECTION 17. RULES AND REGULATIONS; APPLICABLE LAW.
Each of the Parties acknowledges that the respective systems of the Card Associations are governed by their respective Operating Regulations and that all transactions hereunder are subject to such Operating Regulations and that each Party is obligated to comply with the Operating Regulations applicable to it. Carrier further acknowledges that Member has entered into the Agreement in reliance upon the applicability of the Operating Regulations of applicable Card Associations to the transactions hereunder and Carrier’s performance thereunder. Each Party shall comply in all material respects with all applicable laws and regulations.

SECTION 18. REIMBURSEMENT BY CARRIER.

18.1 Carrier will reimburse Member for any fees, charges, fines, assessments, penalties, and Chargebacks that Member may be required to pay a Card Association with respect to the actions or inactions of Carrier in connection with the Agreement or that Member may incur with regard to any Transaction(s) processed pursuant to the Agreement or arising out of any failure of Carrier to perform in compliance with applicable Operating Regulations, applicable laws and regulations, or the requirements of PCI or any act or omission by any third party service provider to Carrier or any other party to a contract with Carrier; provided, that, Carrier shall have no obligation for any such amount incurred that is attributable to Member’s failure to comply with the Operating Regulations or this Agreement provided that such failure to comply is not caused by Carrier. Without limiting the generality of the foregoing, Carrier will reimburse Member for Transactions required to be paid by Member by virtue of applicable Operating Regulations as such Operating Regulations may be applied by the applicable Card Associations. Any losses suffered by Member on account of delay by Member in processing Chargebacks subsequent to cessation or substantial curtailment of flight operations of Carrier shall be reimbursed by Carrier to the extent such delay results from materially increased volume of disputes stemming from such cessation or curtailment.

18.2 Member shall have the right to deduct, set off against, or recoup from the amount of any reimbursement hereunder from any payment otherwise due to Carrier under this Agreement. If Member is unable to so collect such amount, Carrier shall pay Member the full amount or any uncollected part thereof within ***** after receipt of an invoice from Member. Member, at its option, may apply, set off against or recoup from the Deposit amount (if any) such amount necessary to satisfy Carrier’s obligations hereunder. In the case of any payment by Member made to a third party for which Carrier reimbursed Member, Carrier may choose to recover the amount involved or otherwise resolve the cause of the reimbursement in its sole discretion; provided, that, Member shall have no obligation to recover such amount or take any other actions relating thereto. Without limiting the foregoing, Carrier acknowledges that Reserved Funds are funds provisionally credited to Member pursuant to the applicable Operating Regulations, subject to Chargeback as provided therein, and that pursuant to the Exposure Protection Schedule such funds will not be credited (provisionally or otherwise) to Carrier but will be held by Member subject to subsequent credit as provided in the Exposure Protection Schedule and are subject to Chargeback in accordance with the applicable Operating Regulations.
SECTION 19. **COST AND EXPENSES.** Carrier shall reimburse Member for all costs and expenses, including reasonable attorneys’ fees and expenses of outside counsel to Member, paid or incurred by Member in connection with the enforcement or preservation of Member’s rights hereunder. Member shall reimburse Carrier for all costs and expenses, including reasonable attorneys’ fees and expenses of outside counsel to Carrier, paid or incurred by Carrier in connection with the enforcement of Carrier’s rights hereunder. All costs and expenses to be paid under this Section 19 shall be payable on demand and, in the case of Member, are secured by the Deposit and all collateral pledged to Member hereunder. Member, at its option, may deduct the amounts owed to it from any amount otherwise due Carrier from Member or apply, set off against or recoup from the Deposit such amount necessary to satisfy Carrier’s obligations hereunder. This Section 19 shall survive termination of the Agreement.

SECTION 20. **ASSISTANCE.**

20.1 No Party to this Agreement shall unreasonably withhold any documentation required by another Party to the Agreement in connection with the defense of any claim asserted in connection with the Agreement.

20.2 Subject to compliance with any applicable privacy and data security and processing laws, Member may provide Cardholder’s name and address in accordance with the provisions of Section 4.1 for each Chargeback when it is included in the Cardholder’s documentation received by Member.

SECTION 21. **REPORTING.** Until any obligation of Member to perform hereunder shall have expired or been terminated and all obligations of Carrier to Member hereunder shall have been satisfied, Carrier shall furnish to Member the following reports, notices and financial statements, which shall be in English and shall be stated in United States dollars unless an alternative currency is indicated in the Signatory Agreement that is part of the Agreement.

21.1 Promptly after filing with the Securities and Exchange Commission in accordance with the reporting requirements of Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended, but in any event within ***** after the end of each fiscal year of Carrier, Carrier shall provide copies of its the consolidated financial statements of Carrier and its subsidiaries, for the immediately preceding fiscal year, consisting of at least statements of income, cash flow and changes in stockholders’ equity, and a consolidated balance sheet as at the end of such year, stating Carrier’s unrestricted cash (including cash equivalents) balance, certified without qualification by independent certified public accountants of recognized standing selected by Carrier and reasonably acceptable to Member (and commencing with the first year immediately following the Effective Date, setting forth in each case in comparative form corresponding figures from the previous annual audit).

21.2 Promptly after filing with the Securities and Exchange Commission in accordance with the reporting requirements of Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended, but in any event within ***** after the end of each fiscal quarter, Carrier shall provide copies of its consolidated statements of income, cash flow and changes in stockholders’ equity for Carrier and its subsidiaries, if any, for such quarter and for the period from the beginning of such fiscal year to the end of such quarter, and a consolidated balance sheet of Carrier and its subsidiaries, if any, as at the end of such quarter,
stating Carrier’s unrestricted cash (including cash equivalents) balance, accompanied by consolidating statements for such period (and commencing with the first year immediately following the Effective Date, setting forth in comparative form figures for the corresponding period for the preceding fiscal year) and a certificate signed by the chief financial officer of Carrier (a) stating that such financial statements present fairly the financial condition of Carrier and its subsidiaries and that the same have been prepared in accordance with generally accepted accounting principles and (b) certifying as to Carrier’s compliance with all statutes and regulations applicable to Carrier, respectively, except noncompliance that could not reasonably be expected to have a material adverse effect on the financial condition or business operations of Carrier.

21.3 Within ***** of an officer of Carrier becoming aware of any material default by Carrier under the Agreement, a notice from Carrier describing the nature thereof and what action Carrier proposes to take with respect thereto.

21.4 Within ***** of an officer of Carrier becoming aware of the same, notice of any pending or threatened action, suit or proceeding at law or equity, or before or by any town, city, county, state, provincial or other governmental department, commission, board, bureau, agency or instrumentality, domestic or foreign, against Carrier or any of its property which, if determined adversely to Carrier could materially adversely affect the present or prospective financial condition of Carrier or affect its ability to perform hereunder. Carrier shall have no obligation to provide any such notice in respect of any threatened action, suit or proceeding unless Carrier reasonably concludes that such threat is credible and reasonably likely to succeed.

21.5 Subject only to applicable confidentiality requirements or requirements of applicable law, within ***** after any (a) modification of any agreement that is relevant to Carrier’s performance under this Agreement with any Relevant Authorities or a Billing Settlement Processor that could materially adversely affect the present or prospective financial condition of Carrier or impair its ability to perform hereunder, or (b) receipt by Carrier of notice from any Relevant Authorities or a Billing Settlement Processor of such Relevant Authorities’ or Billing Settlement Processor’s intention to terminate, suspend or modify, any agreement with Carrier, or the actual termination or suspension of any such agreement, but only to the extent that such termination, suspension or modification could materially adversely affect Carrier’s ability to perform hereunder, a notice from Carrier of such termination, modification or receipt of notice and such information with respect to the same as Member may reasonably request. Such notice shall be provided whether Carrier is a party to an agreement with any Relevant Authorities or a Billing Settlement Processor on the Effective Date or thereafter becomes party to an agreement with any Relevant Authorities or a Billing Settlement Processor.

21.6 Upon the occurrence of an Insolvency Event, Carrier shall include Member on the initial list and matrix of creditors Carrier files with any bankruptcy authority whether or not a claim may exist at the time of filing.

21.7 Subject only to any applicable confidentiality restrictions, promptly upon the failure to pay, whether by acceleration or otherwise, any payment obligation of Carrier pursuant to any aircraft lease, notice of such failure and information concerning the amount of the obligation and the actual or likely consequences of such failure.

29
21.8 Within ***** after the merger or consolidation of Carrier, or entry by Carrier into any analogous reorganization or transaction, with any other corporation, company or other entity or the sale, transfer, lease or other conveyance of all or any substantial part of Carrier’s assets, (i) notice of such event, (ii) a description of the parties involved and (iii) subject only to any applicable confidentiality restrictions, the structure of the reorganization or transaction.

21.9 Promptly upon a responsible officer of Carrier becoming aware (or at the time a responsible officer of Carrier should reasonably have become aware) of any material adverse change in the condition or operations, financial or otherwise (excluding changes from general economic, regulatory, or political conditions or changes, financial market fluctuations, and general or seasonal changes in the air transportation industry), of Carrier (such determination being in the reasonably opinion of such officer), notice of such material adverse change.

21.10 Such other information with respect to the financial condition and operations of Carrier as Member may reasonably request.

SECTION 22. GENERAL.

22.1 No failure or delay on the part of Member or Carrier in exercising any power or right under the Agreement shall operate as a waiver of such power or right.

22.2 Section headings are included herein for convenience of reference only and shall not constitute a part of the Agreement for any other purpose.

22.3 Nothing in the Agreement or in the course of conduct between the parties shall be construed as creating a principal and agent partnership or joint venture relationship between the parties hereto.

SECTION 23. REMEDIES CUMULATIVE. All remedies, rights, powers, and privileges, either under the Agreement or by law or otherwise afforded to a Party, shall be cumulative and not exclusive of any other such remedies, rights, powers and privileges. Each Party may exercise all such remedies in any order of priority.

SECTION 24. CONFIDENTIALITY.

24.1 Carrier shall use reasonable efforts to ensure that the Agreement and information about Member and its operations, affairs and financial condition, not generally disclosed to the public or to trade and other creditors, which is furnished to Carrier pursuant to the provisions hereof is used only for the purposes of the Agreement and any other relationship between Member and Carrier and shall not be divulged to any person other than Carrier, its Affiliates and their respective officers, directors, employees and agents, except (a) to their attorneys and accountants in connection with the Agreement, (b) for due diligence purposes in connection with significant transactions or dealings involving Carrier and which are outside the ordinary course of Carrier’s business, including investments, acquisitions or financing, to other potential parties to such dealings or transactions or their professional advisors, subject to confidentiality agreements no less protective than these confidentiality provisions and redaction of such information as Member may deem proprietary, (c) in connection with the enforcement of the rights of Carrier hereunder or otherwise in connection.
with applicable litigation, and (d) as may otherwise be required by any court or law enforcement or regulatory authority having jurisdiction over Carrier or by any applicable law, rule, regulation or judicial process, the opinion of Carrier’s legal advisors concerning the making of such disclosure to be binding on the parties hereto; provided, that, in the event that Carrier determines that it is required to disclose any such information whether pursuant to a judicial order or to applicable law, Carrier agrees, to the extent legally permissible, to provide Member with ***** prior written notice (or such shorter prior notice as shall be reasonable and practicable in the circumstances) of such determination and the basis for such determination prior to making disclosure so that Member may consider whether to seek an appropriate protective order or to waive compliance with the requirements of this Section 24. Carrier shall not incur any liability to Member by reason of any disclosure permitted by this Section 24.

24.2 Member shall use reasonable efforts to ensure that the Agreement and information about Carrier and its operations, affairs and financial condition, not generally disclosed to the public or to trade and other creditors, which is furnished to Member pursuant to the provisions hereof is used only for the purposes of the Agreement and any other relationship between Member and Carrier and shall not be divulged to any person other than Member, its Affiliates and its officers, directors, employees and agents, except (i) to its attorneys and accountants in connection with the Agreement, (ii) for due diligence purposes in connection with significant transactions or dealings involving Member and which are outside the ordinary course of Member’s business, including investments, acquisitions or financing, to other potential parties to such dealings or transactions or their professional advisors, subject to confidentiality agreements no less protective than these confidentiality provisions and redaction of such information as Carrier may deem proprietary, (iii) in connection with the enforcement of the rights of Member hereunder or otherwise in connection with applicable litigation, and (iv) as may otherwise be required by any court or law enforcement or regulatory authority having jurisdiction over Member or by any applicable law, rule, regulation or judicial process, the opinion of legal advisors to Member concerning the making of such disclosure to be binding on the parties hereto; provided, that in the event that Member determines that it is required to disclose any such information whether pursuant to a judicial order or to applicable law, Member, to the extent legally permissible, agrees to provide Carrier with ***** prior written notice (or such shorter prior notice as shall be reasonable and practicable in the circumstances) of such determination and the basis for such determination prior to making disclosure so that Carrier may consider whether to seek an appropriate protective order or to waive compliance with the requirements of this Section 24. Member shall not incur any liability to Carrier by reason of any disclosure permitted by this Section 24.

24.3 Carrier hereby authorizes Member to disclose to the Card Associations Carrier’s name and address and any and all other information as may be required pursuant to any applicable Operating Regulations, and to list Carrier as one of its customers.

SECTION 25. FORCE MAJEURE.

25.1 Any delay in the performance by any party hereto of its obligations (except for payment of monies when due) shall be excused during the period and to the extent that such performance is rendered impossible or impracticable due to any one or more of the following: acts of God, fires or other casualty, flood or weather condition, earthquakes, acts of a public
enemy, acts of war, terrorism, insurrection, riots or civil commotion, explosions, strikes, boycotts, unavailability of parts, equipment or materials through normal supply sources, the failure of any utility to supply its services for reasons beyond the control of the party whose performance is to be excused, or other cause or causes beyond such party's reasonable control.

25.2 If any Party is affected by a force majeure event, it shall immediately notify in writing the other Parties of the nature and extent of the circumstances and the Parties shall discuss and agree on the action to be taken.

SECTION 26. JUDGMENT CURRENCY. Carrier agrees that any judgment concerning this Agreement granted in favor of Member shall be paid in the currency such judgment is rendered in (the “Judgment Currency”). If Carrier fails to pay a judgment as described in the preceding sentence, Carrier agrees to indemnify Member against any loss incurred by Member as a result of the rate of exchange at which any amount recovered against Carrier (by way of recoupment, setoff or otherwise) is converted to the Judgment Currency. The foregoing indemnity shall constitute a separate and independent obligation of Carrier and shall apply irrespective of any indulgence granted to Carrier from time to time and shall continue in full force and effect notwithstanding any such judgment or order as aforesaid. The term “rate of exchange” shall include any premiums and costs of exchange payable in connection with the purchase of, or conversion into, the relevant currency.
Days that United States government offices and agencies are not open (weekends and federal holidays) will affect settlement times.

All dollar references shall be deemed to be to the applicable settlement currency identified in the Agreement. All terms not otherwise defined herein that are capitalized and used herein shall have the meanings given to them in the Agreement.

A. Other than with respect to ***** Transactions, interchange percentage and per item fees shall be calculated on ***** Card Sales and ***** Card Transactions, respectively, and shall be in the percentages and amounts published by the applicable Card Associations from time to time. *****

B. Other than with respect to ***** Transactions, Card Association assessments shall be calculated on ***** Card Sales and/or ***** Card Transactions in the amounts published by the applicable Card Associations from time to time.

C. Other than with respect to ***** Transactions, in addition to the amounts due under Sections A and B above, Carrier shall pay Member a fee of (i) ***** on Gross Card Sales submitted by Carrier in an applicable period and (ii) ***** per item on Gross Card Transactions during such period. *****

D. Subject to Section I below, a fee for all ***** Transactions is currently set at ***** of all ***** Transaction Sales during the applicable period. ***** Subject to Section I below, in addition, Carrier shall be charged a ***** per item fee based upon ***** Transactions. *****

E. If paper Sales Records or Credit Records are submitted to Member for processing, an additional ***** per item fee will be assessed.

F. Voice authorizations shall be passed through to Carrier at ***** per item or via “Automated Response Unit (ARU)” at ***** per item via an operator and ***** per item for address verification service (“AVS”).

G. Card Authorization and data capture costs will be passed through to Carrier at Member’s cost. The cost of Authorizations will depend upon the method used for obtaining Authorizations.

H. Member will assess a ***** handling fee for each and every Chargeback received by Member during any ***** period in which there is at least a ***** ratio of Chargebacks received by Member to net sales volume. Carrier acknowledges and agrees that such fees constitute reasonable compensation to
Member for the services provided Member in connection with the handling of Chargebacks, taking into account, among other things, the costs and expenses, whether direct or indirect, and whether out-of-pocket or attributable to an increased administrative burden, incurred or suffered by Member as a result of such Chargeback activity. As an accommodation to Carrier, Member will charge the handling fee specified herein only when the ratio of Chargebacks to net sales volume equals or exceeds ***** during any applicable period.

I. The rates, fees and assessments specified above (other than the fee set forth in (C)) also will be adjusted from time to time to reflect and correspond to increases or decreases in applicable rates, fees and assessments established and levied by the Card Associations or by third-party vendors that provide Authorization services.

Exposure Protection Schedule

See attached.

(U.S. Transactions)
This Exposure Protection Schedule is to the Amended and Restated Signatory Agreement, dated as of November 5, 2013 (the “Signatory Agreement”). References to “the Agreement” and “this Agreement” shall mean the Signatory Agreement, together with the Master Terms of Service incorporated therein (the “MTOS”) and all Schedules, Exhibits and other attachments to the Signatory Agreement and the MTOS.

All terms not otherwise defined herein that are capitalized and used herein shall have the meanings given to them in the Agreement. References to Sections in “this Agreement” or “the Agreement” mean any such Section in the MTOS. As used in this Exposure Protection Schedule, the following terms shall have the meanings indicated:

Aggregate Protection – The sum of (i) the Deposit, (ii) the amount remaining to be drawn upon any valid and outstanding Letter of Credit, and (iii) the proceeds of any previous draw on a Letter of Credit held by Member and not applied to any Obligations or credited to the Deposit.

Carrier’s Rights – Any and all rights that Carrier has or may at any time acquire in any Sales Records, any Deposit amount or any right to payment under the Agreement.

Deposit – The aggregate of (a) Reserved Funds and (b) any cash remitted and pledged by Carrier to Member pursuant to or in connection with the Agreement to secure the Obligations hereunder, and all additions to such aggregate made from time to time and all monies, securities, investments and instruments purchased therewith and all interest, profits and/or dividends accruing thereon and proceeds thereof. Separate Deposits may be maintained in the event there are multiple currencies, in such currencies.

Existing Flight Calendar – As defined in Section 8 of this Exposure Protection Schedule.

Gross Exposure – As defined in Section 8 of this Exposure Protection Schedule.

Letter of Credit – One or more valid and outstanding irrevocable standby letters of credit that are (i) issued for the benefit of Member, (ii) in form and substance acceptable to Member, as determined by Member in its reasonable discretion, and (iii) issued by a financial institution acceptable to Member, as determined by Member in its reasonable discretion (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions).

Lien – Any mortgage, pledge, security interest, encumbrance, lien, hypothecation or charge of any kind (including any agreement to provide any of the foregoing), any conditional sale or other title retention agreement or any lease in the nature thereof, or any filing or agreement to file a financing statement as debtor on any property leased to any Person under a lease which is not in the nature of a conditional sale or title retention agreement.
Material Adverse Occurrence – Any occurrence of any nature whatsoever (including, without limitation, any adverse determination in any litigation, arbitration or governmental investigation or proceeding), which, in the reasonable determination of Member, materially adversely affects the then present financial condition of Carrier or the prospective financial condition of Carrier, or materially impairs the ability of Carrier to perform its obligations under the Agreement.

Methodology – As defined in Section 3 of this Exposure Protection Schedule.

Obligations – All of Carrier’s obligations under the Agreement and the Other Signatory Agreements, whether now existing or hereafter arising (including any of the foregoing obligations that arise prior to or after any Insolvency Event and any obligations arising pursuant to this Exposure Protection Schedule).

Other Signatory Agreement – Any agreement (other than the Agreement), executed by at least Carrier and Member or one of its affiliates, which substantially incorporates the MTOS.

Required Amount – The amount of the Aggregate Protection to be maintained under this Agreement which shall be equal to *****.

Secured Parties – Any of (i) Member and (ii) such entity having the same designation or acting in the same capacity under any Other Signatory Agreement.

2. Exposure Protection

(a) Upon commencement of the Agreement, Member may retain and hold all funds paid to Member by a Card Association on account of Sales Records submitted by Carrier to Member as Reserved Funds until the amount of the Aggregate Protection equals the Required Amount, as determined in accordance with Sections 3 and 8 of this Exposure Protection Schedule. In lieu of retaining Reserved Funds, or in addition to retaining and holding Reserved Funds, Member, in its sole discretion, may demand that Carrier, and Carrier shall upon such demand, remit to Member within ***** of Member’s demand immediately available funds to hold as the Deposit in an amount that when added to amounts (if any) retained and held by or on behalf of Member as the Deposit causes the amount of the Aggregate Protection to equal the Required Amount. The Deposit amount shall be subject to adjustment as provided in Section 3 of this Exposure Protection Schedule. Member will hold the Deposit as security for the due and punctual payment of and performance by Carrier of the Obligations.

(b) Carrier grants to each of Member and all other Secured Parties a Lien on the Deposit and all other Carrier’s Rights to secure the payment and performance by Carrier of all Obligations. Each Secured Party shall act as agent for itself and all other Secured Parties to the extent that any Secured Party control or possesses the Deposit and other Aggregate Protection or is named as a Secured Party on any filing, registration or recording. Carrier hereby acknowledges that notwithstanding the foregoing grant of a Lien, Reserved Funds represent only a future right to payment owed to Carrier under the Agreement, payment
of which is subject to the terms and conditions of the Agreement and to Carrier’s complete and irrevocable fulfillment of its obligations and duties under the Agreement and do not constitute funds of Carrier.

Carrier further agrees that during the term of the Agreement, Carrier shall not grant, or attempt to grant, to any other Person or suffer to exist in favor of any other Person any Lien or other interest in Carrier’s Rights (if any) or in any proceeds thereof unless any such Lien or other interest and the priority thereof are subject to a subordination agreement in favor of Member and all other Secured Parties and satisfactory to Member.

Carrier hereby acknowledges that Member disputes the existence of any interest of Carrier in any rights to payment from Cardholders or Card Issuers arising out of the Sales Records and further acknowledges that to the extent it may have an interest therein, such interest is subordinate to the interests of the Secured Parties and of any of their respective subrogees.

Carrier will do all acts and things, and will execute, endorse, deliver, file, register or record all instruments, statements, declarations or agreements (including pledges, assignments, security agreements, financing statements, continuation statements, etc.) reasonably requested by Member, in form reasonably satisfactory to Member, to establish, perfect, maintain and continue the perfection and priority of the security interest of the Secured Parties in all Carrier’s Rights and in all proceeds of the foregoing. Carrier will pay the reasonable costs and expenses of all filings and recordings, including taxes thereon or fees with respect thereto and all searches reasonably necessary or deemed necessary by Member, to establish and determine the validity and the priority of such security granted in favor of Member. Carrier hereby irrevocably appoints Member (and all persons, officers, employees or agents designated by Member), its agent and attorney-in-fact to do all such acts and things contemplated by this paragraph in the name of Carrier. Without limiting the foregoing, Carrier hereby authorizes Member to file one or more financing statements or continuation statements in respect hereof, and amendments thereto, relating to any part of the collateral described herein without the signature of Carrier. A carbon, photographic or other reproduction of the Agreement or of a financing statement shall be sufficient as a financing statement and may be filed in lieu of the original in any or all jurisdictions which accept such reproductions.

3. Adjustments to Deposit

Member will use the Methodology described in Section 8 of this Exposure Protection Schedule (the “Methodology”) to calculate Gross Exposure each Business Day. Carrier acknowledges that Member has explained to it and it understands Member’s Methodology for determining Gross Exposure and the amount of the Aggregate Protection and hereby agrees to be bound by such Methodology and the determinations made by Member as a result thereof; provided, however, that Carrier may, in good faith, dispute any determination made by Member by delivery of notice thereof to Member, and the parties shall use commercially reasonable efforts to resolve the dispute as expeditiously as possible. Among other things, Carrier understands that Gross
Exposure includes the value of Travel Costs for goods or services sold to Cardholders who used their Cards to purchase such goods or services with respect to which Carrier has not yet provided such goods or services. Member and Carrier may change the Methodology by mutual written agreement.

The amount of the Deposit shall be increased or decreased each Business Day, as appropriate, based on the Methodology so that the amount of the Aggregate Protection will at all times equal the Required Amount. Any necessary increases to the Deposit may be made, at Member’s sole discretion, by Member withholding as Reserved Funds an amount up to ***** of amounts otherwise payable to Carrier under Section 6.2 of the MTOS until the amount of the Aggregate Protection is at least equal to the Required Amount; provided, that if there are insufficient funds available from the daily settlement to fully fund the Deposit in the Required Amount, then Carrier shall send such additional funds by federal wire transfer, to an account designated by Member, on the first (1st) Business Day after Carrier’s receipt of notice from Member that an increase is required and the amount thereof. If the Member agrees to permit increases to the amount of the Deposit by wire transfer and the funds required to increase the amount of the Deposit so that the Aggregate Protection is equal to the Required Amount are not transferred to Member as required by this Section 3, Member may immediately withhold on a daily basis as Reserved Funds an amount up to ***** of amounts otherwise payable to Carrier under Section 6.2 of the MTOS until the amount of the Aggregate Protection at least equals the Required Amount. Member shall remit to Carrier from the Deposit the amount necessary to reduce the amount of the Aggregate Protection to equal the Required Amount on each Business Day in accordance with Section 6.2 of the MTOS.

The amount of the Deposit to be maintained hereunder may be reduced in accordance with Section 9 of this Exposure Protection Schedule pursuant to which Member accepts Letter of Credit in lieu of all or a portion of the Deposit so long as the Aggregate Protection equals the Required Amount.

Although Member has the right at all times to require that the amount of the Aggregate Protection equal the Required Amount, Member may, from time to time, in its sole discretion make remittances to Carrier or release portions of any Letter of Credit such that the Aggregate Protection is less than the Required Amount. The duration of any such reduction is within the sole discretion of Member. At any time that the amount of the Aggregate Protection is less than the Required Amount Member, in its sole discretion, may again require that the amount of the Aggregate Protection equal the Required Amount. Any required increase may be made as provided in Section 3(b) of this Exposure Protection Schedule as determined by Member. Any reductions in the amount of the Aggregate Protection as described in this paragraph shall not be deemed a course of dealing nor give rise to any rights by Carrier in the future to require that the amount of the Aggregate Amount be less than the Required Amount. As of the Effective Date, Member has exercised the discretion permitted by this Section 3(d) and hereby requires that the Required Amount only equal *****. If Member determines that the Required Amount be increased, it will give Carrier ***** notice of the amount
of increase and Member will identify to Carrier the basis for its change in the Required Amount.

(f) If an event or series of events occurs that can reasonably be determined to have a positive effect on Carrier’s present and prospective financial condition, then at any time after ***** after the Effective Date, Carrier may no more than once each quarter submit a written request to Member to review the Required Amount for consideration of a reduction in the percentage of Gross Exposure required to be maintained as the amount of the Aggregate Protection (a “Modification Request”). Member shall review the Modification Request and information presented by Carrier and use commercially reasonable efforts to respond to such request within *****. Any determination of whether to agree to the Modification Request shall be made in the sole reasonable discretion of Member.

4. Control of Deposit

Carrier acknowledges that (i) funds remitted to Member by Carrier, and (ii) funds paid by Card Associations and held by Member or any Secured Party as the Deposit may be commingled with other funds of Member or such Secured Party, and further acknowledges that all such funds, and any investment of funds shall be in the name and control of Member or such Secured Party, and, except for crediting of interest as contemplated by Section 5 below, Carrier shall have no interest in any securities, instruments or other contracts or any interest, dividends or other earnings accruing thereon or in connection therewith. It is the understanding of the Parties that, notwithstanding any other provision of the Agreement to the contrary, until Member is required to pay the then remaining balance of the Deposit pursuant Section 7, (a) the sole obligations of Member to make payments to Carrier from the Deposit shall be the obligations to (i) pay to Carrier amounts equal to the amounts attributable to Travel Costs with respect to which Carrier has provided goods or services net of any Obligations owed Carrier to any Secured Party, and (ii) remit to Carrier amounts necessary to reduce the amount of the Aggregate Protection to equal the Required Amount, as set forth in Section 3(b) of this Exposure Protection Schedule, and (b) such obligations to make payment to Carrier are at all times subject to the terms of the Agreement.

5. Investment

All amounts held as the Deposit will be deemed to earn a yield equal to the Applicable Rate. The amount so earned shall be credited to the Deposit.

6. Right of Offset; Recoupment; Application

At any time that an amount is due Member or any other Secured Party from Carrier, and Member or such other Secured Party does not obtain payment of such amount due as provided in the Agreement, Member (on behalf of itself and any other Secured Party) shall have the right to apply, recoup or set off any amounts otherwise owed by Member or any other Secured Party to Carrier hereunder, including, without limitation, any amounts attributable to the Deposit, to the amount owed by Carrier. Where any application, recoupment or set off requires the conversion of one currency
into another, Member shall be entitled to effect such conversion in accordance with its prevailing practice and Carrier shall bear all exchange risks, losses, commissions and other bank charges which may thereafter arise.

7. **Retention of Deposit After Cessation**

Notwithstanding any other provision of the Agreement to the contrary, during the period not to exceed ***** from the earlier of termination of this Agreement or the date upon which Carrier permanently ceases flight operations, Member may retain the Deposit and Letters of Credit until such time as the Member reasonably determines that Carrier has no further Obligations or potential Obligations (excluding indemnification obligations for which no claim has been asserted) without any obligation to remit funds to Carrier until such time. For clarity, Member acknowledges that, unless Carrier has ceased or substantially reduced its flight operations, they shall release the Deposit to Carrier pursuant to Section 3(b) of this Exposure Protection Schedule as the Gross Exposure reduces pursuant to the Methodology set forth in Section 8 of this Exposure Protection Schedule so long as the Aggregate Protection equals the Required Amount and any remaining balance shall be released on or before ***** from the earlier of termination of this Agreement or the date upon which Carrier permanently ceases flight operations.

8. **Methodology**

“Gross Exposure” shall be calculated by the Member on a daily basis as follows:

(a)  *****
(b)  *****
(c)  *****
(d)  *****
(e)  *****
(f)  *****
(g)  *****

9. **Standby Letter of Credit**

(a) The amount of the Aggregate Protection which Member may maintain pursuant to this Exposure Protection Schedule shall include the sum of (a) the amount remaining to be drawn upon any valid and outstanding Letter of Credit, in lieu of maintaining the amount of the Deposit in an amount equal to the Required Amount and (b) the proceeds of any previous draw on a Letter of Credit held by Member and not applied. Any such letter of credit shall be in form and substance acceptable to Member and issued by a financial institution acceptable to Member, as determined by Member in its reasonable discretion (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions). Notwithstanding any
initial acceptance of a Letter of Credit, Member reserves the right at any time to either (i) demand delivery of a substitute Letter of Credit issued by different institution or (ii) withhold as Reserved Funds amounts necessary so that the Deposit equals the Required Amount if, in Member’s reasonable discretion (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions), it determines that it cannot or will not continue to accept non-payment risk from the institution obligated on a Letter of Credit previously delivered to Member. At such time as the Member may no longer draw on a Letter of Credit, Member may require that the Deposit equal the Required Amount.

(b) Upon the occurrence of any event that gives rise to Member’s right under this Agreement (i) to make demand on Carrier for payment to Member, (ii) to apply amounts represented by the Deposit to Obligations of Carrier or (iii) otherwise to retain and not pay to Carrier amounts paid to Member by a Card Association on account of Sales Records submitted to Member by Carrier, then Member, at its option, may draw on any Letter of Credit issued for Member’s benefit (for itself and as agent for any other Secured Party) with respect to the Agreement without first taking any of the actions described in clauses (i), (ii) and (iii) above.

(c) In addition to Member’s rights as set forth above, Member, at its option, may draw (in one or more draws) up to the full amount remaining undrawn on a Letter of Credit upon the occurrence of any one or more of the following events or as otherwise provided below: (a) the occurrence of an Insolvency Event; (b) receipt by Member of notification from the issuer of the Letter of Credit that such issuer has elected not to renew the Letter of Credit; (c) notification of termination of the Agreement by either party; (d) a substantial number of the scheduled flights of Carrier fail to operate on any particular day; or (e) Member, in its reasonable discretion, determines that it cannot or will not continue to accept non-payment risk from the institution obligated on a Letter of Credit previously delivered to Member (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions). In addition, Member may draw upon a Letter of Credit pursuant to any other condition for draw provided in the Letter of Credit, and, in any event, on or after the thirtieth day prior to expiration of the Letter of Credit. No failure to draw, or delay in making a draw, on a Letter of Credit shall impair Member’s right to draw thereon at a later time.

(d) Carrier acknowledges that, except for its right to receive the excess proceeds of any Letter of Credit upon the expiration of the period specified in Section 7 of this Exposure Protection Schedule, it has no interest in any proceeds of any draw on any Letter of Credit issued for the benefit of Member or any Secured Party and that upon any draw on any Letter of Credit, Member shall be entitled to hold the proceeds thereof for payment of the Obligations under the Agreement and apply such proceeds in payment thereof as and when Member deems appropriate. Member shall have no obligation to remit to any person or entity any excess proceeds of any draw on the Letter of Credit until expiration of the period specified in Section 7 of this Exposure Protection Schedule. In the event of any dispute between Carrier and the issuer of such Letter of Credit
or any subrogee thereof, or any other person or entity with respect to entitlement to any proceeds of the Letter of Credit, Member may retain all such proceeds until final resolution of such dispute by a court of competent jurisdiction, subject to Member’s right to retain and apply proceeds in payment of the Obligations. In the event that Member draws on a Letter of Credit and holds the proceeds thereof at a time when Carrier is conducting normal flight operations, Member shall include such proceeds in its calculation of coverage for the Required Amount and make remittances to Carrier in accordance with Section 3 of this Exposure Protection Schedule as if the proceeds were part of the Deposit. Any excess proceeds of a Letter of Credit, as determined by Member in good faith after taking into account all Obligations of Carrier to Member and the other Secured Parties, shall be remitted to Carrier or as otherwise directed by a court of law.
FIRST OMNIBUS AMENDMENT TO SIGNATORY AGREEMENTS

RECITALS

A. Carrier and U.S. Bank are parties to an Amended and Restated Signatory Agreement (U.S. Transactions) dated as of November 5, 2013 (as the same has been amended and supplemented from time to time, the “U.S. Agreement”) pursuant to which U.S. Bank processes certain payments made to Carrier in the United States using Cards (as such term is defined in the U.S. Agreement) bearing the servicemark of Visa U.S.A., Inc., MasterCard International Incorporated or an EFT Network.

B. Carrier, U.S. Bank Canada and Elavon Canada are parties to an Amended and Restated Signatory Agreement (Canadian Transactions) dated as of November 5, 2013 (as the same has been amended and supplemented from time to time, the “Canadian Agreement” and together with the U.S. Agreement, the “Processing Agreements”) pursuant to which U.S. Bank Canada processes certain payments made to Carrier in Canada using Cards bearing the servicemark of Visa U.S.A., Inc., VISA International Inc. or an EFT Network and Elavon Canada processes certain payments made to Carrier in Canada using Cards bearing the servicemark of MasterCard International Incorporated.

C. Carrier and each of U.S. Bank, U.S. Bank Canada, and Elavon Canada (collectively, the “Processors”) desire to modify certain of the terms set forth in the Processing Agreements and have therefore agreed to enter into this amendment.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereto covenant and agree to be bound as follows:

Section 1. Capitalized Terms. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to them in the applicable Processing Agreement, unless the context shall otherwise require.

Section 2. Amendments

(a) Amendment to Term of U.S. and Canadian Processing Agreements

Section 10 of the Signatory Agreement to each Processing Agreement is amended and restated in its entirety to read as follows: 10. Term This Agreement shall become effective as of the Effective Date and continue in effect until March 1, 2018 (unless earlier terminated pursuant to Section 15 of the MTOS), and shall automatically renew for successive terms of one year thereafter unless either party provides written notice to the other no later than forty five (45) days prior to the end of the then current term of its determination to terminate this Agreement, in which case the Agreement shall terminate as of the expiration of the then current term.
(b) **Amendment to Exclusivity Provisions.** Section 7 to the Signatory Agreement under each of the Processing Agreements is amended by adding the following sentence immediately after the first sentence in such Section:

Notwithstanding the foregoing, in the event that Member (i) declares the occurrence of a General Triggering Event under subsections (b), (c) or (d) of the definition of a General Triggering Event (as defined in the Exposure Protection Schedule) and (ii) requires as a result thereof that the Aggregate Protection be in an amount greater than *****, then commencing ***** thereafter, Carrier shall not be bound by the exclusivity limitations set forth in the preceding sentence.

(c) The Fee Schedule attached to each Processing Agreement is amended and restated in its entirety in the form attached hereto as Exhibit A.

(d) The Exposure Protection Schedule attached to each Processing Agreement is amended and restated in its entirety in form attached hereto as Exhibit B.

**Section 3. Representations and Warranties of Carrier.** Carrier hereby represents and warrants to the Processors that on and as of the date hereof and after giving effect to this Amendment:

(a) All of Carrier’s representations and warranties contained in the Processing Agreements are true, correct and complete in all respects as of the date hereof as though made on and as of such date; provided, that references to financial statements shall be to the most recent financial statements of such type delivered to U.S. Bank by Carrier.

(b) Carrier has the power and legal right and authority to enter into this Amendment and has duly authorized as appropriate the execution and delivery of this Amendment and none of the agreements contained herein contravene or constitute a default under any agreement, instrument or indenture to which Carrier is a party or a signatory or a provision of Carrier’s organizational documents or, to the best of Carrier’s knowledge, any other agreement or requirement of law, or result in the imposition of any lien on any of its property under any agreement binding on or applicable to Carrier or any of its property except, if any, in favor of the Processors.

(c) Carrier is duly organized and in good standing under the laws of the jurisdiction of its organization and is qualified to do business in each jurisdiction where the nature of its activities or the character of its properties makes such qualification necessary or desirable and the failure to so qualify would have a material adverse effect on the assets or operations of Carrier.

(d) Upon the effective date of this Amendment, this Amendment and the Processing Agreements, as supplemented and amended hereby, will constitute the legal, valid and binding obligations of Carrier enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws affecting the rights of creditors generally, and to the exercise of judicial discretion in accordance with general principles of equity.
Section 4. **Representations and Warranties of the Processors**. Each Processor represents and warrants to Carrier that (i) it has full and complete power and authority to enter into and perform under this Amendment, (ii) it has obtained, and there remain in effect, all necessary licenses, resolutions and filings which are necessary for it to perform its obligations under this Amendment and (iii) upon the effective date of this Amendment, this Amendment and the applicable Processing Agreement, as supplemented and amended hereby, will constitute the legal, valid and binding obligations of the Processor enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws affecting the rights of creditors generally, and to the exercise of judicial discretion in accordance with general principles of equity.

Section 5. **Ratification of Agreement; Acknowledgment**. Except as expressly modified under this Amendment, all of the terms, conditions, provisions, agreements, requirements, promises, obligations, duties, covenants and representations of Carrier and the Processors under the Processing Agreements are hereby ratified by Carrier and the Processors respectively. All references contained in a Processing Agreement and the Schedules thereto to “Agreement” shall mean the applicable Processing Agreement as supplemented and amended hereby.

Section 6. **Merger and Integration, Superseding Effect**. This Amendment, from and after the date hereof, embodies the entire agreement and understanding between the parties hereto with respect to the subject matter thereof, and supersedes and has merged into it all prior oral and written agreements, on the same subjects by and between the parties hereto with the effect that this Amendment shall control with respect to the specific subjects hereof and thereof.

Section 7. **Governing Law**. This Amendment shall be governed by and construed in accordance with the laws of the State of Minnesota.

Section 8. **Counterparts**. This Amendment may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed to be an original, and all of which counterparts of this Amendment when taken together, shall constitute one and the same instrument.
IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed as of the date and year first above written.

FEESCHEDULE

This schedule is the Fee Schedule to the Amended and Restated Signatory Agreement, dated as of November 5, 2013 (the “Signatory Agreement”). References to “the Agreement” and “this Agreement” shall mean the Signatory Agreement, together with the Master Terms of Service incorporated therein (the “MTOS”) and all Schedules, Exhibits and other attachments to the Signatory Agreement and the MTOS.

Carrier agrees to pay Member charges for transactions according to the following processing fee schedule. Member will edit all submissions and qualify Carrier for the best available Card Association interchange rate based on the date provided by Carrier, subject to submission of Sales Records in the format required by the Agreement. All dollar references shall be deemed to be to the applicable settlement currency identified in the Agreement. All terms not otherwise defined herein that are capitalized and used herein shall have the meanings given to them in the Agreement.

A. Carrier shall pay Member the interchange percentage, switch fees, per item fees and other costs imposed by the Card Associations calculated on ***** Card Sales and ***** Card Transactions, respectively, in the percentages and amounts published by the applicable Card Associations from time to time. *****

B. Carrier shall pay Member the Card Association assessments calculated on ***** Card Sales and/or ***** Card Transactions in the amounts published by the applicable Card Associations from time to time.

C. Other than with respect to ***** Transactions, in addition to the amounts due under Sections A and B above, Carrier shall pay Member a fee of (i) ***** on ***** Card Sales submitted by Carrier in an applicable period and (ii) ***** per item on ***** Card Transactions during such period.

D. For ***** Transactions, in addition to the amounts due under Sections A and B above, Carrier shall pay Member (a) all fees and other per item charges that may be imposed by ***** in connection with the provision of its services in connection with Carrier’s ***** Transactions and (b) a fee of ***** on ***** Card Sales submitted by Carrier in an applicable period.

E. If paper Sales Records or Credit Records are submitted to Member for processing, an additional ***** per item fee will be assessed.

F. Voice authorizations shall be passed through to Carrier at ***** per item or via “Automated Response Unit (ARU)” at ***** per item via an operator and ***** per item for address verification service (“AVS”).

G. Card Authorization and data capture costs will be passed through to Carrier at Member’s cost. The cost of Authorizations will depend upon the method used for obtaining Authorizations.
H. Member will assess a ***** handling fee for each and every Chargeback received by Member during any ***** period in which there is at least a ***** ratio of Chargebacks received by Member to net sales volume. Carrier acknowledges and agrees that such fees constitute reasonable compensation to Member for the services provided to Member in connection with the handling of Chargebacks, taking into account, among other things, the costs and expenses, whether direct or indirect, and whether out-of-pocket or attributable to an increased administrative burden, incurred or suffered by Member as a result of such Chargeback activity. As an accommodation to Carrier, Member will charge the handling fee specified herein only when the ratio of Chargebacks to net sales volume equals or exceeds ***** during any applicable period.

I. The rates, fees and assessments specified above (other than the fee set forth in (C)) also will be adjusted from time to time to reflect and correspond to increases or decreases in applicable rates, fees and assessments established and levied by the Card Associations or by third-party vendors that provide Authorization services.

J. Any fees received pursuant to this Fee Schedule, or settled through the Settlement Account by Member will be without any deduction for or on account of any tax or other withholdings imposed by any governmental, fiscal or other authority unless required by law. If Carrier is obliged by law to make any such deduction, it will pay to Member or Member will deduct through the Settlement Account on instruction of the Carrier such additional amounts as are necessary to ensure receipt by Member of the full amount of fees Member would have received in the absence of this obligation.
EXHIBIT B

EXPOSURE PROTECTION SCHEDULE

This Exposure Protection Schedule is to the Amended and Restated Signatory Agreement, dated as of November 5, 2013 (the “Signatory Agreement”). References to “the Agreement” and “this Agreement” shall mean the Signatory Agreement, together with the Master Terms of Service incorporated therein (the “MTOS”) and all Schedules, Exhibits and other attachments to the Signatory Agreement and the MTOS.

All terms not otherwise defined herein that are capitalized and used herein shall have the meanings given to them in the Agreement. References to Sections in “this Agreement” or “the Agreement” mean any such Section in the MTOS. As used in this Exposure Protection Schedule, the following terms shall have the meanings indicated:

Aggregate Protection – The sum of (i) the Deposit, (ii) the amount remaining to be drawn upon any valid and outstanding Letter of Credit, and (iii) the proceeds of any previous draw on a Letter of Credit held by Member and not applied to any Obligations or credited to the Deposit.

Carrier’s Rights – Any and all rights that Carrier has or may at any time acquire in any Sales Records, any Deposit amount or any right to payment under the Agreement.

Daily Cash Expense – shall mean as of any date of determination, the result of dividing (i) the sum of the operating expenses, minus depreciation and amortization, and minus non-cash special charges or non-cash extraordinary items for the last four quarters by (ii) 365 days (or 366 for a leap year).

Deposit – The aggregate of (a) Reserved Funds and (b) any cash remitted and pledged by Carrier to Member pursuant to or in connection with the Agreement to secure the Obligations hereunder, and all additions to such aggregate made from time to time and all monies, securities, investments and instruments purchased therewith and all interest, profits and/or dividends accruing thereon and proceeds thereof. Separate Deposits may be maintained in the event there are multiple currencies, in such currencies.

General Triggering Event – Any of the following shall be a General Triggering Event:

(a) the occurrence of an Insolvency Event by or against Holdings or Frontier;

(b) excepting transactions as to which Member shall have given its prior written consent, the merger, consolidation or amalgamation of Holdings or Frontier or entry by Holdings or Frontier into any analogous reorganization, amalgamation or transaction with any unaffiliated corporation, company or other entity or as a result of which Holdings or Frontier is not the surviving entity;

(c) excepting transactions as to which Member shall have given its prior written consent, the sale, transfer, lease or other conveyance of all or substantially all of Holdings’ or Frontier’s assets;
(d) excepting transactions as to which Member shall have given its prior written consent, any Person or group acquires or obtains beneficial ownership of securities (including options) having a majority of the ordinary voting power of Holdings or Frontier or the directors of Holdings or Frontier constituting that percentage necessary to approve corporate action not being either (i) current directors, (ii) directors designated or approved by such current directors or (iii) directors approved by such current or replacement directors;

(e) the occurrence of a material default under this Agreement;

(f) a Material Adverse Occurrence; or

(g) Carrier fails to timely deliver the Compliance Certificate as required by Section 11 of this Exposure Protection Schedule.

Gross Exposure – As defined in Section 8 of this Exposure Protection Schedule.

Letter of Credit – One or more valid and outstanding irrevocable standby letters of credit that are (i) issued for the benefit of Member, (ii) in form and substance acceptable to Member, as determined by Member in its reasonable discretion, and (iii) issued by a financial institution acceptable to Member, as determined by Member in its reasonable discretion (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions.

Lien – Any mortgage, pledge, security interest, encumbrance, lien, hypothecation or charge of any kind (including any agreement to provide any of the foregoing), any conditional sale or other title retention agreement or any lease in the nature thereof, or any filing or agreement to file a financing statement as debtor on any property leased to any Person under a lease which is not in the nature of a conditional sale or title retention agreement.

Material Adverse Occurrence – Any occurrence of any nature whatsoever (including, without limitation, any adverse determination in any litigation, arbitration or governmental investigation or proceeding), which, in the reasonable determination of Member, materially adversely effects the then present financial condition of Holdings or Frontier or the prospective financial condition of Holdings or Frontier, or materially impairs the ability of Holdings or Frontier to perform its obligations under the Agreement.

Methodology – As defined in Section 3 of this Exposure Protection Schedule.

Obligations – All of Carrier’s obligations under the Agreement and the Other Signatory Agreements, whether now existing or hereafter arising (including any of the foregoing obligations that arise prior to or after any Insolvency Event and any obligations arising pursuant to this Exposure Protection Schedule).

Other Signatory Agreement – Any agreement (other than the Agreement), executed by at least Carrier and Member or one of its affiliates, which substantially incorporates the MTOS.
Performance Triggering Event – The occurrence of an event in which the consolidated Unrestricted Cash of Carrier as of the last day of any month falls below the sum of (i) *****.

Required Amount – The amount of the Aggregate Protection to be maintained under this Agreement which shall be equal to:

(a) so long as no General Triggering Event or Performance Triggering Event has occurred and is continuing, the Required Amount shall be *****.

(b) if a Performance Triggering Event has occurred and no General Triggering Event has occurred, the Required Amount shall be determined based upon the chart set forth below

(c) during the continuance of any General Triggering Event, the Required Amount shall be equal to *****.

Secured Parties – Any of (i) Member and (ii) such entity having the same designation or acting in the same capacity under any Other Signatory Agreement.

Unrestricted Cash – As of the date of determination, the sum of the amount of unrestricted cash and cash equivalents of Carrier, not subject to any Lien or other restriction, except for rights of setoff for customary returned items asserted by the depository institution in which such cash is deposited, as determined by GAAP, plus the value of any short term investments (those with maturity dates of one year or less), as of any date of determination of Carrier. For the avoidance of doubt, no amounts held as part of the Aggregate Protection shall be counted in the calculation of Unrestricted Cash.

2. Exposure Protection

(a) Upon commencement of the Agreement, Member may retain and hold all funds paid to Member by a Card Association on account of Sales Records submitted by Carrier to Member as Reserved Funds until the amount of the Aggregate Protection equals the Required Amount, as determined in accordance with Sections 3 and 8 of this Exposure Protection Schedule. In lieu of retaining Reserved Funds, or in addition to retaining and holding
Reserved Funds, Member, in its sole discretion, may demand that Carrier, and Carrier shall upon such demand, remit to Member within ***** of Member’s demand immediately available funds to hold as the Deposit in an amount that when added to amounts (if any) retained and held by or on behalf of Member as the Deposit causes the amount of the Aggregate Protection to equal the Required Amount. The Deposit amount shall be subject to adjustment as provided in Section 3 of this Exposure Protection Schedule. Member will hold the Deposit as security for the due and punctual payment of and performance by Carrier of the Obligations.

(b) Carrier grants to each of Member and all other Secured Parties a Lien on the Deposit and all other Carrier’s Rights to secure the payment and performance by Carrier of all Obligations. Each Secured Party shall act as agent for itself and all other Secured Parties to the extent that any Secured Party control or possesses the Deposit and other Aggregate Protection or is named as a Secured Party on any filing, registration or recording. Carrier hereby acknowledges that notwithstanding the foregoing grant of a Lien, Reserved Funds represent only a future right to payment owed to Carrier under the Agreement, payment of which is subject to the terms and conditions of the Agreement and to Carrier’s complete and irrevocable fulfillment of its obligations and duties under the Agreement and do not constitute funds of Carrier.

(c) Carrier further agrees that during the term of the Agreement, Carrier shall not grant, or attempt to grant, to any other Person or suffer to exist in favor of any other Person any Lien or other interest in Carrier’s Rights (if any) or in any proceeds thereof unless any such Lien or other interest and the priority thereof are subject to a subordination agreement in favor of Member and all other Secured Parties and satisfactory to Member.

(d) Carrier hereby acknowledges that Member disputes the existence of any interest of Carrier in any rights to payment from Cardholders or Card Issuers arising out of the Sales Records and further acknowledges that to the extent it may have an interest therein, such interest is subordinate to the interests of the Secured Parties and of any of their respective subrogees.

(e) Carrier will do all acts and things, and will execute, endorse, deliver, file, register or record all instruments, statements, declarations or agreements (including pledges, assignments, security agreements, financing statements, continuation statements, etc.) reasonably requested by Member, in form reasonably satisfactory to Member, to establish, perfect, maintain and continue the perfection and priority of the security interest of the Secured Parties in all Carrier’s Rights and in all proceeds of the foregoing. Carrier will pay the reasonable costs and expenses of all filings and recordings, including taxes thereon or fees with respect thereto and all searches reasonably necessary or deemed necessary by Member, to establish and determine the validity and the priority of such security granted in favor of Member. Carrier hereby irrevocably appoints Member (and all persons, officers, employees or agents designated by Member), its agent and attorney-in-fact to do all such acts and things contemplated by this paragraph in the name of Carrier. Without limiting the foregoing, Carrier hereby authorizes Member to file one or more financing statements or continuation statements in respect hereof, and amendments
3. Adjustments to Deposit

(a) Member will use the Methodology described in Section 8 of this Exposure Protection Schedule (the “Methodology”) to calculate Gross Exposure each Business Day. Carrier acknowledges that Member has explained to it and it understands Member’s Methodology for determining Gross Exposure and the amount of the Aggregate Protection and hereby agrees to be bound by such Methodology and the determinations made by Member as a result thereof; provided, however, that Carrier may, in good faith, dispute any determination made by Member by delivery of notice thereof to Member, and the parties shall use commercially reasonable efforts to resolve the dispute as expeditiously as possible. Among other things, Carrier understands that Gross Exposure includes the value of Travel Costs for goods or services sold to Cardholders who used their Cards to purchase such goods or services with respect to which Carrier has not yet provided such goods or services. Member and Carrier may change the Methodology by mutual written agreement.

(b) The amount of the Deposit shall be increased or decreased each Business Day, as appropriate, based on the Methodology so that the amount of the Aggregate Protection will at all times equal the Required Amount. Any necessary increases to the Deposit may be made, at Member’s sole discretion, by Member withholding as Reserved Funds an amount up to ***** of amounts otherwise payable to Carrier under Section 6.2 of the MTOS until the amount of the Aggregate Protection is at least equal to the Required Amount; provided, that if there are insufficient funds available from the daily settlement to fully fund the Deposit in the Required Amount, then Carrier shall send such additional funds by federal wire transfer, to an account designated by Member, on the first (1st) Business Day after Carrier’s receipt of notice from Member that an increase is required and the amount thereof. If the Member agrees to permit increases to the amount of the Deposit by wire transfer and the funds required to increase the amount of the Deposit so that the Aggregate Protection is equal to the Required Amount are not transferred to Member as required by this Section 3, Member may immediately withhold on a daily basis as Reserved Funds an amount up to ***** of amounts otherwise payable to Carrier under Section 6.2 of the MTOS until the amount of the Aggregate Protection at least equals the Required Amount. Member shall remit to Carrier from the Deposit the amount necessary to reduce the amount of the Aggregate Protection to equal the Required Amount on each Business Day in accordance with Section 6.2 of the MTOS.
The amount of the Deposit to be maintained hereunder may be reduced in accordance with Section 9 of this Exposure Protection Schedule pursuant to which Member accepts Letter of Credit in lieu of all or a portion of the Deposit so long as the Aggregate Protection equals the Required Amount. Although Member has the right at all times to require that the amount of the Aggregate Protection equal the Required Amount, Member may, from time to time, in its sole discretion make remittances to Carrier or release portions of any Letter of Credit such that the Aggregate Protection is less than the Required Amount. The duration of any such reduction is within the sole discretion of Member. At any time that the amount of the Aggregate Protection is less than the Required Amount Member, in its sole discretion, may again require that the amount of the Aggregate Protection equal the Required Amount. Any required increase may be made as provided in Section 3(b) of this Exposure Protection Schedule as determined by Member. Any reductions in the amount of the Aggregate Protection as described in this paragraph shall not be deemed a course of dealing nor give rise to any rights by Carrier in the future to require that the amount of the Aggregate Amount be less than the Required Amount.

4. Control of Deposit

Carrier acknowledges that (i) funds remitted to Member by Carrier, and (ii) funds paid by Card Associations and held by Member or any Secured Party as the Deposit may be commingled with other funds of Member or such Secured Party, and further acknowledges that all such funds, and any investment of funds shall be in the name and control of Member or such Secured Party, and except for crediting of interest as contemplated by Section 5 below, Carrier shall have no interest in any securities, instruments or other contracts or any interest, dividends or other earnings accruing thereon or in connection therewith. It is the understanding of the Parties that, notwithstanding any other provision of the Agreement to the contrary, until Member is required to pay the then remaining balance of the Deposit pursuant Section 7, (a) the sole obligations of Member to make payments to Carrier from the Deposit shall be the obligations to (i) pay to Carrier amounts equal to the amounts attributable to Travel Costs with respect to which Carrier has provided goods or services net of any Obligations owed Carrier to any Secured Party, and (ii) remit to Carrier amounts necessary to reduce the amount of the Aggregate Protection to equal the Required Amount, as set forth in Section 3(b) of this Exposure Protection Schedule, and (b) such obligations to make payment to Carrier are at all times subject to the terms of the Agreement.

5. Investment

All amounts held as the Deposit will be deemed to earn a yield equal to the Applicable Rate. The amount so earned shall be credited to the Deposit.

6. Right of Offset; Recoupment; Application

At any time that an amount is due Member or any other Secured Party from Carrier, and Member or such other Secured Party does not obtain payment of such amount due as provided in the Agreement, Member (on behalf of itself and any other Secured Party) shall have the right to apply, recoup or set off any amounts otherwise owed by Member or any other Secured Party to Carrier hereunder, including, without limitation, any amounts attributable to the Deposit, to the amount owed by Carrier.
Where any application, recoupment or set off requires the conversion of one currency into another, Member shall be entitled to effect such conversion in accordance with its prevailing practice and Carrier shall bear all exchange risks, losses, commissions and other bank charges which may thereafter arise.

7. **Retention of Deposit After Cessation**

Notwithstanding any other provision of the Agreement to the contrary, during the period not to exceed ***** from the earlier of termination of this Agreement or the date upon which Carrier permanently ceases flight operations, Member may retain the Deposit and Letters of Credit until such time as the Member reasonably determines that Carrier has no further Obligations or potential Obligations (excluding indemnification obligations for which no claim has been asserted) without any obligation to remit funds to Carrier until such time. For clarity, Member acknowledges that, unless Carrier has ceased or substantially reduced its flight operations, they shall release the Deposit to Carrier pursuant to Section 3(b) of this Exposure Protection Schedule as the Gross Exposure reduces pursuant to the Methodology set forth in Section 8 of this Exposure Protection Schedule so long as the Aggregate Protection equals the Required Amount and any remaining balance shall be released on or before ***** from the earlier of termination of this Agreement or the date upon which Carrier permanently ceases flight operations.

8. **Methodology**

“Gross Exposure” shall be calculated by the Member on a daily basis as follows:

(a) *****

(b) *****

(c) *****

(d) *****

(e) *****

(f) *****

(g) *****

9. **Standby Letter of Credit**

(h) The amount of the Aggregate Protection which Member may maintain pursuant to this Exposure Protection Schedule shall include the sum of (a) the amount remaining to be drawn upon any valid and outstanding Letter of Credit, in lieu of maintaining the amount of the Deposit in an amount equal to the Required Amount and (b) the proceeds of any previous draw on a Letter of Credit held by Member and not applied. Any such letter of credit shall be in form and substance acceptable to Member and issued by a financial institution acceptable to Member, as determined by Member in its reasonable discretion (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions). Notwithstanding any initial acceptance of a Letter of Credit, Member reserves the right at any time.
to either (i) demand delivery of a substitute Letter of Credit issued by different institution or (ii) withhold as Reserved Funds amounts necessary so that the Deposit equals the Required Amount if, in Member’s reasonable discretion (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions), it determines that it cannot or will not continue to accept non-payment risk from the institution obligated on a Letter of Credit previously delivered to Member. At such time as the Member may no longer draw on a Letter of Credit, Member may require that the Deposit equal the Required Amount.

(i) Upon the occurrence of any event that gives rise to Member’s right under this Agreement (i) to make demand on Carrier for payment to Member, (ii) to apply amounts represented by the Deposit to Obligations of Carrier or (iii) otherwise to retain and not pay to Carrier amounts paid to Member by a Card Association on account of Sales Records submitted to Member by Carrier, then Member, at its option, may draw on any Letter of Credit issued for Member’s benefit (for itself and as agent for any other Secured Party) with respect to the Agreement without first taking any of the actions described in clauses (i), (ii) and (iii) above.

(j) In addition to Member’s rights as set forth above, Member, at its option, may draw (in one or more draws) up to the full amount remaining undrawn on a Letter of Credit upon the occurrence of any one or more of the following events or as otherwise provided below: (a) the occurrence of an Insolvency Event; (b) receipt by Member of notification from the issuer of the Letter of Credit that such issuer has elected not to renew the Letter of Credit; (c) notification of termination of the Agreement by either party; (d) a substantial number of the scheduled flights of Carrier fail to operate on any particular day; or (e) Member, in its reasonable discretion, determines that it cannot or will not continue to accept non-payment risk from the institution obligated on a Letter of Credit previously delivered to Member (which may include taking into account regulatory limitations imposed on Member regarding exposure to particular institutions). In addition, Member may draw upon a Letter of Credit pursuant to any other condition for draw provided in the Letter of Credit, and, in any event, on or after the thirtieth day prior to expiration of the Letter of Credit. No failure to draw, or delay in making a draw, on a Letter of Credit shall impair Member’s right to draw thereon at a later time.

(k) Carrier acknowledges that, except for its right to receive the excess proceeds of any Letter of Credit upon the expiration of the period specified in Section 7 of this Exposure Protection Schedule, it has no interest in any proceeds of any draw on any Letter of Credit issued for the benefit of Member or any Secured Party and that upon any draw on any Letter of Credit, Member shall be entitled to hold the proceeds thereof for payment of the Obligations under the Agreement and apply such proceeds in payment thereof as and when Member deems appropriate. Member shall have no obligation to remit to any person or entity any excess proceeds of any draw on the Letter of Credit until expiration of the period specified in Section 7 of this Exposure Protection Schedule. In the event of any dispute between Carrier and the issuer of such Letter of Credit or any subrogee thereof, or any other person or entity with respect to
entitlement to any proceeds of the Letter of Credit, Member may retain all such proceeds until final resolution of such dispute by a court of competent jurisdiction, subject to Member’s right to retain and apply proceeds in payment of the Obligations. In the event that Member draws on a Letter of Credit and holds the proceeds thereof at a time when Carrier is conducting normal flight operations, Member shall include such proceeds in its calculation of coverage for the Required Amount and make remittances to Carrier in accordance with Section 3 of this Exposure Protection Schedule as if the proceeds were part of the Deposit. Any excess proceeds of a Letter of Credit, as determined by Member in good faith after taking into account all Obligations of Carrier to Member and the other Secured Parties, shall be remitted to Carrier or as otherwise directed by a court of law.

10. Deposit Upon Termination of the Agreement.

In the event that any Party gives notice to the other Party of termination of the Agreement or non-renewal, or in the absence of a notice, the Agreement is terminated or a Party attempts to terminate the Agreement, and at such time the Aggregate Protection maintained is less than *****. Member may make a reasonable determination of Chargebacks and other obligations of Carrier under the Agreement that may arise or be asserted from and after such date (“Projected Exposure”). If the amount of Projected Exposure exceeds the amount of the Aggregate Protection then held or posted, Member may, in its sole discretion, demand that Carrier and Carrier shall upon such demand, immediately remit to Member in immediately available funds for Member to hold as part of the Aggregate Protection an amount sufficient to cause the amount of the Aggregate Protection to equal Projected Exposure. Upon failure by Carrier to remit such funds by the close of business on the first Business Day after any such demand is made, Member in its sole discretion may withhold as Reserved Funds an amount up to ***** of amounts otherwise payable to Carrier under Section 6.2 of the MTOS until the amount of the Aggregate Protection is at least equal to Projected Exposure. Member may retain the Aggregate Protection pursuant to the provisions of Section 7 of this Exposure Protection Schedule, except that during such period (i) the amount of the Aggregate Protection shall equal Projected Exposure and (ii) payments shall be remitted to Carrier on each Business Day in the amount by which the amount of the Aggregate Protection exceeds Projected Exposure. Upon and after the occurrence of an event that would cause the Required Amount to be in excess of the Projected Exposure, even if the same shall occur after termination or non-renewal, the amount of the Aggregate Protection shall not be less than the Required Amount. The provisions of Section 3 of this Exposure Protection Schedule with respect to increases to the Aggregate Protection shall apply in any such circumstance.

Carrier shall furnish U.S. Bank, as soon as practicable, and in any event no later than ***** after the end of each month, a Compliance Certificate in the form attached hereto as Attachment 1 (the “Compliance Certificate”). Such Compliance Certificates shall be signed by the chief financial officer, controller, or treasurer of Carrier. If U.S. Bank advises Carrier of a discrepancy between the information contained in a Compliance Certificate and the information in Carrier’s financial statements, Carrier shall be available to U.S. Bank to explain the discrepancy and shall provide supplemental information to U.S. Bank, as reasonably necessary, to support the information contained in such Compliance Certificate.
This Compliance Certificate is being submitted pursuant to Section 11 of the Exposure Protection Schedule to the Amended and Restated Signatory Agreement, dated as of November 5, 2013 (the "Signatory Agreement") for the above-referenced twelve month period (the "Period"). Capitalized terms used herein and not defined herein shall have the meanings given such terms in the Exposure Protection Schedule. The undersigned, being the [insert title] of Carrier hereby certifies, with respect to all of the following, that, to the best of his/her knowledge after reasonable investigation as of the date of this Compliance Certificate, the following information is true and correct and was compiled from the books and records of Carrier, as applicable, in accordance with the terms of the Agreement.

THIRD OMNIBUS AMENDMENT TO SIGNATORY AGREEMENTS

THIS THIRD OMNIBUS AMENDMENT TO SIGNATORY AGREEMENTS (this “Amendment”) is entered into as of the last date set forth on the signature page hereto, by and among Frontier Airlines Holdings, Inc. (“Holdings”), Frontier Airlines, Inc. (“Frontier” and together with Holdings, “Carrier”), U.S. Bank National Association, a national banking organization, (“U.S. Bank”), U.S. Bank National Association acting through its Canadian branch, (“U.S. Bank Canada”), and Elavon Canada Company (“Elavon Canada,” and together with U.S. Bank and U.S. Bank Canada, the “Members” and each a “Member”), Carrier and the Members shall be collectively referred to as the “Parties” and individually each a “Party”.

RECITALS

A. Carrier and U.S. Bank are parties to an Amended and Restated Signatory Agreement (U.S. Transactions) dated as of November 5, 2013 (as the same has been amended and supplemented from time to time, the “U.S. Agreement”) pursuant to which U.S. Bank processes certain payments made to Carrier in the United States using Cards (as such term is defined in the U.S. Agreement) bearing the servicemark of Visa U.S.A., Inc., MasterCard International Incorporated or an EFT Network.

B. Carrier, U.S. Bank Canada and Elavon Canada are parties to an Amended and Restated Signatory Agreement (Canadian Transactions) dated as of November 5, 2013 (as the same has been amended and supplemented from time to time, the “Canadian Agreement” and together with the U.S. Agreement, the “Processing Agreements”) pursuant to which U.S. Bank Canada processes certain payments made to Carrier in Canada using Cards bearing the servicemark of Visa U.S.A., Inc., VISA International Inc. or an EFT Network and Elavon Canada processes certain payments made to Carrier in Canada using Cards bearing the servicemark of MasterCard International Incorporated.

C. Carrier and each Member desire to modify certain of the terms set forth in the Processing Agreements and have therefore agreed to enter into this Amendment.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereto hereby covenant and agree to be bound as follows:

1. Capitalized Terms. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to them in the applicable Processing Agreement, unless the context shall otherwise require.

2. Amendments.

   (a) Term. Section 10 of the Signatory Agreement to each Processing Agreement is amended and restated in its entirety to read as follows:

   Section 10. Term. This Agreement shall become effective as of the Effective Date and continue in effect until May 1, 2020 (unless earlier terminated)
pursuant to Section 15 of the MTOS), and shall automatically renew for successive terms of one year thereafter unless either party provides written notice to the other no later than forty five (45) days prior to the end of the then current term of its determination to terminate this Agreement, in which case the Agreement shall terminate as of the expiration of the then current term.

(b) **Fee Schedule.** The Fee Schedule attached to each Processing Agreement is amended and restated in its entirety in the form attached hereto as Exhibit A.

(c) **Exposure Protection.** The definition of “Required Amount” in the Exposure Protection Schedule attached to each Processing Agreement is amended and restated in its entirety to read as follows:

**Required Amount** – The amount of the Aggregate Protection to be maintained under this Agreement which shall be equal to:

(a) so long as no General Triggering Event or Performance Triggering Event has occurred and is continuing, the Required Amount shall be [***].

(b) if a Performance Triggering Event has occurred and no General Triggering Event has occurred, the Required Amount shall be determined based upon the chart set forth below

(c) during the continuance of any General Triggering Event, the Required Amount shall be equal to [***].

3. **Representations and Warranties of Carrier.** Carrier hereby represents and warrants to Members that on and as of the date hereof and after giving effect to this Amendment:

(a) Carrier has the power and legal right and authority to enter into this Amendment and has duly authorized as appropriate the execution and delivery of this Amendment and none of the agreements contained herein contravene or constitute a default under any agreement, instrument or indenture to which Carrier is a party or a signatory or a provision of Carrier’s organizational documents or, to the best of Carrier’s
knowledge, any other agreement or requirement of law, or result in the imposition of any lien on any of its property under any agreement
binding on or applicable to Carrier or any of its property except, if any, in favor of Members.

(b) Carrier is duly organized and in good standing under the laws of the jurisdiction of its organization and is qualified to do business
in each jurisdiction where the nature of its activities or the character of its properties makes such qualification necessary or desirable and
the failure to so qualify would have a material adverse effect on the assets or operations of a Carrier.

(c) Upon the effective date of this Amendment, this Amendment and the Processing Agreement, as modified hereby, will constitute
the legal, valid and binding obligations of Carrier enforceable in accordance with their terms, subject to applicable bankruptcy, insolvency,
reorganization, moratorium and other laws affecting the rights of creditors generally, and to the exercise of judicial discretion in
accordance with general principles of equity.

4. Representations and Warranties of Members. Each Member represents and warrants to Carrier that (i) it has full and complete power and
authority to enter into and perform under this Amendment, (ii) it has obtained, and there remain in effect, all necessary licenses, resolutions and filings
which are necessary for it to perform its obligations under this Amendment and (iii) upon the effective date of this Amendment, this Amendment and the
applicable Processing Agreement, as supplemented and amended hereby, will constitute the legal, valid and binding obligations of the Member
enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws affecting the rights of
creditors generally, and to the exercise of judicial discretion in accordance with general principles of equity.

5. Ratification of Processing Agreement; Acknowledgment. Except as expressly modified under this Amendment, all of the terms, conditions,
provisions, agreements, requirements, promises, obligations, duties, covenants and representations of Carrier and Members, respectively, under the
applicable Processing Agreement are hereby ratified by Carrier and Members, respectively. All references contained in the applicable Processing
Agreement and the Schedules thereto to “Agreement” shall mean the Processing Agreement as supplemented and amended hereby.

6. Merger and Integration, Superseding Effect. This Amendment, from and after the date hereof, embodies the entire agreement and
understanding between the parties hereto, and supersedes and has merged into it all prior oral and written agreements, on the same subjects by and
between the parties hereto with the effect that this Amendment, shall control with respect to the specific subjects hereof and thereof.

7. Governing Law. This Amendment shall be governed by and construed in accordance with the laws of the State of Minnesota.

8. Counterparts. This Amendment may be executed in any number of counterparts, each of which when so executed and delivered shall be
deemed to be an original, and all of which counterparts of this Amendment when taken together, shall constitute one and the same instrument.
IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed and attested to by their duly authorized officers as of the day and year written.

B. Carrier, U.S. Bank Canada and Elavon Canada are parties to an Amended and Restated Signatory Agreement (Canadian Transactions) dated as of November 5, 2013, as amended by that certain First Omnibus Amendment to Signatory Agreements dated as of March 1, 2016, that certain Second Omnibus Amendment to Signatory Agreements dated as of October 3, 2016, and that certain Third Omnibus Amendment to Signatory Agreements dated as of May 1, 2018 (as the same has been amended and supplemented from time to time, the “Canadian Agreement” and together with the U.S. Agreement, the “Processing Agreements”) pursuant to which U.S. Bank Canada processes certain payments made to Carrier in Canada using Cards bearing the servicemark of Visa U.S.A., Inc., VISA International Inc. or an EFT Network and Elavon Canada processes certain payments made to Carrier in Canada using Cards bearing the servicemark of MasterCard International Incorporated.

C. Carrier and each Member desire to modify certain of the terms set forth in the Processing Agreements and have therefore agreed to enter into this Amendment.
NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereto hereby covenant and agree to be bound as follows:

1. **Capitalized Terms.** Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to them in the applicable Processing Agreement, unless the context shall otherwise require.

2. **Amendments.**
   
   (a) **Title.** The title of the U.S. Agreement as it appears on the first page thereof is amended and restated to read “Signatory Agreement (U.S. Transactions)”. All references in the Processing Agreements to “Amended and Restated Signatory Agreement (U.S. Visa and Mastercard Transactions’)” are amended to state “Amended and Restated Signatory Agreement (U.S. Transactions)”.

   (b) **Recitals (U.S. Processing Agreement).** The second recital of the U.S. Processing Agreement is amended and restated in its entirety to read as follows:

   WHEREAS, Member is a member of Visa U.S.A. Inc., MasterCard International and the Discover Network (the “Applicable Card Associations”) and is qualified to enter into contractual relationships with merchants such as Carrier who wish to honor Cards which bear the service marks of the Applicable Card Associations in the United States (the “Applicable Transactions”); and the Applicable Card Associations contemplate that Cards will be issued by financial institutions who are members in the respective systems and that such Cards will be honored by merchants who have signed agreements with member financial institutions;

   (c) **Recitals (Canadian Processing Agreement).** The second recital of the Canadian Processing Agreement is amended and restated in its entirety to read as follows:

   WHEREAS, VISA Member is a member of Visa, Inc. and MasterCard Member is a member of MasterCard International, and VISA Member is entitled to process transactions for the Discover Network (collectively, the “Applicable Card Associations”) and each is qualified to enter into contractual relationships with merchants such as Carrier who wish to honor Cards which bear the service marks of the Applicable Card Associations in Canada (the “Applicable Transactions”); and the Applicable Card Associations contemplate that Cards will be issued by financial institutions who are members in the respective systems and that such Cards will be honored by merchants who have signed agreements with member financial institutions;

   (d) **Processing Services.** Section 2 of the Canadian Processing Agreement is amended and restated in its entirety to read as follows:

   Section 2. Processing Services. Carrier hereby requests that Member process Applicable Transactions on behalf of Carrier and provide the services described in this Agreement, and Member agrees to process, or cause to be processed, the Applicable Transactions and provide such services, or cause them to be provided, in compliance with the terms and conditions of this Agreement,
the Operating Regulations and applicable requirements of law. For the avoidance of doubt, VISA Member shall serve as the “Member” for all VISA Transactions and Discover Network Transactions and MasterCard Member shall serve as “Member” for all MasterCard Transactions and each reference to “Member” in this Signatory Agreement, the MTOS, the Fee Schedule, and the Exposure Protection Schedule shall be interpreted in such context.

(e) **Exclusivity**, Section 7 of the Canadian Processing Agreement is amended and restated in its entirety to read as follows:

Section 7. **Exclusivity**. During the term of this Agreement, VISA Member retains the exclusive right to process all VISA Transactions and Discover Network Transactions in Canada other than any on-board sales and MasterCard Member retains the exclusive right to process all MasterCard Transactions in Canada other than any on-board sales. Submission of Transactions and payment from any location must be handled in compliance with all applicable government laws, rules and regulations. Notwithstanding the foregoing, in the event that Member (i) declares the occurrence of a General Triggering Event under subsections (b), (c) or (d) of the definition of a General Triggering Event (as defined in the Exposure Protection Schedule) and (ii) requires as a result thereof that the Aggregate Protection be in an amount greater than [***], then commencing [***] thereafter, Carrier shall not be bound by the exclusivity limitations set forth in the preceding sentence.

(f) **Term**, Section 10 of the Signatory Agreement to each Processing Agreement is amended and restated in its entirety to read as follows:

Section 10. **Term**. This Agreement shall become effective as of the Effective Date and continue in effect until April 1, 2023 (unless earlier terminated pursuant to Section 15 of the MTOS), and shall automatically renew for one term of two years thereafter and thereafter successive terms of one year unless either party provides written notice to the other no later than forty five (45) days prior to the end of the then current term of its determination to terminate this Agreement, in which case the Agreement shall terminate as of the expiration of the then current term.

(g) **MTOS – Credit Card Associations**. The definition of “**Credit Card Associations**” in Section 1.1 of the MTOS attached as Exhibit A to each Processing Agreement is amended and restated in its entirety to read as follows:

**Credit Card Associations** — Visa U.S.A. Inc., Visa International, Inc., MasterCard International Incorporated, the Discover Network, and any other national card association that may in the future be designated by mutual agreement of the Member and Carrier.
(h) **MTOS – Discover Network.** Section 1.1 of the MTOS attached as Exhibit A to each Processing Agreement is amended by inserting the definition of “Discover Network” in appropriate alphabetical order therein, to read in its entirety as follows:

*Discover Network* – The payment network operated and maintained by DFS Services LLC, which network shall include for the avoidance of doubt, Cards bearing the servicemarks of Discover and/or Diners Club International.

(i) **MTOS – Honoring Cards.** Section 3.1(a) of each MTOS attached as Exhibit A [to each Processing Agreement] is amended and restated in its entirety to read as follows:

3.1 (a) In the case of Transactions transacted in U.S. dollars under the Signatory Agreement between Carrier and Member, Carrier may choose to accept (i) only the consumer credit/business credit products of Visa and/or MasterCard and/or the Discover Network; (ii) only the consumer debit/prepaid products of Visa and/or MasterCard and/or the Discover Network; or (iii) both the consumer credit/business credit products and consumer debit/prepaid products of Visa and/or MasterCard and/or the Discover Network. Carrier must indicate in writing its decision to accept a limited category of products at the time of entry into this Agreement. If Carrier chooses to accept only one of the categories of products but later submits a Transaction outside of the selected category, Member is not required to reject the Transaction and Carrier will be charged standard fees and expenses for that category of products. Further, if Carrier chooses a limited acceptance option, it must still honor all international cards presented for payment. If Carrier decides to implement a limited acceptance policy, it shall display appropriate signage to communicate that policy to Cardholders. Except as may be permitted by applicable local law and Operating Regulations, Carrier will not impose a surcharge for purchases made with the Card nor shall Carrier establish minimum or maximum transaction amounts as a condition for honoring Cards.

(j) **MTOS – Security Measures.** Section 3.14(a) of each MTOS attached as Exhibit A to each Processing Agreement is amended and restated in its entirety to read as follows:

(a) Carrier acknowledges that in order to accept and process CNP Transactions, Carrier must (i) implement and adhere to security measures designed to ensure secure transmission of the data provided by the Cardholder in purchasing Travel Costs and effecting payment over the internet as required by the applicable Operating Regulations and applicable requirements of law; (ii) where possible, verify the address of the Cardholder via AVS; (iii) at any time when Carrier participates in Verified by Visa, MasterCard Secure Code, or Discover ProtectBuy requirements, Carrier shall provide to Member the data elements included in such requirements; and (iv) ensure that, to the extent that the Carrier Website is hosted by an ISP, the ISP meets the minimum security measures and technology requirements.
(k) Fee Schedule. The Fee Schedule attached as Schedule 2 to each Processing Agreement is amended and restated in its entirety in the form attached hereto as Exhibit A.

(l) Exposure Protection. The definition of “Required Amount” in the Exposure Protection Schedule attached to each Processing Agreement is amended and restated in its entirety to read as follows:

**Required Amount** – The amount of the Aggregate Protection to be maintained under this Agreement which shall be equal to:

(a) so long as no General Triggering Event or Performance Triggering Event has occurred and is continuing, the Required Amount shall be [***].

(b) if a Performance Triggering Event has occurred and no General Triggering Event has occurred, the Required Amount shall be determined based upon the chart set forth below

<table>
<thead>
<tr>
<th>Unrestricted Cash Amount based upon monthly reporting</th>
<th>Required Amount as a Percentage of Gross Exposure</th>

(c) during the continuance of any General Triggering Event, the Required Amount shall be equal to [***].

3. **Representations and Warranties of Carrier.** Carrier hereby represents and warrants to Members that on and as of the date hereof and after giving effect to this Amendment:

(a) Carrier has the power and legal right and authority to enter into this Amendment and has duly authorized as appropriate the execution and delivery of this Amendment and none of the agreements contained herein contravene or constitute a default under any agreement, instrument or indenture to which Carrier is a party or a signatory or a provision of Carrier’s organizational documents or, to the best of Carrier’s knowledge, any other agreement or requirement of law, or result in the imposition of any lien on any of its property under any agreement binding on or applicable to Carrier or any of its property except, if any, in favor of Members.

(b) Carrier is duly organized and in good standing under the laws of the jurisdiction of its organization and is qualified to do business in each jurisdiction where the nature of its activities or the character of its properties makes such qualification necessary or desirable and the failure to so qualify would have a material adverse effect on the assets or operations of a Carrier.
(c) Upon the effective date of this Amendment, this Amendment and the Processing Agreement, as modified hereby, will constitute the legal, valid and binding obligations of Carrier enforceable in accordance with their terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws affecting the rights of creditors generally, and to the exercise of judicial discretion in accordance with general principles of equity.

4. **Representations and Warranties of Members.** Each Member represents and warrants to Carrier that (i) it has full and complete power and authority to enter into and perform under this Amendment, (ii) it has obtained, and there remain in effect, all necessary licenses, resolutions and filings which are necessary for it to perform its obligations under this Amendment and (iii) upon the effective date of this Amendment, this Amendment and the applicable Processing Agreement, as supplemented and amended hereby, will constitute the legal, valid and binding obligations of the Member enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws affecting the rights of creditors generally, and to the exercise of judicial discretion in accordance with general principles of equity.

5. **Ratification of Processing Agreement; Acknowledgment.** Except as expressly modified under this Amendment, all of the terms, conditions, provisions, agreements, requirements, promises, obligations, duties, covenants and representations of Carrier and Members, respectively, under the applicable Processing Agreement are hereby ratified by Carrier and Members, respectively. All references contained in the applicable Processing Agreement and the Schedules thereto to “Agreement” shall mean the Processing Agreement as supplemented and amended hereby.

6. **Merger and Integration, Superseding Effect.** This Amendment, from and after the date hereof, embodies the entire agreement and understanding between the parties hereto, and supersedes and has merged into it all prior oral and written agreements, on the same subjects by and between the parties hereto with the effect that this Amendment, shall control with respect to the specific subjects hereof and thereof.

7. **Governing Law.** This Amendment shall be governed by and construed in accordance with the laws of the State of Minnesota.

8. **Counterparts.** This Amendment may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed to be an original, and all of which counterparts of this Amendment when taken together, shall constitute one and the same instrument.

CFM PROPRIETARY INFORMATION – SUBJECT TO RESTRICTIONS ON THE FIRST PAGE
THIS RATE PER FLIGHT HOUR AGREEMENT FOR ENGINE SHOP MAINTENANCE SERVICES (this “Service Agreement”) is made this 29th day of August, 2017, (the “Date of Execution”) by and between CFM International, Inc. a (hereinafter referred to as (“CFM”), a corporation organized under the laws of New York, and jointly owned by the General Electric Company, a New York corporation (hereinafter referred to as (“GE”) and SAFRAN Aircraft Engines, a French company (hereinafter referred to as (“SAFRAN”) and Frontier Airlines, Inc., a corporation organized under the laws of Colorado (hereinafter referred to as (“Customer”) having a principal place of business at 7001 Tower Road, Denver, Colorado 80249, United States of America. CFM and Customer are also referred to in this Service Agreement as the “Parties” or individually as a “Party”.

WHEREAS, Customer desires to enter into a service agreement with CFM whereby CFM will perform or cause to be performed the maintenance, repair, and overhaul (“MRO”) of certain CFM56-5B engines operated by Customer and CFM desires to provide such MRO services to Customer; and

WHEREAS, the Parties desire to evidence such agreement as provided below.
NOW THEREFORE, in consideration of the mutual covenants herein contained, the Parties agree as follows:

1  **DEFINITIONS**

   Capitalized terms used in this Service Agreement and not otherwise defined have the meanings set forth in Exhibit A.

2  **SCOPE OF THE SERVICE AGREEMENT**

   This Service Agreement contains the terms and conditions applicable to the sale by CFM and the purchase by Customer of the CFM Service Program.

   CFM will provide the Covered Services on the basis of a combination of a Popular Rate and a Restored Rate per Engine Flight Hour covering each Engine during the Term (as defined below).

   CFM will provide non-Covered Services on a Supplemental Services basis during the Term.

   During the Term of this Service Agreement, CFM shall be the exclusive provider of the CFM Service Program (as outlined in Article 5 herein) and Engine Parts. For clarity of the foregoing exclusivity clause, the Covered Services and Supplemental Services described herein are not intended to include any on-wing maintenance or line maintenance to an Engine, including [***]. Instead, such clause is intended to only apply to Covered Services.

3  **TERM OF THE SERVICE AGREEMENT**

   The Term of this Service Agreement will commence on the first Installed Engine Entry Into Service date (the “Commencement Date”).

   Each Installed Engine will be covered by this Service Agreement for the period beginning on the Engine’s Entry Into Service and ending after a period of [***] for each CFM56-5B3 rated Engine and a period of [***] for any CFM56-5B4 Engine (with respect to each Engine, its “Coverage Period”). The Term for each Engine shall apply based on the Engine thrust at Entry into Service except for the case of the firm Spare Engine #3 to be upgraded to CFM56-5B3 by [***].

   Spare Engines per Exhibit B shall be eligible for Services under this Service Agreement from the date on which each Spare Engine is delivered to Customer by CFM until the date on which the Term expires for the last Installed Engine operated at the as-delivered Spare Engine thrust within its respective Group (I, II, or III).

   This Service Agreement will continue, unless sooner terminated as provided herein, for a period ending on the earlier to occur of the completion of the Coverage Period described above or February 28, 2030 (the “Term”).

4  **ENGINES AND OPERATING PARAMETERS**

   The Engines eligible to be covered by this Service Agreement are defined in Exhibit B. [***].

   The Service Agreement is based on the Engine delivery schedule Engine quantities, operating parameters, the assumption that the Engines will be operated primarily in North America and other listed factors [***].
5 CFM SERVICE PROGRAM

5.1 Covered Services

5.1.1 Qualified Shop Visits

A Qualified Shop Visit is any maintenance or repair of an Engine that cannot be performed on-wing, as determined by CFM, in order to:

a. Correct a deficiency or performance deterioration which has created an Unserviceable condition according to criteria defined in the Aircraft Maintenance Manual ("AMM"), and/or the Fault Isolation Manual ("FIM"), and/or the Troubleshooting Manual ("TSM") and/or CFM Service Bulletins,

b. Comply with an Airworthiness Directive ("AD") issued by the FAA or EASA, which is related to a CFM approved Part or Repair,

c. Install LLP due to Life Expiration. Residual life on LLP shall not be higher than [***]; however, CFM may perform the Qualified Shop Visit sooner than [***] remaining on a case by case basis based on Customer’s operational constraints if appropriate commercial arrangements are agreed to by the Parties in advance of the Engine removal.

d. Comply with a written recommendation of the CFM Program Manager.

e. [***].

The shop visit of an Engine Delivered by Customer against or without the advice and consent of the CFM Program Manager or his delegate (as defined in CFM’s procedures manual) may not be considered a Qualified Shop Visit, and the shop visit may be charged to Customer as Supplemental Services, if after Delivery of the Engine CFM determines the Engine does not qualify for a QSV as set forth in this Service Agreement. CFM shall provide 24x7 support through CFM’s Customer Support Center for providing technical support, trouble shooting and consent by the CFM Program Manager or his delegate (as defined and prescribed in CFM’s procedures manual). Furthermore, for a shop visit to be a Qualified Shop Visit, the Customer must comply with CFM’s and AMM’s recommended on-wing maintenance guides specifically including any requirements for a core water wash program as directed by the CFM Program Manager, and compliance with on-wing maintenance and troubleshooting per CFM’s and the AMM’s written recommendations.

The Covered Services for a Qualified Shop Visit include:

a. All labor, replacement material, material handling charges and any vendor fees required to perform Engine reconditioning and repair to return a Serviceable Engine to Customer,

b. Engine testing, oil and fuel,

c. Incorporation of Airworthiness Directives issued by the AAA which are related to a CFM approved Part or Repair, and CFM published category 1 through 6 Service Bulletins,

d. Inspection, repair and replacement of Life Limited Parts,

e. Removal, visual inspection, repair if non-Serviceable (up to the BER value), and reinstallation of the LRUs set forth in Exhibit F that are removed from the Engine for access reasons,

f. Removal, visual inspection and reinstallation, if serviceable, of neutral Quick Engine Change ("QEC") components,

g. [***],

h. [***],

i. [***]
5.1.2 Transportation

[***]. For avoidance of doubt, risk of loss shall pass in accordance with the definitions of Delivery and Redelivery. Transportation costs for shipment of parts and components during the course of a shop visit are covered by CFM [***].

5.1.3 Engine Management Services and Diagnostic Services

CFM will provide the following diagnostics services:

a. Engine condition data will be automatically processed by diagnostics software 24 hours a Day, 7 Days a week (“24x7”) when received at the designated CFM facility. CFM will be responsible for operating and maintaining the diagnostics software and the necessary facilities. Customer shall have access to the CFM Customer Web Center web-based tools for reviewing Engine condition data and assessing Engine health.

b. Customer Notification Reports (“CNR”) for Engine condition monitoring trend shift observation, including engineering review, analysis, and recommendations will be provided to Customer, as required, on a 24x7 basis.

c. Monthly Engine thrust derate report.

d. Access to diagnostics engineers for Engine diagnostic support and consultation as required.

e. Periodic teleconference to review reports and program status.

f. Weekly Engine health trend summary and analysis reports.

Customer acknowledges and agrees that any such information provided to Customer by CFM for use in troubleshooting and managing operations is advisory only, and that CFM is not responsible for line maintenance or other actions or consequences resulting from such advice, and that Customer is solely responsible for identifying and resolving any aircraft or Engine faults or adverse trends.

5.1.4 Continuous Engine Operational Data

To the extent Customer is not restricted by contract or regulation, Customer shall provide CFM with access to Continuous Engine Operational Data (CEOD) on a monthly basis, unless the Aircraft is modified with wireless/remote data transmission capabilities, in which case Customer agrees to provide CEOD on a daily, weekly, or monthly basis as applicable. CFM agrees to protect CEOD from unauthorized use or unauthorized or accidental disclosure in the exercise of the same degree of care as it employs to protect its own information of a like nature. Subject to the foregoing, any CEOD may be used by CFM, its parent companies and affiliates for internal purposes including: 1) technical fleet and engine analysis, and 2) development of and improvements to CFM products and services, provided that the parent companies and affiliates of CFM are subject to the same confidentiality obligations as CFM. Notwithstanding any provision to the contrary, it is expressly understood and agreed that any Derivative Data generated by CFM is and will remain the property of CFM.
Customer’s failure to provide CEOD, with the exception of mechanical or telecommunication failures outside Customer’s control, may result in denial of a Qualified Shop Visit if in CFM’s opinion such data could have prevented an Engine removal or minimized the Workscope required.

5.1.5 [***]

5.2 Supplemental Services

a) Any and all Services not specifically included as Popular/Restored Rate per Engine Flight Hour Services,
b) Any Services provided for during an Engine shop visit that is not a Qualified Shop Visit.
c) Any service required as a consequence of non-compliance with CFM’s on-wing maintenance and troubleshooting recommendations. [***].
d) Any labor, material, material handling charges to repair or replace any QEC, or any Service Bulletin related to QEC.
e) Any material, material handling charges and any fees associated with the replacement of LRUs (it being agreed that Customer shall have the right to provide new and/or used serviceable parts for installation into the Engine by CFM during any Supplemental Services),
f) Incorporation of Airworthiness Directives issued by the AAA which are related to a non-CFM approved Part or Repair, and CFM published Service Bulletins beyond Category 6 Service Bulletins.
g) Any correction of Major FOD [***],
h) Any labor, material, material handling charges and any fees to repair or replace an out of warranty [***].
i) Any labor, material, material handling charges and any fees associated with upgrade programs or conversion to another thrust rating,
j) Services required as a result of:
   i. An Aircraft Accident or Aircraft Incident,
   ii. An Act of God, military action or terrorist activity, either directly or indirectly,
   iii. Improper or negligent installation, operation, removal, storage or maintenance of an Engine not in conformance with the AMM or CFM manuals unless such improper or negligent act was performed by CFM,
   iv. Experimental test applied to the Engine, unless performed by CFM,
   v. The use of a non-CFM approved LRU, part or repair,
   vi. [***].
   vii. Operations of the Aircraft/Engines not in accordance with the AFM

CFM PROPRIETARY INFORMATION – SUBJECT TO RESTRICTIONS ON THE FIRST PAGE
k) Maintenance or repair of Engine transportation stands and container. Supplemental Services will be charged in accordance with Article 7.2. Customer shall have the right to approve any Supplemental Services, such approval to not be unreasonably delayed, in writing prior to commencement of work.

6 ENGINE SHOP VISIT

6.1 CFM Fulfilment

CFM may, at CFM’s sole discretion, delegate to or purchase from any CFM Designated Repair Station, part or all of any obligation, right or benefit of CFM for the performance of the CFM Service Program in conformance with the Repair Specification.

A CFM Designated Repair Station must be on Customer’s Op Spec before CFM can require that Customer ship an Engine to the Designated Repair Station for repair or maintenance under this Service Agreement. CFM will provide Customer with all reasonably requested information on each Designated Repair Station and allow Customer reasonable access and reasonable time taking into consideration Customer’s operational constraints after CFM requests Customer to add such Designated Repair Station to Customer’s Op Spec) to such facilities to perform its duties as the airline operator certificate holder to add a Designated Repair Station to Customer’s Op Spec.

The CFM Designated Repair Station shall be any of overhaul facilities as set forth in Exhibit H. Customer shall maintain approvals and qualifications at both GE Engine Services and SAFRAN facilities. CFM reserves the right at any time to change the DRS. Should CFM change the DRS, Customer’s obligations under this Service Agreement, including transportation expenses, will be no greater than if such Services were performed at the Original DRS.

6.2 Procedure

a) Customer shall Deliver the Engine to the CFM Designated Repair Station.

b) Customer shall issue a purchase order to CFM and, to the extent CFM accepts the purchase order, which acceptance shall not be unreasonably withheld or delayed, CFM shall process the performance of the Services in accordance with the Customer requirements specified in such purchase order, provided that, in any event, the terms and conditions of this Service Agreement shall take precedence over any terms and conditions set forth on such purchase order.

c) Customer shall provide all applicable Engine records, as required by the AAA or as reasonably requested by CFM, and the shop visit data listed in Exhibit C.

d) Following Delivery of each Engine at the CFM Designated Repair Station, together with the documents described in Paragraphs (b), and (c) above, CFM shall perform a visual inspection of the Engine, including its QEC, and perform or cause to be performed the Induction of the Engine and shall proceed with the Services requested by such purchase order in accordance with Paragraph (b) above.

e) CFM will inform Customer as to whether the shop visit meets the criteria for a Qualified Shop Visit within a commercially reasonable period of time.

f) Upon Delivery, CFM will notify Customer of any components or LRU’s missing from the Engine. CFM will at Customer’s election (a) replace such missing items at Customer’s expense as Supplemental Services, unless (i) Customer notifies CFM in writing within [***] after receiving CFM’s notice that Customer wishes to furnish such missing items; and (ii) Customer delivers such missing items to the CFM Designated Repair Station within [***], or (b) allow Customer to retrieve the Engine with missing items as mutually agreed to by the Parties.
g) CFM shall Redeliver a Serviceable Engine to Customer.

h) CFM will prepare and package the Serviceable Engine in shipping stands or containers provided by Customer at the time of Delivery in accordance with CFM’s standard commercial practices.

i) CFM shall provide Customer with copies of all work records required by AAA as agreed to in writing by CFM and Customer. Such work records shall at a minimum include (i) delivery of a mini pack of records to Customer at the time of return of the Engine to Customer and (ii) delivery to Customer within [***] of the date of the return of the Engine to Customer of the full package of work records.

6.3 Workscope

For each Qualified Shop Visit, CFM will develop a Workscope based on Customer’s Repair Specification, including CFM recommended Service Bulletins for that specific Workscope. CFM shall charge Customer for any additional work requirements requested by Customer, which exceed the Workscope defined by CFM, as Supplemental Services.

LLP Minimum Build will be [***], and any LLP which do not meet such Minimum Build shall be replaced. Each LLP replaced in the Engine as part of Covered Services shall be replaced with a new LLP manufactured by CFM.

Customer acknowledges that CFM does not have information regarding non-CFM approved material and repairs and their design characteristics, manufacturing, material or any potential system effects arising from their use and maintenance. Customer further acknowledges that CFM, as the OEM of the Engine, only has knowledge and expertise on the components and repairs CFM has developed within the whole Engine, taking into account the system effects environment and continued airworthiness support.

Accordingly, Customer recognizes and agrees that CFM is not able to make technical assessments or recommendations with respect to non-CFM approved material and repairs, nor support or maintain such materials or repairs. The terms and conditions of the Services reflected in the present Service Agreement are predicated on CFM’s capabilities as described above.

Non-CFM Parts and Repairs. In the event that non-Type Certificate Holder (“TCH”) approved material or repairs are exposed during the shop visit, CFM will replace, on a Supplemental Services basis, with TCH-approved hardware based on current CFM policies and procedures. Customer will be notified of the disposition. LLP hardware operated with influencing non-TCH materials or repairs per Chapter 5 of the appropriate CFM approved shop manual will be considered influenced by unknown operational conditions and replacement will be made by CFM. Any resulting adverse effects to Engine TAT at the shop will be mutually agreed, and the original TAT (if any) will be increased by the agreed Days. Non-TCH approved material or repairs that are not exposed during a shop visit may remain in an Engine at CFM’s discretion, with prior consultation with Customer. If, however, these and any other Non-TCH approved materials or repairs, or LLP hardware operated with influencing non-TCH materials or repairs, cause an Unserviceable condition or Engine removal, the shop visit will not be considered a Qualified Shop Visit and the costs associated with such events will not be covered by the warranties provided in this Service Agreement.

CFM PROPRIETARY INFORMATION – SUBJECT TO RESTRICTIONS ON THE FIRST PAGE
Engines already qualified for the TRUEngine program that are maintained under this Service Agreement will maintain their TRUEngine status. Other engines added to the Service Agreement will be added to the TRUEngine program upon meeting qualification requirements as the result of Services and inspections performed during this Service Agreement.

CFM may, at its option, propose to Customer the replacement of an Engine with a new or used engine for either program or commercial reasons in lieu of performing a Qualified Shop Visit. Any such replacement engine shall be in a similar or higher configuration as the removed Engine and will enter the Services Agreement as a replacement for the removed Engine. No Reconciliation shall be required.

6.4 Title and Risk of Loss to Parts or Material

CFM furnished parts and material incorporated into an Engine will be deemed to have been sold to Customer and title to such parts and material will pass to Customer upon incorporation into such Engine. Risk of loss or damage to such parts and material will pass to Customer upon Redelivery of the Engine.

For parts replaced under Covered Services or parts replaced by Rotable parts, title to and risk of loss of any parts (including LLP and Repairable parts) removed from the Engine that are replaced by other parts will pass to CFM upon incorporation of replacement parts into the Engine.

For Parts not covered by Rate Per Flight Hour Services (Supplemental Services), Customer shall retain title to any scrapped parts removed from the Engine that are replaced by other parts. Parts shall be held at the CFM DRS for [***] for the Customer to review and/or retrieve. After such period, any Parts not retrieved by Customer shall become CFM property.

6.5 Engine Configuration

Customer shall Deliver the Engine to the CFM Designated Repair Station in a basic engine configuration, equipped with the LRUs listed in Exhibit F. CFM shall Redeliver the Engine in the same basic engine configuration.

In the event an Engine is Delivered with parts or components or QEC equipment in addition to the basic configuration, such Engine shall be Redelivered in the same configuration as Delivered, unless otherwise mutually agreed by the Parties. Any work performed to return such parts or components or QEC equipment in a Serviceable condition will be charged to Customer as Supplemental Services.

CFM may elect to use used Rotable Parts, and/or repaired parts in Serviceable condition in Engines Redelivered to Customer, and such Rotable Parts, and/or repaired parts will be a CFM part of similar configuration as the parts in the Engine Delivered to CFM. Notwithstanding the foregoing, CFM shall not replace any used Rotable Part or repaired part with a part that has more hours or cycles than the replaced part and in each instance Customer must approve the installation of any used Rotable Part or Part to be installed in an Engine.

7 PRICES

7.1 Covered Services Pricing

CFM will charge Customer for the Covered Services:

a. [***]

b. [***]
Using the data provided as per Article 8.1, CFM will determine the average flight leg, annualized utilization, and derate parameters for the previous month for the fleet. The current escalated Popular Rate for the fleet will be adjusted in accordance with the table in Exhibit D, on a monthly basis, depending on the previous month’s actual average operating parameters for the fleet. This rate, multiplied by the total monthly EFH for the fleet will be provided to the Customer in the monthly invoice as per Article 8.1.

In the event that Customer’s actual monthly average operating parameters are outside of the limits provided in Exhibit D, CFM will expand the table in Exhibit D and may adjust the Popular Rate in accordance with Customer’s actual average operating parameters.

Using the data provided as per Article 8.1, CFM will determine the average flight leg, annualized utilization, and derate parameters for the Engine undergoing Services at the time of each Qualified Shop Visit. The Restored Rate shall adjust, as set forth in Exhibit D, for each Qualified Shop Visit depending on the Engine’s actual average operating parameters calculated for the period from Commencement Date, Entry Into Service or the previous Qualified Shop Visit whichever occurs last through the Current Qualified Shop Visit.

In the event that any Customer Engine’s actual average flight leg, annualized utilization, and derate parameters are outside of the limits provided in Exhibit D at a Qualified Shop Visit, CFM will expand the table in Exhibit D and may adjust the Restored Rate.

The Popular and Restored Rates per Engine Flight Hour are predicated on the parameters as defined in Exhibit B, such as delivery schedule, Engine quantities, location of Main Area of Operation and other factors such as [***].

In case of any change in any parameter as defined in Exhibit B such as delivery schedule, Engine quantities, location of Main Area of Operation or other factors such as [***] the above mentioned rates may be adjusted accordingly by CFM.

In order to facilitate implementation and administration of the CFM Service Program, Customer shall promptly provide such data and records on a monthly basis, including but not limited to times since new, cycles since new and average derate for each engine serial number and provide the CFM Program Manager or his delegate reasonable access to such records for inspection or audit.
The Popular Rate and Restored Rate shall escalate on an annual basis in accordance with the formula set forth in Exhibit E.

7.2 Supplemental Services Pricing
CFM will charge Customer for Supplemental Services in accordance with the pricing set forth in Exhibit G. The pricing for Supplemental Services shall escalate on an annual basis in accordance with the formula set forth in Exhibit G.

7.3 [***]
[***]

7.4 Cross Default and Cross Collateralization
Each of the Spare Engines sold to Customer along with the associated lien placed upon each of them and all other obligations required by Customer in this Service Agreement shall be cross collateralized and cross defaulted to each other and to all current and future obligations owed by Customer to any of CFM and/or its affiliates.

8 INVOICING AND PAYMENT TERMS

8.1 Invoicing for Popular and Restored Rate Services
No later than the [***] of each month, Customer will provide to CFM the time since new, cycles since new and average derate for each Engine serial number. CFM will provide Customer an invoice no later than the [***] of the month for the prior month for Services covered under a Popular Rate. In addition, for Services covered and invoiced under a Restored Rate per Article 7.1 above, CFM shall issue a Restored Rate invoice to Customer not later than Engine Induction into DRS at the time of a Qualified Shop Visit.

8.2 Invoicing for Supplemental Services
CFM will invoice Customer for Supplemental Services as follows:

8.2.1 Initial Invoice
CFM will issue an initial invoice to Customer within [***] after Induction of the Engine for [***] of the estimated prices for Supplemental Services.

8.2.2 Final Invoice
Following Redelivery, CFM will issue a final invoice to Customer based on the actual charges to complete the Supplemental Services. Such invoice will be reconciled with the initial invoice and Customer’s payment.

8.3 Payment terms
Customer will pay all invoices, including the initial invoice for Supplemental Services, within [***] from the date of the invoice. Prior to Engine redelivery to Customer all invoices for Supplemental Services issued shall be paid. All payments shall be transmitted electronically to CFM’s bank account as indicated on the invoice. Payment shall be effective upon receipt thereof.

Should Customer fail to make any payment when due, CFM may charge a fee for late payment at a rate equal to the [***]. Payments will be applied to any late payment fees then to the oldest outstanding amounts in order of succession. If Customer fails to make any payment, which is not the subject of a
good faith dispute, when due, and does not cure such failure within [***] of such due date, CFM may terminate or suspend performance of all or any portion of this Service Agreement. In the event Customer’s account becomes delinquent (excluding amounts in good faith dispute with CFM) or Customer’s credit status with CFM negatively changes, different terms of payment or other commercially acceptable assurances of payment may be applied.

In the event of a bona fide dispute regarding any the amount to be paid pursuant to any invoice, or any portion thereof, Customer shall within [***] of receipt of such invoice give written notice to CFM of such disputed invoice, or dispute portion thereof, together with reasonable substantiation of such dispute and any supporting documentation. CFM and Customer shall use their respective best efforts and allocate sufficient resources to resolve such dispute within [***] or as soon as practicable thereafter. In the event the Parties fail to resolve any such dispute within such period, the dispute shall be resolved by designating senior managers to reach a resolution. Upon resolution, CFM shall credit Customer, or Customer shall pay to CFM, as applicable, settled amount of the disputed portion of the invoice within [***]. For clarification, Customer shall be required to pay the undisputed portion of any invoice in accordance with the payment terms for undisputed invoices set forth in this Service Agreement. To the extent Customer complies with the requirements of this Article, CFM shall not charge a fee for late payment, as set forth above, during that period of time such amount is disputed by the Parties.

9 WARRANTY AND LIMITATION OF LIABILITY

For this Article 9, the term “CFM” shall be deemed to include CFM, GE and SAFRAN, the CFM Designated Repair Station and CFM’s subsidiaries, assigns, subcontractors, suppliers, Services providers, and their respective directors, officers, employees, and agents.

9.1 Workmanship Warranties.

9.1.1 Services Warranty

All Services performed under this Service Agreement shall be free from defects in workmanship.

For Engines repaired and Redelivered within [***] preceding expiration of this Service Agreement, if Customer claims a defect in workmanship within either [***], and (a) Customer provides written notice to CFM of such defect within [***] of its discovery, and (b) Customer ships to CFM the part or component which gives rise to the claim to the facility directed by CFM within [***], or, in cases in which shipment is commercially impracticable, makes such part or component reasonably available to CFM’s personnel; and (c) CFM reasonably establishes that Customer’s claim is correct, CFM will provide or cause to provide, at CFM’S option, one of the following:

i. Repair or replacement of the Part(s) affected by such defective workmanship, or

ii. Upon prior written approval from CFM, pay Customer’s reasonable direct costs for such repairs, but in no event shall such costs exceed CFM’s internal costs of repair (unless prior approval is received from CFM), and

iii. Reimburse Customer for transportation expenses reasonably incurred and adequately documented by Customer in connection with the warranty claim.

The warranty period for the repaired or replaced workmanship will be the remainder of the original warranty period.

CFM PROPRIETARY INFORMATION – SUBJECT TO RESTRICTIONS ON THE FIRST PAGE
9.1.2 Conditions and Limitation of Liability

This Services Warranty is applicable only if: the Engine, following Redelivery, (a) has been transported, stored, installed, operated, handled, maintained and repaired in accordance with the then-current CFM recommendations as stated in AMM or CFM manuals, Airworthiness Directives, Service Bulletins or other relevant written instructions; (b) has not been altered, modified or repaired by anyone other than the CFM Designated Repair Station; and (c) has not been subjected to accident, misuse, abuse or neglect.

Any warranty for Engines or parts, LRU’s, components and material thereof, including the design, material or engineering defects of a manufacturer, will be the warranty, if any, of the manufacturer of such Engines or parts, LRU’s, components or material thereof.

The foregoing will constitute the sole remedy of Customer and the sole liability of CFM for defective workmanship relative to the Engines. The liability of CFM connected with or resulting from the Services warranty shall not in any event exceed the cost of correcting the defect as provided above, and, upon the expiration of the shortest period described therein, all such liability will terminate. In no event shall CFM be liable for any special, expectation, consequential, incidental, resultant, indirect, punitive or exemplary damages (including loss of use, loss of profit or loss of revenue in connection with the Engines).

THE SERVICES WARRANTY SET FORTH HEREIN IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND GUARANTEES WHETHER WRITTEN, STATUTORY, ORAL OR IMPLIED (INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE).

9.2 Assignment of Warranties

Customer may not assign the Services warranty without CFM’s prior written consent. However, notwithstanding the foregoing CFM will consent to a Services warranty assignment to Customer’s lessor upon written request, subject to the commercially reasonable terms and conditions of a mutually agreed warranty assignment letter.

9.3 Pre-existing Warranties.

Customer will assure that any requested repair of an Engine, accessory or component that is covered under a third party warranty that is not assigned to CFM will be performed directly by that person at no expense to CFM. Notwithstanding the above, CFM may accept a purchase order for the time and material repair of a warranted item from Customer or the person giving the warranty.

9.4 Superseding Warranties.

During the Term of this Service Agreement, Customer acknowledges that the obligations undertaken by CFM hereunder supersede the warranties, special guarantees, or other commercial obligations undertaken by CFM applicable to the Engines in any other agreement with Customer, including but not limited to, Customer’s General Terms Agreement (“GTA”), as amended from time to time, and any Letter Agreements to the GTA. Customer is no longer eligible for such warranties, special guarantees, or other commercial obligations for the Covered Services which are therefore transferred to CFM, with the exception of:

[***]

Upon any termination of this Service Agreement, any superseded warranties, or special guarantees with remaining life will be restored to Customer.
10 **DELIVERY – REDELIVERY**

10.1 Delivery

All Engines to be Serviced hereunder will be Delivered by Customer to the CFM Designated Repair Station. Customer shall use good faith, commercially reasonable efforts to ship such Engines within [***] following removal from the aircraft at maintenance base locations. Customer will use reasonable efforts to ship within [***] for outstation removals. Customer will not Deliver piece parts or components for repair separate from Customer’s Engine without CFM’s written consent.

10.2 Packaging

Customer is responsible for all packaging, labeling and associated documentation of the Engine at Delivery, in accordance with the International Civil Aviation Organizations (ICAO) Technical Instructions for the Safe Transport of Dangerous Goods by Air, and if the Engine is to be transported over the United States of America, the US Department of Transport Regulations 49 CFR 171-180. If required by applicable law or regulations, Customer will further provide a material safety data sheet to CFM at Delivery of the Engine indicating any substances contained within the Engine to be consigned. Customer will indemnify, defend and hold harmless CFM from all or any claims, liabilities, damages, judgments, costs, penalties, fines and/or any punitive damages imposed, alleged, or assessed by any third party against CFM and caused by and to the extent of Customer’s non-compliance with this Article 10.2.

10.3 Shipping Stands

Customer will provide and maintain all shipping stands, shipping containers, mounting adapters, inlet plugs and covers, required to package the Engine for Delivery and Redelivery.

10.4 Redelivery

After completion of Services, CFM will prepare and package the Engine for Redelivery to Customer and provide a Services records package that complies with AAA regulations.

Redelivery dates are based upon (i) receipt by CFM of all information necessary to permit CFM to proceed with the Services immediately and without interruption; and (ii) Customer’s compliance with the payment terms of this Service Agreement.

In the event Redelivery of an Engine cannot occur due to any act or failure to act by Customer, CFM may place such Engine into storage. In such event, CFM will notify Customer and CFM’s Redelivery obligations will be deemed fulfilled and all risk of loss or damage to the Engine shall pass to Customer on the date of such storage. Any amounts payable to CFM upon Redelivery will be payable thirty (30) Days after the date of CFM’s invoice. Promptly upon receipt of CFM’s invoice, Customer will reimburse CFM for all expenses incurred by CFM, including, but not limited to, preparation for and placement into storage, handling, inspections, preservation and insurance of the Engine. Upon payment of all amounts due hereunder, CFM will assist and cooperate with Customer in the removal of Engine that has been placed in storage.

11 **TURN AROUND TIME**

11.1 Qualified Shop Visits

For Qualified Shop Visits, CFM will exercise reasonable efforts to meet a Turn Around Time of [***]. [***] shall be added to the TAT for Engines received with QEC attached. For Engines removed per a mutually agreed planned removal schedule and provided all of the required Engine documentation has been made available by Customer, CFM will induct the Engines on the planned induction date so long as the Engine is received at the DRS [***] prior to the planned induction date. Any reasonable delay in obtaining Supplemental Services approval shall not count against the TAT requirement.
For Engines requiring only a top case repair during [***], CFM will exercise reasonable efforts to meet a Turn Around Time of [***] and provided all of the required Engine documentation has been made available by Customer, [***] shall be added to the TAT for Engines received with QEC attached.

11.2 CFM may add Days to the TAT as reasonably required for other Supplemental Services. [***] shall be added to the TAT for Engines received with QEC attached.

11.3 TAT Remedy

In the event CFM fails to exercise reasonable efforts to meet the Turn Around Time specified in Article 11.1 for a Qualified Shop Visit due solely to a delay which is not excused pursuant to Article 4, “Excusable Delay” of Exhibit I, and Customer has purchased the required Spare Engines as defined in Exhibit B, then CFM shall [***]:

[***]

The foregoing provisions of this Paragraph 11.3 shall constitute the sole remedy of Customer and the sole liability of CFM with respect to TAT Guarantee under this Service Agreement. [***]

12 ADDITION TO/REMOVAL FROM SERVICE AGREEMENT

12.1 Addition of Engines

Customer and CFM may agree to amend Exhibit B to add Engines to the Service Agreement after the Commencement Date. For each added Engine, Customer will provide information, including, but not limited to, the Engine serial number, aircraft tail number, previous operator, current owner, operating time and flight cycles since new and, if applicable, the operating time and flight cycles since the last shop visit, shop visit reports, historic thrust and derate information and applicable thrust rating. CFM will evaluate the effect on the Rate Per Flight Hour pricing, taking into consideration effects on the fleet size, number of spare Engines covered under this Service Agreement, age and condition of the Engines and other commercial considerations and may adjust the Rate Per Flight Hour pricing accordingly.

12.2 Removal of Engines

Customer may remove Engines from this Service Agreement upon advance written notice, only if Customer is no longer operating the Engines and is no longer responsible for maintenance of the Engines for the following reasons:

a. Bona fide sale or other bona fide transfer to an unaffiliated third party;

b. A return to the lessor; or

c. If the Engine has been determined to be BER.

In all cases of Engine removal, CFM and Customer must mutually agree on which Engine will be removed, unless Customer’s lessor dictates otherwise. Any Engine removal will be subject to the reconciliation provisions set forth below.
Reconciliation

a. If a removed Engine has not undergone a Qualified Shop Visit for Covered Services, CFM shall receive an amount equivalent to [***] of the sum of the Popular Rate payments plus [***] for the Covered Services accrued for such Engine by multiplying the Restored Rate by the EFH incurred by the Engine since the Commencement Date, or since the date that such Engine entered the Service Agreement, whichever occurred last (the “Reconciliation Amount”). CFM will compare this Reconciliation Amount to the Popular Rate payments received for Covered Services, and will either credit or invoice Customer with the difference between such payments and the Reconciliation Amount whenever Popular payments received are higher or lower than the Reconciliation Amount. In case of CFM invoice for such difference, Customer will pay such invoice within [***]. CFM will retain any amounts paid for any Services other than Covered Services.

b. If a removed Engine has undergone at least one Qualified Shop Visit for Covered Services, CFM will calculate the total cumulative charges for all Covered Services, provided for such removed Engine as if such Services were provided on a Supplemental Services basis and the Supplemental Services pricing had applied (“Supplemental Charges”). CFM will then compare such Supplemental Charges to the total cumulative Covered Services payments received from the Customer for such removed Engine, less [***]. If the Supplemental Charges are greater than the total cumulative Covered Services payments received from the Customer, less [***], CFM will invoice Customer for the difference. Customer will pay such invoice within [***] of receipt.

Adjustment of Rate Per Flight Hour Pricing. CFM will evaluate the effect of any Engine’s removal on the Rate Per Flight Hour pricing taking into consideration effects on the fleet size, age and condition of the Engines and may adjust the Rate Per Flight Hour pricing accordingly upon mutual agreement. Any adjusted Rate Per Flight Hour pricing will be incorporated into the Service Agreement by way of amendment and Customer will pay the adjusted Rate Per Flight Hour pricing for all EFH incurred by all Engines that remain covered by the Service Agreement from the date of the Engine removal.

In the event that the Parties do not agree on the adjusted Rate Per Flight Hour pricing within [***], CFM may terminate this Service Agreement upon written notice to Customer.

Maximum Removals. If the number of Engines decreases to less than [***] of the number of Engines, as identified in Exhibit B, at the time of any Engine removal, CFM may terminate this Service Agreement upon written notice to Customer.

12.3 EFH Minimum

The monthly average EFH minimum is the EFH yearly average lowest point on the Price Adjustment Matrix divided by [***] as provided in Exhibit D. CFM will compare the actual fleet average EFH during each calendar quarter with the monthly minimum multiplied by [***]. If the reported actual EFH is less than the EFH minimum, CFM will issue an invoice and Customer will pay CFM the difference multiplied by the applicable adjusted and escalated Popular Rate per EFH. At the time of a Qualified Shop Visit, an Engine removal, or upon termination of this Service Agreement, if an Engine has not undergone a Qualified Shop Visit, CFM will compare the actual total EFH reported for such Engine since new or since the last Qualified Shop Visit with the required minimum EFH. If the reported actual EFH is less than the EFH minimum, CFM will issue an invoice and Customer will pay CFM the difference multiplied by the applicable adjusted and escalated Popular Rate per EFH.

CFM PROPRIETARY INFORMATION – SUBJECT TO RESTRICTIONS ON THE FIRST PAGE
13 COMMUNICATION

CFM will assign a program manager who will be the point of contact for Customer with respect to implementation of the CFM Service Program, (the “CFM Program Manager”).

Customer will also designate a point of contact to communicate with the CFM Program Manager.

The CFM Program Manager will:

a. Draft a Procedures Manual and submit it to Customer for mutual approval;

b. Work with the Customer, on a monthly basis, to develop a Removal Schedule which will identify by serial number the Engine(s) to be removed during the following six (6) month period, the anticipated reason for removal of each, and the schedule for Delivery.

14 GENERAL TERMS AND CONDITIONS

General terms and conditions provided in Exhibit I are an integral part of this Service Agreement.

Counterparts: This Service Agreement may be signed by the Parties in separate counterparts, and any single counterpart or set of counterparts, when signed and delivered to the other Parties shall together constitute one and the same document and be an original Service Agreement for all purposes.
IN WITNESS WHEREOF, the Parties hereto have executed this Service Agreement as of the day, month and the year first above written.

EXHIBIT I: GENERAL TERMS AND CONDITIONS
EXHIBIT A: DEFINITIONS

Capitalized terms used in the recitals and elsewhere in the Service Agreement but not otherwise defined in this Service Agreement will have the following meanings:

“Act of God” – An event that directly and exclusively results from the occurrence of natural causes beyond the reasonable control or prediction of the Parties.

“AMM” – Aircraft Maintenance Manual.

“Aircraft Accident” - An occurrence caused by the operation of an aircraft in which any person suffers a fatal injury or serious injury as a result of being in or upon the aircraft or by direct contact with the aircraft or anything attached to the aircraft, or in which the aircraft receives damage or a third party’s property is damaged in any way.

“Aircraft Incident” - An occurrence, other than an Aircraft Accident, caused by the operation of an aircraft that affects or could affect the safety of operations and that is investigated and reported.

“Airworthiness Directive” or “AD” - A document issued by the AAA having jurisdiction over the Engines, identifying an unsafe condition relating to such Engines and, as appropriate, prescribing inspections and the conditions and limitations, if any, under which the Engines may continue to operate.

“Approved Aviation Authority” or “AAA” - As applicable, the Federal Aviation Administration of the United States (“FAA”) or the European Aviation Safety Authority (“EASA”).

“CFM Designated Repair Station” or “CFM DRS” or “DRS” - The maintenance / repair facilities designated by CFM, which are certified by the AAA to perform the CFM Services Program hereunder and where Services are performed on Engines and which are shown on the attached Exhibit H.

“CFM Service Program” - All off-wing work required on an Engine to restore the Engine to Serviceable condition in accordance with the Repair Specification, the Workscope and the terms of this Service Agreement, including Supplemental Services.

“CLP” - The manufacturer’s Current catalog or manufacturer’s Current list price pertaining to a new Engine or part thereof.

“Continuous Engine Operational Data” or “CEOD” – Information generated by the Quick Access Recorder (QAR), Digital Flight Data Recorder (DFDR), or similar device, related to engine and aircraft flight and performance parameters.

“Covered Services” - The Services described in Article 5.1.
“Current” - As of the time of the applicable Service or determination.

“Day” - Calendar day unless expressly stated otherwise in writing. If performance is due on a public holiday recognized by the CFM DRS, performance will be postponed until the next business day (Monday through Friday).

“Delivery” - The arrival of an Engine together with all applicable records and required data Delivery Duty Paid (“DDP”), International Chamber of Commerce, Incoterms 2010, at the CFM Designated Repair Station, whereby Customer fulfills the obligations of seller and CFM fulfills the obligations of buyer. “Deliver” will mean the act by which Customer accomplishes Delivery.

“Delivery Point” – in the case of Flightline LRU Support, means the CFM Facility located in Villaroche, France.

“Derivative Data” – Data generated from use of CFM products and software, or data created by CFM that is anonymized, aggregated, de-identified or otherwise compiled on a generic basis from CEOD so as to not provide personal identification.

“Dollars” or “U.S. $” - The lawful currency of the United States of America.

“Engine” - Each bare engine assembly or, as applicable, Engine module, which is the subject of this Service Agreement and identified in Exhibit B, including its essential components as described in Exhibit F.

“Engine Flight Hour” or “EFH” - Engine flight hour expressed in hourly increments of aircraft flight from weight off wheels (wheels up) to weight on wheels (wheels down).

“Engine Flight Cycle” or “EFC” is a flight which has a takeoff and landing, or a touch-and-go landing and take-off used to train pilots.

“Entry Into Service” - The date when the Engine is delivered to Customer by the airframer or by CFM, as a New Engine.

“Entry Start Date” – The Engine Entry Into Service date when the Engine is new and will be delivered to Customer after the Commencement Date or the Entry Into Service Date when the Engine is not new and already delivered to Customer.

“Fair Market Value” – means the average of price proposals for a minimum of three equivalent engines. Equivalent means equivalent age, configuration, operating environment and remaining Engine Flight Cycles.

“Foreign Object Damage” or “FOD” - Damage to any portion of the Engine caused by impact with or ingestion of a non-Engine object such as birds, stones, hail, ice, vehicles, tools or debris. FOD may be further classified as a “Major FOD,” which means FOD that causes an out of limit condition per the Aircraft Maintenance Manual, and which, either immediately or over time, requires the Engine to be removed from service or prevents the reinstallation of the Engine.

“Induction” - The date work commences on the Engine at the CFM Designated Repair Station when all of the following have taken place: (i) CFM’s receipt of the Engine and required data, (ii) Parties’ approval of the preliminary Workscope, (iii) CFM’s receipt of an acceptable purchase order, (iv) Parties’ agreement on use of the Customer furnished equipment; and if required, (v) completion of a receiving inspection (including pre-testing if needed).
“Installed Engine” - an Engine originally sold to Customer by the relevant aircraft manufacturer as an engine installed on an aircraft

“Life Limited Part” or “LLP” - One of the parts set forth below, with a limitation on use established by CFM or the AAA, stated in cumulative EFH or cycles:

- Fan Disk
- Booster Spool
- Fan Shaft
- HPC Front Shaft
- Stage 1-2 Compressor Spool
- Stage 4-9 Compressor Spool
- Stage 3 Compressor Disk
- Compressor Discharge Pressure Seal (CDP),
- HPT Front and Rear Shafts,
- HPT Disk,
- HPT Front Air Seal,
- LPT Shaft,
- LPT Conical Support,
- LPT Disks.

“LLP Minimum Build” – The minimum quantity of cycles that every LLP must have at the completion of a Performance Restoration Shop Visit. The LLP Minimum Build shall be the threshold used to determine which LLP are replaced at a Performance Restoration Shop Visit.

“Lease” - the lease between Customer and any Lessor for an Aircraft (including its Engines) or Spare Engine.

[***]

[***]

“Lessor” - any entity or its successor and/or assignee that owns an Aircraft (including its Engines) or Spare Engine that is leased to Customer or any successor operator.

[***]

“Line Replaceable Unit” or “LRU” - A major control or accessory that is mounted on the external portion of an Engine, as listed in Exhibit F.

“Main Area of Operation” – the main area of operation of Customer as outlined in Exhibit B.

“New Engine” - An Engine which has not undergone a shop visit, which has less than one hundred (100) EFH since new and which contains only CFM approved parts and CFM approved repairs.

“On-Site Support” or “OSS” - Has the meaning provided in Article 5.2.1.

“Part” - A part originally sold by CFM.

“Performance Restoration Shop Visit” or “PRSV” – The Services, as determined by the CFM Customer Program Manager, performed during a shop visit in which, at a minimum, any one of the following modules is exposed, disassembled and subsequently refurbished: the high-pressure compressor, or high-pressure turbine, or combustor chamber or stage one low pressure turbine nozzle.

“Core LLP Performance Restoration Shop Visit” or “Core LLP PRSV” means a shop visit which is:
   A) caused by any Core LLP meeting its life limit; OR
   B) any other Qualified Shop Visit where the complete set of Core LLP is within LLP Minimum Build of their life limit

During this Core LLP PRSV, the minimum workscope will be as follows:
   (i) the high pressure compressor, the combustor and the high-pressure turbine modules are exposed, disassembled and subsequently refurbished; and
   (ii) fan, low pressure compressor and LPT module evaluation and cleaning [***] and level 01 of CFM56-5B Maintenance Guide in place at the time of execution of this Amendment.

For clarity, this requirement will not apply in cases where a single component (LLP) is replaced due to a life adjustment or cause. The PRSV will be performed when the full set of LLP has life remaining within the LLP Minimum Build.

“Popular Rate” or “Popular Rate per Engine Flight Hour” – The Popular Rate per Engine Flight Hour provided in Article 7.1.

“Procedures Manual” - A separate document, not part of this Service Agreement, which provides detailed procedures and guidance for the administration of the Service Agreement. In case of conflict between the Procedures Manual and the Service Agreement, the Service Agreement will prevail.

“Qualified Shop Visit” or “QSV” – Has the meaning provided in Article 5.1.1.

“QEC” – Quick Engine Change.

“Rate” or “Rate Per Engine Flight Hour” – The rate for Covered Services or Additional Services as set forth in Article 7.

“Redelivery” - The shipment of a Serviceable Engine with legally required certifications, Ex Works, International Chamber of Commerce, Incoterms 2010, at the CFM Designated Repair Station, whereby Customer fulfills the obligations of buyer and CFM fulfills the obligations of seller. “Redeliver” will mean the act by which CFM completes Redelivery.

“Removal Schedule” - The schedule jointly developed by CFM and Customer for Engine removal off wing for Services or Engine removal from operation.

“Repair Specification” - The Customer repair specification agreed upon by Customer and CFM which establishes the minimum baseline to which an Engine or part thereof will be inspected, repaired, modified, reassembled and tested in accordance with Customer’s maintenance plan that has been approved by the AAA.

“Repairable” - Capable of being made Serviceable.
“Restored Rate per Engine Flight Hour” or “Restored Rate” - The Rate per Engine Flight Hour provided in Article 7.1.

“Rotable Part” - A new or used Serviceable Part drawn from a common pool of Parts used to support one or more customers. A Rotable Part replaces a similar Part removed from an Engine when such removed Part requires repair. In no case shall an LLP be a Rotable Part.

“Scrapped Parts” - Unserviceable parts determined by CFM to be not Repairable per the CFM Manual.

“Service(s)” - With respect to an Engine or part thereof, all or any part of those maintenance, repair and overhaul services provided under this Service Agreement as either Covered Services or Supplemental Services. “Serviced” will be construed accordingly.

“Service Agreement” - This Service Agreement, as the same may be amended or supplemented from time to time, including all its Exhibits.

“Service Bulletin” or “SB” - The document as issued by CFM to notify the operator of modifications, substitution of parts, special inspections, special checks, or conversion of an Engine from one model to another.

“Serviceable” - Meeting AMM and AAA specified standards for airworthiness.

“Spare Engine” - an Engine originally sold to Customer by CFM as a spare engine.

“Supplemental Services” - Those Services provided pursuant to Article 5.3.

“Term” – has the meaning given in Article 3.

“Termination” - The ending of this Service Agreement before the expiration of the Term, as specified in Exhibit I, Article 2 Termination herein below.

“Turn Around Time” or “TAT” - The number of Days from Induction until the Engine is on CFM’s dock ready for Redelivery (as evidenced solely by placement of the Serviceable tag or equivalent governing agency compliance tag, on such Engine) exclusive of any Excusable Delays as defined in Exhibit I, Article 4.

“Unserviceable” - Not meeting all CFM, AMM and AAA specified standards for airworthiness.

“Used Engine” - An Engine which has undergone a shop visit or which has more than one hundred (100) EFH since new.

“Workscope” - has the meaning given in Article 6.3.
EXHIBIT B: ENGINES COVERED AND OPERATIONAL PARAMETERS

The Engines eligible to be covered by this Service Agreement are set forth below. Customer will maintain a spare engine(s) to installed engines ratio of [***], rounded up to the next whole engine, during the term of this Service Agreement.

EXHIBIT D: PRICE ADJUSTMENT MATRIX

When Customer’s actual operating parameters do not equal the values specified in the tables, CFM will calculate severity by performing linear interpolation with the values in the tables that are closest to the actual operating parameters. CFM will apply two-dimensional linear interpolation, as necessary, to the flight leg and derate tables and then between the utilization tables. The resultant severity value will be rounded to four (4) decimal places. The final severity applied will be the product of these severity values rounded to four (4) decimal places.

In the event that Customer’s actual operating parameters are outside the limits provided in the table, the Parties will immediately negotiate an extension to the price adjustment matrix.

EXHIBIT E: ESCALATION

The Rate Per Engine Flight Hour will be adjusted on a yearly basis for fluctuation of the economy as described below:

Year of Operation ("YO") will be identified as a given year of calendar operation. The prices for any YO will be adjusted in accordance with the following formula:

[***]

All Rates are also subject to economic price adjustments on January 1 of each year based upon the cumulative change in these indices with weightings as shown:

CFM PROPRIETARY INFORMATION – SUBJECT TO RESTRICTIONS ON THE FIRST PAGE
ARTICLE 1 – LIMITATION OF LIABILITY AND INDEMNIFICATION

A. **Total Liability.** The total liability of CFM for any and all claims, whether in contract, warranty, tort (including negligence but excluding willful misconduct), product liability, patent infringement or otherwise, for any damages arising out of, connected with or resulting from the Service Agreement or the performance or non-performance of any Service or from the manufacture, sale, Redelivery, resale, repair, overhaul, replacement or use of the Engine or any item or part thereof, will not exceed [***]. [***]

In no event will CFM have any liability hereunder, whether as a result of breach of contract, warranty, tort (including negligence but excluding willful misconduct), product liability, patent liability, or otherwise, for [***]

Consequently, Customer and its insurers waive any recourse against CFM and its insurers for any loss or damage beyond that limit and shall indemnify CFM and hold CFM harmless from any and all liabilities, damages, penalties and expenses arising out of any claim by any person other than CFM beyond such limits.

In the event Customer uses non-CFM parts or non-CFM approved LRU’s, parts or repairs in an Engine and such LRU’s, parts or repairs cause personal injury, death or property damage to third parties, Customer shall indemnify and hold harmless CFM from all claims and liabilities associated therewith. The preceding indemnity shall apply whether or not CFM was provided a right under this Service Agreement to remove such LRU’s, parts or repairs, and irrespective of the exercise by CFM of such right.

B. **Definition.** For the purpose of this Article 1, the term “CFM” is deemed to include CFM and its parent and affiliated companies, the subcontractors and suppliers of any Services furnished hereunder, and the directors, officers, employees, agents and representatives of each.

ARTICLE 2 – TERMINATION

A. **Termination Events.** The Service Agreement may be terminated as follows:

- **Late Payment.** In the event that Customer fails to make payments to CFM within the time periods specified herein, CFM may terminate all or any portion of this Service Agreement upon [***] written notice to Customer, unless Customer cures such failure within such period following receipt of this notice.

- **Insolvency.** Either Party may terminate or suspend performance of all or any portion of this Service Agreement if the other Party: (A) makes any agreement with creditors due to its inability to make timely payments of its debts; (B) enters into bankruptcy or liquidation, whether compulsory or voluntary; (C) becomes insolvent; or (D) becomes subject to the appointment of a receiver of the whole or material part of its assets. If such termination should occur, Customer will not be relieved of its payment obligation for Services provided hereunder.

- **Material Breach.** Either Party may terminate this Service Agreement upon [***] written notice to the other for failure to comply with any material provision of this Service Agreement unless the failure has been cured or the Party in breach has substantially effected all acts required to cure the failure prior to such [***] (except for late payment, as described in Paragraph A.1 above).
• Maximum Removals. If at any time during the Term of this Service Agreement, the number of Engines decreases to less than [***] of the number of Engines listed in Exhibit B, CFM may terminate this Service Agreement immediately upon written notice to Customer.

B. Activity After Termination. In the event the Service Agreement is terminated, the following shall cumulatively apply, in addition to any other right or remedy allowable under this Service Agreement or applicable law:

• Payment for Services Performed. In the event of termination of this Service Agreement for any reason, Customer will pay CFM for all Services or work performed by or caused to be performed by CFM up to the time of such termination under the applicable terms and prices of this Service Agreement including all costs, fees, and charges incurred by CFM in providing support and material under this Service Agreement, including Lease engines.

• Reconciliation. In addition to the above, the terms of the reconciliation under the removal of Engines provisions of Article 12 of the Service Agreement will apply.

• Work in Process, Redelivery of Customer’s Engines. Upon the termination or expiration of this Service Agreement, CFM will complete all work in process in a diligent manner and Redeliver all Engines, parts and related documentation, provided that Customer (a) has paid in full all charges for all such Services and material, plus all costs, fees and penalties, incurred by CFM in providing support, including any Lease engines, and (b) has returned all Lease engines provided under this Service Agreement.

• Other Agreements. Customer’s material breach of this Service Agreement, if not cured hereunder, will, at CFM’s option, be a material breach of all other agreements and contracts between Customer and CFM. In such an event, CFM may: (A) suspend performance under any or all of the other agreements and contracts until a reasonable time after all defaults have been cured; (B) terminate this Service Agreement and any or all other such agreements and contracts; and/or (C) pursue any other remedy with respect to this Service Agreement or the other agreements and contracts which the law permits.

ARTICLE 3 – TAXES

A. Taxes, Duties, or Charges. In addition to the price for the Services, Customer agrees to pay, upon demand, all taxes (including, without limitation, sales, use, excise, turnover or value added taxes), duties, fees, charges or assessments of any nature (but excluding any income taxes) (hereinafter “Taxes”) assessed or levied in connection with performance of this Service Agreement.

B. Reimbursement/Refund. If payment of any such Taxes is made by CFM (or the applicable affiliated company), Customer will reimburse CFM (or the applicable affiliated company) upon demand, such reimbursement including, inter alia, penalties and interests which could have been levied against CFM (or the applicable affiliated company). Customer will use all reasonable efforts to obtain a refund thereof. If all or any part of any such taxes is refunded to CFM, CFM (or the applicable affiliated company) will repay to Customer such part thereof as CFM (or the applicable affiliated company) was refunded.

C. Withholdings. All payments by Customer to CFM (or the applicable affiliated company) under this Service Agreement will be free of all withholdings of any nature whatsoever except to the extent otherwise required by law, and if any such withholding is so required, Customer will pay an additional amount such that after the deduction of all amounts required to be withheld, the net amount received
by CFM (or the applicable affiliated company) will equal the amount that CFM (or the applicable affiliated company) would have received if such withholding had not been required. If the aforementioned mechanism contradicts the law of the United States, the Parties shall amend this Service Agreement in order to increase the respective prices and amounts provided for by this Service Agreement so that the initial prices and amounts are preserved.

ARTICLE 4 – EXCUSABLE DELAY

A. **Excusable Delay.** Either Party will be excused from, and will not be liable for, any delay in performance or failure to perform hereunder (except for the obligation to pay money or credit or debit an account which will not be excused hereunder), and will not be deemed to be in default for any delay in or failure of performance hereunder due to causes beyond its reasonable control. Such causes will be conclusively deemed to include, but not be limited to acts of God, fire, terrorism, war (declared or undeclared), severe weather conditions, earthquakes, epidemics, material shortages, insurrection, acts or omissions of the other Party, any act or omission by any governmental authority, strikes, labor disputes, acts or threats of vandalism or terrorism (including disruption of technology resources), or transportation shortages (each an "Excusable Delay"). The time of performance shall be extended for a period equal to the time lost by reason of delay, including time to overcome the effect of the delay.

B. **Continuing Obligations.** Article 4.A will not, however, relieve either Party from using its commercially reasonable efforts to avoid or remove such causes of delay and continue performance with reasonable dispatch when such causes are removed. During the period of an excusable delay, CFM will have the right to invoice Customer for Services performed.

C. **Extended Delay Termination.** If delay resulting from any of the foregoing causes extends for more than [***] and the Parties have not agreed upon a revised basis for continuing the Services, including any adjustment of the price, then either Party, upon [***] written notice to the other, may terminate the purchase order that covers the delayed Services.

ARTICLE 5 – PATENTS

A. **Claims.** CFM shall handle all claims and defend any suit or proceeding brought against Customer insofar as based on a claim that, without further combination, any material or process used in the repair of any items furnished under this Service Agreement constitutes an infringement of any patent or copyright of France and/or of the United States. This paragraph shall apply only to the extent that such material or process is so used to CFM’s specification.

B. **Liability.** CFM’s liability hereunder is expressly conditioned upon Customer promptly notifying CFM in writing and giving CFM exclusive authority, information and assistance (at CFM’s expense) for the handling, defense or settlement of any claim, suit or proceeding. In case such material or process is held in such claim, suit or proceeding to constitute infringement and the use of said material or process is enjoined, CFM shall, at its own expense and at its option either (1) settle or defend such claim or suit or proceeding arising therefrom, or (2) procure for Customer the right to continue using said material or process in the item repaired under the Service Agreement, or (3) replace same with an item satisfactory and incorporating non-infringing material or process, or (4) modify same so it becomes satisfactory and non-infringing, or (5) refund the repair price applicable to such material or process. CFM shall not be responsible to Customer or to any third party, for incidental or consequential damages, including, but not limited to, costs, expenses, liabilities and/or loss of profits resulting from loss of use under this Article 5.

C. **Indemnification.** The preceding paragraph B shall not apply: (1) to any material or process or part thereof of Customer design or specification, or used at Customer’s direction in any repair under the
Service Agreement, or (2) to the use of any material or process furnished under the Service Agreement in conjunction with any other apparatus, article, material or process. As to any material or process or use described in the preceding sentence, CFM assumes no liability whatsoever for patent or copyright infringement, and Customer shall, in the same manner as CFM is obligated to Customer above, indemnify, defend and hold CFM harmless from and against any claim or liability, including costs and expense in defending any such claim or liability in respect thereto.

D. **Remedy.** THE FOREGOING SHALL CONSTITUTE THE SOLE AND EXCLUSIVE REMEDY OF Customer AND THE SOLE LIABILITY OF CFM FOR PATENT OR COPYRIGHT INFRINGEMENT BY ANY MATERIAL OR PROCESS AND IS SUBJECT TO THE LIMITATION OF LIABILITY SET FORTH IN ARTICLE 1, “LIMITATION OF LIABILITY AND INDEMNIFICATION.” THE PATENT WARRANTY OBLIGATIONS RECITED ABOVE ARE IN LIEU OF ALL OTHER PATENT WARRANTIES WHATSOEVER, WHETHER ORAL, WRITTEN, EXPRESSED, IMPLIED OR STATUTORY (INCLUDING ANY WARRANTY OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE).

**ARTICLE 6 – NON DISCLOSURE**

A. **Non-Disclosure.** Unless the Parties otherwise agree herein or further in writing, any of the terms of the Service Agreement or any knowledge, information or data which the Parties have or may disclose to each other shall be held in confidence and may not be either disclosed or used for any purpose, except:

1. To the extent required by government agencies and courts for official purposes, disclosure may be made to such agencies and courts. In such event, a suitable restrictive legend limiting further disclosure shall be applied.
2. The existence of the Service Agreement and its general purpose only may be stated to others by either of the Parties without approval from the other.
3. CFM may disclose the same to its parents, affiliates, subsidiaries, joint venture participants, engineering service provider, or consultants as needed to perform the Services provided under this Service Agreement.

The preceding clause will not apply to information which (1) is or becomes part of the general public knowledge or literature otherwise than as a result of breach of any confidentiality obligation to CFM, or (2) was, as shown by written records, known to the receiving party prior to receipt from the disclosing Party.

B. **Intellectual Property.** Nothing contained in this Service Agreement will convey to either Party the right to use the trademarks of the other, or convey or grant to Customer any license under any patent owned or controlled by CFM.

**ARTICLE 7 – GOVERNMENTAL AUTHORIZATION & EXPORT SHIPMENT**

Customer shall be the importer and/or exporter of record and shall be responsible for the timely application for, obtaining and maintaining any required authorization, such as export license, import license, exchange permit or any other required governmental authorization relating to the Engine, and shall be responsible for complying with all U.S., French and other foreign regulations and reporting requirements. At Customer’s request and expense, CFM will assist Customer in its application for any required U.S. or French export licenses. CFM will not be liable if any authorization is not renewed or is delayed, denied, revoked or restricted, and Customer will not thereby be relieved of its obligation to pay for Services performed by CFM. All transported Engines will be
subject to (i) the U.S. Export Administration Regulations and/or International Traffic in Arms Regulations and (ii) the French export control regulations. Customer agrees not to dispose of U.S. or French origin items provided by CFM other than in and to the country of ultimate destination and/or as identified in an approved government license or authorization, except as said laws and regulations may permit.

ARTICLE 8 – WAIVER OF IMMUNITY

To the extent that Customer or any of its property is or becomes entitled at any time to any immunity on the grounds of sovereignty or otherwise from any legal action, suit or proceeding, from set-off or counterclaim, from the jurisdiction of any competent court, from service of process, from attachment prior to judgment, from attachment in aid of execution, or from execution prior to judgment, or other legal process in any jurisdiction, Customer hereby irrevocably waives the application of such immunity and particularly, the U.S. Foreign Sovereign Immunities Act, 28 U.S.C. 1602, et. seq., and agrees not to plead or claim, any such immunity with respect to its obligations, liabilities or any other matter under or arising out of or in connection with this Service Agreement or the subject matter hereof. Such agreement shall be irrevocable and not subject to withdrawal in any and all jurisdictions.

ARTICLE 9 – NOTICES

A. Acknowledgement. Any notices under this Service Agreement shall be in writing and be delivered or sent by mail, express/shipping service or electronic transmission to the respective Parties at the following addresses, which may be changed by written notice:

TO:

Frontier Airlines, Inc.  CFM International, Inc.
7001 Tower Road  6440 Aviation Way
Denver, CO 80249  West Chester, Ohio 45069, U.S.A.

Att.: General Counsel  Att.: CFM Services General Manager

B. Effect of Notices. Notices will be effective and will be deemed to have been given to (or “received by”) the recipient: (A) upon delivery, if sent by courier, express mail, or delivered personally; (B) on the next business day following receipt, if sent by facsimile; or (C) on the [***] after posting (or on actual receipt, if earlier) in the case of a letter sent prepaid first class mail.

ARTICLE 10 – LIENS

A. Security Interest. Customer hereby grants to CFM a security interest in all property and proceeds owned by Customer in the possession of CFM or any of CFM’s parents or affiliates at any time (including Customer’s beneficial rights to property leased by Customer to CFM), to secure all amounts owed by Customer to CFM hereunder, and CFM will have all rights of a secured party under the Uniform Commercial Code and applicable law with respect to such property. Customer consents to the filing of financing statements, mechanic’s liens, and similar instruments necessary to perfect CFM’s security interests as required by the UCC, Federal Aviation Administration, and applicable law. Customer will
also exert commercially reasonable efforts to obtain from the owner or mortgagee thereof the grant to CFM or the consent to the grant to CFM, as the case may be, of a security interest, which security interest will be subordinate to prior interests granted by Customer to third parties, in any other property in possession of CFM or any of CFM’s parents or affiliates at any time (including Customer’s beneficial rights to property leased by Customer to CFM), to secure all amounts owed by Customer to CFM hereunder, and CFM will have all rights of a secured party under the Uniform Commercial Code and applicable law with respect to such property. Customer will promptly execute and deliver all documentation, as reasonably requested by CFM, to effect such security rights and any other statutory or common law lien rights under applicable law. Customer shall not grant any security interests or liens in Engines that are junior to those of CFM without CFM’s prior written consent.

B. Other Liens. Customer: (i) acknowledges that CFM has the legal right to assert mechanic’s liens or other statutory or common law liens under applicable law (foreign or domestic) against Engines following performance of Services under this Service Agreement or all other agreements and contracts between CFM and Customer, and (ii) grants to CFM a right of retention on all Engines or Parts owned or leased by Customer in the possession of CFM or any of CFM’s parents or affiliates to secure all amounts owed by Customer to CFM under this Service Agreement or any other related agreement between CFM and Customer. The Parties agree that CFM can assert its right of retention notwithstanding that the Services performed on the particular Engine(s) or Part(s) to be retained have been paid by Customer. CFM will have the rights of a creditor who may avail himself a right of retention under the applicable law and (iii) agrees to supply such information, including name and address of the owner of each Engine, as reasonably requested by CFM to facilitate filing of such liens in New York or any other jurisdiction where Services may be performed. With respect to Engines leased by Customer to CFM, CFM understands that Customer has been authorized and required by the owners to cause Services to be performed. CFM may, at its option, notify the owners of the existence of this Service Agreement and CFM’s lien rights and right of retention arising from performance of Services.

C. Enforcement. If Customer fails to tender any payment owing under this Service Agreement and CFM initiates foreclosure with respect to any Engine, whether pursuant to a security interest granted under this Service Agreement or a mechanic’s lien, then Customer agrees to supply to CFM all records, log books and other documentation pertaining to the maintenance condition of the Engine, and a certificate either (i) certifying that the Engine has not been involved in any Aircraft Accident or Incident or (ii) specifying the date and facts surrounding any Accident or Incident in which the Engine has been involved and the nature and extent of the damage sustained (such records, log books, certificate and other documentation referred to hereinafter as the “Engine Documents”). The Parties recognize that the failure by Customer to deliver the Engine Documents may have a material, adverse effect on the value of any Engine with respect to which foreclosure has been initiated by CFM and the ability of CFM to sell or lease the Engine, and that the damages CFM may sustain as a result are not readily calculable.

ARTICLE 11 – APPLICABLE LAW – DISPUTE RESOLUTION

A. Applicable Law. This Service Agreement shall be construed, interpreted and applied, and the legal relations between the Parties determined, in accordance with the laws of the State of New York (U.S.A. / INC.). The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Service Agreement

Dispute Resolution. If any dispute arises relating to this Service Agreement, the Parties will endeavor to resolve the dispute amicably, including by designating senior managers who will meet and use commercially reasonable efforts to resolve any such dispute. If the Parties’ senior managers do not resolve the dispute within sixty (60) Days of first written request, either Party may request that the dispute be settled and fully and finally determined by binding arbitration, in accordance with the International Chamber of Commerce pursuant to its rules of Conciliation and Arbitration, by one or more
arbitrators appointed in accordance with said rules. The place of arbitration and hearings shall be New York. The arbitration shall be in English and the opinion shall be rendered in English. The arbitration award shall be final and binding by any Party in any court of competent jurisdiction, and shall waive any claim appeal whatsoever against it. The arbitrators will have no authority to award punitive damages or any other damages not measured by the prevailing Party’s actual damages, and may not, in any event, make any ruling, finding or award that does not conform to the terms and conditions of the Service Agreement. All statements made or materials produced in connection with this dispute resolution process and arbitration are confidential and will not be disclosed to any third party except as required by law or subpoena. The Parties intend that the dispute resolution process set forth in this Article will be their exclusive remedy for any dispute arising under or relating to this Service Agreement or its subject matter.

B. Exception. Either Party may at any time, without inconsistency with this Article, seek from a court of competent jurisdiction any equitable, interim or provisional relief to avoid irreparable damage. This Article will not apply to and will not bar litigation regarding claims related to a Party’s proprietary or intellectual property rights, nor will this Article be construed to modify or displace the ability of the Parties to effectuate any termination contemplated in Article 2.

ARTICLE 12 – MISCELLANEOUS

A. Assignment of Agreement. This Service Agreement, any related purchase order or any rights or obligations hereunder may not be assigned, in whole or in part, without the prior written consent of the other Party, except that Customer’s consent will not be required for an assignment by CFM to one of CFM’s parent companies or affiliates. In the event of any such assignment, Customer will be so advised in writing. Any assignment in contradiction of this clause will be considered null and void.

B. Beneficiaries. Except as otherwise expressly provided to the contrary, the rights herein granted and this Service Agreement are for the benefit of the Parties hereto and are not for the benefit of any third person, firm or corporation, except as expressly provided herein with respect to GE and SAFRAN.

C. Survival of Certain Clauses. The rights and obligations of the Parties under the following Articles of this Service Agreement as amended, and related Exhibits shall survive the expiration, termination or completion of this Service Agreement:

- Limitation of Liability and Indemnification
- Taxes
- Patents
- Non Disclosure
- Governmental Authorization & Export Shipment
- Waiver of Immunity
- Applicable Law – Dispute Resolution
- Miscellaneous

D. General Rules of Contract Interpretation. Article and paragraph headings contained in this Service Agreement are inserted for convenience of reference only and do not limit, affect or restrict in any way the meaning and the interpretation of this Service Agreement. Words used in the singular shall have a comparable meaning when used in the plural and vice versa, unless the contrary intention appears. Words such as “hereunder”, “hereof” and “herein” and other words beginning with “here” refer to the whole of this Service Agreement, including amendments. References to Articles, Sections, Paragraphs or Exhibits will refer to the specified Article, Section, Paragraph or Exhibit of this Service Agreement unless otherwise specified.
E. **Language.** The English language will be used in the interpretation and performance of this Service Agreement. All correspondence and documentation arising out of or connected with this Service Agreement and any related purchase order(s), including Engine records and Engine logs, will be in the English language.

F. **Severability.** The invalidity or unenforceability of any part or provision of this Service Agreement, or the invalidity of its application to a specific situation or circumstance, shall not affect the validity legality and enforceability of the remainder of this Service Agreement, or its application to other situations or circumstances. In addition, if a part of this Service Agreement becomes invalid, the Parties will endeavor in good faith to reach agreement on a replacement provision that will reflect, as nearly as possible, the intent of the original provision.

G. **Non-Waiver.** Any failure or delay in the exercise of rights or remedies hereunder will not operate to waive or impair such rights or remedies. Any waiver given will not be construed to require future or further waivers.

H. **Currency Judgment.** This is an international transaction in which the specification of United States Dollars is of the essence. No payments required to be made under this Service Agreement will be discharged by payments in any currency other than United States Dollars, whether pursuant to a judgment, arbitration award or otherwise.

I. **No Agency Fees.** Customer represents and warrants that no officer, employee, representative or agent of Customer has been or will be paid a fee or otherwise has received or will receive any personal compensation or consideration by or from CFM in connection with the obtaining, arranging or negotiation of this Service Agreement or other documents entered into or executed in connection herewith.

J. **No Agency.** Nothing in this Service Agreement will be interpreted or construed to create a partnership, agency or joint venture between CFM and Customer.

K. **Titles/Subtitles.** The titles and subtitles given to the sections of the Service Agreement are for convenience. They do not limit or restrict the context of the article or section to which they relate.

L. **Entire Agreement; Modification.** This Service Agreement, together with its Exhibits and any amendment (or Letter Agreement relating hereto, if any), contains and constitutes the entire understanding and agreement between the Parties respecting the subject matter hereof, and supersedes and cancels all previous negotiations, pre-existing agreements, commitments and writing in connection herewith. This Service Agreement may not be released, discharged, abandoned, supplemented, modified or waived, in whole or in part, in any manner, orally or otherwise, except by a writing of concurrent or subsequent date signed and delivered by a duly authorized officer or representative of each of the Parties hereto making specific reference to this Service Agreement and the provisions hereof being released, discharged, abandoned, supplemented, modified or waived.

M. **Counterparts.** This Service Agreement may be executed in one or more counterparts, all of which counterparts will be treated as the same binding agreement, which will be effective as of the date set forth on the first page hereof, upon execution by both Parties and delivery by each Party hereto to the other Party of one or more such counterparts.
This Amendment No. 1 (this “Amendment”) to the CFM Rate per Flight Hour Agreement No. 1-2494673211 (the “Service Agreement”) is made and entered into this 29th day of August, 2017 to be effective as of September 9, 2016 (the “Effective Date”), by and between CFM International, Inc. (“CFM”) and Frontier Airlines, Inc. (“AIRLINE”) (CFM and AIRLINE being hereinafter collectively referred to as the “Parties”). Capitalized terms used and not otherwise defined herein shall have the meanings as set forth in the Service Agreement.

WHEREAS, the Parties entered into the Service Agreement dated October 17, 2011 whereby CFM provides Engine shop maintenance and other services to support maintenance and overhauls of the CFM LEAP-1A Engines listed on Exhibit B thereto;

WHEREAS, the Parties entered into the Assignment, Assumption, and Amendment Agreement dated November 5th, 2013 whereby Republic Airways Holdings Inc. (“Republic”) assigned its rights and obligations under the Service Agreement to AIRLINE;

WHEREAS, the Entry Into Service by AIRLINE of the first Engine (Spare Engine bearing ESN 598-139) occurred on September 1, 2016; and

WHEREAS, the Parties desire to amend the Service Agreement as provided below.

NOW THEREFORE, in consideration of the mutual covenants herein contained and other valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties agree as follows:

1. The Service Agreement is amended as follows:
   (A) All references in the Service Agreement to “CFM-LEAPX” engines shall be deleted and replaced with “LEAP-1A” engines.
   (B) Article 2 (Scope of the Service Agreement) is deleted and replaced in its entirety with the following:

   “This Service Agreement contains the terms and conditions applicable to the sale by CFM and the purchase by AIRLINE of the CFM Service Program.

   The Engines covered by this Service Agreement are defined in Article 4 and Exhibit B.

   CFM, CFM56 and the CFM logo are trademarks of CFM International, a 50/50 joint company between Sncma (Safran group) and GE.”
CFM will provide Covered Services for the Engines during the Term of this Service Agreement.

During the Term of this Service Agreement, CFM shall be the exclusive provider of (i) the portions of the CFM Service Program outlined in Article 5 herein and (ii) Engine Parts. For clarity of the foregoing exclusivity clause, the Covered Services and Supplemental Services described in Article 5 are not intended to include any on-wing maintenance or line maintenance to an Engine, including Engine top case repairs performed while the Engine is on-wing or off-wing at AIRLINE facility. [***]

Article 3 (Term of the Service Agreement) is deleted and replaced in its entirety with the following:

“This Service Agreement will commence on the date of execution of this Service Agreement (the “Commencement Date”). Each Engine which is (i) owned by AIRLINE, (ii) leased by AIRLINE for a term of [***], or (iii) leased by AIRLINE and [***], will be covered by this Service Agreement for the period beginning on the date of its Entry Into Service and ending [***] thereafter or after the Engine undergoes a Core LLP PRSV, whichever occurs later, but in no case to exceed [***] from EIS (the “Term”). Notwithstanding the preceding sentence, (i) each Engine which is leased by AIRLINE for a term of less than [***] will cease to be covered by this Service Agreement upon AIRLINE removing such Engine from this Service Agreement pursuant to Subsections (a), (b) or (c) of the first paragraph titled “Removal of Engines” of Article 12.2 and/or Article 15, and (ii) any replacement engine which shall be added to this Service Agreement pursuant to Article 12.1 and is designated by AIRLINE in a notice to CFM to replace an Engine which is removed from coverage pursuant to Subsections (a), (b) or (c) of the first paragraph titled “Removal of Engines” of Article 12.2, shall continue to be covered for the remaining part of the Term with the same terms and conditions applicable for the removed Engine.

For the Engines delivered with the first [***] as listed in Exhibit B which are each subject to a Lease Term of [***], if any such Engine is not projected to undergo a Core LLP PRSV by the time of Lease Return and [***]. For such Core LLP PRSV, AIRLINE will pay the Restored Rate for the Engine Flight Hours since new or the last Qualified Shop Visit at the time of the shop visit plus the Popular Rate and the Restored Rate for the remaining EFH until Core LLP life limit minus [***] using the EFH/EFC incurred on such Engine at the time of the shop visit. (Example: If the Engine is inducted at [***], Core LLP life limit is [***], and average EFH/EFC incurred is [***]. AIRLINE will pay CFM the Restored Rate since last Qualified Shop Visit or since new, plus the additional sum of [***].)
After the Commencement Date, this Service Agreement will continue unless sooner terminated, until the end of coverage of all Engines hereunder pursuant to the Term; however, for clarity, it is acknowledged that AIRLINE’s obligations hereunder with respect to an Engine shall terminate upon AIRLINE removing such Engine from this Service Agreement pursuant to subsections (a), (b) or (c) of the first paragraph titled “Removal of Engines” of Article 12.2 or [***] as detailed in Article 15.”

(D) The first four words of the Section of Article 5.1.1 entitled “Qualified Shop Visits” are deleted and replaced in their entirety with the following:

“A Qualified Shop Visit (where appropriate or required herein, may be a PRSV or Core LLP PRSV)”

(E) The Section titled “Qualified Shop Visits” of Subsections (c) of Article 5.1.1 is deleted and replaced in its entirety with the following:

c. “Install Core LLP due to life expiration, subject to the provisions of the second paragraph of Article 3, or”

(F) The following subsection (e) is added to Article 5.1.1 “Qualified Shop Visits” as follows:

“e. Correct an Unserviceable condition(s) resulting from [***].”

(G) The Section titled “The Covered Services for a Qualified Shop Visit Include”, Subsection (d) of Article 5.1.1 is deleted and replaced in its entirety with the following:

“d. Inspection, repair and replacement of (i) any LLP for condition cause (not life limit) and (ii) Core LLP due to life limit expiration or failure to be within the LLP Minimum Build standard set forth in paragraph 2 of Article 6.3,”

(H) The following subsection (h) is added to the end of Article 5.1.1 “The Covered Services for a Qualified Shop Visit Include”:

“h. All labor, material (excluding LLP replaced only for life limit), handling charges and any vendor fees required to repair an Unserviceable condition resulting from [***].”

(I) Article 5.2(b) (Supplemental Services) is deleted and replaced in its entirety with the following:

“(b) Replacement of fan module LLP and LPT module LLP due to life limit with new Parts.”
The second Paragraph of Article 6.3 (Workscope) is deleted and replaced with the following new paragraphs:

“All LLP replaced as CFM performs any Covered Services shall be replaced with new Parts.

The LLP Minimum Build will be [***] of LLP life remaining, and any LLP which do not meet such LLP Minimum Build shall be replaced with new Parts.”

Article 7.1 (Covered Services Pricing) is deleted in its entirety and replaced with the following:

“CFM will charge AIRLINE for the Covered Services on LEAP-1A24/26 Engines (per Exhibit B) as follows:

a. [***]
b. [***]

<table>
<thead>
<tr>
<th>Covered Services Rate per Engine (LEAP-1A24/26 per Exhibit B)</th>
<th>Rate per EFH [***]</th>
</tr>
</thead>
<tbody>
<tr>
<td>Popular Rate</td>
<td>[***]</td>
</tr>
<tr>
<td>Restored Rate</td>
<td>[***]</td>
</tr>
</tbody>
</table>

The Popular Rate and the Restored Rate shall be adjusted over time as follows:

The Popular Rate shall adjust, as set forth in Exhibit D, on a monthly basis depending on the previous month’s actual average operating parameters.

The Popular Rate and the Restored Rate per Engine Flight Hour are predicated on the operating parameters and delivery schedule set forth in Exhibit B, except in cases where there are delays in the delivery schedule caused solely by CFM. In case of change in delivery schedule not caused solely by CFM, the above Parties will negotiate in good faith to adjust the mentioned rates accordingly.

The Restored Rate shall adjust, as set forth in Exhibit D, after each Qualified Shop Visit depending on the Engine’s actual average operating parameters calculated for the period from Entry Into Service or the previous Qualified Shop Visit through the Current Qualified Shop Visit.
In the event that AIRLINE’s actual monthly average operating parameters or actual average operating parameters are outside of the limits provided in Exhibit D, CFM will adjust the Popular Rate and/or the Restored Rate in accordance with AIRLINE’s actual monthly average operating parameters or actual average operating parameters, as applicable, per the tables contained in Exhibit D.

In order to facilitate implementation and administration of the CFM Service Program, AIRLINE shall promptly provide data and records as reasonably requested by the CFM Program Manager and provide the CFM Program Manager or his designee copies of such records for inspection or audit.

The Popular Rate and Restored Rate shall each escalate on an annual basis in accordance with the escalation formula set forth in Exhibit E. With respect to the annual escalation of the Popular Rate and Restored Rate CFM agrees to [***]. AIRLINE shall have the right to approve in advance of the work being performed and in writing all work scopes and charges for Supplemental Services.

(L) Article 7.3 (Cross Default and Cross Collateralization) is amended by adding the following sentence immediately after the end thereof:

“[***].”

(M) Article 12.1 (Addition of Engines) is deleted in its entirety and replaced with the following:

“AIRLINE and CFM may agree to amend Exhibit B to add Engines to this Service Agreement after the Commencement Date. For each added Engine, AIRLINE will provide CFM information, including, but not limited to, the Engine serial number, aircraft tail number, previous operator, current owner, operating time and flight cycles since new and, if applicable, the operating time and flight cycles since the last shop visit, shop visit reports, historic thrust and derate information and applicable thrust rating. CFM will evaluate the effect of the proposed Engine on the Rate Per Flight Hour pricing, taking into consideration effects on the fleet size, age and condition of the Engines and other commercial considerations and may propose a reasonable adjustment.”

CFM Proprietary Page 5

to the Rate Per Flight Hour pricing accordingly. For avoidance of doubt, such proposed Engine shall not be added to this Service Agreement pursuant to this paragraph unless the Engine and the proposed adjustment to the Rate Per Flight Hour pricing are mutually agreed to by the parties.

In situations where (i) there is an operational need to substitute an Engine, (ii) an Engine substitution is required under a Lease or loan agreement of AIRLINE, or (iii) AIRLINE elects to purchase or lease a new Aircraft equipped with LEAP-1A engines that is not listed on Exhibit B, CFM shall amend Exhibit B to add any such Engine identified by AIRLINE to this Service Agreement as provided in this paragraph. For each such Engine that AIRLINE contemplates adding to this Service Agreement, AIRLINE will provide CFM information on the Engine, including, but not limited to, the engine serial number, aircraft tail number, previous operator (if applicable), current owner, operating time and flight cycles since new and the operating time and flight cycles since the last shop visit, shop visit reports, historic thrust and derate information and applicable thrust rating. After receiving such information CFM will promptly notify AIRLINE of the Rate Per Flight Hour pricing that will be applicable for such added engine, which, (i) if new shall have the same Rate Per Flight Hour as a new Engine scheduled to be added to this Service Agreement at that time and, (ii) if used, shall be subject to reasonable pricing as determined in the preceding paragraph. After receiving such Rate Per Flight Hour pricing from CFM for the proposed Engine AIRLINE may elect to add the Engine to this Service Agreement with such pricing by giving CFM written notice of such addition, in which case CFM and AIRLINE shall amend Exhibit B to reflect such addition. In any case where an Engine is removed from this Service Agreement, has had at least [***] at the time of such removal, and is replaced with an added replacement Engine, no reconciliation payment shall be owed to CFM pursuant to Article 12.

In the event that AIRLINE orders additional CFM powered A320NEO aircraft, CFM shall have a right of first offer ("ROFO") to propose Covered Services at pricing and terms to be agreed between the Parties. Under the ROFO, AIRLINE shall provide CFM with written notice of its intent to purchase additional CFM powered A320NEO aircraft, with the intent that the two Parties will negotiate in good faith to reach agreement on terms within [***] of this notification. The ROFO will remain in place for CFM powered A320NEO aircraft ordered through [***].

Any time during the term of this Service Agreement that an Engine is added to or removed from coverage for AIRLINE pursuant to the terms of this Agreement, the Parties shall add an addendum to Exhibit B to reflect and track such change.
Article 12.3 (EFH Minimum) is deleted in its entirety and replaced with the following:

“The monthly average EFH minimum for Engines on wing in AIRLINE’s fleet is [***]. CFM will compare the actual fleet average EFH for on-wing Engines in AIRLINE’s fleet during each calendar quarter with the monthly minimum multiplied by [***]. If the fleet average EFH for on-wing Engines in AIRLINE’s fleet is less than the EFH minimum, CFM will issue an invoice and AIRLINE will pay CFM the difference multiplied by the applicable adjusted and escalated Popular Rate per EFH. At the time of a Qualified Shop Visit, an Engine removal, or upon termination of this Service Agreement, if an Engine has not undergone a Qualified Shop Visit, CFM will compare the actual total EFH reported for such Engine since new or since the last Qualified Shop Visit with the required minimum EFH. If the reported actual EFH is less than the EFH minimum, CFM will issue an invoice and AIRLINE will pay CFM the difference multiplied by the applicable adjusted and escalated Popular Rate per EFH. For clarity, where any Engines continue to be covered pursuant to [***], Parties shall mutually agree, in CFM’s Procedures Manual, on the methodology for EFH fleet average calculations for any first partial calendar month.”

The following new Article 15 entitled “[***]” is added immediately following Article 14 (General Terms and Conditions):

“15.2 CFM agrees to [***]

b. [***]
c. [***]
d. [***]
e. [***]
f. [***]

The following new Article 16 entitled “Continuous Engine Operational Data” is added immediately following Article 15 (Assignments to Lessors):

“To the extent AIRLINE is not restricted by contract or regulation, AIRLINE shall provide CFM with access to Continuous Engine Operational Data (CEOD) on a monthly basis, unless the Aircraft is modified with wireless/remote data transmission capabilities, in which case AIRLINE agrees to provide CEOD on a daily, weekly, or monthly basis as applicable. CFM agrees to protect CEOD from unauthorized use or unauthorized or accidental disclosure in by the exercise of the same degree of care as it employs to protect its own information of a like nature. Subject to the foregoing, any CEOD may be used by CFM, its parent companies and affiliates for internal purposes including: 1) technical fleet and engine analysis, and 2) development of and
improvements to CFM products and services, provided that the parent companies and affiliates of CFM are subject to the same 
confidentially obligations as CFM. Notwithstanding any provision to the contrary, it is expressly understood and agreed that any 
Derivative Data generated by CFM is and will remain the property of CFM.

AIRLINE’s failure to provide CEOD, with the exception of mechanical or telecommunication failures outside AIRLINE’s control, may 
result in denial of a Qualified Shop Visit if in CFM’s opinion such data could have prevented an Engine removal or minimized the 
Workscope required.”

(Q) Exhibit A (Definitions) is amended as set forth below.
The following new defined terms are each added in alphabetical order:

“Aircraft”—any aircraft on which Engines are mounted.

“Core LLP PRSV” means a Qualified Shop Visit which is:

A) caused by the Core LLP meeting its life limit; OR

B) any other Qualified Shop Visit where Core LLP is within LLP Minimum Build of their life limit.

During this Core LLP PRSV, the minimum workscope will be as follows:

(i) the high-pressure compressor, the combustor and the high-pressure turbine modules are exposed, disassembled and 
subsequently refurbished in accordance with the LEAP-1A Maintenance Guide; and

(ii) fan, low pressure compressor and LPT module evaluation and cleaning [***] and level 01 of LEAP-1A Maintenance Guide.

For clarity, this requirement will not apply in cases where a single component (LLP) is replaced due to a life adjustment or cause.

“Core Module LLP” or “Core LLP”—the Core LLP described in the attached Exhibit J.

“Lease”—the lease between AIRLINE and any Lessor for an Aircraft (including its Engines) or Spare Engine.
“Lease Return”—means the date on or after the expiration of the initial [***] Lease term upon which the redelivery certificate for the applicable Aircraft with two (2) installed Engines is executed by AIRLINE and Lessor.

“Lessor”—any entity or its successor and/or assignee that owns an Aircraft (including its Engines) or Spare Engine that is leased to AIRLINE or any successor operator.

“LPT”—low pressure turbine.

“Program Manager”—the individual(s) designated by CFM to manage the Services provided under this Agreement on behalf of CFM.

“Lease Return Restored Rate Payment”—has the meaning given in Article 15(h).

“Spare Engine”—an Engine that is owned or leased by AIRLINE to be used in support of Airline’s fleet of Aircraft for use as a Spare Engine when another Engine in such fleet is removed due to damage or for repair.

[***]

The following defined terms shall replace the current corresponding defined terms contained in Exhibit A (Definitions):

“Part”—a part originally sold or manufactured by CFM or produced on behalf of CFM.

“Performance Restoration Shop Visit” or “PRSV”—the Services performed by CFM hereunder during a shop visit in which, at a minimum, any one of the following modules is exposed, disassembled, and subsequently refurbished: the high-pressure compressor, or high-pressure turbine, or combustor chamber.

(R) Exhibit B (Engines Delivery and Operating Parameters) is deleted and replaced in its entirety with the new Exhibit B attached hereto.

(S) Exhibit D (Price Adjustment Matrix) is deleted and replaced in its entirety with the new Exhibit D attached hereto.

(T) Exhibit E is amended by deleting and replacing the phrase “($2010 condition)” with “($2016 condition)” and Exhibit E-1 is deleted in its entirety.

(U) Exhibit F is deleted and replaced in its entirety with the new Exhibit F attached hereto.
In the Section of Exhibit G entitled “Supplemental Services Pricing – Annual Adjustment” the date “2010” is deleted and replaced with “2016” and the date “2011” is deleted and replaced with “2017”. Additionally, the Fixed Price Labor Schedule of Exhibit G is deleted and replaced in its entirety with the new Fixed Price Labor Schedule attached hereto as Exhibit G.

The attached Exhibit J (Core Module LLP) is added immediately following Exhibit I.

2. Except as set forth herein, the terms and conditions set forth in the Service Agreement shall continue in full force and effect and remain unchanged. The obligations set forth in this Amendment are in addition to the obligations set forth in the Service Agreement. In the event of inconsistency between the terms of this Amendment and the terms of the Service Agreement, the terms of this Amendment shall take precedence. Except as otherwise provided by the terms and conditions hereof, this Amendment contains the entire agreement of the Parties with respect to the subject matter hereof and supersedes any previous understandings, commitments, or representations whatsoever, whether oral or written, related to the subject matter of this Amendment.

3. This amendment may be signed by the Parties in separate counterparts, and any single counterpart or set of counterparts, when signed and delivered to the other Parties shall together constitute one and the same document and be an original Service Agreement for all purposes.

IN WITNESS WHEREOF, the Parties have executed this Amendment effective as of the Effective Date.

IN WITNESS WHEREOF, the Parties have executed this Amendment effective as of the Effective Date.
EXHIBIT B: ENGINES COVERED AND OPERATIONAL PARAMETERS

The Engines covered by this Service Agreement are set forth below. The delivery schedules are subject to change. AIRLINE will maintain a Spare Engine(s) to installed Engines ratio of [***], rounded up to the next whole Engine, during the term of this Service Agreement.

For clarity, any LEAP-1A engines not specifically listed above (as such list may be modified by written agreement of the Parties from time to time) are not covered by this Service Agreement.

**Installed Engines and Installed Spare Engines Operating Parameters:**

[***]
EXHIBIT D: PRICE ADJUSTMENT MATRIX

When AIRLINE’s actual operating parameters do not equal the values specified in the tables, CFM will calculate severity by performing linear interpolation with the values in the tables that are closest to the actual operating parameters. CFM will apply two-dimensional linear interpolation, as necessary, to the flight leg and derate tables and then between the utilization tables. The resultant severity value will be rounded to four (4) decimal places. The final severity applied will be the product of these severity values rounded to four (4) decimal places.

In the event that AIRLINE’s actual operating parameters are outside the limits provided in the table, the Parties will immediately negotiate an extension to the matrix.

i
This CODESHARE AGREEMENT (this “Agreement”), dated as of January 16, 2018, is between Frontier Airlines, Inc. ("Frontier"), a corporation organized under the laws of Colorado, having its principal place of business at 4545 Airport Way, Denver, Colorado, 80239 United States of America, and Concesionaria Vuela Compañía de Aviación, S.A.P.I. de C.V. ("Volaris"), a company organized under the laws of Mexico having its principal office at Antonio Dovalí Jaime No. 70, Torre B, Piso 13, Colonia Zedec Santa Fe, 01210, Álvaro Obregón, Ciudad de México, México, each of Frontier or Volaris may be referred to as a “Party” and may collectively be referred to as the “Parties” or as the “Carriers”.

WHEREAS, the Carriers desire to enter into a Codeshare arrangement with respect to scheduled passenger air transportation services operated over one or more city pair routes served by the Carriers. This Agreement will improve the ability of the Carriers to market and sell enhanced air transportation services to increase traffic on the aircraft operated by both Carriers and to increase the quality and quantity of air service available to the traveling public.

NOW, THEREFORE, in consideration of the mutual covenants and promises in this Agreement, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, Frontier and Volaris hereby agree as follows:

1. DEFINITIONS
   1.1 Capitalized terms used in this Agreement have the meaning ascribed to them in Schedule A.

2. CODESHARE OPERATIONS
   2.1 The Parties shall mutually designate certain flights on which the Parties shall Codeshare. Additions or changes to Codeshare Routes will be agreed upon pursuant to procedures contained in the Codeshare Procedures Manual, and shall not require amendment of this Agreement.

   2.2 The Parties shall use commercially reasonable efforts to coordinate their service schedules, consistent with Applicable Law, to maximize the convenience and minimize the waiting time of passengers making connections between the Codeshare Flights and other flights operated by the Parties. However, each Party retains the right to determine its own schedule and to add or remove capacity in any market at its absolute and sole discretion.

   2.3 To the extent reasonably practicable, each Party will notify the other of any proposed schedule changes for Codeshare Flights.

   2.4 Each Party shall ensure that the identity of the Operating Carrier shall clearly appear in all of its schedule publications in accordance with Applicable Law.
3. CUSTOMER SERVICE AND REGULATORY STANDARDS

3.1 Coordination of customer service will be addressed in the Codeshare Procedures Manual, which is incorporated into this Agreement by reference.

3.2 Subject to Applicable Law, the Conditions of Carriage of the Marketing Carrier, including its limits of liability to passengers, shall govern the transportation of Codeshare Passengers, and the Conditions of Carriage of the Operating Carrier, including its limits of liability to passengers, shall apply to those passengers traveling on the Codeshare Flights under the Code of the Operating Carrier. Prior to the implementation of Codesharing, the Carriers will use commercially reasonable efforts to identify any material discrepancies between their respective Conditions of Carriage and use commercially reasonable efforts to develop procedures to minimize potential service inconvenience or disruption to Codeshare Passengers due to such discrepancies. Notwithstanding anything in this Section 3.2, the liability of the Parties to each other with respect to passenger claims and customer service shall be detailed in the Codeshare Procedures Manual.

3.3 The Operating Carrier shall have sole responsibility for and control over its operations, and the Marketing Carrier shall have no responsibility for, or control over, any aspect of the operations of the Operating Carrier.

3.4 Each Carrier, whether in its capacity as Marketing Carrier or Operating Carrier, shall provide the same standard of airport and in-flight services to Codeshare Passengers as it provides to its non-Codeshare Passengers traveling in the same or comparable class of service. Inventory classification, loyalty program category, customer service standards, general passenger service procedures, and policies for the Codeshare Flights, including baggage services, will be developed by the Parties during the codeshare implementation, and will be incorporated into the Codeshare Procedures Manual.

3.5 The Carriers agree to cooperate, to the extent feasible and subject to compliance with Applicable Law, to ensure harmonization of their respective security and emergency response policies and procedures and to incorporate them into a separate document entitled “Emergency Response Coordination”.

3.6 Each Carrier agrees to notify the other Carrier of irregularities involving its operation of a Codeshare Flight in accordance within the Codeshare Procedures Manual.

4. IMPLEMENTATION EXPENSE

4.1 Each Party shall bear its own costs and expenses of performance under this Agreement, including, without limitation, costs and expenses associated with the following:

a) [***]

2
4.2 Each Party shall retain all right, title and interest in systems, software, signage, equipment and facilities funded by it. Ownership of jointly funded items shall be determined by the Parties in advance of each specific project, and agreed to in writing.

5. INVENTORY CONTROL AND PROCEDURES

5.1 Subject to Applicable Law and the rights of each Party to manage its seat inventory, including the seat inventory on the operational flights of any other airline(s) that the Party has access to, the Parties agree to use commercially reasonable efforts to pursue the best solution to maintain the integrity of the Operating Carrier’s inventory system and not compromise the Marketing Carrier’s ability to sell its product. Accordingly, the Parties agree to use commercially reasonable efforts to implement the following initiatives:

a) establish seamless availability and direct sell links between their respective ARS.

b) establish the ability to make advance seat assignments on each other’s flights. Each of the Parties further agrees to expend such amounts as may be reasonably required on mutually agreed systems development, as agreed in advance. To the extent the Parties disagree about which Party’s system should be modified to make it more compatible with the other Party’s system, the Parties agree to continue to work together to use commercially reasonable efforts to modify their systems.

c) Notwithstanding the above, detailed procedures for implementing and maintaining seat inventory access will be developed by the Parties during the codeshare implementation and will be incorporated into the Codeshare Procedures Manual.

5.2 The Operating Carrier will, subject to the remaining provisions of this paragraph and Section 5.1, determine, independently and at its sole discretion the number of seats on its flights (including flights it operates as Codeshare Flights) that will be made available by it in a particular reservation booking designator, provided that the Operating Carrier does not discriminate against the Marketing Carrier vis-à-vis other air carriers with respect to inventory access. [***]

5.3 Each Carrier shall be free to establish fares and rates independently, subject to the provisions of the applicable air transport agreements between the United States and Mexico, provided, however, that each Carrier agrees, when acting as the Marketing Carrier, to make commercially reasonable efforts to observe the following guidelines with respect to the fares filed by the Marketing Carrier for the Codeshare Services operated by the Operating Carrier (including, if such codesharing is implemented, its Affiliates). The term “fares” (as used in this Section 5.3) shall be the published fare inclusive of all fare rules and incentives, if any.
The Marketing Carrier is not obligated to file the same number of fares for sale as the Operating Carrier, although the fares it does file must substantially follow the guidelines below:

i. On city-pair routes in which the Marketing Carrier offers no service, the Marketing Carrier may only sell seats on the Operating Carrier’s Codeshare Services [***];

ii. On city-pair routes operated on a nonstop basis by both Parties or their respective Operating Affiliates, the Marketing Carrier’s fares for Codeshare itineraries will be [***];

iii. On city-pair routes where the Operating Carrier or its Affiliates operates nonstop service and the Marketing Carrier operates connecting service and does not offer nonstop service, the Marketing Carrier may only sell seats on the Operating Carrier’s nonstop service [***];

iv. On city-pair routes where the Marketing Carrier on a one-stop connecting service also operates its own non stop service, the fares of the Marketing Carrier for Codeshare itineraries will be [***].

v. Nothing in this Agreement shall prevent either Carrier from [***]. Except for the guidelines set forth above, each Party shall independently set fares and incentives, in accordance with and subject to all applicable laws.

5.4 While the Parties may independently consider schedule and route changes to maximize Codeshare Passengers and revenues and to maximize the convenience and minimize the waiting time of Codeshare Passengers making connections between Codeshare Flights and other flights operated by the Carriers, neither Carrier will be obligated to operate any specific flights or service schedules and each Carrier retains the right to determine the service schedules of its own flights in its absolute and sole discretion.

5.5 Either Carrier shall be entitled, in its sole and absolute discretion, to suspend or cancel service to a market then served by it [***].

6. MARKETING AND PRODUCT DISPLAY

6.1 The Codeshare Flights with respect to passengers traveling under the Code of the Marketing Carrier will be marketed and promoted by the Marketing Carrier. Each Party shall ensure that its respective advertising and promotions comply with all applicable governmental laws, rules and regulations of any applicable Competent Authority. The Marketing Carrier shall comply with 14 C.F.R. Parts 257 and 258, and any
other applicable rules regarding the disclosure and holding out of Codeshare Flights provided for herein in the jurisdiction where such rules apply. The Marketing Carrier shall disclose, to the extent required by Applicable Law, through industry-approved schedule and selling mechanisms, to consumers, travel agents and others selling the Codeshare Flights, as well as through any advertising, point-of-sale disclosures, and any other appropriate means: (a) that the flight is a Codeshare Flight, (b) the corporate name of the Operating Carrier and any other name under which the service is held out to the public, (c) the type of aircraft being flown, and (d) if there is a change of gauge in the aircraft. Such information shall be given before a reservation is made and in any event at the earliest reasonable opportunity and before the passenger arrives at the airport, in each case in accordance with Applicable Law. In addition, each Party shall use commercially reasonable efforts to implement procedures to disclose the identity of the Operating Carrier and the appropriate departure and arrival terminal at the earliest possible opportunity and in particular at the point of sale.

6.2 The Marketing Carrier shall identify the Codeshare Flights, in accordance with Applicable Law, in CRS, Reservations Systems and other sources of airline schedule information using the Marketing Carrier’s Code. Any costs incurred for the publication of Marketing Flights or connections to and from such flights in Airline Guides, CRS, Reservation Systems and other sources of airline schedule information shall be borne by the Marketing Carrier. Each Party shall include the Codeshare Flights in its Reservations Systems.

6.3 Unless otherwise agreed by the Parties and set forth in the Codeshare Procedures Manual, the Marketing Carrier shall file its standard schedule data for the Codeshare Flights in such Codeshare Route using the traffic restriction code “Y” or “O” (or any successor code), in order to suppress the display of the Marketing Carrier’s Codeshare Flights on Codeshare Routes (i.e., the Marketing Carrier’s Codeshare Flights on such route will be limited to passengers connecting online to another flight operated by the Marketing Carrier or its Affiliate) or as mutually agreed by the Parties.

6.4 Unless otherwise agreed, all information and advertising materials produced with the aim of promoting the Codeshare Flights shall clearly identify both Parties. All joint advertising and promotion of the Codeshare Flights shall be subject to prior agreement between the Parties and the costs of such joint advertising and promotion shall be shared based on prior agreement.

6.5 Each Party may use its own flight number in referencing the Codeshare Flights except that only the Operating Carrier’s flight number shall be used in actual flight operations (e.g., for air traffic control purposes).

7. TRAFFIC DOCUMENT ISSUANCE AND FINANCIAL SETTLEMENT

7.1 The Carriers agree that ticket revenue shall be prorated using the [***] as described in Schedule B.
7.2 The Carriers agree that [***] shall be prorated using the [***] as described in Schedule B.

7.3 The Marketing Carrier will retain [***].

7.4 The Operating Carrier will retain [***].

7.5 Settlement between the Carriers will occur [***], within [***] after the reconciliation process has been completed for such month. Invoices to Frontier shall be sent to the following address:

[***]

7.6 [***].

7.7 Differences that may appear after the billing process has completed shall be rectified by written correspondence or a meeting between the revenue accounting groups of each Party. The Parties shall attempt in good faith to resolve such differences through such correspondence or meetings. Any differences which cannot be so resolved shall be handled in accordance with Section 20.2.

7.8 All payments effectuated between the Carriers pursuant to this Agreement shall be paid exclusively in immediately available United States of America dollars, and any reference to fares hereunder shall be assumed to be fares established in such currency.

7.9 Reconciliation of already flown segments shall be made during the [***] after the fly month. If either of the Parties sell a Codeshare Flight in a different currency than United States of America dollars, the Carrier will use the exchange rate of the [***] of the official bank institution of each country (for Volaris, in the case of Mexican Pesos, at the exchange rate published by [***]; for Frontier, at the exchange rate published by the [***]) in order to pay to the other party in United States of America dollars.

7.10 Payments shall be made through a wire transfer, or by any other reasonable method requested by a Party, as permitted by Applicable Law:

Volaris bank account details:

[***]

Frontier bank account details:

[***]

7.11 Passenger and ancillary revenue payments between the Parties will not generate invoices as the Parties will directly invoice such passengers.
7.12  [***] The Parties will mutually cooperate with any investigation regarding fraud based transactions, as set forth more fully in the Codeshare Procedures Manual.

8. COMMUNICATIONS FACILITIES

8.1 The Parties acknowledge the importance of maintaining functional and accurate communications identifying the Operating Carrier and the Marketing Carrier, as appropriate, to facilitate passenger convenience and to avoid passenger confusion at airports served by the Codeshare Flights. The Parties shall cooperate on the placement of such communications, subject to the approval of the relevant airport authorities.

9. TRAINING

9.1 Except as otherwise agreed, each Party shall provide or arrange, at its own cost and expense, all initial and recurring training of its personnel to facilitate the Codeshare Flights and operations at airports served by the Codeshare Flights, including reservations and sales activities, and in-flight service involving the Codeshare Flights, all as mutually agreed.

9.2 The Parties may share any training materials (except trade secrets, confidential information, and legal advice) developed to support the Codeshare Flights. All intellectual property or similar rights to any materials exchanged shall remain with the Party that originally developed such materials.

10. SECURITY

10.1 Each Party will be responsible for its own security, nevertheless, the Parties shall cooperate in matters of security procedures, requirements, and obligations at all airports served by the Codeshare Flights.

10.2 The Operating Carrier reserves the right to apply the provisions of its own security programs to the carriage of all passengers, baggage and cargo on board the Codeshare Flights, but shall, at a minimum, comply with the standards set forth by the applicable Competent Authorities and be reasonably acceptable to the Marketing Carrier, with the understanding that safety and security are of the utmost importance to both Carriers. Such provisions may include any then applicable procedures used for [***].

10.3 The Carrier that originates the customer travel on Codeshare Flights (provides all boarding passes and checks the customer luggage to their final destination) shall assure that the customer is properly documented for entry into the destination country and properly documented for any transit points en route. Any fines, penalties, deportation and detention expenses resulting from violations of government entry or transit requirements, even for passengers that willfully engage in illegal entry tactics, shall be the sole responsibility of the Carrier that originates the customer travel and such Party shall indemnify the other Party in accordance with Section 17.2 hereof as if it were the Operating Carrier for such purpose.

7
10.4 The Operating Carrier of the first local leg of a Codeshare Passenger’s Codeshare Flight shall ensure that (a) its employees are appropriately trained to check that the customer has all valid documentation (passport, visa, certificate, etc.) and (b) its employees carry out such checks.

10.5 In the event that upon arrival at the connecting airport, a Codeshare Passenger does not have the appropriate documentation to continue the Codeshare Flight on the transborder leg, the Operating Carrier of the initial leg is responsible for any costs associated with the return of the Codeshare Passenger to the originating airport, and shall indemnify the other Party for any such costs and fines in accordance with Section 17.

11. SAFETY AND MAINTENANCE

11.1 The Operating Carrier has operational control of the aircraft and final authority and responsibility concerning the operations and safety of the aircraft and its passengers, including Codeshare Passengers. The Operating Carrier shall employ the same high standards of safety, security and loss prevention policies on the Codeshare Flights as on its own flights, but in no event less than those that comply with Applicable Law. The Parties agree that in case of a major accident or emergency as defined in each of the Parties’ Mutual Aid Expectation Agreement, the Operating Carrier shall immediately contact the Marketing Carrier, and shall share information as required by the Parties’ Mutual Aid Expectation Agreement.

11.2 The Operating Carrier shall have sole responsibility for the maintenance of its leased and owned aircraft, and for other equipment used in connection with the Codeshare Flights. Maintenance of such aircraft and equipment must, at a minimum, comply with the standards imposed by the relevant aeronautical authorities.

11.3 Each Party represents and warrants that [***].

11.4 Each Party represents and warrants that [***].

11.5 Safety Audits - During the Term:
   a) each Carrier shall permit the other Carrier, [***] prior written notice, to conduct [***] required by the other Carrier’s regulatory requirements or otherwise, and to confirm compliance by that Carrier with its representation and warranty set forth in Section 11.2;
   b) the reviewing Carrier does not assume any liability for any aspect of the other Carrier’s safety standards [***]
   c) if the Carrier being audited has not, at the time of the audit, successfully undergone [***].

11.6 Operations Audits - During the Term:
   a) each Carrier shall permit the other Carrier, not more than [***], at its own expense and upon [***] prior written notice, to conduct a review of its operations including but not limited to the operation of Codeshare Flights, safety, security and service procedures;
   b) the review shall be restricted to what is reasonably related to the Codeshare Flights and may be conducted at such intervals as the Carriers agree, provided that the review does not unreasonably disrupt the operations of the Carrier being reviewed; and
   c) the reviewing Carrier does not assume any liability for any aspect of the Operating Carrier’s operations as a result of performing the review but will promptly share the results with the Operating Carrier.

12. INTENTIONALLY DELETED

13. TRADEMARKS AND CORPORATE IDENTIFICATION

13.1 Neither Party hereto shall use any of the other Party’s Licensed Marks in any marketing, advertising or promotional collateral, including without limitation credit card and telecom solicitations, except where each specific use has been approved in advance in writing and executed by the other Party. When such approval is granted, each Party shall comply with any and all conditions that the other Party may impose to protect the use of any of that Party’s Licensed Marks.
13.2 Except as expressly provided herein, no right, property, license, permission or interest of any kind in the use of any Licensed Marks of a Party or its respective Affiliates is intended to be given to or acquired by the other Party, its agents, servants or other employees by the execution or performance of this Agreement.

13.3 Each Party agrees that all advertising and promotional materials bearing the Licensed Marks of the other Party in relation to air transportation services contemplated by this Agreement shall meet the quality and presentation standards as set forth by the Party owning the relevant Licensed Mark.

13.4 Each Party has sole discretion to determine the acceptability of both the quality and presentation of advertising and promotional materials using its Licensed Marks.

13.5 Each Party is responsible for providing to its own authorized agents and airport locations the agreed promotional materials bearing the Licensed Marks.

13.6 Notwithstanding the limitations of this Section 13, each Party may use the other Party’s Licensed Marks for purposes of complying with 14 C.F.R. Part 257 (U.S. DOT Airline Designator Code Sharing Policy) or any comparable regulations imposed by the Competent Authorities, without prior approval.

14. REPRESENTATIONS AND WARRANTIES

14.1 Each Party hereby represents and warrants to the best of its knowledge and belief to the other as follows:

a) It is a duly incorporated and validly existing corporation, in good standing under the laws of its jurisdiction of incorporation; is an air carrier duly authorized to act as such by the government of its country of incorporation; and has the requisite corporate power and authority to enter into and perform its obligations under this Agreement. The execution, delivery, and performance of this Agreement by it have been duly authorized by all necessary corporate action. This Agreement has been duly executed and delivered by it, and, assuming due authorization, execution, and delivery by the other Party hereto, this Agreement constitutes its legal, valid, and binding obligation, enforceable against it in accordance with its terms, except to the extent that enforceability may be limited or modified by the effect of bankruptcy, insolvency or other similar laws affecting creditors’ rights generally, and the application of general principles of equity and public policy.

b) The execution, delivery or performance by it of this Agreement, shall not: (i) contravene, conflict with or cause a default under (A) any Applicable Law, rule or regulation binding on it, or (B) any provision of its charter, certificate of incorporation, bylaws or other documents of corporate governance.
14.2 Each of the foregoing representations and warranties shall survive the execution and delivery of this Agreement.

15. REQUIRED APPROVALS

15.1 The Codeshare Flights shall not commence until all Required Approvals are received. Each Party shall use all commercially reasonable efforts to obtain such Required Approvals. As soon as is reasonably practical after this Agreement is signed by both Parties, each Carrier will apply for the Required Approvals from each Competent Authority necessary to implement this Agreement, in accordance with the corresponding administrative procedures and providing for the necessary information requested by the relevant authorities, without prejudice to the necessary assurances of keeping sensitive information confidential.

15.2 Each Carrier will cooperate with the other Carrier and provide to each other such reasonable assistance as is required in applying for Required Approvals and provide the necessary legal assistance with each other’s application and any procedural follow-up.

15.3 If either or both Parties fail to obtain the Required Approvals required to operate the Codeshare Routes within [***] of seeking approval of such services, then neither Party shall be obligated to implement the provisions of this Agreement and, this Agreement may be terminated in its entirety by either Party upon written notice to the other.

15.4 Each Party shall immediately provide the other Party with copies of any correspondence or notices it receives from any Competent Authority with respect to the Codeshare Routes, Codeshare Flights or this Agreement, including with respect to the airworthiness of the aircraft used for the Codeshare Flights or noncompliance by the Operating Carrier with operational, training or safety rules and procedures.

16. TERM

16.1 This Agreement shall become effective on the date written above (“Effective Date”) and shall continue for a period of three (3) years from the Effective date. This Agreement will automatically renew for successive one (1) year periods unless otherwise terminated as provided herein. Either Party may withhold consent to renewal of this Agreement by providing written notice at least [***] prior to the end of the new renewal period.

16.2 Notwithstanding the foregoing, either Party may terminate this Agreement after one year from the date of the first operated Codeshare Flight by providing written notice at least [***] prior to the proposed termination date.
16.3 In addition to any other termination rights provided herein, this Agreement may be terminated as follows:
   a) by the non-breaching Party upon the breach of a material term, covenant, representation or warranty of this Agreement (other than a breach of a payment obligation under Section 7 of this Agreement or the failure to otherwise pay any sums due pursuant to this Agreement), including a failure to comply with any material obligations and procedures as mutually agreed during the implementation of codesharing, provided that the non-breaching Party must provide the breaching Party with prior written notice describing the alleged breach, and [***] in which to cure such breach.
   b) by the non-breaching Party upon the breach of a payment obligation under Section 7 of this Agreement or the failure to otherwise pay any undisputed sums due to the non-breaching Party pursuant to this Agreement by the breaching Party, after the non-breaching Party provides the breaching Party with at least [***] prior written notice describing, with as much particularity as practical, the alleged breach, and the breaching Party does not, [***] following receipt of such notice, correct such breach; or
   c) an Insolvency Event in respect of the other Party;

16.4 Throughout the term of this Agreement, either Party has the right to suspend, or partially suspend, performance of this Agreement immediately by giving written notice to the other Party in the event that:
   a) [***]
   b) [***]
   c) the other Party is not in compliance with Sections 11.3 or 11.4 of this Agreement

16.5 Throughout the Term, the Marketing Carrier has the right to [***].

16.6 If a Party suspends this Agreement pursuant to Sections 16.4 or 16.5, as soon as the reason for the suspension no longer exists it shall notify the other Party and this Agreement will recommence [***] after the date of notice under the same terms and conditions, or under amended terms and conditions in accordance with Section 30. A Party that suspends this Agreement pursuant to this Section may at any time during the suspension terminate this Agreement by giving notice in writing to the other Party after [***] of suspension. If this Agreement is suspended or terminated pursuant to Section 1.3, 16.4 or 16.5, Sections 16.7 and 16.8 shall apply.

16.7 If a Force Majeure Event is in effect for a period longer than [***], either Party may terminate this Agreement by providing the other Party with [***] prior written notice so that the earliest termination that may occur under this Section is [***] from the Force Majeure Event.
16.8 In the event of termination of this Agreement, the Marketing Carrier shall take all reasonable actions to confirm and preserve reservations on the Operating Carrier for passengers scheduled to be traveling on Marketing Carrier reservations and, as applicable, endorse or otherwise modify or reissue such reservations to permit use on the Operating Carrier. The Operating Carrier shall accept passengers traveling on such reservations as if such reservations had been booked through the Operating Carrier but giving effect to the revenue settlement methodology provided in Section 7 of this Agreement.

16.9 In the event that this Agreement is terminated by the Operating Carrier pursuant to the terms of this Agreement, [***].

17. INDEMNIFICATION

17.1 The Party that is the Operating Carrier (or whose Affiliate is the Operating Carrier) shall indemnify, defend, and hold harmless the Marketing Carrier and its Affiliates and their respective directors, officers, employees and agents (each individually a, or collectively the, “Marketing Carrier Indemnified Party”) from and against any and all Claims and Losses arising out of, caused by, or occurring in connection with (or alleged to arise out of, be caused by, or be occurring in connection with) any of the following:

a) [***]
b) [***]
c) [***]
d) [***]
e) [***]
f) [***]

PROVIDED THAT, the Operating Carrier shall not be required to indemnify any Marketing Carrier Indemnified Party to the extent of any liability caused by or arising from the actions of the Marketing Carrier Indemnified Party.

17.2 Subject to the indemnities provided in Section 17.1 (a), and without prejudice to any other written agreement or arrangement of either Party to indemnify the other Party, the Party that is the Marketing Carrier (or whose Affiliate is the Marketing Carrier) shall indemnify, defend, and hold harmless the Operating Carrier and its Affiliates and their respective directors, officers, employees, and agents (each individually a, or collectively the, “Operating Carrier Indemnified Party”) from and any and all Claims or Losses arising out of, caused by, or occurring in connection with (or alleged to arise out of, be caused by, or occurring in connection with) any of the following:
17.3 A Party (the “Indemnified Party”) that believes it is entitled to indemnification from the other Party (the “Indemnifying Party”) pursuant

to the terms of this Agreement with respect to a third-party Claim shall provide the Indemnifying Party with written notice (an

“Indemnification Notice”) of such Claim as soon as possible (provided, however, that the failure to give such notice shall not relieve the

Indemnifying Party of its obligations hereunder except to the extent that such failure is materially prejudicial to the Indemnifying

Party), and the Indemnifying Party shall be entitled, at its own cost and expense and by its own legal advisors, to control the defense of

or to settle any such Claim. If the Indemnifying Party fails to take any action against the third-party Claim that is the subject of an

Indemnification Notice [***] of receiving such Indemnification Notice, or otherwise contests its obligation to indemnify the

Indemnified Party in connection therewith. the Indemnified Party may, upon providing prior written notice to, but without the further

consent of, the Indemnifying Party settle or defend against such third-party Claim for the account, and at the expense of the

Indemnifying Party.

17.4 Each Party further agrees to indemnify, defend and hold harmless the other Party from and against any and all Taxes (as defined in

Schedule A), or assessments, as the case may be, levied upon or advanced by the Indemnified Party, but that ultimately the

Indemnifying Party would be responsible for paying, which resulted from any transaction or activity contemplated by this Agreement.

17.5 The rights and obligations of the Parties under this Section 17 shall survive the Termination Date or expiration of this Agreement.

18. INSURANCE

18.1 Each Carrier shall procure and maintain in full force and effect during the term of this Agreement in line with best industry practice for

comparable operators and shall be through such brokers and with such insurers of recognized standing in the London and/or New York

markets and having such deductibles and subject to such exclusions as customary in the international aviation insurance markets for

comparable operators and equipment, of the type and in the amounts listed below:
a) Airline Aviation Third Party Legal Liability in respect of all operations, including but not limited to aircraft (owned and non-owned) liability (including risks of hijacking, war and other perils), passenger and crew baggage and personal effects, funeral and repatriation expenses, all reasonable expenses arising out of the Family Assistance Act (United States) and/or similar regulations applying elsewhere in the world, cargo, mail, hangar keepers, general liability, or its equivalent including premises, personal injury and products and completed operations. This insurance [***], and shall (i) name the Marketing Carrier and the Marketing Carrier Indemnified Parties as additional insureds to the extent of the protections afforded the Marketing Carrier under the indemnity specified in Section 17.1, (ii) [***] (iii) contain a reference to this Agreement, and (iv) the Operating Carrier’s policy or policies shall be amended as soon as practicable to comply with Applicable Law having jurisdiction over aircraft operated by the Operating Carrier.

b) The Operating Carrier shall maintain a combined single limit of liability of not less than USD [***] for A319/A320/A321 and/or any other narrow body aircraft per any one occurrence for each aircraft and USD [***] for any widebody aircraft per any one occurrence for each aircraft, including bodily injury, death, personal injury, property damage, passenger legal liability and war and other perils combined, over all coverages and in the aggregate as applicable, but (i) personal injury limited to USD [***] per offense and in the annual aggregate except with respect to passengers, and (ii) for war risk and other perils, maintain limits of not less than USD [***] for A319/A320/A321 and/or any other narrow body aircraft and USD [***] for widebody aircraft, which may be subject to an annual aggregate limit; provided, however, that in the event that the Operating Carrier at any time during the term of this Agreement purchases or maintains such insurance in an amount greater than the amounts stated in this section 18.1(b), the Marketing Carrier shall have the benefit of such limits.

c) Hull all risk insurance, including war risk, hijacking and other perils, and such policy shall include a waiver of subrogation in favor of the Marketing Carrier Indemnified Party to the extent of the indemnity specified in Section 17.1.

18.2 Each Party shall provide the other Party with certificates of insurance evidencing such coverage, no less than [***] prior to the commencement of the first Codeshare Flight, and thereafter within [***] of the date of any renewal of such coverage. The certificates must indicate that the above coverage shall not be canceled or materially altered without [***] advance written notice to the other Party and that the other Party shall be notified of any or renewal of such coverage. The notice period in respect of war and other perils coverage shall be [***] or such lesser period as is or may be available in accordance with policy conditions.
19. **TAXES**

19.1 Each Party shall be responsible for any net or gross income or franchise taxes (or taxes of a similar nature) on the revenues or income or any measure thereof which is attributable to it in connection with the sale of air transportation pursuant to this Agreement.

19.2 The Party that acts as the Marketing Carrier in respect of any particular transaction shall collect, except as otherwise prohibited by law, all Sales Taxes relating to sold or travel documents issued by it with respect to air transport pursuant to this Agreement. The Parties hereby agree as follows:

a) The Marketing Carrier shall collect, report and remit to the taxation authorities any non-interlineal Sales Taxes levied in connection with sales of the Codeshare Flights.

b) The Marketing Carrier shall collect any interlineal Sales Taxes levied in connection with the sales of the Codeshare Flights. If the Marketing Carrier is a third-party, the Operating Carrier shall report and issue a debit invoice to the Marketing Carrier for all such interlineal Sales Taxes levied in connection with the sales of the Codeshare Flights. Operating Carrier shall remit to taxation authorities all such interlineal Sales Taxes.

c) The Operating Carrier may bill the Marketing Carrier for any Sales Taxes due or payable on or measured by passenger enplanement and payable or remittable by the Operating Carrier or the Marketing Carrier that should have been collected at the time of sale or travel document issue by the Marketing Carrier.

19.3 If the Marketing Carrier is prohibited by law from collecting certain Sales Taxes in the country where reservations are sold or where travel documents are issued, then the Marketing Carrier is relieved from collecting only to the extent such Sales Taxes are so prohibited by law, the Marketing Carrier shall notify, or if the Marketing Carrier is not the Marketing Carrier, the Marketing Carrier shall cause the Marketing Carrier to notify, the Operating Carrier (i) no later than the date of this Agreement with regard to any such laws existing as of such date, and (ii) within [***] of the enactment of any such laws after the date of this Agreement, which Sales Taxes it is prohibited from collecting and render reasonable assistance to the Operating Carrier so that procedures can be implemented to collect such Sales Taxes from the passenger.

19.4 Both Parties acknowledge that the tax laws of the countries in which they may operate in connection with the Codeshare Flights may require withholding of Taxes on certain of the payments that either of the Parties or their agents (the “Payer”) may be required to pay to the other Party (the “Payee”), under this Agreement. It is agreed that payments to the Payee shall be exclusive of such withholding, provided however, that the Payer shall inform the Payee in writing with at least [***] advance notice of its intent to withhold the Taxes and the legal basis for such withholding. The Payer shall inform the Payee:
a) within [***] of receipt by the Payer of any directives that may be given to the Payer by such taxation authority; and
b) within [***] of payment by the Payer to the relevant taxation authority the amounts withheld by Payer.

19.5 For U.S. income tax purposes, Volaris shall annually and timely furnish Frontier, at the address provided in the following sentence, with a duly executed original copy of U.S. tax form W-8BEN, or such other forms as the U.S. Internal Revenue Service may require from time to time, so that Frontier may report any relevant transactions arising under this Agreement and, if applicable, substantiate an exemption from any obligation on Frontier’s part with respect to any income tax withholding or reporting obligations on payments made to Volaris. Volaris shall furnish such form(s) to Frontier at:

[***]

In the event the Payer is required to withhold taxes under the procedures of Section 19.4, the Payer shall provide to the Payee within [***] of such withholding a tax receipt and copies of any support for the payment as may be necessary to support a claim by the Payee of a foreign tax credit under Applicable Laws.

19.6 If either Party receives notice from any taxation authority with respect to any assessment or potential assessment or imposition of any Tax (collectively, an “Assessment”) relating to this Agreement, that the other Party may be responsible for paying, directly or indirectly, the Party so notified shall inform the other Party in writing within [***] of receipt of such notice. If the Party receiving such notice from a taxation authority is or will be required to pay any Assessment for which the other Party is ultimately responsible, it shall be entitled to be indemnified against such Assessment in accordance with Section 17.5. The Indemnifying Party shall have the option to defend or contest such Assessment in accordance with the procedures set forth in Section 17.

20. JOINT MANAGEMENT COMMITTEE

20.1 Upon the execution of this Agreement, the Parties will create a joint management committee (the “Committee”). The Parties will each designate [***] to the Committee, and each will have the right to replace its management designees at any time upon prior written notice to the other Party. The Committee will meet (in person or by telephone) at mutually agreed intervals and will meet at such additional times as it determines appropriate for the performance of its responsibilities or as reasonably requested by either Party but no less than once every [***]. Each meeting will be conducted in accordance with an agenda to be determined as described below. Either Party may place an item on the agenda of any meeting of the Committee.
21. **FORCE MAJEURE**

21.1 If a Carrier is unable to perform any of its obligations under this Agreement as a result of a Force Majeure Event, such Carrier shall be relieved from the performance of those obligations to the extent (and only to the extent) of its inability to perform them as a result of the Force Majeure Event and shall have no liability to the other Carrier for any Losses or Liabilities that the other Carrier may suffer, sustain, pay or incur in connection with or resulting from its inability to perform such obligations.

21.2 The Carrier claiming the occurrence of a Force Majeure Event shall immediately:

   a) notify the other Carrier of the claiming Carrier’s inability to perform its obligations under this Agreement due to the Force Majeure Event, such notification containing the claiming Carrier’s estimated duration of the Force Majeure Event;
   
   b) take all commercially reasonable steps to cure its non-performance and mitigate any damages flowing therefrom; and
   
   c) resume the performance of its obligations under this Agreement once the Force Majeure Event is no longer present.

22. **GOVERNING LAW AND JURISDICTION**

22.1 The performance of this Agreement, including any disputes arising hereunder, shall be governed by, and interpreted in accordance with, the laws of New York, without regard to any conflict of laws principles. Each Party irrevocably submits to the nonexclusive jurisdiction of the courts of New York, for the purpose of resolving any dispute relating to the interpretation of any provision of this Agreement or the performance, negligent performance or non-performance, as applicable, by a Party of its obligations under this Agreement. Each Carrier, to the fullest extent it may effectively do so under substantive governing law applicable to this Agreement, also irrevocably waives and agrees not to assert, by way of motion, as a defense or otherwise, any claim that it is not subject to the jurisdiction of the courts of New York and any objection that it may have as to venue or inconvenient forum in respect of claims or actions brought in such court.
23. **COVENANT TO COMPLY WITH ALL LAWS**

23.1 In performing its obligations under this Agreement, each Party shall, at its own cost and expense, fully comply with, and have all licenses under, all Applicable Laws of the country in which each of them operates and all third countries including rules and regulations promulgated by the U.S. National Transportation Safety Board, the DOT, the FAA, the U.S. Department of Defense, the U.S. Department of Homeland Security and the counterpart agencies in Mexico.

23.2 If either Party has notice that a provision of this Agreement is contrary to any Applicable Laws, that Party shall immediately notify the other Party in writing, such notice to include a description of the perceived violation of regulation and supporting written materials that facilitate the other Party's investigation of such perceived violation.

23.3 Each Carrier will comply with the data protection and privacy laws of all Competent Authorities applicable to it in connection with the disclosure of personal data concerning Codeshare Passengers.

23.4 Prohibition of Foreign Corrupt Practices

   a) Each Carrier acknowledges receipt of a copy of the Foreign Corrupt Practices Legislation to which the other Carrier is subject and confirms its understanding of the Foreign Corrupt Practices Legislation applicable to it and to the other Carrier. Each Carrier represents, warrants and covenants that it will not violate any provision of the Foreign Corrupt Practices Legislation, regardless of applicability of the law as a whole to it. Furthermore, each Carrier agrees to provide annual certifications relating to its understanding of and compliance with the Foreign Corrupt Practices Legislation.

   b) Each Carrier represents, warrants and covenants that it has not and will not, directly or indirectly, pay, promise, or offer to pay, or authorize the payment of, any money or give any promise or offer to give, or authorize the giving of anything of value, to:

   i. an officer, employee, agent, or representative of any government, including any department, agency, or instrumentality thereof or any person acting in an official capacity therefore or on behalf thereof;

   ii. a candidate for political office, any political party, or any official of a political party; or

   iii. any other person or entity while knowing or having reason to know that all or any portion of such payment or thing of value will be offered, given, or promised, directly or indirectly, to any of the persons identified in paragraphs (i) or (ii) above,
iv. for the purpose of influencing any act or decision of such government official, political party, party official, or candidate in his or its official capacity, or any act or decision of any officer, employee, agent or representative thereof, including a decision to do or omit to do any act in violation of the lawful duty of such person or entity, or inducing such person or entity to use his or its influence with the government or instrumentality thereof, in order to assist that Carrier or the other Carrier in the promotion, marketing, or sale of services under this Agreement or for any other purpose.

c) Each Carrier covenants that the foregoing will remain true, accurate and complete at all relevant times and that it will promptly inform the other Carrier of any change in the foregoing. Each Carrier will permit the other Carrier or an independent accountant to audit that Carrier’s books and records, to ensure compliance with the Foreign Corrupt Practices Legislation.

d) Each Carrier agrees that a breach by it of any of the provisions of this Article 23 shall constitute a material default of a Carrier for the purposes of Section 16.3 hereof and that for such purposes, the right to a 30 days rectification period shall not apply.

24. **PUBLICITY**

Neither Party may issue any written press release concerning this Agreement without the prior written consent of the other Party.

25. **CONFIDENTIALITY**

25.1 Except as necessary to obtain any Required Approvals or as otherwise provided below, each Party shall, and shall that its directors, officers, employees, Affiliates, and professional advisors (collectively, the “Representatives”), at all times, maintain strict confidence and secrecy in of all Confidential Information of the other Party (including its Affiliates) received directly or indirectly as a result of this Agreement. The Confidential Information shall be used exclusively in connection with this Agreement. If a Party (the “Disclosing Party”) is requested to disclose any Confidential Information of the other Party (the “Affected Party”) under the terms of a subpoena or order issued by a court or Competent Authority, it shall (a) notify the Affected Party immediately of the existence, terms, and circumstances surrounding such request, (b) consult with the Affected Party on the advisability of taking available steps to resist or narrow such request, and (c) if any disclosure of Confidential Information is required to prevent the Disclosing Party from being held in contempt or subject to other legal penalty, furnish only such portion of the Confidential Information as it is legally compelled to disclose.
and use commercially reasonable efforts to obtain an order or other reliable assurance that confidential treatment shall be accorded to the disclosed Confidential Information. Each Party agrees to transmit Confidential Information only to such of its Representatives as required for the purpose of implementing and administering this Agreement, and shall inform such Representatives of the confidential nature of the Confidential Information and instruct such Representatives to treat such Confidential Information in a manner consistent with this Section 25.1.

25.2 Within [***] after the termination of this Agreement, each Party shall either deliver to the other Party or destroy all copies of the other Party’s confidential Information in its possession or the possession of any of its Representatives (including, without limitation, any reports, memoranda or other materials prepared by such Party or at its direction) and purge all copies encoded or stored on magnetic or other electronic media or processors, unless and only to the extent that the Confidential Information is necessary for the continued administration and operation of such Party’s programs or is reasonably necessary in connection with the resolution of any dispute between the Parties.

25.3 The confidentiality obligations of the Parties under this Section 25 shall survive the Termination Date or expiration of this Agreement for a period of [***].

26. ASSIGNMENT

Neither Party may assign or otherwise convey any of its rights under this Agreement, or delegate or subcontract any of its duties hereunder, without the prior written consent of the other Party.

27. SEVERABILITY

If any provision of this Agreement is or becomes illegal, invalid or unenforceable under the Applicable Law of any jurisdiction, such provision shall be severed from this Agreement in the jurisdiction in question and shall not affect the legality, validity or enforceability of the remaining provisions of this Agreement nor the legality, validity or the enforceability of such provision under the Applicable Law of any other jurisdiction; unless, in the reasonable opinion of either Party, any such severance affects the commercial basis of this Agreement, in which case the Party shall so inform the other Party and the Parties shall negotiate in good faith to agree upon modification of this Agreement so as to maintain the balance of the commercial interests of the Parties. If, however, such negotiations are not successfully concluded within [***] from the date a Party has informed the other that the commercial basis has been affected either Party may terminate this Agreement by giving at least [***] prior written notice to the other Party.

28. FURTHER ASSURANCES

28.1 Each Party shall perform such further acts and execute and deliver such further instruments and documents at such Party’s cost and expense as may be required by Applicable Laws, rules or regulations or as may be reasonably requested by the other to carry out and the purposes of this Agreement.
28.2 If and to the extent the transactions or activities contemplated by this Agreement require the cooperation or participation of an Affiliate of a Party hereto, such Party shall cause such Affiliate to cooperate or participate in such transaction or activity. Each Party shall cause such Affiliate to perform such acts and execute and deliver such further instruments and documents as may reasonably be required by the other Party to provide for such cooperation and participation, including without limitation, execution of an addendum providing for such Affiliate to become a party to this Agreement.

29. MISCELLANEOUS

29.1 This Agreement contains the entire agreement between the Parties relating to its subject matter, and supersedes any prior understandings or agreements between the Parties regarding the same subject matter. This Agreement may not be amended or modified except in writing signed by a duly Representative of each Party.

29.2 The relationship of the Parties hereunder shall be that of independent contractors. Neither Party is intended to have, and neither of them shall represent to any other that it has, any power, right or authority to bind the other, or to assume, or create, any obligation or responsibility, express or implied, on behalf of the other, except as expressly required by this Agreement or as otherwise permitted in writing. Nothing in this Agreement shall be construed to create any partnership, joint venture, employment relationship, franchise or agency (except that the Operating Carrier shall have supervisory control over all passengers during any Codeshare Flight, including any employees, agent or contractors of the Marketing Carrier who are on board any such Codeshare Flight).

29.3 All rights, remedies and obligations of the Parties hereto shall accrue and apply solely to the Parties hereto and their permitted successors and assigns; there is no intent to benefit any third parties, including the creditors of either Party.

29.4 This Agreement may be executed and delivered by the Parties in separate counterparts, each of which when so executed and delivered shall be an original, but all of which taken together shall constitute one and the same instrument.

29.5 No failure to exercise and no delay in exercising, on the part of any Party, any right, remedy, power or privilege hereunder, shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof of the exercise of any other right, remedy, power or privilege. The rights, remedies, and privileges therein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by Applicable Law. The failure of any Party to insist upon a strict performance of any of the terms or provisions of this Agreement, or to exercise any option, right or remedy herein contained, shall not be construed as a waiver or
as a relinquishment for the future of such term, provision, option, right or remedy, but the same shall continue and remain in full force
and effect. No waiver by any Party of any term or provision of this Agreement shall be deemed to have been made unless expressed in
writing and signed by such Party.

29.6 This Agreement is the product of negotiations between the Parties, and shall be construed as if jointly prepared and drafted by them, and
no provision hereof shall be construed for or against any Party by reason of ambiguity in language, rules of construction against the
drafting Party, or similar doctrine.

29.7 Although translations of this Agreement may be made into any other language for the convenience of the Parties, the English version
will govern for all purposes of the interpretation and performance of this Agreement.

29.8 NEITHER PARTY SHALL BE LIABLE FOR ANY EXEMPLARY, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES,
INCLUDING LOST REVENUES, LOST PROFITS OR LOST PROSPECTIVE ECONOMIC ADVANTAGE, ARISING FROM ANY
PERFORMANCE OR FAILURE TO PERFORM UNDER THIS AGREEMENT, EVEN IF SUCH PARTY KNEW OR SHOULD
HAVE KNOWN OF THE POSSIBILITY THEREOF, AND EACH PARTY HEREBY RELEASES AND WAIVES ANY CLAIMS
AGAINST THE OTHER PARTY REGARDING SUCH DAMAGES. FOR THE AVOIDANCE OF DOUBT, THE PARTIES AGREE
THE FOREGOING SHALL NOT LIMIT A PARTY’S OBLIGATION TO INDEMNIFY THE OTHER IN ACCORDANCE WITH
SECTION 17 FOR DAMAGES ARISING OUT OF OR RELATING TO A CLAIM, SUIT OR CAUSE OF ACTION BY A THIRD
PARTY.

30. **NOTICES**

Unless otherwise expressly required in this Agreement, all notices, reports, invoices and other communications required or permitted to be given
to or made upon a Party to this Agreement shall be in writing, shall be addressed as provided below and shall be considered as properly given
and received: (i) when delivered, if delivered in person (and a signed acknowledgment or receipt is obtained); or (ii) three (3) Business Days
after dispatch, if dispatched by a recognized express delivery service that provides signed acknowledgments of receipt. For the purposes of
notice, the addresses of the Parties shall be as set forth below; provided, however, that either Party shall have the right to change its address for
notice to any other location by giving at least three (3) Business Days prior written notice to the other Party in the manner set forth above.

31. IMPLEMENTATION

31.1 Implementation and continuation of this Agreement shall be subject to the following conditions:

   a) receipt by the Parties of all necessary Required Approvals, licenses, permits, consents, waivers, and authorities applicable to the transactions contemplated hereunder; and

   b) successful completion by each of the Parties of its “IOSA registration or renewal, as applicable.

31.2 If a Party is unable to comply with any of the conditions set forth in Section 31 after the Agreement is implemented because of technical or legal reasons, such Party will not be deemed to be in breach of any obligation in this Agreement if it is using its commercially reasonable efforts to comply with such condition and the non-compliance does not continue for a period longer than [***].
IN WITNESS WHEREOF, the Parties hereto have caused their duly authorized representatives to execute this Agreement as of the date first written above.

SCHEDULE A
DEFINITIONS

The following capitalized terms (or otherwise defined) in the headings, or elsewhere in this Agreement, have the meanings set forth below, or where otherwise defined. References in this Schedule are to Sections in the main text of this Agreement unless otherwise noted:

[***]

"Applicable Law" means collectively, all applicable laws, statutes, ordinances, decrees, rules, regulations, by-laws, legally enforceable policies, codes or guidelines, judicial, arbitral, administrative, ministerial, departmental or regulatory judgments, orders, decisions, directives, rulings or awards, and conditions of any grant of approval, permission, certification, consent, registration, authority or license by any court, statutory body, self-regulatory authority, stock exchange or other Competent Authority.

"ARS" means, in respect of a Carrier, that Carrier’s airline reservation system for the management of its flights schedules, fares, inventory and ticket sales.

"Base Fare" means the Published Fare paid or payable by a Codeshare Passenger (including any increases or decreases thereto as a result of any changes to the original ticketed transaction between the initial acquisition date and the date the Codeshare Service is provided to the Codeshare Passenger) less applicable discounts charged by the Marketing Carrier less Other Charges.

"Base Fare Revenues" means, in respect of a full Codeshare itinerary transaction, the Base Fare payable by a Codeshare Passenger for that full Codeshare itinerary transaction.

"Business Day" means a day other than Saturday or Sunday or a statutory holiday in the United States of America or Mexico.

"Claims" means any cause of action, action, account, lien of any kind, whatsoever, claim, demand, lawsuit, audit, proceeding, or arbitration, including any proceeding or investigation by a Competent Authority or agency thereof.

"Code" means the designator code used to identify each Carrier’s flights as published in the Official Airline Guide, ARS and CRS.

"Codeshare" or “Codesharing” means the process by which the Marketing Carrier places its Code on the flight number of a flight operated by the Operating Carrier.

"Codeshare Connecting Itineraries" means flight itineraries made up of flights operated by one Carrier connecting to a flight operated by the other Carrier. Current Codeshare Connecting Itineraries are attached hereto as Schedule D (Codeshare Connecting Itineraries and Revenue Prorate Illustration).

"Codeshare Flights" means those flights agreed to by the Carriers from time to time between the city-pairs served by an Operating Carrier where the Marketing Carrier’s Code is listed on the flight number of a flight operated by, and originating in a city served by, the Operating Carrier.

"Codeshare Passengers" means passengers traveling on a Codeshare Flight using a Marketing Carrier ticket.
“Codeshare Procedures Manual” means the procedures manual to be developed by the Committee and approved by the Carriers setting forth, among other matters, procedures for irregular operations, customer service handling and Quality of Service Requirements for Codeshare Flights and Codeshare Passengers. Each Party will provide notice of changes to its operations or procedures to the other.

“Codeshare Routes” means any route that commences in a city served by one Carrier and ends in a city served by the other Carrier.

“Commissionable Base Fare” means the Base Fare paid or payable by a customer for a ticketed transaction on the date the Codeshare service is provided to the Codeshare Passenger as more particularly described in Schedule F (Codeshare Commissions).

“Committee” has the meaning set forth in Section in 20.1

“Competent Authority” means any national, federal, state, county, local or municipal government body, bureau, commission, board, board of arbitration, instrumentality, authority, agency, department, court, minister, ministry, official or public or statutory person having jurisdiction over this Agreement, or either Carrier.

“Conditions of Carriage” means, in respect of a Carrier, those conditions of contract and rules of carriage of that Carrier (including transportation on Codeshare partners) that govern the transport of passengers traveling on tickets (including e-tickets) showing such Carrier’s Code in the carrier code box of the flight coupon or e-ticket, as applicable, setting out the benefits and limitations associated with the air transportation service being provided.

“CRS” means computer reservation systems that allow an operator (such as a travel agent) to locate and reserve inventory (for instance, an airline seat on a particular route at a particular time), find and process fares/prices applicable to the inventory, generate tickets and travel documents, and generate reports on the transactions for accounting or marketing purposes.

“Dispute” means any controversy, dispute, difference, disagreement or claim between the Parties arising under or relating to this Agreement, including any question concerning the validity, termination, interpretation, performance, operation, enforcement or breach of this Agreement.

Reference is made to that certain Payroll Support Program Agreement ("PSP Agreement") dated as of the date hereof by and among Frontier Airlines, Inc., a Colorado corporation ("Carrier"), having an office at 4545 Airport Way, Denver, CO 80239 and the United States Department of the Treasury ("Treasury"), having an office at 1500 Pennsylvania Avenue, NW, Washington, D.C. 20220, entered into by Issuer and Treasury pursuant to the Coronavirus Aid, Relief, and Economic Security Act, Pub. L. 116-136 (Mar. 27, 2020) ("CARES Act").

WHEREAS, Carrier has requested that Treasury provide financial assistance to the Carrier and certain of its Affiliates (as defined below) that are Recipients (as defined in the PSP Agreement) that shall be used for the continuation of payment of employee wages, salaries, and benefits as is permissible under Section 4112(a) of the CARES Act.

WHEREAS, as appropriate compensation to the Federal Government of the United States of America for the provision of financial assistance under the PSP Agreement, Frontier Group Holdings, Inc., a Delaware corporation and parent of Carrier ("Issuer"), has agreed to issue this Promissory Note ("Note") to Treasury on the terms and conditions set forth herein.

FOR VALUE RECEIVED, Issuer unconditionally promises to pay to the Holder (as defined below) the principal sum of SEVEN HUNDRED THIRTY-ONE THOUSAND, SIX HUNDRED FOURTEEN DOLLARS ($731,614.00), subject to increases and/or decreases made pursuant to Section 2.1, as permissible under the PSP Agreement, or Section 2.3, in each case as noted by the Holder in Schedule I (the "Principal Amount"), outstanding hereunder, together with all accrued interest thereon on the Maturity Date (as defined below) as provided in this Note. Notations made by the Holder in Schedule I shall be final and conclusive absent manifest error; provided, however, that any failure by the Holder to make such notations or any error by omission by the Holder in this regard shall not affect the obligation of the Issuer to pay the full amount of the principal of and interest on the Note or any other amount owing hereunder.

1 DEFINITIONS

1.1 Defined Terms. As used in this Note, capitalized terms have the meanings specified in Annex A.

1.2 Terms Generally. The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation.” The word “will” shall be construed to have the same meaning and effect as the word “shall.” The word “or” is not exclusive. The word “year” shall refer (i) in the case of a leap year, to a year of three hundred sixty-six (366) days, and (ii) otherwise, to a year of three hundred sixty-five (365) days. Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (b) any reference herein to any Person shall be construed to include such Person’s successors and assigns, (c) the words “herein,” “hereof” and “hereunder,” and words of similar import, shall be construed to refer to this Note in its entirety and not to any particular provision hereof, (d) all references herein to Sections, Annexes and Schedules shall be construed to refer to Sections of, and Annexes and Schedules to, this Note, (e) any reference to any law or regulation herein shall, unless otherwise specified, refer to such law or regulation as amended, modified or supplemented from time to time, and (f) the words “asset” and “property” shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights.

1.3 Accounting Terms. All accounting terms not otherwise defined herein shall be construed in conformity with GAAP, as in effect from time to time.
2.1 Principal Amount. Upon any disbursement to the Carrier under the PSP Agreement after the Closing Date, the Principal Amount of this Note shall be increased in an amount equal to 30% of any such disbursement, provided, however, that no increases in the Principal Amount of this Note shall occur pursuant to this Section until the aggregate principal amount of any disbursements to the Carrier under the PSP Agreement is greater than $100,000,000.

2.2 Maturity Date. The aggregate unpaid principal amount of the Note, all accrued and unpaid interest, and all other amounts payable under this Note shall be due and payable on the Maturity Date, unless otherwise provided in Section 5.1.

2.3 Prepayments.

(a) Optional Prepayments. The Issuer may, upon written notice to the Holder, at any time and from time to time prepay the Note in whole or in part without premium or penalty in a minimum aggregate principal amount equal to the lesser of $5,000,000 and the Principal Amount outstanding.

(b) Mandatory Prepayments. If a Change of Control occurs, within thirty (30) days following the occurrence of such Change of Control, the Issuer shall prepay the aggregate principal amount outstanding under the Note and any accrued interest or other amounts owing under the Note. The Issuer will not, and will not permit any Subsidiary to, enter into any Contractual Obligation (other than this Note) that, directly or indirectly, restricts the ability of the Issuer or any Subsidiary to make such prepayment hereunder.

2.4 Interest.

(a) Interest Rate. Subject to paragraph (b) of this Section, the Note shall bear interest on the Principal Amount outstanding from time to time at a rate per annum equal to 1.00% until the fifth anniversary of the Closing Date, and the Applicable SOFR Rate plus 2.00% thereafter until the Maturity Date. All interest hereunder shall be computed on the basis of the actual number of days in each interest period and a year of 365 or 366 days, as applicable, until the fifth anniversary of the Closing Date and computed in a manner determined by the Holder thereafter, based on prevailing customary market conventions for the use of the Applicable SOFR Rate in floating-rate debt instruments at the time of the announcement of the Applicable SOFR Rate. Each interest period will be from, and including, the Closing Date, or from and including the most recent interest payment date to which interest has been paid or provided for, to, but excluding the next interest payment date.

(b) Default Interest. If any amount payable by the Issuer or any Guarantor under this Note (including principal of the Note, interest, fees or other amount) is not paid when due, whether at stated maturity, upon acceleration or otherwise, such amount shall thereafter bear interest at a rate per annum equal to the applicable Default Rate. While any Event of Default exists, the Issuer or any Guarantor shall pay interest on the principal amount of the Note outstanding hereunder at a rate per annum equal to the applicable Default Rate.

(c) Payment Dates. Accrued interest on the Note shall be payable in arrears on the last Business Day of March and September of each year, beginning with September 30, 2020, and on the Maturity Date and at such other times as may be specified herein; provided that (i) interest accrued pursuant to paragraph (b) of this Section shall be payable on demand and (ii) in the event of any repayment or prepayment of the Note, accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment.

(d) SOFR Fallback. If, at any time, the Holder or its designee determines that a Benchmark Transition Event has occurred with respect to the Applicable SOFR Rate or SOFR, or any successor rate, the Holder or its designee will designate a Benchmark Replacement and, as applicable, make Benchmark Conforming Changes in a manner consistent with the methodology set forth in the ARRC Fallback Provisions. Any determination, decision or election that may be made by the Holder or its designee pursuant to this Section (d), and any decision to take or refrain from taking any action or making any determination, decision or election arising out of or relating to this Section (d), shall be conclusive and binding absent manifest error, may be made by the Holder or its designee in its sole discretion, and, notwithstanding anything to the contrary in this Note, shall become effective without the consent of the Issuer, any Guarantor or any other party. Any terms used in this Section (d) but not defined in this Note shall be construed in a manner consistent with the ARRC Fallback Provisions.

2.5 Payments Generally.

(a) Payments by Issuer. All payments to be made by the Issuer hereunder shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, (i) for
so long as Treasury is the Holder of this Note, each payment under this Note shall be paid in immediately available funds by electronic funds transfer to the account of the United States Treasury maintained at the Federal Reserve Bank of New York specified by Treasury in a written notice to the Issuer, or to such other account as may be specified from time to time by Treasury in a written notice to the Issuer, or (ii) in the event that Treasury is not the Holder of this Note, then each payment under this Note shall be made in immediately available funds by electronic funds transfer to such account as shall be specified by the Holder in a written notice to the Issuer, in each case not later than 12:00 noon (Washington, D.C. time) on the date specified herein. All amounts received by the Holder after such time on any date shall be deemed to have been received on the next succeeding Business Day and any applicable interest or fees shall continue to accrue. If any payment to be made by the Issuer shall fall due on a day that is not a Business Day, payment shall be made on the next succeeding Business Day and such extension of time shall be reflected in computing interest or fees, as the case may be; provided that, if such next succeeding Business Day would fall after the Maturity Date, payment shall be made on the immediately preceding Business Day. Except as otherwise expressly provided herein, all payments hereunder shall be made in Dollars.

(b) Application of Insufficient Payments. If at any time insufficient funds are received by and available to the Holder to pay fully all amounts of principal, interest, fees and other amounts then due hereunder, such funds shall be applied (i) first, to pay interest, fees and other amounts then due hereunder, and (ii) second, to pay principal then due hereunder.

3 REPRESENTATIONS AND WARRANTIES

The Issuer and each Guarantor represents and warrants to the Holder on the Closing Date and is deemed to represent and warrant to the Holder on any date on which the amount of the Note is increased pursuant to the terms hereof and in accordance with the PSP Agreement that:

3.1 Existence, Qualification and Power. The Issuer, each Guarantor and each Subsidiary (a) is duly organized or formed, validly existing and, as applicable, in good standing under the Laws of the jurisdiction of its incorporation or organization, (b) has all requisite power and authority and all requisite governmental licenses, authorizations, consents and approvals to (i) own or lease its assets and carry on its business and (ii) execute, deliver and perform its obligations under the Note, and (c) is duly qualified and is licensed and, as applicable, in good standing under the Laws of each jurisdiction where its ownership, lease or operation of properties or the conduct of its business requires such qualification or license, except, in each case referred to in clause (a) (other than with respect to the Issuer and each Guarantor), (b)(i) or (c), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

3.2 Authorization; No Contravention. The execution, delivery and performance by the Issuer and each Guarantor of the Note have been duly authorized by all necessary corporate or other organizational action, and do not and will not (a) contravene the terms of its Organizational Documents, (b) conflict with or result in any breach or contravention of, or the creation of any Lien under, or require any payment to be made under (i) any material Contractual Obligation to which the Issuer or any Guarantor is a party or affecting the Issuer or any Guarantor or the material properties of the Issuer, any Guarantor or any Subsidiary or (ii) any material order, injunction, writ or decree of any Governmental Authority or any arbitral award to which the Issuer, the Guarantor or any Subsidiary or its property is subject or (c) violate any Law, except to the extent that such violation could not reasonably be expected to have a Material Adverse Effect.

3.3 Governmental Authorization; Other Consents. No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person is necessary or required in connection with the execution, delivery or performance by, or enforcement against, the Issuer or any Guarantor of this Note, except for such approvals, consents, exemptions, authorizations, actions or notices that have been duly obtained, taken or made and in full force and effect.

3.4 Execution and Delivery; Binding Effect. This Note has been duly executed and delivered by the Issuer and each Guarantor. This Note constitutes a legal, valid and binding obligation of the Issuer and each Guarantor, enforceable against the Issuer and each Guarantor in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors' rights generally and by general principles of equity.

4 COVENANTS

Until all Obligations shall have been paid in full or until any later date as provided for in this Note, the Issuer covenants and agrees with the Holder that:

4.1 Notices. The Issuer will promptly notify the Holder of the occurrence of any Default.
4.2 Guarantors. The Guarantors listed on the signature page to this Note hereby Guarantee the Guaranteed Obligations as set forth in Annex B. If any Subsidiary (other than an Excluded Subsidiary) is formed or acquired after the Closing Date or if any Subsidiary ceases to be an Excluded Subsidiary, then the Issuer will cause such Subsidiary to become a Guarantor of this Note within 30 days of such Subsidiary being formed or acquired or of such Subsidiary ceasing to be an Excluded Subsidiary pursuant to customary documentation reasonably acceptable to the Holder and on the terms and conditions set forth in Annex B.

4.3 Pari Passu Ranking. The Obligations of the Issuer and any Guaranteed Obligations of any Guarantor under this Note shall be unsecured obligations of the Issuer and any Guarantor ranking pari passu with all existing and future senior unsecured Indebtedness of the Issuer or any Guarantor that is not subordinated in right of payment to the holder or lender of such Indebtedness.

5 EVENTS OF DEFAULT

5.1 Events of Default. If any of the following events (each, an “Event of Default”) shall occur:

(a) the Issuer shall fail to pay any principal of the Note when and as the same shall become due and payable, whether at the due date thereof or at a date fixed for prepayment thereof or otherwise;

(b) the Issuer shall fail to pay any interest on the Note, or any fee or any other amount (other than an amount referred to in clause (a) of this Section) payable under this Note, when and as the same shall become due and payable, and such failure shall continue unremedied for a period of two (2) or more Business Days;

(c) any representation or warranty made or deemed made by or on behalf of the Issuer or any Guarantor, including those made prior to the Closing Date, in or in connection with this Note or any amendment or modification hereof, or any waiver hereunder, or in the PSP Agreement, or in any report, certificate, financial statement or other document furnished pursuant to or in connection with this Note, the PSP Agreement or the PSP Application or any amendment or modification hereof or thereof, or any waiver hereunder or thereunder, shall prove to have been incorrect in any material respect (or, in the case of any such representation or warranty under this Note already qualified by materiality, such representation or warranty shall prove to have been incorrect) when made or deemed made;

(d) the Issuer shall fail to observe or perform any covenant, condition or agreement contained in Section 4.1;

(e) the Issuer or any Guarantor shall fail to observe or perform any covenant, condition or agreement contained in this Note (other than those specified in clause (a), (b) or (d) of this Section) and such failure shall continue unremedied for a period of 30 or more days after notice thereof by the Holder to the Issuer;

(f) (i) the Issuer or any Guarantor shall default in the performance of any obligation relating to any Indebtedness (other than Indebtedness under the Note) having an aggregate principal amount equal to or greater than $5,000,000 (“Material Indebtedness”) and any applicable grace periods shall have expired and any applicable notice requirements shall have been complied with, and as a result of such default the holder or holders of such Material Indebtedness or any trustee or agent on behalf of such holder or holders shall have caused such Material Indebtedness to become due prior to its scheduled final maturity date or (ii) the Issuer or any Guarantor shall default in the payment of the outstanding principal amount due on the scheduled final maturity date of any Indebtedness outstanding under one or more agreements of the Issuer or any Guarantor, any applicable grace periods shall have expired and any applicable notice requirements shall have been complied with and such failure to make payment when due shall be continuing for a period of more than five (5) consecutive Business Days following the applicable scheduled final maturity date or the applicable grace period thereunder, in an aggregate principal amount at any single time unpaid exceeding $5,000,000;

(g) an involuntary proceeding shall be commenced or an involuntary petition shall be filed seeking (i) liquidation, reorganization or other relief in respect of the Issuer, any Guarantor or any Subsidiary or its debts, or of a substantial part of its assets, under any Debtor Relief Law now or hereafter in effect or (ii) the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for the Issuer or any of its Subsidiaries or for a substantial part of its assets, and, in any such case, such proceeding or petition shall continue undismissed for a period of 60 or more days or an order or decree approving or ordering any of the foregoing shall be entered;

(h) the Issuer, any Guarantor or any Subsidiary shall (i) voluntarily commence any proceeding or file any petition seeking liquidation, reorganization or other relief under any Debtor Relief Law now or hereafter in effect, (ii) consent to the institution of, or fail to contest in a timely and appropriate manner, any proceeding or petition described in clause (g) of this Section, (iii) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator,
conservator or similar official for the Issuer, any Guarantor or any Subsidiary or for a substantial part of its assets, (iv) file an answer admitting the material allegations of a petition filed against it in any such proceeding or (v) make a general assignment for the benefit of creditors;

(i) the Issuer, any Guarantor or any Subsidiary shall become unable, admit in writing its inability or fail generally to pay its debts as they become due;

(j) there is entered against the Issuer, any Guarantor or any Subsidiary (i) a final judgment or order for the payment of money in an aggregate amount (as to all such judgments and orders) exceeding an amount equal to or greater than $5,000,000 (to the extent not covered by independent third-party insurance as to which the insurer has been notified of such judgment or order and has not denied or failed to acknowledge coverage), or (ii) a non-monetary final judgment or order that, either individually or in the aggregate, has or could reasonably be expected to have a Material Adverse Effect and, in either case, (A) enforcement proceedings are commenced by any creditor upon such judgment or order, or (B) there is a period of 30 consecutive days during which a stay of enforcement of such judgment, by reason of a pending appeal or otherwise, is not in effect; or

(k) any material provision of the Note, at any time after its execution and delivery and for any reason other than as expressly permitted hereunder or satisfaction in full of all Obligations, ceases to be in full force and effect; or the Issuer, any Guarantor or any other Person contests in writing the validity or enforceability of any provision of the Note; or the Issuer or any Guarantor denies in writing that it has any or further liability or obligation under the Note, or purports in writing to revoke, terminate or rescind the Note;

then, and in every such event (other than an event with respect to the Issuer or any Guarantor described in clause (g) or (h) of this Section), and at any time thereafter during the continuance of such event, the Holder may, by notice to the Issuer, take any or all of the following actions, at the same or different times:

(i) declare any amounts then outstanding under the Note to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Note so declared to be due and payable, together with accrued interest thereon and all fees and other Obligations of the Issuer accrued hereunder, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Issuer and any Guarantor; and

(ii) exercise on all rights and remedies available to it under the Note and Applicable Law;

provided that, in case of any event with respect to the Issuer or any Guarantor described in clause (g) or (h) of this Section, the principal of the Note then outstanding, together with accrued interest thereon and all fees and other Obligations accrued hereunder, shall automatically become due and payable, in each case without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Issuer and any Guarantor.

6 MISCELLANEOUS

6.1 Notices.

(a) Notices Generally. Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in paragraph (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by email as follows:

(i) if to the Issuer or any Guarantor, to Frontier Airlines, Inc., 4545 Airport Way, Denver CO, 80239, Attention of General Counsel (Telephone No. ###-####; Email: ###);

(ii) if to the Holder, to the Department of the Treasury at 1500 Pennsylvania Avenue, NW, Washington, D.C. 20220, Attention of Assistant General Counsel (Banking and Finance) (Telephone No. ###-####; Email: ###); and

Notices sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received. Notices delivered through electronic communications, to the extent provided in paragraph (b) below, shall be effective as provided in said paragraph (b).

(b) Electronic Communications. Notices and other communications to the Holder hereunder may be delivered or furnished by electronic communication (including e-mail, FpML, and Internet or intranet websites) pursuant to procedures approved by the Holder. The Holder, the Issuer or any Guarantor may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.
Unless the Holder otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgment from the intended recipient (such as by return e-mail or other written acknowledgement), and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient, at its e-mail address as described in the foregoing clause (i), of notification that such notice or communication is available and identifying the website address therefor; provided that, for both clauses (i) and (ii) above, if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next Business Day.

6.2 Waivers; Amendments.

(a) No Waiver; Remedies Cumulative; Enforcement. No failure or delay by the Holder in exercising any right, remedy, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, remedy, power or privilege, or any abandonment or discontinuance of steps to enforce such a right remedy, power or privilege, preclude any other or further exercise thereof or the exercise of any other right remedy, power or privilege. The rights, remedies, powers and privileges of the Holder hereunder and under the Note are cumulative and are not exclusive of any such rights, remedies, powers or privileges that any such Person would otherwise have.

(b) Amendments, Etc. Except as otherwise expressly set forth in this Note, no amendment or waiver of any provision of this Note, and no consent to any departure by the Issuer therefrom, shall be effective unless in writing executed by the Issuer and the Holder, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

6.3 Expenses; Indemnity; Damage Waiver.

(a) Costs and Expenses. The Issuer shall pay (i) all reasonable out-of-pocket expenses incurred by the Holder (including the reasonable fees, charges and disbursements of any counsel for the Holder) in connection with the preparation, negotiation, execution, delivery and administration of this Note and the PSP Agreement, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), and (ii) all out-of-pocket expenses incurred by the Holder (including the fees, charges and disbursements of any counsel for the Holder), in connection with the enforcement or protection of its rights in connection with this Note and the PSP Agreement, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), including all such out-of-pocket expenses incurred during any workout, restructuring, negotiations or enforcement in respect of such Note, PSP Agreement and other agreements or documents executed in connection herewith or therewith.

(b) Indemnification by the Issuer. The Issuer shall indemnify the Holder and each of its Related Parties (each such Person being called an “Indemnitee”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities, obligations, penalties, fines, settlements, judgments, disbursements and related costs and expenses (including the fees, charges and disbursements of any counsel for any Indemnitee), and shall indemnify and hold harmless each Indemnitee from all fees and time charges and disbursements for attorneys who may be employees of any Indemnitee, incurred by any Indemnitee or asserted against any Indemnitee by any Person (including the Issuer) arising out of, in connection with, or as a result of (i) the execution or delivery of this Note or any agreement or instrument contemplated hereby, the performance by the Issuer or any Guarantor of its obligations hereunder or the consummation of the transactions contemplated hereby, (ii) the Note or the use or proposed use of the proceeds therefrom, or (iii) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by a third party or by the Issuer or any Guarantor, and regardless of whether any Indemnitee is a party thereto.

(c) Waiver of Consequential Damages, Etc. To the fullest extent permitted by Applicable Law, the Issuer and any Guarantor shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Note or any agreement or instrument contemplated hereby, the transactions contemplated hereby, or the use of the proceeds thereof. No Indemnitee referred to in paragraph (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Note or the transactions contemplated hereby.

(d) Payments. All amounts due under this Section shall be payable not later than five (5) days after demand therefor.
(e) **Survival.** Each party’s obligations under this Section shall survive the termination of the Note and payment of the obligations hereunder.

6.4 **Successors and Assigns.** Neither the Issuer nor any Guarantor may assign or transfer this Note or any of its rights or obligations hereunder and any purported assignment or transfer in violation of this Note shall be void. Holder may assign or participate a portion or all of its rights under this Note at any time in compliance with all Applicable Laws. This Note shall inure to the benefit of and be binding upon Issuer, any Guarantor and Holder and their permitted successors and assigns. Any Holder that assigns, or sells participations in, any portion of the Note will take such actions as are necessary for the Note and such portion to be in “registered form” (within the meaning of Treasury Regulations Section 5f.103-1).

6.5 **Counterparts; Integration; Effectiveness.** This Note and any amendments, waivers, consents or supplements hereto may be executed in counterparts, each of which shall constitute an original, but all taken together shall constitute a single contract. This Note constitutes the entire contract between Issuer, any Guarantor and the Holder with respect to the subject matter hereof and supersede all previous agreements and understandings, oral or written, with respect thereto. Notwithstanding anything herein to the contrary, delivery of an executed counterpart of a signature page of this Note by electronic means shall be effective as delivery of a manually executed counterpart of this Note.

6.6 **Severability.** If any term or provision of this Note is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this Note or invalidate or render unenforceable such term or provision in any other jurisdiction.

6.7 **Right of Setoff.** If an Event of Default shall have occurred and be continuing, the Holder is hereby authorized at any time and from time to time, to the fullest extent permitted by Applicable Law, to set off and apply any and all deposits (general or special, time or demand, provisional or final, in whatever currency) at any time held, and other obligations (in whatever currency) at any time owing, by the Holder, to or for the credit or the account of the Issuer against any and all of the due and unpaid Obligations of the Issuer now or hereafter existing under this Note to the Holder, irrespective of whether or not the Holder shall have made any demand under this Note. The rights of the Holder under this Section are in addition to other rights and remedies (including other rights of setoff) that the Holder may have. The Holder agrees to notify the Issuer promptly after any such setoff and application; provided that the failure to give such notice shall not affect the validity of such setoff and application.

6.8 **Governing Law; Jurisdiction; Etc.** This Note will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the Issuer, any Guarantor and the Holder agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia for any civil action, suit or proceeding arising out of or relating to this Note or the transactions contemplated hereby, and (b) that notice may be served upon the Issuer, any Guarantor or the Holder at the applicable address in Section 6.1 hereof (or upon any Holder that is not Treasury at an address provided by such Holder to Issuer in writing). To the extent permitted by Applicable Law, each of the Issuer, any Guarantor and the Holder hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to the Note or the transactions contemplated hereby.

6.9 **Headings.** Section headings used herein are for convenience of reference only, are not part of this Note and shall not affect the construction of, or be taken into consideration in interpreting, this Note.
IN WITNESS WHEREOF, the Issuer and each Guarantor have executed this Note as of the day and year written below.

ANNEX A

DEFINITIONS

"Affiliate" means any Person that directly or indirectly Controls, is Controlled by, or is under common Control with, the Issuer.

"Applicable Law" means, as to any Person, all applicable Laws binding upon such Person or to which such a Person is subject.

"Applicable SOFR Rate" means a rate of interest based on SOFR that shall be determined by the Holder and publicly announced by the Holder on or prior to the fifth anniversary of the Closing Date and shall, to the extent reasonably practicable, be based on customary market conventions as in effect at the time of such announcement. In no event will the Applicable SOFR Rate be less than 0.00% per annum.

"ASU" means the Accounting Standards Update 2016-02, Leases (Topic 842) by the Financial Accounting Standards Board issued on February 25, 2016.

"Beneficial Owner" has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular "person" (as that term is used in Section 13(d)(3) of the Exchange Act), such "person" will be deemed to have beneficial ownership of all securities that such "person" has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only after the passage of time. The terms "Beneficially Owns" and "Beneficially Owned" have a corresponding meaning.

"Business Day" means any on which Treasury and the Federal Reserve Bank of New York are both open for business.

"Capitalized Lease Obligations" means, at the time any determination thereof is to be made, the amount of the liability in respect of a Capitalized Lease that would at such time be required to be capitalized and reflected as a liability on a balance sheet (excluding the footnotes thereto) prepared in accordance with GAAP; provided that all leases of such Person that are or would have been treated as operating leases for purposes of GAAP prior to the issuance of the ASU shall continue to be accounted for as operating leases for purposes of all financial definitions and calculations for purposes of this Note (whether or not such operating lease obligations were in effect on such date) notwithstanding the fact that such obligations are required in accordance with the ASU (on a prospective or retroactive basis or otherwise) to be treated as capitalized lease obligations for other purposes.

"Capitalized Leases" means all leases that have been or should be, in accordance with GAAP as in effect on the Closing Date, recorded as capitalized leases; provided that for all purposes hereunder the amount of obligations under any Capitalized Lease shall be the amount thereof accounted for as a liability in accordance with GAAP; provided, further, that all leases of such Person that are or would have been treated as operating leases for purposes of GAAP prior to the issuance of the ASU shall continue to be accounted for as operating leases for purposes of all financial definitions and calculations for purposes of this Note (whether or not such operating lease obligations were in effect on such date) notwithstanding the fact that such obligations are required in accordance with the ASU (on a prospective or retroactive basis or otherwise) to be treated as capitalized lease obligations for other purposes.

"CARES Act" has the meaning specified in the preamble to this Note.

"Change of Control" means the occurrence of any of the following: (a) the sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of the Issuer and its Subsidiaries, or if the Issuer is a Subsidiary of any Guarantor, such Guarantor (the "Parent Guarantor") and its Subsidiaries, taken as a whole to any Person (including any "person" (as that term is used in Section 13(d)(3) of the Exchange Act)); or (b) the consummation of any transaction (including, without limitation, any merger or consolidation), the result of which is that any Person (including any "person" (as defined above)) becomes the Beneficial Owner, directly or indirectly, of more than 50% of the Voting Stock of the Issuer or Parent Guarantor, as applicable, (measured by voting power rather than number of shares), other than (i) any such transaction where the Voting Stock of the Issuer or Parent Guarantor, as applicable, (measured by voting power rather than number of shares) outstanding immediately prior to such transaction.
constitutes or is converted into or exchanged for at least a majority of the outstanding shares of the Voting Stock of such Beneficial Owner (measured by voting power rather than number of shares), or (ii) any merger or consolidation of the Issuer or Parent Guarantor, as applicable, with or into any Person (including any “person” (as defined above)) which owns or operates (directly or indirectly through a contractual arrangement) a Permitted Business (a “Permitted Person”) or a Subsidiary of a Permitted Person, in each case, if immediately after such transaction no Person (including any “person” (as defined above)) is the Beneficial Owner, directly or indirectly, of more than 50% of the total Voting Stock of such Permitted Person (measured by voting power rather than number of shares).

“Closing Date” means the date set forth on the Issuer’s and each Guarantor’s signature page to this Note.

“Contractual Obligation” means, as to any Person, any provision of any security issued by such Person or of any agreement, instrument or other undertaking to which such Person is a party or by which it or any of its property is bound.

“Control” means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of a Person, whether through the ability to exercise voting power, by contract or otherwise. “Controlling” and “Controlled” have meanings analogous thereto.

“Debtor Relief Laws” means the Bankruptcy Code of the United States of America, and all other liquidation, conservatorship, bankruptcy, assignment for the benefit of creditors, moratorium, rearrangement, receivership, insolvency, reorganization, or similar debtor relief Laws of the United States or other applicable jurisdictions from time to time in effect.

“Default” means any event or condition that constitutes an Event of Default or that, with the giving of any notice, the passage of time, or both, would be an Event of Default.

“Default Rate” means an interest rate (before as well as after judgment) equal to the interest rate on the Note plus 2.00% per annum.

“Disqualified Equity Interest” means any equity interest that, by its terms (or the terms of any security or other equity interests into which it is convertible or for which it is exchangeable), or upon the happening of any event or condition (a) matures or is mandatorily redeemable (other than solely for equity interests that are not Disqualified Equity Interests), pursuant to a sinking fund obligation or otherwise (except as a result of a change of Control or asset sale so long as any rights of the holders thereof upon the occurrence of a change of Control or asset sale event shall be subject to the prior repayment in full of the Note and all other Obligations that are accrued and payable), (b) is redeemable at the option of the holder thereof, in whole or in part, (c) provides for scheduled payments of dividends in cash, or (d) is or becomes convertible into or exchangeable for Indebtedness or any other equity interests that would constitute Disqualified Equity Interests, in each case, prior to the date that is ninety-one days after the Maturity Date; provided that if such equity interests are issued pursuant to a plan for the benefit of employees of the Issuer or any Subsidiary or by any such plan to such employees, such equity interests shall not constitute Disqualified Equity Interests solely because they may be required to be repurchased by the Issuer or its Subsidiaries in order to satisfy applicable statutory or regulatory obligations or as a result of such employee’s termination, death or disability.

“Dollar” and “$” mean lawful money of the United States.

“Event of Default” has the meaning specified in Section 5.

“Excluded Subsidiary” means any Subsidiary of the Issuer that is not an obligor in respect of any Material Indebtedness that is unsecured of the Issuer or any of its Subsidiaries, unless such Subsidiary is required to be an obligor under any agreement, instrument or other document relating to any Material Indebtedness that is unsecured of the Issuer or any of its Subsidiaries.

“GAAP” means United States generally accepted accounting principles as in effect as of the date of determination thereof. Notwithstanding any other provision contained herein, (a) all terms of an accounting or financial nature used herein shall be construed, and all computations of amounts and ratios referred to herein shall be made, without giving effect to any election under FASB Accounting Standards Codification 825-Financial Instruments, or any successor thereto (including pursuant to the FASB Accounting Standards Codification), to value any Indebtedness of any subsidiary at “fair value,” as defined therein and (b) the amount of any Indebtedness under GAAP with respect to Capitalized Lease Obligations shall be determined in accordance with the definition of Capitalized Lease Obligations.

Annex A-2
"Guarantee" means, as to any Person, (a) any obligation, contingent or otherwise, of such Person guaranteeing or having the economic effect of guaranteeing any Indebtedness or other obligation payable or performable by another Person (the "primary obligor") in any manner, whether directly or indirectly, and including any obligation of such Person, direct or indirect, (i) to purchase or pay (or advance or supply funds for the purchase or payment of) such Indebtedness or other obligation, (ii) to purchase or lease property, securities or services for the purpose of assuring the obligee in respect of such Indebtedness or other obligation of the payment or performance of such Indebtedness or other obligation, (iii) to maintain working capital, equity capital or any other financial statement condition or liquidity or level of income or cash flow of the primary obligor so as to enable the primary obligor to pay such Indebtedness or other obligation or (iv) entered into for the purpose of assuring in any other manner the obligee in respect of such Indebtedness or other obligation of the payment or performance thereof or to protect such obligee against loss in respect thereof (in whole or in part) or (b) any Lien on any assets of such Person securing any Indebtedness or other obligation of any other Person, whether or not such Indebtedness or other obligation is assumed by such Person (or any right, contingent or otherwise, of any holder of such Indebtedness to obtain any such Lien); provided that the term "Guarantee" shall not include endorsements for collection or deposit in the ordinary course of business. The amount of any Guarantee shall be deemed to be an amount equal to the stated or determinable amount of the related primary obligation, or portion thereof, in respect of which such Guarantee is made or, if not stated or determinable, the maximum reasonably anticipated liability in respect thereof as determined by the guaranteeing Person in good faith. The term "Guarantee" as a verb has a corresponding meaning.

"Guaranteed Obligations" has the meaning specified in Annex B.

"Guarantor" means each Guarantor listed on the signature page to this Note and any other Person that Guarantees this Note.

"Holder" means the United States Department of the Treasury or its designees or any other Person that shall have rights pursuant to an assignment hereunder.

"Indebtedness" means, as to any Person at a particular time, without duplication, all of the following, whether or not included as indebtedness or liabilities in accordance with GAAP: (a) all obligations of such Person for borrowed money and all obligations of such Person evidenced by bonds, debentures, notes, loan agreements or other similar instruments; (b) all direct or contingent obligations of such Person arising under (i) letters of credit (including standby and commercial), bankers' acceptances and bank guarantees and (ii) surety bonds, performance bonds and similar instruments issued or created by or for the account of such Person; (c) net obligations of such Person under any swap contract; (d) all obligations of such Person to pay the deferred purchase price of property or services (other than trade accounts payable in the ordinary course of business); (e) indebtedness (excluding prepaid interest thereon) secured by a Lien on property owned or being purchased by such Person (including indebtedness arising under conditional sales or other title retention agreements), whether or not such indebtedness shall have been assumed by such Person or is limited in recourse; (f) attributable indebtedness in respect of any Capitalized Lease Obligation and any synthetic lease obligation of any Person; (g) all obligations of such Person in respect of Disqualified Equity Interests; and (h) all Guarantees of such Person in respect of any of the foregoing. For all purposes hereof, the Indebtedness of any Person shall include the Indebtedness of any partnership or joint venture (other than a joint venture that is itself a corporation or limited liability company) in which such Person is a general partner or a joint venturer, unless such Indebtedness is expressly made non-recourse to such Person. The amount of any net obligation under any swap contract on any date shall be deemed to be the swap termination value thereof as of such date. The amount of any Indebtedness of any Person for purposes of clause (e) that is expressly made non-recourse or limited-recourse (limited solely to the assets securing such Indebtedness) to such Person shall be deemed to be equal to the lesser of (i) the aggregate principal amount of such Indebtedness and (ii) the fair market value of the property encumbered thereby as determined by such Person in good faith.

"Indemnitee" has the meaning specified in Section 6.3(b).

"Issuer" has the meaning specified in the preamble to this Note.

"Laws" means, collectively, all international, foreign, federal, state and local statutes, treaties, rules, guidelines, regulations, ordinances, codes and administrative or judicial precedents or authorities, including the interpretation or

Annex A-3
administration thereof by any Governmental Authority charged with the enforcement, interpretation or administration thereof, and all applicable administrative orders, directed duties, requests, licenses, authorizations and permits of, and agreements with, any Governmental Authority, in each case whether or not having the force of law.

"Lien" means any mortgage, pledge, hypothecation, collateral assignment, deposit arrangement, encumbrance, lien (statutory or other), charge, or preference, priority or other security interest or preferential arrangement of any kind or nature whatsoever (including any conditional sale or other title retention agreement, any easement, right of way or other encumbrance on title to real property, and any financing lease having substantially the same economic effect as any of the foregoing).

"Material Adverse Effect" means (a) a material adverse change in, or a material adverse effect on, the operations, business, properties, liabilities (actual or contingent), condition (financial or otherwise) or prospects of the Issuer and its Subsidiaries taken as a whole; or (b) a material adverse effect on (i) the ability of the Issuer or any Guarantor to perform its Obligations, (ii) the legality, validity, binding effect or enforceability against the Issuer or any Guarantors of the Note or (iii) the rights, remedies and benefits available to, or conferred upon, the Holder under the Note.

"Material Indebtedness" has the meaning specified in Section 5.1(f).

"Maturity Date" means the date that is ten years after the Closing Date (except that, if such date is not a Business Day, the Maturity Date shall be the next preceding Business Day).

"Note" has the meaning specified in the preamble to this Note.

"Obligations" means all advances to, and debts, liabilities, obligations, covenants and duties of, the Issuer arising under or otherwise with respect to the Note, whether direct or indirect (including those acquired by assumption), absolute or contingent, due or to become due, now existing or hereafter arising and including interest and fees that accrue after the commencement by or against the Issuer or any Affiliate thereof of any proceeding under any Debtor Relief Laws naming such Person as the debtor in such proceeding, regardless of whether such interest and fees are allowed claims in such proceeding. Without limiting the foregoing, the Obligations include (a) the obligation to pay principal, interest, charges, expenses, fees, indemnities and other amounts payable by the Issuer under the Note and (b) the obligation of the Issuer to reimburse any amount in respect of any of the foregoing that the Holder, in each case in its sole discretion, may elect to pay or advance on behalf of the Issuer.

"Obliee Guarantor" has the meaning specified in Annex B.

"Organizational Documents" means (a) as to any corporation, the charter or certificate or articles of incorporation and the bylaws (or equivalent or comparable constitutive documents with respect to any non-U.S. jurisdiction), (b) as to any limited liability company, the certificate or articles of formation or organization and operating or limited liability agreement and (c) as to any partnership, joint venture, trust or other form of business entity, the partnership, joint venture or other applicable agreement of formation or organization and any agreement, instrument, filing or notice with respect thereto filed in connection with its formation or organization with the applicable Governmental Authority in the jurisdiction of its formation or organization and, if applicable, any certificate or articles of formation or organization of such entity.

"Permitted Business" means any business that is the same as, or reasonably related, ancillary, supportive or complementary to, the business in which the Issuer and its Subsidiaries are engaged on the date of this Note.

"Person" means any natural person, corporation, limited liability company, trust, joint venture, association, company, partnership, Governmental Authority or other entity.

"Principal Amount" has the meaning specified in the preamble to this Note.

"PSP Agreement" has the meaning specified in the preamble to this Note.

"PSP Application" means the application form and any related materials submitted by the Carrier to Treasury in connection with an application for financial assistance under Division A, Title IV, Subtitle B of the CARES Act.

"Related Parties" means, with respect to any Person, such Person’s Affiliates and the agents, advisors and representatives of such Person and of such Person’s Affiliates.

"SOFR" means the secured overnight financing rate published by the Federal Reserve Bank of New York, as administrator of the benchmark (or a successor administrator) on the Federal Reserve Bank of New York’s (or such successor’s) website.

Annex A-4
“Subsidiary” of a Person means a corporation, partnership, limited liability company, association or joint venture or other business entity of which a majority of the equity interests having ordinary voting power for the election of directors or other governing body (other than securities or interests having such power only by reason of the happening of a contingency) are at the time owned or the management of which is Controlled, directly, or indirectly through one or more intermediaries, by such Person. Unless otherwise specified, all references herein to a “Subsidiary” or to “Subsidiaries” shall refer to a Subsidiary or Subsidiaries of the Issuer.

“Treasury” has the meaning specified in the preamble to this Note.

“United States” and “U.S.” mean the United States of America.

“Voting Stock” of any specified Person as of any date means the equity interests of such Person that is at the time entitled to vote in the election of the board of directors of such Person.

Annex A-5
1. **Guarantee of the Obligations.** Each Guarantor jointly and severally hereby irrevocably and unconditionally guarantees to the Holder, the due and punctual payment in full of all Obligations (or such lesser amount as agreed by the Holder in its sole discretion) when the same shall become due, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including amounts that would become due but for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code, 11 U.S.C. § 362(a)) (collectively, the “Guaranteed Obligations”).

2. **Payment by a Guarantor.** Each Guarantor hereby jointly and severally agrees, in furtherance of the foregoing and not in limitation of any other right which the Holder may have at law or in equity against any Guarantor by virtue hereof, that upon the failure of the Issuer to pay any of the Guaranteed Obligations when and as the same shall become due, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including amounts that would become due for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code, 11 U.S.C. § 362(a)), such Guarantor will upon demand pay, or cause to be paid, in cash, to the Holder an amount equal to the sum of the unpaid principal amount of all Guaranteed Obligations then due as aforesaid, accrued and unpaid interest on such Guaranteed Obligations (including interest which, but for the Issuer’s becoming the subject of a case under the Bankruptcy Code, would have accrued on such Guaranteed Obligations, whether or not a claim is allowed against the Issuer for such interest in the related bankruptcy case) and all other Guaranteed Obligations then owed to the Holder as aforesaid.

3. **Liability of Guarantors Absolute.** Each Guarantor agrees that its obligations hereunder are irrevocable, absolute, independent and unconditional and shall not be affected by any circumstance which constitutes a legal or equitable discharge of a guarantor or surety other than payment in full of the Guaranteed Obligations. In furtherance of the foregoing and without limiting the generality thereof, each Guarantor agrees as follows:

(a) this Guarantee is a guarantee of payment when due and not of collectability;

(b) the Holder may enforce this Guarantee upon the occurrence of an Event of Default notwithstanding the existence of any dispute between the Issuer and the Holder with respect to the existence of such Event of Default;

(c) a separate action or actions may be brought and prosecuted against such Guarantor whether or not any action is brought against the Issuer or any other Guarantors and whether or not Issuer or such Guarantors are joined in any such action or actions;

(d) payment by any Guarantor of a portion, but not all, of the Guaranteed Obligations shall in no way limit, affect, modify or abridge any other Guarantor’s liability for any portion of the Guaranteed Obligations which has not been paid;

(e) the Holder, upon such terms as it deemed appropriate, without notice or demand and without affecting the validity or enforceability hereof or giving rise to any reduction, limitation, impairment, discharge or termination of any Guarantor’s liability hereunder, from time to time may (i) renew, extend, accelerate, increase the rate of interest on, or otherwise change the time, place, manner or terms of payment of the Guaranteed Obligations; (ii) settle, compromise, release or discharge, or accept or refuse any offer of performance with respect to, or substitutions for, the Guaranteed Obligations or subordinate the payment of the same to the payment of any other obligation; (iii) release, surrender, exchange, substitute, compromise, settle, rescind, waive, alter, subordinate or modify, with or without consideration, any security for payment of the Guaranteed Obligations, any other guarantees of the Guaranteed Obligations, or any other obligation of any Person (including any other Guarantor) with respect to the Guaranteed Obligations; and (iv) enforce its rights and remedies even though such action may operate to impair or extinguish any right of reimbursement or subrogation or other right or remedy of any Guarantor against the Issuer or any security for the Guaranteed Obligations; and

(f) this Guarantee and the obligations of each Guarantor hereunder shall be valid and enforceable and shall not be subject to any reduction, limitation, impairment, discharge or termination for any reason (other than payment in full of the Guaranteed Obligations), including the occurrence of any of the following: (i) any failure, delay or omission to assert or enforce or agreement or election not to assert or enforce, or the stay or enjoining, by order of court, by operation of law or otherwise, of the exercise or enforcement of, any claim or demand or any right, power or remedy with respect to the Guaranteed Obligations, or with respect to any security for the payment of the Guaranteed

Annex B-1
Obligations; (ii) any rescission, waiver, amendment or modification of, or any consent to departure from, any of the terms or provisions hereof; (iii) the Guaranteed Obligations, or any agreement relating thereto, at any time being found to be illegal, invalid or unenforceable in any respect; (iv) the Holder’s consent to the change, reorganization or termination of the corporate structure or existence of the Issuer or any of its Subsidiaries and to any corresponding restructuring of the Guaranteed Obligations; (v) any defenses, set-offs or counterclaims which the Issuer or any Guarantor may allege or assert against the Holder in respect of the Guaranteed Obligations, including failure of consideration, lack of authority, validity or enforceability, breach of warranty, payment, statute of frauds, statute of limitations, accord and satisfaction and usury; and (vi) any other event or circumstance that might in any manner vary the risk of any Guarantor as an obligor in respect of the Guaranteed Obligations.

4. Waivers by Guarantors. Each Guarantor hereby waives, for the benefit of the Holder: (a) any right to require the Holder, as a condition of payment or performance by such Guarantor, to (i) proceed against Issuer, any Guarantor or any other Person; (ii) proceed against or exhaust any security in favor of the Holder; or (iii) pursue any other remedy in the power of the Holder whatsoever or (b) presentment to, demand for payment from and protest to the Issuer or any Guarantor or notice of acceptance; and (c) any defenses or benefits that may be derived from or afforded by law which limit the liability of or exonerate guarantors or sureties, or which may conflict with the terms hereof.

5. Guarantors’ Rights of Subrogation, Contribution, etc. Until the Guaranteed Obligations shall have been paid in full, each Guarantor hereby waives any claim, right or remedy, direct or indirect, that such Guarantor now has or may hereafter have against the Issuer or any other Guarantor or any of its assets in connection with this Guarantee or the performance by such Guarantor of its obligations hereunder, including without limitation (a) any right of subrogation, reimbursement or indemnification that such Guarantor now has or may hereafter have against the Issuer with respect to the Guaranteed Obligations, (b) any right to enforce, or to participate in, any claim, right or remedy that the Holder now has or may hereafter have against the Issuer, and (c) any benefit of, and any right to participate in, any collateral or security now or hereafter held by the Holder. In addition, until the Guaranteed Obligations shall have been paid in full, each Guarantor shall withhold exercise of any right of contribution such Guarantor may have against any other guarantor (including any other Guarantor) of the Guaranteed Obligations. If any amount shall be paid to any Guarantor on account of any such subrogation, reimbursement, indemnification or contribution rights at any time when all Guaranteed Obligations shall not have been finally and paid in full, such amount shall be held in trust for the Holder and shall forthwith be paid over to the Holder to be credited and applied against the Guaranteed Obligations, whether matured or unmatured, in accordance with the terms hereof.

6. Subordination. Any Indebtedness of the Issuer or any Guarantor now or hereafter held by any Guarantor (the “Obligee Guarantor”) is hereby subordinated in right of payment to the Guaranteed Obligations, and any such indebtedness collected or received by the Obligee Guarantor after an Event of Default has occurred and is continuing shall be held in trust for the Holder and shall forthwith be paid over to the Holder to be credited and applied against the Guaranteed Obligations but without affecting, impairing or limiting in any manner the liability of the Obligee Guarantor under any other provision hereof.

7. Continuing Guarantee. This Guarantee is a continuing guarantee and shall remain in effect until all of the Guaranteed Obligations shall have been paid in full. Each Guarantor hereby irrevocably waives any right to revoke this Guarantee as to future transactions giving rise to any Guaranteed Obligations.

8. Financial Condition of the Issuer. The Note may be issued to the Issuer without notice to or authorization from any Guarantor regardless of the financial or other condition of the Issuer at the time of such grant. Each Guarantor has adequate means to obtain information from the Issuer on a continuing basis concerning the financial condition of the Issuer and its ability to perform its obligations under the Note, and each Guarantor assumes the responsibility for being and keeping informed of the financial condition of the Issuer and of all circumstances bearing upon the risk of nonpayment of the Guaranteed Obligations.

9. Reinstatement. In the event that all or any portion of the Guaranteed Obligations are paid by the Issuer or any Guarantor, the obligations of any other Guarantor hereunder shall continue and remain in full force and effect or be reinstated, as the case may be, in the event that all or any part of such payment(s) are rescinded or recovered directly or indirectly from the Holder as a preference, fraudulent transfer or otherwise, and any such payments which are so rescinded or recovered shall constitute Guaranteed Obligations for all purposes hereunder.

10. Discharge of Guarantee Upon Sale of the Guarantor. If, in compliance with the terms and provisions of the Note, all of the capital stock of any Guarantor that is a Subsidiary of the Carrier or any of its successors in interest hereunder shall be sold or otherwise disposed of (including by merger or consolidation) to any Person (other than to

Annex B-2
the Issuer or to any other Guarantor), the Guarantee of such Guarantor or such successor in interest, as the case may be, hereunder shall automatically be discharged and released without any further action by any beneficiary or any other Person effective as of the time of such asset sale.

PAYROLL SUPPORT PROGRAM AGREEMENT

INTRODUCTION

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act or Act) directs the Department of the Treasury (Treasury) to provide Payroll Support (as defined herein) to passenger air carriers, cargo air carriers, and certain contractors that must be exclusively used for the continuation of payment of Employee Salaries, Wages, and Benefits (as defined herein). The Act permits Treasury to provide Payroll Support in such form, and on such terms and conditions, as the Secretary of the Treasury determines appropriate, and requires certain assurances from the Recipient (as defined herein).

This Payroll Support Program Agreement, including the application and all supporting documents submitted by the Recipient and the Payroll Support Certification attached hereto (collectively, Agreement), memorializes the binding terms and conditions applicable to the Recipient.

DEFINITIONS

As used in this Agreement, the following terms shall have the following respective meanings, unless the context clearly requires otherwise. In addition, this Agreement shall be construed in a manner consistent with any public guidance Treasury may from time to time issue regarding the implementation of Division A, Title IV, Subtitle B of the CARES Act.

Additional Payroll Support Payment means any disbursement of Payroll Support occurring after the first disbursement of Payroll Support under this Agreement.

Affiliate means any Person that directly or indirectly controls, is controlled by, or is under common control with, the Recipient. For purposes of this definition, “control” of a Person shall mean having the power, directly or indirectly, to direct or cause the direction of the management and policies of such Person, whether by ownership of voting equity, by contract, or otherwise.

Benefits means, without duplication of any amounts counted as Salary or Wages, pension expenses in respect of Employees, all expenses for accident, sickness, hospital, and death benefits to Employees, and the cost of insurance to provide such benefits; any Severance Pay or Other Benefits payable to Employees pursuant to a bona fide voluntary early retirement program or voluntary furlough; and any other similar expenses paid by the Recipient for the benefit of Employees, including any other fringe benefit expense described in lines 10 and 11 of Financial Reporting Schedule P-6, Form 41, as published by the Department of Transportation, but excluding any Federal, state, or local payroll taxes paid by the Recipient.

Corporate Officer means, with respect to the Recipient, its president; any vice president in charge of a principal business unit, division, or function (such as sales, administration or finance); any other officer who performs a policy-making function; or any other person who
performs similar policy making functions for the Recipient. Executive officers of subsidiaries or parents of the Recipient may be deemed Corporate Officers of the Recipient if they perform such policy-making functions for the Recipient.

Employee means an individual who is employed by the Recipient and whose principal place of employment is in the United States (including its territories and possessions), including salaried, hourly, full-time, part-time, temporary, and leased employees, but excluding any individual who is a Corporate Officer or independent contractor.

Involuntary Termination or Furlough means the Recipient terminating the employment of one or more Employees or requiring one or more Employees to take a temporary suspension or unpaid leave for any reason, including a shut-down or slow-down of business; provided, however, that an Involuntary Termination or Furlough does not include a Permitted Termination or Furlough.

Maximum Awardable Amount means the amount determined by the Secretary with respect to the Recipient pursuant to section 4113(a)(1), (2), or (3) (as applicable) of the CARES Act.

Payroll Support means funds disbursed by the Secretary to the Recipient under this Agreement, including the first disbursement of Payroll Support and any Additional Payroll Support Payment.

Permitted Termination or Furlough means, with respect to an Employee, (1) a voluntary furlough, voluntary leave of absence, voluntary resignation, or voluntary retirement, (2) termination of employment resulting from such Employee’s death or disability, or (3) the Recipient terminating the employment of such Employee for cause or placing such Employee on a temporary suspension or unpaid leave of absence for disciplinary reasons, in either case, as reasonably determined by the Recipient acting in good faith.

Person means any natural person, corporation, limited liability company, partnership, joint venture, trust, business association, governmental entity, or other entity.

Recipient means, collectively, the Signatory Entity; its Affiliates that are air carriers as defined in 49 U.S.C. § 40102; and their respective heirs, executors, administrators, successors, and assigns.

Salary means, without duplication of any amounts counted as Benefits, a predetermined regular payment, typically paid on a weekly or less frequent basis but which may be expressed as an hourly, weekly, annual or other rate, as well as cost-of-living differentials, vacation time, paid time off, sick leave, and overtime pay, paid by the Recipient to its Employees, but excluding any Federal, state, or local payroll taxes paid by the Recipient.

Secretary means the Secretary of the Treasury.

Severance Pay or Other Benefits means any severance payment or other similar benefits, including cash payments, health care benefits, perquisites, the enhancement or acceleration of the payment or vesting of any payment or benefit or any other in-kind benefit payable (whether in lump sum or over time, including after March 24, 2022) by the Recipient to a Corporate Officer or Employee in connection with any termination of such Corporate Officer’s or Employee’s employment (including, without limitation, resignation, severance, retirement, or constructive termination), which shall be determined and calculated in respect of any Employee or Corporate
Officer of the Recipient in the manner prescribed in 17 CFR 229.402(j) (without regard to its limitation to the five most highly compensated executives and using the actual date of termination of employment rather than the last business day of the Recipient’s last completed fiscal year as the trigger event).

Signatory Entity means the passenger air carrier, cargo air carrier, or contractor that has entered into this Agreement.

Taxpayer Protection Instruments means warrants, options, preferred stock, debt securities, notes, or other financial instruments issued by the Recipient or an Affiliate to Treasury as compensation for the Payroll Support under this Agreement, if applicable.

Total Compensation means compensation including salary, wages, bonuses, awards of stock, and any other financial benefits provided by the Recipient or an Affiliate, as applicable, which shall be determined and calculated for the 2019 calendar year or any applicable 12-month period in respect of any Employee or Corporate Officer of the Recipient in the manner prescribed under paragraph e.5 of the award term in 2 CFR part 170, App. A, but excluding any Severance Pay or Other Benefits in connection with a termination of employment.

Wage means, without duplication of any amounts counted as Benefits, a payment, typically paid on an hourly, daily, or piecework basis, including cost-of-living differentials, vacation, paid time off, sick leave, and overtime pay, paid by the Recipient to its Employees, but excluding any Federal, state, or local payroll taxes paid by the Recipient.

PAYROLL SUPPORT PAYMENTS

1. Upon the execution of this Agreement by Treasury and the Recipient, the Secretary shall approve the Recipient’s application for Payroll Support.

2. The Recipient may receive Payroll Support in multiple payments up to the Maximum Awardable Amount, and the amounts (individually and in the aggregate) and timing of such payments will be determined by the Secretary in his sole discretion. The Secretary may, in his sole discretion, increase or reduce the Maximum Awardable Amount (a) consistent with section 4113(a) of the CARES Act and (b) on a pro rata basis in order to address any shortfall in available funds, pursuant to section 4113(c) of the CARES Act.

3. The Secretary may determine in his sole discretion that any Payroll Support shall be conditioned on, and subject to, such additional terms and conditions (including the receipt of, and any terms regarding, Taxpayer Protection Instruments) to which the parties may agree in writing.

TERMS AND CONDITIONS

Retaining and Paying Employees

4. The Recipient shall use the Payroll Support exclusively for the continuation of payment of Wages, Salaries, and Benefits to the Employees of the Recipient.
a. **Furloughs and Layoffs.** The Recipient shall not conduct an Involuntary Termination or Furlough of any Employee between the date of this Agreement and September 30, 2020.

b. **Employee Salary, Wages, and Benefits**
   
i. **Salary and Wages.** Except in the case of a Permitted Termination or Furlough, the Recipient shall not, between the date of this Agreement and September 30, 2020, reduce, without the Employee’s consent, (A) the pay rate of any Employee earning a Salary, or (B) the pay rate of any Employee earning Wages.

   
   ii. **Benefits.** Except in the case of a Permitted Termination or Furlough, the Recipient shall not, between the date of this Agreement and September 30, 2020, reduce, without the Employee’s consent, the Benefits of any Employee; provided, however, that for purposes of this paragraph, personnel expenses associated with the performance of work duties, including those described in line 10 of Financial Reporting Schedule P-6, Form 41, as published by the Department of Transportation, may be reduced to the extent the associated work duties are not performed.

### Dividends and Buybacks

5. Through September 30, 2021, neither the Recipient nor any Affiliate shall, in any transaction, purchase an equity security of the Recipient or of any direct or indirect parent company of the Recipient that, in either case, is listed on a national securities exchange.

6. Through September 30, 2021, the Recipient shall not pay dividends, or make any other capital distributions, with respect to the common stock (or equivalent equity interest) of the Recipient.

### Limitations on Certain Compensation

7. Beginning March 24, 2020, and ending March 24, 2022, the Recipient and its Affiliates shall not pay any of the Recipient’s Corporate Officers or Employees whose Total Compensation exceeded $425,000 in calendar year 2019 (other than an Employee whose compensation is determined through an existing collective bargaining agreement entered into before March 27, 2020):

   a. Total Compensation which exceeds, during any 12 consecutive months of such two-year period, the Total Compensation the Corporate Officer or Employee received in calendar year 2019; or

   b. Severance Pay or Other Benefits in connection with a termination of employment with the Recipient which exceed twice the maximum Total Compensation received by such Corporate Officer or Employee in calendar year 2019.
8. Beginning March 24, 2020, and ending March 24, 2022, the Recipient and its Affiliates shall not pay any of the Recipient’s Corporate Officers or Employees whose Total Compensation exceeded $3,000,000 in calendar year 2019 Total Compensation in excess of the sum of:
   a. $3,000,000; and
   b. 50 percent of the excess over $3,000,000 of the Total Compensation received by such Corporate Officer or Employee in calendar year 2019.
9. For purposes of determining applicable amounts under paragraphs 7 and 8 with respect to any Corporate Officer or Employee who was employed by the Recipient or an Affiliate for less than all of calendar year 2019, the amount of Total Compensation in calendar year 2019 shall mean such Corporate Officer’s or Employee’s Total Compensation on an annualized basis.

Continuation of Service
10. If the Recipient is an air carrier, until March 1, 2022, the Recipient shall comply with any applicable requirement issued by the Secretary of Transportation under section 4114(b) of the CARES Act to maintain scheduled air transportation service to any point served by the Recipient before March 1, 2020.

Effective Date
11. This Agreement shall be effective as of the date of its execution by both parties.

Reporting and Auditing
12. Until the calendar quarter that begins after the later of March 24, 2022, and the date on which no Taxpayer Protection Instrument is outstanding, not later than 45 days after the end of each of the first three calendar quarters of each calendar year and 90 days after the end of each calendar year, the Signatory Entity, on behalf of itself and each other Recipient, shall certify to Treasury that it is in compliance with the terms and conditions of this Agreement and provide a report containing the following:
   a. the amount of Payroll Support funds expended during such quarter;
   b. the Recipient’s financial statements (audited by an independent certified public accountant, in the case of annual financial statements); and
   c. a copy of the Recipient’s IRS Form 941 filed with respect to such quarter; and
   d. a detailed summary describing, with respect to the Recipient, (a) any changes in Employee headcount during such quarter and the reasons therefor, including any Involuntary Termination or Furlough, (b) any changes in the amounts spent by the Recipient on Employee Wages, Salary, and Benefits during such quarter, and (c) any changes in Total Compensation for, and any Severance Pay or Other Benefits in connection with the termination of, Corporate Officers and Employees subject to limitation under this Agreement during such quarter; and the reasons for any such changes.
13. If the Recipient or any Affiliate, or any Corporate Officer of the Recipient or any Affiliate, becomes aware of facts, events, or circumstances that may materially affect the Recipient’s compliance with the terms and conditions of this Agreement, the Recipient or Affiliate shall promptly provide Treasury with a written description of the events or circumstances and any action taken, or contemplated, to address the issue.

14. In the event the Recipient contemplates any action to commence a bankruptcy or insolvency proceeding in any jurisdiction, the Recipient shall promptly notify Treasury.

15. The Recipient shall:
   a. Promptly provide to Treasury and the Treasury Inspector General a copy of any Department of Transportation Inspector General report, audit report, or report of any other oversight body, that is received by the Recipient relating to this Agreement.
   b. Immediately notify Treasury and the Treasury Inspector General of any indication of fraud, waste, abuse, or potentially criminal activity pertaining to the Payroll Support.
   c. Promptly provide Treasury with any information Treasury may request relating to compliance by the Recipient and its Affiliates with this Agreement.

16. The Recipient and Affiliates will provide Treasury, the Treasury Inspector General, and such other entities as authorized by Treasury timely and unrestricted access to all documents, papers, or other records, including electronic records, of the Recipient related to the Payroll Support, to enable Treasury and the Treasury Inspector General to make audits, examinations, and otherwise evaluate the Recipient’s compliance with the terms of this Agreement. This right also includes timely and reasonable access to the Recipient’s and its Affiliates’ personnel for the purpose of interview and discussion related to such documents. This right of access shall continue as long as records are required to be retained.

Recordkeeping and Internal Controls

17. If Treasury notifies the Recipient that the first disbursement of Payroll Support to the Recipient under this Agreement is the Maximum Awardable Amount (subject to any pro rata reductions and as determined by the Secretary as of the date of such disbursement), the Recipient shall maintain the Payroll Support funds in a separate account over which Treasury shall have a perfected security interest to continue the payment of Wages, Salary, and Benefits to the Employees. For the avoidance of doubt, regardless whether the first disbursement of Payroll Support to the Recipient under this Agreement is the Maximum Awardable Amount, if the Recipient is a debtor as defined under 11 U.S.C. § 101(13), the Payroll Support funds, any claim or account receivable arising under this Agreement, and any segregated account holding funds received under this Agreement shall not constitute or become property of the estate under 11 U.S.C. § 541.
18. The Recipient shall expend and account for Payroll Support funds in a manner sufficient to:
   a. Permit the preparation of accurate, current, and complete quarterly reports as required under this Agreement.
   b. Permit the tracing of funds to a level of expenditures adequate to establish that such funds have been used as required under this Agreement.

19. The Recipient shall establish and maintain effective internal controls over the Payroll Support; comply with all requirements related to the Payroll Support established under applicable Federal statutes and regulations; monitor compliance with Federal statutes, regulations, and the terms and conditions of this Agreement; and take prompt corrective actions in accordance with audit recommendations. The Recipient shall promptly remedy any identified instances of noncompliance with this Agreement.

20. The Recipient and Affiliates shall retain all records pertinent to the receipt of Payroll Support and compliance with the terms and conditions of this Agreement (including by suspending any automatic deletion functions for electronic records, including e-mails) for a period of three years following the period of performance. Such records shall include all information necessary to substantiate factual representations made in the Recipient’s application for Payroll Support, including ledgers and sub-ledgers, and the Recipient’s and Affiliates’ compliance with this Agreement. While electronic storage of records (backed up as appropriate) is preferable, the Recipient and Affiliates may store records in hardcopy (paper) format. The term “records” includes all relevant financial and accounting records and all supporting documentation for the information reported on the Recipient’s quarterly reports.

21. If any litigation, claim, investigation, or audit relating to the Payroll Support is started before the expiration of the three-year period, the Recipient and Affiliates shall retain all records described in paragraph 20 until all such litigation, claims, investigations, or audit findings have been completely resolved and final judgment entered or final action taken.

Remedies

22. If Treasury believes that an instance of noncompliance by the Recipient or an Affiliate with (a) this Agreement, (b) sections 4114 or 4116 of the CARES Act, or (c) the Internal Revenue Code of 1986 as it applies to the receipt of Payroll Support has occurred, Treasury may notify the Recipient in writing of its proposed determination of noncompliance, provide an explanation of the nature of the noncompliance, and specify a proposed remedy. Upon receipt of such notice, the Recipient shall, within seven days, accept Treasury’s proposed remedy, propose an alternative remedy, or provide information and documentation contesting Treasury’s proposed determination. Treasury shall consider any such submission by the Recipient and make a final written determination, which will state Treasury’s findings regarding noncompliance and the remedy to be imposed.

23. If Treasury makes a final determination under paragraph 22 that an instance of noncompliance has occurred, Treasury may, in its sole discretion, withhold any Additional Payroll Support Payments; require the repayment of the amount of any previously disbursed...
Payroll Support, with appropriate interest; require additional reporting or monitoring; initiate suspension or debarment proceedings as authorized under 2 CFR Part 180; terminate this Agreement; or take any such other action as Treasury, in its sole discretion, deems appropriate.

24. Treasury may make a final determination regarding noncompliance without regard to paragraph 22 if Treasury determines, in its sole discretion, that such determination is necessary to protect a material interest of the Federal Government. In such event, Treasury shall notify the Recipient of the remedy that Treasury, in its sole discretion, shall impose, after which the Recipient may contest Treasury’s final determination or propose an alternative remedy in writing to Treasury. Following the receipt of such a submission by the Recipient, Treasury may, in its sole discretion, maintain or alter its final determination.

25. Any final determination of noncompliance and any final determination to take any remedial action described herein shall not be subject to further review. To the extent permitted by law, the Recipient waives any right to judicial review of any such determinations and further agrees not to assert in any court any claim arising from or relating to any such determination or remedial action.

26. Instead of, or in addition to, the remedies listed above, Treasury may refer any noncompliance or any allegations of fraud, waste, or abuse to the Treasury Inspector General.

27. Treasury, in its sole discretion, may grant any request by the Recipient for termination of this Agreement, which such request shall be in writing and shall include the reasons for such termination, the proposed effective date of the termination, and the amount of any unused Payroll Support funds the Recipient requests to return to Treasury. Treasury may, in its sole discretion, determine the extent to which the requirements under this Agreement may cease to apply following any such termination.

28. If Treasury determines that any remaining portion of the Payroll Support will not accomplish the purpose of this Agreement, Treasury may terminate this Agreement in its entirety to the extent permitted by law.

Debts

29. Any Payroll Support in excess of the amount which Treasury determines, at any time, the Recipient is authorized to receive or retain under the terms of this Agreement constitutes a debt to the Federal Government.

30. Any debts determined to be owed by the Recipient to the Federal Government shall be paid promptly by the Recipient. A debt is delinquent if it has not been paid by the date specified in Treasury’s initial written demand for payment, unless other satisfactory arrangements have been made. Interest, penalties, and administrative charges shall be charged on delinquent debts in accordance with 31 U.S.C. § 3717, 31 CFR 901.9, and paragraphs 31 and 32. Treasury will refer any debt that is more than 180 days delinquent to Treasury’s Bureau of the Fiscal Service for debt collection services.
31. Penalties on any debts shall accrue at a rate of not more than 6 percent per year or such other higher rate as authorized by law.

32. Administrative charges relating to the costs of processing and handling a delinquent debt shall be determined by Treasury.

33. The Recipient shall not use funds from other federally sponsored programs to pay a debt to the government arising under this Agreement.

**Protections for Whistleblowers**

34. In addition to other applicable whistleblower protections, in accordance with 41 U.S.C. § 4712, the Recipient shall not discharge, demote, or otherwise discriminate against an Employee as a reprisal for disclosing information to a Person listed below that the Employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant:

   a. A Member of Congress or a representative of a committee of Congress;
   b. An Inspector General;
   c. The Government Accountability Office;
   d. A Treasury employee responsible for contract or grant oversight or management;
   e. An authorized official of the Department of Justice or other law enforcement agency;
   f. A court or grand jury; or
   g. A management official or other Employee of the Recipient who has the responsibility to investigate, discover, or address misconduct.

**Lobbying**

**Non-Discrimination**

36. The Recipient shall comply with, and hereby assures that it will comply with, all applicable Federal statutes and regulations relating to nondiscrimination including:

   a. Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.), including Treasury’s implementing regulations at 31 CFR Part 22;
b. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794);

c. The Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101–6107), including Treasury’s implementing regulations at 31 CFR Part 23 and the general age discrimination regulations at 45 CFR Part 90; and

Additional Reporting

37. Within seven days after the date of this Agreement, the Recipient shall register in SAM.gov, and thereafter maintain the currency of the information in SAM.gov until at least March 24, 2022. The Recipient shall review and update such information at least annually after the initial registration, and more frequently if required by changes in the Recipient’s information. The Recipient agrees that this Agreement and information related thereto, including the Maximum Awardable Amount and any executive total compensation reported pursuant to paragraph 38, may be made available to the public through a U.S. Government website, including SAM.gov.

38. For purposes of paragraph 37, the Recipient shall report total compensation as defined in paragraph e.5 of the award term in 2 CFR part 170, App. A for each of the Recipient’s five most highly compensated executives for the preceding completed fiscal year, if:

a. the total Payroll Support is $25,000 or more;

b. in the preceding fiscal year, the Recipient received:

i. 80 percent or more of its annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance, as defined at 2 CFR 170.320 (and subawards); and

ii. $25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance, as defined at 2 CFR 170.320 (and subawards); and

c. the public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. To determine if the public has access to the compensation information, the Recipient shall refer to U.S. Securities and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm.

39. The Recipient shall report executive total compensation described in paragraph 38:

a. as part of its registration profile at https://www.sam.gov; and
b. within five business days after the end of each month following the month in which this Agreement becomes effective, and annually thereafter.

40. The Recipient agrees that, from time to time, it will, at its own expense, promptly upon reasonable request by Treasury, execute and deliver, or cause to be executed and delivered, or use its commercially reasonable efforts to procure, all instruments, documents and information, all in form and substance reasonably satisfactory to Treasury, to enable Treasury to ensure compliance with, or effect the purposes of, this Agreement, which may include, among other documents or information, (a) certain audited financial statements of the Recipient, (b) documentation regarding the Recipient's revenues derived from its business as a passenger or cargo air carrier or regarding the passenger air carriers for which the Recipient provides services as a contractor (as the case may be), and (c) the Recipient’s most recent quarterly Federal tax returns. The Recipient agrees to provide Treasury with such documents or information promptly.

41. If the total value of the Recipient’s currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds $10,000,000 for any period before termination of this Agreement, then the Recipient shall make such reports as required by 2 CFR part 200, Appendix XII.

Other

42. The Recipient acknowledges that neither Treasury, nor any other actor, department, or agency of the Federal Government, shall condition the provision of Payroll Support on the Recipient’s implementation of measures to enter into negotiations with the certified bargaining representative of a craft or class of employees of the Recipient under the Railway Labor Act (45 U.S.C. 151 et seq.) or the National Labor Relations Act (29 U.S.C. 151 et seq.), regarding pay or other terms and conditions of employment.

43. Notwithstanding any other provision of this Agreement, the Recipient has no right to, and shall not, transfer, pledge, mortgage, encumber, or otherwise assign this Agreement or any Payroll Support provided under this Agreement, or any interest therein, or any claim, account receivable, or funds arising thereunder or accounts holding Payroll Support, to any party, bank, trust company, or other Person without the express written approval of Treasury.

44. The Signatory Entity will cause its Affiliates to comply with all of their obligations under or relating to this Agreement.

45. Unless otherwise provided in guidance issued by Treasury or the Internal Revenue Service, the form of any Taxpayer Protection Instrument held by Treasury and any subsequent holder will be treated as such form for purposes of the Internal Revenue Code of 1986 (for example, a Taxpayer Protection Instrument in the form of a note will be treated as indebtedness for purposes of the Internal Revenue Code of 1986).

46. This Agreement may not be amended or modified except pursuant to an agreement in writing entered into by the Recipient and Treasury, except that Treasury may unilaterally amend this Agreement if required in order to comply with applicable Federal law or regulation.
47. Subject to applicable law, Treasury may, in its sole discretion, waive any term or condition under this Agreement imposing a requirement on the Recipient or any Affiliate.

48. This Agreement shall bind and inure to the benefit of the parties and their respective heirs, executors, administrators, successors, and assigns.

49. The Recipient represents and warrants to Treasury that this Agreement, and the issuance and delivery to Treasury of the Taxpayer Protection Instruments, if applicable, have been duly authorized by all requisite corporate and, if required, stockholder action, and will not result in the violation by the Recipient of any provision of law, statute, or regulation, or of the articles of incorporation or other constitutive documents or bylaws of the Recipient, or breach or constitute an event of default under any material contract to which the Recipient is a party.

50. The Recipient represents and warrants to Treasury that this Agreement has been duly executed and delivered by the Recipient and constitutes a legal, valid, and binding obligation of the Recipient enforceable against the Recipient in accordance with its terms.

51. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which together shall constitute a single contract.

52. The words “execution,” “signed,” “signature,” and words of like import in any assignment shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act. Notwithstanding anything herein to the contrary, delivery of an executed counterpart of a signature page of this Agreement by electronic means, or confirmation of the execution of this Agreement on behalf of a party by an email from an authorized signatory of such party, shall be effective as delivery of a manually executed counterpart of this Agreement.

53. The captions and paragraph headings appearing herein are included solely for convenience of reference and are not intended to affect the interpretation of any provision of this Agreement.

54. This Agreement is governed by and shall be construed in accordance with Federal law. Insofar as there may be no applicable Federal law, this Agreement shall be construed in accordance with the laws of the State of New York, without regard to any rule of conflicts of law (other than section 5-1401 of the New York General Obligations Law) that would result in the application of the substantive law of any jurisdiction other than the State of New York.

55. Nothing in this Agreement shall require any unlawful action or inaction by either party.
56. The requirement pertaining to trafficking in persons at 2 CFR 175.15(b) is incorporated herein and made applicable to the Recipient.

57. This Agreement, together with the attachments hereto, including the Payroll Support Certification and any attached terms regarding Taxpayer Protection Instruments, constitute the entire agreement of the parties relating to the subject matter hereof and supersede any previous agreements and understandings, oral or written, relating to the subject matter hereof. There may exist other agreements between the parties as to other matters, which are not affected by this Agreement and are not included within this integration clause.

58. No failure by either party to insist upon the strict performance of any provision of this Agreement or to exercise any right or remedy hereunder, and no acceptance of full or partial Payroll Support (if applicable) or other performance by either party during the continuance of any such breach, shall constitute a waiver of any such breach of such provision.

ATTACHMENT

Payroll Support Program Certification of Corporate Officer of Recipient
PAYROLL SUPPORT PROGRAM

CERTIFICATION OF CORPORATE OFFICER OF RECIPIENT

In connection with the Payroll Support Program Agreement (Agreement) between Frontier Airlines, Inc. and the Department of the Treasury (Treasury) relating to Payroll Support being provided by Treasury to the Recipient under Division A, Title IV, Subtitle B of the Coronavirus Aid, Relief and Economic Security Act, I hereby certify under penalty of perjury to the Treasury that all of the following are true and correct. Capitalized terms used but not defined herein have the meanings set forth in the Agreement.

(1) I have the authority to make the following representations on behalf of myself and the Recipient. I understand that these representations will be relied upon as material in the decision by Treasury to provide Payroll Support to the Recipient.

(2) The information and certifications provided by the Recipient in an application for Payroll Support, and in any attachments or other information provided by the Recipient to Treasury related to the application, are true and correct and do not contain any materially false, fictitious, or fraudulent statement, nor any concealment or omission of any material fact.

(3) The Recipient has the legal authority to apply for the Payroll Support, and it has the institutional, managerial, and financial capability to comply with all obligations, terms, and conditions set forth in the Agreement and any attachment thereto.

(4) The Recipient and any Affiliate will give Treasury, Treasury's designee or the Treasury Office of Inspector General (as applicable) access to, and opportunity to examine, all documents, papers, or other records of the Recipient or Affiliate pertinent to the provision of Payroll Support made by Treasury based on the application, in order to make audits, examinations, excerpts, and transcripts.

(5) No Federal appropriated funds, including Payroll Support, have been paid or will be paid, by or on behalf of the Recipient, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(6) If the Payroll Support exceeds $100,000, the Recipient shall comply with the disclosure requirements in 31 CFR Part 21 regarding any amounts paid for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the Payroll Support.
I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification, or in the application that it supports, may be the subject of criminal prosecution and also may subject me and the Recipient to civil penalties and/or administrative remedies for false claims or otherwise.

WARRANT AGREEMENT dated as of April 30, 2020 (this “Agreement”), between Frontier Group Holdings, Inc., a corporation organized under the laws of Delaware (the “Company”) and the UNITED STATES DEPARTMENT OF THE TREASURY (“Treasury”).

WHEREAS, the Company has requested that Treasury provide financial assistance to the Recipient (as defined in the PSP Agreement) that shall exclusively be used for the continuation of payment of employee wages, salaries, and benefits as is permissible under Section 4112(a) of Title IV of the Coronavirus Aid, Relief, and Economic Security Act, Pub. L. 116-136 (Mar. 27, 2020), as the same may be amended from time to time (the “CARES Act”), and Treasury is willing to do so on the terms and conditions set forth in the Payroll Support Program Agreement dated as of April 30, 2020, between Frontier Airlines, Inc. and Treasury (the “PSP Agreement”); and

WHEREAS, as appropriate compensation to the Federal Government of the United States of America for the provision of financial assistance under the PSP Agreement, the Company has agreed to issue a note to be repaid to Treasury on the terms and conditions set forth in the promissory note dated as of April 30, 2020, issued by the Company, in the name of Treasury as the holder (the “Promissory Note”) and agreed to issue in a private placement warrants to purchase the number of shares of its Common Stock determined in accordance with Schedule 1 to this Agreement (the “Warrants”) to Treasury;

NOW, THEREFORE, in consideration of the premises, and of the representations, warranties, covenants and agreements set forth herein, the parties agree as follows:

Article I
Closing

1.1 Issuance.

(a) On the terms and subject to the conditions set forth in this Agreement, the Company agrees to issue to Treasury, on each Warrant Closing Date, Warrants for a number of shares of Common Stock determined by the formula set forth in Schedule 1.

1.2 Initial Closing; Warrant Closing Date.

(a) On the terms and subject to the conditions set forth in this Agreement, the closing of the initial issuance of the Warrants (the “Initial Closing”) will take place on or before the 90th day after the Closing Date (as defined in the Promissory Note) or, if on the 90th day after the Closing Date the principal amount of the Promissory Note is $0, the first date on which such principal amount is increased. After the Initial Closing, the closing of any subsequent issuance will take place on the date of each increase, if any, of the principal amount of the Promissory Note (each subsequent closing, together with the Initial Closing, a “Closing” and each such date a “Warrant Closing Date”).

(b) On each Warrant Closing Date, the Company will issue to Treasury a duly executed Warrant or Warrants with an Exercise Price determined by the formula set forth in paragraph (a) of Schedule 1 for a number of shares of Common Stock determined by the formula set forth in paragraph (b) of Schedule 1, as evidenced by one or more certificates dated the Warrant Closing Date and bearing appropriate legends as hereinafter provided for and in substantially the form attached hereto as Annex B.
(c) On each Warrant Closing Date, the Company shall deliver to Treasury (i) a written opinion from counsel to the Company (which may be internal counsel) addressed to Treasury and dated as of such Warrant Closing Date, in substantially the form attached hereto as Annex A and (ii) a certificate executed by the chief executive officer, president, executive vice president, chief financial officer, principal accounting officer, treasurer or controller confirming that the representations and warranties of the Company in this Agreement are true and correct with the same force and effect as though expressly made at and as of such Warrant Closing Date and the Company has complied with all agreements on its part to be performed or satisfied hereunder at or prior to such Closing.

(d) On the initial Warrant Closing Date, the Company shall deliver to Treasury (i) such customary certificates of resolutions or other action, incumbency certificates and/or other certificates of the chief executive officer, president, executive vice president, chief financial officer, principal accounting officer, treasurer or controller as Treasury may require evidencing the identity, authority and capacity of each such officer thereof authorized to act as such officer in connection with this Agreement and (ii) customary resolutions or evidence of corporate authorization, secretary’s certificates and such other documents and certificates (including Organizational Documents and good standing certificates) as Treasury may reasonably request relating to the organization, existence and good standing of the Company and any other legal matters relating to the Company, this Agreement, the Warrants or the transactions contemplated hereby or thereby.

1.3 Interpretation.

(a) When a reference is made in this Agreement to “Recitals,” “Articles,” “Sections,” or “Annexes” such reference shall be to a Recital, Article or Section of, or Annex to, this Warrant Agreement, unless otherwise indicated. The terms defined in the singular have a comparable meaning when used in the plural, and vice versa. References to “herein”, “hereof”, “hereunder” and the like refer to this Agreement as a whole and not to any particular section or provision, unless the context requires otherwise. The table of contents and headings contained in this Agreement are for reference purposes only and are not part of this Agreement. Whenever the words “include,” “includes” or “including” are used in this Agreement, they shall be deemed followed by the words “without limitation.” No rule of construction against the draftsperson shall be applied in connection with the interpretation or enforcement of this Agreement, as this Agreement is the product of negotiation between sophisticated parties advised by counsel. All references to “$” or “dollars” mean the lawful currency of the United States of America. Except as expressly stated in this Agreement, all references to any statute, rule or regulation are to the statute, rule or regulation as amended, modified, supplemented or replaced from time to time (and, in the case of statutes, include any rules and regulations promulgated under the statute) and to any section of any statute, rule or regulation include any successor to the section.

(b) Capitalized terms not defined herein have the meanings ascribed thereto in Annex B.
2.1 **Representations and Warranties of the Company.** The Company represents and warrants to Treasury that as of the date hereof and each Warrant Closing Date (or such other date specified herein):

(a) **Existence, Qualification and Power.** The Company is duly organized or formed, validly existing and, if applicable, in good standing under the Laws of the jurisdiction of its incorporation or organization, and the Company and each Subsidiary (a) has all requisite power and authority and all requisite governmental licenses, authorizations, consents and approvals to (i) own or lease its assets and carry on its business and (ii) execute, deliver and perform its obligations under the this Agreement and the Warrants, and (b) is duly qualified and is licensed and, as applicable, in good standing under the Laws of each jurisdiction where its ownership, lease or operation of properties or the conduct of its business requires such qualification or license, except, in each case referred to in clause (a)(i) or (b), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

(b) **Capitalization.** The authorized capital stock of the Company, and the outstanding capital stock of the Company (including securities convertible into, or exercisable or exchangeable for, capital stock of the Company) as of the most recent fiscal month-end preceding the date hereof (the “Capitalization Date”) is set forth in Schedule 2. The outstanding shares of capital stock of the Company have been duly authorized and are validly issued and outstanding, fully paid and nonassessable, and subject to no preemptive rights, other than, if applicable, those set forth on Schedule 3 (and were not issued in violation of any preemptive rights). Except as provided in the Warrants, as of the date hereof, the Company does not have outstanding any securities or other obligations providing the holder the right to acquire Common Stock that is not reserved for issuance as specified on Schedule 2, and the Company has not made any other commitment to authorize, issue or sell any Common Stock. Since the Capitalization Date, the Company has not issued any shares of Common Stock, other than (i) shares issued upon the exercise of stock options or delivered under other equity-based awards or other convertible securities or warrants which were issued and outstanding on the Capitalization Date and disclosed on Schedule 2 and (ii) shares disclosed on Schedule 2 as it may be updated by written notice from the Company to Treasury in connection with each Warrant Closing Date. Each holder of 5% or more of any class of capital stock of the Company and such holder’s primary address are set forth in Schedule 2.

(c) **Governmental Authorization; Other Consents.** No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person is necessary or required in connection with the execution, delivery or performance by, or enforcement against, the Company of this Agreement, except for such approvals, consents, exemptions, authorizations, actions or notices that have been duly obtained, taken or made and in full force and effect.

(d) **Execution and Delivery; Binding Effect.** This Agreement has been duly authorized, executed and delivered by the Company. This Agreement constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its
terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity.

(e) **The Warrants and Warrant Shares.** Each Warrant has been duly authorized and, when executed and delivered as contemplated hereby, will constitute a valid and legally binding obligation of the Company enforceable against the Company in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity. The Warrant Shares have been duly authorized and reserved for issuance upon exercise of the Warrants and when so issued in accordance with the terms of the Warrants will be validly issued, fully paid and non-assessable, subject, if applicable, to the approvals of its stockholders set forth on **Schedule 3.**

(f) **Authorization, Enforceability.**

(i) The Company has the corporate power and authority to execute and deliver this Agreement and the Warrants and, subject, if applicable, to the approvals of its stockholders set forth on **Schedule 3,** to carry out its obligations hereunder and thereunder (which includes the issuance of the Warrants and Warrant Shares). The execution, delivery and performance by the Company of this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby have been duly authorized by all necessary corporate or other organizational action on the part of the Company and its stockholders, and no further approval or authorization is required on the part of the Company, subject, in each case, if applicable, to the approvals of its stockholders set forth on **Schedule 3.**

(ii) The execution, delivery and performance by the Company of this Agreement do not and will not (a) contravene the terms of its Organizational Documents, (b) conflict with or result in any breach or contravention of, or the creation of any Lien (as defined in the Promissory Note) under, or require any payment to be made under (i) any material Contractual Obligation to which the Company is a party or affecting the Company or the properties of the Company or any Subsidiary or (ii) any material order, injunction, writ or decree of any Governmental Authority or any arbitral award to which the Company or any Subsidiary or its property is subject or (c) violate any Law, except to the extent that such violation could not reasonably be expected to have Material Adverse Effect.

(iii) Such filings and approvals as are required to be made or obtained under any state “blue sky” laws, and such filings and approvals as have been made or obtained, no notice to, filing with, exemption or review by, or authorization, consent or approval of, any Governmental Authority is required to be made or obtained by the Company in connection with the execution, delivery and performance by the Company of this Agreement and the consummation by the Company of the issuance of the Warrants except for any such notices, filings, exemptions, reviews, authorizations, consents and approvals the failure of which to make or obtain would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.
Anti-takeover Provisions and Rights Plan. The Board of Directors of the Company (the “Board of Directors”) has taken all necessary action, and will in the future take any necessary action, to ensure that the transactions contemplated by this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby, including the exercise of the Warrants in accordance with their terms, will be exempt from any anti-takeover or similar provisions of the Company’s Organizational Documents, and any other provisions of any applicable “moratorium”, “control share”, “fair price”, “interested stockholder” or other anti-takeover laws and regulations of any jurisdiction, whether existing on the date hereof or implemented after the date hereof. The Company has taken all actions necessary, and will in the future take any necessary action, to render any stockholders’ rights plan of the Company inapplicable to this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby, including the exercise of the Warrants by Treasury in accordance with its terms.

Reports. Since December 31, 2017, the Company and each Subsidiary has timely filed all reports, registrations, documents, filings, statements and submissions, together with any amendments thereto, that it was required to file with any Governmental Authority (the foregoing, collectively, the “Company Reports”) and has paid all fees and assessments due and payable in connection therewith, except, in each case, as would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. As of their respective dates of filing, the Company Reports complied in all material respects with all statutes and applicable rules and regulations of the applicable Governmental Authority.

Offering of Securities. Neither the Company nor any person acting on its behalf has taken any action (including any offering of any securities of the Company under circumstances which would require the integration of such offering with the offering of any of the Warrants under the Securities Act, and the rules and regulations of the Securities and Exchange Commission (the “SEC”) promulgated thereunder), which might subject the offering, issuance or sale of any of the Warrants to Treasury pursuant to this Agreement to the registration requirements of the Securities Act.

Brokers and Finders. No broker, finder or investment banker is entitled to any financial advisory, brokerage, finder’s or other fee or commission in connection with this Agreement or the Warrants or the transactions contemplated hereby or thereby based upon arrangements made by or on behalf of the Company or any Subsidiary for which Treasury could have any liability.

Article III
Covenants

3.1 Commercially Reasonable Efforts.

(a) Subject to the terms and conditions of this Agreement, each of the parties will use its commercially reasonable efforts in good faith to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or desirable, or advisable under applicable laws, to enable consummation of the transactions contemplated hereby and shall use commercially reasonable efforts to cooperate with the other party to that end.
(b) If the Company is required to obtain any stockholder approvals set forth on Schedule 3, then the Company shall comply with this Section 3.1(b). The Company shall call a special meeting of its stockholders, as promptly as practicable following the Initial Closing, to vote on proposals (collectively, the “Stockholder Proposals”) to amend the Company’s Organizational Documents to increase the number of authorized shares of Common Stock to at least such number as shall be sufficient to permit the full exercise of the Warrants for Common Stock and comply with the other provisions of this Section 3.1(b). The Board of Directors shall recommend to the Company’s stockholders that such stockholders vote in favor of the Stockholder Proposals. In the event that the approval of any of the Stockholder Proposals is not obtained at such special stockholders meeting, the Company shall include a proposal to approve (and the Board of Directors shall recommend approval of) each such proposal at a meeting of its stockholders no less than once in each subsequent six-month period beginning on September 30, 2020 until all such approvals are obtained or made.

3.2 Expenses. The Company shall pay (i) all reasonable out-of-pocket expenses incurred by Treasury (including the reasonable fees, charges and disbursements of any counsel for Treasury) in connection with the preparation, negotiation, execution, delivery and administration of this Agreement and the Warrants, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), and (ii) all out-of-pocket expenses incurred by Treasury (including the fees, charges and disbursements of any counsel for Treasury), in connection with the enforcement or protection of its rights in connection with this Agreement and the Warrants, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), including all such out-of-pocket expenses incurred during any workout, restructuring, negotiations or enforcement in respect of such Warrant Agreement, Warrant and other agreements or documents executed in connection herewith or therewith.

3.3 Sufficiency of Authorized Common Stock

(a) During the period from each Warrant Closing Date (or, if the approval of the Stockholder Proposals is required, the date of such approval) until the date on which no Warrants remain outstanding, the Company shall at all times have reserved for issuance, free of preemptive or similar rights, a sufficient number of authorized and unissued Warrant Shares to effectuate such exercise. Nothing in this Section 3.3 shall preclude the Company from satisfying its obligations in respect of the exercise of the Warrants by delivery of shares of Common Stock which are held in the treasury of the Company.

Article IV
Additional Agreements

4.1 Investment Purposes. Treasury acknowledges that the Warrants and the Warrant Shares have not been registered under the Securities Act or under any state securities laws. Treasury (a) is acquiring the Warrants pursuant to an exemption from registration under the Securities Act solely for investment without a view to sell and with no present intention to
distribute them to any person in violation of the Securities Act or any applicable U.S. state securities laws; (b) will not sell or otherwise dispose of any of the Warrants or the Warrant Shares, except in compliance with the registration requirements or exemption provisions of the Securities Act and any applicable U.S. state securities laws; and (c) has such knowledge and experience in financial and business matters and in investments of this type that it is capable of evaluating the merits and risks of the Warrants and the Warrant Shares and of making an informed investment decision.

4.2 Legends.

(a) Treasury agrees that all certificates or other instruments representing the Warrants and the Warrant Shares will bear a legend substantially to the following effect:

“THE SECURITIES REPRESENTED BY THIS INSTRUMENT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE AND MAY NOT BE TRANSFERRED, SOLD OR OTHERWISE DISPOSED OF EXCEPT WHILE A REGISTRATION STATEMENT RELATING THERETO IS IN EFFECT UNDER SUCH ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.”

(b) In the event that any Warrants or Warrant Shares (i) become registered under the Securities Act or (ii) are eligible to be transferred without restriction in accordance with Rule 144 or another exemption from registration under the Securities Act (other than Rule 144A), the Company shall issue new certificates or other instruments representing such Warrants or Warrant Shares, which shall not contain the legend in Section 4.2(a) above; provided that Treasury surrenders to the Company the previously issued certificates or other instruments.

4.3 Certain Transactions. The Company will not merge or consolidate with, or sell, transfer or lease all or substantially all of its property or assets to, any other party unless the successor, transferee or lessee party (or its ultimate parent entity), as the case may be (if not the Company), expressly assumes the due and punctual performance and observance of each and every covenant, agreement and condition of this Agreement and the Warrants to be performed and observed by the Company.

4.4 Transfer of Warrants and Warrant Shares. Subject to compliance with applicable securities laws, Treasury shall be permitted to transfer, sell, assign or otherwise dispose of (“Transfer”) all or a portion of the Warrants or Warrant Shares at any time, and the Company shall take all steps as may be reasonably requested by Treasury to facilitate the Transfer of the Warrants and the Warrant Shares.

4.5 Registration Rights.

(a) Unless and until the Company becomes subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company shall have no obligation to comply with the provisions of this Section 4.5; provided that the Company covenants and agrees that it shall comply with this Section 4.5 as soon as practicable after the date that it becomes subject to such reporting requirements.
(b) Registration.

(i) Subject to the terms and conditions of this Agreement, the Company covenants and agrees that as soon as practicable after the date that the Company becomes subject to the reporting requirements of Sections 13 or 15(d) of the Exchange Act (and in any event no later than 180 days thereafter), the Company shall prepare and file with the SEC a Shelf Registration Statement covering the maximum number of Registrable Securities (or otherwise designate an existing Shelf Registration Statement filed with the SEC to cover the Registrable Securities) that may be issued pursuant to this Agreement and any Warrants outstanding at that time, and, to the extent the Shelf Registration Statement has not theretofore been declared effective or is not automatically effective upon such filing, the Company shall use reasonable best efforts to cause such Shelf Registration Statement to be declared or become effective and to keep such Shelf Registration Statement continuously effective and in compliance with the Securities Act and usable for resale of such Registrable Securities for a period from the date of its initial effectiveness until such time as there are no Registrable Securities remaining (including by refileing such Shelf Registration Statement (or a new Shelf Registration Statement) if the initial Shelf Registration Statement expires). So long as the Company is a well-known seasoned issuer (as defined in Rule 405 under the Securities Act) at the time of filing of the Shelf Registration Statement with the SEC, such Shelf Registration Statement shall be designated by the Company as an automatic Shelf Registration Statement. Notwithstanding the foregoing, if on the date hereof the Company is not eligible to file a registration statement on Form S-3, then the Company shall not be obligated to file a Shelf Registration Statement unless and until it is so eligible and is requested to do so in writing by Treasury.

(ii) Any registration pursuant to Section 4.5(b)(i) shall be effected by means of a shelf registration on an appropriate form under Rule 415 under the Securities Act (a “Shelf Registration Statement”). If Treasury or any other Holder intends to distribute any Registrable Securities by means of an underwritten offering it shall promptly so advise the Company and the Company shall take all reasonable steps to facilitate such distribution, including the actions required pursuant to Section 4.5(d); provided that the Company shall not be required to facilitate an underwritten offering of Registrable Securities unless the total number of Warrant Shares and Warrants expected to be sold in such offering exceeds, or are exercisable for, at least 20% of the total number of Warrant Shares for which Warrants issued under this Agreement could be exercised (giving effect to the anti-dilution adjustments in Warrants); and provided, further that the Company shall not be required to facilitate more than two completed underwritten offerings within any 12-month period. The lead underwriters in any such distribution shall be selected by the Holders of a majority of the Registrable Securities to be distributed.

(iii) The Company shall not be required to effect a registration (including a resale of Registrable Securities from an effective Shelf Registration Statement) or an underwritten offering pursuant to Section 4.5(b): (A) with respect to securities that are not Registrable Securities; or (B) if the Company has notified Treasury and all other Holders that in the good faith judgment of the Board of Directors, it would be materially detrimental to the Company or its securityholders for such registration or underwritten
offering to be effected at such time, in which event the Company shall have the right to defer such registration or offering for a period of not more
than 45 days after receipt of the request of Treasury or any other Holder; provided that such right to delay a registration or underwritten offering
shall be exercised by the Company (1) only if the Company has generally exercised (or is concurrently exercising) similar black-out rights against
holders of similar securities that have registration rights and (2) not more than three times in any 12-month period and not more than 90 days in
the aggregate in any 12-month period. The Company shall notify the Holders of the date of any anticipated termination of any such deferral period
prior to such date.

(iv) If during any period when an effective Shelf Registration Statement is not available, the Company proposes to register any of its equity
securities, other than a registration pursuant to Section 4.5(b)(i) or a Special Registration, and the registration form to be filed may be used for the
registration or qualification for distribution of Registrable Securities, the Company will give prompt written notice to Treasury and all other
Holders of its intention to effect such a registration (but in no event less than ten days prior to the anticipated filing date) and will include in such
registration all Registrable Securities with respect to which the Company has received written requests for inclusion therein within ten Business
Days after the date of the Company’s notice (a “Piggyback Registration”). Any such person that has made such a written request may withdraw its
Registrable Securities from such Piggyback Registration by giving written notice to the Company and the managing underwriter, if any, on or
before the fifth Business Day prior to the planned effective date of such Piggyback Registration. The Company may terminate or withdraw any
registration under this Section 4.5(b)(iv) prior to the effectiveness of such registration, whether or not Treasury or any other Holders have elected
to include Registrable Securities in such registration.

(v) If the registration referred to in Section 4.5(b)(iv) is proposed to be underwritten, the Company will so advise Treasury and all other
Holders as a part of the written notice given pursuant to Section 4.5(b)(iv). In such event, the right of Treasury and all other Holders to registration
pursuant to Section 4.5(b) will be conditioned upon such persons’ participation in such underwriting and the inclusion of such person’s
Registrable Securities in the underwriting if such securities are of the same class of securities as the securities to be offered in the underwritten
offering, and each such person will (together with the Company and the other persons distributing their securities through such underwriting) enter
into an underwriting agreement in customary form with the underwriter or underwriters selected for such underwriting by the Company; provided
that Treasury (as opposed to other Holders) shall not be required to indemnify any person in connection with any registration. If any participating
person disapproves of the terms of the underwriting, such person may elect to withdraw therefrom by written notice to the Company, the
managing underwriters and Treasury (if Treasury is participating in the underwriting).

(vi) If either (x) the Company grants “piggyback” registration rights to one or more third parties to include their securities in an underwritten
offering under the Shelf Registration Statement pursuant to Section 4.5(b)(ii) or (y) a Piggyback Registration under Section 4.5(b)(iv) relates to an
underwritten offering on behalf of the Company,
and in either case the managing underwriters advise the Company that in their reasonable opinion the number of securities requested to be included in such offering exceeds the number which can be sold without adversely affecting the marketability of such offering (including an adverse effect on the per share offering price), the Company will include in such offering only such number of securities that in the reasonable opinion of such managing underwriters can be sold without adversely affecting the marketability of the offering (including an adverse effect on the per share offering price), which securities will be so included in the following order of priority: (A) first, in the case of a Piggyback Registration under Section 4.5(b)(iv), the securities the Company proposes to sell, (B) then the Registrable Securities of Treasury and all other Holders who have requested inclusion of Registrable Securities pursuant to Section 4.5(b)(ii) or Section 4.5(b)(iv), as applicable, pro rata on the basis of the aggregate number of such securities or shares owned by each such person and (C) lastly, any other securities of the Company that have been requested to be so included, subject to the terms of this Agreement; provided, however, that if the Company has, prior to the date hereof, entered into an agreement with respect to its securities that is inconsistent with the order of priority contemplated hereby then it shall apply the order of priority in such conflicting agreement to the extent that this Agreement would otherwise result in a breach under such agreement.

(c) Expenses of Registration. All Registration Expenses incurred in connection with any registration, qualification or compliance hereunder shall be borne by the Company. All Selling Expenses incurred in connection with any registrations hereunder shall be borne by the holders of the securities so registered pro rata on the basis of the aggregate offering or sale price of the securities so registered.

(d) Obligations of the Company. The Company shall use its reasonable best efforts, for so long as there are Registrable Securities outstanding, to take such actions as are under its control to not become an ineligible issuer (as defined in Rule 405 under the Securities Act) and to remain a well-known seasoned issuer (as defined in Rule 405 under the Securities Act) if it has such status on the date hereof or becomes eligible for such status in the future. In addition, whenever required to effect the registration of any Registrable Securities or facilitate the distribution of Registrable Securities pursuant to an effective Shelf Registration Statement, the Company shall, as expeditiously as reasonably practicable:

(i) Prepare and file with the SEC a prospectus supplement with respect to a proposed offering of Registrable Securities pursuant to an effective registration statement, subject to Section 4.5(e), keep such registration statement effective and keep such prospectus supplement current until the securities described therein are no longer Registrable Securities. The plan of distribution included in such registration statement shall include, among other things, an underwritten offering, ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers, block trades, privately negotiated transactions, the writing or settlement of options or other derivative transactions and any other method permitted pursuant to applicable law, and any combination of any such methods of sale.

(ii) Prepare and file with the SEC such amendments and supplements to the applicable registration statement and the prospectus or prospectus supplement used in
connection with such registration statement as may be necessary to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement.

(iii) Furnish to the Holders and any underwriters such number of copies of the applicable registration statement and each such amendment and supplement thereto (including in each case all exhibits) and of a prospectus, including a preliminary prospectus, in conformity with the requirements of the Securities Act, and such other documents as they may reasonably request in order to facilitate the disposition of Registrable Securities owned or to be distributed by them.

(iv) Use its reasonable best efforts to register and qualify the securities covered by such registration statement under such other securities or Blue Sky laws of such jurisdictions as shall be reasonably requested by the Holders or any managing underwriter(s), to keep such registration or qualification in effect for so long as such registration statement remains in effect, and to take any other action which may be reasonably necessary to enable such seller to consummate the disposition in such jurisdictions of the securities owned by such Holder; provided that the Company shall not be required in connection therewith or as a condition thereto to qualify to do business or to file a general consent to service of process in any such states or jurisdictions.

(v) Notify each Holder of Registrable Securities at any time when a prospectus relating thereto is required to be delivered under the Securities Act of the happening of any event as a result of which the applicable prospectus, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

(vi) Give written notice to the Holders:

(A) when any registration statement filed pursuant to Section 4.5(b) or any amendment thereto has been filed with the SEC (except for any amendment effected by the filing of a document with the SEC pursuant to the Exchange Act) and when such registration statement or any post-effective amendment thereto has become effective;

(B) of any request by the SEC for amendments or supplements to any registration statement or the prospectus included therein or for additional information;

(C) of the issuance by the SEC of any stop order suspending the effectiveness of any registration statement or the initiation of any proceedings for that purpose;

(D) of the receipt by the Company or its legal counsel of any notification with respect to the suspension of the qualification of the Common Stock for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose;
(E) of the happening of any event that requires the Company to make changes in any effective registration statement or the prospectus related to the registration statement in order to make the statements therein not misleading (which notice shall be accompanied by an instruction to suspend the use of the prospectus until the requisite changes have been made); and

(F) if at any time the representations and warranties of the Company contained in any underwriting agreement contemplated by Section 4.5(d)(x) cease to be true and correct.

(vii) Use its reasonable best efforts to prevent the issuance or obtain the withdrawal of any order suspending the effectiveness of any registration statement referred to in Section 4.5(d)(vi)(C) at the earliest practicable time.

(viii) Upon the occurrence of any event contemplated by Section 4.5(d)(v), 4.5(d)(vi)(E) or 4.5(e), promptly prepare a post-effective amendment to such registration statement or a supplement to the related prospectus or file any other required document so that, as thereafter delivered to the Holders and any underwriters, the prospectus will not contain an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. If the Company notifies the Holders in accordance with Section 4.5(d)(vi)(E) to suspend the use of the prospectus until the requisite changes to the prospectus have been made, then the Holders and any underwriters shall suspend use of such prospectus and use their reasonable best efforts to return to the Company all copies of such prospectus (at the Company’s expense) other than permanent file copies then in such Holders’ or underwriters’ possession. The total number of days that any such suspension may be in effect in any 12-month period shall not exceed 90 days. The Company shall notify the Holders of the date of any anticipated termination of any such suspension period prior to such date.

(ix) Use reasonable best efforts to procure the cooperation of the Company’s transfer agent in settling any offering or sale of Registrable Securities, including with respect to the transfer of physical stock certificates into book-entry form in accordance with any procedures reasonably requested by the Holders or any managing underwriter(s).

(x) If an underwritten offering is requested pursuant to Section 4.5(b)(ii), enter into an underwriting agreement in customary form, scope and substance and take all such other actions reasonably requested by the Holders of a majority of the Registrable Securities being sold in connection therewith or by the managing underwriter(s), if any, to expedite or facilitate the underwritten disposition of such Registrable Securities, and in connection therewith in any underwritten offering (including making members of management and executives of the Company available to participate in “road shows”, similar sales events and other marketing activities), (A) make such representations and warranties to the Holders that are selling stockholders and the managing underwriter(s), if any, with respect to the business of the Company and its subsidiaries, and the Shelf Registration Statement, prospectus and documents, if any, incorporated or deemed to be
incorporated by reference therein, in each case, in customary form, substance and scope, and, if true, confirm the same if and when requested,
(B) use its reasonable best efforts to furnish the underwriters with opinions and “10b-5” letters of counsel to the Company, addressed to the
managing underwriter(s), if any, covering the matters customarily covered in such opinions and letters requested in underwritten offerings, (C) use
its reasonable best efforts to obtain “cold comfort” letters from the independent certified public accountants of the Company (and, if necessary,
any other independent certified public accountants of any business acquired by the Company for which financial statements and financial data are
included in the Shelf Registration Statement) who have certified the financial statements included in such Shelf Registration Statement, addressed
to each of the managing underwriter(s), if any, such letters to be in customary form and covering matters of the type customarily covered in “cold
comfort” letters, (D) if an underwriting agreement is entered into, the same shall contain indemnification provisions and procedures customary in
underwritten offerings (provided that Treasury shall not be obligated to provide any indemnity), and (E) deliver such documents and certificates as
may be reasonably requested by the Holders of a majority of the Registrable Securities being sold in connection therewith, their counsel and the
managing underwriter(s), if any, to evidence the continued validity of the representations and warranties made pursuant to clause (i) above and to
evidence compliance with any customary conditions contained in the underwriting agreement or other agreement entered into by the Company.

(xi) Make available for inspection by a representative of Holders that are selling stockholders, the managing underwriter(s), if any, and any
attorneys or accountants retained by such Holders or managing underwriter(s), at the offices where normally kept, during reasonable business
hours, financial and other records, pertinent corporate documents and properties of the Company, and cause the officers, directors and employees
of the Company to supply all information in each case reasonably requested (and of the type customarily provided in connection with due
diligence conducted in connection with a registered public offering of securities) by any such representative, managing underwriter(s), attorney or
accountant in connection with such Shelf Registration Statement.

(xii) Use reasonable best efforts to cause all such Registrable Securities to be listed on each national securities exchange on which similar
securities issued by the Company are then listed or, if no similar securities issued by the Company are then listed on any national securities
exchange, use its reasonable best efforts to cause all such Registrable Securities to be listed on such securities exchange as Treasury may
designate.

(xiii) If requested by Holders of a majority of the Registrable Securities being registered and/or sold in connection therewith, or the
managing underwriter(s), if any, promptly include in a prospectus supplement or amendment such information as the Holders of a majority of the
Registrable Securities being registered and/or sold in connection therewith or managing underwriter(s), if any, may reasonably request in order to
permit the intended method of distribution of such securities and make all required filings of such prospectus supplement or such amendment as
soon as practicable after the Company has received such request.

- 13 -
(xiv) Timely provide to its security holders earning statements satisfying the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder.

(e) **Suspension of Sales.** Upon receipt of written notice from the Company that a registration statement, prospectus or prospectus supplement contains or may contain an untrue statement of a material fact or omits or may omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading or that circumstances exist that make inadvisable use of such registration statement, prospectus or prospectus supplement, Treasury and each Holder of Registrable Securities shall forthwith discontinue disposition of Registrable Securities until Treasury and/or Holder has received copies of a supplemented or amended prospectus or prospectus supplement, or until Treasury and/or such Holder is advised in writing by the Company that the use of the prospectus and, if applicable, prospectus supplement may be resumed, and, if so directed by the Company, Treasury and/or such Holder shall deliver to the Company (at the Company’s expense) all copies, other than permanent file copies then in Treasury and/or such Holder’s possession, of the prospectus and, if applicable, prospectus supplement covering such Registrable Securities current at the time of receipt of such notice. The total number of days that any such suspension may be in effect in any 12-month period shall not exceed 90 days. The Company shall notify Treasury prior to the anticipated termination of any such suspension period of the date of such anticipated termination.

(f) **Termination of Registration Rights.** A Holder’s registration rights as to any securities held by such Holder shall not be available unless such securities are Registrable Securities.

(g) **Furnishing Information.**

   (i) Neither Treasury nor any Holder shall use any free writing prospectus (as defined in Rule 405) in connection with the sale of Registrable Securities without the prior written consent of the Company.

   (ii) It shall be a condition precedent to the obligations of the Company to take any action pursuant to Section 4.5(d) that Treasury and/or the selling Holders and the underwriters, if any, shall furnish to the Company such information regarding themselves, the Registrable Securities held by them and the intended method of disposition of such securities as shall be required to effect the registered offering of their Registrable Securities.

(h) **Indemnification.**

   (i) The Company agrees to indemnify each Holder and, if a Holder is a person other than an individual, such Holder’s officers, directors, employees, agents, representatives and Affiliates, and each Person, if any, that controls a Holder within the meaning of the Securities Act (each, an “**Indemnitee**”), against any and all losses, claims, damages, actions, liabilities, costs and expenses (including reasonable fees, expenses and disbursements of attorneys and other professionals incurred in connection with investigating, defending, settling, compromising or paying any such losses, claims, damages, actions, liabilities, costs and expenses), joint or several, arising out of or based
upon any untrue statement or alleged untrue statement of material fact contained in any registration statement, including any preliminary prospectus or final prospectus contained therein or any amendments or supplements thereto or any documents incorporated therein by reference or contained in any free writing prospectus (as such term is defined in Rule 405) prepared by the Company or authorized by it in writing for use by such Holder (or any amendment or supplement thereto); or any omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, that the Company shall not be liable to such Indemnitee in any such case to the extent that any such loss, claim, damage, liability (or action or proceeding in respect thereof) or expense arises out of or is based upon (A) an untrue statement or omission made in such registration statement, including any such preliminary prospectus or final prospectus contained therein or any such amendments or supplements thereto or contained in any free writing prospectus (as such term is defined in Rule 405) prepared by the Company or authorized by it in writing for use by such Holder (or any amendment or supplement thereto), in reliance upon and in conformity with information regarding such Indemnitee or its plan of distribution or ownership interests which was furnished in writing to the Company by such Indemnitee for use in connection with such registration statement, including any such preliminary prospectus or final prospectus contained therein or any such amendments or supplements thereto, or (B) offers or sales effected by or on behalf of such Indemnitee “by means of” (as defined in Rule 159A) a “free writing prospectus” (as defined in Rule 405) that was not authorized in writing by the Company.

(ii) If the indemnification provided for in Section 4.5(h)(i) is unavailable to an Indemnitee with respect to any losses, claims, damages, actions, liabilities, costs or expenses referred to therein or is insufficient to hold the Indemnitee harmless as contemplated therein, then the Company, in lieu of indemnifying such Indemnitee, shall contribute to the amount paid or payable by such Indemnitee as a result of such losses, claims, damages, actions, liabilities, costs or expenses in such proportion as is appropriate to reflect the relative fault of the Indemnitee, on the one hand, and the Company, on the other hand, in connection with the statements or omissions which resulted in such losses, claims, damages, actions, liabilities, costs or expenses as well as any other relevant equitable considerations. The relative fault of the Company, on the one hand, and of the Indemnitee, on the other hand, shall be determined by reference to, among other factors, whether the untrue statement of a material fact or omission to state a material fact relates to information supplied by the Company or by the Indemnitee and the parties’ relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission; the Company and each Holder agree that it would not be just and equitable if contribution pursuant to this Section 4.5(h)(ii) were determined by pro rata allocation or by any other method of allocation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from the Company if the Company was not guilty of such fraudulent misrepresentation.

(i) Assignment of Registration Rights. The rights of Treasury to registration of Registrable Securities pursuant to Section 4.5(b) may be assigned by Treasury to a transferee or
assignee of Registrable Securities in connection with a transfer of a total number of Warrant Shares and/or Warrants exercisable for at least 20% of the total number of Warrant Shares for which Warrants issued and to be issued under this Agreement could be exercised (giving effect to the anti-dilution adjustments in Warrants); provided, however, the transferor shall, within ten days after such transfer, furnish to the Company written notice of the name and address of such transferee or assignee and the number and type of Registrable Securities that are being assigned.

(j) **Clear Market**. With respect to any underwritten offering of Registrable Securities by Treasury or other Holders pursuant to this Section 4.5, the Company agrees not to effect (other than pursuant to such registration or pursuant to a Special Registration) any public sale or distribution, or to file any Shelf Registration Statement (other than such registration or a Special Registration) covering, in the case of an underwritten offering of Common Stock or Warrants, any of its equity securities, or, in each case, any securities convertible into or exchangeable or exercisable for such securities, during the period not to exceed 30 days following the effective date of such offering. The Company also agrees to cause such of its directors and senior executive officers to execute and deliver customary lock-up agreements in such form and for such time period up to 30 days as may be requested by the managing underwriter. “**Special Registration**” means the registration of (A) equity securities and/or options or other rights in respect thereof solely registered on Form S-4 or Form S-8 (or successor form) or (B) shares of equity securities and/or options or other rights in respect thereof to be offered to directors, members of management, employees, consultants, customers, lenders or vendors of the Company or Company Subsidiaries or in connection with dividend reinvestment plans.

(k) **Rule 144; Rule 144A**. With a view to making available to Treasury and Holders the benefits of certain rules and regulations of the SEC which may permit the sale of the Registrable Securities to the public without registration, the Company agrees to use its reasonable best efforts to:

(i) (A) file with the SEC, in a timely manner, all reports and other documents required of the Company under the Exchange Act, and (B) if at any time the Company is not required to file such reports, make available, upon the request of any Holder, such information necessary to permit sales pursuant to Rule 144A (including the information required by Rule 144A(d)(4) under the Securities Act);

(ii) so long as Treasury or a Holder owns any Registrable Securities, furnish to Treasury or such Holder forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of Rule 144 under the Securities Act; a copy of the most recent annual or quarterly report of the Company; and such other reports and documents as Treasury or Holder may reasonably request in availing itself of any rule or regulation of the SEC allowing it to sell any such securities to the public without registration; provided, however, that the availability of the foregoing reports on the EDGAR filing system of the SEC will be deemed to satisfy the foregoing delivery requirements; and

(iii) take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Securities Act.
As used in this Section 4.5, the following terms shall have the following respective meanings:

(i) “Holder” means Treasury and any other holder of Registrable Securities to whom the registration rights conferred by this Agreement have been transferred in compliance with Section 4.5(i) hereof.

(ii) “Register,” “registered,” and “registration” shall refer to a registration effected by preparing and (A) filing a registration statement in compliance with the Securities Act and applicable rules and regulations thereunder, and the declaration or ordering of effectiveness of such registration statement or (B) filing a prospectus and/or prospectus supplement in respect of an appropriate effective registration statement on Form S-3.

(iii) “Registrable Securities” means (A) the Warrants (subject to Section 4.5(q)) and (B) any equity securities issued or issuable directly or indirectly with respect to the securities referred to in the foregoing clause (A) by way of conversion, exercise or exchange thereof, including the Warrant Shares, or share dividend or share split or in connection with a combination of shares, recapitalization, reclassification, merger, amalgamation, arrangement, consolidation or other reorganization, provided that, once issued, such securities will not be Registrable Securities when (1) they are sold pursuant to an effective registration statement under the Securities Act, (2) except as provided below in Section 4.5(q), they may be sold pursuant to Rule 144 without limitation thereunder on volume or manner of sale, (3) they shall have ceased to be outstanding or (4) they have been sold in a private transaction in which the transferor’s rights under this Agreement are not assigned to the transferee of the securities. No Registrable Securities may be registered under more than one registration statement at any one time.

(iv) “Registration Expenses” mean all expenses incurred by the Company in effecting any registration pursuant to this Agreement (whether or not any registration or prospectus becomes effective or final) or otherwise complying with its obligations under this Section 4.5, including all registration, filing and listing fees, printing expenses, fees and disbursements of counsel for the Company, blue sky fees and expenses, expenses incurred in connection with any “road show”, the reasonable fees and disbursements of Treasury’s counsel (if Treasury is participating in the registered offering), and expenses of the Company’s independent accountants in connection with any regular or special reviews or audits incident to or required by any such registration, but shall not include Selling Expenses.

(v) “Rule 144”, “Rule 144A”, “Rule 159A”, “Rule 405” and “Rule 415” mean, in each case, such rule promulgated under the Securities Act (or any successor provision), as the same shall be amended from time to time.

(vi) “Selling Expenses” mean all discounts, selling commissions and stock transfer taxes applicable to the sale of Registrable Securities and fees and disbursements of counsel for any Holder (other than the fees and disbursements of Treasury’s counsel included in Registration Expenses).
(m) At any time, any holder of Securities (including any Holder) may elect to forfeit its rights set forth in this Section 4.5 from that date forward; provided, that a Holder forfeiting such rights shall nonetheless be entitled to participate under Section 4.5(b)(iv) – (vi) in any Pending Underwritten Offering to the same extent that such Holder would have been entitled to if the holder had not withdrawn; and provided, further, that no such forfeiture shall terminate a Holder’s rights or obligations under Section 4.5(g) with respect to any prior registration or Pending Underwritten Offering. “Pending Underwritten Offering” means, with respect to any Holder forfeiting its rights pursuant to this Section 4.5(m), any underwritten offering of Registrable Securities in which such Holder has advised the Company of its intent to register its Registrable Securities either pursuant to Section 4.5(b)(ii) or 4.5(b)(iv) prior to the date of such Holder’s forfeiture.

(n) Specific Performance. The parties hereto acknowledge that there would be no adequate remedy at law if the Company fails to perform any of its obligations under this Section 4.5 and that Treasury and the Holders from time to time may be irreparably harmed by any such failure, and accordingly agree that Treasury and such Holders, in addition to any other remedy to which they may be entitled at law or in equity, to the fullest extent permitted and enforceable under applicable law shall be entitled to compel specific performance of the obligations of the Company under this Section 4.5 in accordance with the terms and conditions of this Section 4.5.

(o) No Inconsistent Agreements. The Company shall not, on or after the date hereof, enter into any agreement with respect to its securities that may impair the rights granted to Treasury and the Holders under this Section 4.5 or that otherwise conflicts with the provisions hereof in any manner that may impair the rights granted to Treasury and the Holders under this Section 4.5. In the event the Company has, prior to the date hereof, entered into any agreement with respect to its securities that is inconsistent with the rights granted to Treasury and the Holders under this Section 4.5 (including agreements that are inconsistent with the order of priority contemplated by Section 4.5(b)(vi)) or that may otherwise conflict with the provisions hereof, the Company shall use its reasonable best efforts to amend such agreements to ensure they are consistent with the provisions of this Section 4.5. Any transaction entered into by the Company that would reasonably be expected to require the inclusion in a Shelf Registration Statement or any Company Report filed with the SEC of any separate financial statements pursuant to Rule 3-05 of Regulation S-X or pro forma financial statements pursuant to Article 11 of Regulation S-X shall include provisions requiring the Company’s counterparty to provide any information necessary to allow the Company to comply with its obligation hereunder.

(p) Certain Offerings by Treasury. In the case of any securities held by Treasury that cease to be Registrable Securities solely by reason of clause (2) in the definition of “Registrable Securities,” the provisions of Sections 4.5(b)(ii), clauses (iv), (ix) and (x)-(xii) of Section 4.5(d), Section 4.5(h) and Section 4.5(j) shall continue to apply until such securities otherwise cease to be Registrable Securities. In any such case, an “underwritten” offering or other disposition shall include any distribution of such securities on behalf of Treasury by one or more broker-dealers, an “underwriting agreement” shall include any purchase agreement entered into by such broker-dealers, and any “registration statement” or “prospectus” shall include any offering document approved by the Company and used in connection with such distribution.
(q) **Registered Sales of the Warrants.** The Holders agree to sell the Warrants or any portion thereof under the Shelf Registration Statement only beginning 30 days after notifying the Company of any such sale, during which 30-day period Treasury and all Holders of the Warrants shall take reasonable steps to agree to revisions to the Warrants, at the expense of the Company, to permit a public distribution of the Warrants, including entering into a revised warrant agreement, appointing a warrant agent, and making the securities eligible for book entry clearing and settlement at the Depositary Trust Company.

(r) **Market Stand-Off.** In the event of an IPO, the Company shall not be required to effect a registration (including a resale of Registrable Securities from an effective Shelf Registration Statement) or an underwritten offering pursuant to Section 4.5(b) and Treasury agrees, if requested by the managing underwriter or underwriters in such IPO, not to (i) offer for sale, sell, pledge, or otherwise dispose of (or enter into any transaction or device that is designed to, or could be expected to, result in the disposition by any person at any time in the future of) any Registrable Securities (including Registrable Securities that may be deemed to be beneficially owned by the undersigned in accordance with the rules and regulations of the SEC); (ii) enter into any swap or other derivatives transaction that transfers to another, in whole or in part, any of the economic benefits or risks of ownership of Registrable Securities, whether any such transaction is to be settled by delivery of Registrable Securities, in cash or otherwise; (iii) make any demand for or exercise any right or cause to be filed a registration statement, including any amendments thereto, with respect to the registration of any Registrable Securities; or (iv) publicly disclose the intention to do any of the foregoing, in each case (to the extent timely notified in writing by the Company or the managing underwriter or underwriters), during the period beginning seven days before and ending 90 days after the date of the underwriting agreement entered into in connection with such IPO. If requested by the managing underwriter or underwriters of any such IPO, Treasury shall execute a separate agreement to the foregoing effect. The Company may impose stop-transfer instructions with respect to Registrable Securities subject to the foregoing restriction until the end of the period referenced above. The foregoing provisions of this Section 4.5(r) shall not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement, and shall be applicable only if all officers, directors, and shareholders beneficially owning more than one percent (1%) of the Company’s outstanding Common Stock are subject to the same restrictions.

“IPO” means the first underwritten public offering and sale of the Common Stock for cash pursuant to an effective registration statement (other than on Form S-4, S-8 or a comparable form) under the Securities Act.

4.6 **Voting of Warrant Shares.** Notwithstanding anything in this Agreement to the contrary, Treasury shall not exercise any voting rights with respect to the Warrant Shares.

**Article V**

**Miscellaneous**

5.1 **Survival of Representations and Warranties.** The representations and warranties of the Company made herein or in any certificates delivered in connection with the Initial Closing or any subsequent Closing shall survive such Closing without limitation.
5.2 Amendment. No amendment of any provision of this Agreement will be effective unless made in writing and signed by an officer or a duly authorized representative of each party; provided that Treasury may unilaterally amend any provision of this Agreement to the extent required to comply with any changes after the date hereof in applicable federal statutes. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative of any rights or remedies provided by law.

5.3 Waiver of Conditions. No waiver will be effective unless it is in a writing signed by a duly authorized officer of the waiving party that makes express reference to the provision or provisions subject to such waiver.

5.4 Governing Law: Submission to Jurisdiction, Etc. This Agreement will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the parties hereto agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia and the United States Court of Federal Claims for any and all civil actions, suits or proceedings arising out of or relating to this Agreement or the Warrants or the transactions contemplated hereby or thereby, and (b) that notice may be served upon (i) the Company at the address and in the manner set forth for notices to the Company in Section 5.5 and (ii) Treasury in accordance with federal law. To the extent permitted by applicable law, each of the parties hereto hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to this Agreement or the Warrants or the transactions contemplated hereby or thereby.

5.5 Notices. Any notice, request, instruction or other document to be given hereunder by any party to the other will be in writing and will be deemed to have been duly given (a) on the date of delivery if delivered personally, or by facsimile, upon confirmation of receipt, or (b) on the second Business Day following the date of dispatch if delivered by a recognized next day courier service. All notices to the Company shall be delivered as set forth below, or pursuant to such other instruction as may be designated in writing by the Company to Treasury. All notices to Treasury shall be delivered as set forth below, or pursuant to such other instructions as may be designated in writing by Treasury to the Company.

5.6 Definitions.

(a) The term "Governmental Authority" means the government of the United States of America or any other nation, or of any political subdivision thereof, whether state or local, and any agency, authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any supra-national bodies such as the European Union or the European Central Bank).

(b) The term "Laws" has the meaning ascribed thereto in the Promissory Note.

(c) The term "Lien" has the meaning ascribed thereto in the Promissory Note.

(d) The term "Material Adverse Effect" means (a) a material adverse change in, or a material adverse effect on, the operations, business, properties, liabilities (actual or contingent), condition (financial or otherwise) or prospects of the Company and its Subsidiaries taken as a whole; or (b) a material adverse effect on (i) the ability of the Company to perform its obligations under this Agreement or any Warrant or (ii) the legality, validity, binding effect or enforceability against the Company of this Agreement or any Warrant to which it is a party.

(e) The term "Organizational Documents" has the meaning ascribed thereto in the Promissory Note.

(f) The term "Subsidiary" has the meaning ascribed thereto in the Promissory Note.

5.7 Assignment. Neither this Agreement nor any right, remedy, obligation nor liability arising hereunder or by reason hereof shall be assignable by any party hereto without the prior written consent of the other party, and any attempt to assign any right, remedy, obligation or liability hereunder without such consent shall be void, except (a) an assignment, in the case of a Business Combination where such party is not the surviving entity, or a sale of substantially all of its assets, to the entity which is the survivor of such Business Combination or the purchaser in such sale and (b) as provided in Section 4.5.

5.8 Severability. If any provision of this Agreement or the Warrants, or the application thereof to any person or circumstance, is determined by a court of competent
jurisdiction to be invalid, void or unenforceable, the remaining provisions hereof, or the application of such provision to persons or circumstances other than those as to which it has been held invalid or unenforceable, will remain in full force and effect and shall in no way be affected, impaired or invalidated thereby, so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination, the parties shall negotiate in good faith in an effort to agree upon a suitable and equitable substitute provision to effect the original intent of the parties.

5.9 **No Third Party Beneficiaries.** Nothing contained in this Agreement, expressed or implied, is intended to confer upon any person or entity other than the Company and Treasury any benefit, right or remedies, except that the provisions of Section 4.5 shall inure to the benefit of the persons referred to in that Section.

ANNEX A

FORM OF OPINION

(a) The Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of the state of its incorporation.

(b) Each of the Warrants has been duly authorized and, when executed and delivered as contemplated by the Agreement, will constitute a valid and legally binding obligation of the Company enforceable against the Company in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors’ rights generally and general equitable principles, regardless of whether such enforceability is considered in a proceeding at law or in equity.

(c) The shares of Common Stock issuable upon exercise of the Warrants have been duly authorized and reserved for issuance upon exercise of the Warrants and when so issued in accordance with the terms of the Warrants will be validly issued, fully paid and non-assessable [insert, if applicable: ], subject to the approvals of the Company’s stockholders set forth on Schedule 3.

(d) The Company has the corporate power and authority to execute and deliver the Agreement and the Warrants and [insert, if applicable: ], subject to the approvals of the Company’s stockholders set forth on Schedule 3 to carry out its obligations thereunder (which includes the issuance of the Warrants and Warrant Shares).

(e) The execution, delivery and performance by the Company of the Agreement and the Warrants and the consummation of the transactions contemplated thereby have been duly authorized by all necessary corporate action on the part of the Company and its stockholders, and no further approval or authorization is required on the part of the Company [insert, if applicable: ], subject, in each case, to the approvals of the Company’s stockholders set forth on Schedule 3.

(f) The Agreement is a valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors’ rights generally and general equitable principles, regardless of whether such enforceability is considered in a proceeding at law or in equity; provided, however, such counsel need express no opinion with respect to Section 4.5(h) or the severability provisions of the Agreement insofar as Section 4.5(h) is concerned.

(g) No registration of the Warrant and the Common Stock issuable upon exercise of the Warrant under the U.S. Securities Act of 1933, as amended, is required for the offer and sale of the Warrant or the Common Stock issuable upon exercise of the Warrant by the Company to the Holder pursuant to and in the manner contemplated by this Agreement.

(h) The Company is not required to be registered as an investment company under the Investment Company Act of 1940, as amended.

“trading day” means (A) if the shares of Common Stock are not traded on any national or regional securities exchange or association or over-the-counter market, a Business Day or (B) if the shares of Common Stock are traded on any national or regional securities exchange or association or over-the-counter market, a Business Day on which such relevant exchange or quotation system is scheduled to be open for business and on which the shares of Common Stock (i) are not suspended from trading on any national or regional securities exchange or association or over-the-counter market for any period or periods aggregating one half hour or longer; and (ii) have traded at least once on the national or regional securities exchange or association or over-the-counter market that is the primary market for the trading of the shares of Common Stock.
“Valuation Date” means the date as of which the Equity Value was most recently determined.

“Warrant” means this Warrant, issued pursuant to the Warrant Agreement.

“Warrant Agreement” means the Warrant Agreement, dated as of the date set forth in Item 4 of Schedule A hereto, as amended from time to time, between the Company and the United States Department of the Treasury.

“Warrantholder” has the meaning set forth in Section 2.

“Warrant Shares” has the meaning set forth in Section 2.

2. Number of Warrant Shares; Net Exercise. This certifies that, for value received, the United States Department of the Treasury or its permitted assigns (the “Warrantholder”) is entitled, upon the terms and subject to the conditions hereinafter set forth, to acquire from the Company, in whole or in part, after the receipt of all applicable Regulatory Approvals, if any, up to an aggregate of the number of fully paid and nonassessable shares of Common Stock set forth in Item 5 of Schedule A hereto. The number of shares of Common Stock (the “Warrant Shares”) issuable upon exercise of this Warrant and the Exercise Price are subject to adjustment as provided herein, and all references to “Common Stock,” “Warrant Shares” and “Exercise Price” herein shall be deemed to include any such adjustment or series of adjustments.

Upon exercise of the Warrant in accordance with Section 3 hereof prior to the date that is 30 days prior to the Expiration Time, the Company shall elect to pay or deliver, as the case may be, to the exercising Warrantholder (a) cash (“Net Cash Settlement”) or (b) Warrant Shares together with cash, if applicable, in lieu of delivering any fractional shares in accordance with Section 5 of this Warrant (“Net Share Settlement”). The Company will notify the exercising Warrantholder of its election of a settlement method within one Business Day after the relevant Exercise Date and if it fails to deliver a timely notice shall be deemed to have elected Net Share Settlement.

If the Common Stock is not listed on a national securities exchange on an Exercise Date, the Company shall be deemed to irrevocably elect Net Cash Settlement with respect to such exercise.

A. Net Cash Settlement. If the Company elects Net Cash Settlement, it shall pay to the Warrantholder cash equal to the Per Share Net Cash Settlement Amount multiplied by the number of Warrant Shares as to which the Warrant has been exercised as indicated in the Notice of Exercise (the “Aggregate Net Cash Settlement Amount”).

B. Net Share Settlement. If the Company elects Net Share Settlement, it shall deliver to the Warrantholder a number of shares of Common Stock equal to the Per Share Net Share Settlement Amount multiplied by the number of Warrant Shares as to which the Warrant has been exercised as indicated in the Notice of Exercise (the “Aggregate Net Share Settlement Amount”).

A. Subject to Section 2, to the extent permitted by applicable laws and regulations, this Warrant is exercisable, in whole or in part, by the Warrantholder, at any time or from time to time after the execution and delivery of this Warrant by the Company on the date hereof, but in no even later than the Expiration Time.

B. This Warrant may be exercised by the surrender of this Warrant and delivery of the Notice of Exercise annexed hereto, duly completed and executed on behalf of the Warrantholder, at the principal executive office of the Company located at the address set forth in Item 6 of Schedule A hereto (or such other office or agency of the Company in the United States as it may designate by notice in writing to the Warrantholder at the address of the Warrantholder appearing on the books of the Company).

C. If the Common Stock is not listed on a national securities exchange on the applicable Exercise Date, the Warrantholder may only exercise this Warrant if the number of shares of Common Stock with respect to which the Warrantholder is exercising this Warrant, aggregated with the number of shares of Common Stock with respect to which the Warrantholder is exercising other warrants issued under the Warrant Agreement on the relevant Exercise Date, is no less than the Minimum Exercise Amount.

D. If the Warrantholder does not exercise this Warrant in its entirety, the Warrantholder will be entitled to receive from the Company within a reasonable time after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant, and in any event not exceeding three Business Days after the date thereof, a new warrant in substantially identical form for the purchase of that number of Warrant Shares equal to the difference between the number of Warrant Shares subject to this Warrant and the number of Warrant Shares as to which this Warrant is so exercised. Notwithstanding anything in this Warrant to the contrary, the Warrantholder hereby acknowledges and agrees that its exercise of this Warrant for Warrant Shares is subject to the condition that the Warrantholder will have first received any applicable Regulatory Approvals.

E. If the Common Stock is not listed on a national securities exchange the Company shall (i) upon request of a Warrantholder, promptly deliver to such Warrantholder the most recent Equity Value of the Company and (ii) obtain an Equity Value as of a date within 90 days subsequent to receipt of a written request from a Warrantholder for such valuation, provided that the Company shall not be required to obtain an Equity Value more than 4 times in any 12 month period.

A. Net Cash Settlement. If the Company elects Net Cash Settlement, the Company shall, (A) if the Common Stock at the time of such election is not listed on a national securities exchange, use its best efforts to as soon as possible, and no more than sixty days after, and (B) if the Common Stock at the time of such election is listed on a national securities
exchange, within a reasonable time, not to exceed five Business Days, after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant, pay to the exercising Warrantholder the Aggregate Net Cash Settlement Amount.

B. Net Share Settlement. If the Company elects Net Share Settlement, shares of Common Stock equal to the Aggregate Net Share Settlement Amount shall be (x) issued in such name or names as the exercising Warrantholder may designate and (y) delivered by the Company or the Company’s transfer agent to such Warrantholder or its nominee or nominees (i) if the shares are then able to be so delivered, via book-entry transfer crediting the account of such Warrantholder (or the relevant agent member for the benefit of such Warrantholder) through the Depositary’s DWAC system (if the Company’s transfer agent participates in such system), or (ii) otherwise in certificated form by physical delivery to the address specified by the Warrantholder in the Notice of Exercise, within a reasonable time, not to exceed three Business Days after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant. The Company hereby represents and warrants that any Warrant Shares issued upon the exercise of this Warrant in accordance with the provisions of Section 3 will be duly and validly authorized and issued, fully paid and nonassessable and free from all taxes, liens and charges (other than liens or charges created by the Warrantholder, income and franchise taxes incurred in connection with the exercise of the Warrant or taxes in respect of any transfer occurring contemporaneously therewith). The Company agrees that the Warrant Shares so issued will be deemed to have been issued to the Warrantholder as of the close of business on the date on which this Warrant and payment of the Exercise Price are delivered to the Company in accordance with the terms of this Warrant, notwithstanding that the stock transfer books of the Company may then be closed or certificates representing such Warrant Shares may not be actually delivered on such date. The Company will at all times reserve and keep available, out of its authorized but unissued Common Stock, solely for the purpose of providing for the exercise of this Warrant, the aggregate number of shares of Common Stock then issuable upon exercise of this Warrant at any time. If the Common Stock is listed on a national securities exchange, the Company will (A) procure, at its sole expense, the listing of the Warrant Shares issuable upon exercise of this Warrant at any time, subject to issuance or notice of issuance, on all principal stock exchanges on which the Common Stock is then listed or traded and (B) maintain such listings of such Warrant Shares at all times after issuance. The Company will use reasonable best efforts to ensure that the Warrant Shares may be issued without violation of any applicable law or regulation or of any requirement of any securities exchange on which the Warrant Shares are listed or traded.

5. No Fractional Warrant Shares or Scrip. No fractional Warrant Shares or scrip representing fractional Warrant Shares shall be issued upon any exercise of this Warrant. In lieu of any fractional Share to which the Warrantholder would otherwise be entitled, the Warrantholder shall be entitled to receive a cash payment equal to the Per Share Value of the Common Stock determined as of the Exercise Date multiplied by such fraction of a share, less the pro-rated Exercise Price for such fractional share.

6. No Rights as Stockholders; Transfer Books. This Warrant does not entitle the Warrantholder to any voting rights or other rights as a stockholder of the Company prior to the date of exercise hereof. The Company will at no time close its transfer books against transfer of this Warrant in any manner which interferes with the timely exercise of this Warrant.
7. **Charges, Taxes and Expenses.** Issuance of certificates for Warrant Shares to the Warrantholder upon the exercise of this Warrant shall be made without charge to the Warrantholder for any issue or transfer tax or other incidental expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Company; *provided, however,* that the Company shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such certificate, or any certificates or other securities in a name other than that of the registered holder of the Warrant surrendered upon exercise of the Warrant.

8. **Transfer/Assignment.**

   A. Subject to compliance with clause (B) of this Section 8, this Warrant and all rights hereunder are transferable, in whole or in part, upon the books of the Company by the registered holder hereof in person or by duly authorized attorney, and a new warrant shall be made and delivered by the Company, of the same tenor and date as this Warrant but registered in the name of one or more transferees, upon surrender of this Warrant, duly endorsed, to the office or agency of the Company described in Section 3. All expenses (other than stock transfer taxes) and other charges payable in connection with the preparation, execution and delivery of the new warrants pursuant to this Section 8 shall be paid by the Company.

   B. If and for so long as required by the Warrant Agreement, this Warrant shall contain the legend as set forth in Section 4.2(a) of the Warrant Agreement.

9. **Exchange and Registry of Warrant.** This Warrant is exchangeable, upon the surrender hereof by the Warrantholder to the Company, for a new warrant or warrants of like tenor and representing the right to purchase the same aggregate number of Warrant Shares. The Company shall maintain a registry showing the name and address of the Warrantholder as the registered holder of this Warrant. This Warrant may be surrendered for exchange or exercise in accordance with its terms, at the office of the Company, and the Company shall be entitled to rely in all respects, prior to written notice to the contrary, upon such registry.

10. **Loss, Theft, Destruction or Mutilation of Warrant.** Upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant, and in the case of any such loss, theft or destruction, upon receipt of a bond, indemnity or security reasonably satisfactory to the Company, or, in the case of any such mutilation, upon surrender and cancellation of this Warrant, the Company shall make and deliver, in lieu of such lost, stolen, destroyed or mutilated Warrant, a new Warrant of like tenor and representing the right to purchase the same aggregate number of Warrant Shares as provided for in such lost, stolen, destroyed or mutilated Warrant.

11. **Saturdays, Sundays, Holidays, etc.** If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Business Day, then such action may be taken or such right may be exercised on the next succeeding day that is a Business Day.
12. **Information.** With a view to making available to Warrantholders the benefits of certain rules and regulations of the SEC which may permit the sale of the Warrants and Warrant Shares to the public without registration, the Company agrees to use its reasonable best efforts to:

A. (x) if the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, file with the SEC, in a timely manner, all reports and other documents required of the Company under the Securities Act and the Exchange Act, and (y) if at any time the Company is not required to file such reports, make available, upon the request of any Warrantholder, such information necessary to permit sales pursuant to Rule 144A (including the information required by Rule 144A(d)(4) under the Securities Act);

B. if the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, furnish to any holder of Warrants or Warrant Shares forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of the Exchange Act and Rule 144(c)(1);

C. furnish to any holder of Warrants or Warrant Shares forthwith upon request a copy of the Company’s most recent annual or quarterly report and such other reports and documents as the Warrantholder may reasonably request; and

D. take such further action as any Warrantholder may reasonably request, all to the extent required from time to time to enable such Warrantholder to sell Warrants or Warrant Shares without registration under the Securities Act.

13. **Adjustments and Other Rights.**

A. **Adjustments at a time when the Common Stock is not listed on a national securities exchange.** If, at any time at which the Common Stock is not listed on a national securities exchange, any event occurs that, in the good faith judgment of the Board of Directors of the Company, would require adjustment of the Exercise Price or number of Warrant Shares issuable upon exercise of this Warrant in order to fairly and adequately protect the purchase rights of the Warrants in accordance with the essential intent and principles of the Warrant Agreement and the Warrants, then the Board of Directors shall make such adjustments in the application of such provisions, in accordance with such essential intent and principles, as shall be reasonably necessary, in the good faith opinion of the Board of Directors, to protect such purchase rights as aforesaid. The Exercise Price or the number of Warrant Shares shall not be adjusted in the event of a change in the par value of the Common Stock or a change in the jurisdiction of incorporation of the Company.

B. **Adjustments at a time when the Common Stock is listed on a national securities exchange.** At any time at which the Common Stock is listed on a national securities exchange, the Exercise Price and the number of Warrant Shares issuable upon exercise of the Warrant shall be subject to adjustment from time to time as follows; **provided,** that if more than one subsection of this Section 13(B) is applicable to a single event, the subsection shall be applied that produces the largest adjustment and no single event shall cause an adjustment under more than one subsection of this Section 13(B) so as to result in duplication:

i. **Stock Splits, Subdivisions, Reclassifications or Combinations.** If the Company shall (i) declare and pay a dividend or make a distribution on its Common Stock
in shares of Common Stock, (ii) subdivide or reclassify the outstanding shares of Common Stock into a greater number of shares, or (iii) combine or reclassify the outstanding shares of Common Stock into a smaller number of shares, the number of Warrant Shares issuable upon exercise of this Warrant at the time of the record date for such dividend or distribution or the effective date of such subdivision, combination or reclassification shall be proportionately adjusted so that the Warrantholder after such date shall be entitled to acquire the number of shares of Common Stock which such holder would have owned or been entitled to receive in respect of the shares of Common Stock subject to this Warrant after such date had this Warrant been exercised immediately prior to such date. In such event, the Exercise Price in effect at the time of the record date for such dividend or distribution or the effective date of such subdivision, combination or reclassification shall be adjusted to the number obtained by dividing (x) the product of (1) the number of Warrant Shares issuable upon the exercise of this Warrant before such adjustment and (2) the Exercise Price in effect immediately prior to the record or effective date, as the case may be, for the dividend, distribution, subdivision, combination or reclassification giving rise to this adjustment by (y) the new number of Warrant Shares issuable upon exercise of the Warrant determined pursuant to the immediately preceding sentence.

ii. Certain Issuances of Common Stock or Convertible Securities. If the Company shall issue shares of Common Stock (or rights or warrants or other securities exercisable or convertible into or exchangeable (collectively, a “conversion”) for shares of Common Stock) (collectively, “convertible securities”) (other than in Permitted Transactions (as defined below) or a transaction to which subsection (i) of this Section 13(B) is applicable) without consideration or at a consideration per share (or having a conversion price per share) that is less than 90% of the Average Market Price determined as of the date of the agreement on pricing such shares (or such convertible securities) then, in such event:

1. the number of Warrant Shares issuable upon the exercise of this Warrant immediately prior to the date of the agreement on pricing of such shares (or of such convertible securities) (the “Initial Number”) shall be increased to the number obtained by multiplying the Initial Number by a fraction (A) the numerator of which shall be the sum of (x) the number of shares of Common Stock of the Company outstanding on such date and (y) the number of additional shares of Common Stock issued (or into which convertible securities may be exercised or convert) and (B) the denominator of which shall be the sum of (I) the number of shares of Common Stock outstanding on such date and (II) the number of shares of Common Stock which the aggregate consideration receivable by the Company for the total number of shares of Common Stock so issued (or into which convertible securities may be exercised or convert) would purchase at the Average Market Price determined as of the date of the agreement on pricing such shares (or such convertible securities); and
2. the Exercise Price payable upon exercise of the Warrant shall be adjusted by multiplying such Exercise Price in effect immediately prior to the date of the agreement on pricing of such shares (or of such convertible securities) by a fraction, the numerator of which shall be the number of shares of Common Stock issuable upon exercise of this Warrant prior to such date and the denominator of which shall be the number of shares of Common Stock issuable upon exercise of this Warrant immediately after the adjustment described in clause (1) above.

For purposes of the foregoing, the aggregate consideration receivable by the Company in connection with the issuance of such shares of Common Stock or convertible securities shall be deemed to be equal to the sum of the net offering price (including the Fair Market Value of any non-cash consideration and after deduction of any related expenses payable to third parties) of all such securities plus the minimum aggregate amount, if any, payable upon exercise or conversion of any such convertible securities into shares of Common Stock; and “Permitted Transactions” shall mean issuances (i) as consideration for or to fund the acquisition of businesses and/or related assets, (ii) in connection with employee benefit plans and compensation related arrangements in the ordinary course and consistent with past practice approved by the Board of Directors, (iii) in connection with a public or broadly marketed offering and sale of Common Stock or convertible securities for cash conducted by the Company or its affiliates pursuant to registration under the Securities Act or Rule 144A thereunder on a basis consistent with capital raising transactions by comparable institutions and (iv) in connection with the exercise of preemptive rights on terms existing as of the Issue Date. Any adjustment made pursuant to this Section 13(B)(ii) shall become effective immediately upon the date of such issuance.

iii. Other Distributions. In case the Company shall fix a record date for the making of a distribution to all holders of shares of its Common Stock of securities, evidences of indebtedness, assets, cash, rights or warrants (excluding dividends of its Common Stock and other dividends or distributions referred to in Section 13(B)(i)), in each such case, the Exercise Price in effect prior to such record date shall be reduced immediately thereafter to the price determined by multiplying the Exercise Price in effect prior to such record date by the quotient of (x) the Average Market Price of the Common Stock determined as of the first date on which the Common Stock trades regular way on the principal national securities exchange on which the Common Stock is listed or admitted to trading without the right to receive such distribution, minus the amount of cash and/or the Fair Market Value of the securities, evidences of indebtedness, assets, rights or warrants to be so distributed in respect of one share of Common Stock (such amount and/or Fair Market Value, the “Per Share Fair Market Value”) divided by (y) the Average Market Price specified in clause (x); such adjustment shall be made successively whenever such a record date is fixed. In such event, the number of Warrant Shares issuable upon the exercise of this Warrant shall be increased to the number obtained by dividing (x) the product of (1) the number of
Warrant Shares issuable upon the exercise of this Warrant before such adjustment, and (2) the Exercise Price in effect immediately prior to the distribution giving rise to this adjustment by (y) the new Exercise Price determined in accordance with the immediately preceding sentence. In the event that such distribution is not so made, the Exercise Price and the number of Warrant Shares issuable upon exercise of this Warrant then in effect shall be readjusted, effective as of the date when the Board of Directors determines not to distribute such shares, evidences of indebtedness, assets, rights, cash or warrants, as the case may be, to the Exercise Price that would then be in effect and the number of Warrant Shares that would then be issuable upon exercise of this Warrant if such record date had not been fixed.

iv. **Certain Repurchases of Common Stock.** In case the Company effects a Pro Rata Repurchase of Common Stock, then the Exercise Price shall be reduced to the price determined by multiplying the Exercise Price in effect immediately prior to the Effective Date of such Pro Rata Repurchase by a fraction of which the numerator shall be (i) the product of (x) the number of shares of Common Stock outstanding immediately before such Pro Rata Repurchase and (y) the Average Market Price of a share of Common Stock determined as of the date of the first public announcement by the Company or any of its Affiliates of the intent to effect such Pro Rata Repurchase, minus (ii) the aggregate purchase price of the Pro Rata Repurchase, and of which the denominator shall be the product of (i) the number of shares of Common Stock outstanding immediately prior to such Pro Rata Repurchase minus the number of shares of Common Stock so repurchased and (ii) the Average Market Price per share of Common Stock determined as of the date of the first public announcement by the Company or any of its Affiliates of the intent to effect such Pro Rata Repurchase. In such event, the number of shares of Common Stock issuable upon the exercise of this Warrant shall be increased to the number obtained by dividing (x) the product of (1) the number of Warrant Shares issuable upon the exercise of this Warrant before such adjustment, and (2) the Exercise Price in effect immediately prior to the Pro Rata Repurchase giving rise to this adjustment by (y) the new Exercise Price determined in accordance with the immediately preceding sentence. For the avoidance of doubt, no increase to the Exercise Price or decrease in the number of Warrant Shares issuable upon exercise of this Warrant shall be made pursuant to this Section 13(B)(v).

v. **Other Events.** For so long as the Original Warrantholder holds this Warrant or any portion thereof, if any event occurs as to which the provisions of this Section 13 are not strictly applicable or, if strictly applicable, would not, in the good faith judgment of the Board of Directors of the Company, fairly and adequately protect the purchase rights of the Warrants in accordance with the essential intent and principles of such provisions, then the Board of Directors shall make such adjustments in the application of such provisions, in accordance with such essential intent and principles, as shall be reasonably necessary, in the good faith opinion of the Board of Directors, to protect such purchase rights as aforesaid. The Exercise Price or the number of Warrant Shares shall not be adjusted in the event of a change in the par value of the Common Stock or a change in the jurisdiction of incorporation of the Company.
C. **Business Combinations.** In case of any Business Combination or reclassification of Common Stock (other than a reclassification of Common Stock referred to in Section 13(B)(i)), the Warrantholder’s right to receive Warrant Shares upon exercise of this Warrant shall be converted into the right to exercise this Warrant to acquire the number of shares of stock or other securities or property (including cash) which the Common Stock issuable (at the time of such Business Combination or reclassification) upon exercise of this Warrant immediately prior to such Business Combination or reclassification would have been entitled to receive upon consummation of such Business Combination or reclassification; and in any such case, if necessary, the provisions set forth herein with respect to the rights and interests thereafter of the Warrantholder shall be appropriately adjusted so as to be applicable, as nearly as may reasonably be, to the Warrantholder’s right to exercise this Warrant in exchange for any shares of stock or other securities or property pursuant to this paragraph. In determining the kind and amount of stock, securities or the property receivable upon exercise of this Warrant following the consummation of such Business Combination, if the holders of Common Stock have the right to elect the kind or amount of consideration receivable upon consummation of such Business Combination, then the consideration that the Warrantholder shall be entitled to receive upon exercise shall be deemed to be the types and amounts of consideration received by the majority of all holders of the shares of common stock that affirmatively make an election (or of all such holders if none make an election).

D. **Rounding of Calculations; Minimum Adjustments.** All calculations under this Section 13 shall be made to the nearest one-tenth (1/10th) of a cent or to the nearest one-hundredth (1/100th) of a share, as the case may be. Any provision of this Section 13 to the contrary notwithstanding, no adjustment in the Exercise Price or the number of Warrant Shares shall be made if the amount of such adjustment would be less than $0.01 or one-tenth (1/10th) of a share of Common Stock, but any such amount shall be carried forward and an adjustment with respect thereto shall be made at the time of and together with any subsequent adjustment which, together with such amount and any other amount or amounts so carried forward, shall aggregate $0.01 or 1/10th of a share of Common Stock, or more.

E. **Timing of Issuance of Additional Common Stock Upon Certain Adjustments.** In any case in which the provisions of this Section 13 shall require that an adjustment shall become effective immediately after a record date for an event, the Company may defer until the occurrence of such event (i) issuing to the Warrantholder of this Warrant exercised after such record date and before the occurrence of such event the additional shares of Common Stock issuable upon such exercise before giving effect to such adjustment and (ii) paying to such Warrantholder any amount of cash in lieu of a fractional share of Common Stock; provided, however, that the Company upon request shall deliver to such Warrantholder a due bill or other appropriate instrument evidencing such Warrantholder’s right to receive such additional shares, and such cash, upon the occurrence of the event requiring such adjustment.
F. Statement Regarding Adjustments. Whenever the Exercise Price or the number of Warrant Shares shall be adjusted as provided in this Section 13, the Company shall forthwith file at the principal office of the Company a statement showing in reasonable detail the facts requiring such adjustment and the Exercise Price that shall be in effect and the number of Warrant Shares after such adjustment, and the Company shall also cause a copy of such statement to be sent by mail, first class postage prepaid, to each Warrantholder at the address appearing in the Company’s records.

G. Notice of Adjustment Event. In the event that the Company shall propose to take any action of the type described in this Section 13 (but only if the action of the type described in this Section 13 would result in an adjustment in the Exercise Price or the number of Warrant Shares or a change in the type of securities or property to be delivered upon exercise of this Warrant), the Company shall give notice to the Warrantholder, in the manner set forth in this Section 13(G), which notice shall specify the record date, if any, with respect to any such action and the approximate date on which such action is to take place. Such notice shall also set forth the facts with respect thereto as shall be reasonably necessary to indicate the effect on the Exercise Price and the number, kind or class of shares or other securities or property which shall be deliverable upon exercise of this Warrant. In the case of any action which would require the fixing of a record date, such notice shall be given at least 10 days prior to the date so fixed, and in case of all other action, such notice shall be given at least 15 days prior to the taking of such proposed action. Failure to give such notice, or any defect therein, shall not affect the legality or validity of any such action.

H. Proceedings Prior to Any Action Requiring Adjustment. As a condition precedent to the taking of any action which would require an adjustment pursuant to this Section 13, the Company shall take any action which may be necessary, including obtaining regulatory, New York Stock Exchange, NASDAQ Stock Market or other applicable national securities exchange or stockholder approvals or exemptions, as applicable, in order that the Company may thereafter validly and legally issue as fully paid and nonassessable all shares of Common Stock that the Warrantholder is entitled to receive upon exercise of this Warrant pursuant to this Section 13.

I. Adjustment Rules. Any adjustments pursuant to this Section 13 shall be made successively whenever an event referred to herein shall occur. If an adjustment in Exercise Price made hereunder would reduce the Exercise Price to an amount below par value of the Common Stock, then such adjustment in Exercise Price made hereunder shall reduce the Exercise Price to the par value of the Common Stock.

14. No Impairment. The Company will not, by amendment of its Charter or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Company, but will at all times in good faith assist in the carrying out of all the provisions of this Warrant and in taking of all such action as may be necessary or appropriate in order to protect the rights of the Warrantholder.

15. Governing Law. This Warrant will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is
applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely
within such State. Each of the Company and the Warrantholder agrees (a) to submit to the exclusive jurisdiction and venue of the United States
District Court for the District of Columbia for any civil action, suit or proceeding arising out of or relating to this Warrant or the transactions
contemplated hereby, and (b) that notice may be served upon the Company at the address in Section 19 below and upon the Warrantholder at
the address for the Warrantholder set forth in the registry maintained by the Company pursuant to Section 9 hereof. To the extent permitted
by applicable law, each of the Company and the Warrantholder hereby unconditionally waives trial by jury in any civil legal action or
proceeding relating to the Warrant or the transactions contemplated hereby or thereby.

16. **Binding Effect.** This Warrant shall be binding upon any successors or assigns of the Company.

17. **Amendments.** This Warrant may be amended and the observance of any term of this Warrant may be waived only with the written consent of
the Company and the Warrantholder.

18. **Prohibited Actions.** The Company agrees that it will not take any action which would entitle the Warrantholder to an adjustment of the
Exercise Price if the total number of shares of Common Stock issuable after such action upon exercise of this Warrant, together with all shares of
Common Stock then outstanding and all shares of Common Stock then issuable upon the exercise of all outstanding options, warrants, conversion and
other rights, would exceed the total number of shares of Common Stock then authorized by its Charter.

19. **Notices.** Any notice, request, instruction or other document to be given hereunder by any party to the other will be in writing and will be
deemed to have been duly given (a) on the date of delivery if delivered personally, or by facsimile, upon confirmation of receipt, or (b) on the second
Business Day following the date of dispatch if delivered by a recognized next day courier service. All notices hereunder shall be delivered as set forth in
Item 7 of Schedule A hereto, or pursuant to such other instructions as may be designated in writing by the party to receive such notice.

20. **Entire Agreement.** This Warrant, the forms attached hereto and Schedule A hereto (the terms of which are incorporated by reference herein),
and the Warrant Agreement (including all documents incorporated therein), contain the entire agreement between the parties with respect to the subject
matter hereof and supersede all prior and contemporaneous arrangements or undertakings with respect thereto.

RE: Exercise of Warrant

The undersigned, pursuant to the provisions set forth in the attached Warrant, hereby notifies the Company of its intention to exercise its option with respect to the number of shares of the Common Stock set forth below covered by such Warrant. Pursuant to Section 4 of the Warrant, the undersigned acknowledges that the Company may settle this exercise in net cash or shares. Cash to be paid pursuant to a Net Cash Settlement or payment of fractional shares in connection with a Net Share Settlement should be deposited to the account of the Warrantholder set forth below. Common Stock to be delivered pursuant to a Net Share Settlement shall be delivered to the Warrantholder as indicated below. A new warrant evidencing the remaining shares of Common Stock covered by such Warrant, but not yet subscribed for and purchased, if any, should be issued in the name set forth below.

VALUATION

[***]
WARRANT SHARES FORMULA

(a) The Exercise Price shall equal the Equity Value (as defined in Annex B), subject to approval of such Equity Value by Treasury (such approval not to be unreasonably delayed or withheld), determined as of (i) either April 9, 2020 or (ii) if the Company has determined the Equity Value as of the last day of the Company’s first fiscal quarter in 2020, as of the last day of the Company’s first fiscal quarter in 2020 divided by the Fully Diluted Outstanding Common Stock (as defined in Annex B).

(b) The number of Warrant Shares for which Warrants issued on each Warrant Closing Date shall be exercisable shall equal:

   (i) On the date of the Initial Closing, the quotient of (x) the product of the full outstanding principal amount of the Promissory Note on the date of the Initial Closing multiplied by 0.1 divided by (y) the Exercise Price; and

   (ii) On each Warrant Closing Date subsequent to the date of the Initial Closing, the quotient of (x) the product of the amount by which the principal amount of the Promissory Note is increased on such Warrant Closing Date multiplied by 0.1 divided by (y) the Exercise Price.

LOAN AND GUARANTEE AGREEMENT dated as of September 28, 2020 (this “Agreement”), among FRONTIER AIRLINES, INC., a corporation organized under the laws of Colorado (the “Borrower”), FRONTIER GROUP HOLDINGS, INC., a corporation organized under the laws of Delaware (the “Parent”), the Guarantors party hereto from time to time, the UNITED STATES DEPARTMENT OF THE TREASURY (“Treasury”) and THE BANK OF NEW YORK MELLON as Administrative Agent and Collateral Agent.

WHEREAS, the Borrower has requested that the Initial Lender (as defined below) extend credit as is permissible under the Coronavirus Aid, Relief, and Economic Security Act, Pub. L. 116-136 (Mar. 27, 2020), as the same may be amended form time to time (the “CARES Act”) to the Borrower, and the Initial Lender is willing to do so on the terms and conditions set forth herein; and

WHEREAS, pursuant to Section 4003(h)(1) of the CARES Act, for purposes of the Code (as defined below) the Loans (as defined below) shall be treated as indebtedness and as having been issued for their aggregate stated principal amount, and the interest payable pursuant to Section 2.09(a) shall be treated as qualified stated interest.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto agree as follows:

ARTICLE I
DEFINITIONS

SECTION 1.01 Defined Terms. As used in this Agreement, the following terms have the meanings specified below:

“Additional Collateral” shall mean (a) cash and Cash Equivalents pledged to the Collateral Agent for the benefit of the Secured Parties under the Security Documents (and subject to an account control agreement in form and substance satisfactory to the Appropriate Party), (b) airframes, aircraft, engines and Spare Parts, registered, habitually located, or located in a designated location, respectively, in the United States and that are eligible for the benefits of Section 1110 of the Bankruptcy Code, 11 U.S.C. § 1110 or otherwise acceptable to the Required Lenders (provided that any airframe must be less than 20 years old at the time of its designation as Additional Collateral), (c) Route Authorities for routes with at least one endpoint located in the United States and all Slots and Gate Leaseholds related from time to time thereto or otherwise acceptable to the Required Lenders, (d) real property, (e) ground support equipment, (f) flight simulators and (g) any other assets acceptable to the Required Lenders, and all of which assets shall (i) (other than Additional Collateral of the type described in clause (a)) be valued by a new Appraisal at the time the Parent designates such assets as Additional Collateral, (ii) as of any date of addition of such assets as Collateral, be subject, to the extent purported to be created by the applicable Security Document, to a perfected first priority Lien and/or mortgage (or comparable Lien), in favor of the Collateral Agent for the benefit of the Secured Parties and otherwise subject only to Permitted Liens (excluding those referred to in clause (4) of the definition of “Permitted Lien”), (iii) pledged to the Collateral Agent for the benefit of the Secured Parties pursuant to security agreement(s) or mortgage(s), as applicable, in a form satisfactory to the Appropriate Party and (iv) at the time of their designation as Additional Collateral, be accompanied by a legal opinion in form satisfactory to the Appropriate Party; provided that, in accordance with Section 8.06, the Collateral Agent may designate a sub-agent to accept the security interest in any Additional Collateral for the benefit of the Secured Parties; provided further that, with respect to Additional Collateral of the type described in clauses (c), (d) and (g), the Borrower agrees to notify the Collateral Agent as promptly as practicable of any new categories of assets which are expected to be designated as Additional Collateral or any new jurisdictions in which any
asset is to be secured or located; provided further that, with respect to Additional Collateral of the type described in clause (d), (e) or (f), (i) such assets are acceptable to the Required Lenders, (ii) the Borrower shall have delivered Appraisals acceptable in form and substance to the Required Lenders with respect to such assets, (iii) such assets are subject to a loan to value framework acceptable to the Required Lenders, (iv) such assets are pledged pursuant to documentation acceptable in form and substance to the Required Lenders and (v) the benefits of pledging such assets outweigh the associated cost, burden, difficulty or other consequences, as determined by the Required Lenders in their sole discretion.

“Adjusted LIBO Rate” means, as to any Borrowing for any Interest Period, an interest rate per annum (rounded upwards, if necessary, to the next 1/100 of 1%) equal to (a) the LIBO Rate for such Interest Period divided by (b) one minus the Eurodollar Reserve Percentage.

“Applicable Rate” means 2.50%.

“Appraisal” means any appraisal specifying a value in Dollars (and not a range of values), dated as of the delivery thereof, prepared by an Eligible Appraiser that certifies, at the time of determination, in reasonable detail the Appraised Value of Eligible Collateral; provided that any methodology, form of presentation and all assumptions must be acceptable to the Appropriate Party; provided further that the methodology, form of presentation and assumptions in the Appraisal delivered on the Closing Date pursuant to Section 4.01(i) shall be satisfactory for any subsequent Appraisal with respect to the same category and specific type of Eligible Collateral.

“Appraised Value” means, as of any date, (a) the specific value in Dollars (and not a range of values) of any property constituting Eligible Collateral (other than cash and Cash Equivalents) as reflected in the most recent Appraisal, (b) with respect to any cash pledged or being pledged at such time as Collateral, 160% of the face amount and (c) with respect to any Cash Equivalents pledged or being pledged at such time as Collateral, 100% of the fair market value thereof as determined by the Parent in accordance with customary financial market practices determined no earlier than 45 days prior to such date; provided that (i) if no Appraisal relating to such Eligible Collateral has been delivered to the Collateral Agent prior to such date, the Appraised Value of such Eligible Collateral shall be deemed to be zero and (ii) in the case of any such property consisting of ground support equipment, the Appraised Value shall be deemed to be 50% of the value set forth in the most recent Appraisal.

“Appropriate Party” means (i) while the Initial Lender holds any Commitment or Loan, the Initial Lender and (ii) if the Initial Lender is no longer a Lender, the Administrative Agent (acting at the direction of the Required Lenders).

“Approved Fund” means any Fund that is administered or managed by (a) a Lender, (b) an Affiliate of a Lender or (c) an entity or an Affiliate of an entity that administers or manages a Lender.
“Assignment and Assumption” means an assignment and assumption entered into by a Lender and an Eligible Assignee (with the consent of any party whose consent is required by Section 11.04), and accepted by the Administrative Agent, in substantially the form of Exhibit A or any other form approved by the Administrative Agent.

“Attributable Indebtedness” means, as of any date of determination, (a) in respect of any Capitalized Lease Obligations of any Person, the capitalized amount thereof that would appear on a balance sheet of such Person prepared as of such date in accordance with GAAP, and (b) in respect of any Synthetic Lease Obligation, the capitalized amount of the remaining lease payments under the relevant lease that would appear on a balance sheet of such Person prepared as of such date in accordance with GAAP if such lease were accounted for as a capital lease.

“Available Tenor” means, as of any date of determination and with respect to the then-current Benchmark, as applicable, any tenor for such Benchmark or payment period for interest calculated with reference to such Benchmark, as applicable, that is or may be used for determining the length of an Interest Period pursuant to this Agreement as of such date and not including, for the avoidance of doubt, any tenor for such Benchmark that is then-removed from the definition of “Interest Period” pursuant to clause (d) of Section 2.10.

“Bail-In Action” means the exercise of any Write-Down and Conversion Powers by an applicable Resolution Authority in respect of any liability of any Affected Financial Institution.

“Bail-In Legislation” means, (a) with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing Law for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule and (b) with respect to the United Kingdom, Part I of the United Kingdom Banking Act 2009 (as amended from time to time) and any other law, regulation or rule applicable in the United Kingdom relating to the resolution of unsound or failing banks, investment firms or other financial institutions or their affiliates (other than through liquidation, administration or other insolvency proceedings).

“Benchmark” means, initially, USD LIBO Rate; provided that if a Benchmark Transition Event or an Early Opt-in Election, as applicable, and its related Benchmark Replacement Date have occurred with respect to USD LIBO Rate or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement to the extent that such Benchmark Replacement has replaced such prior benchmark rate pursuant to Section 2.10(a).

“Benchmark Replacement” means, for any Available Tenor, the first alternative set forth in the order below that can be determined by the Required Lenders for the applicable Benchmark Replacement Date:

1. the sum of: (a) Term SOFR and (b) the related Benchmark Replacement Adjustment;
2. the sum of: (a) Daily Simple SOFR and (b) the related Benchmark Replacement Adjustment;
3. the sum of: (a) the alternate benchmark rate that has been selected by (y) so long as the Initial Lender is a Lender, the Initial Lender and (z) otherwise, the Required Lenders and the Borrower, in each case, as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to (i) any selection or recommendation of a replacement benchmark rate or the mechanism for determining such a rate by the Relevant Governmental Body or (ii) any evolving or then-prevailing
market convention for determining a benchmark rate as a replacement for the then-current Benchmark for U.S. dollar-denominated syndicated credit facilities at such time and (b) the related Benchmark Replacement Adjustment;

provided that, in the case of clause (1), such Unadjusted Benchmark Replacement is displayed on a screen or other information service that publishes such rate from time to time as selected by the Required Lenders in their reasonable discretion and such screen is administratively acceptable as determined by the Administrative Agent in its reasonable discretion. If the Benchmark Replacement as determined pursuant to clause (1), (2) or (3) above would be less than the Floor, the Benchmark Replacement will be deemed to be the Floor for the purposes of this Agreement and the other Loan Documents; provided further that any such Benchmark Replacement shall be administratively feasible as determined by the Administrative Agent in its reasonable discretion.

“Benchmark Replacement Adjustment” means, with respect to any replacement of the then- current Benchmark with an Unadjusted Benchmark Replacement for any applicable Interest Period and Available Tenor for any setting of such Unadjusted Benchmark Replacement:

(1) for purposes of clauses (1) and (2) of the definition of “Benchmark Replacement,” the first alternative set forth in the order below that can be determined by the Required Lenders:

(a) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) as of the Reference Time such Benchmark Replacement is first set for such Interest Period that has been selected or recommended by the Relevant Governmental Body for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement for the applicable Corresponding Tenor;

(b) the spread adjustment (which may be a positive or negative value or zero) as of the Reference Time such Benchmark Replacement is first set for such Interest Period that would apply to the fallback rate for a derivative transaction referencing the ISDA Definitions to be effective upon an index cessation event with respect to such Benchmark for the applicable Corresponding Tenor; and

(2) for purposes of clause (3) of the definition of “Benchmark Replacement,” the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected by (y) so long as the Initial Lender is a Lender, the Initial Lender and (z) otherwise, the Required Lenders and the Borrower, in each case, for the applicable Corresponding Tenor giving due consideration to (i) any selection or recommendation of a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement by the Relevant Governmental Body on the applicable Benchmark Replacement Date or (ii) any evolving or then-prevailing market convention for determining a spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of such Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar- denominated syndicated credit facilities;

provided that, in the case of clause (1) above, such adjustment is displayed on a screen or other information service that publishes such Benchmark Replacement Adjustment from time to time as selected by the Required Lenders in their reasonable discretion and such screen is administratively acceptable as determined by the Administrative Agent in its reasonable discretion; provided that any such Benchmark Replacement Adjustment shall be administratively feasible as determined by the Administrative Agent in its reasonable discretion.
“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Alternate Base Rate,” the definition of “Business Day,” the definition of “Interest Period,” timing and frequency of determining rates and making payments of interest, timing of borrowing requests or prepayment, conversion or continuation notices, length of lookback periods, the applicability of breakage provisions, and other technical, administrative or operational matters) that the Administrative Agent (after consultation with the Required Lenders) decides may be appropriate to reflect the adoption and implementation of such Benchmark Replacement and to permit the administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent (after consultation with the Required Lenders) decides that adoption of any portion of such market practice is not administratively feasible or if the Administrative Agent (after consultation with the Required Lenders) determines that no market practice for the administration of such Benchmark Replacement exists, in such other manner of administration as the Administrative Agent (after consultation with the Required Lenders) decides is reasonably necessary in connection with the administration of this Agreement and the other Loan Documents). The Required Lenders shall cooperate in good faith with the Administrative Agent so that the Administrative Agent may determine such Benchmark Replacement Conforming Changes.

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark:

1. in the case of clause (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of such Benchmark (or the published component used in the calculation thereof) permanently or indefinitely ceases to provide all Available Tenors of such Benchmark (or such component thereof);

2. in the case of clause (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein; or

3. in the case of an Early Opt-in Election, (y) so long as the Initial Lender is a Lender, the sixth (6th) Business Day after the date notice of such Early Opt-in Election is provided to the Administrative Agent and (z) otherwise, the sixth (6th) Business Day after the date notice of such Early Opt-in Election is provided to the Administrative Agent, so long as the Administrative Agent has not received, by 5:00 p.m. (New York City time) on the fifth (5th) Business Day after the date notice of such Early Opt-in Election is provided to the Lenders, written notice of objection to such Early Opt-in Election from Lenders comprising the Required Lenders.

For the avoidance of doubt, (i) if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination and (ii) the “Benchmark Replacement Date” will be deemed to have occurred in the case of clause (1) or (2) with respect to any Benchmark upon the occurrence of the applicable event or events set forth therein with respect to all then-current Available Tenors of such Benchmark (or the published component used in the calculation thereof).

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark:

1. a public statement or publication of information by or on behalf of the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that such administrator has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof);
(2) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof), the Federal Reserve Board, the Federal Reserve Bank of New York, an insolvency official with jurisdiction over the administrator for such Benchmark (or such component), a resolution authority with jurisdiction over the administrator for such Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for such Benchmark (or such component), which states that the administrator of such Benchmark (or such component) has ceased or will cease to provide all Available Tenors of such Benchmark (or such component thereof) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide any Available Tenor of such Benchmark (or such component thereof); or

(3) a public statement or publication of information by the regulatory supervisor for the administrator of such Benchmark (or the published component used in the calculation thereof) announcing that all Available Tenors of such Benchmark (or such component thereof) are no longer representative.

For the avoidance of doubt, a “Benchmark Transition Event” will be deemed to have occurred with respect to any Benchmark if a public statement or publication of information set forth above has occurred with respect to each then-current Available Tenor of such Benchmark (or the published component used in the calculation thereof).

“Benchmark Unavailability Period” means the period (if any) (x) beginning at the time that a Benchmark Replacement Date pursuant to clauses (1) or (2) of that definition has occurred if, at such time, no Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.10 and (y) ending at the time that a Benchmark Replacement has replaced the then-current Benchmark for all purposes hereunder and under any Loan Document in accordance with Section 2.10.

“Taxes” means all present or future taxes, levies, impuls, duties, deductions, withholdings (including backup withholding), assessments, fees or other charges imposed by any Governmental Authority, including any interest, additions to tax or penalties applicable thereto.
“Term SOFR” means, for the applicable Corresponding Tenor as of the applicable Reference Time, the forward-looking term rate based on SOFR that has been selected or recommended by the Relevant Governmental Body.

“Term Trigger Event” has the meaning specified in Section 2.06(b).

“Trade Date” means the date on which an assigning Lender enters into a binding agreement to sell and assign all or a portion of its rights and obligations under this Agreement to another Person.

“Trade Secrets” has the meaning assigned to such term in the Pledge and Security Agreement.

“Trademark” has the meaning assigned to such term in the Pledge and Security Agreement.

“Treasury” has the meaning specified in the preamble to this Agreement.

“UK Financial Institution” means any BRRD Undertaking (as such term is defined under the PRA Rulebook (as amended from time to time) promulgated by the United Kingdom Prudential Regulation Authority) or any Person falling within IFPRU 11.6 of the FCA Handbook (as amended from time to time) promulgated by the United Kingdom Financial Conduct Authority, which includes certain credit institutions and investment firms, and certain affiliates of such credit institutions or investment firms.

“UK Resolution Authority” means the Bank of England or any other public administrative authority having responsibility for the resolution of any UK Financial Institution.

“Unadjusted Benchmark Replacement” means the applicable Benchmark Replacement excluding the related Benchmark Replacement Adjustment.

“Uniform Commercial Code” and “UCC” means the Uniform Commercial Code as in effect from time to time in the State of New York or, when the context implies, the Uniform Commercial Code as in effect from time to time in any other applicable jurisdiction.

“United States” and “U.S.” mean the United States of America.

“USD LIBO Rate” means the LIBO Rate for U.S. dollars.

“U.S. Person” means any Person that is a “United States Person” as defined in Section 7701(a)(30) of the Code.

“U.S. Tax Compliance Certificate” has the meaning specified in Section 2.16(g).

“Voting Stock” of any specified Person as of any date means the equity interests of such Person that is at the time entitled to vote in the election of the board of directors of such Person.

“Warrant Agreement” means the warrant agreement, dated as of the date hereof between the Parent and Treasury, pursuant to which the Parent agrees to issue Warrants to Treasury upon each Borrowing.
“Warrants” means, collectively, those certain warrants issued to Treasury under the Warrant Agreement or the PSP Warrant Agreement.

“Wholly-Owned” means, as to a Subsidiary of a Person, a Subsidiary of such Person all of the outstanding Equity Interests of which (other than (a) director’s qualifying shares and (b) shares issued to foreign nationals to the extent required by Applicable Law) are owned by such Person and/or by one or more Wholly-Owned Subsidiaries of such Person.

“Withholding Agent” means the Borrower and the Administrative Agent or other person making or transferring to any Lender any payment on behalf of the Borrower.

“Write-Down and Conversion Powers” means, (a) with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which powers are described in the EU Bail-In Legislation Schedule and (b) with respect to the United Kingdom, any powers of the applicable Resolution Authority under the Bail-In Legislation to cancel, reduce, modify or change the form of a liability of any UK Financial Institution or any contract or instrument under which that liability arises, to convert all or part of that liability into shares, securities or obligations of such Person or any other Person, to provide that any such contract or instrument is to have effect as if a right had been exercised under it or to suspend any obligation in respect of that liability or any of the powers under that Bail-In Legislation that are related to or ancillary to any of those power.

SECTION 1.02 Terms Generally. The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation.” The word “will” shall be construed to have the same meaning and effect as the word “shall.” The word “or” is not exclusive. The word “year” shall refer (i) in the case of a leap year, to a year of three hundred sixty-six (366) days, and (ii) otherwise, to a year of three hundred sixty-five (365) days. Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (b) any reference herein to any Person shall be construed to include such Person’s successors and assigns, (c) the words “herein,” “hereof” and “hereunder,” and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (d) all references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement, (e) any reference to any law or regulation herein shall, unless otherwise specified, refer to such law or regulation as amended, modified or supplemented from time to time, and (f) the words “asset” and “property” shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights.

SECTION 1.03 Accounting Terms: Changes in GAAP.

(a) Accounting Terms. Except as otherwise expressly provided herein, all accounting terms not otherwise defined herein shall be construed in conformity with GAAP. Financial statements and other information required to be delivered by the Parent to the Lenders pursuant to Sections 5.01(a) and 5.01(b) shall be prepared in accordance with GAAP as in effect at the time of such preparation. Notwithstanding the foregoing, for purposes of determining compliance with any covenant (including the computation of any financial covenant) contained herein, Indebtedness of the Parent and its Subsidiaries shall be deemed to be carried at 100% of the outstanding principal amount thereof, and the effects of FASB ASC 825 and FASB ASC 470-20 on financial liabilities shall be disregarded.
(b) **Changes in GAAP.** If the Borrower notifies the Administrative Agent (who will forward such notification to the Lenders) that the Borrower requests an amendment to any provision hereof to eliminate the effect of any change occurring after the date hereof in GAAP or in the application thereof on the operation of such provision (or if the Administrative Agent notifies the Borrower that the Required Lenders request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn, the Required Lenders shall have notified the Borrower (with a copy to the Administrative Agent) of their objection to such amendment or such provision shall have been amended in accordance herewith.

**SECTION 1.04 Rates.** The Administrative Agent does not warrant or accept responsibility for, and shall not have any liability with respect to, the administration, submission or any other matter related to the rates in the definition of “LIBO Rate” or with respect to any comparable or successor rate thereto.

**SECTION 1.05 Divisions.** For all purposes under the Loan Documents, in connection with any division or plan of division under Delaware law (or any comparable event under a different jurisdiction’s laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its Equity Interests at such time.

**ARTICLE II**

**COMMITMENTS AND BORROWINGS**

**SECTION 2.01 Commitments.** Subject to the terms and conditions set forth herein, the Initial Lender agrees to make the Loans to the Borrower in one or more installments on or after the Closing Date in an aggregate principal amount not to exceed the Initial Lender’s Commitment. Amounts borrowed under this Section 2.01 and repaid or prepaid may not be reborrowed.

**SECTION 2.02 Loans and Borrowings.**

(a) **Borrowings.** The Borrower shall request the initial Borrowing of the Loans on the Closing Date and may request one or more subsequent Borrowings of the Loans; provided that the Borrower shall request no more than three (3) total Borrowings.

(b) **Minimum Amounts.** Each Borrowing shall be in an aggregate amount of $60,000,000 or a larger multiple of $5,000,000; provided that the final Borrowing may be in an amount equal to the aggregate remaining outstanding Commitments available to the Borrower under the terms and conditions of this Agreement.

(c) **Funding of Borrowings.** Each Lender shall make the amount of each Borrowing to be made by it hereunder available to the Administrative Agent by wire transfer of immediately available funds to the Administrative Account not later than 12:00 noon (New York City time) on the proposed date thereof. The Administrative Agent will make all such funds so received available to the
Borrower in like funds, by wire transfer of such funds in accordance with the instructions provided in the applicable Borrowing Request; provided that if all such requested funds are not received by the Administrative Agent by 12:00 noon (New York City time) on the proposed date for such Borrowing, the Administrative Agent shall distribute such funds on the next succeeding Business Day.

SECTION 2.03 Borrowing Requests.

(a) Notice by Borrower. In order to request a Borrowing, the Borrower shall notify the Administrative Agent of such request in writing not later than 11:00 a.m. (New York City time) (i) with respect to the initial Borrowing under this Agreement, three (3) Business Days prior to the date of the requested Borrowing and (ii) for each subsequent Borrowing, five (5) Business Days before such Borrowing. Each such notice shall be irrevocable and shall be in the form of a written Borrowing Request, appropriately completed and signed by a Responsible Officer of the Borrower. The Administrative Agent shall promptly advise the applicable Lenders of any Borrowing Request given pursuant to this Section 2.03(a) (and the contents thereof), and of each Lender’s portion of the requested Borrowing.

(b) Content of Borrowing Requests. Each Borrowing Request for a Borrowing pursuant to this Section shall specify the following information in compliance with Section 2.02: (i) the aggregate amount of the requested Borrowing; (ii) the date of such Borrowing (which shall be a Business Day); and (iii) the location and number of the Borrower’s account to which funds are to be disbursed.

SECTION 2.04 [Reserved].

SECTION 2.05 [Reserved].

SECTION 2.06 Prepayments.

(a) Optional Prepayments. The Borrower may, upon written notice to the Administrative Agent, at any time and from time to time prepay the Loans in whole or in part without premium or penalty, subject to the requirements of this Section. Partial prepayments of the Loans shall be in a minimum aggregate principal amount of $1,000,000 or a whole multiple of $100,000 in excess thereof. Notwithstanding anything herein to the contrary, the Borrower may at any time elect to prepay the loans with funds contained in the Collateral Proceeds Account.

(b) Mandatory Prepayments.

(i) Dispositions of Collateral. Within three (3) Business Days of the receipt by the Parent or any of its Subsidiaries of any Net Proceeds from a Disposition of Collateral not permitted by Section 6.04, the Borrower shall prepay the Loans in an amount equal to 100% of such Net Proceeds.

(ii) Recovery Events. Within three (3) Business Days of the receipt by the Parent or any of its Subsidiaries of any Net Proceeds from a Recovery Event in respect of Collateral, the Borrower shall prepay the Loans in an amount equal to 100% of such Net Proceeds; provided that with respect to Collateral consisting of airframes, aircraft, engines and Spare Parts, the Borrower may deposit such Net Proceeds into the Collateral Proceeds Account for such purpose and thereafter such Net Proceeds shall be applied (to the extent not otherwise applied pursuant to the immediately succeeding proviso) to prepay the Loans; provided further that (I) the Borrower may use such Net Proceeds to (A) replace the assets which are the subject of such Recovery Event with assets that are of the same type of Collateral or (B) repair the assets which are the subject of
such Recovery Event, in each case, within 270 days after such deposit is made, (II) all such Net Proceeds amount may, at the option of the Borrower at any time, be applied to repay the Loans, and (III) upon the occurrence of an Event of Default, the amount of any such deposit may be applied by the Administrative Agent to repay the Loans.

(iii) **Certain Debt Issuances.** Immediately upon receipt by the Parent or any of its Subsidiaries of any proceeds from the incurrence of any Indebtedness that is secured by Liens on the Collateral (other than Permitted Liens), the Borrower shall prepay the Loans in an amount equal to 100% of any such proceeds from any such Indebtedness.

(iv) **Contingent Payment Events.** Within three (3) Business Days of the receipt by the Parent or any of its Subsidiaries of any Net Proceeds from a Contingent Payment Event under a Loyalty Program Agreement, which Net Proceeds, together with the aggregate amount of Net Proceeds previously received from Contingent Payment Events, are in excess of $5,000,000, the Borrower shall prepay the Loans in an amount equal to 100% of such Net Proceeds.

(v) **Loyalty Revenue Advance Transactions.** Within three (3) Business Days of the receipt by the Parent or any of its Subsidiaries of any Net Proceeds from a Loyalty Revenue Advance Transaction, which Net Proceeds, together with the aggregate amount of Net Proceeds previously received from Loyalty Revenue Advance Transactions during the term of this Agreement, are in excess of an amount equal to the greater of (x) $10,000,000 and (y) 10% of the aggregate amount of Collateral Cash Flow received during the most recently ended DSCR Test Period that has been deposited into a Collateral Account, the Borrower shall prepay the Loans in an amount equal to 100% of such excess Net Proceeds.

(vi) **Payment Events.**

(A) The Loans shall be required to be repaid if the Debt Service Coverage Ratio with respect to any DSCR Determination Date is less than 1.50 to 1.00 or 1.25 to 1.00, as the case may be, as set forth in Section 6.17(c).

(B) After the occurrence and during the continuation of an Event of Default, the Loans shall be repaid in an amount equal to 100% of all Loyalty Program Revenue received thereafter, and the Parent and the Subsidiaries shall ACH or wire transfer daily such Loyalty Program Revenue to the Payment Account (from the Collection Account or otherwise) with all such amounts deposited into the Payment Account to be applied to the prepayment of any Loans then outstanding.

(C) If at any time (x) any Material Loyalty Program Agreement has a remaining term of less than two (2) years or (y) Loyalty Program Agreements representing 90% of Loyalty Program Revenues (excluding revenues generated under any Loyalty Subscription Program) in the aggregate over the immediately preceding twelve (12) calendar month period then ended have remaining terms of less than two (2) years (a “Term Trigger Event”) and such Term Trigger Event is continuing, then the Loans shall be repaid in an amount equal to 100% of all Loyalty Program Revenue received thereafter, and the Parent and the Subsidiaries shall ACH or wire transfer daily such Loyalty Program Revenue to the Payment Account (from the Collection Account or otherwise) with all such amounts deposited into the Payment Account to be applied to the prepayment of any Loans then outstanding.
(vii) **Change of Control.** Immediately upon the occurrence of a Change of Control, the Borrower shall prepay the Loans in an amount equal to 100% of the aggregate outstanding principal amount of Loans.

(c) **Notices.** Each such notice pursuant to this Section shall be in the form of a written Prepayment Notice, appropriately completed and signed by a Responsible Officer of the Borrower, and must be received by the Administrative Agent not later than 11:00 a.m. (New York City time) three (3) Business Days before the date of prepayment (which delivery may initially be by electronic communication including fax or email and shall be followed by an original authentic counterpart thereof). Each Prepayment Notice shall specify (x) the prepayment date and (y) the principal amount of the Loans or portion thereof to be prepaid. Each Prepayment Notice shall be irrevocable.

(d) **Payments.** Any prepayment of the Loans pursuant to this Section 2.06 shall be accompanied by accrued interest on the principal amount prepaid as set forth in Section 2.09(c).

SECTION 2.07 Reduction and Termination of Commitments. The Initial Lender’s Commitments shall (x) automatically and permanently be reduced by the amount of any Borrowing of a Loan and (y) automatically and permanently terminate on March 26, 2021. The Borrower may, upon not less than three (3) Business Days’ notice to the Initial Lender and the Administrative Agent, terminate the Commitments or, from time to time, reduce the Commitment. Any such reduction in the Commitments shall be in an amount equal to $1,000,000 or a whole multiple thereof, and shall permanently reduce the Commitment.

SECTION 2.08 Repayment of Loans. The Borrower shall repay to the Administrative Agent for the ratable account of the Lenders the aggregate principal amount of all Loans outstanding on the Maturity Date.

SECTION 2.09 Interest.

(a) **Interest Rates.** Subject to paragraph (b) of this Section, the Loans shall bear interest at a rate per annum equal to the Adjusted LIBO Rate plus the Applicable Rate.

(b) **Default Interest.** If any amount payable by the Borrower under this Agreement or any other Loan Document (including principal of any Loan, interest, fees and other amount) is not paid when due, whether at stated maturity, by acceleration or otherwise, such amount shall thereafter bear interest at a rate per annum equal to the applicable Default Rate. Upon the request of the Required Lenders, while any Event of Default exists, the Borrower shall pay interest on the principal amount of all Loans outstanding hereunder at a rate per annum equal to the applicable Default Rate.

(c) **Payment Dates.** Accrued interest on each Loan shall be payable in arrears on or before 12:00 noon (New York City time) on each Interest Payment Date applicable thereto and at such other times as may be specified herein; provided that (i) interest accrued pursuant to paragraph (b) of this Section shall be payable on demand and (ii) in the event of any repayment or prepayment of any Loan (including mandatory prepayments under Section 2.06(b)), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment.

(d) **Interest Computation.** All interest hereunder shall be computed on the basis of a year of three hundred sixty (360) days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day). The Adjusted LIBO Rate shall be determined by the Administrative Agent, and such determination shall be conclusive absent manifest error.
SECTION 2.10 Benchmark Replacement Setting.

(a) **Benchmark Replacement.** Notwithstanding anything to the contrary herein or in any other Loan Document, if a Benchmark Transition Event or an Early Opt-in Election, as applicable, and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any setting of the then-current Benchmark, as notified by the Required Lenders to the Administrative Agent in writing, then (x) if a Benchmark Replacement is determined in accordance with clause (1) or (2) of the definition of “Benchmark Replacement” for such Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of such Benchmark setting and subsequent Benchmark settings without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document and (y) if a Benchmark Replacement is determined in accordance with clause (3) of the definition of “Benchmark Replacement” for such Benchmark Replacement Date, such Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of any Benchmark setting at or after 5:00 p.m. (New York City time) on the fifth (5th) Business Day after the date notice of such Benchmark Replacement is provided to the Lenders and the Administrative Agent by the Required Lenders without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document, so long as the Administrative Agent has not received, by such time, written notice of objection to such Benchmark Replacement from Lenders comprising the Required Lenders.

(b) **Benchmark Replacement Conforming Changes.** In connection with the implementation of a Benchmark Replacement, the Administrative Agent (after consultation with the Required Lenders) will have the right to make Benchmark Replacement Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(c) **Notices; Standards for Decisions and Determinations.** The Initial Lender or the Required Lenders, as the case may be, will promptly notify the Administrative Agent, which will then promptly notify the Borrower and the Lenders of (i) any occurrence of a Benchmark Transition Event or an Early Opt-in Election, as applicable, and its related Benchmark Replacement Date, (ii) the implementation of any Benchmark Replacement, (iii) the removal or reinstatement of any tenor of a Benchmark pursuant to clause (d) below and (iv) the commencement or conclusion of any Benchmark Unavailability Period. The Administrative Agent will promptly notify the Borrower and the Lenders of the effectiveness of any Benchmark Replacement Conforming Changes. Any determination, decision or election that may be made by any Lender (or group of Lenders) or the Administrative Agent, if applicable, pursuant to this Section 2.10 including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 2.10. Notwithstanding anything in this Agreement to the contrary, the Administrative Agent does not warrant or accept any responsibility for, and shall not have any liability with respect to, any determination made by it in connection with the adoption of Benchmark Replacement Conforming Changes or for the impact of such Benchmark Replacement Conforming Changes, nor for the failure to adopt any Benchmark Replacement Conforming Changes due to the failure of the Required Lenders to cooperate in good faith in connection with the determination of any Benchmark Replacement Conforming Changes.

(d) **Unavailability of Tenor of Benchmark.** Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a
Benchmark Replacement), (i) if the then-current Benchmark is a term rate (including Term SOFR or USD LIBO Rate) and either (A) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (B) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is or will be no longer representative, then the definition of “Interest Period” may be modified for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (ii) if a tenor that was removed pursuant to clause (i) above either (A) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) used by the Administrative Agent or (B) is not, or is no longer, subject to an announcement that it is or will no longer be representative for a Benchmark (including a Benchmark Replacement), then the definition of “Interest Period” may be modified for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(e) **Benchmark Unavailability Period.** During any Benchmark Unavailability Period, all calculations of interest by reference to a LIBO Rate hereunder shall instead be made by reference to the Alternate Base Rate.

**SECTION 2.11 Evidence of Debt.**

(a) **Maintenance of Records.** The Administrative Agent shall maintain the Register in accordance with Section 11.04(c). The entries made in the records maintained pursuant to this paragraph (a) shall be prima facie evidence absent manifest error of the existence and amounts of the obligations recorded therein. Any failure of the Administrative Agent to maintain such records or make any entry therein or any error therein shall not in any manner affect the obligations of the Borrower under this Agreement and the other Loan Documents.

(b) **Promissory Notes.** The Borrower shall prepare, execute and deliver to such Lender a promissory note of the Borrower payable to such Lender (or, if requested by such Lender, to such Lender and its registered assigns) and a form attached as Exhibit C hereto, which shall evidence such Lender’s Loan.

**SECTION 2.12 Payments Generally.**

(a) **Payments by Borrower.** All payments to be made by the Borrower hereunder and the other Loan Documents shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, all such payments shall be made to the Administrative Agent, for the account of the respective Lenders to which such payment is owed, to the Administrative Account in immediately available funds not later than 12:00 noon (New York City time) on the date specified herein. All amounts received by a Lender or the Administrative Agent after such time on any date shall be deemed to have been received on the next succeeding Business Day and any applicable interest or fees shall continue to accrue. The Administrative Agent will promptly distribute to each Lender its ratable share (or other applicable share as provided herein) of such payment in like funds as received by wire transfer to such Lender’s applicable lending office (or otherwise distribute such payment in like funds as received to the Person or Persons entitled thereto as provided herein). If any payment to be made by the Borrower shall fall due on a day that is not a Business Day, payment shall be made on the next succeeding Business Day and such extension of time shall be reflected in computing interest or fees, as the case may be; provided that, if such next succeeding Business Day would fall after the Maturity Date, payment shall be made on the immediately preceding Business Day. Except as otherwise expressly provided herein, all payments hereunder or under any other Loan Document shall be made in Dollars.
(b) **Application of Insufficient Payments.** Subject to Section 7.02, if at any time insufficient funds are received by and available to the Lenders or the Administrative Agent to pay fully all amounts of principal, interest, fees and other amounts then due hereunder, such funds shall be applied (i) **first,** to pay interest, fees and other amounts then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest, fees and other amounts then due to such parties, and (ii) **second,** to pay principal then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

(c) **Presumptions by Administrative Agent.** Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for the account of the Lenders hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may, in reliance upon such assumption, but shall not be obligated to, distribute to the Lenders the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender, with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the Federal Funds Effective Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation. Notwithstanding the foregoing, the Administrative Agent is not required to make any payment to the Lenders until it is in possession of cleared funds from the Borrower.

(d) **Deductions by Administrative Agent.** If any Lender (other than the Initial Lender) shall fail to make any payment required to be made by it pursuant to Section 2.13 or 11.03(c), then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent for the account of such Lender for the benefit of the Administrative Agent to satisfy such Lender's obligations to the Administrative Agent until all such unsatisfied obligations are fully paid or (ii) hold any such amounts in a segregated account as cash collateral for, and for application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

(e) **Several Obligations of Lenders.** The obligations of the Lenders hereunder to make Loans and to make payments pursuant to Section 11.03(c) are several and not joint. The failure of any Lender to make any Loan or to make any such payment on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to so make its Loan or to make its payment under Section 11.03(c).

**SECTION 2.13 Sharing of Payments.** If any Lender shall, by exercising any right of setoff or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans or other obligations hereunder resulting in such Lender receiving payment of a proportion of the aggregate amount of its Loans and accrued interest thereon or other such obligations greater than its pro rata share thereof as provided herein, then the Lender receiving such greater proportion shall (a) notify the Administrative Agent of such fact, and (b) purchase (for cash at face value) participations in the Loans and such other obligations of the other Lenders, or make such other adjustments as shall be equitable, so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans and other amounts owing thereunto; provided that:
(i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest; and

(ii) the provisions of this paragraph shall not be construed to apply to (x) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement or (y) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans to any assignee or participant, other than to the Borrower or any Subsidiary thereof (as to which the provisions of this paragraph shall apply).

The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under Applicable Law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of setoff and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

SECTION 2.14 Compensation for Losses. In the event of (a) the payment of any principal of the Loans other than on the last day of an Interest Period (including as a result of an Event of Default), (b) the failure to borrow or prepay the Loans (or any portion thereof) on the date specified in any notice delivered pursuant hereto, or (c) the assignment of the Loans (or any portion thereof) other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.19(b), then, in any such event, the Borrower shall compensate each Lender for the loss, cost and expense attributable to such event. Such loss, cost or expense to any Lender shall be deemed to include an amount determined by such Lender to be the excess, if any, of (i) the amount of interest that would have accrued on the principal amount of such Loan had such event not occurred, at the Adjusted LIBO Rate that would have been applicable to such Loan, for the period from the date of such event to the last day of the then current Interest Period therefor (or, in the case of a failure to borrow, for the date that would have been the applicable Interest Period), over (ii) the amount of interest that would accrue on such principal amount for such period at the interest rate that such Lender would bid were it to bid, at the commencement of such period, for dollar deposits of a comparable amount and period from other banks in the London interbank eurodollar market. A certificate of any Lender setting forth any amount or amounts that such Lender is entitled to receive pursuant to this Section shall be delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate promptly after receipt thereof.

SECTION 2.15 Increased Costs.

(a) Increased Costs Generally. If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, any Lender (except any reserve requirement reflected in the Adjusted LIBO Rate);

(ii) subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (b) through (d) of the definition of Excluded Taxes and (C) Connection Income Taxes) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii) impose on any Lender or the London interbank market any other condition, cost or expense (other than Taxes) affecting this Agreement or Loans made by such Lender;
and the result of any of the foregoing shall be to increase the cost to such Lender or such other Recipient of making or maintaining any Loan or to reduce the amount of any sum received or receivable by such Lender or other Recipient hereunder (whether of principal, interest or any other amount) then, upon request of such Lender or other Recipient, the Borrower will pay to such Lender or other Recipient, as the case may be, such additional amount or amounts as will compensate such Lender or other Recipient, as the case may be, for such additional costs incurred or reduction suffered.

(b) [Reserved].

(c) Certificates for Reimbursement. A certificate of a Lender setting forth the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in paragraph (a) of this Section and delivered to the Borrower, shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within ten (10) days after receipt thereof.

(d) Delay in Requests. Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender’s right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs incurred or reductions suffered more than nine (9) months prior to the date that such Lender notifies the Borrower of the Change in Law giving rise to such increased costs or reductions, and of such Lender’s intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the nine-month period referred to above shall be extended to include the period of retroactive effect thereof).

SECTION 2.16 Taxes.

(a) Defined Terms. For purposes of this Section, the term “Applicable Law” includes FATCA.

(b) Payments Free of Taxes. Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by Applicable Law. If any Applicable Law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made. Borrower acknowledges and agrees that, absent a Change in Law, Borrower is not required to withhold or deduct from any such payments to the Initial Lender on account of any U.S. federal withholding taxes or Taxes imposed pursuant to FATCA.

(c) Payment of Other Taxes by Borrower. The Borrower shall timely pay to the relevant Governmental Authority in accordance with Applicable Law, or at the option of the Initial Lender, the Required Lenders or the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d) Indemnification by Borrower. The Borrower shall indemnify each Recipient, within thirty (30) days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) payable
or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent if such Lender is not the Initial Lender), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e) **Indemnification by the Lenders.** Each Lender (other than the Initial Lender) shall severally indemnify the Administrative Agent, within thirty (30) days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 11.04(d) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Administrative Agent shall be conclusive absent manifest error. Each Lender (other than the Initial Lender) hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to such Lender from any other source against any amount due to the Administrative Agent under this paragraph (e).

(f) **Evidence of Payments.** As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) **Status of Lenders.** (i) Any Lender (other than the Initial Lender) that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower (or, if such Lender is not the Initial Lender, the Administrative Agent) as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender (other than the Initial Lender), if reasonably requested by the Borrower (or the Administrative Agent), shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrower (or the Administrative Agent) as will enable the Borrower (or the Administrative Agent) to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in paragraphs (g)(ii)(A), (ii)(B) and (ii)(D) of this Section) shall not be required if in the Lender’s reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing,

(A) any Lender (other than the Initial Lender) that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or about the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter
upon the reasonable request of the Borrower or the Administrative Agent), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

1. in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

2. executed copies of IRS Form W-8ECI (or any successor forms) and, in the case of an Agent, a withholding certificate that satisfies the requirements of Treasury Regulation Sections 1.1441-1(b)(iv) and 1.1441-1(e)(3)(v) as applicable to a U.S. branch that has agreed to be treated as a U.S. Person for withholding tax purposes;

3. in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit B-1 to the effect that such Foreign Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Code, a “10 percent shareholder” of the Borrower within the meaning of Section 871(h)(3)(B) of the Code, or a “controlled foreign corporation” related to the Borrower as described in Section 881(c)(3)(C) of the Code (a “U.S. Tax Compliance Certificate”) and (y) executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E; or

4. to the extent a Foreign Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-2 or Exhibit B-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit B-4 on behalf of each such direct and indirect partner;

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or about the date on which such Foreign Lender
becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of any other form prescribed by Applicable Law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by Applicable Law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender (other than the Initial Lender) under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by Applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender’s obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this clause (D), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so. Notwithstanding anything to the contrary in this Agreement, the Initial Lender shall be entitled to the benefits of this Section 2.16 and all related provisions under this Agreement without regard to whether it provides any documentation described in Section 2.16(g).

(h) Treatment of Certain Refunds. If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section (including by the payment of additional amounts pursuant to this Section), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this paragraph (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this paragraph (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) Survival. Each party’s obligations under this Section shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Loan Document.
SECTION 2.19 Mitigation Obligations; Replacement of Lenders.

(a) Designation of a Different Lending Office. If any Lender requests compensation under Section 2.15, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.16, then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.15 or 2.16, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) Replacement of Lenders. If any Lender requests compensation under Section 2.15, or if the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.16 and, in each case, such Lender has declined or is unable to designate a different lending office in accordance with paragraph (a) of this Section, or if any Lender is a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 11.04), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.15 or Section 2.16) and obligations under this Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); provided that:

(i) the Borrower shall have paid to the Administrative Agent the assignment fee (if any) specified in Section 11.04;

(ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents (including any amounts under Section 2.14) from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);

(iii) in the case of any such assignment resulting from a claim for compensation under Section 2.15 or payments required to be made pursuant to Section 2.16, such assignment will result in a reduction in such compensation or payments thereafter;

(iv) such assignment does not conflict with Applicable Law; and

(v) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent.
A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

ARTICLE III

REPRESENTATIONS AND WARRANTIES

The Credit Parties represent and warrant to the Administrative Agent, the Collateral Agent and the Lenders on the Closing Date and on the date of each Borrowing that:

SECTION 3.01 Existence, Qualification and Power. Each of the Credit Parties and their respective Material Subsidiaries (a) is duly organized or formed, validly existing and, as applicable, in good standing under the Laws of the jurisdiction of its incorporation or organization, (b) has all requisite power and authority and all requisite governmental licenses, authorizations, consents and approvals to (i) own or lease its assets and carry on its business and (ii) execute, deliver and perform its obligations under the Loan Documents to which it is a party, and (c) is duly qualified and is licensed and, as applicable, in good standing under the Laws of each jurisdiction where its ownership, lease or operation of properties or the conduct of its business requires such qualification or license, except, in each case referred to in clause (a) (other than with respect to any Credit Party), (b)(i) or (c), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

SECTION 3.02 Authorization; No Contravention. The execution, delivery and performance by each Credit Party of each Loan Document to which it is party have been duly authorized by all necessary corporate or other organizational action, and do not and will not (a) contravene the terms of its Organizational Documents, (b) conflict with or result in any breach or contravention of, or the creation of any Lien under, or require any payment to be made under (i) any material Contractual Obligation to which each Credit Party is a party or affecting each Credit Party or the material properties of any Credit Party or (ii) any material order, injunction, writ or decree of any Governmental Authority or any arbitral award to which any Credit Party or its property is subject or (c) violate any Law, except to the extent such violation could not reasonably be expected to have a Material Adverse Effect.

SECTION 3.03 Governmental Authorization; Other Consents. No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person is necessary or required in connection with the execution, delivery or performance by, or enforcement against, each Credit Party of this Agreement or any other Loan Document, except for (i) such approvals, consents, exemptions, authorizations, actions or notices that have been duly obtained, taken or made and in full force and effect and (ii) filings and consents contemplated by the Security Documents or Section 5.14.

SECTION 3.04 Execution and Delivery; Binding Effect. This Agreement has been, and each other Loan Document, when delivered hereunder, will have been, duly executed and delivered by each Credit Party. This Agreement constitutes, and each other Loan Document when so delivered will constitute, a legal, valid and binding obligation of each Credit Party, enforceable against each Credit Party in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity.
SECTION 3.05 Financial Statements; No Material Adverse Change.

(a) Financial Statements. The financial statements described in Schedule 3.05 were prepared in accordance with GAAP consistently applied throughout the period covered thereby, except as otherwise expressly noted therein, and fairly present in all material respects the financial condition of the Parent and its Subsidiaries as of the date thereof and their results of operations and cash flows for the period covered thereby in accordance with GAAP consistently applied throughout the period covered thereby, except as otherwise expressly noted therein.

(b) No Material Adverse Change. Since the date of the most recent audited balance sheet included in the financial statements described in Schedule 3.05, there has been no event or circumstance that, either individually or in the aggregate, has had or could reasonably be expected to have a Material Adverse Effect.

SECTION 3.06 Litigation. Except for those matters which have been publicly disclosed in any SEC filing of the Parent filed prior to the Closing Date, there are no actions, suits, proceedings, claims, disputes or investigations pending or, to the knowledge of any Credit Party, threatened, at Law, in equity, in arbitration or before any Governmental Authority, by or against any Credit Party or any of its Subsidiaries or against any of their properties or revenues that (a) either individually or in the aggregate could reasonably be expected to have a Material Adverse Effect or (b) purport to affect or pertain to this Agreement or any other Loan Document or any of the transactions contemplated hereby.

SECTION 3.07 Contractual Obligations; No Default. None of the Credit Parties and their respective Subsidiaries is in default under or with respect to any Contractual Obligation that, either individually or in the aggregate, could reasonably be expected to have a Material Adverse Effect. No Default has occurred and is continuing or would result from the consummation of the transactions contemplated by this Agreement or any other Loan Document.

SECTION 3.08 Property.

(a) Ownership of Properties and Collateral. Each of the Credit Parties and their respective Subsidiaries has good record and marketable title in fee simple to, or valid leasehold interests in, all real property necessary or used in the ordinary conduct of its business, except for such defects in title that, either individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect. Each Credit Party has good title to the Collateral owned by it, free and clear of all Liens other than Permitted Liens.

(b) Intellectual Property and Personal Data. Each of the Credit Parties and their respective Subsidiaries owns, licenses or possesses the valid and enforceable right to use all of the material Intellectual Property and data (including Personal Data) that is used in or necessary for the operation of each Carrier Loyalty Program. The use of Loyalty Program Intellectual Property and the Loyalty Program Data by the Credit Parties and the conduct of the Carrier Loyalty Programs as currently conducted do not materially infringe upon, misappropriate, dilute or otherwise violate any Privacy Law nor any rights held by any other Person. No claim or litigation regarding any of the foregoing, or challenging the ownership, validity or enforceability of any Loyalty Program Intellectual Property is pending or, to the knowledge of any of the Credit Parties, threatened that could reasonably be expected to be material to any of the Credit Parties, and to the knowledge of the Credit Parties, there is no basis for any such claim.

SECTION 3.09 Taxes. The Credit Parties and their respective Subsidiaries have filed all federal, state and other tax returns and reports required to be filed, and have paid all federal, state and other
taxes, assessments, fees and other governmental charges levied or imposed upon them or their properties, income or assets otherwise due and payable, except (a) Taxes that are being contested in good faith by appropriate proceedings diligently conducted and for which adequate reserves are being maintained in accordance with GAAP or (b) to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect.

SECTION 3.10 Disclosure. (a) The Credit Parties and their respective Subsidiaries have disclosed to the Administrative Agent, the Collateral Agent and the Lenders all agreements, instruments and corporate or other restrictions to which they are subject, and all other matters known to them, that, either individually or in the aggregate, could reasonably be expected to have a Material Adverse Effect. The Loan Application Form, reports, financial statements, certificates and other written information (other than projected or pro forma financial information) furnished by or on behalf of the Credit Parties and their respective Subsidiaries to any Agent or any Lender in connection with the transactions contemplated hereby and the negotiation of this Agreement or delivered hereunder or under any other Loan Document (as modified or supplemented by other information so furnished), taken as a whole, do not contain any material misstatement of fact or omit to state any material fact necessary to make the statements therein (when taken as a whole), in the light of the circumstances under which they were made, not misleading; provided that, with respect to projected or pro forma financial information, the Credit Parties represent only that such information was prepared in good faith based upon assumptions believed to be reasonable at the time of preparation and delivery (it being understood that such projected information may vary from actual results and that such variances may be material) and (b) as of the Closing Date, the information included in the Beneficial Ownership Certification is true and correct in all respects.

SECTION 3.11 Compliance with Laws. Each of the Credit Parties and their respective Subsidiaries is in compliance with the requirements of all Laws (including Environmental Laws and Privacy Laws) and all orders, writs, injunctions and decrees applicable to it or to its properties, except in such instances in which (a) such requirement of Law or order, writ, injunction or decree is being contested in good faith by appropriate proceedings diligently conducted or (b) the failure to so comply, either individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect.

SECTION 3.12 ERISA Compliance. (a) Except as could not reasonably be expected, either individually or in the aggregate, to have a Material Adverse Effect, (i) each Plan is in compliance with the applicable provisions of ERISA, the Code and other federal or state Laws and (ii) each Plan that is intended to be a qualified plan under Section 401(a) of the Code has received a favorable determination letter, opinion letter or advisory letter from the IRS to the effect that the form of such Plan is qualified under Section 401(a) of the Code and the trust related thereto has been determined by the IRS to be exempt from federal income tax under Section 501(a) of the Code, or an application for such a letter is currently being processed by the IRS, and, to the knowledge of any Credit Party, nothing has occurred that would prevent or cause the loss of such tax-qualified status. (b) There are no pending or, to the knowledge of any Credit Party, threatened or contemplated claims, actions or lawsuits, or action by any Governmental Authority, with respect to any Plan that, either individually or in the aggregate, could reasonably be expected to have a Material Adverse Effect. There has been no prohibited transaction or violation of the fiduciary responsibility rules with respect to any Plan that, either individually or in the aggregate, has had or could reasonably be expected to have a Material Adverse Effect. (c) No ERISA Event has occurred, and neither any Credit Party nor any ERISA Affiliate is aware of any fact, event or circumstance that, either individually or in the aggregate, could reasonably be expected to constitute or result in an ERISA Event that, either individually or in the aggregate, has had or could reasonably be expected to have a Material Adverse Effect.
(d) Except as would not reasonably be expected to have individually or in the aggregate, a Material Adverse Effect, the present value of all accrued benefits under each Pension Plan (based on those assumptions used to fund such Pension Plan) did not, as of the last annual valuation date prior to the date on which this representation is made or deemed made, exceed the value of the assets of such Pension Plan allocable to such accrued benefits by a material amount.

(e) To the extent applicable, each Foreign Plan has been maintained in compliance with its terms and with the requirements of any and all applicable requirements of Law and has been maintained, where required, in good standing with applicable regulatory authorities, except to the extent that the failure so to comply could not reasonably be expected, either individually or in the aggregate, to have a Material Adverse Effect. Neither the Parent nor any Subsidiary has incurred any obligation in connection with the termination of or withdrawal from any Foreign Plan that, either individually or in the aggregate, would reasonably be expected to have individually or in the aggregate, a Material Adverse Effect. Except as would not reasonably be expected to have individually or in the aggregate, a Material Adverse Effect, the present value of the accrued benefit liabilities (whether or not vested) under each Foreign Plan that is funded, determined as of the end of the most recently ended fiscal year of the Parent or Subsidiary, as applicable, on the basis of actuarial assumptions, each of which is reasonable, did not exceed the current value of the property of such Foreign Plan by a material amount, and for each Foreign Plan that is not funded, the obligations of such Foreign Plan are properly accrued.

SECTION 3.13 Environmental Matters. Except with respect to any matters that, either individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect, none of the Credit Parties and their respective Subsidiaries (a) has failed to comply with any Environmental Law or to obtain, maintain or comply with any permit, license or other approval required under any Environmental Law, (b) knows of any basis for any permit, license or other approval required under any Environmental Law to be revoked, canceled, limited, terminated, modified, appealed or otherwise challenged, (c) has or could reasonably be expected to become subject to any Environmental Liability, (d) has received notice of any claim, complaint, proceeding, investigation or inquiry with respect to any Environmental Liability (and no such claim, complaint, proceeding, investigation or inquiry is pending or, to the knowledge of the Parent, is threatened or contemplated) or (e) knows of any facts, events or circumstances that could give rise to any basis for any Environmental Liability with respect thereto.

SECTION 3.14 Investment Company Act. None of the Credit Parties is an “investment company” as defined in, or subject to regulation under, the Investment Company Act of 1940.

SECTION 3.15 Sanctions; Export Controls; Anti-Corruption; AML Laws.

(a) None of the Credit Parties and their respective Subsidiaries and no director, officer, or affiliate of the foregoing is a Person that is: (i) the subject of any sanctions administered or enforced by the United States (including, but not limited to, those administered by the U.S. Department of the Treasury’s Office of Foreign Assets Control, the U.S. Department of State, and the U.S. Department of Commerce’s Bureau of Industry and Security) (“Sanctions”), (ii) organized or resident in a country or territory that is the subject of country-wide or region-wide Sanctions (including, currently, Crimea, Cuba, Iran, North Korea, and Syria) (each a “Sanctioned Country”) or located in a Sanctioned Country except to the extent authorized under Sanctions or (iii) a Person with whom dealings are restricted or prohibited by Sanctions as a result of a relationship of ownership or control with a Person listed in (i) or (ii) (each of (i), (ii) and (iii) is a “Sanctioned Person”).
(b) For the period beginning eight (8) years prior to the date hereof, each of the Credit Parties and their respective Subsidiaries and their respective directors, officers and employees and, to the knowledge of the Credit Parties, such respective affiliates, have been, in all material respects, in compliance with the Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder (the “FCPA”) and any other applicable anti-bribery or anti-corruption laws and regulations (collectively with the FCPA, the “Anticorruption Laws”) and all applicable Sanctions, Export Control Laws, and AML Laws.

SECTION 3.16 Solvency. The Borrower and its Subsidiaries are Solvent on a consolidated basis after giving effect to the borrowing of the Loans.

SECTION 3.17 Subsidiaries. Schedule 3.17 sets forth the name of, and the ownership interests of the Parent and each of its Subsidiaries and indicates which of such Subsidiaries are Excluded Subsidiaries as of the date hereof.

SECTION 3.18 Senior Indebtedness. The Loans, the Obligations and the Guaranteed Obligations constitute “senior indebtedness” (or any other similar or comparable term) under and as defined in the documentation governing any Indebtedness of the Credit Parties that is subordinated in right of payment to any other Indebtedness thereof.

SECTION 3.19 Insurance Matters. The properties of the Credit Parties are insured pursuant to Section 5.06 hereof. Each insurance policy required to be maintained by the Credit Parties pursuant to Section 5.06 is in full force and effect and all premiums in respect thereof that are due and payable have been paid.

SECTION 3.20 Labor Matters. Except as would not reasonably be expected to have individually or in the aggregate, a Material Adverse Effect, (a) there are no strikes, lockouts, slowdowns or other material labor disputes against any Credit Party or any of its Subsidiary thereof pending or, to the knowledge of the Credit Parties, threatened, (b) the Credit Parties and their respective Subsidiaries have complied with all applicable federal, state, local and foreign Laws relating to the employment (or termination thereof), the hours worked by and payments made to employees of the Parent and its Subsidiaries comply with the Fair Labor Standards Act and any other applicable federal, state, local or foreign Law dealing with such matters and (c) all payments due from the Credit Parties and their respective Subsidiaries, on account of wages and employee health and welfare insurance and other benefits, have been paid or properly accrued in accordance with GAAP as a liability on the books of the Parent or such Subsidiary. There are no complaints, unfair labor practice charges, grievances, arbitrations, unfair employment practices charges or any other claims or complaints against the Credit Parties or their respective Subsidiaries pending or, to the knowledge of the Credit Parties, threatened to be filed with any Governmental Authority or arbitrator based on, arising out of, in connection with, or otherwise relating to the employment or termination of employment of any employee of the Credit Parties and their respective Subsidiaries that would, individually or in the aggregate, be reasonably expected to result in a Material Adverse Effect.

SECTION 3.21 Insolvency Proceedings. None of the Credit Parties has taken, and none of the Credit Parties is currently evaluating taking, any action to seek relief or commence proceedings under any Debtor Relief Law in any applicable jurisdiction.

SECTION 3.22 Margin Regulations. The Borrower is not engaged and will not engage, principally or as one of its important activities, in the business of purchasing or carrying Margin Stock, or extending credit for the purpose of purchasing or carrying Margin Stock, and no part of the proceeds of any
Borrowing hereunder will be used to buy or carry any Margin Stock. Following the application of the proceeds of each Borrowing, not more than 25% of the value of the assets (either of the Borrower only or of the Borrower and its Subsidiaries on a consolidated basis) will be Margin Stock.

SECTION 3.23 Lien. There are no Liens of any nature whatsoever on any Collateral other than Liens permitted under Section 6.02 hereof.

SECTION 3.24 Perfected Security Interests.

(a) As of the Closing Date (or such later date as permitted under Section 5.14) and as of the date of each Borrowing, the Security Documents, taken as a whole, are effective to create in favor of the Collateral Agent for the benefit of the Secured Parties a legal, valid and enforceable first priority security interest in all of the Collateral to the extent purported to be created thereby.

(b) As of the Closing Date (or such later date as permitted under Section 5.14) and as of the date of each Borrowing, each Credit Party has or shall have satisfied the Perfection Requirement with respect to the Collateral.

SECTION 3.25 US Citizenship. The Borrower is a “citizen of the United States” as defined in Section 40102(a)(15) of Title 49 and as that statutory provision has been interpreted by the DOT pursuant to its policies.

SECTION 3.26 Air Carrier Status. The Borrower is an “air carrier” within the meaning of Section 40102 of Title 49, holds a certificate under Section 41102 of Title 49 and, during the time period from April 1, 2019 to September 30, 2019, derived more than 50% of its air transportation revenue from the transportation of passengers. The Borrower holds an air carrier operating certificate issued pursuant to Chapter 447 of Title 49. The Borrower possesses all necessary certificates, franchises, licenses, permits, rights, designations, authorizations, exemptions, concessions, frequencies and consents which relate to the operation of the routes flown by it and the conduct of its business and operations as currently conducted, except where failure to do so, either individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect.

SECTION 3.27 Cybersecurity. Except as could not reasonably be expected, either individually or in the aggregate, to have a Material Adverse Effect, the information technology assets, equipment, systems, networks, software, hardware, and the computers, websites, applications and databases used by or on behalf of the Credit Parties in connection with any of the Carrier Loyalty Programs (collectively, “IT Systems”) (i) are adequate for the operation of the Carrier Loyalty Programs as currently conducted, and (ii) are free and clear of all bugs, errors, defects, Trojan horses, time bombs, malware and other corruptants. Except as could not reasonably be expected, either individually or in the aggregate, to have a Material Adverse Effect, (i) the Credit Parties have implemented and maintained commercially reasonable (taking into account the nature, scope and sensitivity of the information) policies, procedures, and safeguards designed to maintain and protect all Loyalty Program Data and confidential information (including Trade Secrets) included in the Collateral and the integrity, continuous operation, redundancy and security of all IT Systems and data and (ii) there have been no breaches, cyberattacks (including ransomware attacks) or unauthorized uses of or accesses to the IT Systems or any Loyalty Program Data, Trade Secrets or confidential information stored therein or processed thereby, except for those that have been fully remedied.

SECTION 3.28 Loyalty Program Agreements(a). The Credit Parties have delivered or made available to the Initial Lender complete and correct copies of each of the Material Loyalty Program Agreements. Each of the Material Loyalty Program Agreements is in full force and effect and except as
could not reasonably be expected, either individually or in the aggregate, to have a Material Adverse Effect, none of the Credit Parties has knowledge of or has received notice of (i) any breach, (ii) change in law or (iii) force majeure event, in the case of (ii) and (iii) as defined under the applicable Material Loyalty Program Agreement, that would prevent such Credit Party and/or the applicable counterparty from performing its respective obligations under such Material Loyalty Program Agreement.

ARTICLE IV

CONDITIONS

SECTION 4.01 Closing Date and Initial Borrowing.

The effectiveness of this Agreement and the funding of the initial Borrowing hereunder are subject to the satisfaction (or waiver in accordance with Section 11.02) of the following conditions (and, in the case of each document specified in this Section to be received by the Initial Lender (and the applicable Agent or Agents), such document shall be in form and substance satisfactory to the Initial Lender and/or the applicable Agent or Agents):

(a) Executed Counterparts. The Initial Lender and the Agents shall have received from each party hereto a counterpart of this Agreement, any Security Documents to which it is a party and the Note, each signed on behalf of such party. Notwithstanding anything herein to the contrary, delivery of an executed counterpart of a signature page of this Agreement or any Security Documents by telecopy or other electronic means, or confirmation of the execution of this Agreement on behalf of a party by an email from an authorized signatory of such party shall be effective as delivery of a manually executed counterpart of this Agreement.

(b) Certificates. The Initial Lender and any applicable Agent shall have received such customary certificates of resolutions or other action, incumbency certificates and/or other certificates of Responsible Officers of the Credit Parties as the Lenders may require evidencing the identity, authority and capacity of each Responsible Officer thereof authorized to act as a Responsible Officer in connection with the Loan Documents;

(c) Organizational Documents. The Initial Lender shall have received customary resolutions or evidence of corporate authorization, secretary’s certificates and such other documents and certificates (including Organizational Documents and good standing certificates) as the Initial Lender may request relating to the organization, existence and good standing of each Credit Party and any other legal matters relating to the Credit Parties, the Loan Documents or the transactions contemplated thereby.

(d) Opinion of Counsel to Credit Parties. The Initial Lender and the applicable Agent or Agents shall have received all opinions of counsel (including any additional opinions of counsel as required under any Security Document) to the Credit Parties that is acceptable to the Initial Lender, addressed to the Initial Lender and the applicable Agent or Agents and dated the Closing Date, in form and substance satisfactory to the Initial Lender and the applicable Agent (and the Parent hereby instructs such counsel to deliver such opinions to such Persons).

(e) Beneficial Ownership Regulation Information. At least five (5) days prior to the Closing Date, the Borrower shall deliver to the Initial Lender a Beneficial Ownership Certification.

(f) Expenses. The Borrower shall have paid all reasonable fees, expenses (including the fees and expenses of legal counsel) and other amounts due to the Initial Lender, the Administrative Agent and the Collateral Agent (to the extent that statements for such expenses
shall have been delivered to the Borrower on or prior to the Closing Date); provided that such expenses payable by the Borrower may be offset against the proceeds of the Loans funded on the Closing Date.

(g) Officer’s Certificate. The Initial Lender shall have received a certificate executed by a Responsible Officer of the Parent and the Borrower confirming (i) that the representations and warranties contained in Article III of this Agreement are true and correct on and as of the Closing Date, (ii) that the information provided in the Loan Application Form submitted by the Borrower was true and correct on and as of the date of delivery thereof, (iii) the satisfaction of such condition and (iv) that no Default or Event of Default exists or will result from the borrowing of the Loans on the Closing Date.

(h) Other Documents. The Initial Lender and the Agents shall have received such other documents as it may request.

(i) Appraisals. The Initial Lender shall have received Appraisals satisfactory in form and substance and performed by an Eligible Appraiser dated as of a date no earlier than thirty (30) days prior to the Closing Date.

(j) Security Interests. Each Credit Party shall have, and caused its Subsidiaries to, take any action and execute and deliver, or cause to be executed and delivered, any agreement, document or instrument required in order to create a valid, perfected first priority security interest in the Collateral in favor of the Collateral Agent for the benefit of the Secured Parties (including delivery of UCC financing statements in appropriate form for filing under the UCC and of the Intellectual Property security agreements included in the Required Filings and entering into control agreements). Each Credit Party shall have satisfied, and caused its Subsidiaries to satisfy, the Perfection Requirement with respect to the Collateral. In addition, the Credit Parties shall have delivered a completed Perfection Certificate (as defined in the Pledge and Security Agreement).

(k) Consents and Authorizations. Each Credit Party shall have obtained all consents and authorizations from Governmental Authorities and all consents of other Persons (including shareholder approvals, if applicable) that are necessary or advisable in connection with this Agreement, any Loan Document, any of the transactions contemplated hereby or thereby or the continuing operations of the Credit Parties and each of the foregoing shall be in full force and effect and in form and substance satisfactory to the Initial Lender.

(l) Lien Searches. The Initial Lender shall have received (i) UCC, Intellectual Property and other lien searches conducted in the jurisdictions and offices where liens on material assets of the Credit Parties are required to be filed or recorded and (ii) to the extent Collateral consists of (x) Aircraft and Engine Assets (as defined in the Pledge and Security Agreement), aircraft registry lien searches conducted with the FAA and the International Registry, and (y) Spare Part Assets (as defined in the Pledge and Security Agreement), registry lien searches conducted with the FAA (with reference to each Designated Spare Parts Location set forth on Schedule 2.1 of the Pledge and Security Agreement), in each case, reflecting the absence of Liens on the assets of the Credit Parties, other than Permitted Liens or Liens to be discharged on or prior to the Closing Date pursuant to documentation satisfactory to the Initial Lender.

(m) Collateral Coverage Ratio. On the Closing Date (and after giving pro forma effect to any Borrowings on such date), the Collateral Coverage Ratio shall not be less than 2.0 to 1.0.
(n) **Solvency Certificate.** The Initial Lender shall have received a certificate of the chief financial officer or treasurer (or other comparable officer) of the Parent certifying that the Borrower and its Subsidiaries (taken as a whole) are, and will be immediately after giving effect to any Loans borrowed on the Closing Date, Solvent.

(o) **Warrant Agreement.** Treasury and the Parent shall have entered into the Warrant Agreement.

(p) **Loyalty Revenue Advance Transactions.** On the Closing Date, the aggregate outstanding balance of Loyalty Revenue Advance Transactions shall not exceed an aggregate amount equal to $15,000,000.

(q) **Control Agreements.** The Initial Lender and the Collateral Agent shall have received fully executed copies of account control agreements in form and substance satisfactory to the Initial Lender with respect to the Collateral Accounts.

(r) [Reserved].

(s) **Loyalty Partner Direct Agreements.** The Initial Lender and the Collateral Agent shall have received duly executed Direct Agreements from the counterparties to each Material Loyalty Program Agreement in effect on the Closing Date substantially in the form of Exhibit D hereto.

(t) **Other Matters.** Since June 29, 2020, (i) there has been no event or circumstance that, either individually or in the aggregate, has had or could reasonably be expected to have a Material Adverse Effect and (ii) none of the Credit Parties has made a Disposition (including any sale of Currency) of any assets of the type that would be included in the Collateral had this Agreement been in effect at such time other than as would have been permitted under Section 6.04(b), (d), (e) or (h).

SECTION 4.02 **Each Borrowing.** The funding by the Lenders of each Borrowing (including the Borrowing to be requested on the Closing Date) is additionally subject to the satisfaction of the following conditions:

(a) the Administrative Agent shall have received a written Borrowing Request in accordance with the requirements of Section 2.03(a), with a copy to the Initial Lender (solely to the extent the Initial Lender is a Lender at the time of such Borrowing);

(b) the representations and warranties of the Credit Parties set forth in this Agreement and in any other Loan Document shall be true and correct in all material respects (or, in the case of any such representation or warranty already qualified by materiality, in all respects) on and as of the date of such Borrowing (or, in the case of any such representation or warranty expressly stated to have been made as of a specific date, as of such specific date);

(c) no Default shall have occurred and be continuing or would result from such Borrowing or from the application of proceeds thereof;

(d) on the date of the funding of such Borrowing (and after giving pro forma effect thereto and the pledge of any Additional Collateral), the Collateral Coverage Ratio shall not be less than 2.0 to 1.0 as evidenced by a certificate of a Responsible Officer of the Parent;
Section 5.01 Financial Statements. The Parent will furnish to the Administrative Agent and each Lender:

(a) as soon as available, and in any event within ninety (90) days after the end of each fiscal year of the Parent (or, if earlier, five (5) days after the date required to be filed with the SEC) (commencing with the fiscal year ended prior to the Closing Date), a consolidated balance sheet of the Parent and its Subsidiaries as at the end of such fiscal year and the related consolidated statements of income or operations, shareholders’ equity and cash flows for such fiscal year, setting forth in each case in comparative form the figures for the previous fiscal year, audited and accompanied by a report and opinion of independent public accountants of nationally recognized standing, which report and opinion shall be prepared in accordance with generally accepted auditing standards (and shall not be subject to any “going concern” or like qualification (other than a qualification solely resulting from (x) the impending maturity of any Indebtedness or (y) any prospective or actual default under any financial covenant), exception or explanatory paragraph or any qualification, exception or explanatory paragraph as to the scope of such audit) to the effect that such consolidated financial statements present fairly in all material respects the financial condition, results of operations, shareholders’ equity and cash flows of the Parent and its Subsidiaries on a consolidated basis in accordance with GAAP consistently applied;
as soon as available, but in any event within forty-five (45) days after the end of each of the first three (3) fiscal quarters of each fiscal year of the Parent (or, if earlier, five (5) days after the date required to be filed with the SEC) (commencing with the first of such fiscal quarters ended prior to the Closing Date), a consolidated balance sheet of the Parent and its Subsidiaries as at the end of such fiscal quarter, the related consolidated statements of income or operations, shareholders’ equity and cash flows for such fiscal quarter and for the portion of the Parent’s fiscal year then ended, in each case setting forth in comparative form, as applicable, the figures for the corresponding fiscal quarter of the previous fiscal year and the corresponding portion of the previous fiscal year, certified by a Financial Officer of the Parent as fairly presenting in all material respects the financial condition, results of operations, shareholders’ equity and cash flows of the Parent and its Subsidiaries on a consolidated basis in accordance with GAAP consistently applied, subject only to normal year-end audit adjustments and the absence of notes;

for so long as the Initial Lender is the only Lender, as soon as available, but in any event no later than seventy-five (75) days after the beginning of each fiscal year of the Parent, forecasts prepared by management of the Parent and a summary of material assumptions used to prepare such forecasts, in form satisfactory to the Initial Lender, including projected consolidated balance sheets and statements of income or operations and cash flows of the Parent and its Subsidiaries on a quarterly basis for such fiscal year; and

solely at the request of the Appropriate Party (which shall be no more than quarterly), at a time mutually agreed with the Appropriate Party and the Parent, participate in a conference call for Lenders to discuss the financial condition and results of operations of the Parent and its Subsidiaries and any forecasts which have been delivered pursuant to this Section 5.01.

SECTION 5.02 Certificates; Other Information. The Parent will deliver to the Administrative Agent and each Lender:

concurrently with the delivery of the financial statements referred to in Sections 5.01(a) and (b), a duly completed certificate signed by a Responsible Officer of the Parent certifying as to whether a Default has occurred and, if a Default has occurred, specifying the details thereof and any action taken or proposed to be taken with respect thereto;

promptly after the furnishing thereof, copies of any notice of default or potential default or other material written notice received by the Parent or any Subsidiary from, or furnished by the Parent or any Subsidiary to, any holder of Material Indebtedness of the Parent or any Subsidiary;

promptly after receipt thereof by any Credit Party or any Subsidiary thereof, copies of each material notice or other material written correspondence received from the SEC (or comparable agency in any applicable non-U.S. jurisdiction) concerning any investigation or possible investigation or other inquiry by such agency regarding material financial or other material operational results of any Credit Party or any Subsidiary thereof;

reserved;
(g) promptly following any request therefor, (i) such other information regarding the operations, business, properties, liabilities (actual or contingent), condition (financial or otherwise) or prospects of any Credit Party or any Subsidiary, or compliance with the terms of the Loan Documents, as the Administrative Agent, the Initial Lender or any other Lender (acting through the Administrative Agent) may from time to time request; or (ii) beneficial ownership information and documentation reasonably requested by the Administrative Agent or any Lender from time to time for purposes of ensuring compliance with Sanctions and AML Laws. For purposes of determining whether or not a representation with respect to any indirect ownership is true or a covenant is being complied with under this Section, the Parent shall not be required to make any investigation into (i) the ownership of publicly traded stock or other publicly traded securities or (ii) the ownership of assets by a collective investment fund that holds assets for employee benefit plans or retirement arrangements;

(h) concurrently with the delivery of the financial statements referred to in Sections 5.01(a) and (b), a duly completed certificate signed by a Responsible Officer of the Borrower certifying as to its compliance with Article X of this Agreement;

(i) knowledge or notice of any event or circumstance that has had or is reasonably expected to (i) result in a material reduction or suspension of payments under any Material Loyalty Program Agreement or any Loyalty Subscription Program or (ii) have a material adverse effect on the ability of a Credit Party and/or any counterparty to a Material Loyalty Program Agreement to perform its material obligations thereunder;

(j) certificates with reasonably detailed calculations of the Collateral Coverage Ratio on each CCR Certificate Delivery Date and the Debt Service Coverage Ratio on each DSCR Determination Date; and

(k) no later than ten (10) Business Days following the last day of each March, June, September and December (commencing December 31, 2020), deliver a certificate of a Responsible Officer of the Parent (i) setting forth the name of each new Material Loyalty Program Agreement entered into as of such date and each of the parties thereto, (ii) certifying that all Loyalty Program Revenue for the immediately preceding calendar quarter were deposited, directly or indirectly, into the Collection Account or another Collateral Account (and at least 90% of all Loyalty Program Revenues (excluding revenues generated under any Loyalty Subscription Program) were deposited directly into a Collateral Account) and (iii) setting forth in reasonable detail and in form satisfactory to the Appropriate Party (x) all Loyalty Program Revenues and related cash flows for the immediately preceding calendar quarter and (y) for so long as the Initial Lender is the only Lender, projected Loyalty Program Revenues for the current calendar quarter.

Documents required to be delivered pursuant to Section 5.01(a) or (b) or Section 5.02(c), (d) or (e) (to the extent any such documents are included in materials otherwise filed with the SEC) may be delivered electronically and, if so delivered, shall be deemed to have been delivered on the date (i) on which such materials are publicly available as posted on the Electronic Data Gathering, Analysis and Retrieval system (EDGAR); or (ii) on which such documents are posted on the Parent’s behalf on an Internet or intranet website, if any, to which each Lender and the Administrative Agent have access (whether a commercial, third-party website or whether sponsored by the Administrative Agent); provided that: (A) upon written request by the Administrative Agent, the Parent shall deliver paper copies of such documents to the Administrative Agent or any Lender upon its request to the Parent to deliver such paper copies until a written request to cease delivering paper copies is given by the Administrative Agent or such Lender and (B) the Parent shall notify the Administrative Agent and each Lender (by facsimile or electronic mail) of the posting of any such documents and provide to the Lenders by electronic mail electronic versions (i.e., soft copies) of such documents. The Administrative Agent shall have no obligation to request the delivery of or to maintain paper copies of the documents referred to above.
SECTION 5.03 Notices. The Parent will promptly notify the Administrative Agent and each Lender of:

(a) promptly after any Responsible Officer of the Parent or any of its Subsidiaries obtains knowledge thereof, the occurrence of any Default;

(b) the filing or commencement of any action, suit, investigation or proceeding by or before any arbitrator or Governmental Authority against or affecting the Parent or any Controlled Affiliate thereof, including pursuant to any applicable Environmental Laws, that could reasonably be expected to be adversely determined, and, if so determined, could reasonably be expected to have a Material Adverse Effect;

(c) the occurrence of any ERISA Event that, either individually or together with any other ERISA Events, could reasonably be expected to have a Material Adverse Effect;

(d) notice of any action arising under any Environmental Law or of any noncompliance by any Credit Party or any Subsidiary with any Environmental Law or any permit, approval, license or other authorization required thereunder that, if adversely determined, could reasonably be expected to have a Material Adverse Effect;

(e) to the extent not publicly disclosed pursuant to an SEC filing of the Parent, any material change in accounting or financial reporting practices by the Parent, any Credit Party or any Subsidiary;

(f) any change in the Credit Ratings from a Credit Rating Agency with negative implications, or the cessation by a Credit Rating Agency of, or its intent to cease, rating the Borrower’s or the Parent’s debt; and

(g) any matter or development that has had or could reasonably be expected to have a Material Adverse Effect.

Each notice delivered under this Section shall be accompanied by a statement of a Responsible Officer of the Parent setting forth the details of the occurrence requiring such notice and stating what action the Parent has taken and proposes to take with respect thereto.

SECTION 5.04 Preservation of Existence, Etc. Each Credit Party will, and will cause each of its Subsidiaries to, (a) preserve, renew and maintain in full force and effect its legal existence and good standing under the Laws of the jurisdiction of its organization except in a transaction permitted by Section 6.03 or 6.04; (b) take all reasonable action to maintain all rights, licenses, permits, privileges and franchises necessary or desirable in the normal conduct of its business, except to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect; and (c) preserve or renew all of its registered patents, trademarks, trade names and service marks, the non-preservation of which could reasonably be expected to have a Material Adverse Effect.

SECTION 5.05 Maintenance of Properties. Each Credit Party will, and will cause each of its Subsidiaries to, (a) maintain, preserve and protect all of its properties and equipment necessary in the operation of its business in good working order and condition (ordinary wear and tear excepted) and (b) make all necessary repairs thereto and renewals and replacements thereof, except to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect.
SECTION 5.06 Maintenance of Insurance. Subject to any additional requirements under any Security Document, each Credit Party will maintain with financially sound and reputable insurance companies, insurance with respect to its properties and business against loss or damage of the kinds customarily insured against by Persons engaged in the same or similar business, of such types and in such amounts (after giving effect to any self-insurance reasonable and customary for similarly situated Persons engaged in the same or similar businesses as Parent and its Subsidiaries; provided that, insurance in respect of Collateral shall be maintained with such third party insurance companies except to the extent expressly permitted in the Pledge and Security Agreement) as are customarily carried under similar circumstances by such Persons.

SECTION 5.07 Payment of Obligations. Each Credit Party will pay, discharge or otherwise satisfy as the same shall become due and payable, all of its obligations and liabilities, including Tax liabilities, except to the extent (a) the same are being contested in good faith by appropriate proceedings diligently conducted and adequate reserves in accordance with GAAP are being maintained by the Parent or such Credit Party or (b) the failure to do so could not reasonably be expected to have a Material Adverse Effect.

SECTION 5.08 Compliance with Laws. Each Credit Party will, and will cause each of its Subsidiaries to, comply with the requirements of all Laws and all orders, writs, injunctions and decrees applicable to it or to its business or property, except to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect.

SECTION 5.09 Environmental Matters. Except to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect, each Credit Party will, and will cause each of its Subsidiaries to, (a) comply with all Environmental Laws, (b) obtain, maintain in full force and effect and comply with any permits, licenses or approvals required for the facilities or operations of the Parent or any of its Subsidiaries, and (c) conduct and complete any investigation, study, sampling or testing, and undertake any corrective, cleanup, removal, response, remedial or other action necessary to identify, report, remove and clean up all Hazardous Materials present or released at, on, in, under or from any of the facilities or real properties of the Parent or any of its Subsidiaries.

SECTION 5.10 Books and Records. Each Credit Party will maintain proper books of record and account, in which full, true and correct entries in conformity with GAAP consistently applied shall be made of all financial transactions and matters involving the assets and business of the Parent or such Subsidiary, as the case may be.

SECTION 5.11 Inspection Rights. Each Credit Party will, and, to the extent relevant for inspections of Collateral will cause each of its Subsidiaries to, permit representatives, agents and independent contractors of the Administrative Agent, the Initial Lender and the Special Inspector General for Pandemic Recovery to visit and inspect any of its properties (including all Collateral), to examine its corporate, financial and operating records, and make copies thereof or abstracts therefrom, and to discuss its affairs, finances and accounts with its directors, officers, and independent public accountants, all at the reasonable expense of the Parent and at such reasonable times during normal business hours and as often as may be reasonably requested; provided that, other than with respect to such visits and inspections during the continuation of an Event of Default or by the Initial Lender or the Special Inspector General for Pandemic Recovery, (a) only the Administrative Agent (or its representatives, agents and independent contractors) at the direction of a Lender may exercise rights under this Section and (b) the Administrative Agent (or its representatives, agents and independent contractors) shall not exercise such rights more often than two (2)
times during any calendar year; provided, further, that when an Event of Default exists the Administrative Agent, any Lender or the Special Inspector General for Pandemic Recovery (or any of their respective representatives, agents or independent contractors) may do any of the foregoing under this Section at the expense of the Parent and at any time during normal business hours and without advance notice.

SECTION 5.12 Sanctions; Export Controls; Anti-Corruption Laws and AML Laws. Each Credit Party and its Subsidiaries will remain in compliance in all material respects with applicable Sanctions, Export Control Laws, Anti-corruption Laws, and AML Laws. Until all Obligations have been paid in full, neither any Credit Party, any Subsidiary of a Credit Party, nor any director or officer of any Credit Party or any Subsidiary of a Credit Party shall become a Sanctioned Person or a Person that is organized or resident in a Sanctioned Country or located in a Sanctioned Country except to the extent authorized under Sanctions.

SECTION 5.13 Guarantors; Additional Collateral.

(a) The Guarantors listed on the signature page to this Agreement hereby Guarantee the Guaranteed Obligations as set forth in Article IX. If any Subsidiary (other than an Excluded Subsidiary) is formed or acquired after the Closing Date, if any Subsidiary ceases to be an Excluded Subsidiary or if required in connection with the addition of Additional Collateral, then the Parent will cause such Subsidiary, promptly (in any event, within thirty (30) days of such Subsidiary being formed or acquired or of such Subsidiary ceasing to be an Excluded Subsidiary), (i) to become a Guarantor of the Loans pursuant to joinder documentation reasonably acceptable to the Appropriate Party and on the terms and conditions set forth in Article IX, (ii) to become a party to each applicable Security Document and all other agreements, instruments or documents that create or purport to create and perfect a first priority Lien (subject to Permitted Liens) in favor of the Collateral Agent for the benefit of the Secured Parties in its assets that are of a type that are intended to be included in the Collateral (other than any Excluded Assets), subject to and in accordance with the terms, conditions and provisions of the Loan Documents, (iii) to be subject to the Perfection Requirements, (iv) to deliver a secretory’s certificate of such Subsidiary, in form and substance reasonably acceptable to the Appropriate Party, and (v) to deliver legal opinions relating to the matters described above, which opinions shall be in form and substance, and from counsel, satisfactory to the Appropriate Party.

(b) If the Parent or any Subsidiary desires, or is required pursuant to the terms of this Agreement, to add Additional Collateral or, if any Subsidiary acquires any existing Collateral from a Grantor (as defined in the Pledge and Security Agreement) that it is required pursuant to the terms of this Agreement to maintain as Collateral, in each case, after the Closing Date, the Parent shall, in each case at its own expense, promptly (in any event, unless any other time period is specified in this Agreement or any other Loan Document, within thirty (30) days of the relevant date) (i) cause any such Subsidiary to become a Guarantor (to the extent such Subsidiary is not already a Guarantor) pursuant to joinder documentation acceptable to the Appropriate Party and on the terms and conditions set forth in the relevant Security Documents, (ii) cause any such Subsidiary to become a party to each applicable Security Document and all other agreements, instruments or documents that create or purport to create and perfect a first priority Lien (subject to Permitted Liens) in favor of the Collateral Agent for the benefit of the Secured Parties applicable to such Collateral, in form and substance satisfactory to the Appropriate Party (it being understood that in the case of any Additional Collateral of a type, or in a jurisdiction, that has not been theretofore included in the Collateral, such Additional Collateral may be subject to such additional terms and conditions as requested by the Appropriate Party), (iii) promptly execute and deliver (or cause such Subsidiary to execute and deliver) to the Collateral Agent such documents and take such actions to create, grant, establish, preserve and perfect the first priority Liens (subject to Permitted Liens) (including to obtain any release or termination of Liens not permitted under the definition of “Additional Collateral” in Section 1.01 or under Section 6.02 and to satisfy all Perfection Requirements, including the filing of
UCC financing statements, filings with the FAA and registrations with the International Registry, as applicable) in favor of the Collateral Agent for the benefit of the Secured Parties on such assets of the Parent or such Subsidiary, as applicable, to secure the Obligations to the extent required under the applicable Security Documents or reasonably requested by the Appropriate Party, and to ensure that such Collateral shall be subject to no other Liens other than Permitted Liens and (iv) if requested by the Appropriate Party, deliver (or cause such Subsidiary to deliver) legal opinions to the Collateral Agent, for the benefit of the Secured Parties, relating to the matters described above, which opinions shall be in form and substance, and from counsel, satisfactory to the Appropriate Party.

SECTION 5.14 Post-Closing Matters. As promptly as practicable, and in any event within the time periods after the Closing Date specified on Schedule 5.14 or such later date as the Initial Lender may agree to in writing in its sole discretion, the Parent shall deliver the documents or take the actions specified on Schedule 5.14 that would have been required to be delivered or taken on the Closing Date.

SECTION 5.15 Further Assurances. In each case subject to the terms, conditions and limitations in the Loan Documents, (a) each Credit Party shall remain in compliance with the Perfection Requirement with respect to all Collateral (including any assets, rights and properties that (x) become Collateral after the Closing Date and (y) any permitted replacement or substitute assets, rights and properties thereof (including any Additional Collateral) and (b) each Credit Party shall, promptly and at its expense, execute any and all further documents and instruments and take all further actions, that may be required or advisable under applicable law or that the Initial Lender, the Administrative Agent or the Collateral Agent may request, in order to create, grant, establish, preserve, protect, renew or perfect the validity, perfection or first priority of the Liens and security interests created or intended to be created by the Security Documents, in each case to the extent required under this Agreement or the Security Documents (including with respect to any additions to the Collateral (including any Additional Collateral) or replacements, substitutes or proceeds thereof or with respect to any other property or assets hereafter acquired by any Credit Party that are of a type that are intended to be included in the Collateral). Promptly following the entry by any Credit Party into any Material Loyalty Program Agreement after the Closing Date, the Parent will enter into and cause the counterparty to enter into a Direct Agreement substantially in the form of Exhibit D hereto.

SECTION 5.16 Delivery of Appraisals. The Parent shall (1) within ten (10) Business Days prior to the last Business Day of March and September of each year, beginning with March 31, 2021 and (2) promptly (but in any event within thirty (30) days) following request by the Administrative Agent (acting at the direction of the Required Lenders) if an Event of Default has occurred and is occurring, deliver to the Administrative Agent one or more Appraisals determining the Appraised Value of the Collateral. In addition, on the date upon which any Additional Collateral is pledged as Collateral to the Collateral Agent for the benefit of the Secured Parties to secure the Obligations, but only with respect to such Additional Collateral, the Parent shall deliver to the Administrative Agent one or more Appraisals determining the Appraised Value of such Additional Collateral.

SECTION 5.17 Ratings. At any time when the Initial Lender is a Lender, the Borrower shall, upon request by the Initial Lender, use its reasonable best efforts to obtain a public rating in respect of the Loans by any two of S&P, Moody’s and Fitch in connection with any contemplated assignment of, or participation in, the Loans.

SECTION 5.18 Regulatory Matters.

(a) **US Citizenship.** The Borrower will at all times maintain its status as a “citizen of the United States” as defined in Section 40102(a)(15) of Title 49 and as that statutory provision has been interpreted by the DOT pursuant to its policies.
(b) **Air Carrier Status.** The Borrower will at all times maintain its status as an “air carrier” within the meaning of Section 40102 of Title 49 and holds a certificate under Section 41102 of Title 49. The Borrower will at all times possess an air carrier operating certificate issued pursuant to Chapter 447 of Title 49. The Borrower will at all times possess all necessary certificates, franchises, licenses, permits, rights, designations, authorizations, exemptions, concessions, frequencies and consents which relate to the operation of the routes flown by it and the conduct of its business and operations as currently conducted, except where failure to do so, either individually or in the aggregate, could not reasonably be expected to have a Material Adverse Effect.

SECTION 5.19 Loyalty Programs; Loyalty Program Agreements.

(a) **Loyalty Programs.** The Parent will, and will cause each of its Subsidiaries to, take all actions necessary to maintain the existence, business and operations of the Carrier Loyalty Programs as in effect on the Closing Date or on terms at least as favorable to the Lenders, as determined by the Appropriate Party in its sole discretion, except as otherwise expressly permitted under this Agreement.

(b) **Loyalty Program Agreements.** The Parent will, and will cause each of its Subsidiaries to, take any action permitted under the Material Loyalty Program Agreements and applicable law that it, in its reasonable business judgment, determines is advisable, in order to diligently and promptly (i) enforce its rights and any remedies available to it under the Material Loyalty Program Agreements, (ii) perform its obligations under the Material Loyalty Program Agreements and (iii) use reasonable best efforts to cause the applicable counterparties to perform their obligations under the related Material Loyalty Program Agreements, including such counterparties’ obligations to make payments to and indemnify the applicable Credit Parties in accordance with the terms thereof, in each case except as would not (1) be materially adverse to the Lenders or (2) reasonably be expected to result in a Material Adverse Effect.

SECTION 5.20 Collections; Accounts; Payments.

(a) The Credit Parties shall (x) instruct and use their reasonable best efforts to cause counterparties to all Material Loyalty Program Agreements to direct payments of all Loyalty Program Revenue into the Collection Account and (y) cause sufficient counterparties to the Loyalty Program Agreements to direct payments of Loyalty Program Revenue into the Collection Account (in the case of Loyalty Program Revenue generated under any Material Loyalty Program Agreement, pursuant to a Direct Agreement) such that during any DSCR Test Period, at least 90% of Loyalty Program Revenue (excluding revenues generated under any Loyalty Subscription Program) for such period is deposited directly into the Collection Account. Promptly following the entry by any Credit Party into any Material Loyalty Program Agreement after the Closing Date, the applicable Credit Party will enter into and cause the counterparty to enter into a Direct Agreement with respect to such Material Loyalty Program Agreement. To the extent the Parent, any Subsidiary or any of their respective Controlled Affiliates receives any payments of Loyalty Program Revenues to an account other than the Collection Account, such Person shall ACH or wire transfer as soon as practicable, but in any event within three (3) Business Days of receipt, any such amounts to the Collection Account. All amounts in the Collection Account shall be conclusively presumed to be Collateral and proceeds of Collateral, and the Agents and the Lenders shall have no duty to inquire as to the source of the amounts on deposit in the Collection Account. No Credit Party shall revoke, or permit to be revoked, any payment direction included in any Direct Agreement other than in connection with a replacement Collection Account (which shall be at a depository institution satisfactory to the Appropriate Party).
(b) Each account control agreement with respect to each Blocked Account shall require, after the occurrence and during the continuance of a Payment Event, the ACH or wire transfer no less frequently than once per Business Day (unless the Obligations are no longer outstanding), of all collected and available funds in such Blocked Account (net of such minimum balance, not to exceed $25,000, as may be required to be kept in the subject Blocked Account by the account bank), to an account in the name of the Borrower maintained by the Administrative Agent at The Bank of New York Mellon (the “Payment Account”) or such other account as directed by the Administrative Agent. The Payment Accounts and the Blocked Accounts shall be non-interest bearing accounts. Funds on deposit in the Blocked Accounts and the Payment Accounts shall be uninvested. All amounts in the Blocked Account shall be conclusively presumed to be Collateral and proceeds of Collateral, and the Agents and the Lenders shall have no duty to inquire as to the source of the amounts on deposit in the Blocked Account. The Borrower may at any time elect to apply amounts on deposit in the Blocked Account to prepay the Loans, by requesting that the Collateral Agent instruct the account bank to withdraw such amounts for such prepayment.

c) The Payment Account shall at all times be under the sole dominion and control of the Collateral Agent and shall be subject to an account control agreement in form and substance satisfactory to the Appropriate Party. The Credit Parties hereby acknowledge and agree that (i) the Credit Parties have no right of withdrawal from the Payment Account, (ii) the funds on deposit in the Payment Account shall at all times be collateral security for all of the Obligations, and (iii) the funds on deposit in the Payment Account shall be applied to repay the Loans. All amounts in the Payment Account shall be conclusively presumed to be Collateral and proceeds of Collateral, and the Agents and the Lenders shall have no duty to inquire as to the source of the amounts on deposit in the Payment Account. Upon payment in full of the Loans and all Obligations under this Agreement (other than contingent indemnification or reimbursement obligations not yet accrued and payable) and termination of the Commitments, any remaining amounts in the Payment Account will be released and transferred to a deposit account of the Credit Parties as the Borrower shall direct.

ARTICLE VI
NEGATIVE COVENANTS

Until all the later of (i) the date on which all of the Obligations shall have been paid in full and (ii) such later date specified in this Agreement, the Credit Parties covenant and agree with the Lenders that:

SECTION 6.01 [Reserved].

SECTION 6.02 Liens. Parent will not, and will not permit any of its Subsidiaries to, create, incur, assume or suffer to exist any Lien upon any property or assets constituting Collateral, whether now owned or hereafter acquired, except for Permitted Liens.

SECTION 6.03 Fundamental Changes. Parent will not, and will not permit any of its Subsidiaries to, merge, dissolve, liquidate, consolidate with or into another Person, or Dispose of (whether in one transaction or in a series of transactions) all or substantially all of its assets (whether now owned or hereafter acquired) to or in favor of any Person, except that, so long as no Default exists or would result therefrom:

(a) any Subsidiary may merge with (i) the Borrower; provided that the Borrower shall be the continuing or surviving Person, or (ii) any one or more other Subsidiaries; provided that (x) when any Wholly-Owned Subsidiary is merging with another Subsidiary, a
Wholly-Owned Subsidiary shall be the continuing or surviving Person and (y) when any Subsidiary that is a Credit Party is merging with another Subsidiary, then such other Subsidiary shall be a Credit Party;

(b) any Subsidiary may Dispose of all or substantially all of its assets (upon voluntary liquidation or otherwise) to the Parent or to another Subsidiary; provided that (x) if the transferor in such a transaction is a Wholly-Owned Subsidiary, then the transferee shall either be the Parent or another Wholly-Owned Subsidiary and (y) if the transferor in such a transaction is a Credit Party, then the transferee shall be a Credit Party;

(c) the Parent and its Subsidiaries may make Dispositions permitted by Section 6.04;

(d) any Investment permitted by Section 6.06 may be structured as a merger, consolidation or amalgamation;

(e) any Subsidiary may dissolve, liquidate or wind up its affairs if it owns no material assets, engages in no business and otherwise has no activities other than activities related to the maintenance of its existence and good standing; and

(f) any Subsidiary may Dispose of all or substantially all of its assets (upon voluntary liquidation or otherwise), provided that such assets do not constitute all or substantially all of the consolidated assets of the Parent and its Subsidiaries.

SECTION 6.04 Dispositions. Parent will not, and will not permit any of its Subsidiaries to, sell or otherwise make any Disposition of Collateral or enter into any agreement to make any sale or other Disposition of Collateral (in each case, including, without limitation by way of any sale or other Disposition of any Guarantor), except, subject to Article X and so long as no Default shall have occurred and be continuing at the time of any action described below, or would result therefrom:

(a) the Disposition of Collateral expressly permitted under the applicable Security Documents;

(b) any licenses or sublicenses (i) granted on a non-exclusive basis to customers or service providers in the ordinary course of business or to business partners in the ordinary course of business in a manner and subject to terms consistent with past practice or (ii) granted pursuant to any Loyalty Program Agreement in full force and effect as of the Closing Date, any successor agreement thereto or any new Loyalty Program Agreement, in each case that is included in the Collateral (provided that any such grant pursuant to such new or successor agreement is made in the ordinary course of business in a manner and subject to terms substantially similar with those of the predecessor Loyalty Program Agreement or with any Loyalty Program Agreement in full force and effect as of the Closing Date, as the case may be);

(c) any abandonment, lapse, forfeiture or dedication to the public, in the ordinary course of business, of any Intellectual Property that, in the applicable Credit Party’s reasonable good faith judgment, is no longer used and no longer useful in the business of the Borrower or its Subsidiaries;

(d) any (1) deletion, de-identification or purge of any Personal Data that is required under applicable Privacy Laws, under any of the Credit Parties’ public-facing privacy policies in full force and effect as of the Closing Date or in the ordinary course of business (including in connection with terminating inactive Carrier Loyalty Program accounts) pursuant to the
applicable Credit Party’s privacy and data retention policies in full force and effect as of the Closing Date consistent with past practice, (2) transfer of any Loyalty Program Data to services providers for their Processing of such data on behalf of any of the Credit Parties in the ordinary course of business, subject to a prohibition on deletion, de-identification and purging, except as permitted under clause (1) or (3) transfer of any Loyalty Program Data to a third party in the ordinary course of business to the extent such Credit Party also retains a copy of such Loyalty Program Data;

(e) the sale, lease or other transfer any Currency under any Loyalty Program in accordance with any Loyalty Program Agreement as in existence on the Closing Date (or any (i) permitted successor agreement thereto or (ii) new Loyalty Program Agreement permitted under this Agreement, in each case that is included in the Collateral) or subsequently approved by the Appropriate Party;

(f) Loyalty Revenue Advance Transactions in an aggregate amount (together with any Loyalty Revenue Advance Transactions outstanding on the Closing Date that remain outstanding) not to exceed an amount equal to the greater of (x) $15,000,000 and (y) 15% of the aggregate amount of Collateral Cash Flow received during the most recently ended DSCR Test Period that has been deposited into a Collateral Account;

(g) to the extent constituting a Disposition of Collateral, the incurrence of Liens that are permitted to be incurred pursuant to Section 6.02;

(h) to the extent constituting a Disposition of Collateral, (1) the sale or other transfer of Currency in the ordinary course of business under the terms of the Loyalty Program Agreements and (2) transfers of Currency to Loyalty Program Members in the ordinary course of business in accordance with program terms;

(i) Dispositions of Collateral among the Credit Parties (including any Person that shall become a Credit Party simultaneous with such Disposition in the manner contemplated by Section 5.13); provided that:

(i) such Collateral remains at all times subject to a Lien with the same priority and level of perfection as was the case immediately prior to such Disposition (and otherwise subject only to Permitted Liens) in favor of the Collateral Agent for the benefit of the Secured Parties following such Disposition;

(ii) concurrently therewith, the Credit Parties shall execute any documents and take any actions reasonably required to create, grant, establish, preserve or perfect such Lien in accordance with the other provisions of this Agreement or the Security Documents;

(iii) if requested by the Appropriate Party, concurrently therewith the Appropriate Party shall receive an opinion of counsel to the applicable Credit Party as to the validity and perfection of such Lien on the Collateral, in each case in form and substance satisfactory to the Appropriate Party; and

(iv) concurrently with any Disposition of Collateral to any Person that shall become a Credit Party simultaneous with such Disposition in the manner contemplated by Section 5.13, such Person shall have complied with the requirements of Section 5.13;
(j) any Disposition of property resulting from an event of loss with respect to any aircraft, airframe, engine, spare engine or Spare Parts if the Credit Party is replacing such aircraft, airframe, engine, spare engine or Spare Parts in accordance with the terms of the Loan Documents;
(k) any Disposition of Collateral permitted by any of the Security Documents; and
(l) Dispositions of cash or Cash Equivalents in exchange for other cash or Cash Equivalents constituting Collateral and having reasonably equivalent value therefor.

SECTION 6.05 Restricted Payments. Parent will not, and will not permit any of its Subsidiaries to, declare or make, directly or indirectly, any Restricted Payment, or incur any obligation (contingent or otherwise) to do so, except, that, subject to additional restrictions set forth in Article X, so long as no Default shall have occurred and be continuing at the time of any action described below or would result therefrom:
(a) each Subsidiary may make Restricted Payments to the Parent and any other Person that owns an Equity Interest in such Subsidiary, ratably according to their respective holdings of such Equity Interests in respect of which such Restricted Payment is being made;
(b) the Parent and each Subsidiary may declare and make dividend payments or other distributions payable solely in common Equity Interests of such Person;
(c) the Parent and each Subsidiary may purchase, redeem or otherwise acquire Equity Interests issued by it with the proceeds received from the substantially concurrent issue of new common Equity Interests;
(d) the Parent and each Subsidiary may pay withholding or similar taxes payable by any future, present or former employee, director or officer (or any spouses, former spouses, successors, executors, administrators, heirs, legatees or distributees of any of the foregoing) in connection with any repurchases of Equity Interests or the exercise of stock options;
(e) the repurchase of Equity Interests or other securities deemed to occur upon (A) the exercise of stock options, warrants or other securities convertible or exchangeable into Equity Interests or any other securities, to the extent such Equity Interests or other securities represent a portion of the exercise price of those stock options, warrants or other securities convertible or exchangeable into Equity Interests or any other securities or (B) the withholding of a portion of Equity Interests issued to employees and other participants under an equity compensation program of the Parent or its Subsidiaries to cover withholding tax obligations of such persons in respect of such issuance;
(f) payments of cash, dividends, distributions, advances, common stock or other Restricted Payments by the Parent or any of its Subsidiaries to allow the payment of cash in lieu of the issuance of fractional shares upon (A) the exercise of options or warrants, (B) the conversion or exchange of capital stock of any such Person or (C) the conversion or exchange of Indebtedness or hybrid securities into capital stock of any such Person;
(g) the Parent may make cash payments in connection with any conversion or exchange of Convertible Indebtedness in amount equal to the sum of (i) the principal amount of such Convertible Indebtedness and (ii) the proceeds of any payments received by the Parent or any of its Subsidiaries pursuant to the exercise, settlement or termination of any related Permitted Bond Hedge Transaction;
(h) the Parent may make payments in connection with a Permitted Bond Hedge Transaction (i) by delivery of shares of the Parent’s Equity Interests upon net share settlement thereof or (ii) by (A) set-off against the related Permitted Bond Hedge Transaction and (B) payment of an early termination amount thereof in common Equity Interests of the Parent upon any early termination thereof; and

(i) Restricted Payments not to exceed the amount allowable pursuant to Schedule 6.05(i).

SECTION 6.06 Investments. Parent will not, and will not permit any of its Subsidiaries to, make any Investments, except:

(a) Investments held by the Parent or such Subsidiary in the form of cash or Cash Equivalents;

(b) (i) Investments in Subsidiaries in existence on the Closing Date, (ii) other Investments in existence on the Closing Date and listed in Section I to Schedule 6.06 and (iii) other Investments described on Section II of Schedule 6.06, and, in each case, any refinancing, refunding, renewal or extension of any such Investment that does not increase the amount thereof;

(c) advances to officers, directors and employees of the Parent and its Subsidiaries in an aggregate amount not exceeding, at any time outstanding, an amount that is customary and consistent with past practice, for travel, entertainment, relocation and similar ordinary business purposes;

(d) (x) Investments of the Parent in the Borrower or any other Credit Party, (y) Investments of any Subsidiary in the Parent or any other Credit Party and (z) Investments made between Subsidiaries that are not Credit Parties; provided that any such Investments made pursuant to this clause (d) in the form of intercompany indebtedness incurred by a Credit Party and owed to a Subsidiary that is not a Credit Party shall be subordinated to the Obligations and the Guaranteed Obligations on customary terms (it being understood and agreed that any Investments permitted under this clause (d) in the form of intercompany indebtedness that are not already subordinated on such terms as of the Closing Date shall not be required to be so subordinated until the date that is thirty (30) days after the Closing Date);

(e) Investments consisting of extensions of credit in the nature of accounts receivable or notes receivable arising from the grant of trade credit in the ordinary course of business, and Investments received in satisfaction or partial satisfaction thereof from financially troubled account debtors to the extent reasonably necessary in order to prevent or limit loss;

(f) Investments consisting of the indorsement by the Parent or any Subsidiary of negotiable instruments payable to such Person for deposit or collection in the ordinary course of business;

(g) to the extent constituting an Investment, transactions otherwise permitted by Sections 6.03 and 6.05;
(h) any Investments received in compromise or resolution of (i) obligations of trade creditors or customers that were incurred in the ordinary course of business of the Parent or any of its Subsidiaries, including pursuant to any plan of reorganization or similar arrangement upon the bankruptcy or insolvency of any trade creditor or customer or (ii) litigation, arbitration or other disputes;

(i) Investments represented by obligations in respect of Swap Contracts that are not speculative in nature and that are entered into to hedge or mitigate risks to which the Parent or any of its Subsidiaries has (or will have) actual exposure (other than those in respect of the Equity Interests or Indebtedness of the Parent or any of its Subsidiaries);

(j) accounts receivable arising in the ordinary course of business;

(k) any guarantee of Indebtedness of the Parent or any Subsidiary of the Parent, other than any guarantee of Indebtedness secured by Liens that would not be permitted under Section 6.02;

(l) Investments to the extent that payment for such Investment is made with the capital stock of the Parent;

(m) Investments having an aggregate fair market value (measured on the date each such Investment was made and without giving effect to subsequent changes in value other than a reduction for all returns of principal in cash and capital dividends in cash), when taken together with all Investments made pursuant to this clause (n) that are at the time outstanding, not to exceed 30% of the total consolidated assets of the Parent and its Subsidiaries at the time of such Investment;

(n) Permitted Bond Hedge Transactions to the extent constituting Investments; and

(o) Investments in Finance Entities in the ordinary course of business of the Parent and its Subsidiaries or that are otherwise customary for airlines based in the United States.

SECTION 6.07 Transactions with Affiliates. Parent will not, and will not permit any of its Subsidiaries to, enter into any transaction of any kind involving aggregate payments or consideration in excess of $50,000,000 with any Affiliate of the Parent, whether or not in the ordinary course of business, other than on fair and reasonable terms substantially as favorable to the Parent or such Subsidiary as would be obtainable by the Parent or such Subsidiary at the time in a comparable arm’s-length transaction with a Person other than an Affiliate, subject to delivery of (x) with respect to any transaction or series of related transactions involving aggregate consideration in excess of $100,000,000, a certificate of a Responsible Officer of the Parent certifying as to compliance with the foregoing and (y) with respect to any transaction or series of related transactions involving aggregate consideration in excess of $150,000,000, an opinion as to the fairness to the Parent or such Subsidiary of such transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing (provided that this clause (y) shall not apply to any transaction between or among the Parent or any of its Subsidiaries and any Finance Entities); provided that, subject to Article X, the foregoing restriction shall not apply to:

(a) transactions between or among the Parent and any Wholly-Owned Subsidiaries,

(b) Restricted Payments permitted by Section 6.05,

(c) Investments permitted by Section 6.06(b), or (c) or (d),
(d) transactions described in Schedule 6.07.

(e) any employment agreement, confidentiality agreement, non-competition agreement, incentive plan, employee stock option agreement, long-term incentive plan, profit sharing plan, employee benefit plan, officer or director indemnification agreement or any similar arrangement entered into by the Parent or any of its Subsidiaries in the ordinary course of business and payments pursuant thereto, and

(f) payment of fees, compensation, reimbursements of expenses (pursuant to indemnity arrangements or otherwise) and reasonable and customary indemnities provided to or on behalf of officers, directors, employees or consultants of the Parent or any of its Subsidiaries.

SECTION 6.08 [Reserved].

SECTION 6.09 [Reserved].

SECTION 6.10 Changes in Nature of Business. Parent will not, and will not permit any of its Subsidiaries to, engage to any material extent in any business other than those businesses conducted by the Parent and its Subsidiaries on the date hereof or any business reasonably related or incidental thereto or representing a reasonable expansion thereof.

SECTION 6.11 Sanctions; AML Laws. Parent will not, and will not permit any of its Subsidiaries to, directly or knowingly indirectly, use the proceeds of the Loans, or lend, contribute or otherwise make available such proceeds to any Subsidiary, joint venture partner or other Person to fund any activities or business of or with any Person in a manner that would result in a violation of Sanctions or AML Laws by any Person.

SECTION 6.12 Amendments to Organizational Documents. Parent will not, and will not permit any of its Subsidiaries to amend, modify, or grant any waiver or release under or terminate in any manner, any Organizational Documents in any manner materially adverse to, or which would impair the rights of, the Lenders.

SECTION 6.13 [Reserved]

SECTION 6.14 Prepayments of Junior Indebtedness. Parent will not, and will not permit any of its Subsidiaries to, make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value, in each case prior to any scheduled repayment, sinking fund payment or maturity, any Indebtedness secured by junior Liens on the Collateral or that is subordinated in right of payment to the Obligations, in each case other than in connection with a Permitted Refinancing of such Indebtedness.

SECTION 6.15 Lobbying. Parent will not, and will not permit any of its Subsidiaries to, directly, or to the Parent or such Subsidiary’s knowledge, indirectly, use the proceeds of the Loans, or lend, contribute, or otherwise make available such proceeds to any other Person (i) for publicity or propaganda purposes designated to support or defeat legislation pending before the U.S. Congress or (ii) to fund any activities that would constitute “lobbying activities” as defined under 2 U.S.C. § 1602. The Parent shall, and shall cause its subsidiaries to, comply with the provisions of 31 U.S.C. § 1352, as amended, and with the regulations at 31 CFR Part 21.

SECTION 6.16 Use of Proceeds. Parent will not, and will not permit any of its Subsidiaries to, use the proceeds of the Loans for any purpose other than for general corporate purposes and
operating expenses (including payroll, rent, utilities, materials and supplies, repair and maintenance, and scheduled interest payments on other Indebtedness incurred before February 15, 2020), in each case in compliance with all applicable law to the extent permitted by the CARES Act; provided however that the proceeds of the Loans shall not be used for any non-operating expenses (including capital expenses, delinquent taxes and payments of principal on other Indebtedness), unless the Parent can demonstrate, to the satisfaction of the Initial Lender, that payment of any such non-operating expense is necessary to optimize the continued operations of the Parent’s business and does not merely constitute a transfer of risk from an existing creditor or investor to the Federal taxpayer.

SECTION 6.17 Financial Covenants.

(a) Liquidity. The Parent will not permit the aggregate amount of Liquidity at the close of any Business Day to be less than $250,000,000.

(b) Collateral Coverage Ratio.

(i) Within ten (10) Business Days after (x) the last day of March and September of each year (beginning with March 2021) or (y) any date on which an Appraisal is delivered pursuant to clause (2) of Section 5.16 (each such date in clauses (x) and (y), a “CCR Reference Date” and the tenth Business Day after a CCR Reference Date, a “CCR Certificate Delivery Date”), the Parent shall deliver to the Administrative Agent a certificate of a Responsible Officer of the Parent containing a calculation of the Collateral Coverage Ratio (a “CCR Certificate”).

(ii) If the Collateral Coverage Ratio with respect to any CCR Reference Date is less than 1.60 to 1.00, the Borrower shall, no later than ten (10) Business Days after the applicable CCR Certificate Delivery Date, (x) prepay any outstanding Loans such that following such prepayment, the Collateral Coverage Ratio with respect to such CCR Reference Date, recalculated by subtracting any such prepaid portion of the Loans, shall be no less than 1.60 to 1.00 and/or (y) designate Additional Collateral as additional Eligible Collateral and comply with Sections 5.13 and 5.15, collectively, in an amount such that following such designation, the Collateral Coverage Ratio with respect to such CCR Reference Date, recalculated by adding such Additional Collateral, shall be no less than 1.60 to 1.00.

(iii) At the Parent’s request, the Lien on any Additional Collateral will be released, provided, in each case, that the following conditions are satisfied or waived: (a) no Event of Default shall have occurred and be continuing, (b) either (x) after giving effect to such release, the Collateral Coverage Ratio is not less than 2.00 to 1.00 (or in the case of a swap or exchange of existing Additional Collateral with new Additional Collateral, less than 1.60 to 1.00) or (y) the Parent shall prepay or cause to be prepaid the Loans and/or shall designate Eligible Collateral as Additional Collateral and comply with Sections 5.13 and 5.15, collectively, in an amount necessary to cause the Collateral Coverage Ratio to not be less than 2.00 to 1.00 (or in the case of a swap or exchange of existing Additional Collateral with new Additional Collateral, less than 1.60 to 1.00) and (c) the Parent shall deliver a certificate executed by a Responsible Officer demonstrating compliance with this Section 6.17(b)(iii).
(c) Debt Service Coverage Ratio.

(i) On each DSCR Determination Date, the Parent shall deliver to the Administrative Agent a certificate of a Responsible Officer of the Parent (x) containing a calculation of the Debt Service Coverage Ratio and (ii) certifying that all Loyalty Program Revenue for such DSCR Test Period has been deposited, directly or indirectly, into the Collection Account or another Collateral Account (and at least 90% of all Loyalty Program Revenues (excluding revenues generated under any Loyalty Subscription Program) were deposited directly into a Collateral Account); and

(ii) if the Debt Service Coverage Ratio with respect to any DSCR Determination Date is less than 1.75 to 1.00 (a “DSCR Trigger Event”), then the Parent and the Subsidiaries shall cause an amount equal to at least 50% of all Loyalty Program Revenues received thereafter to be transferred (as such payments are received) from the Collection Account to a Blocked Account to be held for the benefit of the Lenders (which amounts on deposit in the Blocked Account may be used to prepay the Loans at the option of the Borrower, upon request to the Collateral Agent) until the first DSCR Determination Date on which the Debt Service Coverage Ratio is 1.75 to 1.00 or more, whereupon such amounts may be transferred from the Blocked Account to the Collection Account following a request to the Collateral Agent;

(iii) if the Debt Service Coverage Ratio with respect to any DSCR Determination Date is less than or equal to 1.50 to 1.00 but greater than 1.25 to 1.00, then (x) all amounts then deposited in the Blocked Account shall be applied to prepay the Loans and (y) the Parent and the Subsidiaries shall cause an amount equal to at least 50% of all Loyalty Program Revenues received thereafter to be transferred (as such payments are received) from the Collection Account to the Payment Account with all such amounts deposited into the Payment Account to be applied to the prepayment of any Loans then outstanding until the first DSCR Determination Date on which the Debt Service Coverage Ratio is greater than 1.50 to 1.00; and

(iv) if the Debt Service Coverage Ratio with respect to any DSCR Determination Date is less than or equal to 1.25 to 1.00, then (x) all amounts then deposited in the Blocked Account shall be applied to prepay the Loans and (y) the Parent and the Subsidiaries shall cause an amount equal to at least 75% of all Loyalty Program Revenues received thereafter to be transferred (as such payments are received) from the Collection Account to the Payment Account with all such amounts deposited into the Payment Account to be applied to the prepayment of any Loans then outstanding until the first DSCR Determination Date on which the Debt Service Coverage Ratio is greater than 1.25 to 1.00.

ARTICLE VII

EVENTS OF DEFAULT

SECTION 7.01 Events of Default. If any of the following events (each, an “Event of Default”) shall occur:

(a) the Borrower shall fail to pay any principal of any Loan when and as the same shall become due and payable, whether at the due date thereof or at a date fixed for prepayment thereof or otherwise;

(b) the Borrower shall fail to pay any interest on any Loan, or any fee or any other amount (other than an amount referred to in clause (a) of this Section) payable under this Agreement or under any other Loan Document, when and as the same shall become due and payable, and such failure shall continue unremedied for a period of two (2) or more Business Days;
(c) any representation or warranty made or deemed made by or on behalf of any Credit Party, including those made prior to the Closing Date, in or in connection with this Agreement, the Loan Application Form or any other Loan Document or any amendment or modification hereof or thereof, or any waiver hereunder or thereunder, or in any report, certificate, financial statement or other document furnished pursuant to or in connection with this Agreement, the Loan Application Form or any other Loan Document or any amendment or modification hereof or thereof, or any waiver hereunder or thereunder, shall prove to have been incorrect in any material respect (or, in the case of any such representation or warranty under this Agreement, the Loan Application Form or any other Loan Document already qualified by materiality, such representation or warranty shall prove to have been incorrect) when made or deemed made;

(d) any Credit Party shall fail to observe or perform any covenant, condition or agreement contained in Section 5.03(a), 5.04 (with respect to the Borrower’s existence) or in Article VI or Article X;

(e) any Credit Party shall fail to observe or perform any covenant, condition or agreement contained in this Agreement or any other Loan Document (other than those specified in clause (a), (b) or (d) of this Section) and such failure shall continue unremedied for a period of thirty (30) or more days after notice thereof by the Administrative Agent or the Initial Lender to the Parent;

(f) (i) Any Credit Party or any Subsidiary thereof shall fail to make any payment when due (whether by scheduled maturity, required prepayment, acceleration, demand, or otherwise) in respect of any Material Indebtedness (other than Indebtedness under this Agreement) and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument governing such Material Indebtedness; or (ii) any Credit Party or any Subsidiary thereof shall fail to observe or perform any other agreement or condition relating to any such Indebtedness or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event occurs, the effect of which default or other event results in the holder or holders or beneficiary or beneficiaries of such Indebtedness (or a trustee or agent on behalf of such holder or holders or beneficiary or beneficiaries) causing such Indebtedness to become due or to be repurchased, prepaid, defeased or redeemed (automatically or otherwise), or causing an offer to repurchase, prepay, defease or redeem such Indebtedness to be made, prior to its stated maturity; provided that this clause (f)(ii) shall not apply to secured Indebtedness that becomes due as a result of the voluntary sale or transfer (or disposition of property as a result of a casualty or condemnation event) of the property or assets securing such Indebtedness, if such sale or transfer is permitted hereunder and under the documents providing for such Indebtedness and such Indebtedness is repaid when required under the documents providing for such Indebtedness;

(g) an involuntary proceeding shall be commenced or an involuntary petition shall be filed seeking (i) liquidation, reorganization or other relief in respect of any Credit Party or any Material Subsidiary thereof or its debts, or of a substantial part of its assets, under any Debtor Relief Law now or hereafter in effect or (ii) the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for any Credit Party or any Material Subsidiary thereof or for a substantial part of its assets, and, in any such case, such proceeding or petition shall continue undismissed for a period of sixty (60) or more days or an order or decree approving or ordering any of the foregoing shall be entered;
(h) any Credit Party or any Material Subsidiary thereof shall (i) voluntarily commence any proceeding or file any petition seeking liquidation, reorganization or other relief under any Debtor Relief Law now or hereafter in effect, (ii) consent to the institution of, or fail to contest in a timely and appropriate manner, any proceeding or petition described in clause (g) of this Section, (iii) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for the Parent or any of its Subsidiaries or for a substantial part of its assets, (iv) file an answer admitting the material allegations of a petition filed against it in any such proceeding, (v) make a general assignment for the benefit of creditors or (vi) take any action for the purpose of effecting any of the foregoing;

(i) any Credit Party or any Material Subsidiary thereof shall become unable, admit in writing its inability or fail generally to pay its debts as they become due;

(j) there is entered against any Credit Party or any Material Subsidiary thereof (i) a final judgment or order for the payment of money in an aggregate amount (as to all such judgments and orders) exceeding $50,000,000 (to the extent not covered by independent third-party insurance as to which the insurer has been notified of such judgment or order and has not denied or failed to acknowledge coverage), or (ii) a non-monetary final judgment or order that, either individually or in the aggregate, has or could reasonably be expected to have a Material Adverse Effect and, in either case, (A) enforcement proceedings are commenced by any creditor upon such judgment or order, or (B) there is a period of thirty (30) consecutive days during which a stay of enforcement of such judgment, by reason of a pending appeal or otherwise, is not in effect;

(k) an ERISA Event occurs with respect to a Pension Plan or Multiemployer Plan that has resulted or could reasonably be expected to result in liability of any Credit Party under Title IV of ERISA to the Pension Plan, Multiemployer Plan or the PBGC that, either individually or in the aggregate, has or could reasonably be expected to have a Material Adverse Effect;

(l) [reserved];

(m) any material provision of any Loan Document, at any time after its execution and delivery and for any reason other than as expressly permitted hereunder or thereunder or satisfaction in full of all Obligations, ceases to be in full force and effect; or any Credit Party or any other Person who is a party to any Loan Document contests in writing the validity or enforceability of any provision of any Loan Document; or any Credit Party denies in writing that it has any or further liability or obligation under any Loan Document, or purports in writing to revoke, terminate or rescind any Loan Document;

(n) any Lien purported to be created under any Security Document shall cease to be, or shall be asserted in writing by any Credit Party not to be, a legal, valid and perfected Lien on any material portion of the Collateral (individually or in the aggregate), with the priority required by the applicable Security Documents, except (i) as a result of the sale or other Disposition of the applicable Collateral to a Person that is not a Credit Party in a transaction not prohibited under the Loan Documents or (ii) as a result of either Agent’s failure to maintain possession of any stock certificates, promissory notes or other instruments delivered to it under the Security Documents or (iii) as a result of acts or omissions with respect to possessory collateral held by the Collateral Agent pursuant to this Agreement;
(o) any Guarantee of any Obligations by any Credit Party under any Loan Document shall cease to be in full force in effect (other than in accordance with the terms of the Loan Documents);

(p) a default or breach by any Credit Party of its material obligations under a Material Loyalty Program Agreement beyond any applicable notice and cure periods thereunder;

(q) an exit from, or a termination or cancellation of, any Carrier Loyalty Program (and in the case of any Loyalty Subscription Program, such program as a whole by a Credit Party, and not any individual cancellation or termination by a consumer) in effect on the Closing Date or any Material Loyalty Program Agreement other than in connection with any replacement expressly permitted hereunder;

(r) any material provision of any Material Loyalty Program Agreement, at any time after its execution and delivery and for any reason other than as expressly permitted hereunder or thereunder or satisfaction in full of all Obligations, ceases to be in full force and effect; or any Credit Party contests in writing the validity or enforceability of any provision of any Material Loyalty Program Agreement; or any Credit Party denies in writing that it has any or further liability or obligation under any Material Loyalty Program Agreement, or purports in writing to revoke, terminate or rescind any Material Loyalty Program Agreement; or

(s) any Credit Party makes a Material Modification to a Material Loyalty Program Agreement without the prior written consent of the Required Lenders.

then, and in every such event (other than an event described in clause (g) or (h) of this Section), and at any time thereafter during the continuance of such event, the Initial Lender may, and the Administrative Agent may, and at the request of the Required Lenders or the Initial Lender shall, by notice to the Borrower, take any or all of the following actions, at the same or different times:

(i) declare the Loans then outstanding to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Loans so declared to be due and payable, together with accrued interest thereon and all fees and other Obligations of the Credit Parties accrued hereunder, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower and the other Credit Parties; and

(ii) exercise on behalf of itself and the Lenders all rights and remedies available to it and the Lenders under the Loan Documents and Applicable Law;

provided that, in case of any event described in clause (g) or (h) of this Section, the principal of the Loans then outstanding, together with accrued interest thereon and all fees and other Obligations accrued hereunder, shall automatically become due and payable, in each case without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Credit Parties.
SECTION 7.02 Application of Payments. Notwithstanding anything herein to the contrary, following the occurrence and during the continuance of an Event of Default, and notice thereof to the Initial Lender and the Administrative Agent by the Borrower or the Required Lenders, all payments received on account of the Obligations shall be applied by the Administrative Agent as follows:

(i) \textit{first}, to payment of that portion of the Obligations constituting fees, indemnities, expenses and other amounts (including fees and disbursements and other charges of counsel payable under Section 11.03 and amounts payable under an Administrative Agency Fee Letter (if any)) payable to the Administrative Agent and the Collateral Agent in their respective capacities as such;

(ii) \textit{second}, to payment of that portion of the Obligations constituting fees, indemnities and other amounts (other than principal and interest) payable to the Lenders (including fees and disbursements and other charges of counsel payable under Section 11.03) arising under the Loan Documents, ratably among them in proportion to the respective amounts described in this clause (ii) payable to them;

(iii) \textit{third}, to payment of that portion of the Obligations constituting accrued and unpaid interest on the Loans, ratably among the Lenders in proportion to the respective amounts described in this clause (iii) payable to them;

(iv) \textit{fourth}, to payment of that portion of the Obligations constituting unpaid principal of the Loans ratably among the Lenders in proportion to the respective amounts described in this clause (iv) payable to them;

(v) \textit{fifth}, to the payment in full of all other Obligations, in each case ratably among the Administrative Agent and the Lenders based upon the respective aggregate amounts of all such Obligations owing to them in accordance with the respective amounts thereof then due and payable; and

(vi) \textit{finally}, the balance, if any, after all Obligations have been indefeasibly paid in full, to the Borrower or as otherwise required by Law.

ARTICLE VIII

AGENCY

SECTION 8.01 Appointment and Authority. Each Lender hereby irrevocably appoints The Bank of New York Mellon to act on its behalf as the Administrative Agent and as the Collateral Agent hereunder and under the other Loan Documents and authorizes the Agents to take such actions on its behalf and to exercise such powers as are delegated to such Agent by the terms of the Loan Documents, together with such actions and powers as are reasonably incidental or related thereto; provided that notwithstanding anything in this Article VIII or this Agreement to the contrary, the terms and conditions of the relationship between the Initial Lender and the Agents shall be governed by a separate agreement between the Initial Lender and the Agents. The Borrower and the Guarantors acknowledge and agree that the Agents are Agents of the Lenders and not of the Borrower or the Guarantors. In connection with an assignment of the Loans by the Initial Lender, upon the Administrative Agent’s request, the Borrower and the Agents shall enter into an Administrative Agency Fee Letter. The provisions of this Article are solely for the benefit of the Agents and the Lenders, and the Borrower shall not have rights as a third-party beneficiary of any of such provisions. Without limiting the generality of the foregoing, the Agents are hereby expressly authorized to (i) execute any and all documents (including releases) with respect to the Collateral and the rights of the Secured Parties with respect thereto, as contemplated by and in accordance with the provisions of this Agreement and the other Loan Documents and (ii) negotiate, enforce or settle any claim, action or proceeding affecting the Lenders in their capacity as such, at the direction of the Required Lenders, which negotiation, enforcement or settlement will be binding upon each Lender.
SECTION 8.02 Collateral Matters. Each of the Lenders hereby irrevocably appoints and authorizes the Collateral Agent to act as the agent of such Lender for purposes of acquiring, holding and enforcing any and all Liens on Collateral granted by any of the Credit Parties to secure any of the Obligations, together with such powers and discretion as are reasonably incidental thereto and to enter into and perform the other Loan Documents.

SECTION 8.03 Removal or Resignation of Administrative Agent. While the Initial Lender is a Lender, the Administrative Agent may be removed or give notice of its resignation subject to any conditions as separately agreed between the Initial Lender and the Administrative Agent. Any such resignation as Administrative Agent pursuant to this Section 8.03 shall also constitute its resignation as the Collateral Agent; provided that in the case of any collateral security held by the Collateral Agent on behalf of the Lenders under any of the Loan Documents, the retiring or removed Collateral Agent shall continue to hold such collateral security until such time as a successor Collateral Agent is appointed. Upon such removal or receipt of any such notice of resignation, the Initial Lender shall have the right to appoint a successor. After the Initial Lender is no longer a Lender, either Agent may resign at any time by notifying the Lenders and the Borrower in writing, and either Agent may be removed at any time with or without cause by an instrument or concurrent instruments in writing delivered to the Borrower and such Agent and signed by the Required Lenders. Upon any such resignation or removal, the Required Lenders shall have the right, with the consent of the Borrower (which consent shall not be required during the continuance of an Event of Default), to appoint a successor. If no successor shall have been so appointed by the Required Lenders (with the consent of the Borrower (which consent shall not be required during the continuance of an Event of Default)) and shall have accepted such appointment within 30 days after (i) the retiring Agent gives notice of its resignation or (ii) the Required Lenders deliver removal instructions, then the retiring or removed Agent may, on behalf of the Lenders (with the consent of the Borrower (which consent shall not be required during the continuance of an Event of Default)), appoint a successor Agent which shall be a bank with an office in New York, New York, or an Affiliate of such bank. If no successor Agent has been appointed pursuant to the immediately preceding sentence, such Agent’s resignation or removal shall become effective and the Required Lenders shall thereafter perform all the duties of such Agent hereunder and/or under any other Loan Document until such time, if any, as the Required Lenders (with the consent of the Borrower (which consent shall not be required during the continuance of an Event of Default)) appoint a successor Administrative Agent and/or Collateral Agent, as the case may be. Upon the acceptance of its appointment as Agent hereunder by a successor, such successor shall succeed to and become vested with all the rights, powers, privileges and duties of its predecessor Agent, and its predecessor Agent shall be discharged from its duties and obligations hereunder. If no successor Agent has been appointed pursuant to the immediately preceding sentence, such Agent’s resignation or removal shall become effective and the Required Lenders shall thereafter perform all the duties of such Agent hereunder and/or under any other Loan Document until such time, if any, as the Required Lenders (with the consent of the Borrower (which consent shall not be required during the continuance of an Event of Default)) appoint a successor Administrative Agent and/or Collateral Agent, as the case may be. Upon the acceptance of its appointment as Agent hereunder by a successor, such successor shall succeed to and become vested with all the rights, powers, privileges and duties of its predecessor Agent, and its predecessor Agent shall be discharged from its duties and obligations hereunder. If no successor Agent has been appointed pursuant to the immediately preceding sentence, such Agent’s resignation or removal shall become effective and the Required Lenders shall thereafter perform all the duties of such Agent hereunder and/or under any other Loan Document until such time, if any, as the Required Lenders (with the consent of the Borrower (which consent shall not be required during the continuance of an Event of Default)) appoint a successor Administrative Agent and/or Collateral Agent, as the case may be. Upon the acceptance of its appointment as Agent hereunder by a successor, such successor shall succeed to and become vested with all the rights, powers, privileges and duties of its predecessor Agent, and its predecessor Agent shall be discharged from its duties and obligations hereunder.

SECTION 8.04 Exculpatory Provisions.

(a) The Agents shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents or as separately agreed between the Initial Lender and the Agents, and its duties hereunder shall be administrative in nature. Without limiting the generality of the foregoing:

(i) neither Agent shall be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, except that The Bank of New York Mellon shall always have a fiduciary duty to Treasury while serving as its Agent in accordance with the provisions of the separate writing between The Bank of New York Mellon and Treasury;
(ii) neither Agent shall have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that such Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); and

(iii) except as expressly set forth herein and in the other Loan Documents, neither Agent shall have any duty to disclose, nor shall it be liable for the failure to disclose, any information relating to the Borrower or any of the Subsidiaries that is communicated to or obtained by the bank serving as Administrative Agent and/or Collateral Agent or any of its Affiliates in any capacity.

(b) Neither Agent shall be required to expend or risk its own funds or otherwise incur liability in the performance of any of its duties hereunder or under any other Loan Document or in the exercise of any of its rights or powers. Notwithstanding anything in any Loan Document to the contrary, prior to taking any action under this Agreement or any other Loan Document, each Agent shall be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses in connection with taking such action. Neither Agent shall be liable for any action taken or not taken by it with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary under the circumstances as provided in Sections 7.01 and 11.02) or in the absence of its own gross negligence or willful misconduct as determined by the final non-appealable judgment of a court of competent jurisdiction. Notwithstanding the foregoing, no action nor any omission to act, taken by either Agent at the direction of the Required Lenders (or such other number of percentage of Lenders as shall be expressly provided for herein or in the other Loan Documents) shall constitute gross negligence or willful misconduct. Neither Agent shall be deemed to have knowledge of any Default unless and until written notice thereof, conspicuously labeled as a “notice of default” and specifically describing such Default, is given to an Agent Responsible Officer by the Borrower or a Lender.

(c) Neither Agent shall be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Article IV or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

(d) In no event shall either Agent be responsible or liable for any failure or delay in the performance of its obligations hereunder or under any other Loan Document arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, epidemics, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services (it being understood that such Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances).

(e) Each Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing believed by it in good faith to be genuine and to have been signed or sent by the proper Person. Each Agent may also rely upon any statement made to it orally or by telephone and believed by it in good faith to have been made by the proper Person, and shall not incur any liability for relying thereon. Delivery of
reports, information and documents to an Agent is for informational purposes only and an Agent’s receipt of the foregoing will not constitute actual or constructive knowledge or notice of any information contained therein or determinable from information contained therein, including the Borrower’s compliance with any of its covenants hereunder. Each Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in reliance on the advice of any such counsel, accountants or experts. Any funds held by an Agent shall, unless otherwise agreed in writing with the Borrower, be held uninvested in a non-interest bearing account.

(f) Neither Agent shall have any obligation to calculate or confirm the calculation of any financial covenant contained herein.

(g) Notwithstanding anything to the contrary in any Loan Document, neither Agent shall be responsible for the existence, genuineness or value of any of the Collateral; for filing any financing or continuation statements or recording any documents or instruments in any public office or otherwise perfecting or maintaining the perfection of any security interest in the Collateral (except, in the case of possessory Collateral, for the Collateral Agent maintaining possession of any such Collateral received by it in accordance with the terms of the Loan Documents); for the validity, perfection, priority or enforceability of the Liens in any of the Collateral; for the validity or sufficiency of the Collateral or any agreement or assignment contained therein; for the validity of the title of any grantor to the Collateral; for insuring the Collateral; or for the payment of taxes, charges or assessments on the Collateral. The Collateral Agent agrees that it will check any possessory Collateral received by it against any itemized list in the Pledge and Security Agreement of Collateral to be delivered to it in accordance with the Pledge and Security Agreement.

SECTION 8.05 Reliance by Agent. Each Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, opinion, consent, statement, instrument, document or other writing believed by it in good faith to be genuine and to have been signed or sent by the proper Person. Each Agent may also rely upon any statement made to it orally or by telephone and believed by it in good faith to have been made by the proper Person, and shall not incur any liability for relying thereon. Delivery of reports, information and documents to an Agent is for informational purposes only and an Agent’s receipt of the foregoing will not constitute actual or constructive knowledge or notice of any information contained therein or determinable from information contained therein, including the Borrower’s compliance with any of its covenants hereunder. Each Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 8.06 Delegation of Duties. Each Agent may perform any and all its duties and exercise its rights and powers by or through any one or more sub-agents or attorneys appointed by it and will not be responsible for the misconduct or negligence of any agent appointed with due care. Each Agent and any such sub-agent may perform any and all its duties and exercise its rights and powers by or through their respective Related Parties.

SECTION 8.07 Non-Reliance on Agents and Other Lenders. Each Lender (other than the Initial Lender) acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender (other than the Initial Lender) also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender of any of their Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder.
SECTION 8.08 Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under any Debtor Relief Law or any other judicial proceeding relative to any Credit Party, the Administrative Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Agents (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Agents and their respective agents and counsel and all other amounts due the Lenders and the Agents under Section 11.03) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Agents and their respective agents and counsel, and any other amounts due the Agents under the Loan Documents. Nothing contained herein shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the Obligations or the rights of any Lender or to authorize the Administrative Agent to vote in respect of the claim of any Lender in any such proceeding.

ARTICLE IX

GUARANTEE

SECTION 9.01 Guarantee of the Obligations. Each Guarantor jointly and severally hereby irrevocably and unconditionally guarantees to the Secured Parties, the due and punctual payment in full and performance of all Obligations (or such lesser amount as agreed by the Required Lenders in their sole discretion with respect to Obligations owed to the Lenders) when the same shall become due or required to be performed, whether at stated maturity, by required prepayment, declaration, acceleration, performance, demand or otherwise (including amounts that would become due but for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code, 11 U.S.C. § 362(a)) (collectively, the “Guaranteed Obligations”).

SECTION 9.02 Payment or Performance by a Guarantor. Each Guarantor hereby jointly and severally agrees, in furtherance of the foregoing and the other terms of this Article IX and not in limitation of any other right which the Secured Parties may have at law or in equity against any Guarantor by virtue hereof, that upon the failure of the Borrower to pay or perform any of the Guaranteed Obligations when and as the same shall become due or required to be performed, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including amounts that would become due but
for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code, 11 U.S.C. § 362(a)), such Guarantor will pay, or cause to be paid, in cash, or perform, or cause to be performed, to the Secured Parties an amount equal to the sum of the unpaid principal amount of all Guaranteed Obligations then due as aforesaid, accrued and unpaid interest on such Guaranteed Obligations (including interest which, but for the Borrower’s becoming the subject of a case under the Bankruptcy Code, would have accrued on such Guaranteed Obligations, whether or not a claim is allowed against the Borrower for such interest in the related bankruptcy case) and all other Guaranteed Obligations then owed or required to be performed to the Secured Parties as aforesaid.

SECTION 9.03 Liability of Guarantors Absolute. Each Guarantor agrees that its obligations hereunder are irrevocable, absolute, independent and unconditional and shall not be affected by any circumstance which constitutes a legal or equitable discharge of a guarantor or surety other than payment and performance in full of the Guaranteed Obligations. In furtherance of the foregoing and without limiting the generality thereof, each Guarantor agrees as follows:

(a) this Guarantee is a guarantee of payment and performance when due and not merely of collection;
(b) either Agent and any of the other Secured Parties may enforce this Guarantee upon the occurrence of an Event of Default notwithstanding the existence of any dispute between the Borrower and the Secured Parties with respect to the existence of such Event of Default;
(c) a separate action or actions may be brought and prosecuted against such Guarantor whether or not any action is brought against the Borrower or any other Guarantors and whether or not Borrower or such Guarantors are joined in any such action or actions;
(d) payment or performance by any Guarantor of a portion, but not all, of the Guaranteed Obligations shall in no way limit, affect, modify or abridge any other Guarantor’s liability for any portion of the Guaranteed Obligations which has not been paid or performed;
(e) the Required Lenders, upon such terms as they deem appropriate, without notice or demand and without affecting the validity or enforceability hereof or giving rise to any reduction, limitation, impairment, discharge or termination of any Guarantor’s liability hereunder, from time to time may (i) renew, extend, accelerate, increase the rate of interest on, or otherwise change the time, place, manner or terms of payment or performance of the Guaranteed Obligations; (ii) settle, compromise, release or discharge, or accept or refuse any offer of performance with respect to, or substitutions for, the Guaranteed Obligations or subordinate the payment of the same to the payment of any other obligations; (iii) release, surrender, exchange, substitute, compromise, settle, rescind, waive, alter, subordinate or modify, with or without consideration, any security for payment or performance of the Guaranteed Obligations, any other guarantees of the Guaranteed Obligations, or any other obligation of any Person (including any other Guarantor) with respect to the Guaranteed Obligations; and (iv) enforce its rights and remedies even though such action may operate to impair or extinguish any right of reimbursement or subrogation or other right or remedy of any Guarantor against the Borrower or any security for the Guaranteed Obligations; and
(f) this Guarantee and the obligations of each Guarantor hereunder shall be legal, valid and enforceable and shall not be subject to any reduction, limitation, impairment, discharge or termination for any reason (other than payment or performance in full of the Guaranteed Obligations), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense or set-off, counterclaim, recoupment or termination whatsoever by reason of the invalidity, illegality or unenforceability of any of the Guaranteed Obligations, any impossibility in the performance
of any of the Guaranteed Obligations, or otherwise. Without limiting the generality of the foregoing, except for the payment and performance in full of the Guaranteed Obligations and to the fullest extent permitted by Applicable Law, the obligations of each Guarantor hereunder shall not be discharged or impaired or otherwise affected by: (i) any failure, delay or omission to assert or enforce or agreement or election not to assert or enforce, or the stay or enjoining, by order of court, by operation of law or otherwise, of the exercise or enforcement of, any claim or demand or any right, power or remedy with respect to the Guaranteed Obligations, or with respect to any security for the payment and performance of the Guaranteed Obligations; (ii) any rescission, waiver, amendment or modification of, or any consent to departure from, any of the terms or provisions hereof or any other Loan Document; (iii) the Guaranteed Obligations, or any agreement relating thereto, at any time being found to be illegal, invalid or unenforceable in any respect; (iv) the Lender’s consent to the change, reorganization or termination of the corporate structure or existence of the Borrower or any of its Subsidiaries and to any corresponding restructuring of the Guaranteed Obligations; (v) the release of, or any impairment of or failure to perfect or continue perfection of or protect a security interest in, any collateral which secures any of the Guaranteed Obligations; (vi) any defenses, set-offs or counterclaims which the Borrower or any Guarantor may allege or assert against either Agent or the Lenders in respect of the Guaranteed Obligations, including failure of consideration, lack of authority, validity or enforceability, breach of warranty, payment, statute of frauds, statute of limitations, accord and satisfaction and usury; (vii) any change in the corporate existence, structure or ownership of any Credit Party, or any insolvency, bankruptcy, reorganization, examinership or other similar proceeding affecting any Credit Party or its assets or any resulting release or discharge of any of the Guaranteed Obligations; (viii) the fact that any Person that, pursuant to the Loan Documents, was required to become a party hereto may not have executed or is not effectually bound by this Agreement, whether or not this fact is known to the Secured Parties; (ix) any action permitted or authorized hereunder; (x) any other circumstance, or any existence of or reliance on any representation by the Agents, any Secured Party or any other Person, that might otherwise constitute a defense to, or a legal or equitable discharge of, the Borrower, any Guarantor or any other guarantor or surety; and (xi) any other event or circumstance that might in any manner vary the risk of any Guarantor as an obligor in respect of the Guaranteed Obligations.

SECTION 9.04 Waivers by Guarantors. Each Guarantor hereby waives, for the benefit of the Lender: (a) any right to require the Lender, as a condition of payment or performance by such Guarantor, to (i) proceed against Borrower, any Guarantor or any other Person; (ii) proceed against or exhaust any security in favor of the Lender; or (iii) pursue any other remedy in the power of the Agents or Secured Parties whatsoever or (b) presentment to, demand for payment or performance from and protest to the Borrower or any Guarantor or notice of acceptance; and (c) any defenses or benefits that may be derived from or afforded by law which limit the liability of or exonerate guarantors or sureties, or which may conflict with the terms hereof. The Agents and the other Secured Parties may, at their election, foreclose on any security held by one or more of them by one or more judicial or nonjudicial sales, accept an assignment of any such security in lieu of foreclosure or exercise any other right or remedy available to them against the Borrower or any other Credit Party without affecting or impairing in any way the liability of any Guarantor hereunder except to the extent the Guaranteed Obligations have been paid in full. To the fullest extent permitted by Applicable Law, each Credit Party waives any defense arising out of any such election even though such election operates, pursuant to Applicable Law, to impair or to extinguish any right of reimbursement or subrogation or other right or remedy of such Credit Party against the Borrower or any other Credit Party, as the case may be, or any security.

SECTION 9.05 Guarantors’ Rights of Subrogation, Contribution, etc. Until the Guaranteed Obligations shall have been paid in full, each Guarantor hereby waives any claim, right or remedy, direct or indirect, that such Guarantor now has or may hereafter have against the Borrower or any other Guarantor or any of its assets in connection with this Guarantee or the performance by such Guarantor of its obligations hereunder, including without limitation (a) any right of subrogation, reimbursement or indemnification that
such Guarantor now has or may hereafter have against the Borrower with respect to the Guaranteed Obligations, (b) any right to enforce, or to participate in, any claim, right or remedy that the Agents or the Secured Parties now has or may hereafter have against the Borrower, and (c) any benefit of, and any right to participate in, any collateral or security now or hereafter held by the Agents or the Secured Parties. In addition, until the Guaranteed Obligations shall have been paid in full, each Guarantor shall withhold exercise of any right of contribution such Guarantor may have against any other guarantor (including any other Guarantor) of the Guaranteed Obligations. If any amount shall be paid to any Guarantor on account of any such subrogation, reimbursement, indemnification or contribution rights at any time when all Guaranteed Obligations shall not have been finally and paid in full, such amount shall be held in trust for the Secured Parties and shall forthwith be paid over to the Secured Parties to be credited and applied against the Guaranteed Obligations, whether matured or unmatured, in accordance with the terms hereof.

SECTION 9.06 Subordination. Any Indebtedness of the Borrower or any Guarantor now or hereafter and all rights of indemnity, contribution or subrogation under Applicable Law or otherwise held by any Guarantor (the ‘Obligee Guarantor’) are hereby subordinated in right of payment or performance to the Guaranteed Obligations until the Guaranteed Obligations is paid and performed in full. Any amount in respect of such indebtedness or rights collected or received by the Obligee Guarantor after an Event of Default has occurred and is continuing shall be held in trust for the Secured Parties and shall forthwith be paid over to the Secured Parties to be credited and applied against the Guaranteed Obligations but without affecting, impairing or limiting in any manner the liability of the Obligee Guarantor under any other provision hereof.

SECTION 9.07 Continuing Guarantee. This Guarantee is a continuing guarantee and shall remain in effect until all of the Guaranteed Obligations shall have been paid and performed in full. Each Guarantor hereby irrevocably waives any right to revoke this Guarantee as to future transactions giving rise to any Guaranteed Obligations.

SECTION 9.08 Financial Condition of the Borrower. The Loans may be made to the Borrower without notice to or authorization from any Guarantor regardless of the financial or other condition of the Borrower at the time of such grant. Each Guarantor has adequate means to obtain information from the Borrower on a continuing basis concerning the financial condition of the Borrower and its ability to perform its obligations under the Loan Documents, and each Guarantor assumes the responsibility for being and keeping informed of the financial condition of the Borrower and of all circumstances bearing upon the risk of nonpayment of the Guaranteed Obligations.

SECTION 9.09 Reinstatement. In the event that all or any portion of the Guaranteed Obligations are paid by the Borrower or any Guarantor, the obligations of any other Guarantor hereunder shall continue and remain in full force and effect or be reinstated, as the case may be, in the event that all or any part of such payment(s) are rescinded or recovered directly or indirectly from the Secured Parties as a preference, fraudulent transfer or otherwise must be so recovered or returned, and any such payments and amounts which are so rescinded, recovered or returned shall constitute Guaranteed Obligations for all purposes hereunder.

SECTION 9.10 Discharge of Guarantees. If, in compliance with the terms and provisions of the Loan Documents, (x) all of the Equity Interests of any Guarantor that is a Subsidiary of the Parent or any of its successors in interest hereunder shall be sold or otherwise disposed of (including by merger or consolidation) to any Person (other than to the Parent or to any other Subsidiary of the Parent), the Guarantee of such Guarantor or such successor in interest, as the case may be, hereunder shall automatically be discharged and released without any further action by any beneficiary or any other Person effective as of the time of such asset sale or (y) a Guarantor becomes an Excluded Subsidiary (other than as a result of a Guarantor becoming a non-Wholly Owned Subsidiary), the Borrower may request the release of the Guarantee of such Guarantor, whereupon the Guarantee of such Guarantor shall be discharged and released.
ARTICLE X

CARES ACT REQUIREMENTS

Notwithstanding anything in this Agreement to the contrary, the Credit Parties, on behalf of themselves and their Affiliates, represent, warrant, and agree with the Lenders that:

SECTION 10.01 CARES Act Compliance. Each Credit Party and its Subsidiaries are in compliance, and will at all times comply, with all applicable requirements under Title IV of the CARES Act, including any applicable requirements pertaining to the Borrower’s eligibility to receive the Loans. The Parent, the Borrower and their Subsidiaries will provide any information requested by the Initial Lender or Agents to assess the Borrower’s compliance with applicable requirements under Title IV of the CARES Act, its obligations under this Article X or its eligibility to receive the Loans under the CARES Act. The Borrower is not a “covered entity” as defined in Section 4019 of the CARES Act.

SECTION 10.02 Dividends and Buybacks

(a) Until the date that is twelve (12) months after the date on which the Loans are no longer outstanding, neither any Borrower Air Carrier nor any of its Affiliates (other than an Affiliate that is a natural person) shall, in any transaction, purchase an equity security of any Borrower Air Carrier or of any direct or indirect parent company of a Borrower Air Carrier or of any Subsidiary of the Parent that, in each case, is listed on a national securities exchange, except to the extent required under a contractual obligation in effect as of the date of enactment of the CARES Act.

(b) Until the date that is twelve (12) months after the date on which the Loans are no longer outstanding, no Borrower Air Carrier shall pay dividends, or make any other capital distributions, with respect to the common stock of any Borrower Air Carrier.

SECTION 10.03 Maintenance of Employment Levels. Until September 30, 2020, each Borrower Air Carrier shall maintain its employment levels as of March 24, 2020, to the extent practicable, and in any case shall not reduce its employment levels by more than ten percent (10%) from the levels on March 24, 2020.

SECTION 10.04 United States Business. Each Borrower Air Carrier is created or organized in the United States or under the laws of the United States and has significant operations in and a majority of its employees based in the United States.

SECTION 10.05 Limitations on Certain Compensation.

(a) Beginning on the Closing Date, and ending on the date that is one (1) year after the date on which the Loans are no longer outstanding, each Borrower Air Carrier and its Affiliates shall not pay any of each Borrower Air Carrier’s Corporate Officers or Employees whose Total Compensation exceeded $425,000 in calendar year 2019 or the Subsequent Reference Period (other than an Employee whose compensation is determined through an existing collective bargaining agreement entered into before March 1, 2020):

(i) Total Compensation which exceeds, during any twelve (12) consecutive months of the period beginning on the Closing Date and ending on the date that is one (1) year after the date on which the Loans are no longer outstanding, the Total Compensation the Corporate Officer or Employee received in calendar year 2019 or the Subsequent Reference Period; or
(ii) Severance Pay or Other Benefits in connection with a termination of employment with any Borrower Air Carrier which exceed twice the maximum Total Compensation received by such Corporate Officer or Employee in calendar year 2019 or the Subsequent Reference Period.

(b) Beginning on the Closing Date, and ending on the date that is one (1) year after the date on which the Loans are no longer outstanding, each Borrower Air Carrier and its Affiliates shall not pay any of each Borrower Air Carrier’s Corporate Officers or Employees whose Total Compensation exceeded $3,000,000 in calendar year 2019 or the Subsequent Reference Period, Total Compensation which exceeds, during any twelve (12) consecutive months of such period, in excess of the sum of:

(i) $3,000,000; and

(ii) Fifty percent (50%) of the excess over $3,000,000 of the Total Compensation received by such Corporate Officer or Employee in calendar year 2019 or the Subsequent Reference Period.

(c) For purposes of determining applicable amounts under this Section with respect to any Corporate Officer or Employee who was employed by any Borrower Air Carrier or any of their Affiliates for less than all of calendar year 2019, the amount of Total Compensation in calendar year 2019 shall mean such Corporate Officer’s or Employee’s Total Compensation on an annualized basis.

SECTION 10.06 Continuation of Certain Air Service. Until March 1, 2022, each Borrower Air Carrier shall comply with any applicable requirement issued by the Secretary of Transportation under section 4005 of the CARES Act to maintain scheduled air transportation service to any point served by any Borrower Air Carrier before March 1, 2020. The Borrower acknowledges that neither Treasury, nor any other actor, department, or agency of the Federal Government, shall condition the issuance of any loan under this Loan Agreement on the Borrower’s implementation of measures to enter into negotiations with the certified bargaining representative of a craft or class of employees of the Borrower Air Carrier under the Railway Labor Act (45 U.S.C. 151 et seq.) or the National Labor Relations Act (29 U.S.C. 151 et seq.), regarding pay or other terms and conditions of employment.

SECTION 10.07 Treasury Access. Provide Treasury, the Treasury Inspector General, the Special Inspector General for Pandemic Recovery, and such other entities as authorized by Treasury timely and unrestricted access to all documents, papers, or other records, including electronic records, of the Borrower related to the Loans, to enable Treasury, the Treasury Inspector General, and the Special Inspector General for Pandemic Recovery to make audits, examinations, and otherwise evaluate the Borrower’s compliance with the terms of this Agreement. This right also includes timely and reasonable access to the Borrower’s and its Affiliates’ personnel for the purpose of interview and discussion related to such documents.

SECTION 10.08 Additional Defined Terms. As used in this Article, the following terms have the meanings specified below:

“Borrower Air Carrier” means, collectively, the Borrower, its Affiliates that are Air Carriers, and their respective heirs, executors, administrators, successors, and assigns. Notwithstanding anything to the contrary herein, for purposes of this Article X, an “Affiliate” of the Borrower shall not include any Person(s) that become affiliated with the Borrower solely by virtue of the consummation of a Change of Control transaction resulting in repayment of the Loans in full.
“Corporate Officer” means, with respect to any Borrower Air Carrier, its president; any vice president in charge of a principal business unit, division, or function (such as sales, administration or finance); any other officer who performs a policy-making function; or any other person who performs similar policy making functions for the Borrower Air Carrier. Executive officers of subsidiaries or parents of any Borrower Air Carrier may be deemed Corporate Officers of the Borrower Air Carrier if they perform such policy-making functions for the Borrower Air Carrier.

“Employee” has the meaning given to the term in section 2 of the National Labor Relations Act (29 U.S.C. 152 and includes any individual employed by an employer subject to the Railway Labor Act (45 U.S.C. 151 et seq.), and for the avoidance of doubt includes all individuals who are employed by the Borrower Air Carrier who are not Corporate Officers.

“Severance Pay or Other Benefits” means any severance payment or other similar benefits, including cash payments, health care benefits, perquisites, the enhancement or acceleration of the payment or vesting of any payment or benefit or any other in-kind benefit payable (whether in lump sum or over time, including after March 24, 2022) by any Borrower Air Carrier or its Affiliates to a Corporate Officer or Employee in connection with any termination of such Corporate Officer’s or Employee’s employment (including, without limitation, resignation, severance, retirement, or constructive termination), which shall be determined and calculated in respect of any Employee or Corporate Officer of the Borrower Air Carrier in the manner prescribed in 17 CFR 229.402(j) (without regard to its limitation to the five (5) most highly compensated executives and using the actual date of termination of employment rather than the last business day of the Borrower Air Carrier’s last completed fiscal year as the trigger event).

“Subsequent Reference Period” means (i) for a Corporate Officer or Employee whose employment with the Borrower Air Carrier or an Affiliate started during 2019 or later, the twelve (12) month period starting from the end of the month in which the officer or employee commenced employment, if such officer’s or employee’s total compensation exceeds $425,000 (or $3,000,000) during such period and (ii) for a Corporate Officer or Employee whose Total Compensation first exceeded $425,000 during a 12-month period ending after 2019, the 12-month period starting from the end of the month in which the Corporate Officer’s or Employee’s Total Compensation first exceeded $425,000 (or $3,000,000).

“Total Compensation” means compensation including salary, wages, bonuses, awards of stock, and any other financial benefits provided by the Borrower Air Carrier or an Affiliate, as applicable, which shall be determined and calculated for the 2019 calendar year or any applicable twelve (12)-month period in respect of any Employee or Corporate Officer of the Borrower Air Carrier in the manner prescribed under paragraph e.5 of the award term in 2 CFR part 170, App. A, but excluding any Severance Pay or Other Benefits in connection with a termination of employment.

ARTICLE XI
MISCELLANEOUS

SECTION 11.01 Notices; Public Information.

(a) Notices Generally. Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in paragraph (b) below), all notices
and other communications provided for herein shall be in writing in English and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by facsimile or email as follows:

(i) if to a Credit Party, to it at 4545 Airport Way, Denver, CO 80239, Attention of General Counsel (Telephone No.: ###-###-####; Email: ###) (with a copy to, which shall not constitute notice, Latham & Watkins LLP, 140 Scott Drive Menlo Park, CA 94025, Attention of Tony Richmond (Telephone No.: ###.###.####; Email: ###));

(ii) if to the Administrative Agent or the Collateral Agent, to The Bank of New York Mellon at 240 Greenwich Street, 7th Floor, New York, NY 10286, Attention of Joanna Shapiro, Managing Director (Telephone No. ###-###-####; Email: ### with a copy to ###);

(iii) if to Treasury, as the Initial Lender, to The Department of the Treasury of the United States at 1500 Pennsylvania Avenue, NW, Washington, D.C. 20220, Attention of Assistant General Counsel (Banking and Finance) (Telephone No. ###-###-####; Email: ###); and

(iv) if to any other Lender, to it at its address (or facsimile number or email address) set forth in its Administrative Questionnaire.

Notices sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received. Notices delivered through electronic communications, to the extent provided in paragraph (b) below, shall be effective as provided in said paragraph (b).

(b) Electronic Communications. Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including e-mail, FpML, and Internet or intranet websites) pursuant to procedures approved by the Lenders and reasonably acceptable to the Administrative Agent, provided that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent, the Collateral Agent, the Parent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

Unless the Administrative Agent, the Collateral Agent or a Lender otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender’s receipt of an acknowledgement from the intended recipient (such as by return e-mail or other written acknowledgement), and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient, at its e-mail address as described in the foregoing clause (i), of notification that such notice or communication is available and identifying the website address therefor; provided that, for both clauses (i) and (ii) above, if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next Business Day for the recipient.

(c) Change of Address, etc. Any party hereto may change its address or facsimile number for notices and other communications hereunder by notice to the other parties hereto.
(d) **Platform.**

(i) The Borrower and the Lenders agree that the Administrative Agent may, but shall not be obligated to, make the Communications (as defined below) available to the other Lenders by posting the Communications on the Platform.

(ii) The Platform is provided “as is” and “as available.” The Agent Parties (as defined below) do not warrant the adequacy of the Platform and expressly disclaim liability for errors or omissions in the Communications. No warranty of any kind, express, implied or statutory, including any warranty of merchantability, fitness for a particular purpose, non-infringement of third-party rights or freedom from viruses or other code defects, is made by any Agent Party in connection with the Communications or the Platform. In no event shall the Administrative Agent or any of its Related Parties (collectively, the “Agent Parties”) have any liability to the Credit Parties, any Lender or any other Person or entity for damages of any kind, including direct or indirect, special, incidental or consequential damages, losses or expenses (whether in tort, contract or otherwise) arising out of the Borrower’s or the Administrative Agent’s transmission of communications through the Platform. “Communications” means, collectively, any notice, demand, communication, information, document or other material provided by or on behalf of the Credit Parties pursuant to any Loan Document or the transactions contemplated therein that is distributed to the Administrative Agent or any Lender by means of electronic communications pursuant to this Section, including through the Platform.

(e) **Public Information.** The Borrower hereby acknowledges that certain of the Lenders (each, a “Public Lender”) may have personnel who do not wish to receive material non-public information with respect to the Borrower or its Affiliates, or the respective securities of any of the foregoing, and who may be engaged in investment and other market-related activities with respect to such Persons’ securities. The Borrower hereby agrees that it will use commercially reasonable efforts to identify that portion of the materials and information provided by or on behalf of the Borrower hereunder and under the other Loan Documents (collectively, “Borrower Materials”) that may be distributed to the Public Lenders and that (i) all such Borrower Materials shall be clearly and conspicuously marked “PUBLIC,” which, at a minimum, shall mean that the word “PUBLIC” shall appear prominently on the first page thereof; (ii) by marking Borrower Materials “PUBLIC,” the Borrower shall be deemed to have authorized the Administrative Agent and the Lenders to treat such Borrower Materials as not containing any material non-public information with respect to the Borrower or its securities for purposes of U.S. federal and state securities Laws (provided, however, that to the extent that such Borrower Materials constitute Information, they shall be subject to Section 11.12); (iii) all Borrower Materials marked “PUBLIC” are permitted to be made available through a portion of the Platform designated “Public Side Information;” and (iv) the Administrative Agent shall be entitled to treat any Borrower Materials that are not marked “PUBLIC” as being suitable only for posting on a portion of the Platform not designated “Public Side Information”. Each Public Lender will designate one or more representatives that shall be permitted to receive information that is not designated as being available for Public Lenders. Notwithstanding the foregoing, financial statements and related documentation, in each case, provided pursuant to Section 5.01(a) or 5.01(b) shall be deemed to be marked “PUBLIC”, unless the Parent notifies the Administrative Agent promptly that any such document contains material non-public information.

**SECTION 11.02 Waivers; Amendments.**

(a) **No Waiver; Remedies Cumulative; Enforcement.** No failure or delay by the Administrative Agent, the Collateral Agent or any Lender in exercising any right, remedy, power or privilege hereunder or under any other Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, remedy, power or privilege, or any abandonment or
discontinuance of steps to enforce such a right remedy, power or privilege, preclude any other or further exercise thereof or the exercise of any other right remedy, power or privilege. The rights, remedies, powers and privileges of the Administrative Agent, the Collateral Agent and the Lenders hereunder and under the Loan Documents are cumulative and are not exclusive of any rights, remedies, powers or privileges that any such Person would otherwise have.

Notwithstanding anything to the contrary contained herein or in any other Loan Document, the authority to enforce rights and remedies hereunder and under the other Loan Documents against the Credit Parties shall be vested exclusively in, and all actions and proceedings at law in connection with such enforcement shall be instituted and maintained exclusively by, (i) so long as the Initial Lender is a Lender, either the Initial Lender or, at the Initial Lender’s option, the Administrative Agent in accordance with Section 7.01 for the benefit of all the Lenders and (ii) if the Initial Lender is no longer a Lender, the Required Lenders or the Administrative Agent (acting at the direction of the Required Lenders) in accordance with Section 7.01 for the benefit of all the Lenders; provided that the foregoing shall not prohibit (i) the Administrative Agent from exercising on its own behalf the rights and remedies that inure to its benefit (solely in its capacities as Administrative Agent and as Collateral Agent) hereunder and under the other Loan Documents, (ii) any Lender from exercising setoff rights in accordance with Section 11.08 (subject to the terms of Section 2.13) or (iii) any Lender from filing proofs of claim or appearing and filing pleadings on its own behalf during the pendency of a proceeding relative to a Credit Party under any Debtor Relief Law; provided, further, that if at any time there is no Person acting as Administrative Agent hereunder and under the other Loan Documents, then (x) the Required Lenders shall have the rights otherwise provided to the Administrative Agent pursuant to Section 7.01 and (y) in addition to the matters set forth in clauses (ii) and (iii) of the preceding proviso and subject to Section 2.13, any Lender may, with the consent of the Required Lenders, enforce any rights or remedies available to it and as authorized by the Required Lenders.

(b) Amendments, Etc. Except as otherwise expressly set forth in this Agreement (including Section 2.10 and Section 8.01), no amendment or waiver of any provision of this Agreement or any other Loan Document, and no consent to any departure by the Borrower therefrom, shall be effective unless in writing executed by the Borrower and the Required Lenders, and acknowledged by the Administrative Agent, or by the Borrower and the Administrative Agent with the consent of the Required Lenders, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided that no such amendment, waiver or consent shall:

(i) extend or increase any Commitment of any Lender without the written consent of such Lender;

(ii) reduce the principal of, or rate of interest specified herein on, any Loan, or any fees or other amounts payable hereunder or under any other Loan Document, without the written consent of each Lender directly and adversely affected thereby (provided that only the consent of the Required Lenders shall be necessary (x) to amend the definition of “Default Rate” or to waive the obligation of the Borrower to pay interest at the Default Rate or (y) to amend any financial covenant (or any defined term directly or indirectly used therein), even if the effect of such amendment would be to reduce the rate of interest on any Loan or other Obligation or to reduce any fee payable hereunder);

(iii) postpone any date scheduled for any payment of principal of, or interest on, any Loan, or any fees or other amounts payable hereunder or under any other Loan Document, or reduce the amount of, waive or excuse any such payment, without the written consent of each Lender directly and adversely affected thereby;
(iv) change Section 2.12(b) or Section 2.13 in a manner that would alter the pro rata sharing of payments required thereby without the written consent of each Lender directly and adversely affected thereby;

(v) waive any condition set forth in Section 4.01 without the written consent of the Initial Lender; or

(vi) change any provision of this Section or the percentage in the definition of “Required Lenders” or any other provision hereof specifying the number or percentage of Lenders required to amend, waive or otherwise modify any rights hereunder or make any determination or grant any consent hereunder, without the written consent of each Lender;

provided, further, that no such amendment, waiver or consent shall amend, modify or otherwise affect the rights or duties hereunder or under any other Loan Document of either of the Agents, unless in writing executed by such Agent, in each case in addition to the Borrower and the Lenders required above.

In addition, notwithstanding anything in this Section to the contrary, (i) if the Borrower shall have identified an obvious error or any error or omission of a technical nature, in each case, in any provision of the Loan Documents, then, upon the delivery of a certificate of a Responsible Officer of the Borrower to the Administrative Agent identifying such error and directing the Administrative Agent to execute an amendment to correct such error, the Administrative Agent and the Borrower shall be permitted to amend such provision, and, in each case, such amendment shall become effective without any further action or consent of any other party to any Loan Document if the same is not objected to in writing by the Required Lenders to the Administrative Agent within ten (10) Business Days following receipt of notice thereof and (ii) that any Security Document may be amended, supplemented or otherwise modified with the consent of the applicable Grantor (as defined in the Pledge and Security Agreement) and the Administrative Agent to add assets (or categories of assets) to the Collateral covered by such Security Document, as contemplated by the definition of Additional Collateral, or to remove any assets or categories of assets (including after-acquired assets of that category) from the Collateral covered by such Security Document to the extent the release thereof is permitted by Section 6.17(b)(iii).

SECTION 11.03 Expenses; Indemnity; Damage Waiver

(a) Costs and Expenses. The Borrower shall pay (i) all reasonable out-of-pocket expenses incurred by the Initial Lender, the Administrative Agent, the Collateral Agent and their Affiliates (including the reasonable fees, charges and disbursements of any counsel for the Initial Lender, the Administrative Agent or the Collateral Agent), and shall pay all fees and time charges and disbursements for attorneys who may be employees of the Administrative Agent or the Collateral Agent, in connection with the preparation, negotiation, execution, delivery and administration of this Agreement, the Loan Documents, any other agreements or documents executed in connection herewith or therewith or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), and (ii) all out-of-pocket expenses incurred by the Administrative Agent, the Collateral Agent or any Lender (including the fees, charges and disbursements of any counsel for the Administrative Agent, the Collateral Agent or any Lender), and shall pay all fees and time charges for attorneys who may be employees of the Administrative Agent, the Collateral Agent or any Lender, in connection with the enforcement or protection of its rights (A) in connection with this Agreement and the Loan Documents, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated) including its rights under this Section, or (B) in connection with the Loans made hereunder, including all such out-of-pocket expenses incurred during any workout, restructuring, negotiations or enforcement in respect of this Agreement, the Loan Documents and other agreements or documents executed in connection herewith or therewith.
(b) **Indemnification by the Borrower.** The Borrower shall indemnify the Administrative Agent and Collateral Agent (and any
sub-agents thereof) and each Lender, and each Related Party of any of the foregoing Persons (each such Person being called an “Indemnitee”) against,
and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities, obligations, penalties, fines, settlements, judgments,
disbursements and related costs and related expenses (including the fees, charges and disbursements of any counsel for any Indemnitee), and shall
indemnify and hold harmless each Indemnitee from all fees and time charges and disbursements for attorneys who may be employees of any Indemnitee,
incurred by any Indemnitee or asserted against any Indemnitee by any Person (including the Parent) arising out of, in connection with, or as a result of
(i) the execution or delivery of this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the
performance by the parties hereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby
or thereby, (ii) any Loan or the use or proposed use of the proceeds therefrom, (iii) any actual or alleged presence or release of Hazardous Materials on
or from any property owned or operated by the Parent or any of its Subsidiaries, or any Environmental Liability related in any way to the Parent or any
of its Subsidiaries, or (iv) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on
contract, tort or any other theory, whether brought by a third party or by the Parent, and regardless of whether any Indemnitee is a party thereto;
provided that such indemnity shall not, as to any Indemnitee other than the Initial Lender, be available to the extent that such losses, claims, damages,
liabilities or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross
negligence or willful misconduct of such Indemnitee. This paragraph (b) shall not apply with respect to Taxes other than any Taxes that represent losses,
claims, damages, etc. arising from any non-Tax claim.

(c) **Reimbursement by Lenders.** To the extent that the Borrower for any reason fails to indefeasibly pay any amount required
under paragraph (a) or (b) of this Section to be paid by it to the Administrative Agent or Collateral Agent (or any sub-agents thereof) or any Related
Party of any of the foregoing, each Lender (other than the Initial Lender) severally agrees to pay to the Administrative Agent or Collateral Agent (or any
such sub-agents) or such Related Party, as the case may be, such Lender’s pro rata share (determined as of the time that the applicable unreimbursed
expense or indemnity payment is sought based on each Lender’s Applicable Percentage at such time) of such unpaid amount (including any such unpaid
amount in respect of a claim asserted by such Lender); provided that the unreimbursed expense or indemnified loss, claim, damage, liability or related
expense, as the case may be, was incurred by or asserted against the Administrative Agent or Collateral Agent (or any such sub-agents), or against any
Related Party of any of the foregoing acting for the Administrative Agent or Collateral Agent (or any such sub-agents) in connection with such capacity.
The obligations of the Lenders under this paragraph (c) are subject to the provisions of Section 2.12(e).

(d) **Waiver of Consequential Damages, Etc.** To the fullest extent permitted by Applicable Law, no Credit Party shall assert, and
each hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to
direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document or any agreement or instrument
contemplated hereby, the transactions contemplated hereby or thereby, any Loan, or the use of the proceeds thereof. No Indemnitee referred to in
paragraph (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it
through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or
the transactions contemplated hereby or thereby.
(e) **Payments.** All amounts due under this Section shall be payable not later than five (5) days after demand therefor; **provided** that the terms of this Section shall not apply to the Initial Lender.

(f) **Survival.** Each party’s obligations under this Section shall survive the termination of the Loan Documents and payment of the obligations hereunder and the resignation or removal of the Administrative Agent or the Collateral Agent.

**SECTION 11.04 Successors and Assigns.**

(a) **Successors and Assigns Generally.** The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Administrative Agent and each Lender (and any other attempted assignment or transfer by any party hereto shall be null and void), and no Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of paragraph (b) of this Section, (ii) by way of participation in accordance with the provisions of paragraph (d) of this Section, or (iii) by way of pledge or assignment of a security interest subject to the restrictions of paragraph (e) of this Section. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in paragraph (d) of this Section and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) **Assignments by Lenders.** Any Lender may at any time assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of the Loans at the time owing to it); **provided** that any such assignment by any Lender (other than the Initial Lender) shall be subject to the following conditions:

(i) **Minimum Amounts.**

(A) in the case of an assignment of the entire remaining amount of the assigning Lender’s Loans at the time owing to it or contemporaneous assignments to and/or by related Approved Funds (determined after giving effect to such assignments) that equal at least the amount specified in paragraph (b)(i)(B) of this Section in the aggregate or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B) in any case not described in paragraph (b)(i)(A) of this Section, the principal outstanding balance of the Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if “Trade Date” is specified in the Assignment and Assumption, as of the Trade Date) shall not be less than $5,000,000, unless each of the Administrative Agent and, so long as no Default or Event of Default has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed).

(ii) **Proportionate Amounts.** Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender’s rights and obligations under this Agreement with respect to the Loans assigned.
(iii) **Required Consents.** No consent shall be required for any assignment by the Initial Lender. The consent of the Borrower (such consent not to be unreasonably withheld, delayed or conditioned) shall be required for any assignment by any Lender other than the Initial Lender unless (x) a Default or Event of Default has occurred and is continuing at the time of such assignment, or (y) such assignment is to a Lender or an Affiliate of a Lender; provided that the Borrower shall be deemed to have consented to any such assignment unless it shall object thereto by written notice to the Administrative Agent within five (5) Business Days after having received notice thereof.

(iv) **Assignment and Assumption.** The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of $3,500; provided that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

(v) **No Assignment to Certain Persons.** No such assignment shall be made to the Borrower or any of the Borrower’s Affiliates or Subsidiaries.

(vi) **No Assignment to Natural Persons.** No such assignment shall be made to a natural person (or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural person).

Subject to acceptance and recording thereof by the Administrative Agent pursuant to paragraph (c) of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender’s rights and obligations under this Agreement, such Lender shall cease to be a party hereto) but shall continue to be entitled to the benefits of Section 11.03 with respect to facts and circumstances occurring prior to the effective date of such assignment. Any assignment or transfer by a Lender other than the Initial Lender of rights or obligations under this Agreement that does not comply with this paragraph shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (d) of this Section.

(c) **Register.** The Administrative Agent, acting solely for this purpose as an agent of the Borrower, shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the principal amounts (and stated interest) of the Loans owing to, each Lender pursuant to the terms hereof from time to time (the “Register”). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent, the Collateral Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) **Participations.** Any Lender may at any time, without the consent of, or notice to, the Borrower or the Administrative Agent, sell participations to any Person (other than a Competitor, a natural person, or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural person, or the Borrower or any of the Borrower’s Affiliates or Subsidiaries)
(each, a "Participant") in all or a portion of such Lender’s rights and/or obligations under this Agreement (including all or a portion of the Loans owing to it); provided that (i) such Lender’s obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent, the Collateral Agent and Lenders shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnity under Section 11.03(b) with respect to any payments made by such Lender to its Participant(s).

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in Section 11.02(b)(i) through (v) that affects such Participant. The Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.14, 2.15 and 2.16 (subject to the requirements and limitations therein, including the requirements under Section 2.16(g) (it being understood that the documentation required under Section 2.16(g) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such Participant (A) agrees to be subject to the provisions of Section 2.19 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Section 2.15 or 2.16, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower’s request and expense, to use reasonable efforts to cooperate with the Borrower to effectuate the provisions of Section 2.19(b) with respect to any Participant. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 11.08 as though it were a Lender; provided that such Participant agrees to be subject to Section 2.13 as though it were a Lender. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant’s interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant’s interest in any Loans or other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such loan or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(e) Certain Pledges. Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

SECTION 11.05 Survival. All covenants, agreements, representations and warranties made by any Credit Party herein and in any Loan Document or other documents delivered in connection herewith or therewith or pursuant hereto or thereto shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery hereof and thereof and the making of the
Borrowings hereunder, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, the Collateral Agent or any Lender may have had notice or knowledge of any Default at the time of any Borrowing, and shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied and so long as the Commitments have not expired or been terminated. The provisions of Sections 2.14, 2.15, 11.03, 11.15 and Article VIII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the payment in full of the Obligations, the expiration or termination of the Commitments or the termination of this Agreement or any provision hereof.

SECTION 11.06 Counterparts; Integration; Effectiveness; Electronic Execution.

(a) Counterparts; Integration; Effectiveness. This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement and the other Loan Documents, constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Except as provided in Section 4.01, this Agreement shall become effective when it shall have been executed by the Administrative Agent and when the Administrative Agent shall have received counterparts hereof that, when taken together, bear the signatures of each of the other parties hereto. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or in electronic (e.g., “pdf” or “tif”) format shall be effective as delivery of a manually executed counterpart of this Agreement.

(b) Electronic Execution. The words “execution,” “signed,” “signature,” and words of like import in this Agreement and in any Assignment and Assumption shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any Applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act. Notwithstanding anything herein to the contrary, delivery of an executed counterpart of a signature page of this Agreement by telecopy or other electronic means, or confirmation of the execution of this Agreement on behalf of a party by an email from an authorized signatory of such party shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 11.07 Severability. If any provision of this Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this Agreement and the other Loan Documents shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 11.08 Right of Setoff. If an Event of Default shall have occurred and be continuing, each Lender, and each of their respective Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by Applicable Law, to set off and apply any and all deposits (general or special, time or demand, provisional or final, in whatever currency) at any time held, and other obligations (in whatever currency) at any time owing, by such Lender or any such Affiliate, to or for the credit or the account of the Borrower against any and all of the due and unpaid Obligations of the Borrower now or hereafter existing under this Agreement or any other Loan Document to such Lender or its respective Affiliates, irrespective of whether or not such Lender or Affiliate shall have made any demand.
under this Agreement or any other Loan Document and although such obligations of the Borrower may be contingent or unmatured or are owed to a branch office or Affiliate of such Lender different from the branch office or Affiliate holding such deposit or obligated on such indebtedness. The rights of each Lender and their respective Affiliates under this Section are in addition to other rights and remedies (including other rights of setoff) that such Lender or its respective Affiliates may have. Each Lender (other than the Initial Lender) agrees to notify the Borrower and the Administrative Agent promptly after any such setoff and application; provided that the failure to give such notice shall not affect the validity of such setoff and application.

SECTION 11.09 Governing Law; Jurisdiction; Etc.

(a) Governing Law. This Agreement and the other Loan Documents will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the law of the State of New York applicable to contracts made and to be performed entirely within such State.

(b) Jurisdiction and Venue. Each of the Credit Parties and each Lender agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia for any civil action, suit or proceeding arising out of or relating to this Agreement, the Loan Documents, or the transactions contemplated hereby or thereby.

(c) Service of Process. Each party hereto irrevocably consents to service of process in the manner provided for notices in Section 11.01. Nothing in this Agreement will affect the right of any party hereto to serve process in any other manner permitted by Applicable Law.

SECTION 11.10 Waiver of Jury Trial. To the extent permitted by Applicable Law, each Credit Party and each Lender hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to this Agreement, the Loan Documents or the transactions contemplated hereby or thereby.

SECTION 11.11 Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

SECTION 11.12 Treatment of Certain Information; Confidentiality. Each of the Agents and the Lenders (other than the Initial Lender) agree to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its Affiliates and to its Related Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by Applicable Laws or by any subpoena or similar legal process; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as (or no less restrictive than) those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Agreement, or (ii) any actual or prospective party (or its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder, provided that, in each case under this clause (f)(ii), such actual or prospective party is not a Competitor; (g) on a confidential basis to (i) any rating agency in connection with
rating the Borrower or its Subsidiaries or the Loans or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to the Loans; (b) with the consent of the Borrower or (i) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to either Agent, any Lender or any of their respective Affiliates on a nonconfidential basis from a source other than the Borrower who did not acquire such information as a result of a breach of this Section.

For purposes of this Section, “Information” means all information received from the Parent or any of its Subsidiaries relating to the Parent or any of its Subsidiaries or any of their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a nonconfidential basis prior to disclosure by the Parent or any of its Subsidiaries; provided that, in the case of information received from the Parent or any of its Subsidiaries after the date hereof, such information is clearly identified at the time of delivery as confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

SECTION 11.13 Money Laundering; Sanctions. The Borrower shall provide to the Administrative Agent, the Collateral Agent, and the Lenders information and documentation that the Lenders may reasonably request that identifies the Borrower and its Affiliates, which information may include the name and address of the Borrower and its Affiliates and other information regarding beneficial ownership of the Borrower and its Affiliates that will allow the Lenders to ensure compliance with Sanctions and the AML Laws. For purposes of determining whether or not a representation with respect to any indirect ownership is true or a covenant is being complied with under this Section 11.13, the Borrower shall not be required to make any investigation into (i) the ownership of publicly traded stock or other publicly traded securities or (ii) the ownership of assets by a collective investment fund that holds assets for employee benefit plans or retirement arrangements.

SECTION 11.14 Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts that are treated as interest on such Loan under Applicable Law (collectively, “charges”), shall exceed the maximum lawful rate (the “Maximum Rate”) that may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with Applicable Law, the rate of interest payable in respect of such Loan hereunder, together with all charges payable in respect thereof, shall be limited to the Maximum Rate. To the extent lawful, the interest and charges that would have been paid in respect of such Loan but were not paid as a result of the operation of this Section shall be cumulated and the interest and charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the amount collectible at the Maximum Rate thereof) until such cumulated amount, together with interest thereon at the Federal Funds Effective Rate for each day to the date of repayment, shall have been received by such Lender. Any amount collected by such Lender that exceeds the maximum amount collectible at the Maximum Rate shall be applied to the reduction of the principal balance of such Loan or refunded to the Borrower so that at no time shall the interest and charges paid or payable in respect of such Loan exceed the maximum amount collectible at the Maximum Rate.

SECTION 11.15 Payments Set Aside. To the extent that any payment by or on behalf of the Borrower is made to the Administrative Agent or any Lender, or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Administrative Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under any Debtor Relief Law or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in
full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender (other than the Initial Lender) severally agrees to pay to the Administrative Agent upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Administrative Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the Federal Funds Effective Rate from time to time in effect.

SECTION 11.16 No Advisory or Fiduciary Responsibility. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Borrower acknowledges and agrees, and acknowledges its Affiliates’ understanding, that: (a) (i) no fiduciary, advisory or agency relationship between any Credit Party and any of their respective Affiliates and the Administrative Agent, the Collateral Agent or any other party is intended to be or has been created in respect of the transactions contemplated hereby or by the other Loan Documents, irrespective of whether the Administrative Agent, the Collateral Agent, or any other party has advised or is advising any Credit Party or any of their respective Affiliates on other matters, (ii) the lending and other services regarding this Agreement provided by the Administrative Agent, the Collateral Agent and the Lenders are arm’s-length commercial transactions between Credit Parties and their Affiliates, on the one hand, and the Administrative Agent, the Collateral Agent and the Lenders, on the other hand, (iii) the Credit Parties have consulted their own legal, accounting, regulatory and tax advisors to the extent that they have deemed appropriate and (iv) the Credit Parties are capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; and (b) (i) the Administrative Agent, the Collateral Agent and the Lenders each is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Credit Parties or any of their respective Affiliates, or any other Person; (ii) none of the Administrative Agent, the Collateral Agent and the Lenders has any obligation to the Credit Parties or any of their respective Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Administrative Agent, the Collateral Agent and the Lenders and their respective Affiliates may be engaged, in a broad range of transactions that involve interests that differ from those of the Credit Parties and their respective Affiliates, and none of the Administrative Agent, the Collateral Agent and the Lenders has any obligation to disclose any of such interests to the Credit Parties or any of their respective Affiliates. To the fullest extent permitted by Law, the Credit Parties hereby waive and release any claims that they may have against any of the Administrative Agent, the Collateral Agent and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 11.17 Acknowledgement and Consent to Bail-In of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among the parties, each party hereto (including each Credit Party) acknowledges that any liability arising under a Loan Document of any Credit Party that is an Affected Financial Institution, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of the applicable Resolution Authority, and agrees and consents to, and acknowledges and agrees to be bound by: (a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising under any Loan Documents which may be payable to it by any Credit Party that is an Affected Financial Institution; and (b) the effects of any Bail-In Action on any such liability, including (i) a reduction in full or in part or cancellation of any such liability, (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under any Loan Document, or (iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

This Assignment and Assumption (the “Assignment and Assumption”) is dated as of the Effective Date set forth below and is entered into by and between the Assignor (as defined below) and the Assignee (as defined below). Capitalized terms used but not defined herein shall have the meanings given to them in the Loan and Guarantee Agreement identified below (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Loan and Guarantee Agreement”), receipt of a copy of which is hereby acknowledged by the Assignee. The Standard Terms and Conditions set forth in Annex 1 attached hereto are hereby agreed to and incorporated herein by reference and made a part of this Assignment and Assumption as if set forth herein in full.

For an agreed consideration, the Assignor hereby irrevocably sells and assigns to the Assignee, and the Assignee hereby irrevocably purchases and assumes from the Assignor, subject to and in accordance with the Standard Terms and Conditions and the Loan and Guarantee Agreement, as of the Effective Date inserted by the Administrative Agent as contemplated below (i) all of the Assignor’s rights and obligations in its capacity as a Lender under the Loan and Guarantee Agreement, any other Loan Documents and any other documents or instruments delivered pursuant thereto to the extent related to the amount and percentage interest identified below of all of such outstanding rights and obligations of the Assignor under the respective facilities identified below (including any guarantees included in such facilities), and (ii) to the extent permitted to be assigned under Applicable Law, all claims, suits, causes of action and any other right of the Assignor (in its capacity as a Lender) against any Person, whether known or unknown, arising under or in connection with the Loan and Guarantee Agreement, any other Loan Document and any other documents or instruments delivered pursuant thereto or the loan transactions governed thereby or in any way based on or related to any of the foregoing, including, but not limited to, contract claims, tort claims, malpractice claims, statutory claims and all other claims at law or in equity related to the rights and obligations sold and assigned pursuant to clause (i) above (the rights and obligations sold and assigned by the Assignor to the Assignee pursuant to clauses (i) and (ii) above being referred to herein collectively as the “Assigned Interest”). Such sale and assignment is without recourse to the Assignor and, except as expressly provided in this Assignment and Assumption, without representation or warranty by the Assignor.

(6) To be included only if the consent of the Borrower is required for such Assignment and Assumption by the terms of the Loan and Guarantee Agreement.
1. Representations and Warranties.

1.1 Assignor. The Assignor (a) represents and warrants that (i) it is the legal and beneficial owner of the Assigned Interest, (ii) the Assigned Interest is free and clear of any lien, encumbrance or other adverse claim and (iii) it has full power and authority, and has taken all action necessary, including to obtain such consent, if any, as required under the Loan and Guarantee Agreement, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby; and (b) assumes no responsibility with respect to (i) any statements, warranties or representations made in or in connection with the Loan and Guarantee Agreement or any other Loan Document, (ii) the execution, legality, validity, enforceability, genuineness, sufficiency or value of the Loan Documents or any collateral thereunder, (iii) the financial condition of the Borrower, any of its Subsidiaries or Affiliates or any other Person obligated in respect of the Loan and Guarantee Agreement or any other Loan Document, or (iv) the performance or observance by the Borrower, any of its Subsidiaries or Affiliates or any other Person of any of their respective obligations under any Loan Document.

1.2 Assignee. The Assignee (a) represents and warrants that (i) it has full power and authority, and has taken all action necessary, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby and to become a Lender under the Loan and Guarantee Agreement, (ii) it meets all the requirements to be an assignee under Section 11.04 of the Loan and Guarantee Agreement (subject to such consents, if any, as may be required thereunder), (iii) from and after the Effective Date, it shall be bound by the provisions of the Loan and Guarantee Agreement and each other Loan Document as a Lender, and, to the extent of the Assigned Interest, shall have the obligations of a Lender thereunder, (iv) it is sophisticated with respect to decisions to acquire assets of the type represented by the Assigned Interest and either it, or the Person exercising discretion in making its decision to acquire the Assigned Interest, is experienced in acquiring assets of such type, (v) it has received a copy of the Loan and Guarantee Agreement, and has received or has been afforded the opportunity to receive copies of the most recent financial statements delivered pursuant to Section 5.01 thereof, as applicable, and such other documents and information as it deems appropriate to make its own credit analysis and decision to enter into this Assignment and Assumption and to purchase the Assigned Interest, (vi) it has, independently and without reliance upon the Administrative Agent, the Collateral Agent, the Assignor or any other Lender, and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Assignment and Assumption and to purchase the Assigned Interest, (vii) if it is not already a Lender under the Loan and Guarantee Agreement, attached to the Assignment and Assumption is an Administrative Questionnaire and the applicable “know your customer” documentation requested by the Administrative Agent and as required by the Loan and Guarantee Agreement and (viii) the Administrative Agent has received a processing and recordation fee of $3,500 as of the Effective Date (to the extent required by the Loan and Guarantee Agreement, unless waived), (b) agrees that (i) it will, independently and without reliance on the Administrative Agent, the Collateral Agent, the Assignor or any other Lender or Agent, and based on such documents and information as it deems appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Loan Documents, (ii) it will perform in accordance with their terms all of the obligations which by the terms of the Loan Documents are required to be performed by it as a Lender, including its obligations pursuant to Section 2.16 of the Loan and Guarantee Agreement and (c) appoints and authorizes the Administrative Agent and the Collateral Agent to take such action on its behalf and to exercise such powers under the Loan and Guarantee Agreement and the other Loan Documents as are delegated to such Agent by the terms thereof, together with such actions and powers as are reasonably incidental or related thereto.
2. **Payments.** From and after the Effective Date, the Administrative Agent shall make all payments in respect of the Assigned Interest (including payments of principal, interest, fees and other amounts) to the Assignor for amounts that have accrued to but excluding the Effective Date and to the Assignee for amounts that have accrued from and after the Effective Date.

3. **General Provisions.** This Assignment and Assumption shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors and assigns. This Assignment and Assumption may be executed in any number of counterparts, which together shall constitute one instrument. Delivery of an executed counterpart of a signature page of this Assignment and Assumption by telecopy or other electronic means shall be effective as delivery of a manually executed counterpart of this Assignment and Assumption. This Assignment and Assumption shall be governed by, and construed in accordance with, the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the law of the State of New York applicable to contracts made and to be performed entirely within such State.

(For Foreign Lenders That Are Not Partnerships For U.S. Federal Income Tax Purposes)

Reference is hereby made to the Loan and Guarantee Agreement, dated as of September 28, 2020 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Loan and Guarantee Agreement”), among Frontier Airlines, Inc., a Colorado corporation (the “Borrower”), Frontier Group Holdings, Inc., a Delaware corporation, Frontier Airlines Holdings, Inc., a Delaware corporation, The United States Department of the Treasury, as Initial Lender, each Lender from time to time party thereto and The Bank of New York Mellon, as Administrative Agent and Collateral Agent.

Pursuant to the provisions of Section 2.16 of the Loan and Guarantee Agreement, the undersigned hereby certifies that (i) it is the sole record and beneficial owner of the Loan(s) (as well as any Note(s) evidencing such Loan(s)) in respect of which it is providing this certificate, (ii) it is not a “bank” within the meaning of Section 881(c)(3)(A) of the Code, (iii) it is not a “10 percent shareholder” of the Borrower within the meaning of Section 871(h)(3)(B) of the Code and (iv) it is not a “controlled foreign corporation” related to the Borrower as described in Section 881(c)(3)(C) of the Code.

The undersigned has furnished the Administrative Agent and the Borrower with a certificate of its non-U.S. Person status on IRS Form W-8BEN or IRS Form W-8BEN-E. By executing this certificate, the undersigned agrees that (1) if the information provided in this certificate changes, the undersigned shall promptly so inform the Borrower and the Administrative Agent, and (2) the undersigned shall have at all times furnished the Borrower and the Administrative Agent with a properly completed and currently effective certificate in either the calendar year in which each payment is to be made to the undersigned, or in either of the two calendar years preceding such payments.

Unless otherwise defined herein, terms defined in the Loan and Guarantee Agreement and used herein shall have the meanings given to them in the Loan and Guarantee Agreement.

FORM OF NOTE

[New York, New York]

[Date]

FOR VALUE RECEIVED, the undersigned, Frontier Airlines, Inc., a Colorado corporation (the “Borrower”), hereby promises to pay to or its registered assigns in accordance with Section 11.04 of the Loan and Guarantee Agreement (as defined below) (the “Lender”), in lawful money of the United States of America in immediately available funds at the office of the Administrative Agent (such term, and each other capitalized term used but not defined herein, having the meaning assigned to it in the Loan and Guarantee Agreement, dated as of September 28, 2020 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Loan and Guarantee Agreement”), among the Borrower, the Guarantors party thereto from time to time, The United States Department of the Treasury, as Initial Lender, the Lenders party thereto from time to time and The Bank of New York Mellon, as Administrative Agent and Collateral Agent) (i) on the dates set forth in the Loan and Guarantee Agreement, the principal amounts set forth in the Loan and Guarantee Agreement with respect to Loans made by the Lender to the Borrower pursuant to the Loan and Guarantee Agreement and (ii) on each Interest Payment Date, interest at the rate or rates per annum as provided in the Loan and Guarantee Agreement on the unpaid principal amount of all Loans made by the Lender to the Borrower pursuant to the Loan and Guarantee Agreement.

The Borrower promises to pay interest, on written demand, on any overdue principal and, to the extent permitted by law, overdue interest from their due dates at the rate or rates provided in the Loan and Guarantee Agreement.

The Borrower hereby waives (to the extent permitted by applicable law) diligence, presentment, demand, protest and notice of any kind whatsoever. Subject to the terms of the Loan and Guarantee Agreement, including Section 7.02 thereof, nonexercise by the holder hereof of any of its rights hereunder in any particular instance shall not constitute a waiver thereof in that or any subsequent instance.

All borrowings evidenced by this note and all payments and prepayments of the principal hereof and interest hereon and the respective dates thereof shall be endorsed by the holder hereof on the schedule attached hereto and made a part hereof or on a continuation thereof which shall be attached hereto and made a part hereof, or otherwise recorded by such holder in its internal records; provided, however, that the failure of the holder hereof to make such a notation or any error in such notation shall not affect the obligations of the Borrower under this note.

This note is one of the Notes referred to in the Loan and Guarantee Agreement that, among other things, contains provisions for the acceleration of the maturity hereof upon the happening of certain events, for optional and mandatory prepayment of the principal hereof prior to the maturity hereof and for the amendment or waiver of certain provisions of the Loan and Guarantee Agreement, all upon the terms and conditions therein specified.

THIS NOTE MAY NOT BE TRANSFERRED EXCEPT IN COMPLIANCE WITH THE TERMS OF THE LOAN AND GUARANTEE AGREEMENT.

THIS NOTE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE FEDERAL LAW OF THE UNITED STATES IF AND TO THE EXTENT SUCH LAW IS APPLICABLE, AND OTHERWISE IN ACCORDANCE WITH THE LAW OF THE STATE OF NEW YORK APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED ENTIRELY WITHIN SUCH STATE.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]
IN WITNESS WHEREOF, the Borrower has caused this note to be duly executed by its authorized officer as of the day and year first above written.

FORM OF DIRECT AGREEMENT

[Attached]
THIS LOYALTY PARTNER DIRECT AGREEMENT (this “Agreement”), dated as of [●], 2020, is by and between THE BANK OF NEW YORK MELLON, as Collateral Agent for the benefit of the Secured Parties ("Collateral Agent"), [●], a [●] (together with its successors and assigns, “Loyalty Program Partner”), and [●], a [●] (“Credit Party”). Capitalized terms used herein but not defined shall have the meanings ascribed to such terms in the Loan Agreement (as defined below).

WHEREAS, [[Credit Party][●]], as Borrower, The Bank of New York Mellon, as Collateral Agent and as Administrative Agent, and The United States Department of the Treasury, as lender (“Treasury”), have entered into that certain Loan and Guarantee Agreement dated as of [●] (the "Loan Agreement"), whereby Treasury has agreed to extend credit to Borrower as is permissible under the Coronavirus Aid, Relief, and Economic Security Act, Pub. L. 116-136 (Mar. 27, 2020), as the same may be amended from time to time (the “CARES Act”) subject to the terms and conditions therein;

WHEREAS, Credit Party and Loyalty Program Partner are parties to [●], dated as of [●], as amended from time to time (the “Loyalty Program Agreement”);

WHEREAS, pursuant to that certain Pledge and Security Agreement, dated as of [●], by and between Credit Party, as a Grantor, the other Grantors named therein from time to time and Collateral Agent (the “Pledge and Security Agreement”), Credit Party has granted to Collateral Agent, for the benefit of the Secured Parties, a security interest in and continuing lien on, among other things, all of its right, title and interest in, to and under the Loyalty Program Agreement together with all related Loyalty Program Revenues and other related Loyalty Program Assets (as defined in the Pledge and Security Agreement) (collectively, the “Loyalty Program Collateral”). For the purposes of this Agreement, “Loyalty Program Revenues” shall mean all payments received by, or otherwise required to be paid to, Credit Party (and its Affiliates), and all other amounts Credit Party is entitled to under the Loyalty Program Agreement; “Secured Parties” shall mean any lender under the Loan Agreement (including Treasury as the Initial Lender), the Administrative Agent and the Collateral Agent;

WHEREAS, it is a condition precedent to the closing of and initial borrowing under the Loan Agreement that Credit Party deliver to Treasury or its designee and Collateral Agent this Agreement duly executed and delivered by Loyalty Program Partner;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto agree as follows:

1. **Estoppel**. Loyalty Program Partner hereby certifies that as of the date hereof: (a) the Loyalty Program Agreement is in full force and effect and has not been modified, supplemented or otherwise amended, and (b) the Loyalty Program Collateral is subject to a valid and perfected security interest in favor of the Collateral Agent for the benefit of the Secured Parties.

---

1 Note: Form to be executed for each Material Loyalty Program Agreement.
2 NTD: Insert name of Loyalty Program Partner.
3 NTD: Insert jurisdiction of incorporation or formation.
4 NTD: Insert the name of the airline entity that is party to the Material Loyalty Program Agreement.
5 NTD: Insert jurisdiction of incorporation or formation.
6 NTD: If Credit Party is not Borrower, insert name of Borrower.
7 NTD: Insert name of the Material Loyalty Program Agreement.
amended except as listed in Exhibit A; (b) to its Knowledge, except as set forth in Schedule 1(b) of the Disclosure Schedules hereto, there exists no breach, default or event or condition which, with the giving of notice or the passage of time, or both, would give Loyalty Program Partner the right to terminate the Loyalty Program Agreement, (c) to its Knowledge, except as set forth in Schedule 1(c) of the Disclosure Schedules hereto, there exists no breach or default which, with the giving of notice or the passage of time, or both, would result in a material suspension of, or reduction in, payments made to Credit Party under the Loyalty Program Agreement; and (d) to its Knowledge, except as set forth in Schedule 1(d) of the Disclosure Schedules hereto, Loyalty Program Partner has no existing claims, defenses or offsets against the full and timely payment and performance of its material obligations under the Loyalty Program Agreement. For the purposes of this Agreement, “Knowledge” shall mean the actual knowledge of any Responsible Officer of Loyalty Program Partner, responsible for managing or operating the business contemplated under the Loyalty Program Agreement. “Responsible Officer” shall mean the chief executive officer, president, executive vice president, chief financial officer, principal accounting officer, treasurer or controller of Loyalty Program Partner.

2. **No Offset.** All payments required to be made by Loyalty Program Partner under the Loyalty Program Agreement shall be made without any offset, recoupment, abatement, withholding, reduction or defense whatsoever, other than (x) with respect to amounts due from the Credit Party under the Loyalty Program Agreement and (y) any such rights with respect to amounts incurred by or due to Loyalty Program Partner in respect of marketing, promotion, sponsorship, technology or other similar expenses in connection with or related to the credit card program offered under the Loyalty Program Agreement, in each case (1) solely to the extent expressly permitted under the Loyalty Program Agreement or if exercised in the ordinary course of business and in accordance with past or common industry practices and (2) expressly excluding any offset for costs, expenses or other amounts that are not so related, including any amount in repayment of any amount borrowed by the Credit Party from Loyalty Program Partner or its affiliates.

3. **Payment Directions.** Loyalty Program Partner agrees to remit any and all Loyalty Program Revenues as and when required by the Loyalty Program Agreement directly to the account specified on Exhibit B hereto (“Default Payment Method”) or to such other person, entity or account as shall be specified from time to time by Collateral Agent to Loyalty Program Partner in writing (“Payment Directions”). Until this Agreement terminates in accordance with Section 9(a) hereof, Loyalty Program Partner may not remit any Loyalty Program Revenues in accordance with any instructions delivered to Loyalty Program Partner by Credit Party or any other Person, unless Collateral Agent so instructs Loyalty Program Partner in writing. Collateral Agent will provide Credit Party with notice of any Payment Directions or other instructions sent to Loyalty Program Partner pursuant to this Section 3 that direct payments other than in accordance with the Default Payment Method. In no event shall Loyalty Program Partner be required to remit the cash value of any services it is required to provide to Credit Party in-kind under the Loyalty Program Agreement, unless required pursuant to the terms of the Loyalty Program Agreement.

Credit Party acknowledges and agrees that Loyalty Program Partner may unconditionally rely on any written notice from Collateral Agent (i) directing payment of Loyalty Program Revenues in accordance with the preceding paragraph (such Payment Directions assumed to be continuing until Loyalty Program Partner’s receipt of a written notice from Collateral Agent) or (ii) that provides notice that an Event of Default has occurred under the Loan Agreement until such time as Collateral Agent provides notice to Loyalty Program Partner that such Event of Default has been cured. Credit Party shall have no recourse to Loyalty Program Partner in connection with any action or inaction taken by Loyalty Program Partner.

---

8 NTD: Exhibit B to include wiring instructions to the Collection Account.
Party in reliance on any such notice believed by Loyalty Program Partner in good faith to be genuine and signed or presented by the proper party or parties. Collateral Agent shall revoke any such Payment Directions directing payments other than in accordance with the Default Payment Method promptly after the receipt of notice from the Required Lenders that any such Event of Default has been cured, and following Loyalty Program Partner’s receipt of written notice of such revocation from Collateral Agent any additional Loyalty Program Revenues shall be remitted in accordance with the Default Payment Method.

Loyalty Program Partner shall have no obligation to review or confirm that actions taken pursuant to the Payment Directions or other notice delivered by Collateral Agent to Loyalty Program Partner in accordance with this Agreement comply with any other agreement or document to which it is not a party. Any Payment Directions shall be subject to receipt by Loyalty Program Partner of IRS Form W-8 or W-9 as may be reasonably requested by Loyalty Program Partner.

4. Consent to Assignment. Loyalty Program Partner hereby (a) acknowledges that Credit Party has provided it with notice that the Secured Parties will enter into the Loan Agreement and the Pledge and Security Agreement with Credit Party in reliance on, among other things, the execution and delivery of this Agreement by Loyalty Program Partner, (b) irrevocably consents to the pledge to Collateral Agent for the benefit of the Secured Parties of, and the grant to Collateral Agent for the benefit of the Secured Parties of, a lien on and security interest in, all right, title and interest of Credit Party in, to and under the Loyalty Program Collateral, including all of Credit Party’s rights to receive payment under or with respect to the Loyalty Program Agreement and all payments due and to become due thereunder, and (c) confirms that it has not granted and to its Knowledge, except as set forth in Schedule 4(c) of the Disclosure Schedules hereto, has not received notice of any other security interest granted in, to or under the Loyalty Program Agreement or the other Loyalty Program Collateral.

5. Assignment to Third Parties; Event of Foreclosure on Collateral. Collateral Agent, for the benefit of the Secured Parties, may (i) acquire all right, title and interest of Credit Party in, to and under the Loyalty Program Collateral through foreclosure or assignment thereof in lieu of foreclosure, and (ii) may subsequently transfer or assign the Loyalty Program Collateral, either in its own name or through a nominee, in each such case, subject to Loyalty Program Partner’s prior written consent (such consent right to be exercised in Loyalty Program Partner’s reasonable business judgment) and in any such case, such person or its nominee, or such transferee or assignee, as the case may be, shall thereafter be bound by all applicable terms of, and shall have assumed the obligations of Credit Party under, the Loyalty Program Agreement and, as applicable, the other Loyalty Program Collateral.

6. Notice and Cure. In the event there is a default by Credit Party under the Loyalty Program Agreement that (i) is reasonably likely to result in a material suspension of, or reduction in, payments made to Credit Party under the Loyalty Program Agreement or (ii) is reasonably likely to result in termination of the Loyalty Program Agreement, Loyalty Program Partner shall forbear and shall not exercise any remedies, including, but not limited to, any right to terminate or suspend performance under the Loyalty Program Agreement unless and until Loyalty Program Partner has given Collateral Agent written notice of such default and for a period of 30 days Collateral Agent shall fail to remedy the default of Credit Party. If the default cannot reasonably be cured by Collateral Agent within 30 days, then Collateral Agent shall have such additional time as it shall reasonably require, so long as it is proceeding with reasonable diligence to cure the default, up to a maximum of 90 days from receipt of written notice from Loyalty Program Partner of such default.

For any default that cannot be cured without possession of Loyalty Program Collateral, Collateral Agent shall have the right to postpone and extend the time to cure such default in order to prosecute and complete a foreclosure or equivalent proceeding and obtain possession of the Loyalty Program Collateral, up to a maximum of 90 days from receipt of written notice from Loyalty Program
Partner of such default. If Collateral Agent completes a foreclosure or an equivalent proceeding within the foregoing time period, then Loyalty Program Partner shall waive against Collateral Agent and any nominee, transferee or assignee of Collateral Agent any noncurable defaults that are personal to Credit Party.

Notwithstanding the foregoing, a cure of any default by Collateral Agent shall not constitute an assumption by Collateral Agent of the obligations of Credit Party under the Loyalty Program Agreement. In addition, in the event that the Loyalty Program Agreement terminates for any reason (other than (A) as a result of the failure of Collateral Agent to effect a cure or foreclosure within the 90-day period described above (if applicable), (B) in accordance with Section 9(a)(ii) or (C) upon the occurrence of a non-default related event expressly set forth in the Loyalty Program Agreement), or is rejected in any bankruptcy or insolvency proceedings of Credit Party prior to expiration of the 90-day period described above (if applicable), Loyalty Program Partner shall, subject to Loyalty Program Partner’s prior written consent (such consent right to be exercised in Loyalty Program Partner’s reasonable business judgment), enter into a new loyalty program agreement with Collateral Agent or its nominee, transferee or assignee in connection with an assignment made in accordance with Section 5 hereof, for the benefit of the Secured Parties on the same terms (subject to any necessary conforming changes) as the Loyalty Program Agreement between Loyalty Program Partner and Credit Party.

7. [Reserved]

8. **No Liability.** Except in the case of gross negligence, willful misconduct or as set forth in Section 9(i) herein, Loyalty Program Partner acknowledges and agrees that no Secured Party nor Collateral Agent, nor any of their respective nominee(s) or assignee(s) shall have any liability or obligation to Loyalty Program Partner solely as a result of this Agreement, the Loan Agreement, the Pledge and Security Agreement or any other Security Documents. For the avoidance of doubt, none of Collateral Agent or the Secured Parties shall be obligated or required to perform any of Credit Party’s obligations under the Loyalty Program Agreement except (i) if such obligations are expressly assumed in writing by the applicable party or (ii) in connection with the taking of title to the Loyalty Program Assets following the completion of a foreclosure action.

Notwithstanding the foregoing, upon the assignment or transfer of the Loyalty Program Agreement to any nominee(s) or assignee(s) by Collateral Agent in connection with the exercise of its rights and remedies, for the benefit of the Secured Parties, under the Pledge and Security Agreement during the continuance of an Event of Default under the Loan Agreement, such nominee(s) and/or assignee(s) shall be bound by all applicable terms of, and shall have assumed the obligations of Credit Party under, the Loyalty Program Agreement and, as applicable, the other Loyalty Program Collateral. Unless Collateral Agent (i) assumes the Loyalty Program Agreement in writing pursuant to Section 5, (ii) takes title to the Loyalty Program Assets following the completion of a foreclosure action or (iii) enters into a replacement agreement pursuant to Section 6, none of the Secured Parties or Collateral Agent shall have any personal liability to Loyalty Program Partner under the Loan Agreement or such replacement agreement and Loyalty Program Partner shall have no recourse to the Secured Parties or Collateral Agent, as applicable, with respect to Credit Party’s obligations under the Loyalty Program Agreement or other Loyalty Program Collateral.

9. **Miscellaneous**

(a) **Termination.** This Agreement shall not terminate for any reason until (i) all of the Obligations under the Loan Documents have been indefeasibly and unconditionally paid in full, (ii) expiration of the term of the Loyalty Program Agreement in accordance with its terms or earlier termination (A) approved by the Lenders in accordance with the Loan Agreement or (B) after expiration of the cure period set forth in Section 6 herein, to the extent applicable or (C) by Loyalty Program Partner upon the
occurrence of a non-default related event expressly set forth in the Loyalty Program Agreement or (iii) all of the Liens on the Loyalty Program Agreement created under the Loan Agreement are released in accordance with the Loan Agreement. Following a payment in full of the Obligations, Collateral Agent shall confirm such payment and the termination of this Agreement in writing to Loyalty Program Partner promptly upon request by Credit Party or Loyalty Program Partner, at Credit Party’s expense.

(b) **Binding Effect; Counterparts; Entire Agreement.** This Agreement shall be binding on the parties hereto and their respective successors and assigns. The terms and conditions of the Loyalty Program Agreement shall continue to be in effect in accordance with its terms as between the Loyalty Program Partner and Credit Party. This Agreement may be executed in counterparts (and by different parties hereto in different counterparts) and by manual or electronic signature, each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement constitutes the entire contract among the parties hereto relating to the subject matter hereof and supersedes any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. This Agreement shall become effective when it shall have been executed by each of the parties hereto and when Collateral Agent shall have received counterparts hereof that, when taken together, bear the signatures of each of the other parties hereto. Delivery of an executed counterpart of a signature page of this Agreement in electronic (e.g., “pdf” or “tif”) format shall be effective as delivery of a manually executed counterpart of this Agreement.

(c) **Severability.** If any provision of this Agreement is held to be illegal, invalid or unenforceable, (i) the legality, validity and enforceability of the remaining provisions of this Agreement shall not be affected or impaired thereby and (ii) Collateral Agent (acting as directed by the Required Lenders) and the other parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

(d) **Governing Law; Jurisdiction.** This Agreement will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the parties agrees to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia for any civil action, suit or proceeding arising out of or relating to this Agreement or the transactions contemplated hereby or thereby.

(e) **WAIVER OF JURY TRIAL.** To the extent permitted by applicable law, each party hereto hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to this Agreement or the transactions contemplated hereby or thereby.

(f) **Notices; Public Information.**

(i) All notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by facsimile or email (and such delivery by facsimile or email shall not constitute notice to Loyalty Program Partner unless provided by Loyalty Program Partner below) as follows:

10 NTD: Loyalty Program Partner to provide. Please include information of at least one form of electronic delivery (facsimile or email).
(g) **Collateral Agent Authority.** Collateral Agent has been appointed by the Lenders under the Loan Agreement and has the benefit of the rights and protections set forth therein, including without limitation, that, notwithstanding any discretion given to it in any Loan Document, Collateral Agent need not exercise discretion, but shall act as directed by the Required Lenders.

(h) **Exculpation.** Collateral Agent, on behalf of the Secured Parties, hereby agrees that no officer, director, agent or employee of Loyalty Program Partner or any of its affiliates shall have any liability arising from or related to this Agreement except for liability resulting from intentional breach of this Agreement or gross negligence, bad faith or willful misconduct of such person. For the avoidance of doubt, this Section 9(h) does not preclude Collateral Agent from initiating a suit for injunctive relief in order to enforce this Agreement.

(i) **Treatment of Certain Information; Confidentiality.** Nothing in this Agreement shall be deemed to waive any confidentiality provisions set forth in the Loyalty Program Agreement and Credit Party and Loyalty Program Partner agree that any process of dissemination of the terms or Information (as defined below) relating to the Loyalty Program Agreement which is treated as confidential under the Loyalty Program Agreement shall be subject to the requirements of the Loyalty Program Agreement.

Each of Collateral Agent and Credit Party agree to maintain the confidentiality of the Information, except that Information may be disclosed (a) to its Affiliates, to its Related Parties and to the Secured Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by Applicable Laws or by any subpoena or similar legal process; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any Loan Document or any action or proceeding relating to this Agreement or any Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as (or no less restrictive than) those of this Section, to any nominee, transferee or assignee of, or any prospective nominee, transferee or assignee of, any of its rights and obligations under this Agreement; (g) with the consent of Loyalty Program Partner or (i) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to either Collateral Agent, Credit Party or any of their respective Affiliates on a nonconfidential basis from a source other than Loyalty Program Partner who did not acquire such information as a result of a breach of this Section.

For purposes of this Section, “**Information**” means all information received from Loyalty Program Partner or any of its Subsidiaries relating to Loyalty Program Partner or any of its Subsidiaries or any of their respective businesses, other than any such information that is available to the Collateral Agent or Credit Party on a nonconfidential basis prior to disclosure by Loyalty Program Partner or any of its Subsidiaries; provided that, in the case of information received from Loyalty Program Partner or any of its Subsidiaries after the date hereof, such information is clearly identified at the time of delivery as confidential.

Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information. In the event of any breach of this Section 9(i), any non-breaching party, in addition to any other remedies at law or in equity it may have, shall be entitled to seek injunctive relief.
IN WITNESS WHEREOF, the parties hereto are executing this Agreement as of the date above first written.

WARRANT AGREEMENT dated as of September 28, 2020 (this “Agreement”), between Frontier Group Holdings, Inc., a corporation organized under the laws of Delaware (the “Company”) and the UNITED STATES DEPARTMENT OF THE TREASURY (“Treasury”).

WHEREAS, the Borrower (as defined in the Loan Agreement) has requested that Treasury make a Loan (as defined in the Loan Agreement) to the Borrower as is permissible under the Coronavirus Aid, Relief, and Economic Security Act, Pub. L. 116-136 (Mar. 27, 2020), as the same may be amended from time to time, and Treasury is willing to do so on the terms and conditions set forth in the Loan and Guarantee Agreement dated as of September 28, 2020, between Frontier Airlines, Inc. and Treasury (the “Loan Agreement”); and

WHEREAS, as appropriate financial protection of the Federal Government of the United States of America for the Loan, and as a condition to the effectiveness of the Loan Agreement, the Company has agreed to enter into this Agreement to issue in a private placement warrants to purchase the number of shares of its Common Stock determined in accordance with Schedule 1 to this Agreement (the “Warrants”) to Treasury;

NOW, THEREFORE, in consideration of the premises, and of the representations, warranties, covenants and agreements set forth herein, the parties agree as follows:

Article I
Closing

1.1 Issuance.

(a) On the terms and subject to the conditions set forth in this Agreement, the Company agrees to issue to Treasury, on each Warrant Closing Date, Warrants for a number of shares of Common Stock determined by the formula set forth in Schedule 1.

1.2 Initial Closing; Warrant Closing Date.

(a) On the terms and subject to the conditions set forth in this Agreement, the closing of the initial issuance of the Warrants (the “Initial Closing”) will take place on the Closing Date (as defined in the Loan Agreement). After the Initial Closing, the closing of any subsequent issuance will take place on the date of each subsequent Borrowing (as defined in the Loan Agreement), if any, of the Loan (each subsequent closing, together with the Initial Closing, a “Closing” and each such date a “Warrant Closing Date”).

(b) On each Warrant Closing Date, the Company will issue to Treasury a duly executed Warrant or Warrants with an Exercise Price determined by the formula set forth in paragraph (a) of Schedule 1 for a number of shares of Common Stock determined by the formula set forth in paragraph (b) of Schedule 1, as evidenced by one or more certificates dated the Warrant Closing Date and bearing appropriate legends as hereinafter provided for and in substantially the form attached hereto as Annex B.

(c) On each Warrant Closing Date, the Company shall deliver to Treasury (i) a written opinion from counsel to the Company (which may be internal counsel) addressed to Treasury and dated as of such Warrant Closing Date, in substantially the form attached hereto as
(d) On the initial Warrant Closing Date, the Company shall deliver to Treasury (i) such customary certificates of resolutions or other action, incumbency certificates and/or other certificates of the chief executive officer, president, executive vice president, chief financial officer, principal accounting officer, treasurer or controller as Treasury may require evidencing the identity, authority and capacity of each such officer thereof authorized to act as such officer in connection with this Agreement and (ii) customary resolutions or evidence of corporate authorization, secretary’s certificates and such other documents and certificates (including Organizational Documents and good standing certificates) as Treasury may reasonably request relating to the organization, existence and good standing of the Company and any other legal matters relating to the Company, this Agreement, the Warrants or the transactions contemplated hereby or thereby.

1.3 **Interpretation.**

(a) When a reference is made in this Agreement to “Recitals,” “Articles,” “Sections,” or “Annexes” such reference shall be to a Recital, Article or Section of, or Annex to, this Warrant Agreement, unless otherwise indicated. The terms defined in the singular have a comparable meaning when used in the plural, and vice versa. References to “herein”, “hereof”, “hereunder” and the like refer to this Agreement as a whole and not to any particular section or provision, unless the context requires otherwise. The table of contents and headings contained in this Agreement are for reference purposes only and are not part of this Agreement. Whenever the words “include,” “includes” or “including” are used in this Agreement, they shall be deemed followed by the words “without limitation.” No rule of construction against the draftsperson shall be applied in connection with the interpretation or enforcement of this Agreement, as this Agreement is the product of negotiation between sophisticated parties advised by counsel. All references to “$” or “dollars” mean the lawful currency of the United States of America. Except as expressly stated in this Agreement, all references to any statute, rule or regulation are to the statute, rule or regulation as amended, modified, supplemented or replaced from time to time (and, in the case of statutes, include any rules and regulations promulgated under the statute) and to any section of any statute, rule or regulation include any successor to the section.

(b) Capitalized terms not defined herein have the meanings ascribed thereto in Annex B.

**Article II**

**Representations and Warranties**

**2.1 Representations and Warranties of the Company.** The Company represents and warrants to Treasury that as of the date hereof and each Warrant Closing Date (or such other date specified herein):
(a) **Existence, Qualification and Power.** The Company is duly organized or formed, validly existing and, if applicable, in good standing under the Laws of the jurisdiction of its incorporation or organization, and the Company and each Subsidiary (a) has all requisite power and authority and all requisite governmental licenses, authorizations, consents and approvals to (i) own or lease its assets and carry on its business and (ii) execute, deliver and perform its obligations under the this Agreement and the Warrants, and (b) is duly qualified and is licensed and, as applicable, in good standing under the Laws of each jurisdiction where its ownership, lease or operation of properties or the conduct of its business requires such qualification or license, except, in each case referred to in clause (a)(i) or (b), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

(b) **Capitalization.** The authorized capital stock of the Company, and the outstanding capital stock of the Company (including securities convertible into, or exercisable or exchangeable for, capital stock of the Company) as of the most recent fiscal month-end preceding the date hereof (the “Capitalization Date”) is set forth in Schedule 2. The outstanding shares of capital stock of the Company have been duly authorized and are validly issued and outstanding, fully paid and nonassessable, and subject to no preemptive rights, other than, if applicable, those set forth on Schedule 3 (and were not issued in violation of any preemptive rights). Except as provided in the Warrants, as of the date hereof, the Company does not have outstanding any securities or other obligations providing the holder the right to acquire Common Stock that is not reserved for issuance as specified on Schedule 2, and the Company has not made any other commitment to authorize, issue or sell any Common Stock. Since the Capitalization Date, the Company has not issued any shares of Common Stock, other than (i) shares issued upon the exercise of stock options or delivered under other equity-based awards or other convertible securities or warrants which were issued and outstanding on the Capitalization Date and disclosed on Schedule 2 and (ii) shares disclosed on Schedule 2 as it may be updated by written notice from the Company to Treasury in connection with each Warrant Closing Date. Each holder of 5% or more of any class of capital stock of the Company and such holder’s primary address are set forth in Schedule 2.

(c) **Governmental Authorization; Other Consents.** No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person is necessary or required in connection with the execution, delivery or performance by, or enforcement against, the Company of this Agreement, except for such approvals, consents, exemptions, authorizations, actions or notices that have been duly obtained, taken or made and are in full force and effect.

(d) **Execution and Delivery; Binding Effect.** This Agreement has been duly authorized, executed and delivered by the Company. This Agreement constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity.

(e) **The Warrants and Warrant Shares.** Each Warrant has been duly authorized and, when executed and delivered as contemplated hereby, will constitute a valid and legally binding obligation of the Company enforceable against the Company in accordance with its terms, except
as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity. The Warrant Shares have been duly authorized and reserved for issuance upon exercise of the Warrants and when so issued in accordance with the terms of the Warrants will be validly issued, fully paid and non-assessable, subject, if applicable, to the approvals of its stockholders set forth on Schedule 3.

(f) **Authorization, Enforceability.**

(i) The Company has the corporate power and authority to execute and deliver this Agreement and the Warrants and, subject, if applicable, to the approvals of its stockholders set forth on Schedule 3, to carry out its obligations hereunder and thereunder (which includes the issuance of the Warrants and Warrant Shares). The execution, delivery and performance by the Company of this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby have been duly authorized by all necessary corporate or other organizational action on the part of the Company and its stockholders, and no further approval or authorization is required on the part of the Company, subject, in each case, if applicable, to the approvals of its stockholders set forth on Schedule 3.

(ii) The execution, delivery and performance by the Company of this Agreement do not and will not (a) contravene the terms of its Organizational Documents, (b) conflict with or result in any breach or contravention of, or the creation of any Lien under, or require any payment to be made under (i) any material Contractual Obligation (as defined in the Loan Agreement) to which the Company is a party or affecting the Company or the properties of the Company or any Subsidiary or (ii) any material order, injunction, writ or decree of any Governmental Authority or any arbitral award to which the Company or any Subsidiary or its property is subject or (c) violate any Law, except to the extent that such violation could not reasonably be expected to have Material Adverse Effect.

(iii) Such filings and approvals as are required to be made or obtained under any state “blue sky” laws, and such filings and approvals as have been made or obtained, no notice to, filing with, exemption or review by, or authorization, consent or approval of, any Governmental Authority is required to be made or obtained by the Company in connection with the execution, delivery and performance by the Company of this Agreement and the consummation by the Company of the issuance of the Warrants except for any such notices, filings, exemptions, reviews, authorizations, consents and approvals the failure of which to make or obtain would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(g) **Anti-takeover Provisions and Rights Plan.** The Board of Directors of the Company (the “Board of Directors”) has taken all necessary action, and will in the future take any necessary action, to ensure that the transactions contemplated by this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby, including the exercise of the Warrants in accordance with their terms, will be exempt from any anti-takeover or similar provisions of the Company’s Organizational Documents, and any other
provisions of any applicable "moratorium", "control share", "fair price", "interested stockholder" or other anti-takeover laws and regulations of any jurisdiction, whether existing on the date hereof or implemented after the date hereof. The Company has taken all actions necessary, and will in the future take any necessary action, to render any stockholders' rights plan of the Company inapplicable to this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby, including the exercise of the Warrants by Treasury in accordance with its terms.

(h) Reports. Since December 31, 2017, the Company and each Subsidiary has timely filed all reports, registrations, documents, filings, statements and submissions, together with any amendments thereto, that it was required to file with any Governmental Authority (the foregoing, collectively, the “Company Reports”) and has paid all fees and assessments due and payable in connection therewith, except, in each case, as would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. As of their respective dates of filing, the Company Reports complied in all material respects with all statutes and applicable rules and regulations of the applicable Governmental Authority.

(i) Offering of Securities. Neither the Company nor any person acting on its behalf has taken any action (including any offering of any securities of the Company under circumstances which would require the integration of such offering with the offering of any of the Warrants under the Securities Act, and the rules and regulations of the Securities and Exchange Commission (the “SEC”) promulgated thereunder), which might subject the offering, issuance or sale of any of the Warrants to Treasury pursuant to this Agreement to the registration requirements of the Securities Act.

(j) Brokers and Finders. No broker, finder or investment banker is entitled to any financial advisory, brokerage, finder’s or other fee or commission in connection with this Agreement or the Warrants or the transactions contemplated hereby or thereby based upon arrangements made by or on behalf of the Company or any Subsidiary for which Treasury could have any liability.

Article III
Covenants

3.1 Commercially Reasonable Efforts.

(a) Subject to the terms and conditions of this Agreement, each of the parties will use its commercially reasonable efforts in good faith to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or desirable, or advisable under applicable laws, to enable consummation of the transactions contemplated hereby and shall use commercially reasonable efforts to cooperate with the other party to that end.

(b) If the Company is required to obtain any stockholder approvals set forth on Schedule 3, then the Company shall comply with this Section 3.1(b). The Company shall call a special meeting of its stockholders, as promptly as practicable following the Initial Closing, to vote on proposals (collectively, the “Stockholder Proposals”) to amend the Company’s Organizational Documents to increase the number of authorized shares of Common Stock to at
least such number as shall be sufficient to permit the full exercise of the Warrants for Common Stock and comply with the other provisions of this Section 3.1(b). The Board of Directors shall recommend to the Company’s stockholders that such stockholders vote in favor of the Stockholder Proposals. In the event that the approval of any of the Stockholder Proposals is not obtained at such special stockholders meeting, the Company shall include a proposal to approve (and the Board of Directors shall recommend approval of) each such proposal at a meeting of its stockholders no less than once in each subsequent six-month period beginning on January 1, 2021 until all such approvals are obtained or made.

3.2 Expenses. The Company shall pay (i) all reasonable out-of-pocket expenses incurred by Treasury (including the reasonable fees, charges and disbursements of any counsel for Treasury) in connection with the preparation, negotiation, execution, delivery and administration of this Agreement and the Warrants, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), and (ii) all out-of-pocket expenses incurred by Treasury (including the fees, charges and disbursements of any counsel for Treasury), in connection with the enforcement or protection of its rights in connection with this Agreement and the Warrants, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), including all such out-of-pocket expenses incurred during any workout, restructuring, negotiations or enforcement in respect of such Warrant Agreement, Warrant and other agreements or documents executed in connection herewith or therewith.

3.3 Sufficiency of Authorized Common Stock

(a) During the period from each Warrant Closing Date (or, if the approval of the Stockholder Proposals is required, the date of such approval) until the date on which no Warrants remain outstanding, the Company shall at all times have reserved for issuance, free of preemptive or similar rights, a sufficient number of authorized and unissued Warrant Shares to effectuate such exercise. Nothing in this Section 3.3 shall preclude the Company from satisfying its obligations in respect of the exercise of the Warrants by delivery of shares of Common Stock which are held in the treasury of the Company.

Article IV

Additional Agreements

4.1 Investment Purposes. Treasury acknowledges that the Warrants and the Warrant Shares have not been registered under the Securities Act or under any state securities laws. Treasury (a) is acquiring the Warrants pursuant to an exemption from registration under the Securities Act solely for investment without a view to sell and with no present intention to distribute them to any person in violation of the Securities Act or any applicable U.S. state securities laws; (b) will not sell or otherwise dispose of any of the Warrants or the Warrant Shares, except in compliance with the registration requirements or exemption provisions of the Securities Act and any applicable U.S. state securities laws; and (c) has such knowledge and experience in financial and business matters and in investments of this type that it is capable of evaluating the merits and risks of the Warrants and the Warrant Shares and of making an informed investment decision.
4.2 Legends.

(a) Treasury agrees that all certificates or other instruments representing the Warrants and the Warrant Shares will bear a legend substantially to the following effect:

“THE SECURITIES REPRESENTED BY THIS INSTRUMENT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE AND MAY NOT BE TRANSFERRED, SOLD OR OTHERWISE DISPOSED OF EXCEPT WHILE A REGISTRATION STATEMENT RELATING THERETO IS IN EFFECT UNDER SUCH ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.”

(b) In the event that any Warrants or Warrant Shares (i) become registered under the Securities Act or (ii) are eligible to be transferred without restriction in accordance with Rule 144 or another exemption from registration under the Securities Act (other than Rule 144A), the Company shall issue new certificates or other instruments representing such Warrants or Warrant Shares, which shall not contain the legend in Section 4.2(a) above; provided that Treasury surrenders to the Company the previously issued certificates or other instruments.

4.3 Certain Transactions. The Company will not merge or consolidate with, or sell, transfer or lease all or substantially all of its property or assets to, any other party unless the successor, transferee or lessee party (or its ultimate parent entity), as the case may be (if not the Company), expressly assumes the due and punctual performance and observance of each and every covenant, agreement and condition of this Agreement and the Warrants to be performed and observed by the Company.

4.4 Transfer of Warrants and Warrant Shares. Subject to compliance with applicable securities laws, Treasury shall be permitted to transfer, sell, assign or otherwise dispose of (“Transfer”) all or a portion of the Warrants or Warrant Shares at any time, and the Company shall take all steps as may be reasonably requested by Treasury to facilitate the Transfer of the Warrants and the Warrant Shares.

4.5 Registration Rights. (a) Unless and until the Company becomes subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company shall have no obligation to comply with the provisions of this Section 4.5; provided that the Company covenants and agrees that it shall comply with this Section 4.5 as soon as practicable after the date that it becomes subject to such reporting requirements.

(b) Registration.

(i) Subject to the terms and conditions of this Agreement, the Company covenants and agrees that as soon as practicable after the date that the Company becomes
subject to the reporting requirements of Sections 13 or 15(d) of the Exchange Act (and in any event no later than 180 days thereafter), the Company shall prepare and file with the SEC a Shelf Registration Statement covering the maximum number of Registrable Securities (or otherwise designate an existing Shelf Registration Statement filed with the SEC to cover the Registrable Securities) that may be issued pursuant to this Agreement and any Warrants outstanding at that time, and, to the extent the Shelf Registration Statement has not theretofore been declared effective or is not automatically effective upon such filing, the Company shall use reasonable best efforts to cause such Shelf Registration Statement to be declared or become effective and to keep such Shelf Registration Statement continuously effective and in compliance with the Securities Act and usable for resale of such Registrable Securities for a period from the date of its initial effectiveness until such time as there are no Registrable Securities remaining (including by refiling such Shelf Registration Statement (or a new Shelf Registration Statement) if the initial Shelf Registration Statement expires). So long as the Company is a well-known seasoned issuer (as defined in Rule 405 under the Securities Act) at the time of filing of the Shelf Registration Statement with the SEC, such Shelf Registration Statement shall be designated by the Company as an automatic Shelf Registration Statement. Notwithstanding the foregoing, if on the date hereof the Company is not eligible to file a registration statement on Form S-3, then the Company shall not be obligated to file a Shelf Registration Statement unless and until it is so eligible and is requested to do so in writing by Treasury.

(ii) Any registration pursuant to Section 4.5(b)(i) shall be effected by means of a shelf registration on an appropriate form under Rule 415 under the Securities Act (a "Shelf Registration Statement"). If Treasury or any other Holder intends to distribute any Registrable Securities by means of an underwritten offering it shall promptly so advise the Company and the Company shall take all reasonable steps to facilitate such distribution, including the actions required pursuant to Section 4.5(d); provided that the Company shall not be required to facilitate an underwritten offering of Registrable Securities unless the total number of Warrant Shares and Warrants expected to be sold in such offering exceeds, or are exercisable for, at least 20% of the total number of Warrant Shares for which Warrants issued under this Agreement could be exercised (giving effect to the anti-dilution adjustments in Warrants); and provided, further that the Company shall not be required to facilitate more than two completed underwritten offerings within any 12-month period. The lead underwriters in any such distribution shall be selected by the Holders of a majority of the Registrable Securities to be distributed.

(iii) The Company shall not be required to effect a registration (including a resale of Registrable Securities from an effective Shelf Registration Statement) or an underwritten offering pursuant to Section 4.5(b): (A) with respect to securities that are not Registrable Securities; or (B) if the Company has notified Treasury and all other Holders that in the good faith judgment of the Board of Directors, it would be materially detrimental to the Company or its securityholders for such registration or underwritten offering to be effected at such time, in which event the Company shall have the right to defer such registration or offering for a period of not more than 45 days after receipt of the request of Treasury or any other Holder; provided that such right to delay a registration or underwritten offering shall be exercised by the Company (1) only if the
Company has generally exercised (or is concurrently exercising) similar black-out rights against holders of similar securities that have registration rights and (2) not more than three times in any 12-month period and not more than 90 days in the aggregate in any 12-month period. The Company shall notify the Holders of the date of any anticipated termination of any such deferral period prior to such date.

(iv) If during any period when an effective Shelf Registration Statement is not available, the Company proposes to register any of its equity securities, other than a registration pursuant to Section 4.5(b)(i) or a Special Registration, and the registration form to be filed may be used for the registration or qualification for distribution of Registrable Securities, the Company will give prompt written notice to Treasury and all other Holders of its intention to effect such a registration (but in no event less than ten days prior to the anticipated filing date) and will include in such registration all Registrable Securities with respect to which the Company has received written requests for inclusion therein within ten Business Days after the date of the Company's notice (a “Piggyback Registration”). Any such person that has made such a written request may withdraw its Registrable Securities from such Piggyback Registration by giving written notice to the Company and the managing underwriter, if any, on or before the fifth Business Day prior to the planned effective date of such Piggyback Registration. The Company may terminate or withdraw any registration under this Section 4.5(b)(iv) prior to the effectiveness of such registration, whether or not Treasury or any other Holders have elected to include Registrable Securities in such registration.

(v) If the registration referred to in Section 4.5(b)(iv) is proposed to be underwritten, the Company will so advise Treasury and all other Holders as a part of the written notice given pursuant to Section 4.5(b)(iv). In such event, the right of Treasury and all other Holders to registration pursuant to Section 4.5(b) will be conditioned upon such persons' participation in such underwriting and the inclusion of such person's Registrable Securities in the underwriting if such securities are of the same class of securities as the securities to be offered in the underwritten offering, and each such person will (together with the Company and the other persons distributing their securities through such underwriting) enter into an underwriting agreement in customary form with the underwriter or underwriters selected for such underwriting by the Company; provided that Treasury (as opposed to other Holders) shall not be required to indemnify any person in connection with any registration. If any participating person disapproves of the terms of the underwriting, such person may elect to withdraw therefrom by written notice to the Company, the managing underwriters and Treasury (if Treasury is participating in the underwriting).

(vi) If either (x) the Company grants “piggyback” registration rights to one or more third parties to include their securities in an underwritten offering under the Shelf Registration Statement pursuant to Section 4.5(b)(ii) or (y) a Piggyback Registration under Section 4.5(b)(iv) relates to an underwritten offering on behalf of the Company, and in either case the managing underwriters advise the Company that in their reasonable opinion the number of securities requested to be included in such offering exceeds the number which can be sold without adversely affecting the marketability of such offering (including an adverse effect on the per share offering price), the Company will include in
such offering only such number of securities that in the reasonable opinion of such managing underwriters can be sold without adversely affecting the marketability of the offering (including an adverse effect on the per share offering price), which securities will be so included in the following order of priority: (A) first, in the case of a Piggyback Registration under Section 4.5(b)(iv), the securities the Company proposes to sell, (B) then the Registrable Securities of Treasury and all other Holders who have requested inclusion of Registrable Securities pursuant to Section 4.5(b)(ii) or Section 4.5(b)(iv), as applicable, pro rata on the basis of the aggregate number of such securities or shares owned by each such person and (C) lastly, any other securities of the Company that have been requested to be so included, subject to the terms of this Agreement; provided, however, that if the Company has, prior to the date hereof, entered into an agreement with respect to its securities that is inconsistent with the order of priority contemplated hereby then it shall apply the order of priority in such conflicting agreement to the extent that this Agreement would otherwise result in a breach under such agreement.

(c) Expenses of Registration. All Registration Expenses incurred in connection with any registration, qualification or compliance hereunder shall be borne by the Company. All Selling Expenses incurred in connection with any registrations hereunder shall be borne by the holders of the securities so registered pro rata on the basis of the aggregate offering or sale price of the securities so registered.

(d) Obligations of the Company. The Company shall use its reasonable best efforts, for so long as there are Registrable Securities outstanding, to take such actions as are under its control to not become an ineligible issuer (as defined in Rule 405 under the Securities Act) and to remain a well-known seasoned issuer (as defined in Rule 405 under the Securities Act) if it has such status on the date hereof or becomes eligible for such status in the future. In addition, whenever required to effect the registration of any Registrable Securities or facilitate the distribution of Registrable Securities pursuant to an effective Shelf Registration Statement, the Company shall, as expeditiously as reasonably practicable:

(i) Prepare and file with the SEC a prospectus supplement with respect to a proposed offering of Registrable Securities pursuant to an effective registration statement, subject to Section 4.5(e), keep such registration statement effective and keep such prospectus supplement current until the securities described therein are no longer Registrable Securities. The plan of distribution included in such registration statement, or, as applicable, prospectus supplement thereto, shall include, among other things, an underwritten offering, ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers, block trades, privately negotiated transactions, the writing or settlement of options or other derivative transactions and any other method permitted pursuant to applicable law, and any combination of any such methods of sale.

(ii) Prepare and file with the SEC such amendments and supplements to the applicable registration statement and the prospectus or prospectus supplement used in connection with such registration statement as may be necessary to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement.
(iii) Furnish to the Holders and any underwriters such number of copies of the applicable registration statement and each such amendment and supplement thereto (including in each case all exhibits) and of a prospectus, including a preliminary prospectus, in conformity with the requirements of the Securities Act, and such other documents as they may reasonably request in order to facilitate the disposition of Registrable Securities owned or to be distributed by them.

(iv) Use its reasonable best efforts to register and qualify the securities covered by such registration statement under such other securities or Blue Sky laws of such jurisdictions as shall be reasonably requested by the Holders or any managing underwriter(s), to keep such registration or qualification in effect for so long as such registration statement remains in effect, and to take any other action which may be reasonably necessary to enable such seller to consummate the disposition in such jurisdictions of the securities owned by such Holder; provided that the Company shall not be required in connection therewith or as a condition thereto to qualify to do business or to file a general consent to service of process in any such states or jurisdictions.

(v) Notify each Holder of Registrable Securities at any time when a prospectus relating thereto is required to be delivered under the Securities Act of the happening of any event as a result of which the applicable prospectus, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

(vi) Give written notice to the Holders:

(A) when any registration statement filed pursuant to Section 4.5(b) or any amendment thereto has been filed with the SEC (except for any amendment effected by the filing of a document with the SEC pursuant to the Exchange Act) and when such registration statement or any post-effective amendment thereto has become effective;

(B) of any request by the SEC for amendments or supplements to any registration statement or the prospectus included therein or for additional information;

(C) of the issuance by the SEC of any stop order suspending the effectiveness of any registration statement or the initiation of any proceedings for that purpose;

(D) of the receipt by the Company or its legal counsel of any notification with respect to the suspension of the qualification of the Common Stock for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose;

(E) of the happening of any event that requires the Company to make changes in any effective registration statement or the prospectus related to the registration statement in order to make the statements therein not misleading (which notice shall be accompanied by an instruction to suspend the use of the prospectus until the requisite changes have been made); and
(F) if at any time the representations and warranties of the Company contained in any underwriting agreement contemplated by Section 4.5(d)(x) cease to be true and correct.

(vii) Use its reasonable best efforts to prevent the issuance or obtain the withdrawal of any order suspending the effectiveness of any registration statement referred to in Section 4.5(d)(vi)(C) at the earliest practicable time.

(viii) Upon the occurrence of any event contemplated by Section 4.5(d)(v), 4.5(d)(vi)(E) or 4.5(e), promptly prepare a post-effective amendment to such registration statement or a supplement to the related prospectus or file any other required document so that, as thereafter delivered to the Holders and any underwriters, the prospectus will not contain an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. If the Company notifies the Holders in accordance with Section 4.5(d)(vi)(E) to suspend the use of the prospectus until the requisite changes to the prospectus have been made, then the Holders and any underwriters shall suspend use of such prospectus and use their reasonable best efforts to return to the Company all copies of such prospectus (at the Company’s expense) other than permanent file copies then in such Holders’ or underwriters’ possession. The total number of days that any such suspension may be in effect in any 12-month period shall not exceed 90 days. The Company shall notify the Holders of the date of any anticipated termination of any such suspension period prior to such date.

(ix) Use reasonable best efforts to procure the cooperation of the Company’s transfer agent in settling any offering or sale of Registrable Securities, including with respect to the transfer of physical stock certificates into book-entry form in accordance with any procedures reasonably requested by the Holders or any managing underwriter(s).

(x) If an underwritten offering is requested pursuant to Section 4.5(b)(ii), enter into an underwriting agreement in customary form, scope and substance and take all such other actions reasonably requested by the Holders of a majority of the Registrable Securities being sold in connection therewith or by the managing underwriter(s), if any, to expedite or facilitate the underwritten disposition of such Registrable Securities, and in connection therewith in any underwritten offering (including making members of management and executives of the Company available to participate in “road shows”, similar sales events and other marketing activities), (A) make such representations and warranties to the Holders that are selling stockholders and the managing underwriter(s), if any, with respect to the business of the Company and its subsidiaries, and the Shelf Registration Statement, prospectus and documents, if any, incorporated or deemed to be incorporated by reference therein, in each case, in customary form, substance and scope, and, if true, confirm the same if and when requested, (B) use its reasonable best efforts to furnish the underwriters with opinions and “10b-5” letters of counsel to the Company,
addressed to the managing underwriter(s), if any, covering the matters customarily covered in such opinions and letters requested in underwritten offerings, (C) use its reasonable best efforts to obtain “cold comfort” letters from the independent certified public accountants of the Company (and, if necessary, any other independent certified public accountants of any business acquired by the Company for which financial statements and financial data are included in the Shelf Registration Statement) who have certified the financial statements included in such Shelf Registration Statement, addressed to each of the managing underwriter(s), if any, such letters to be in customary form and covering matters of the type customarily covered in “cold comfort” letters, (D) if an underwriting agreement is entered into, the same shall contain indemnification provisions and procedures customary in underwritten offerings (provided that Treasury shall not be obligated to provide any indemnity), and (E) deliver such documents and certificates as may be reasonably requested by the Holders of a majority of the Registrable Securities being sold in connection therewith, their counsel and the managing underwriter(s), if any, to evidence the continued validity of the representations and warranties made pursuant to clause (A) above and to evidence compliance with any customary conditions contained in the underwriting agreement or other agreement entered into by the Company.

(xi) Make available for inspection by a representative of Holders that are selling stockholders, the managing underwriter(s), if any, and any attorneys or accountants retained by such Holders or managing underwriter(s), at the offices where normally kept, during reasonable business hours, financial and other records, pertinent corporate documents and properties of the Company, and cause the officers, directors and employees of the Company to supply all information in each case reasonably requested (and of the type customarily provided in connection with due diligence conducted in connection with a registered public offering of securities) by any such representative, managing underwriter(s), attorney or accountant in connection with such Shelf Registration Statement.

(xii) Use reasonable best efforts to cause all such Registrable Securities to be listed on each national securities exchange on which similar securities issued by the Company are then listed or, if no similar securities issued by the Company are then listed on any national securities exchange, use its reasonable best efforts to cause all such Registrable Securities to be listed on such securities exchange as Treasury may designate.

(xiii) If requested by Holders of a majority of the Registrable Securities being registered and/or sold in connection therewith, or the managing underwriter(s), if any, promptly include in a prospectus supplement or amendment such information as the Holders of a majority of the Registrable Securities being registered and/or sold in connection therewith or managing underwriter(s), if any, may reasonably request in order to permit the intended method of distribution of such securities and make all required filings of such prospectus supplement or such amendment as soon as practicable after the Company has received such request.

(xiv) Timely provide to its security holders earning statements satisfying the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder.
(e) **Suspension of Sales.** Upon receipt of written notice from the Company that a registration statement, prospectus or prospectus supplement contains or may contain an untrue statement of a material fact or omits or may omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading or that circumstances exist that make inadvisable use of such registration statement, prospectus or prospectus supplement, Treasury and each Holder of Registrable Securities shall forthwith discontinue disposition of Registrable Securities until Treasury and/or Holder has received copies of a supplemented or amended prospectus or prospectus supplement, or until Treasury and/or such Holder is advised in writing by the Company that the use of the prospectus and, if applicable, prospectus supplement may be resumed, and, if so directed by the Company, Treasury and/or such Holder shall deliver to the Company (at the Company’s expense) all copies, other than permanent file copies then in Treasury and/or such Holder’s possession, of the prospectus and, if applicable, prospectus supplement covering such Registrable Securities current at the time of receipt of such notice. The total number of days that any such suspension may be in effect in any 12-month period shall not exceed 90 days. The Company shall notify Treasury prior to the anticipated termination of any such suspension period of the date of such anticipated termination.

(f) **Termination of Registration Rights.** A Holder’s registration rights as to any securities held by such Holder shall not be available unless such securities are Registrable Securities.

(g) **Furnishing Information.**

   (i) Neither Treasury nor any Holder shall use any free writing prospectus (as defined in Rule 405) in connection with the sale of Registrable Securities without the prior written consent of the Company.

   (ii) It shall be a condition precedent to the obligations of the Company to take any action pursuant to Section 4.5(d) that Treasury and/or the selling Holders and the underwriters, if any, shall furnish to the Company such information regarding themselves, the Registrable Securities held by them and the intended method of disposition of such securities as shall be required to effect the registered offering of their Registrable Securities.

(h) **Indemnification.**

   (i) The Company agrees to indemnify each Holder and, if a Holder is a person other than an individual, such Holder’s officers, directors, employees, agents, representatives and Affiliates, and each Person, if any, that controls a Holder within the meaning of the Securities Act (each, an “Indemnatee”), against any and all losses, claims, damages, actions, liabilities, costs and expenses (including reasonable fees, expenses and disbursements of attorneys and other professionals incurred in connection with investigating, defending, settling, compromising or paying any such losses, claims, damages, actions, liabilities, costs and expenses), joint or several, arising out of or based upon any untrue statement or alleged untrue statement of material fact contained in any registration statement, including any preliminary prospectus or final prospectus contained therein or any amendments or supplements thereto or any documents incorporated therein.
by reference or contained in any free writing prospectus (as such term is defined in Rule 405) prepared by the Company or authorized by it in writing for use by such Holder (or any amendment or supplement thereto); or any omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; 

provided, that the Company shall not be liable to such Indemnitee in any such case to the extent that any such loss, claim, damage, liability (or action or proceeding in respect thereof) or expense arises out of or is based upon (A) an untrue statement or omission made in such registration statement, including any such preliminary prospectus or final prospectus contained therein or any such amendments or supplements thereto or contained in any free writing prospectus (as such term is defined in Rule 405) prepared by the Company or authorized by it in writing for use by such Holder (or any amendment or supplement thereto), in reliance upon and in conformity with information regarding such Indemnitee or its plan of distribution or ownership interests which was furnished in writing to the Company by such Indemnitee for use in connection with such registration statement, including any such preliminary prospectus or final prospectus contained therein or any such amendments or supplements thereto, or (B) offers or sales effected by or on behalf of such Indemnitee “by means of” (as defined in Rule 159A) a “free writing prospectus” (as defined in Rule 405) that was not authorized in writing by the Company.

(ii) If the indemnification provided for in Section 4.5(h)(i) is unavailable to an Indemnitee with respect to any losses, claims, damages, actions, liabilities, costs or expenses referred to therein or is insufficient to hold the Indemnitee harmless as contemplated therein, then the Company, in lieu of indemnifying such Indemnitee, shall contribute to the amount paid or payable by such Indemnitee as a result of such losses, claims, damages, actions, liabilities, costs or expenses as well as any other relevant equitable considerations. The relative fault of the Company, on the one hand, and of the Indemnitee, on the other hand, shall be determined by reference to, among other factors, whether the untrue statement of a material fact or omission to state a material fact relates to information supplied by the Company or by the Indemnitee and the parties’ relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission; the Company and each Holder agree that it would not be just and equitable if contribution pursuant to this Section 4.5(h)(ii) were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in Section 4.5(h)(i). No Indemnitee guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from the Company if the Company was not guilty of such fraudulent misrepresentation.

(i) Assignment of Registration Rights. The rights of Treasury to registration of Registrable Securities pursuant to Section 4.5(b) may be assigned by Treasury to a transferee or assignee of Registrable Securities in connection with a transfer of a total number of Warrant Shares and/or Warrants exercisable for at least 20% of the total number of Warrant Shares for which Warrants issued and to be issued under this Agreement could be exercised (giving effect
to the anti-dilution adjustments in Warrants); provided, however, the transferor shall, within ten days after such transfer, furnish to the Company written notice of the name and address of such transferee or assignee and the number and type of Registrable Securities that are being assigned.

(i) **Clear Market.** With respect to any underwritten offering of Registrable Securities by Treasury or other Holders pursuant to this Section 4.5, the Company agrees not to effect (other than pursuant to such registration or pursuant to a Special Registration) any public sale or distribution, or to file any Shelf Registration Statement (other than such registration or a Special Registration) covering, in the case of an underwritten offering of Common Stock or Warrants, any of its equity securities, or, in each case, any securities convertible into or exchangeable or exercisable for such securities, during the period not to exceed 30 days following the effective date of such offering. The Company also agrees to cause such of its directors and senior executive officers to execute and deliver customary lock-up agreements in such form and for such time period up to 30 days as may be requested by the managing underwriter. “Special Registration” means the registration of (A) equity securities and/or options or other rights in respect thereof solely registered on Form S-4 or Form S-8 (or successor form) or (B) shares of equity securities and/or options or other rights in respect thereof to be offered to directors, members of management, employees, consultants, customers, lenders or vendors of the Company or Company Subsidiaries or in connection with dividend reinvestment plans.

(k) **Rule 144; Rule 144A.** With a view to making available to Treasury and Holders the benefits of certain rules and regulations of the SEC which may permit the sale of the Registrable Securities to the public without registration, the Company agrees to use its reasonable best efforts to:

(i) (A) file with the SEC, in a timely manner, all reports and other documents required of the Company under the Exchange Act, and (B) if at any time the Company is not required to file such reports, make available, upon the request of any Holder, such information necessary to permit sales pursuant to Rule 144A (including the information required by Rule 144A(d)(4) under the Securities Act);

(ii) so long as Treasury or a Holder owns any Registrable Securities, furnish to Treasury or such Holder forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of Rule 144 under the Securities Act, and of the Exchange Act; a copy of the most recent annual or quarterly report of the Company; and such other reports and documents as Treasury or Holder may reasonably request in availing itself of any rule or regulation of the SEC allowing it to sell any such securities to the public without registration; provided, however, that the availability of the foregoing reports on the EDGAR filing system of the SEC will be deemed to satisfy the foregoing delivery requirements; and

(iii) take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Securities Act.

(l) As used in this Section 4.5, the following terms shall have the following respective meanings:

(i) “**Holder**” means Treasury and any other holder of Registrable Securities to whom the registration rights conferred by this Agreement have been transferred in compliance with Section 4.5(i) hereof.
“Register,” “registered,” and “registration” shall refer to a registration effected by preparing and (A) filing a registration statement in compliance with the Securities Act and applicable rules and regulations thereunder, and the declaration or ordering of effectiveness of such registration statement or (B) filing a prospectus and/or prospectus supplement in respect of an appropriate effective registration statement on Form S-3.

“Registrable Securities” means (A) the Warrants (subject to Section 4.5(q)) and (B) any equity securities issued or issuable directly or indirectly with respect to the securities referred to in the foregoing clause (A) by way of conversion, exercise or exchange thereof, including the Warrant Shares, or share dividend or share split or in connection with a combination of shares, recapitalization, reclassification, merger, amalgamation, arrangement, consolidation or other reorganization, provided that, once issued, such securities will not be Registrable Securities when (1) they are sold pursuant to an effective registration statement under the Securities Act, (2) except as provided below in Section 4.5(q), they may be sold pursuant to Rule 144 without limitation thereunder on volume or manner of sale, (3) they shall have ceased to be outstanding or (4) they have been sold in a private transaction in which the transferor’s rights under this Agreement are not assigned to the transferee of the securities. No Registrable Securities may be registered under more than one registration statement at any one time.

“Registration Expenses” mean all expenses incurred by the Company in effecting any registration pursuant to this Agreement (whether or not any registration or prospectus becomes effective or final) or otherwise complying with its obligations under this Section 4.5, including all registration, filing and listing fees, printing expenses, fees and disbursements of counsel for the Company, blue sky fees and expenses, expenses incurred in connection with any “road show”, the reasonable fees and disbursements of Treasury’s counsel (if Treasury is participating in the registered offering), and expenses of the Company’s independent accountants in connection with any regular or special reviews or audits incident to or required by any such registration, but shall not include Selling Expenses.

“Selling Expenses” mean all discounts, selling commissions and stock transfer taxes applicable to the sale of Registrable Securities and fees and disbursements of counsel for any Holder (other than the fees and disbursements of Treasury’s counsel included in Registration Expenses).

At any time, any holder of Registrable Securities (including any Holder) may elect to forfeit its rights set forth in this Section 4.5 from that date forward; provided, that a
Holder forfeiting such rights shall nonetheless be entitled to participate under Section 4.5(b)(iv) – (vi) in any Pending Underwritten Offering to the same extent that such Holder would have been entitled to if the holder had not withdrawn; and provided, further, that no such forfeiture shall terminate a Holder’s rights or obligations under Section 4.5(g) with respect to any prior registration or Pending Underwritten Offering. “Pending Underwritten Offering” means, with respect to any Holder forfeiting its rights pursuant to this Section 4.5(m), any underwritten offering of Registrable Securities in which such Holder has advised the Company of its intent to register its Registrable Securities either pursuant to Section 4.5(b)(ii) or 4.5(b)(iv) prior to the date of such Holder’s forfeiture.

(n) Specific Performance. The parties hereto acknowledge that there would be no adequate remedy at law if the Company fails to perform any of its obligations under this Section 4.5 and that Treasury and the Holders from time to time may be irreparably harmed by any such failure, and accordingly agree that Treasury and such Holders, in addition to any other remedy to which they may be entitled at law or in equity, to the fullest extent permitted and enforceable under applicable law shall be entitled to compel specific performance of the obligations of the Company under this Section 4.5 in accordance with the terms and conditions of this Section 4.5.

(o) No Inconsistent Agreements. The Company shall not, on or after the date hereof, enter into any agreement with respect to its securities that may impair the rights granted to Treasury and the Holders under this Section 4.5 or that otherwise conflicts with the provisions hereof in any manner that may impair the rights granted to Treasury and the Holders under this Section 4.5. In the event the Company has, prior to the date hereof, entered into any agreement with respect to its securities that is inconsistent with the rights granted to Treasury and the Holders under this Section 4.5 (including agreements that are inconsistent with the order of priority contemplated by Section 4.5(b)(vi)) or that may otherwise conflict with the provisions hereof, the Company shall use its reasonable best efforts to amend such agreements to ensure they are consistent with the provisions of this Section 4.5. Any transaction entered into by the Company that would reasonably be expected to require the inclusion in a Shelf Registration Statement or any Company Report filed with the SEC of any separate financial statements pursuant to Rule 3-05 of Regulation S-X or pro forma financial statements pursuant to Article 11 of Regulation S-X shall include provisions requiring the Company’s counterparty to provide any information necessary to allow the Company to comply with its obligation hereunder.

(p) Certain Offerings by Treasury. In the case of any securities held by Treasury that cease to be Registrable Securities solely by reason of clause (2) in the definition of “Registrable Securities,” the provisions of Sections 4.5(b)(ii), clauses (iv), (ix) and (x)-(xii) of Section 4.5(d), Section 4.5(h) and Section 4.5(j) shall continue to apply until such securities otherwise cease to be Registrable Securities. In any such case, an “underwritten” offering or other disposition shall include any distribution of such securities on behalf of Treasury by one or more broker-dealers, an “underwriting agreement” shall include any purchase agreement entered into by such broker-dealers, and any “registration statement” or “prospectus” shall include any offering document approved by the Company and used in connection with such distribution.

(q) Registered Sales of the Warrants. The Holders agree to sell the Warrants or any portion thereof under the Shelf Registration Statement only beginning 30 days after notifying the
Company of any such sale, during which 30-day period Treasury and all Holders of the Warrants shall take reasonable steps to agree to revisions to the Warrants, at the expense of the Company, to permit a public distribution of the Warrants, including entering into a revised warrant agreement, appointing a warrant agent, and making the securities eligible for book entry clearing and settlement at the Depositary Trust Company.

(c) **Market Stand-Off.** In the event of an IPO, the Company shall not be required to effect a registration (including a resale of Registrable Securities from an effective Shelf Registration Statement) or an underwritten offering pursuant to Section 4.5(b) and Treasury agrees, if requested by the managing underwriter or underwriters in such IPO, not to (i) offer for sale, sell, pledge, or otherwise dispose of (or enter into any transaction or device that is designed to, or could be expected to, result in the disposition by any person at any time in the future of) any Registrable Securities (including Registrable Securities that may be deemed to be beneficially owned by the undersigned in accordance with the rules and regulations of the SEC); (ii) enter into any swap or other derivatives transaction that transfers to another, in whole or in part, any of the economic benefits or risks of ownership of Registrable Securities, whether any such transaction is to be settled by delivery of Registrable Securities, in cash or otherwise; (iii) make any demand for or exercise any right or cause to be filed a registration statement, including any amendments thereto, with respect to the registration of any Registrable Securities; or (iv) publicly disclose the intention to do any of the foregoing, in each case (to the extent timely notified in writing by the Company or the managing underwriter or underwriters), during the period beginning seven days before and ending 90 days after the date of the underwriting agreement entered into in connection with such IPO. If requested by the managing underwriter or underwriters of any such IPO, Treasury shall execute a separate agreement to the foregoing effect. The Company may impose stop-transfer instructions with respect to Registrable Securities subject to the foregoing restriction until the end of the period referenced above. The foregoing provisions of this Section 4.5(r) shall not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement, and shall be applicable only if all officers, directors, and shareholders beneficially owning more than one percent (1%) of the Company’s outstanding Common Stock are subject to the same restrictions.

“IPO” means the first underwritten public offering and sale of the Common Stock for cash pursuant to an effective registration statement (other than on Form S-4, S-8 or a comparable form) under the Securities Act.

4.6 **Voting of Warrant Shares.** Notwithstanding anything in this Agreement to the contrary, Treasury shall not exercise any voting rights with respect to the Warrant Shares.

**Article V**

**Miscellaneous**

5.1 **Survival of Representations and Warranties.** The representations and warranties of the Company made herein or in any certificates delivered in connection with the Initial Closing or any subsequent Closing shall survive such Closing without limitation.

5.2 **Amendment.** No amendment of any provision of this Agreement will be effective unless made in writing and signed by an officer or a duly authorized representative of each party;
provided that Treasury may unilaterally amend any provision of this Agreement to the extent required to comply with any changes after the date hereof in applicable federal statutes. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative of any rights or remedies provided by law.

5.3 Waiver of Conditions. No waiver will be effective unless it is in a writing signed by a duly authorized officer of the waiving party that makes express reference to the provision or provisions subject to such waiver.

5.4 Governing Law; Submission to Jurisdiction, Etc. This Agreement will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the parties hereto agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia and the United States Court of Federal Claims for any and all civil actions, suits or proceedings arising out of or relating to this Agreement or the Warrants or the transactions contemplated hereby or thereby, and (b) that notice may be served upon (i) the Company at the address and in the manner set forth for notices to the Company in Section 5.5 and (ii) Treasury in accordance with federal law. To the extent permitted by applicable law, each of the parties hereto hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to this Agreement or the Warrants or the transactions contemplated hereby or thereby.

5.5 Notices. Any notice, request, instruction or other document to be given hereunder by any party to the other will be in writing and will be deemed to have been duly given (a) on the date of delivery if delivered personally, or by facsimile, upon confirmation of receipt, or (b) on the second Business Day following the date of dispatch if delivered by a recognized next day courier service. All notices to the Company shall be delivered as set forth below, or pursuant to such other instruction as may be designated in writing by the Company to Treasury. All notices to Treasury shall be delivered as set forth below, or pursuant to such other instructions as may be designated in writing by Treasury to the Company.

5.6 Definitions.

(a) The term “Governmental Authority” means the government of the United States of America or any other nation, or of any political subdivision thereof, whether state or local, and any agency, authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any supra-national bodies such as the European Union or the European Central Bank).

(b) The term “Laws” has the meaning ascribed thereto in the Loan Agreement.

(c) The term “Lien” has the meaning ascribed thereto in the Loan Agreement.

(d) The term “Material Adverse Effect” means (a) a material adverse change in, or a material adverse effect on, the operations, business, properties, liabilities (actual or contingent), condition (financial or otherwise) or prospects of the Company and its Subsidiaries taken as a whole; or (b) a material adverse effect on (i) the ability of the Company to perform its obligations under this Agreement or any Warrant or (ii) the legality, validity, binding effect or enforceability against the Company of this Agreement or any Warrant to which it is a party.

(e) The term “Organizational Documents” has the meaning ascribed thereto in the Loan Agreement.

(f) The term “Subsidiary” has the meaning ascribed thereto in the Loan Agreement.

5.7 Assignment. Neither this Agreement nor any right, remedy, obligation nor liability arising hereunder or by reason hereof shall be assignable by any party hereto without the prior written consent of the other party, and any attempt to assign any right, remedy, obligation or liability hereunder without such consent shall be void, except (a) an assignment, in the case of a Business Combination where such party is not the surviving entity, or a sale of substantially all of its assets, to the entity which is the survivor of such Business Combination or the purchaser in such sale and (b) as provided in Section 4.5.

5.8 Severability. If any provision of this Agreement or the Warrants, or the application thereof to any person or circumstance, is determined by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions hereof, or the application of such provision to persons or circumstances other than those as to which it has been held invalid or unenforceable, will remain in full force and effect and shall in no way be affected, impaired or invalidated thereby, so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination, the parties shall negotiate in good faith in an effort to agree upon a suitable and equitable substitute provision to effect the original intent of the parties.
5.9 **No Third Party Beneficiaries.** Nothing contained in this Agreement, expressed or implied, is intended to confer upon any person or entity other than the Company and Treasury any benefit, right or remedies, except that the provisions of Section 4.5 shall inure to the benefit of the persons referred to in that Section.
IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective officers thereunto duly authorized, as of the date first above written.

FORM OF OPINION

(a) The Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of the state of its incorporation.

(b) Each of the Warrants has been duly authorized and, when executed and delivered as contemplated by the Agreement, will constitute a valid and legally binding obligation of the Company enforceable against the Company in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors’ rights generally and general equitable principles, regardless of whether such enforceability is considered in a proceeding at law or in equity.

(c) The shares of Common Stock issuable upon exercise of the Warrants have been duly authorized and reserved for issuance upon exercise of the Warrants and when so issued in accordance with the terms of the Warrants will be validly issued, fully paid and non-assessable [insert, if applicable: , subject to the approvals of the Company’s stockholders set forth on Schedule 3].

(d) The Company has the corporate power and authority to execute and deliver the Agreement and the Warrants and [insert, if applicable: , subject to the approvals of the Company’s stockholders set forth on Schedule 3] to carry out its obligations thereunder (which includes the issuance of the Warrants and Warrant Shares).

(e) The execution, delivery and performance by the Company of the Agreement and the Warrants and the consummation of the transactions contemplated thereby have been duly authorized by all necessary corporate action on the part of the Company and its stockholders, and no further approval or authorization is required on the part of the Company [insert, if applicable: , subject, in each case, to the approvals of the Company’s stockholders set forth on Schedule 3].

(f) The Agreement is a valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors’ rights generally and general equitable principles, regardless of whether such enforceability is considered in a proceeding at law or in equity; provided, however, such counsel need express no opinion with respect to Section 4.5(h) or the severability provisions of the Agreement insofar as Section 4.5(h) is concerned.

(g) No registration of the Warrant and the Common Stock issuable upon exercise of the Warrant under the U.S. Securities Act of 1933, as amended, is required for the offer and sale of the Warrant or the Common Stock issuable upon exercise of the Warrant by the Company to the Holder pursuant to and in the manner contemplated by this Agreement.

(h) The Company is not required to be registered as an investment company under the Investment Company Act of 1940, as amended.

“Warrant Agreement” means the Warrant Agreement, dated as of the date set forth in Item 4 of Schedule A hereto, as amended from time to time, between the Company and the United States Department of the Treasury.

“Warrantholder” has the meaning set forth in Section 2.

“Warrant Shares” has the meaning set forth in Section 2.

2. Number of Warrant Shares; Net Exercise. This certifies that, for value received, the United States Department of the Treasury or its permitted assigns (the “Warrantholder”) is entitled, upon the terms and subject to the conditions hereinafter set forth, to acquire from the Company, in whole or in part, after the receipt of all applicable Regulatory Approvals, if any, up to an aggregate of the number of fully paid and nonassessable shares of Common Stock set forth in Item 5 of Schedule A hereto. The number of shares of Common Stock (the “Warrant Shares”) issuable upon exercise of this Warrant and the Exercise Price are subject to adjustment as provided herein, and all references to “Common Stock,” “Warrant Shares” and “Exercise Price” herein shall be deemed to include any such adjustment or series of adjustments.

Upon exercise of the Warrant in accordance with Section 3 hereof prior to the date that is 30 days prior to the Expiration Time, the Company shall elect to pay or deliver, as the case may be, to the exercising Warrantholder (a) cash (“Net Cash Settlement”) or (b) Warrant Shares together with cash, if applicable, in lieu of delivering any fractional shares in accordance with Section 5 of this Warrant (“Net Share Settlement”). The Company will notify the exercising Warrantholder of its election of a settlement method within one Business Day after the relevant Exercise Date and if it fails to deliver a timely notice shall be deemed to have elected Net Share Settlement.

If the Common Stock is not listed on a national securities exchange on an Exercise Date, the Company shall be deemed to irrevocably elect Net Cash Settlement with respect to such exercise.

A. Net Cash Settlement. If the Company elects Net Cash Settlement, it shall pay to the Warrantholder cash equal to the Per Share Net Cash Settlement Amount multiplied by the number of Warrant Shares as to which the Warrant has been exercised as indicated in the Notice of Exercise (the “Aggregate Net Cash Settlement Amount”).

B. Net Share Settlement. If the Company elects Net Share Settlement, it shall deliver to the Warrantholder a number of shares of Common Stock equal to the Per Share Net Share Settlement Amount multiplied by the number of Warrant Shares as to which the Warrant has been exercised as indicated in the Notice of Exercise (the “Aggregate Net Share Settlement Amount”).

3. Term; Method of Exercise; Valuation Requests.

A. Subject to Section 2, to the extent permitted by applicable laws and regulations, this Warrant is exercisable, in whole or in part, by the Warrantholder, at any time or from time to time after the execution and delivery of this Warrant by the Company on the date hereof, but in no event later than the Expiration Time.
B. This Warrant may be exercised by the surrender of this Warrant and delivery of the Notice of Exercise annexed hereto, duly completed and executed on behalf of the Warrantholder, at the principal executive office of the Company located at the address set forth in Item 6 of Schedule A hereto (or such other office or agency of the Company in the United States as it may designate by notice in writing to the Warrantholder at the address of the Warrantholder appearing on the books of the Company).

C. If the Common Stock is not listed on a national securities exchange on the applicable Exercise Date, the Warrantholder may only exercise this Warrant if the number of shares of Common Stock with respect to which the Warrantholder is exercising this Warrant, aggregated with the number of shares of Common Stock with respect to which the Warrantholder is exercising other warrants issued under the Warrant Agreement on the relevant Exercise Date, is no less than the Minimum Exercise Amount.

D. If the Warrantholder does not exercise this Warrant in its entirety, the Warrantholder will be entitled to receive from the Company within a reasonable time after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant, and in any event not exceeding three Business Days after the date thereof, a new warrant in substantially identical form for the purchase of that number of Warrant Shares equal to the difference between the number of Warrant Shares subject to this Warrant and the number of Warrant Shares as to which this Warrant is so exercised. Notwithstanding anything in this Warrant to the contrary, the Warrantholder hereby acknowledges and agrees that its exercise of this Warrant for Warrant Shares is subject to the condition that the Warrantholder will have first received any applicable Regulatory Approvals.

E. If the Common Stock is not listed on a national securities exchange the Company shall (i) upon request of a Warrantholder, promptly deliver to such Warrantholder the most recent Equity Value of the Company and (ii) obtain an Equity Value as of a date within 90 days subsequent to receipt of a written request from a Warrantholder for such valuation, provided that the Company shall not be required to obtain an Equity Value more than 4 times in any 12 month period.

4. **Method of Settlement.**

A. **Net Cash Settlement.** If the Company elects Net Cash Settlement, the Company shall, (A) if the Common Stock at the time of such election is not listed on a national securities exchange, use its best efforts to as soon as possible, and no more than sixty days after, and (B) if the Common Stock at the time of such election is listed on a national securities exchange, within a reasonable time, not to exceed five Business Days, after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant, pay to the exercising Warrantholder the Aggregate Net Cash Settlement Amount.

B. **Net Share Settlement.** If the Company elects Net Share Settlement, shares of Common Stock equal to the Aggregate Net Share Settlement Amount shall be (s) issued in such
name or names as the exercising Warrantholder may designate and (y) delivered by the Company or the Company’s transfer agent to such Warrantholder or its nominee or nominees (i) if the shares are then able to be so delivered, via book-entry transfer crediting the account of such Warrantholder (or the relevant agent member for the benefit of such Warrantholder) through the Depositary’s DWAC system (if the Company’s transfer agent participates in such system), or (ii) otherwise in certificated form by physical delivery to the address specified by the Warrantholder in the Notice of Exercise, within a reasonable time, not to exceed three Business Days after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant. The Company hereby represents and warrants that any Warrant Shares issued upon the exercise of this Warrant in accordance with the provisions of Section 3 will be duly and validly authorized and issued, fully paid and nonassessable and free from all taxes, liens and charges (other than liens or charges created by the Warrantholder, income and franchise taxes incurred in connection with the exercise of the Warrant or taxes in respect of any transfer occurring contemporaneously therewith). The Company agrees that the Warrant Shares so issued will be deemed to have been issued to the Warrantholder as of the close of business on the date on which this Warrant and payment of the Exercise Price are delivered to the Company in accordance with the terms of this Warrant, notwithstanding that the stock transfer books of the Company may then be closed or certificates representing such Warrant Shares may not be actually delivered on such date. The Company will at all times reserve and keep available, out of its authorized but unissued Common Stock, solely for the purpose of providing for the exercise of this Warrant, the aggregate number of shares of Common Stock then issuable upon exercise of this Warrant at any time. If the Common Stock is listed on a national securities exchange, the Company will (A) procure, at its sole expense, the listing of the Warrant Shares issuable upon exercise of this Warrant at any time, subject to issuance or notice of issuance, on all principal stock exchanges on which the Common Stock is then listed or traded and (B) maintain such listings of such Warrant Shares at all times after issuance. The Company will use reasonable best efforts to ensure that the Warrant Shares may be issued without violation of any applicable law or regulation or of any requirement of any securities exchange on which the Warrant Shares are listed or traded.

5. **No Fractional Warrant Shares or Scrip.** No fractional Warrant Shares or scrip representing fractional Warrant Shares shall be issued upon any exercise of this Warrant. In lieu of any fractional Share to which the Warrantholder would otherwise be entitled, the Warrantholder shall be entitled to receive a cash payment equal to the Per Share Value of the Common Stock determined as of the Exercise Date multiplied by such fraction of a share, less the pro-rated Exercise Price for such fractional share.

6. **No Rights as Stockholders; Transfer Books.** This Warrant does not entitle the Warrantholder to any voting rights or other rights as a stockholder of the Company prior to the date of exercise hereof. The Company will at no time close its transfer books against transfer of this Warrant in any manner which interferes with the timely exercise of this Warrant.

7. **Charges, Taxes and Expenses.** Issuance of certificates for Warrant Shares to the Warrantholder upon the exercise of this Warrant shall be made without charge to the Warrantholder for any issue or transfer tax or other incidental expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Company; provided, however, that the Company shall not be required to pay any tax that may be payable in respect of
any transfer involved in the issuance and delivery of any such certificate, or any certificates or other securities in a name other than that of the registered holder of the Warrant surrendered upon exercise of the Warrant.

8. **Transfer/Assignment**

   A. Subject to compliance with clause (B) of this Section 8, this Warrant and all rights hereunder are transferable, in whole or in part, upon the books of the Company by the registered holder hereof in person or by duly authorized attorney, and a new warrant shall be made and delivered by the Company, of the same tenor and date as this Warrant but registered in the name of one or more transferees, upon surrender of this Warrant, duly endorsed, to the office or agency of the Company described in Section 3. All expenses (other than stock transfer taxes) and other charges payable in connection with the preparation, execution and delivery of the new warrants pursuant to this Section 8 shall be paid by the Company.

   B. If and for so long as required by the Warrant Agreement, this Warrant shall contain the legend as set forth in Section 4.2(a) of the Warrant Agreement.

9. **Exchange and Registry of Warrant.** This Warrant is exchangeable, upon the surrender hereof by the Warrantholder to the Company, for a new warrant or warrants of like tenor and representing the right to purchase the same aggregate number of Warrant Shares. The Company shall maintain a registry showing the name and address of the Warrantholder as the registered holder of this Warrant. This Warrant may be surrendered for exchange or exercise in accordance with its terms, at the office of the Company, and the Company shall be entitled to rely in all respects, prior to written notice to the contrary, upon such registry.

10. **Loss, Theft, Destruction or Mutilation of Warrant.** Upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant, and in the case of any such loss, theft or destruction, upon receipt of a bond, indemnity or security reasonably satisfactory to the Company, or, in the case of any such mutilation, upon surrender and cancellation of this Warrant, the Company shall make and deliver, in lieu of such lost, stolen, destroyed or mutilated Warrant, a new Warrant of like tenor and representing the right to purchase the same aggregate number of Warrant Shares as provided for in such lost, stolen, destroyed or mutilated Warrant.

11. **Saturdays, Sundays, Holidays, etc.** If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Business Day, then such action may be taken or such right may be exercised on the next succeeding day that is a Business Day.

12. **Information.** With a view to making available to Warrantholders the benefits of certain rules and regulations of the SEC which may permit the sale of the Warrants and Warrant Shares to the public without registration, the Company agrees to use its reasonable best efforts to:

   A. (x) if the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, file with the SEC, in a timely manner, all reports and other documents required of the Company under the Securities Act and the Exchange Act, and (y) if at
any time the Company is not required to file such reports, make available, upon the request of any Warrantholder, such information necessary to permit sales pursuant to Rule 144A (including the information required by Rule 144A(d)(4) under the Securities Act);

B. if the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, furnish to any holder of Warrants or Warrant Shares forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of the Exchange Act and Rule 144(c)(1);

C. furnish to any holder of Warrants or Warrant Shares forthwith upon request a copy of the Company’s most recent annual or quarterly report and such other reports and documents as the Warrantholder may reasonably request; and

D. take such further action as any Warrantholder may reasonably request, all to the extent required from time to time to enable such Warrantholder to sell Warrants or Warrant Shares without registration under the Securities Act.

13. Adjustments and Other Rights.

A. Adjustments at a time when the Common Stock is not listed on a national securities exchange. If, at any time at which the Common Stock is not listed on a national securities exchange, any event occurs that, in the good faith judgment of the Board of Directors of the Company, would require adjustment of the Exercise Price or number of Warrant Shares issuable upon exercise of this Warrant in order to fairly and adequately protect the purchase rights of the Warrants in accordance with the essential intent and principles of the Warrant Agreement and the Warrants, then the Board of Directors shall make such adjustments in the application of such provisions, in accordance with such essential intent and principles, as shall be reasonably necessary, in the good faith opinion of the Board of Directors, to protect such purchase rights as aforesaid. The Exercise Price or the number of Warrant Shares shall not be adjusted in the event of a change in the par value of the Common Stock or a change in the jurisdiction of incorporation of the Company.

B. Adjustments at a time when the Common Stock is listed on a national securities exchange. At any time at which the Common Stock is listed on a national securities exchange, the Exercise Price and the number of Warrant Shares issuable upon exercise of the Warrant shall be subject to adjustment from time to time as follows; provided, that if more than one subsection of this Section 13(B) is applicable to a single event, the subsection shall be applied that produces the largest adjustment and no single event shall cause an adjustment under more than one subsection of this Section 13(B) so as to result in duplication:

i. Stock Splits, Subdivisions, Reclassifications or Combinations. If the Company shall (i) declare and pay a dividend or make a distribution on its Common Stock in shares of Common Stock, (ii) subdivide or reclassify the outstanding shares of Common Stock into a greater number of shares, or (iii) combine or reclassify the outstanding shares of Common Stock into a smaller number of shares, the number of Warrant Shares issuable upon exercise of this Warrant at the time of the record date for such dividend or distribution or the
effective date of such subdivision, combination or reclassification shall be proportionately adjusted so that the Warrantholder after such date shall be entitled to acquire the number of shares of Common Stock which such holder would have owned or been entitled to receive in respect of the shares of Common Stock subject to this Warrant after such date had this Warrant been exercised immediately prior to such date. In such event, the Exercise Price in effect at the time of the record date for such dividend distribution or the effective date of such subdivision, combination or reclassification shall be adjusted so that the Warrantholder after such date shall be entitled to acquire the number of shares of Common Stock which such holder would have owned or been entitled to receive in respect of the shares of Common Stock subject to this Warrant after such date had this Warrant been exercised immediately prior to such date. In such event, the Exercise Price in effect at the time of the record date for such dividend or distribution or the effective date of such subdivision, combination or reclassification shall be adjusted to the number obtained by dividing (x) the product of (1) the number of Warrant Shares issuable upon the exercise of this Warrant before such adjustment and (2) the Exercise Price in effect immediately prior to the record or effective date, as the case may be, for the dividend, distribution, subdivision, combination or reclassification giving rise to this adjustment by (y) the new number of Warrant Shares issuable upon exercise of the Warrant determined pursuant to this immediately preceding sentence.

ii. Certain Issuances of Common Stock or Convertible Securities

If the Company shall issue shares of Common Stock (or rights or warrants or other securities exercisable or convertible into or exchangeable (collectively, a “conversion”) for shares of Common Stock) (collectively, “convertible securities”) (other than in Permitted Transactions (as defined below) or a transaction to which subsection (i) of this Section 13(B) is applicable) without consideration or at a consideration per share (or having a conversion price per share) that is less than 90% of the Average Market Price determined as of the date of the agreement on pricing such shares (or such convertible securities) then, in such event:

1. the number of Warrant Shares issuable upon the exercise of this Warrant immediately prior to the date of the agreement on pricing of such shares (or of such convertible securities) (the “Initial Number”) shall be increased to the number obtained by multiplying the Initial Number by a fraction (A) the numerator of which shall be the sum of (x) the number of shares of Common Stock of the Company outstanding on such date and (y) the number of additional shares of Common Stock issued (or into which convertible securities may be exercised or convert) and (B) the denominator of which shall be the sum of (I) the number of shares of Common Stock outstanding on such date and (II) the number of shares of Common Stock which the aggregate consideration receivable by the Company for the total number of shares of Common Stock so issued (or into which convertible securities may be exercised or convert) would purchase at the Average Market Price determined as of the date of the agreement on pricing such shares (or such convertible securities); and

2. the Exercise Price payable upon exercise of the Warrant shall be adjusted by multiplying such Exercise Price in effect immediately
prior to the date of the agreement on pricing of such shares (or of such convertible securities) by a fraction, the numerator of which shall be the number of shares of Common Stock issuable upon exercise of this Warrant prior to such date and the denominator of which shall be the number of shares of Common Stock issuable upon exercise of this Warrant immediately after the adjustment described in clause (1) above.

For purposes of the foregoing, the aggregate consideration receivable by the Company in connection with the issuance of such shares of Common Stock or convertible securities shall be deemed to be equal to the sum of the net offering price (including the Fair Market Value of any non-cash consideration and after deduction of any related expenses payable to third parties) of all such securities plus the minimum aggregate amount, if any, payable upon exercise or conversion of any such convertible securities into shares of Common Stock; and “Permitted Transactions” shall mean issuances (i) as consideration for or to fund the acquisition of businesses and/or related assets, (ii) in connection with employee benefit plans and compensation related arrangements in the ordinary course and consistent with past practice approved by the Board of Directors, (iii) in connection with a public or broadly marketed offering and sale of Common Stock or convertible securities for cash conducted by the Company or its affiliates pursuant to registration under the Securities Act or Rule 144A thereunder on a basis consistent with capital raising transactions by comparable institutions and (iv) in connection with the exercise of preemptive rights on terms existing as of the Issue Date. Any adjustment made pursuant to this Section 13(B)(ii) shall become effective immediately upon the date of such issuance.

iii. Other Distributions. In case the Company shall fix a record date for the making of a distribution to all holders of shares of its Common Stock of securities, evidences of indebtedness, assets, cash, rights or warrants (excluding dividends of its Common Stock and other dividends or distributions referred to in Section 13(B)(i)), in each such case, the Exercise Price in effect prior to such record date shall be reduced immediately thereafter to the price determined by multiplying the Exercise Price in effect immediately prior to the reduction by the quotient of (x) the Average Market Price of the Common Stock determined as of the first date on which the Common Stock trades regular way on the principal national securities exchange on which the Common Stock is listed or admitted to trading without the right to receive such distribution, minus the amount of cash and/or the Fair Market Value of the securities, evidences of indebtedness, assets, rights or warrants to be so distributed in respect of one share of Common Stock (such amount and/or Fair Market Value, the “Per Share Fair Market Value”) divided by (y) the Average Market Price specified in clause (x); such adjustment shall be made successively whenever such a record date is fixed. In such event, the number of Warrant Shares issuable upon the exercise of this Warrant shall be increased to the number obtained by dividing (x) the product of (1) the number of Warrant Shares issuable upon the exercise of this Warrant before such adjustment, and (2) the Exercise Price in effect immediately prior to the distribution giving
rise to this adjustment by (y) the new Exercise Price determined in accordance with the immediately preceding sentence. In the event that such distribution is not so made, the Exercise Price and the number of Warrant Shares issuable upon exercise of this Warrant then in effect shall be readjusted, effective as of the date when the Board of Directors determines not to distribute such shares, evidences of indebtedness, assets, rights, cash or warrants, as the case may be, to the Exercise Price that would then be in effect and the number of Warrant Shares that would then be issuable upon exercise of this Warrant if such record date had not been fixed.

iv. Certain Repurchases of Common Stock. In case the Company effects a Pro Rata Repurchase of Common Stock, then the Exercise Price shall be reduced to the price determined by multiplying the Exercise Price in effect immediately prior to the Effective Date of such Pro Rata Repurchase by a fraction of which the numerator shall be (i) the number of shares of Common Stock outstanding immediately before such Pro Rata Repurchase and (y) the Average Market Price of a share of Common Stock determined as of the date of the first public announcement by the Company or any of its Affiliates of the intent to effect such Pro Rata Repurchase, and of which the denominator shall be the product of (i) the number of shares of Common Stock outstanding immediately prior to such Pro Rata Repurchase minus the number of shares of Common Stock so repurchased and (ii) the Average Market Price per share of Common Stock determined as of the date of the first public announcement by the Company or any of its Affiliates of the intent to effect such Pro Rata Repurchase. In such event, the number of shares of Common Stock issuable upon the exercise of this Warrant shall be increased to the number obtained by dividing (x) the product of (1) the number of Warrant Shares issuable upon the exercise of this Warrant before such adjustment, and (2) the Exercise Price in effect immediately prior to the Pro Rata Repurchase giving rise to this adjustment by (y) the new Exercise Price determined in accordance with the immediately preceding sentence. For the avoidance of doubt, no increase to the Exercise Price or decrease in the number of Warrant Shares issuable upon exercise of this Warrant shall be made pursuant to this Section 13(B)(iv).

v. Other Events. For so long as the Original Warrantholder holds this Warrant or any portion thereof, if any event occurs as to which the provisions of this Section 13 are not strictly applicable or, if strictly applicable, would not, in the good faith judgment of the Board of Directors of the Company, fairly and adequately protect the purchase rights of the Warrants in accordance with the essential intent and principles of such provisions, then the Board of Directors shall make such adjustments in the application of such provisions, in accordance with such essential intent and principles, as shall be reasonably necessary, in the good faith opinion of the Board of Directors, to protect such purchase rights as aforesaid. The Exercise Price or the number of Warrant Shares shall not be adjusted in the event of a change in the par value of the Common Stock or a change in the jurisdiction of incorporation of the Company.
C. **Business Combinations.** In case of any Business Combination or reclassification of Common Stock (other than a reclassification of Common Stock referred to in Section 13(B)(i)), the Warrantholder’s right to receive Warrant Shares upon exercise of this Warrant shall be converted into the right to exercise this Warrant to acquire the number of shares of stock or other securities or property (including cash) which the Common Stock issuable (at the time of such Business Combination or reclassification) upon exercise of this Warrant immediately prior to such Business Combination or reclassification would have been entitled to receive upon consummation of such Business Combination or reclassification; and in any such case, if necessary, the provisions set forth herein with respect to the rights and interests thereafter of the Warrantholder shall be appropriately adjusted so as to be applicable, as nearly as may reasonably be, to the Warrantholder’s right to exercise this Warrant in exchange for any shares of stock or other securities or property pursuant to this paragraph. In determining the kind and amount of stock, securities or the property receivable upon exercise of this Warrant following the consummation of such Business Combination, if the holders of Common Stock have the right to elect the kind or amount of consideration receivable upon consummation of such Business Combination, then the consideration that the Warrantholder shall be entitled to receive upon exercise shall be deemed to be the types and amounts of consideration received by the majority of all holders of the shares of common stock that affirmatively make an election (or of all such holders if none make an election).

D. **Rounding of Calculations; Minimum Adjustments.** All calculations under this Section 13 shall be made to the nearest one-tenth (1/10th) of a cent or to the nearest one-hundredth (1/100th) of a share, as the case may be. Any provision of this Section 13 to the contrary notwithstanding, no adjustment in the Exercise Price or the number of Warrant Shares shall be made if the amount of such adjustment would be less than $0.01 or one-tenth (1/10th) of a share of Common Stock, but any such amount shall be carried forward and an adjustment with respect thereto shall be made at the time of and together with any subsequent adjustment which, together with such amount and any other amount or amounts so carried forward, shall aggregate $0.01 or 1/10th of a share of Common Stock, or more.

E. **Timing of Issuance of Additional Common Stock Upon Certain Adjustments.** In any case in which the provisions of this Section 13 shall require that an adjustment shall become effective immediately after a record date for an event, the Company may defer until the occurrence of such event (i) issuing to the Warrantholder of this Warrant exercised after such record date and before the occurrence of such event the additional shares of Common Stock issuable upon such exercise by reason of the adjustment required by such event over and above the shares of Common Stock issuable upon such exercise before giving effect to such adjustment and (ii) paying to such Warrantholder any amount of cash in lieu of a fractional share of Common Stock; provided, however, that the Company upon request shall deliver to such Warrantholder a due bill or other appropriate instrument evidencing such Warrantholder’s right to receive such additional shares, and such cash, upon the occurrence of the event requiring such adjustment.

F. **Statement Regarding Adjustments.** Whenever the Exercise Price or the number of Warrant Shares shall be adjusted as provided in this Section 13, the Company shall forthwith file at the principal office of the Company a statement showing in reasonable detail the facts requiring such adjustment and the Exercise Price that shall be in effect and the number of
Warrant Shares after such adjustment, and the Company shall also cause a copy of such statement to be sent by mail, first class postage prepaid, to each Warrantholder at the address appearing in the Company’s records.

G. Notice of Adjustment Event. In the event that the Company shall propose to take any action of the type described in this Section 13 (but only if the action of the type described in this Section 13 would result in an adjustment in the Exercise Price or the number of Warrant Shares or a change in the type of securities or property to be delivered upon exercise of this Warrant), the Company shall give notice to the Warrantholder, in the manner set forth in this Section 13(G), which notice shall specify the record date, if any, with respect to any such action and the approximate date on which such action is to take place. Such notice shall also set forth the facts with respect thereto as shall be reasonably necessary to indicate the effect on the Exercise Price and the number, kind or class of shares or other securities or property which shall be deliverable upon exercise of this Warrant. In the case of any action which would require the fixing of a record date, such notice shall be given at least 10 days prior to the date so fixed, and in case of all other action, such notice shall be given at least 15 days prior to the taking of such proposed action. Failure to give such notice, or any defect therein, shall not affect the legality or validity of any such action.

H. Proceedings Prior to Any Action Requiring Adjustment. As a condition precedent to the taking of any action which would require an adjustment pursuant to this Section 13, the Company shall take any action which may be necessary, including obtaining regulatory, New York Stock Exchange, NASDAQ Stock Market or other applicable national securities exchange or stockholder approvals or exemptions, as applicable, in order that the Company may thereafter validly and legally issue as fully paid and nonassessable all shares of Common Stock that the Warrantholder is entitled to receive upon exercise of this Warrant pursuant to this Section 13.

I. Adjustment Rules. Any adjustments pursuant to this Section 13 shall be made successively whenever an event referred to herein shall occur. If an adjustment in Exercise Price made hereunder would reduce the Exercise Price to an amount below par value of the Common Stock, then such adjustment in Exercise Price made hereunder shall reduce the Exercise Price to the par value of the Common Stock.

14. No Impairment. The Company will not, by amendment of its Charter or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Company, but will at all times in good faith assist in the carrying out of all the provisions of this Warrant and in taking of all such action as may be necessary or appropriate in order to protect the rights of the Warrantholder.

15. Governing Law. This Warrant will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the Company and the Warrantholder agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia for any civil action, suit or
16. **Binding Effect.** This Warrant shall be binding upon any successors or assigns of the Company.

17. **Amendments.** This Warrant may be amended and the observance of any term of this Warrant may be waived only with the written consent of the Company and the Warrantholder.

18. **Prohibited Actions.** The Company agrees that it will not take any action which would entitle the Warrantholder to an adjustment of the Exercise Price if the total number of shares of Common Stock issuable after such action upon exercise of this Warrant, together with all shares of Common Stock then outstanding and all shares of Common Stock then issuable upon the exercise of all outstanding options, warrants, conversion and other rights, would exceed the total number of shares of Common Stock then authorized by its Charter.

19. **Notices.** Any notice, request, instruction or other document to be given hereunder by any party to the other will be in writing and will be deemed to have been duly given (a) on the date of delivery if delivered personally, or by facsimile, upon confirmation of receipt, or (b) on the second Business Day following the date of dispatch if delivered by a recognized next day courier service. All notices hereunder shall be delivered as set forth in Item 7 of Schedule A hereto, or pursuant to such other instructions as may be designated in writing by the party to receive such notice.

20. **Entire Agreement.** This Warrant, the forms attached hereto and Schedule A hereto (the terms of which are incorporated by reference herein), and the Warrant Agreement (including all documents incorporated therein), contain the entire agreement between the parties with respect to the subject matter hereof and supersede all prior and contemporaneous arrangements or undertakings with respect thereto.

SCHEDULE A
**WARRANT SHARES FORMULA**

(a) The Exercise Price shall equal the Equity Value (as defined in Annex B), subject to approval of such Equity Value by Treasury (such approval not to be unreasonably delayed or withheld), determined as of (i) either April 9, 2020 or (ii) if the Company has determined the Equity Value as of the last day of the Company’s first fiscal quarter in 2020, as of the last day of the Company’s first fiscal quarter in 2020 divided by the Fully Diluted Outstanding Common Stock (as defined in Annex B).

(b) The number of Warrant Shares for which Warrants issued on each Warrant Closing Date shall be exercisable shall equal:

(i) On the date of the Initial Closing, the quotient of (x) the product of the principal amount of the initial Borrowing multiplied by 0.1 divided by (y) the Exercise Price; and

(ii) On each Warrant Closing Date subsequent to the date of the Initial Closing, the quotient of (x) the product of the principal amount of the subsequent Borrowing multiplied by 0.1 divided by (y) the Exercise Price.
Re: Amendments to Loan and Guarantee Agreement

Reference is made to that certain Loan and Guarantee Agreement, dated as of September 28, 2020 (the “Existing Loan and Guarantee Agreement”), and as amended hereby and as may be further amended, supplemented and restated or otherwise modified from time to time, the “Loan and Guarantee Agreement”), among Frontier Airlines, Inc., a corporation organized under the laws of Colorado (the “Borrower”), Frontier Group Holdings, Inc., a corporation organized under the laws of Delaware (the “Parent”), the United States Department of the Treasury (“Treasury”) and The Bank of New York Mellon as Administrative Agent and Collateral Agent. Capitalized terms used herein but not otherwise defined shall have the meanings ascribed to such terms in the Loan and Guarantee Agreement.

WHEREAS, Pursuant to Section 11.02 of the Loan and Guarantee Agreement, the Borrower has requested amendments to the Existing Loan and Guarantee Agreement as set forth herein; and

WHEREAS, Treasury, as the Initial Lender and constituting the Required Lenders, has agreed to amend the Existing Loan and Guarantee Agreement as set forth herein.

NOW, THEREFORE, in consideration of the mutual promises contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Effective as of the date hereof, Section 1.01 of the Existing Loan and Guarantee Agreement is hereby amended by inserting the following definition, in alphabetical order:

“PSP2 Warrant Agreement” means that certain warrant agreement, dated as of January 15, 2021 between Parent and Treasury.”

2. Effective as of the date hereof, the definition of “Warrants” in Section 1.01 of the Existing Loan and Guarantee Agreement is hereby amended and restated in its entirety as follows:

“Warrants” means, collectively, those certain warrants issued to Treasury under the Warrant Agreement, the PSP Warrant Agreement or the PSP2 Warrant Agreement.”

3. Effective as of the date hereof, Section 2.07 of the Existing Loan and Guarantee Agreement is hereby amended by deleting the reference to “March 26, 2021” and replacing it with “May 28, 2021”.

4. This letter agreement shall be limited as written and nothing herein shall be deemed to constitute an amendment or waiver of any other term, provision or condition of the Loan and Guarantee Agreement or any of the other Loan Documents in any other instance than as expressly set forth herein or prejudice any right or remedy that any Lender, the Administrative Agent or the Collateral Agent may now have or may in the future have under the Loan and Guarantee Agreement or any of the other Loan Documents. For the avoidance of doubt, this letter agreement is hereby deemed to be a Loan Document under the Loan and Guarantee Agreement. Except as herein provided, the Loan and Guarantee Agreement and the other Loan Documents shall remain unchanged and in full force and effect. This letter agreement shall not constitute a novation of the Loan and Guarantee Agreement or any other Loan Documents.
5. The Agents assume no responsibility for, and shall be entitled to rely on, without any obligation to ascertain or investigate, the correctness of the recitals and statements contained herein. The Agents shall not be liable or responsible in any manner whatsoever for, or in respect of, the validity or sufficiency of the amendments contained in this letter agreement.

6. Sections 11.06(b) (Electronic Execution), 11.09 (Governing Law; Jurisdiction; Etc.) and 11.10 (Waiver of Jury Trial) of the Loan and Guarantee Agreement shall apply mutatis mutandis to this letter agreement as if set out herein.

7. This letter agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this letter agreement by facsimile or in electronic (e.g., “pdf” or “tif”) format shall be effective as delivery of a manually executed counterpart of this letter agreement.

The Lenders party hereto hereby authorize and direct the Administrative Agent and the Collateral Agent to acknowledge this letter agreement.

[Remainder of this page intentionally left blank.]
IN WITNESS WHEREOF, the undersigned have caused this letter agreement to be duly executed by their duly authorized representatives, all as of the day and year first above written.

INTRODUCTION

Subtitle A of Title IV of Division N of the Consolidated Appropriations Act, 2021 (PSP Extension Law) directs the Department of the Treasury (Treasury) to provide Payroll Support (as defined herein) to passenger air carriers and certain contractors that must be exclusively used for the continuation of payment of Employee Salaries, Wages, and Benefits (as defined herein). The PSP Extension Law permits Treasury to provide Payroll Support in such form, and on such terms and conditions, as the Secretary of the Treasury determines appropriate, and requires certain assurances from the Recipient (as defined herein).

This Payroll Support Program Extension Agreement, including the application and all supporting documents submitted by the Recipient and the Payroll Support Program Extension Certification attached hereto (collectively, Agreement), memorializes the binding terms and conditions applicable to the Recipient.

DEFINITIONS

As used in this Agreement, the following terms shall have the following respective meanings, unless the context clearly requires otherwise. In addition, this Agreement shall be construed in a manner consistent with any public guidance Treasury may from time to time issue regarding the implementation of the PSP Extension Law.

Additional Payroll Support Payment means any disbursement of Payroll Support occurring after the first disbursement of Payroll Support under this Agreement.

Affiliate means any Person that directly or indirectly controls, is controlled by, or is under common control with, the Recipient. For purposes of this definition, “control” of a Person shall mean having the power, directly or indirectly, to direct or cause the direction of the management and policies of such Person, whether by ownership of voting equity, by contract, or otherwise.

Benefits means, without duplication of any amounts counted as Salary or Wages, pension expenses in respect of Employees, all expenses for accident, sickness, hospital, and death benefits to Employees, and the cost of insurance to provide such benefits; any Severance Pay or Other Benefits payable to Employees pursuant to a bona fide voluntary early retirement program or voluntary furlough; and any other similar expenses paid by the Recipient for the benefit of Employees, including any other fringe benefit expense described in lines 10 and 11 of Financial Reporting Schedule P-6, Form 41, as published by the Department of Transportation, but excluding any Federal, state, or local payroll taxes paid by the Recipient.

Corporate Officer means, with respect to the Recipient, its president; any vice president in charge of a principal business unit, division, or function (such as sales, administration or finance); any other officer who performs a policy-making function; or any other person who performs similar policy making functions for the Recipient. Executive officers of subsidiaries or parents of the Recipient may be deemed Corporate Officers of the Recipient if they perform such policy-making functions for the Recipient.
Employee means an individual who is employed by the Recipient and whose principal place of employment is in the United States (including its territories and possessions), including salaried, hourly, full-time, part-time, temporary, and leased employees, but excluding any individual who is a Corporate Officer or independent contractor.

Involuntary Termination or Furlough means the Recipient terminating the employment of one or more Employees or requiring one or more Employees to take a temporary suspension or unpaid leave for any reason, including a shut-down or slow-down of business; provided, however, that an Involuntary Termination or Furlough does not include a Permitted Termination or Furlough.

Maximum Awardable Amount means the amount determined by the Secretary with respect to the Recipient pursuant to section 403(a) of the PSP Extension Law.

Payroll Support means funds disbursed by the Secretary to the Recipient under this Agreement, including the first disbursement of Payroll Support and any Additional Payroll Support Payment.

PSP Extension Law means Subtitle A of Title IV of Division N of the Consolidated Appropriations Act, 2021.

Permitted Termination or Furlough means, with respect to an Employee, (1) a voluntary furlough, voluntary leave of absence, voluntary resignation, or voluntary retirement, (2) termination of employment resulting from such Employee’s death or disability, or (3) the Recipient terminating the employment of such Employee for cause or placing such Employee on a temporary suspension or unpaid leave of absence for disciplinary reasons, in either case, as reasonably determined by the Recipient acting in good faith.

Person means any natural person, corporation, limited liability company, partnership, joint venture, trust, business association, governmental entity, or other entity.

Recall means the dispatch of a notice by the Recipient, via mail, courier, or electronic mail, to an Employee who was subject to an Involuntary Termination or Furlough notifying the Employee that (1) the Employee must, within a specified period of time that is not less than 14 days or such other period for recall as is specified in an existing collective bargaining agreement entered into before December 27, 2020, elect either (a) to return to employment or bypass return to employment, in accordance with an applicable collective bargaining agreement or, in the absence of a collective bargaining agreement, the Recipient’s policy; or (b) to permanently separate from employment with the Recipient; and (2) failure to respond within such time period specified shall be considered an election under clause (1)(b) of this definition.

Recipient means, collectively, the Signatory Entity; its Affiliates that are listed on the signature page hereto as Additional Recipients; and their respective heirs, executors, administrators, successors, and assigns.

Returning Employee means an Employee of the Recipient who was subject to an Involuntary Termination or Furlough and who has elected to return to employment pursuant to a Recall.

3
Salary means, without duplication of any amounts counted as Benefits, a predetermined regular payment, typically paid on a weekly or less frequent basis but which may be expressed as an hourly, weekly, annual or other rate, as well as cost-of-living differentials, vacation time, paid time off, sick leave, and overtime pay, paid by the Recipient to its Employees, but excluding any Federal, state, or local payroll taxes paid by the Recipient.

Secretary means the Secretary of the Treasury.

Severance Pay or Other Benefits means any severance payment or other similar benefits, including cash payments, health care benefits, perquisites, the enhancement or acceleration of the payment or vesting of any payment or benefit or any other in-kind benefit payable (whether in lump sum or over time, including after October 1, 2022) by the Recipient to a Corporate Officer or Employee in connection with any termination of such Corporate Officer’s or Employee’s employment (including, without limitation, resignation, severance, retirement, or constructive termination), which shall be determined and calculated in respect of any Employee or Corporate Officer of the Recipient in the manner prescribed in 17 CFR 229.402(j) (without regard to its limitation to the five most highly compensated executives and using the actual date of termination of employment rather than the last business day of the Recipient’s last completed fiscal year as the trigger event).

Signatory Entity means the passenger air carrier or contractor that has entered into this Agreement.

Taxpayer Protection Instruments means warrants, options, preferred stock, debt securities, notes, or other financial instruments issued by the Recipient or an Affiliate to Treasury as compensation for the Payroll Support under this Agreement, if applicable.

Total Compensation means compensation including salary, wages, bonuses, awards of stock, and any other financial benefits provided by the Recipient or an Affiliate, as applicable, which shall be determined and calculated for the 2019 calendar year or any applicable 12-month period in respect of any Employee or Corporate Officer of the Recipient in the manner prescribed under paragraph e.5 of the award term in 2 CFR part 170, App. A, but excluding any Severance Pay or Other Benefits in connection with a termination of employment.

Wage means, without duplication of any amounts counted as Benefits, a payment, typically paid on an hourly, daily, or piecework basis, including cost-of-living differentials, vacation, paid time off, sick leave, and overtime pay, paid by the Recipient to its Employees, but excluding any Federal, state, or local payroll taxes paid by the Recipient.

PAYROLL SUPPORT PAYMENTS

1. Upon the execution of this Agreement by Treasury and the Recipient, the Secretary shall approve the Recipient’s application for Payroll Support.

2. The Recipient may receive Payroll Support in multiple payments up to the Maximum Awardable Amount, and the amounts (individually and in the aggregate) and timing of such payments will be determined by the Secretary in his sole discretion. The Secretary may, in his sole discretion, increase or reduce the Maximum Awardable Amount (a) consistent with section 403(a) of the PSP Extension Law and (b) on a pro rata basis in order to address any shortfall in available funds, pursuant to section 403(c) of the PSP Extension Law.
3. The Secretary may determine in his sole discretion that any Payroll Support shall be conditioned on, and subject to, compliance by the Recipient with all applicable requirements under PSP1 if the Recipient received financial assistance in PSP1, and such additional terms and conditions (including the receipt of, and any terms regarding, Taxpayer Protection Instruments) to which the parties may agree in writing.

TERMS AND CONDITIONS

Retaining and Paying Employees

4. The Recipient shall use the Payroll Support exclusively for the continuation of payment of Wages, Salaries, and Benefits to the Employees of the Recipient, including the payment of lost Wages, Salaries, and Benefits to Returning Employees.

   a. **Furloughs and Layoffs.** The Recipient shall not conduct an Involuntary Termination or Furlough of any Employee between the date of this Agreement and March 31, 2021.

   b. **Employee Salary, Wages, and Benefits**

      i. **Salary and Wages.** Except in the case of a Permitted Termination or Furlough, the Recipient shall not, between the date of this Agreement and March 31, 2021, reduce, without the Employee’s consent, (A) the pay rate of any Employee earning a Salary, or (B) the pay rate of any Employee earning Wages.

      ii. **Benefits.** Except in the case of a Permitted Termination or Furlough, the Recipient shall not, between the date of this Agreement and March 31, 2021, reduce, without the Employee’s consent, the Benefits of any Employee; provided, however, that for purposes of this paragraph, personnel expenses associated with the performance of work duties, including those described in line 10 of Financial Reporting Schedule P-6, Form 41, as published by the Department of Transportation, may be reduced to the extent the associated work duties are not performed.

4.1. If the Recipient received financial assistance in PSP1, the Recipient shall:

   a. Recall, not later than 72 hours after this Agreement has been executed by each party hereto, any Employees who were subject to an Involuntary Termination or Furlough between October 1, 2020, and the effective date of this Agreement, and enable each Returning Employee to return to employment within 30 days after making the election to do so;
b. compensate, not later than 30 days after a Returning Employee returns to employment, such Returning Employee for lost Salary, Wages, and Benefits (offset by any amounts received by the Returning Employee from the Recipient or an Affiliate as a result of such Returning Employee’s Involuntary Termination or Furlough, including any Severance Pay or Other Benefits or furlough pay) between December 1, 2020, and the effective date of this Agreement; and

c. restore the rights and protections for any Returning Employees as if such Returning Employees had not been subject to an Involuntary Termination or Furlough.

4.2. If the Recipient did not receive financial assistance in PSP1, the Recipient shall:

a. Recall, not later than 72 hours after this Agreement has been executed by each party hereto, any Employees who were subject to an Involuntary Termination or Furlough between March 27, 2020, and the effective date of this Agreement, and enable each Returning Employee to return to employment within 30 days of making the election to do so;

b. compensate, not later than 30 days after a Returning Employee returns to employment, such Returning Employee for lost Salary, Wages, and Benefits (offset by any amounts received by the Returning Employee from the Recipient or an Affiliate as a result of such Returning Employee’s Involuntary Termination or Furlough, including any Severance Pay or Other Benefits or furlough pay) between December 1, 2020, and the effective date of this Agreement; and

c. restore the rights and protections for any Returning Employees as if such Returning Employees had not been subject to an Involuntary Termination or Furlough.

**Dividends and Buybacks**

5. Through March 31, 2022, neither the Recipient nor any Affiliate shall, in any transaction, purchase an equity security of the Recipient or of any direct or indirect parent company of the Recipient that, in either case, is listed on a national securities exchange.

6. Through March 31, 2022, the Recipient shall not pay dividends, or make any other capital distributions, with respect to the common stock (or equivalent equity interest) of the Recipient.

**Limitations on Certain Compensation**

7. Beginning October 1, 2020, and ending October 1, 2022, the Recipient and its Affiliates shall not pay any of the Recipient’s Corporate Officers or Employees whose Total Compensation exceeded $425,000 in calendar year 2019 (other than an Employee whose compensation is determined through an existing collective bargaining agreement entered into before December 27, 2020):

a. Total Compensation which exceeds, during any 12 consecutive months of such two-year period, the Total Compensation the Corporate Officer or Employee received in calendar year 2019; or
b. Severance Pay or Other Benefits in connection with a termination of employment with the Recipient which exceed twice the maximum Total Compensation received by such Corporate Officer or Employee in calendar year 2019.

8. Beginning October 1, 2020, and ending October 1, 2022, the Recipient and its Affiliates shall not pay, during any 12 consecutive months of such two-year period, any of the Recipient’s Corporate Officers or Employees whose Total Compensation exceeded $3,000,000 in calendar year 2019 Total Compensation in excess of the sum of:
   a. $3,000,000; and
   b. 50 percent of the excess over $3,000,000 of the Total Compensation received by such Corporate Officer or Employee in calendar year 2019.

9. For purposes of determining applicable amounts under paragraphs 7 and 8 with respect to any Corporate Officer or Employee who was employed by the Recipient or an Affiliate for less than all of calendar year 2019, the amount of Total Compensation in calendar year 2019 shall mean such Corporate Officer’s or Employee’s Total Compensation on an annualized basis.

Continuation of Service

10. If the Recipient is an air carrier, until March 1, 2022, the Recipient shall comply with any applicable requirement issued by the Secretary of Transportation under section 407) of the PSP Extension Law to maintain scheduled air transportation service to any point served by the Recipient before March 1, 2020.

Effective Date

11. This Agreement shall be effective as of the date of its execution by both parties.

Reporting and Auditing

12. Until the calendar quarter that begins after the later of October 1, 2022, and the date on which no Taxpayer Protection Instrument is outstanding, not later than 45 days after the end of each of the first three calendar quarters of each calendar year and 90 days after the end of each calendar year, the Signatory Entity, on behalf of itself and each other Recipient, shall certify to Treasury that it is in compliance with the terms and conditions of this Agreement and provide a report containing the following:
   a. the amount of Payroll Support funds expended during such quarter;
   b. the Recipient’s financial statements (audited by an independent certified public accountant, in the case of annual financial statements);
   c. a copy of the Recipient’s IRS Form 941 filed with respect to such quarter; and
d. a detailed summary describing, with respect to the Recipient, (a) any changes in Employee headcount during such quarter and the reasons therefor, including any Involuntary Termination or Furlough, (b) any changes in the amounts spent by the Recipient on Employee Wages, Salary, and Benefits during such quarter, and (c) any changes in Total Compensation for, and any Severance Pay or Other Benefits in connection with the termination of, Corporate Officers and Employees subject to limitation under this Agreement during such quarter; and the reasons for any such changes.

13. If the Recipient or any Affiliate, or any Corporate Officer of the Recipient or any Affiliate, becomes aware of facts, events, or circumstances that may materially affect the Recipient’s compliance with the terms and conditions of this Agreement, the Recipient or Affiliate shall promptly provide Treasury with a written description of the events or circumstances and any action taken, or contemplated, to address the issue.

14. In the event the Recipient contemplates any action to commence a bankruptcy or insolvency proceeding in any jurisdiction, the Recipient shall promptly notify Treasury.

15. The Recipient shall:
   a. Promptly provide to Treasury and the Treasury Inspector General a copy of any Department of Transportation Inspector General report, audit report, or report of any other oversight body, that is received by the Recipient relating to this Agreement.
   b. Immediately notify Treasury and the Treasury Inspector General of any indication of fraud, waste, abuse, or potentially criminal activity pertaining to the Payroll Support.
   c. Promptly provide Treasury with any information Treasury may request relating to compliance by the Recipient and its Affiliates with this Agreement.

16. The Recipient and Affiliates will provide Treasury, the Treasury Inspector General, and such other entities as authorized by Treasury timely and unrestricted access to all documents, papers, or other records, including electronic records, of the Recipient related to the Payroll Support, to enable Treasury and the Treasury Inspector General to make audits, examinations, and otherwise evaluate the Recipient’s compliance with the terms of this Agreement. This right also includes timely and reasonable access to the Recipient’s and its Affiliates’ personnel for the purpose of interview and discussion related to such documents. This right of access shall continue as long as records are required to be retained. In addition, the Recipient will provide timely reports as reasonably required by Treasury, the Treasury Inspector General, and such other entities as authorized by Treasury to comply with applicable law and to assess program effectiveness.

Recordkeeping and Internal Controls

17. If the Recipient is a debtor as defined under 11 U.S.C. § 101(13), the Payroll Support funds, any claim or account receivable arising under this Agreement, and any segregated account holding funds received under this Agreement shall not constitute or become property of the estate under 11 U.S.C. § 541.
18. The Recipient shall expend and account for Payroll Support funds in a manner sufficient to:
   a. Permit the preparation of accurate, current, and complete quarterly reports as required under this Agreement.
   b. Permit the tracing of funds to a level of expenditures adequate to establish that such funds have been used as required under this Agreement.

19. The Recipient shall establish and maintain effective internal controls over the Payroll Support; comply with all requirements related to the Payroll Support established under applicable Federal statutes and regulations; monitor compliance with Federal statutes, regulations, and the terms and conditions of this Agreement; and take prompt corrective actions in accordance with audit recommendations. The Recipient shall promptly remedy any identified instances of noncompliance with this Agreement.

20. The Recipient and Affiliates shall retain all records pertinent to the receipt of Payroll Support and compliance with the terms and conditions of this Agreement (including by suspending any automatic deletion functions for electronic records, including e-mails) for a period of three years following the period of performance. Such records shall include all information necessary to substantiate factual representations made in the Recipient’s application for Payroll Support, including ledgers and sub-ledgers, and the Recipient’s and Affiliates’ compliance with this Agreement. While electronic storage of records (backed up as appropriate) is preferable, the Recipient and Affiliates may store records in hardcopy (paper) format. The term “records” includes all relevant financial and accounting records and all supporting documentation for the information reported on the Recipient’s quarterly reports.

21. If any litigation, claim, investigation, or audit relating to the Payroll Support is started before the expiration of the three-year period, the Recipient and Affiliates shall retain all records described in paragraph 20 until all such litigation, claims, investigations, or audit findings have been completely resolved and final judgment entered or final action taken.

Remedies

22. If Treasury believes that an instance of noncompliance by the Recipient or an Affiliate with (a) this Agreement, (b) sections 404 or 406 of the PSP Extension Law, or (c) the Internal Revenue Code of 1986 as it applies to the receipt of Payroll Support has occurred, Treasury may notify the Recipient in writing of its proposed determination of noncompliance, provide an explanation of the nature of the noncompliance, and specify a proposed remedy. Upon receipt of such notice, the Recipient shall, within seven days, accept Treasury’s proposed remedy, propose an alternative remedy, or provide information and documentation contesting Treasury’s proposed determination. Treasury shall consider any such submission by the Recipient and make a final written determination, which will state Treasury’s findings regarding noncompliance and the remedy to be imposed.
23. If Treasury makes a final determination under paragraph 22 that an instance of noncompliance has occurred, Treasury may, in its sole discretion, withhold any Additional Payroll Support Payments; require the repayment of the amount of any previously disbursed Payroll Support, with appropriate interest; require additional reporting or monitoring; initiate suspension or debarment proceedings as authorized under 2 CFR Part 180; terminate this Agreement; or take any such other action as Treasury, in its sole discretion, deems appropriate.

24. Treasury may make a final determination regarding noncompliance without regard to paragraph 22 if Treasury determines, in its sole discretion, that such determination is necessary to protect a material interest of the Federal Government. In such event, Treasury shall notify the Recipient of the remedy that Treasury, in its sole discretion, shall impose, after which the Recipient may contest Treasury’s final determination or propose an alternative remedy in writing to Treasury. Following the receipt of such a submission by the Recipient, Treasury may, in its sole discretion, maintain or alter its final determination.

25. Any final determination of noncompliance and any final determination to take any remedial action described herein shall not be subject to further review. To the extent permitted by law, the Recipient waives any right to judicial review of any such determinations and further agrees not to assert in any court any claim arising from or relating to any such determination or remedial action.

26. Instead of, or in addition to, the remedies listed above, Treasury may refer any noncompliance or any allegations of fraud, waste, or abuse to the Treasury Inspector General.

27. Treasury, in its sole discretion, may grant any request by the Recipient for termination of this Agreement, which such request shall be in writing and shall include the reasons for such termination, the proposed effective date of the termination, and the amount of any unused Payroll Support funds the Recipient requests to return to Treasury. Treasury may, in its sole discretion, determine the extent to which the requirements under this Agreement may cease to apply following any such termination.

28. If Treasury determines that any remaining portion of the Payroll Support will not accomplish the purpose of this Agreement, Treasury may terminate this Agreement in its entirety to the extent permitted by law.

Debts

29. Any Payroll Support in excess of the amount which Treasury determines, at any time, the Recipient is authorized to receive or retain under the terms of this Agreement constitutes a debt to the Federal Government.

30. Any debts determined to be owed by the Recipient to the Federal Government shall be paid promptly by the Recipient. A debt is delinquent if it has not been paid by the date specified in Treasury’s initial written demand for payment, unless other satisfactory arrangements have been made. Interest, penalties, and administrative charges shall be charged on delinquent debts in accordance with 31 U.S.C. § 3717, 31 CFR 901.9, and paragraphs 31 and 32. Treasury will refer any debt that is more than 180 days delinquent to Treasury’s Bureau of the Fiscal Service for debt collection services.
31. Penalties on any debts shall accrue at a rate of not more than 6 percent per year or such other higher rate as authorized by law.

32. Administrative charges relating to the costs of processing and handling a delinquent debt shall be determined by Treasury.

33. The Recipient shall not use funds from other federally sponsored programs to pay a debt to the government arising under this Agreement.

**Protections for Whistleblowers**

34. In addition to other applicable whistleblower protections, in accordance with 41 U.S.C. § 4712, the Recipient shall not discharge, demote, or otherwise discriminate against an Employee as a reprisal for disclosing information to a Person listed below that the Employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant:

   a. A Member of Congress or a representative of a committee of Congress;
   b. An Inspector General;
   c. The Government Accountability Office;
   d. A Treasury employee responsible for contract or grant oversight or management;
   e. An authorized official of the Department of Justice or other law enforcement agency;
   f. A court or grand jury; or
   g. A management official or other Employee of the Recipient who has the responsibility to investigate, discover, or address misconduct.

**Lobbying**

Non-Discrimination

36. The Recipient shall comply with, and hereby assures that it will comply with, all applicable Federal statutes and regulations relating to nondiscrimination including:

a. Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.), including Treasury’s implementing regulations at 31 CFR Part 22;

b. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794);

c. The Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101–6107), including Treasury’s implementing regulations at 31 CFR Part 23 and the general age discrimination regulations at 45 CFR Part 90; and

Additional Reporting

37. Within seven days after the date of this Agreement, the Recipient shall register in SAM.gov, and thereafter maintain the currency of the information in SAM.gov until at least October 1, 2022. The Recipient shall review and update such information at least annually after the initial registration, and more frequently if required by changes in the Recipient’s information. The Recipient agrees that this Agreement and information related thereto, including the Maximum Awardable Amount and any executive total compensation reported pursuant to paragraph 38, may be made available to the public through a U.S. Government website, including SAM.gov.

38. For purposes of paragraph 37, the Recipient shall report total compensation as defined in paragraph e.5 of the award term in 2 CFR part 170, App. A for each of the Recipient’s five most highly compensated executives for the preceding completed fiscal year, if:

a. the total Payroll Support is $25,000 or more;

b. in the preceding fiscal year, the Recipient received:
   i. 80 percent or more of its annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance, as defined at 2 CFR 170.320 (and subawards); and
   ii. $25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance, as defined at 2 CFR 170.320 (and subawards); and

c. the public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. To determine if the public has access to the compensation information, the Recipient shall refer to U.S. Securities and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm.
39. The Recipient shall report executive total compensation described in paragraph 38:
   a. as part of its registration profile at https://www.sam.gov; and
   b. within five business days after the end of each month following the month in which this Agreement becomes effective, and annually thereafter.

40. The Recipient agrees that, from time to time, it will, at its own expense, promptly upon reasonable request by Treasury, execute and deliver, or cause to be executed and delivered, or use its commercially reasonable efforts to procure, all instruments, documents and information, all in form and substance reasonably satisfactory to Treasury, to enable Treasury to ensure compliance with, or effect the purposes of, this Agreement, which may include, among other documents or information, (a) certain audited financial statements of the Recipient, (b) documentation regarding the Recipient’s revenues derived from its business as a passenger air carrier or regarding the passenger air carriers for which the Recipient provides services as a contractor (as the case may be), and (c) the Recipient’s most recent quarterly Federal tax returns. The Recipient agrees to provide Treasury with such documents or information promptly.

41. If the total value of the Recipient’s currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds $10,000,000 for any period before termination of this Agreement, then the Recipient shall make such reports as required by 2 CFR part 200, Appendix XII.

Other

42. The Recipient acknowledges that neither Treasury, nor any other actor, department, or agency of the Federal Government, shall condition the provision of Payroll Support on the Recipient’s implementation of measures to enter into negotiations with the certified bargaining representative of a craft or class of employees of the Recipient under the Railway Labor Act (45 U.S.C. 151 et seq.) or the National Labor Relations Act (29 U.S.C. 151 et seq.), regarding pay or other terms and conditions of employment.

43. Notwithstanding any other provision of this Agreement, the Recipient has no right to, and shall not, transfer, pledge, mortgage, encumber, or otherwise assign this Agreement or any Payroll Support provided under this Agreement, or any interest therein, or any claim, account receivable, or funds arising thereunder or accounts holding Payroll Support, to any party, bank, trust company, or other Person without the express written approval of Treasury.

44. The Signatory Entity will cause its Affiliates to comply with all of their obligations under or relating to this Agreement.

45. Unless otherwise provided in guidance issued by Treasury or the Internal Revenue Service, the form of any Taxpayer Protection Instrument held by Treasury and any subsequent holder will be treated as such form for purposes of the Internal Revenue Code of 1986 (for example, a Taxpayer Protection Instrument in the form of a note will be treated as indebtedness for purposes of the Internal Revenue Code of 1986).
46. This Agreement may not be amended or modified except pursuant to an agreement in writing entered into by the Recipient and Treasury, except that Treasury may unilaterally amend this Agreement if required in order to comply with applicable Federal law or regulation.

47. Subject to applicable law, Treasury may, in its sole discretion, waive any term or condition under this Agreement imposing a requirement on the Recipient or any Affiliate.

48. This Agreement shall bind and inure to the benefit of the parties and their respective heirs, executors, administrators, successors, and assigns.

49. The Recipient represents and warrants to Treasury that this Agreement, and the issuance and delivery to Treasury of the Taxpayer Protection Instruments, if applicable, have been duly authorized by all requisite corporate and, if required, stockholder action, and will not result in the violation by the Recipient of any provision of law, statute, or regulation, or of the articles of incorporation or other constitutive documents or bylaws of the Recipient, or breach or constitute an event of default under any material contract to which the Recipient is a party.

50. The Recipient represents and warrants to Treasury that this Agreement has been duly executed and delivered by the Recipient and constitutes a legal, valid, and binding obligation of the Recipient enforceable against the Recipient in accordance with its terms.

51. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which together shall constitute a single contract.

52. The words “execution,” “signed,” “signature,” and words of like import in any assignment shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act. Notwithstanding anything herein to the contrary, delivery of an executed counterpart of a signature page of this Agreement by electronic means, or confirmation of the execution of this Agreement on behalf of a party by an email from an authorized signatory of such party, shall be effective as delivery of a manually executed counterpart of this Agreement.

53. The captions and paragraph headings appearing herein are included solely for convenience of reference and are not intended to affect the interpretation of any provision of this Agreement.

54. This Agreement is governed by and shall be construed in accordance with Federal law. Insofar as there may be no applicable Federal law, this Agreement shall be construed in accordance with the laws of the State of New York, without regard to any rule of conflicts of law (other than section 5-1401 of the New York General Obligations Law) that would result in the application of the substantive law of any jurisdiction other than the State of New York.
55. Nothing in this Agreement shall require any unlawful action or inaction by either party.

56. The requirement pertaining to trafficking in persons at 2 CFR 175.15(b) is incorporated herein and made applicable to the Recipient.

57. This Agreement, together with the attachments hereto, including the Payroll Support Program Extension Certification and any attached terms regarding Taxpayer Protection Instruments, constitute the entire agreement of the parties relating to the subject matter hereof and supersede any previous agreements and understandings, oral or written, relating to the subject matter hereof. There may exist other agreements between the parties as to other matters, which are not affected by this Agreement and are not included within this integration clause.

58. No failure by either party to insist upon the strict performance of any provision of this Agreement or to exercise any right or remedy hereunder, and no acceptance of full or partial Payroll Support (if applicable) or other performance by either party during the continuance of any such breach, shall constitute a waiver of any such breach of such provision.

ATTACHMENT

Payroll Support Program Extension Certification of Corporate Officer of Recipient
PAYROLL SUPPORT PROGRAM EXTENSION

CERTIFICATION OF CORPORATE OFFICER OF RECIPIENT

In connection with the Payroll Support Program Extension Agreement (Agreement) between Frontier Airlines, Inc. and the Department of the Treasury (Treasury) relating to Payroll Support being provided by Treasury to the Recipient under Subtitle A of Title IV of Division N of the Consolidated Appropriations Act, 2021, I hereby certify under penalty of perjury to the Treasury that all of the following are true and correct. Capitalized terms used but not defined herein have the meanings set forth in the Agreement.

(1) I have the authority to make the following representations on behalf of myself and the Recipient. I understand that these representations will be relied upon as material in the decision by Treasury to provide Payroll Support to the Recipient.

(2) The information and certifications provided by the Recipient in an application for Payroll Support, and in any attachments or other information provided by the Recipient to Treasury related to the application, are true and correct and do not contain any materially false, fictitious, or fraudulent statement, nor any concealment or omission of any material fact.

(3) The Recipient has the legal authority to apply for the Payroll Support, and it has the institutional, managerial, and financial capability to comply with all obligations, terms, and conditions set forth in the Agreement and any attachment thereto.

(4) The Recipient and any Affiliate will give Treasury, Treasury’s designee or the Treasury Office of Inspector General (as applicable) access to, and opportunity to examine, all documents, papers, or other records of the Recipient or Affiliate pertinent to the provision of Payroll Support made by Treasury based on the application, in order to make audits, examinations, excerpts, and transcripts.

(5) No Federal appropriated funds, including Payroll Support, have been paid or will be paid, by or on behalf of the Recipient, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(6) If the Payroll Support exceeds $100,000, the Recipient shall comply with the disclosure requirements in 31 CFR Part 21 regarding any amounts paid for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the Payroll Support.
I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification, or in the application that it supports, may be the subject of criminal prosecution and also may subject me and the Recipient to civil penalties and/or administrative remedies for false claims or otherwise.

PROMISSORY NOTE

THE SECURITIES REPRESENTED BY THIS INSTRUMENT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE AND MAY NOT BE TRANSFERRED, SOLD OR OTHERWISE DISPOSED OF EXCEPT WHILE A REGISTRATION STATEMENT RELATING THERETO IS IN EFFECT UNDER SUCH ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT OR SUCH LAWS.

WHEREAS, Carrier has requested that Treasury provide financial assistance to Carrier and certain of its Affiliates (as defined below) that are Recipients (as defined in the PSP2 Agreement) that shall be used for the continuation of payment of employee wages, salaries, and benefits as is permissible under Section 402(a) of the PSP Extension Law.

WHEREAS, as appropriate compensation to the Federal Government of the United States of America for the provision of financial assistance under the PSP2 Agreement, Frontier Group Holdings, Inc., a Delaware corporation and parent of Carrier (“Issuer”), has agreed to issue this Promissory Note (“Note”) to Treasury on the terms and conditions set forth herein.

FOR VALUE RECEIVED, Issuer unconditionally promises to pay to the Holder (as defined below) the principal sum of ZERO DOLLARS ($0.00), subject to increases and/or decreases made pursuant to Section 2.1, as permissible under the PSP2 Agreement, or Section 2.3, in each case as noted by the Holder in Schedule I (the “Principal Amount”), outstanding hereunder, together with all accrued interest thereon on the Maturity Date (as defined below) as provided in this Note. Notations made by the Holder in Schedule I shall be final and conclusive absent manifest error; provided, however, that any failure by the Holder to make such notations or any error by omission by the Holder in this regard shall not affect the obligation of the Issuer to pay the full amount of the principal of and interest on the Note or any other amount owing hereunder.

1 DEFINITIONS

1.1 Defined Terms. As used in this Note, capitalized terms have the meanings specified in Annex A.

1.2 Terms Generally. The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation.” The word “will” shall be construed to have the same meaning and effect as the word “shall.” The word “or” is not exclusive. The word “year” shall refer (i) in the case of a leap year, to a year of three hundred sixty-six (366) days, and (ii) otherwise, to a year of three hundred sixty-five (365) days. Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (b) any reference herein to any Person shall be construed to include such Person’s successors and assigns, (c) the words “herein,” “hereof” and “hereunder,” and words of similar import, shall be construed to refer to this Note in its entirety and not to any particular provision hereof, (d) all references herein to Sections, Annexes and Schedules shall be construed to refer to Sections of, and Annexes and Schedules to, this Note, (e) any reference to any law or regulation herein shall, unless otherwise specified, refer to such law or regulation as amended, modified or supplemented from time to time, and (f) the words “asset” and “property” shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights.

1.3 Accounting Terms. All accounting terms not otherwise defined herein shall be construed in conformity with GAAP, as in effect from time to time.

2 NOTE

2.1 Principal Amount. Upon any disbursement to Carrier under the PSP2 Agreement after the Closing Date, the Principal Amount of this Note shall be increased in an amount equal to 30% of any such disbursement; provided, however, that no increases in the Principal Amount of this Note shall occur pursuant to this Section until the aggregate principal amount of all disbursements to Carrier under the PSP2 Agreement is greater than $100,000,000.
2.2 **Maturity Date.** The aggregate unpaid principal amount of the Note, all accrued and unpaid interest, and all other amounts payable under this Note shall be due and payable on the Maturity Date, unless otherwise provided in Section 5.1.

2.3 **Prepayments.**

(a) **Optional Prepayments.** The Issuer may, upon written notice to the Holder, at any time and from time to time prepay the Note in whole or in part without premium or penalty in a minimum aggregate principal amount equal to the lesser of $5,000,000 and the Principal Amount outstanding.

(b) **Mandatory Prepayments.** If a Change of Control occurs, within thirty (30) days following the occurrence of such Change of Control, the Issuer shall prepay the aggregate principal amount outstanding under the Note and any accrued interest or other amounts owing under the Note. The Issuer will not, and will not permit any Subsidiary to, enter into any Contractual Obligation (other than this Note) that, directly or indirectly, restricts the ability of the Issuer or any Subsidiary to make such prepayment hereunder.

2.4 **Interest.**

(a) **Interest Rate.** Subject to paragraph (b) of this Section, the Note shall bear interest on the Principal Amount outstanding from time to time at a rate per annum equal to 1.00% until the fifth anniversary of the Closing Date, and the Applicable SOFR Rate plus 2.00% thereafter until the Maturity Date. All interest hereunder shall be computed on the basis of the actual number of days in each interest period and a year of 365 or 366 days, as applicable, until the fifth anniversary of the Closing Date and computed in a manner determined by the Holder therefor, based on prevailing customary market conventions for the use of the Applicable SOFR Rate in floating-rate debt instruments at the time of the announcement of the Applicable SOFR Rate. Each interest period will be from, and including, the Closing Date, or from and including the most recent interest payment date to which interest has been paid or provided for, to, but excluding the next interest payment date.

(b) **Default Interest.** If any amount payable by the Issuer or any Guarantor under this Note (including principal of the Note, interest, fees or other amount) is not paid when due, whether at stated maturity, upon acceleration or otherwise, such amount shall thereafter bear interest at a rate per annum equal to the applicable Default Rate. While any Event of Default exists, the Issuer or any Guarantor shall pay interest on the principal amount of the Note outstanding hereunder at a rate per annum equal to the applicable Default Rate.

(c) **Payment Dates.** Accrued interest on the Note shall be payable in arrears on the last Business Day of March and September of each year, beginning with March 31, 2021, and on the Maturity Date and at such other times as may be specified herein; provided that (i) interest accrued pursuant to paragraph (b) of this Section shall be payable on demand and (ii) in the event of any repayment or prepayment of the Note, accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment.

(d) **SOFR Fallback.** If, at any time, the Holder or its designee determines that a Benchmark Transition Event has occurred with respect to the Applicable SOFR Rate or SOFR, or any successor rate, the Holder or its designee will designate a Benchmark Replacement and, as applicable, make Benchmark Conforming Changes in a manner consistent with the methodology set forth in the ARRC Fallback Provisions. Any determination, decision or election that may be made by the Holder or its designee pursuant to this Section 2.4(d), and any decision to take or refrain from taking any action or making any determination, decision or election arising out of or relating to this Section 2.4(d), shall be conclusive and binding absent manifest error, may be made by the Holder or its designee in its sole discretion, and, notwithstanding anything to the contrary in this Note, shall become effective without the consent of the Issuer, any Guarantor or any other party. Any terms used in this Section 2.4(d) but not defined in this Note shall be construed in a manner consistent with the ARRC Fallback Provisions.

2.5 **Payments Generally.**

(a) **Payments by Issuer.** All payments to be made by the Issuer hereunder shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, (i) for so long as Treasury is the Holder of this Note, each payment under this Note shall be paid in immediately available funds by electronic funds transfer to the account of the United States Treasury maintained at the Federal Reserve Bank of New York specified by Treasury in a written notice to the Issuer, or to such other account as may be specified from time to time by Treasury in a written notice to the Issuer, or (ii) in the event that Treasury is not the Holder of this Note, then each payment under this Note shall be made in immediately available funds by electronic funds transfer to
such account as shall be specified by the Holder in a written notice to the Issuer, in each case not later than 12:00 noon (Washington, D.C. time) on the date specified herein. All amounts received by the Holder after such time on any date shall be deemed to have been received on the next succeeding Business Day and any applicable interest or fees shall continue to accrue. If any payment to be made by the Issuer shall fall due on a day that is not a Business Day, payment shall be made on the next succeeding Business Day and such extension of time shall be reflected in computing interest or fees, as the case may be; provided that, if such next succeeding Business Day would fall after the Maturity Date, payment shall be made on the immediately preceding Business Day. Except as otherwise expressly provided herein, all payments hereunder shall be made in Dollars.

(b) Application of Insufficient Payments. If at any time insufficient funds are received by and available to the Holder to pay fully all amounts of principal, interest, fees and other amounts then due hereunder, such funds shall be applied (i) first, to pay interest, fees and other amounts then due hereunder, and (ii) second, to pay principal then due hereunder.

3 REPRESENTATIONS AND WARRANTIES

The Issuer and each Guarantor represents and warrants to the Holder on the Closing Date and is deemed to represent and warrant to the Holder on any date on which the amount of the Note is increased pursuant to the terms hereof and in accordance with the PSP2 Agreement that:

3.1 Existence, Qualification and Power. The Issuer, each Guarantor and each Subsidiary (a) is duly organized or formed, validly existing and, as applicable, in good standing under the Laws of the jurisdiction of its incorporation or organization, (b) has all requisite power and authority and all requisite governmental licenses, authorizations, consents and approvals to (i) own or lease its assets and carry on its business and (ii) execute, deliver and perform its obligations under the Note, and (c) is duly qualified and is licensed and, as applicable, in good standing under the Laws of each jurisdiction where its ownership, lease or operation of properties or the conduct of its business requires such qualification or license, except, in each case referred to in clause (a) (other than with respect to the Issuer and each Guarantor), (b)(i) or (c), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

3.2 Authorization; No Contravention. The execution, delivery and performance by the Issuer and each Guarantor of the Note have been duly authorized by all necessary corporate or other organizational action, and do not and will not (a) contravene the terms of its Organizational Documents, (b) conflict with or result in any breach or contravention of, or the creation of any Lien under, or require any payment to be made under (i) any material Contractual Obligation to which the Issuer or any Guarantor is a party or affecting the Issuer or any Guarantor or the material properties of the Issuer, any Guarantor or any Subsidiary or (ii) any material order, injunction, writ or decree of any Governmental Authority or any arbitral award to which the Issuer, the Guarantor or any Subsidiary or its property is subject or (c) violate any Law, except to the extent that such violation could not reasonably be expected to have a Material Adverse Effect.

3.3 Governmental Authorization; Other Consents. No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person is necessary or required in connection with the execution, delivery or performance by, or enforcement against, the Issuer or any Guarantor of this Note, except for such approvals, consents, exemptions, authorizations, actions or notices that have been duly obtained, taken or made and in full force and effect.

3.4 Execution and Delivery; Binding Effect. This Note has been duly executed and delivered by the Issuer and each Guarantor. This Note constitutes a legal, valid and binding obligation of the Issuer and each Guarantor, enforceable against the Issuer and each Guarantor in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity.

4 COVENANTS

Until all Obligations shall have been paid in full or until any later date as provided for in this Note, the Issuer covenants and agrees with the Holder that:

4.1 Notices. The Issuer will promptly notify the Holder of the occurrence of any Default.

4.2 Guarantors. The Guarantors listed on the signature page to this Note hereby Guarantee the Guaranteed Obligations as set forth in Annex B. If any Subsidiary (other than an Excluded Subsidiary) is formed or acquired after the Closing Date or if any Subsidiary ceases to be an Excluded Subsidiary, then the Issuer will cause such Subsidiary to become a Guarantor of this Note within 30 days of such Subsidiary being formed or acquired or of such Subsidiary ceasing to be an Excluded Subsidiary pursuant to customary documentation reasonably acceptable to the Holder and on the terms and conditions set forth in Annex B.
4.3 **Pari Passu Ranking.** The Obligations of the Issuer and any Guaranteed Obligations of any Guarantor under this Note shall be unsecured obligations of the Issuer and any Guarantor ranking pari passu with all existing and future senior unsecured Indebtedness of the Issuer or any Guarantor that is not subordinated in right of payment to the holder or lender of such Indebtedness.

5 **EVENTS OF DEFAULT**

5.1 **Events of Default.** If any of the following events (each, an “Event of Default”) shall occur:

(a) the Issuer shall fail to pay any principal of the Note when and as the same shall become due and payable, whether at the due date thereof or at a date fixed for prepayment thereof or otherwise;

(b) the Issuer shall fail to pay any interest on the Note, or any fee or any other amount (other than an amount referred to in clause (a) of this Section) payable under this Note, when and as the same shall become due and payable, and such failure shall continue unremedied for a period of two (2) or more Business Days;

(c) any representation or warranty made or deemed made by or on behalf of the Issuer or any Guarantor, including those made prior to the Closing Date, in or in connection with this Note or any amendment or modification hereof, or any waiver hereunder, or in the PSP2 Agreement, or in any report, certificate, financial statement or other document furnished pursuant to or in connection with this Note, the PSP2 Agreement or the PSP2 Application or any amendment or modification hereof or thereof, or any waiver hereunder or thereunder, shall prove to have been incorrect in any material respect (or, in the case of any such representation or warranty under this Note already qualified by materiality, such representation or warranty shall prove to have been incorrect) when made or deemed made;

(d) the Issuer shall fail to observe or perform any covenant, condition or agreement contained in Section 4.1;

(e) the Issuer or any Guarantor shall fail to observe or perform any covenant, condition or agreement contained in this Note (other than those specified in clause (a), (b) or (d) of this Section) and such failure shall continue unremedied for a period of 30 or more days after notice thereof by the Holder to the Issuer;

(f) (i) the Issuer or any Guarantor shall default in the performance of any obligation relating to any Indebtedness (other than Indebtedness under the Note) having an aggregate principal amount equal to or greater than $5,000,000 (“Material Indebtedness”) and any applicable grace periods shall have expired and any applicable notice requirements shall have been complied with, and as a result of such default the holder or holders of such Material Indebtedness or any trustee or agent on behalf of such holder or holders shall have caused such Material Indebtedness to become due prior to its scheduled final maturity date or (ii) the Issuer or any Guarantor shall default in the payment of the outstanding principal amount due on the scheduled final maturity date of any Indebtedness outstanding under one or more agreements of the Issuer or any Guarantor, any applicable grace periods shall have expired and any applicable notice requirements shall have been complied with and such failure to make payment when due shall be continuing for a period of more than five (5) consecutive Business Days following the applicable scheduled final maturity date or the applicable grace period thereunder, in an aggregate principal amount at any single time unpaid exceeding $5,000,000;

(g) an involuntary proceeding shall be commenced or an involuntary petition shall be filed seeking (i) liquidation, reorganization or other relief in respect of the Issuer, any Guarantor or any Subsidiary or its debts, or of a substantial part of its assets, under any Debtor Relief Law now or hereafter in effect or (ii) the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for the Issuer or any of its Subsidiaries or for a substantial part of its assets, and, in any such case, such proceeding or petition shall continue undismissed for a period of 60 or more days or an order or decree approving or ordering any of the foregoing shall be entered;

(h) the Issuer, any Guarantor or any Subsidiary shall (i) voluntarily commence any proceeding or file any petition seeking liquidation, reorganization or other relief under any Debtor Relief Law now or hereafter in effect, (ii) consent to the institution of, or fail to contest in a timely and appropriate manner, any proceeding or petition described in clause (g) of this Section, (iii) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for the Issuer, any Guarantor or any Subsidiary or for a substantial part of its assets, (iv) file an answer admitting the material allegations of a petition filed against it in any such proceeding or (v) make a general assignment for the benefit of creditors;

(i) the Issuer, any Guarantor or any Subsidiary shall become unable, admit in writing its inability or fail generally to pay its debts as they become due;
(j) there is entered against the Issuer, any Guarantor or any Subsidiary (i) a final judgment or order for the payment of money in an aggregate amount (as to all such judgments and orders) exceeding an amount equal to or greater than $5,000,000 (to the extent not covered by independent third-party insurance as to which the insurer has been notified of such judgment or order and has not denied or failed to acknowledge coverage), or (ii) a non-monetary final judgment or order that, either individually or in the aggregate, has or could reasonably be expected to have a Material Adverse Effect and, in either case, (A) enforcement proceedings are commenced by any creditor upon such judgment or order, or (B) there is a period of 30 consecutive days during which a stay of enforcement of such judgment, by reason of a pending appeal or otherwise, is not in effect; or

(k) any material provision of the Note, at any time after its execution and delivery and for any reason other than as expressly permitted hereunder or satisfaction in full of all Obligations, ceases to be in full force and effect; or the Issuer, any Guarantor or any other Person contests in writing the validity or enforceability of any provision of the Note; or the Issuer or any Guarantor denies in writing that it has any or further liability or obligation under the Note, or purports in writing to revoke, terminate or rescind the Note;

then, and in every such event (other than an event with respect to the Issuer or any Guarantor described in clause (g) or (h) of this Section), and at any time thereafter during the continuance of such event, the Holder may, by notice to the Issuer, take any or all of the following actions, at the same or different times:

(i) declare any amounts then outstanding under the Note to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Note so declared to be due and payable, together with accrued interest thereon and all fees and other Obligations of the Issuer accrued hereunder, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Issuer and any Guarantor; and

(ii) exercise on all rights and remedies available to it under the Note and Applicable Law; provided that, in case of any event with respect to the Issuer or any Guarantor described in clause (g) or (h) of this Section, the principal of the Note then outstanding, together with accrued interest thereon and all fees and other Obligations accrued hereunder, shall automatically become due and payable, in each case without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Issuer and any Guarantor.

6 MISCELLANEOUS

6.1 Notices.

(a) Notices Generally. Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in paragraph (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by email as follows:

(i) if to the Issuer or any Guarantor, to Frontier Airlines, Inc., 4545 Airport Way, Denver, CO, 80239, Attention of General Counsel (Telephone No. ###-###-####; Email: ###);

(ii) if to the Holder, to the Department of the Treasury at 1500 Pennsylvania Avenue, NW, Washington, D.C. 20220, Attention of Assistant General Counsel (Banking and Finance) (Telephone No. ###-###-####; Email: ###); and

 Notices sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received. Notices delivered through electronic communications, to the extent provided in paragraph (b) below, shall be effective as provided in said paragraph (b).

(b) Electronic Communications. Notices and other communications to the Holder hereunder may be delivered or furnished by electronic communication (including e-mail, FpML, and Internet or intranet websites) pursuant to procedures approved by the Holder. The Holder, the Issuer or any Guarantor may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

Unless the Holder otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender’s receipt of an acknowledgment from the intended recipient (such as by return e-mail or other written acknowledgement), and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient, at its e-mail address as described in the foregoing clause (i), of notification that such notice or communication is available and identifying the website address therefor; provided that, for both clauses (i) and (ii) above, if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next Business Day.
6.2 Waivers; Amendments.

(a) **No Waiver; Remedies Cumulative; Enforcement.** No failure or delay by the Holder in exercising any right, remedy, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, remedy, power or privilege, or any abandonment or discontinuance of steps to enforce such a right remedy, power or privilege, preclude any other or further exercise thereof or the exercise of any other right remedy, power or privilege. The rights, remedies, powers and privileges of the Holder hereunder and under the Note are cumulative and are not exclusive of any rights, remedies, powers or privileges that any such Person would otherwise have.

(b) **Amendments, Etc.** Except as otherwise expressly set forth in this Note, no amendment or waiver of any provision of this Note, and no consent to any departure by the Issuer therefrom, shall be effective unless in writing executed by the Issuer and the Holder, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

6.3 Expenses; Indemnity; Damage Waiver.

(a) **Costs and Expenses.** The Issuer shall pay (i) all reasonable out-of-pocket expenses incurred by the Holder (including the reasonable fees, charges and disbursements of any counsel for the Holder) in connection with the preparation, negotiation, execution, delivery and administration of this Note and the PSP2 Agreement, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), and (ii) all out-of-pocket expenses incurred by the Holder (including the fees, charges and disbursements of any counsel for the Holder), in connection with the enforcement or protection of its rights in connection with this Note and the PSP2 Agreement, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), including all such out-of-pocket expenses incurred during any workout, restructuring, negotiations or enforcement in respect of such Note, PSP2 Agreement and other agreements or documents executed in connection herewith or therewith.

(b) **Indemnification by the Issuer.** The Issuer shall indemnify the Holder and each of its Related Parties (each such Person being called an “Indemnitee”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities, obligations, penalties, fines, settlements, judgments, disbursements and related costs and expenses (including the fees, charges and disbursements of any counsel for any Indemnitee), and shall indemnify and hold harmless each Indemnitee from all fees and time charges and disbursements for attorneys who may be employees of any Indemnitee, incurred by any Indemnitee or asserted against any Indemnitee by any Person (including the Issuer) arising out of, in connection with, or as a result of (i) the execution or delivery of this Note or any agreement or instrument contemplated hereby, the performance by the Issuer or any Guarantor of its obligations hereunder or the consummation of the transactions contemplated hereby, (ii) the Note or the use or proposed use of the proceeds therefrom, or (iii) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by a third party or by the Issuer or any Guarantor, and regardless of whether any Indemnitee is a party thereto.

(c) **Waiver of Consequential Damages, Etc.** To the fullest extent permitted by Applicable Law, the Issuer and any Guarantor shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Note or any agreement or instrument contemplated hereby, the transactions contemplated hereby, or the use of the proceeds thereof. No Indemnitee referred to in paragraph (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Note or the transactions contemplated hereby.

(d) **Payments.** All amounts due under this Section shall be payable not later than five (5) days after demand therefor.

(e) **Survival.** Each party’s obligations under this Section shall survive the termination of the Note and payment of the obligations hereunder.

6.4 Successors and Assigns. Neither the Issuer nor any Guarantor may assign or transfer this Note or any of its rights or obligations hereunder and any purported assignment or transfer in violation of this Note shall be void. Holder may assign or participate a portion or all of its rights under this Note at any time in compliance with all Applicable Laws. This Note shall inure to the benefit of and be binding upon Issuer, any Guarantor and Holder and their permitted
successors and assigns. Any Holder that assigns, or sells participations in, any portion of the Note will take such actions as are necessary for the Note and such portion to be in “registered form” (within the meaning of Treasury Regulations Section 5f.103-1).

6.5 **Counterparts; Integration; Effectiveness.** This Note and any amendments, waivers, consents or supplements hereto may be executed in counterparts, each of which shall constitute an original, but all taken together shall constitute a single contract. This Note constitutes the entire contract between Issuer, any Guarantor and the Holder with respect to the subject matter hereof and supersedes all previous agreements and understandings, oral or written, with respect thereto. Notwithstanding anything herein to the contrary, delivery of an executed counterpart of a signature page of this Note by electronic means shall be effective as delivery of a manually executed counterpart of this Note.

6.6 **Severability.** If any term or provision of this Note is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this Note or invalidate or render unenforceable such term or provision in any other jurisdiction.

6.7 **Right of Setoff.** If an Event of Default shall have occurred and be continuing, the Holder is hereby authorized at any time and from time to time, to the fullest extent permitted by Applicable Law, to set off and apply any and all deposits (general or special, time or demand, provisional or final, in whatever currency) at any time held, and other obligations (in whatever currency) at any time owing, by the Holder, to or for the credit or the account of the Issuer against any and all of the due and unpaid Obligations of the Issuer now or hereafter existing under this Note to the Holder, irrespective of whether or not the Holder shall have made any demand under this Note. The rights of the Holder under this Section are in addition to other rights and remedies (including other rights of setoff) that the Holder may have. The Holder agrees to notify the Issuer promptly after any such setoff and application; provided that the failure to give such notice shall not affect the validity of such setoff and application.

6.8 **Governing Law; Jurisdiction; Etc.** This Note will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the Issuer, any Guarantor and the Holder agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia for any civil action, suit or proceeding arising out of or relating to this Note or the transactions contemplated hereby, and (b) that notice may be served upon the Issuer, any Guarantor or the Holder at the applicable address in Section 6.1 hereof (or upon any Holder that is not Treasury at an address provided by such Holder to Issuer in writing). To the extent permitted by Applicable Law, each of the Issuer, any Guarantor and the Holder hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to the Note or the transactions contemplated hereby.

6.9 **Headings.** Section headings used herein are for convenience of reference only, are not part of this Note and shall not affect the construction of, or be taken into consideration in interpreting, this Note.
IN WITNESS WHEREOF, the Issuer and each Guarantor have executed this Note as of the day and year written below.

ANNEX A

DEFINITIONS

“Affiliate” means any Person that directly or indirectly Controls, is Controlled by, or is under common Control with, the Issuer.

“Applicable Law” means, as to any Person, all applicable Laws binding upon such Person or to which such a Person is subject.

“Applicable SOFR Rate” means a rate of interest based on SOFR that shall be determined by the Holder and publicly announced by the Holder on or prior to the fifth anniversary of the Closing Date and shall, to the extent reasonably practicable, be based on customary market conventions as in effect at the time of such announcement. In no event will the Applicable SOFR Rate be less than 0.00% per annum.

“Beneficial Owner” has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular “person” (as that term is used in Section 13(d)(3) of the Exchange Act), such “person” will be deemed to have beneficial ownership of all securities that such “person” has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only after the passage of time. The terms “Beneficially Owns” and “Beneficially Owned” have a corresponding meaning.

“Business Day” means any on which Treasury and the Federal Reserve Bank of New York are both open for business.

“Capitalized Lease Obligations” means, at the time any determination thereof is to be made, the amount of the liability in respect of a Capitalized Lease that would at such time be required to be capitalized and reflected as a liability on a balance sheet (excluding the footnotes thereto) prepared in accordance with GAAP; provided that all leases of such Person that are or would have been treated as operating leases for purposes of GAAP prior to the issuance of the ASU (as in effect on the Closing Date) shall continue to be accounted for as operating leases for purposes of all financial definitions and calculations for purposes of this Note (whether or not such operating lease obligations were in effect on such date) notwithstanding the fact that such obligations are required in accordance with the ASU (on a prospective or retroactive basis or otherwise) to be treated as capitalized lease obligations for other purposes.

“Capitalized Leases” means all leases that have been or should be, in accordance with GAAP as in effect on the Closing Date, recorded as capitalized leases; provided that for all purposes hereunder the amount of obligations under any Capitalized Lease shall be the amount thereof accounted for as a liability in accordance with GAAP; provided, further, that all leases of such Person that are or would have been treated as operating leases for purposes of GAAP prior to the issuance of the ASU shall continue to be accounted for as operating leases for purposes of all financial definitions and calculations for purposes of this Note (whether or not such operating lease obligations were in effect on such date) notwithstanding the fact that such obligations are required in accordance with the ASU (on a prospective or retroactive basis or otherwise) to be treated as capitalized lease obligations for other purposes.

“Change of Control” means the occurrence of any of the following: (a) the sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of the Issuer and its Subsidiaries, or if the Issuer is a Subsidiary of any Guarantor, such Guarantor (the “Parent Guarantor”) and its Subsidiaries, taken as a whole to any Person (including any “person” (as that term is used in Section 13(d)(3) of the Exchange Act)); or (b) the consummation of any transaction (including, without limitation, any merger or consolidation), the result of which is that any Person (including any “person” (as defined above)) becomes the Beneficial Owner, directly or indirectly, of more than 50% of the Voting Stock of the Issuer or Parent Guarantor, as applicable, (measured by voting power rather than number of shares), other than (i) any such transaction where the Voting Stock of the Issuer or Parent Guarantor, as applicable, (measured by voting power rather than number of shares) outstanding immediately prior to such transaction constitutes or is converted into or exchanged for at least a majority of the outstanding shares of the Voting Stock of such Beneficial Owner (measured by voting power rather than number of shares), or (ii) any merger or consolidation

Annex A-1
of the Issuer or Parent Guarantor, as applicable, with or into any Person (including any “person” (as defined above)) which owns or operates (directly or indirectly through a contractual arrangement) a Permitted Business (a “Permitted Person”) or a Subsidiary of a Permitted Person, in each case, if immediately after such transaction no Person (including any “person” (as defined above)) is the Beneficial Owner, directly or indirectly, of more than 50% of the total Voting Stock of such Permitted Person (measured by voting power rather than number of shares).

“Closing Date” means the date set forth on the Issuer’s and each Guarantor’s signature page to this Note.

“Contractual Obligation” means, as to any Person, any provision of any security issued by such Person or of any agreement, instrument or other undertaking to which such Person is a party or by which it or any of its property is bound.

“Control” means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of a Person, whether through the ability to exercise voting power, by contract or otherwise. “Controlling” and “Controlled” have meanings analogous thereto.

“Debtor Relief Laws” means the Bankruptcy Code of the United States of America, and all other liquidation, conservatorship, bankruptcy, assignment for the benefit of creditors, moratorium, rearrangement, receivership, insolvency, reorganization, or similar debtor relief Laws of the United States or other applicable jurisdictions from time to time in effect.

“Default” means any event or condition that constitutes an Event of Default or that, with the giving of any notice, the passage of time, or both, would be an Event of Default.

“Default Rate” means an interest rate (before as well as after judgment) equal to the interest rate on the Note plus 2.00% per annum.

“Disqualified Equity Interest” means any equity interest that, by its terms (or the terms of any security or other equity interests into which it is convertible or for which it is exchangeable), or upon the happening of any event or condition (a) matures or is mandatorily redeemable (other than solely for equity interests that are not Disqualified Equity Interests), pursuant to a sinking fund obligation or otherwise (except as a result of a change of Control or asset sale so long as any rights of the holders thereof upon the occurrence of a change of Control or asset sale event shall be subject to the prior repayment in full of the Note and all other Obligations that are accrued and payable), (b) is redeemable at the option of the holder thereof, in whole or in part, (c) provides for scheduled payments of dividends in cash, or (d) is or becomes convertible into or exchangeable for Indebtedness or any other equity interests that would constitute Disqualified Equity Interests, in each case, prior to the date that is ninety-one days after the Maturity Date; provided that if such equity interests are issued pursuant to a plan for the benefit of employees of the Issuer or any Subsidiary or by any such plan to such employees, such equity interests shall not constitute Disqualified Equity Interests solely because they may be required to be repurchased by the Issuer or its Subsidiaries in order to satisfy applicable statutory or regulatory obligations or as a result of such employee’s termination, death or disability.

“Dollar” and “$” mean lawful money of the United States.

“Event of Default” has the meaning specified in Section 5.

“Excluded Subsidiary” means any Subsidiary of the Issuer that is not an obligor in respect of any Material Indebtedness that is unsecured of the Issuer or any of its Subsidiaries, unless such Subsidiary is required to be an obligor under any agreement, instrument or other document relating to any Material Indebtedness that is unsecured of the Issuer or any of its Subsidiaries.

“GAAP” means United States generally accepted accounting principles as in effect as of the date of determination thereof. Notwithstanding any other provision contained herein, (a) all terms of an accounting or financial nature used herein shall be construed, and all computations of amounts and ratios referred to herein shall be made, without giving effect to any election under FASB Accounting Standards Codification 825-Financial Instruments, or any successor thereto (including pursuant to the FASB Accounting Standards Codification), to value any Indebtedness of any subsidiary at “fair value,” as defined therein and (b) the amount of any Indebtedness under GAAP with respect to Capitalized Lease Obligations shall be determined in accordance with the definition of Capitalized Lease Obligations.

“Governmental Authority” means the government of the United States of America or any other nation, or of any political subdivision thereof, whether state or local, and any agency, authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any supra-national bodies such as the European Union or the European Central Bank).

Annex A-2
“Guarantee” means, as to any Person, (a) any obligation, contingent or otherwise, of such Person guaranteeing or having the economic effect of guaranteeing any Indebtedness or other obligation payable or performable by another Person (the “primary obligor”) in any manner, whether directly or indirectly, and including any obligation of such Person, direct or indirect, (i) to purchase or pay (or advance or supply funds for the purchase or payment of) such Indebtedness or other obligation, (ii) to purchase or lease property, securities or services for the purpose of assuring the obligee in respect of such Indebtedness or other obligation of the payment or performance of such Indebtedness or other obligation, (iii) to maintain working capital, equity capital or any other financial statement condition or liquidity or level of income or cash flow of the primary obligor so as to enable the primary obligor to pay such Indebtedness or other obligation or (iv) entered into for the purpose of assuring in any other manner the obligee in respect of such Indebtedness or other obligation of the payment or performance thereof or to protect such obligee against loss in respect thereof (in whole or in part) or (b) any Lien on any assets of such Person securing any Indebtedness or other obligation of any other Person, whether or not such Indebtedness or other obligation is assumed by such Person (or any right, contingent or otherwise, of any holder of such Indebtedness to obtain any such Lien); provided that the term “Guarantee” shall not include endorsements for collection or deposit in the ordinary course of business. The amount of any Guarantee shall be deemed to be an amount equal to the stated or determinable amount of the related primary obligation, or portion thereof, in respect of which such Guarantee is made or, if not stated or determinable, the maximum reasonably anticipated liability in respect thereof as determined by the guaranteeing Person in good faith. The term “Guarantee” as a verb has a corresponding meaning.

“Guaranteed Obligations” has the meaning specified in Annex B.

“Guarantor” means each Guarantor listed on the signature page to this Note and any other Person that Guarantees this Note.

“Holder” means the United States Department of the Treasury or its designees or any other Person that shall have rights pursuant to an assignment hereunder.

“Indebtedness” means, as to any Person at a particular time, without duplication, all of the following, whether or not included as indebtedness or liabilities in accordance with GAAP: (a) all obligations of such Person for borrowed money and all obligations of such Person evidenced by bonds, debentures, notes, loan agreements or other similar instruments; (b) all direct or contingent obligations of such Person arising under (i) letters of credit (including standby and commercial), bankers’ acceptances and bank guaranties and (ii) surety bonds, performance bonds and similar instruments issued or created by or for the account of such Person; (c) net obligations of such Person under any swap contract; (d) all obligations of such Person to pay the deferred purchase price of property or services (other than trade accounts payable in the ordinary course of business); (e) indebtedness (excluding prepaid interest thereon) secured by a Lien on property owned or being purchased by such Person (including indebtedness arising under conditional sales or other title retention agreements), whether or not such indebtedness shall have been assumed by such Person or is limited in recourse; (f) attributable indebtedness in respect of any Capitalized Lease Obligation and any synthetic lease obligation of any Person; (g) all obligations of such Person in respect of Disqualified Equity Interests; and (h) all Guarantees of such Person in respect of any of the foregoing. For all purposes hereof, the Indebtedness of any Person shall include the Indebtedness of any partnership or joint venture (other than a joint venture that is itself a corporation or limited liability company) in which such Person is a general partner or a joint venturer, unless such Indebtedness is expressly made non-recourse to such Person. The amount of any net obligation under any swap contract on any date shall be deemed to be the swap termination value thereof as of such date. The amount of any Indebtedness of any Person for purposes of clause (e) that is expressly made non-recourse or limited-recourse (limited solely to the assets securing such Indebtedness) to such Person shall be deemed to be equal to the lesser of (i) the aggregate principal amount of such Indebtedness and (ii) the fair market value of the property encumbered thereby as determined by such Person in good faith.

“Indemnitee” has the meaning specified in Section 6.3(b).

“Issuer” has the meaning specified in the preamble to this Note.

“Laws” means, collectively, all international, foreign, federal, state and local statutes, treaties, rules, guidelines, regulations, ordinances, codes and administrative or judicial precedents or authorities, including the interpretation or administration thereof by any Governmental Authority charged with the enforcement, interpretation or administration thereof, and all applicable administrative orders, directed duties, requests, licenses, authorizations and permits of, and agreements with, any Governmental Authority, in each case whether or not having the force of law.

Annex A-3
"Lien" means any mortgage, pledge, hypothecation, collateral assignment, deposit arrangement, encumbrance, lien (statutory or other), charge, or preference, priority or other security interest or preferential arrangement of any kind or nature whatsoever (including any conditional sale or other title retention agreement, any easement, right of way or other encumbrance on title to real property, and any financing lease having substantially the same economic effect as any of the foregoing).

"Material Adverse Effect" means (a) a material adverse change in, or a material adverse effect on, the operations, business, properties, liabilities (actual or contingent), condition (financial or otherwise) or prospects of the Issuer and its Subsidiaries taken as a whole; or (b) a material adverse effect on (i) the ability of the Issuer or any Guarantor to perform its Obligations, (ii) the legality, validity, binding effect or enforceability against the Issuer or any Guarantors of the Note or (iii) the rights, remedies and benefits available to, or conferred upon, the Holder under the Note.

"Material Indebtedness" has the meaning specified in Section 5.1(f).

"Maturity Date" means the date that is ten years after the Closing Date (except that, if such date is not a Business Day, the Maturity Date shall be the next preceding Business Day).

"Note" has the meaning specified in the preamble to this Note.

"Obligations" means all advances to, and debts, liabilities, obligations, covenants and duties of, the Issuer arising under or otherwise with respect to the Note, whether direct or indirect (including those acquired by assumption), absolute or contingent, due or to become due, now existing or hereafter arising and including interest and fees that accrue after the commencement by or against the Issuer or any Affiliate thereof of any proceeding under any Debtor Relief Laws naming such Person as the debtor in such proceeding, regardless of whether such interest and fees are allowed claims in such proceeding. Without limiting the foregoing, the Obligations include (a) the obligation to pay principal, interest, charges, expenses, fees, indemnities and other amounts payable by the Issuer under the Note and (b) the obligation of the Issuer to reimburse any amount in respect of any of the foregoing that the Holder, in each case in its sole discretion, may elect to pay or advance on behalf of the Issuer.

"Obligee Guarantor" has the meaning specified in Annex B.

"Organizational Documents" means (a) as to any corporation, the charter or certificate or articles of incorporation and the bylaws (or equivalent or comparable constitutive documents with respect to any non-U.S. jurisdiction), (b) as to any limited liability company, the certificate or articles of formation or organization and operating or limited liability agreement and (c) as to any partnership, joint venture, trust or other form of business entity, the partnership, joint venture or other applicable agreement of formation or organization and any agreement, instrument, filing or notice with respect thereto filed in connection with its formation or organization with the applicable Governmental Authority in the jurisdiction of its formation or organization and, if applicable, any certificate or articles of formation or organization of such entity.

"Permitted Business" means any business that is the same as, or reasonably related, ancillary, supportive or complementary to, the business in which the Issuer and its Subsidiaries are engaged on the date of this Note.

"Person" means any natural person, corporation, limited liability company, trust, joint venture, association, company, partnership, Governmental Authority or other entity.

"Principal Amount" has the meaning specified in the preamble to this Note.

"PSP Extension Law" has the meaning specified in the preamble to this Note.

"PSP2 Agreement" has the meaning specified in the preamble to this Note.

"PSP2 Application" means the application form and any related materials submitted by the Carrier to Treasury in connection with an application for financial assistance under Division N, Title IV, Subtitle A of the PSP Extension Law.

"Related Parties" means, with respect to any Person, such Person’s Affiliates and the agents, advisors and representatives of such Person and of such Person’s Affiliates.

"SOFR" means the secured overnight financing rate published by the Federal Reserve Bank of New York, as administrator of the benchmark (or a successor administrator) on the Federal Reserve Bank of New York’s (or such successor’s) website.

Annex A-4
"Subsidiary" of a Person means a corporation, partnership, limited liability company, association or joint venture or other business entity of which a majority of the equity interests having ordinary voting power for the election of directors or other governing body (other than securities or interests having such power only by reason of the happening of a contingency) are at the time owned or the management of which is Controlled, directly, or indirectly through one or more intermediaries, by such Person. Unless otherwise specified, all references herein to a “Subsidiary” or to “Subsidiaries” shall refer to a Subsidiary or Subsidiaries of the Issuer.

“Treasury” has the meaning specified in the preamble to this Note.

“United States” and “U.S.” mean the United States of America.

“Voting Stock” of any specified Person as of any date means the equity interests of such Person that is at the time entitled to vote in the election of the board of directors of such Person.

Annex A-5
ANNEX B

GUARANTEE

1. **Guarantee of the Obligations.** Each Guarantor jointly and severally hereby irrevocably and unconditionally guarantees to the Holder, the due and punctual payment in full of all Obligations (or such lesser amount as agreed by the Holder in its sole discretion) when the same shall become due, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including amounts that would become due but for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code, 11 U.S.C. § 362(a)) (collectively, the “Guaranteed Obligations”).

2. **Payment by a Guarantor.** Each Guarantor hereby jointly and severally agrees, in furtherance of the foregoing and not in limitation of any other right which the Holder may have at law or in equity against any Guarantor by virtue hereof, that upon the failure of the Issuer to pay any of the Guaranteed Obligations when and as the same shall become due, whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise (including amounts that would become due but for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code, 11 U.S.C. § 362(a)), such Guarantor will upon demand pay, or cause to be paid, in cash, to the Holder an amount equal to the sum of the unpaid principal amount of all Guaranteed Obligations then due as aforesaid, accrued and unpaid interest on such Guaranteed Obligations (including interest which, but for the Issuer’s becoming the subject of a case under the Bankruptcy Code, would have accrued on such Guaranteed Obligations, whether or not a claim is allowed against the Issuer for such interest in the related bankruptcy case) and all other Guaranteed Obligations then owed to the Holder as aforesaid.

3. **Liability of Guarantors Absolute.** Each Guarantor agrees that its obligations hereunder are irrevocable, absolute, independent and unconditional and shall not be affected by any circumstance which constitutes a legal or equitable discharge of a guarantor or surety other than payment in full of the Guaranteed Obligations. In furtherance of the foregoing and without limiting the generality thereof, each Guarantor agrees as follows:

(a) this Guarantee is a guarantee of payment when due and not of collectability;

(b) the Holder may enforce this Guarantee upon the occurrence of an Event of Default notwithstanding the existence of any dispute between the Issuer and the Holder with respect to the existence of such Event of Default;

(c) a separate action or actions may be brought and prosecuted against such Guarantor whether or not any action is brought against the Issuer or any other Guarantors and whether or not Issuer or such Guarantors are joined in any such action or actions;

(d) payment by any Guarantor of a portion, but not all, of the Guaranteed Obligations shall in no way limit, affect, modify or abridge any other Guarantor’s liability for any portion of the Guaranteed Obligations which has not been paid;

(e) the Holder, upon such terms as it deems appropriate, without notice or demand and without affecting the validity or enforceability hereof or giving rise to any reduction, limitation, impairment, discharge or termination of any Guarantor’s liability hereunder, from time to time may (i) renew, extend, accelerate, increase the rate of interest on, or otherwise change the time, place, manner or terms of payment of the Guaranteed Obligations; (ii) settle, compromise, release or discharge, or accept or refuse any offer of performance with respect to, or substitutions for, the Guaranteed Obligations or subordinate the payment of the same to the payment of any other obligations; (iii) release, surrender, exchange, substitute, compromise, settle, rescind, waive, alter, subordinate or modify, with or without consideration, any security for payment of the Guaranteed Obligations, any other guarantees of the Guaranteed Obligations, or any other obligation of any Person (including any other Guarantor) with respect to the Guaranteed Obligations; and (iv) enforce its rights and remedies even though such action may operate to impair or extinguish any right of reimbursement or subrogation or other right or remedy of any Guarantor against the Issuer or any security for the Guaranteed Obligations; and

(f) this Guarantee and the obligations of each Guarantor hereunder shall be valid and enforceable and shall not be subject to any reduction, limitation, impairment, discharge or termination for any reason (other than payment in full of the Guaranteed Obligations), including the occurrence of any of the following: (i) any failure, delay or omission to assert or enforce or agreement or election not to assert or enforce, or the stay or enjoining, by order of court, by operation of law or otherwise, of the exercise or enforcement of, any claim or demand or any right, power or remedy with respect to the Guaranteed Obligations, or with respect to any security for the payment of the Guaranteed Obligations; (ii) any rescission, waiver, amendment or modification of, or any consent to departure from, any of the

Annex B-1
the time of such asset sale.

4. **Waivers by Guarantors.** Each Guarantor hereby waives, for the benefit of the Holder: (a) any right to require the Holder, as a condition of payment or performance by such Guarantor, to (i) proceed against Issuer, any Guarantor or any other Person; (ii) proceed against or exhaust any security in favor of the Holder; or (iii) pursue any other remedy in the power of the Holder whatsoever or (b) presentment to, demand for payment from and protest to the Issuer or any Guarantor or notice of acceptance; and (c) any defenses or benefits that may be derived from or afforded by law which limit the liability of or exonerate guarantors or sureties, or which may conflict with the terms hereof.

5. **Guarantors’ Rights of Subrogation, Contribution, etc.** Until the Guaranteed Obligations shall have been paid in full, each Guarantor hereby waives any claim, right or remedy, direct or indirect, that such Guarantor now has or may hereafter have against the Issuer or any other Guarantor or any of its assets in connection with this Guarantee or the performance by such Guarantor of its obligations hereunder, including without limitation (a) any right of subrogation, reimbursement or indemnification that such Guarantor now has or may hereafter have against the Issuer with respect to the Guaranteed Obligations, (b) any right to enforce, or to participate in, any claim, right or remedy that the Holder now has or may hereafter have against the Issuer, and (c) any benefit of, and any right to participate in, any collateral or security now or hereafter held by the Holder. In addition, until the Guaranteed Obligations shall have been paid in full, each Guarantor shall withhold exercise of any right of contribution such Guarantor may have against any other guarantor (including any other Guarantor) of the Guaranteed Obligations. If any amount shall be paid to any Guarantor on account of any such subrogation, reimbursement, indemnification or contribution rights at any time when all Guaranteed Obligations shall not have been finally and paid in full, such amount shall be held in trust for the Holder and shall forthwith be paid over to the Holder to be credited and applied against the Guaranteed Obligations, whether matured or unmatured, in accordance with the terms hereof.

6. **Subordination.** Any Indebtedness of the Issuer or any Guarantor now or hereafter held by any Guarantor (the “Obligee Guarantor”) is hereby subordinated in right of payment to the Guaranteed Obligations, and any such indebtedness collected or received by the Obligee Guarantor after an Event of Default has occurred and is continuing shall be held in trust for the Holder and shall forthwith be paid over to the Holder to be credited and applied against the Guaranteed Obligations but without affecting, impairing or limiting in any manner the liability of the Obligee Guarantor under any other provision hereof.

7. **Continuing Guarantee.** This Guarantee is a continuing guarantee and shall remain in effect until all of the Guaranteed Obligations shall have been paid in full. Each Guarantor hereby irrevocably waives any right to revoke this Guarantee as to future transactions giving rise to any Guaranteed Obligations.

8. **Financial Condition of the Issuer.** The Note may be issued to the Issuer without notice to or authorization from any Guarantor regardless of the financial or other condition of the Issuer at the time of such grant. Each Guarantor has adequate means to obtain information from the Issuer on a continuing basis concerning the financial condition of the Issuer and its ability to perform its obligations under the Note, and each Guarantor assumes the responsibility for being and keeping informed of the financial condition of the Issuer and of all circumstances bearing upon the risk of nonpayment of the Guaranteed Obligations.

9. **Reinstatement.** In the event that all or any portion of the Guaranteed Obligations are paid by the Issuer or any Guarantor, the obligations of any other Guarantor hereunder shall continue and remain in full force and effect or be reinstated, as the case may be, in the event that all or any part of such payment(s) are rescinded or recovered directly or indirectly from the Holder as a preference, fraudulent transfer or otherwise, and any such payments which are so rescinded or recovered shall constitute Guaranteed Obligations for all purposes hereunder.

10. **Discharge of Guarantee Upon Sale of the Guarantor.** If, in compliance with the terms and provisions of the Note, all of the capital stock of any Guarantor that is a Subsidiary of the Carrier or any of its successors in interest hereunder shall be sold or otherwise disposed of (including by merger or consolidation) to any Person (other than to the Issuer or to any other Guarantor), the Guarantee of such Guarantor or such successor in interest, as the case may be, hereunder shall automatically be discharged and released without any further action by any beneficiary or any other Person effective as of the time of such asset sale.

WHEREAS, the Company has requested that Treasury provide financial assistance to the Recipient (as defined in the PSP2 Agreement) that shall exclusively be used for the continuation of payment of employee wages, salaries, and benefits as is permissible under Section 402(a) of Title IV of Division N of the Consolidated Appropriations Act, 2021 (December 27, 2020), as the same may be amended from time to time, and Treasury is willing to do so on the terms and conditions set forth in that certain Payroll Support Program Extension Agreement dated as of January 15, 2021, between Frontier Airlines, Inc. and Treasury (the “PSP2 Agreement”); and

WHEREAS, as appropriate compensation to the Federal Government of the United States of America for the provision of financial assistance under the PSP2 Agreement, the Company has agreed to issue a note to be repaid to Treasury on the terms and conditions set forth in the promissory note dated as of January 15, 2021, issued by the Company, in the name of Treasury as the holder (the “Promissory Note”) and agreed to issue in a private placement warrants to purchase the number of shares of its Common Stock determined in accordance with Schedule 1 to this Agreement (the “Warrants”) to Treasury;

NOW, THEREFORE, in consideration of the premises, and of the representations, warranties, covenants and agreements set forth herein, the parties agree as follows:

Article I
Closing

1.1 Issuance.

(a) On the terms and subject to the conditions set forth in this Agreement, the Company agrees to issue to Treasury, on each Warrant Closing Date, Warrants for a number of shares of Common Stock determined by the formula set forth in Schedule 1.

1.2 Initial Closing; Warrant Closing Date.

(a) On the terms and subject to the conditions set forth in this Agreement, the closing of the initial issuance of the Warrants (the “Initial Closing”) will take place on or before the 90th day after the Closing Date (as defined in the Promissory Note) or, if on the 90th day after the Closing Date the principal amount of the Promissory Note is $0, the first date on which such principal amount is increased. After the Initial Closing, the closing of any subsequent issuance will take place on the date of each increase, if any, of the principal amount of the Promissory Note (each subsequent closing, together with the Initial Closing, a “Closing” and each such date a “Warrant Closing Date”).

(b) On each Warrant Closing Date, the Company will issue to Treasury a duly executed Warrant or Warrants with an Exercise Price determined by the formula set forth in paragraph (a) of Schedule 1 for a number of shares of Common Stock determined by the formula set forth in paragraph (b) of Schedule 1, as evidenced by one or more certificates dated the Warrant Closing Date and bearing appropriate legends as hereinafter provided for and in substantially the form attached hereto as Annex B.
(c) On each Warrant Closing Date, the Company shall deliver to Treasury (i) a written opinion from counsel to the Company (which may be internal counsel) addressed to Treasury and dated as of such Warrant Closing Date, in substantially the form attached hereto as Annex A and (ii) a certificate executed by the chief executive officer, president, executive vice president, chief financial officer, principal accounting officer, treasurer or controller confirming that the representations and warranties of the Company in this Agreement are true and correct with the same force and effect as though expressly made at and as of such Warrant Closing Date and the Company has complied with all agreements on its part to be performed or satisfied hereunder at or prior to such Closing.

(d) On the initial Warrant Closing Date, the Company shall deliver to Treasury (i) such customary certificates of resolutions or other action, incumbency certificates and/or other certificates of the chief executive officer, president, executive vice president, chief financial officer, principal accounting officer, treasurer or controller as Treasury may require evidencing the identity, authority and capacity of each such officer thereof authorized to act as such officer in connection with this Agreement and (ii) customary resolutions or evidence of corporate authorization, secretary’s certificates and such other documents and certificates (including Organizational Documents and good standing certificates) as Treasury may reasonably request relating to the organization, existence and good standing of the Company and any other legal matters relating to the Company, this Agreement, the Warrants or the transactions contemplated hereby or thereby.

1.3 Interpretation.

(a) When a reference is made in this Agreement to “Recitals,” “Articles,” “Sections,” or “Annexes” such reference shall be to a Recital, Article or Section of, or Annex to, this Warrant Agreement, unless otherwise indicated. The terms defined in the singular have a comparable meaning when used in the plural, and vice versa. References to “herein”, “hereof”, “hereunder” and the like refer to this Agreement as a whole and not to any particular section or provision, unless the context requires otherwise. The table of contents and headings contained in this Agreement are for reference purposes only and are not part of this Agreement. Whenever the words “include,” “includes” or “including” are used in this Agreement, they shall be deemed followed by the words “without limitation.” No rule of construction against the draftsperson shall be applied in connection with the interpretation or enforcement of this Agreement, as this Agreement is the product of negotiation between sophisticated parties advised by counsel. All references to “$” or “dollars” mean the lawful currency of the United States of America. Except as expressly stated in this Agreement, all references to any statute, rule or regulation are to the statute, rule or regulation as amended, modified, supplemented or replaced from time to time (and, in the case of statutes, include any rules and regulations promulgated under the statute) and to any section of any statute, rule or regulation include any successor to the section.

(b) Capitalized terms not defined herein have the meanings ascribed thereto in Annex B.
2.1 Representations and Warranties of the Company. The Company represents and warrants to Treasury that as of the date hereof and each Warrant Closing Date (or such other date specified herein):

(a) Existence, Qualification and Power. The Company is duly organized or formed, validly existing and, if applicable, in good standing under the Laws of the jurisdiction of its incorporation or organization, and the Company and each Subsidiary (a) has all requisite power and authority and all requisite governmental licenses, authorizations, consents and approvals to (i) own or lease its assets and carry on its business and (ii) execute, deliver and perform its obligations under this Agreement and the Warrants, and (b) is duly qualified and is licensed and, as applicable, in good standing under the Laws of each jurisdiction where its ownership, lease or operation of properties or the conduct of its business requires such qualification or license, except, in each case referred to in clause (a)(i) or (b), to the extent that failure to do so could not reasonably be expected to have a Material Adverse Effect.

(b) Capitalization. The authorized capital stock of the Company, and the outstanding capital stock of the Company (including securities convertible into, or exercisable or exchangeable for, capital stock of the Company) as of the most recent fiscal month-end preceding the date hereof (the "Capitalization Date") is set forth in Schedule 2. The outstanding shares of capital stock of the Company have been duly authorized and are validly issued and outstanding, fully paid and nonassessable, and subject to no preemptive rights, other than, if applicable, those set forth on Schedule 3 (and were not issued in violation of any preemptive rights). Except as provided in the Warrants, as of the date hereof, the Company does not have outstanding any securities or other obligations providing the holder the right to acquire Common Stock that is not reserved for issuance as specified on Schedule 2, and the Company has not made any other commitment to authorize, issue or sell any Common Stock. Since the Capitalization Date, the Company has not issued any shares of Common Stock, other than (i) shares issued upon the exercise of stock options or delivered under other equity-based awards or other convertible securities or warrants which were issued and outstanding on the Capitalization Date and disclosed on Schedule 2 and (ii) shares disclosed on Schedule 2 as it may be updated by written notice from the Company to Treasury in connection with each Warrant Closing Date. Each holder of 5% or more of any class of capital stock of the Company and such holder’s primary address are set forth in Schedule 2.

(c) Governmental Authorization; Other Consents. No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person is necessary or required in connection with the execution, delivery or performance by, or enforcement against, the Company of this Agreement, except for such approvals, consents, exemptions, authorizations, actions or notices that have been duly obtained, taken or made and are in full force and effect.

(d) Execution and Delivery; Binding Effect. This Agreement has been duly authorized, executed and delivered by the Company. This Agreement constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its
terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity.

(e) **The Warrants and Warrant Shares.** Each Warrant has been duly authorized and, when executed and delivered as contemplated hereby, will constitute a valid and legally binding obligation of the Company enforceable against the Company in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other Laws affecting creditors’ rights generally and by general principles of equity. The Warrant Shares have been duly authorized and reserved for issuance upon exercise of the Warrants and when so issued in accordance with the terms of the Warrants will be validly issued, fully paid and non-assessable, subject, if applicable, to the approvals of its stockholders set forth on Schedule 3.

(f) **Authorization, Enforceability.**

(i) The Company has the corporate power and authority to execute and deliver this Agreement and the Warrants and, subject, if applicable, to the approvals of its stockholders set forth on Schedule 3, to carry out its obligations hereunder and thereunder (which includes the issuance of the Warrants and Warrant Shares). The execution, delivery and performance by the Company of this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby have been duly authorized by all necessary corporate or other organizational action on the part of the Company and its stockholders, and no further approval or authorization is required on the part of the Company, subject, in each case, if applicable, to the approvals of its stockholders set forth on Schedule 3.

(ii) The execution, delivery and performance by the Company of this Agreement do not and will not (a) contravene the terms of its Organizational Documents, (b) conflict with or result in any breach or contravention of, or the creation of any Lien (as defined in the Promissory Note) under, or require any payment to be made under (i) any material Contractual Obligation to which the Company is a party or affecting the Company or the properties of the Company or any Subsidiary or (ii) any material order, injunction, writ or decree of any Governmental Authority or any arbitral award to which the Company or any Subsidiary or its property is subject or (c) violate any Law, except to the extent that such violation could not reasonably be expected to have Material Adverse Effect.

(iii) Such filings and approvals as are required to be made or obtained under any state “blue sky” laws, and such filings and approvals as have been made or obtained, no notice to, filing with, exemption or review by, or authorization, consent or approval of, any Governmental Authority is required to be made or obtained by the Company in connection with the execution, delivery and performance by the Company of this Agreement and the consummation by the Company of the issuance of the Warrants except for any such notices, filings, exemptions, reviews, authorizations, consents and approvals the failure of which to make or obtain would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.
(g) Anti-takeover Provisions and Rights Plan. The Board of Directors of the Company (the “Board of Directors”) has taken all necessary action, and will in the future take any necessary action, to ensure that the transactions contemplated by this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby, including the exercise of the Warrants in accordance with their terms, will be exempt from any anti-takeover or similar provisions of the Company’s Organizational Documents, and any other provisions of any applicable “moratorium”, “control share”, “fair price”, “interested stockholder” or other anti-takeover laws and regulations of any jurisdiction, whether existing on the date hereof or implemented after the date hereof. The Company has taken all actions necessary, and will in the future take any necessary action, to render any stockholders’ rights plan of the Company inapplicable to this Agreement and the Warrants and the consummation of the transactions contemplated hereby and thereby, including the exercise of the Warrants by Treasury in accordance with its terms.

(h) Reports. Since December 31, 2017, the Company and each Subsidiary has timely filed all reports, registrations, documents, filings, statements and submissions, together with any amendments thereto, that it was required to file with any Governmental Authority (the foregoing, collectively, the “Company Reports”) and has paid all fees and assessments due and payable in connection therewith, except, in each case, as would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. As of their respective dates of filing, the Company Reports complied in all material respects with all statutes and applicable rules and regulations of the applicable Governmental Authority.

(i) Offering of Securities. Neither the Company nor any person acting on its behalf has taken any action (including any offering of any securities of the Company under circumstances which would require the integration of such offering with the offering of any of the Warrants under the Securities Act, and the rules and regulations of the Securities and Exchange Commission (the “SEC”) promulgated thereunder), which might subject the offering, issuance or sale of any of the Warrants to Treasury pursuant to this Agreement to the registration requirements of the Securities Act.

(j) Brokers and Finders. No broker, finder or investment banker is entitled to any financial advisory, brokerage, finder’s or other fee or commission in connection with this Agreement or the Warrants or the transactions contemplated hereby or thereby based upon arrangements made by or on behalf of the Company or any Subsidiary for which Treasury could have any liability.

**Article III**

**Covenants**

3.1 **Commercially Reasonable Efforts.**

(a) Subject to the terms and conditions of this Agreement, each of the parties will use its commercially reasonable efforts in good faith to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or desirable, or advisable under applicable laws, to enable consummation of the transactions contemplated hereby and shall use commercially reasonable efforts to cooperate with the other party to that end.
(b) If the Company is required to obtain any stockholder approvals set forth on Schedule 3, then the Company shall comply with this Section 3.1(b). The Company shall call a special meeting of its stockholders, as promptly as practicable following the Initial Closing, to vote on proposals (collectively, the "Stockholder Proposals") to amend the Company's Organizational Documents to increase the number of authorized shares of Common Stock to at least such number as shall be sufficient to permit the full exercise of the Warrants for Common Stock and comply with the other provisions of this Section 3.1(b). The Board of Directors shall recommend to the Company's stockholders that such stockholders vote in favor of the Stockholder Proposals. In the event that the approval of any of the Stockholder Proposals is not obtained at such special stockholders meeting, the Company shall include a proposal to approve (and the Board of Directors shall recommend approval of) each such proposal at a meeting of its stockholders no less than once in each subsequent six-month period beginning on March 31, 2021 until all such approvals are obtained or made.

3.2 Expenses. The Company shall pay (i) all reasonable out-of-pocket expenses incurred by Treasury (including the reasonable fees, charges and disbursements of any counsel for Treasury) in connection with the preparation, negotiation, execution, delivery and administration of this Agreement and the Warrants, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), and (ii) all out-of-pocket expenses incurred by Treasury (including the fees, charges and disbursements of any counsel for Treasury), in connection with the enforcement or protection of its rights in connection with this Agreement and the Warrants, any other agreements or documents executed in connection herewith or therewith, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), including all such out-of-pocket expenses incurred during any workout, restructuring, negotiations or enforcement in respect of such Warrant Agreement, Warrant and other agreements or documents executed in connection herewith or therewith.

3.3 Sufficiency of Authorized Common Stock

(a) During the period from each Warrant Closing Date (or, if the approval of the Stockholder Proposals is required, the date of such approval) until the date on which no Warrants remain outstanding, the Company shall at all times have reserved for issuance, free of preemptive or similar rights, a sufficient number of authorized and unissued Warrant Shares to effectuate such exercise. Nothing in this Section 3.3 shall preclude the Company from satisfying its obligations in respect of the exercise of the Warrants by delivery of shares of Common Stock which are held in the treasury of the Company.
distribute them to any person in violation of the Securities Act or any applicable U.S. state securities laws; (b) will not sell or otherwise dispose of any of the Warrants or the Warrant Shares, except in compliance with the registration requirements or exemption provisions of the Securities Act and any applicable U.S. state securities laws; and (c) has such knowledge and experience in financial and business matters and in investments of this type that it is capable of evaluating the merits and risks of the Warrants and the Warrant Shares and of making an informed investment decision.

4.2 Legends.

(a) Treasury agrees that all certificates or other instruments representing the Warrants and the Warrant Shares will bear a legend substantially to the following effect:

“THE SECURITIES REPRESENTED BY THIS INSTRUMENT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE AND MAY NOT BE TRANSFERRED, SOLD OR OTHERWISE DISPOSED OF EXCEPT WHILE A REGISTRATION STATEMENT RELATING THERETO IS IN EFFECT UNDER SUCH ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.”

(b) In the event that any Warrants or Warrant Shares (i) become registered under the Securities Act or (ii) are eligible to be transferred without restriction in accordance with Rule 144 or another exemption from registration under the Securities Act (other than Rule 144A), the Company shall issue new certificates or other instruments representing such Warrants or Warrant Shares, which shall not contain the legend in Section 4.2(a) above; provided that Treasury surrenders to the Company the previously issued certificates or other instruments.

4.3 Certain Transactions. The Company will not merge or consolidate with, or sell, transfer or lease all or substantially all of its property or assets to, any other party unless the successor, transferee or lessee party (or its ultimate parent entity), as the case may be (if not the Company), expressly assumes the due and punctual performance and observance of each and every covenant, agreement and condition of this Agreement and the Warrants to be performed and observed by the Company.

4.4 Transfer of Warrants and Warrant Shares. Subject to compliance with applicable securities laws, Treasury shall be permitted to transfer, sell, assign or otherwise dispose of (“Transfer”) all or a portion of the Warrants or Warrant Shares at any time, and the Company shall take all steps as may be reasonably requested by Treasury to facilitate the Transfer of the Warrants and the Warrant Shares.

4.5 Registration Rights.

(a) Unless and until the Company becomes subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company shall have no obligation to comply with the provisions of this Section 4.5; provided that the Company covenants and agrees that it shall comply with this Section 4.5 as soon as practicable after the date that it becomes subject to such reporting requirements.
(b) Registration.

(i) Subject to the terms and conditions of this Agreement, the Company covenants and agrees that as soon as practicable after the date that the Company becomes subject to the reporting requirements of Sections 13 or 15(d) of the Exchange Act (and in any event no later than 180 days thereafter), the Company shall prepare and file with the SEC a Shelf Registration Statement covering the maximum number of Registrable Securities (or otherwise designate an existing Shelf Registration Statement filed with the SEC to cover the Registrable Securities) that may be issued pursuant to this Agreement and any Warrants outstanding at that time, and, to the extent the Shelf Registration Statement has not theretofore been declared effective or is not automatically effective upon such filing, the Company shall use reasonable best efforts to cause such Shelf Registration Statement to be declared or become effective and to keep such Shelf Registration Statement continuously effective and in compliance with the Securities Act and usable for resale of such Registrable Securities for a period from the date of its initial effectiveness until such time as there are no Registrable Securities remaining (including by refileing such Shelf Registration Statement (or a new Shelf Registration Statement) if the initial Shelf Registration Statement expires). So long as the Company is a well-known seasoned issuer (as defined in Rule 405 under the Securities Act) at the time of filing of the Shelf Registration Statement with the SEC, such Shelf Registration Statement shall be designated by the Company as an automatic Shelf Registration Statement. Notwithstanding the foregoing, if on the date hereof the Company is not eligible to file a registration statement on Form S-3, then the Company shall not be obligated to file a Shelf Registration Statement unless and until it is so eligible and is requested to do so in writing by Treasury.

(ii) Any registration pursuant to Section 4.5(b)(i) shall be effected by means of a shelf registration on an appropriate form under Rule 415 under the Securities Act (a “Shelf Registration Statement”). If Treasury or any other Holder intends to distribute any Registrable Securities by means of an underwritten offering it shall promptly so advise the Company and the Company shall take all reasonable steps to facilitate such distribution, including the actions required pursuant to Section 4.5(d); provided that the Company shall not be required to facilitate an underwritten offering of Registrable Securities unless the total number of Warrant Shares and Warrants expected to be sold in such offering exceeds, or are exercisable for, at least 20% of the total number of Warrant Shares for which Warrants issued under this Agreement could be exercised (giving effect to the anti-dilution adjustments in Warrants); and provided, further that the Company shall not be required to facilitate more than two completed underwritten offerings within any 12-month period. The lead underwriters in any such distribution shall be selected by the Holders of a majority of the Registrable Securities to be distributed.

(iii) The Company shall not be required to effect a registration (including a resale of Registrable Securities from an effective Shelf Registration Statement) or an underwritten offering pursuant to Section 4.5(b): (A) with respect to securities that are not Registrable Securities; or (B) if the Company has notified Treasury and all other Holders that in the good faith judgment of the Board of Directors, it would be materially detrimental to the Company or its securityholders for such registration or underwritten
offering to be effected at such time, in which event the Company shall have the right to defer such registration or offering for a period of not more than 45 days after receipt of the request of Treasury or any other Holder; provided that such right to delay a registration or underwritten offering shall be exercised by the Company (1) only if the Company has generally exercised (or is concurrently exercising) similar black-out rights against holders of similar securities that have registration rights and (2) not more than three times in any 12-month period and not more than 90 days in the aggregate in any 12-month period. The Company shall notify the Holders of the date of any anticipated termination of any such deferral period prior to such date.

(iv) If during any period when an effective Shelf Registration Statement is not available, the Company proposes to register any of its equity securities, other than a registration pursuant to Section 4.5(b)(i) or a Special Registration, and the registration form to be filed may be used for the registration or qualification for distribution of Registrable Securities, the Company will give prompt written notice to Treasury and all other Holders of its intention to effect such a registration (but in no event less than ten days prior to the anticipated filing date) and will include in such registration all Registrable Securities with respect to which the Company has received written requests for inclusion therein within ten Business Days after the date of the Company’s notice (a “Piggyback Registration”). Any such person that has made such a written request may withdraw its Registrable Securities from such Piggyback Registration by giving written notice to the Company and the managing underwriter, if any, on or before the fifth Business Day prior to the planned effective date of such Piggyback Registration. The Company may terminate or withdraw any registration under this Section 4.5(b)(iv) prior to the effectiveness of such registration, whether or not Treasury or any other Holders have elected to include Registrable Securities in such registration.

(v) If the registration referred to in Section 4.5(b)(iv) is proposed to be underwritten, the Company will so advise Treasury and all other Holders as a part of the written notice given pursuant to Section 4.5(b)(iv). In such event, the right of Treasury and all other Holders to registration pursuant to Section 4.5(b) will be conditioned upon such persons’ participation in such underwriting and the inclusion of such person’s Registrable Securities in the underwriting if such securities are of the same class of securities as the securities to be offered in the underwritten offering, and each such person will (together with the Company and the other persons distributing their securities through such underwriting) enter into an underwriting agreement in customary form with the underwriter or underwriters selected for such underwriting by the Company; provided that Treasury (as opposed to other Holders) shall not be required to indemnify any person in connection with any registration. If any participating person disapproves of the terms of the underwriting, such person may elect to withdraw therefrom by written notice to the Company, the managing underwriters and Treasury (if Treasury is participating in the underwriting).

(vi) If either (x) the Company grants “piggyback” registration rights to one or more third parties to include their securities in an underwritten offering under the Shelf Registration Statement pursuant to Section 4.5(b)(ii) or (y) a Piggyback Registration under Section 4.5(b)(iv) relates to an underwritten offering on behalf of the Company,
and in either case the managing underwriters advise the Company that in their reasonable opinion the number of securities requested to be included in such offering exceeds the number which can be sold without adversely affecting the marketability of such offering (including an adverse effect on the per share offering price), the Company will include in such offering only such number of securities that in the reasonable opinion of such managing underwriters can be sold without adversely affecting the marketability of the offering (including an adverse effect on the per share offering price), which securities will be so included in the following order of priority: (A) first, in the case of a Piggyback Registration under Section 4.5(b)(iv), the securities the Company proposes to sell, (B) then the Registrable Securities of Treasury and all other Holders who have requested inclusion of Registrable Securities pursuant to Section 4.5(b)(ii) or Section 4.5(b)(iv), as applicable, pro rata on the basis of the aggregate number of such securities or shares owned by each such person and (C) lastly, any other securities of the Company that have been requested to be so included, subject to the terms of this Agreement; provided, however, that if the Company has, prior to the date hereof, entered into an agreement with respect to its securities that is inconsistent with the order of priority contemplated hereby then it shall apply the order of priority in such conflicting agreement to the extent that this Agreement would otherwise result in a breach under such agreement.

(c) Expenses of Registration. All Registration Expenses incurred in connection with any registration, qualification or compliance hereunder shall be borne by the Company. All Selling Expenses incurred in connection with any registrations hereunder shall be borne by the holders of the securities so registered pro rata on the basis of the aggregate offering or sale price of the securities so registered.

(d) Obligations of the Company. The Company shall use its reasonable best efforts, for so long as there are Registrable Securities outstanding, to take such actions as are under its control to not become an ineligible issuer (as defined in Rule 405 under the Securities Act) and to remain a well-known seasoned issuer (as defined in Rule 405 under the Securities Act) if it has such status on the date hereof or becomes eligible for such status in the future. In addition, whenever required to effect the registration of any Registrable Securities or facilitate the distribution of Registrable Securities pursuant to an effective Shelf Registration Statement, the Company shall, as expeditiously as reasonably practicable:

(i) Prepare and file with the SEC a prospectus supplement with respect to a proposed offering of Registrable Securities pursuant to an effective registration statement, subject to Section 4.5(e), keep such registration statement effective and keep such prospectus supplement current until the securities described therein are no longer Registrable Securities. The plan of distribution included in such registration statement, or, as applicable, prospectus supplement thereto, shall include, among other things, an underwritten offering, ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers, block trades, privately negotiated transactions, the writing or settlement of options or other derivative transactions and any other method permitted pursuant to applicable law, and any combination of any such methods of sale.
(ii) Prepare and file with the SEC such amendments and supplements to the applicable registration statement and the prospectus or prospectus supplement used in connection with such registration statement as may be necessary to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement.

(iii) Furnish to the Holders and any underwriters such number of copies of the applicable registration statement and each such amendment and supplement thereto (including in each case all exhibits) and of a prospectus, including a preliminary prospectus, in conformity with the requirements of the Securities Act, and such other documents as they may reasonably request in order to facilitate the disposition of Registrable Securities owned or to be distributed by them.

(iv) Use its reasonable best efforts to register and qualify the securities covered by such registration statement under such other securities or Blue Sky laws of such jurisdictions as shall be reasonably requested by the Holders or any managing underwriter(s), to keep such registration or qualification in effect for so long as such registration statement remains in effect, and to take any other action which may be reasonably necessary to enable such seller to consummate the disposition in such jurisdictions of the securities owned by such Holder; provided that the Company shall not be required in connection therewith or as a condition thereto to qualify to do business or to file a general consent to service of process in any such states or jurisdictions.

(v) Notify each Holder of Registrable Securities at any time when a prospectus relating thereto is required to be delivered under the Securities Act of the happening of any event as a result of which the applicable prospectus, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

(vi) Give written notice to the Holders:

(A) when any registration statement filed pursuant to Section 4.5(b) or any amendment thereto has been filed with the SEC (except for any amendment effected by the filing of a document with the SEC pursuant to the Exchange Act) and when such registration statement or any post-effective amendment thereto has become effective;

(B) of any request by the SEC for amendments or supplements to any registration statement or the prospectus included therein or for additional information;

(C) of the issuance by the SEC of any stop order suspending the effectiveness of any registration statement or the initiation of any proceedings for that purpose;

(D) of the receipt by the Company or its legal counsel of any notification with respect to the suspension of the qualification of the Common Stock for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose;
(E) of the happening of any event that requires the Company to make changes in any effective registration statement or the prospectus related to the registration statement in order to make the statements therein not misleading (which notice shall be accompanied by an instruction to suspend the use of the prospectus until the requisite changes have been made); and

(F) if at any time the representations and warranties of the Company contained in any underwriting agreement contemplated by Section 4.5(d)(x) cease to be true and correct.

(vii) Use its reasonable best efforts to prevent the issuance or obtain the withdrawal of any order suspending the effectiveness of any registration statement referred to in Section 4.5(d)(vi)(C) at the earliest practicable time.

(viii) Upon the occurrence of any event contemplated by Section 4.5(d)(v), 4.5(d)(vi)(E) or 4.5(e), promptly prepare a post-effective amendment to such registration statement or a supplement to the related prospectus or file any other required document so that, as thereafter delivered to the Holders and any underwriters, the prospectus will not contain an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. If the Company notifies the Holders in accordance with Section 4.5(d)(vi)(E) to suspend the use of the prospectus until the requisite changes to the prospectus have been made, then the Holders and any underwriters shall suspend use of such prospectus and use their reasonable best efforts to return to the Company all copies of such prospectus (at the Company’s expense) other than permanent file copies then in such Holders’ or underwriters’ possession. The total number of days that any such suspension may be in effect in any 12-month period shall not exceed 90 days. The Company shall notify the Holders of the date of any anticipated termination of any such suspension period prior to such date.

(ix) Use reasonable best efforts to procure the cooperation of the Company’s transfer agent in settling any offering or sale of Registrable Securities, including with respect to the transfer of physical stock certificates into book-entry form in accordance with any procedures reasonably requested by the Holders or any managing underwriter(s).

(x) If an underwritten offering is requested pursuant to Section 4.5(b)(ii), enter into an underwriting agreement in customary form, scope and substance and take all such other actions reasonably requested by the Holders of a majority of the Registrable Securities being sold in connection therewith or by the managing underwriter(s), if any, to expedite or facilitate the underwritten disposition of such Registrable Securities, and in connection therewith in any underwritten offering (including making members of management and executives of the Company available to participate in “road shows”, similar sales events and other marketing activities). (A) make such representations and warranties to the Holders that are selling stockholders and the managing underwriter(s), if any, with respect to the business of the Company and its subsidiaries, and the Shelf Registration Statement, prospectus and documents, if any, incorporated or deemed to be
incorporated by reference therein, in each case, in customary form, substance and scope, and, if true, confirm the same if and when requested, (B) use its reasonable best efforts to furnish the underwriters with opinions and “10b-5” letters of counsel to the Company, addressed to the managing underwriter(s), if any, covering the matters customarily covered in such opinions and letters requested in underwritten offerings, (C) use its reasonable best efforts to obtain “cold comfort” letters from the independent certified public accountants of the Company (and, if necessary, any other independent certified public accountants of any business acquired by the Company for which financial statements and financial data are included in the Shelf Registration Statement) who have certified the financial statements included in such Shelf Registration Statement, addressed to each of the managing underwriter(s), if any, such letters to be in customary form and covering matters of the type customarily covered in “cold comfort” letters, (D) if an underwriting agreement is entered into, the same shall contain indemnification provisions and procedures customary in underwritten offerings (provided that Treasury shall not be obligated to provide any indemnity), and (E) deliver such documents and certificates as may be reasonably requested by the Holders of a majority of the Registrable Securities being sold in connection therewith, their counsel and the managing underwriter(s), if any, to evidence the continued validity of the representations and warranties made pursuant to clause (A) above and to evidence compliance with any customary conditions contained in the underwriting agreement or other agreement entered into by the Company.

(xi) Make available for inspection by a representative of Holders that are selling stockholders, the managing underwriter(s), if any, and any attorneys or accountants retained by such Holders or managing underwriter(s), at the offices where normally kept, during reasonable business hours, financial and other records, pertinent corporate documents and properties of the Company, and cause the officers, directors and employees of the Company to supply all information in each case reasonably requested (and of the type customarily provided in connection with due diligence conducted in connection with a registered public offering of securities) by any such representative, managing underwriter(s), attorney or accountant in connection with such Shelf Registration Statement.

(xii) Use reasonable best efforts to cause all such Registrable Securities to be listed on each national securities exchange on which similar securities issued by the Company are then listed or, if no similar securities issued by the Company are then listed on any national securities exchange, use its reasonable best efforts to cause all such Registrable Securities to be listed on such securities exchange as Treasury may designate.

(xiii) If requested by Holders of a majority of the Registrable Securities being registered and/or sold in connection therewith, or the managing underwriter(s), if any, promptly include in a prospectus supplement or amendment such information as the Holders of a majority of the Registrable Securities being registered and/or sold in connection therewith or managing underwriter(s), if any, may reasonably request in order to permit the intended method of distribution of such securities and make all required filings of such prospectus supplement or such amendment as soon as practicable after the Company has received such request.
(xiv) Timely provide to its security holders earning statements satisfying the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder.

(e) **Suspension of Sales.** Upon receipt of written notice from the Company that a registration statement, prospectus or prospectus supplement contains or may contain an untrue statement of a material fact or omits or may omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading or that circumstances exist that make inadvisable use of such registration statement, prospectus or prospectus supplement, Treasury and each Holder of Registrable Securities shall forthwith discontinue disposition of Registrable Securities until Treasury and/or Holder has received copies of a supplemented or amended prospectus or prospectus supplement, or until Treasury and/or such Holder is advised in writing by the Company that the use of the prospectus and, if applicable, prospectus supplement may be resumed, and, if so directed by the Company, Treasury and/or such Holder shall deliver to the Company (at the Company’s expense) all copies, other than permanent file copies then in Treasury and/or such Holder’s possession, of the prospectus and, if applicable, prospectus supplement covering such Registrable Securities current at the time of receipt of such notice. The total number of days that any such suspension may be in effect in any 12-month period shall not exceed 90 days. The Company shall notify Treasury prior to the anticipated termination of any such suspension period of the date of such anticipated termination.

(f) **Termination of Registration Rights.** A Holder’s registration rights as to any securities held by such Holder shall not be available unless such securities are Registrable Securities.

(g) **Furnishing Information.**

(i) Neither Treasury nor any Holder shall use any free writing prospectus (as defined in Rule 405) in connection with the sale of Registrable Securities without the prior written consent of the Company.

(ii) It shall be a condition precedent to the obligations of the Company to take any action pursuant to Section 4.5(d) that Treasury and/or the selling Holders and the underwriters, if any, shall furnish to the Company such information regarding themselves, the Registrable Securities held by them and the intended method of disposition of such securities as shall be required to effect the registered offering of their Registrable Securities.

(h) **Indemnification.**

(i) The Company agrees to indemnify each Holder and, if a Holder is a person other than an individual, such Holder’s officers, directors, employees, agents, representatives and Affiliates, and each Person, if any, that controls a Holder within the meaning of the Securities Act (each, an “Indemnitee”), against any and all losses, claims, damages, actions, liabilities, costs and expenses (including reasonable fees, expenses and disbursements of attorneys and other professionals incurred in connection with investigating, defending, settling, compromising or paying any such losses, claims, damages, actions, liabilities, costs and expenses), joint or several, arising out of or based
upon any untrue statement or alleged untrue statement of material fact contained in any registration statement, including any preliminary prospectus or final prospectus contained therein or any amendments or supplements thereto or any documents incorporated therein by reference or contained in any free writing prospectus (as such term is defined in Rule 405) prepared by the Company or authorized by it in writing for use by such Holder (or any amendment or supplement thereto); or any omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, that the Company shall not be liable to such Indemnitee in any such case to the extent that any such loss, claim, damage, liability (or action or proceeding in respect thereof) or expense arises out of or is based upon (A) an untrue statement or omission made in such registration statement, including any such preliminary prospectus or final prospectus contained therein or any such amendments or supplements thereto or contained in any free writing prospectus (as such term is defined in Rule 405) prepared by the Company or authorized by it in writing for use by such Holder (or any amendment or supplement thereto), in reliance upon and in conformity with information regarding such Indemnitee or its plan of distribution or ownership interests which was furnished in writing to the Company by such Indemnitee for use in connection with such registration statement, including any such preliminary prospectus or final prospectus contained therein or any such amendments or supplements thereto, or (B) offers or sales effected by or on behalf of such Indemnitee “by means of” (as defined in Rule 159A) a “free writing prospectus” (as defined in Rule 405) that was not authorized in writing by the Company.

(ii) If the indemnification provided for in Section 4.5(h)(i) is unavailable to an Indemnitee with respect to any losses, claims, damages, actions, liabilities, costs or expenses referred to therein or is insufficient to hold the Indemnitee harmless as contemplated therein, then the Company, in lieu of indemnifying such Indemnitee, shall contribute to the amount paid or payable by such Indemnitee as a result of such losses, claims, damages, actions, liabilities, costs or expenses in such proportion as is appropriate to reflect the relative fault of the Indemnitee, on the one hand, and the Company, on the other hand, in connection with the statements or omissions which resulted in such losses, claims, damages, actions, liabilities, costs or expenses as well as any other relevant equitable considerations. The relative fault of the Company, on the one hand, and of the Indemnitee, on the other hand, shall be determined by reference to, among other factors, whether the untrue statement of a material fact or omission to state a material fact relates to information supplied by the Company or by the Indemnitee and the parties’ relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission; the Company and each Holder agree that it would not be just and equitable if contribution pursuant to this Section 4.5(h)(ii) were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in Section 4.5(h)(i). No Indemnitee guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from the Company if the Company was not guilty of such fraudulent misrepresentation.
(i) **Assignment of Registration Rights.** The rights of Treasury to registration of Registrable Securities pursuant to Section 4.5(b) may be assigned by Treasury to a transferee or assignee of Registrable Securities in connection with a transfer of a total number of Warrant Shares and/or Warrants exercisable for at least 20% of the total number of Warrant Shares for which Warrants issued and to be issued under this Agreement could be exercised (giving effect to the anti-dilution adjustments in Warrants); provided, however, the transferor shall, within ten days after such transfer, furnish to the Company written notice of the name and address of such transferee or assignee and the number and type of Registrable Securities that are being assigned.

(ii) **Clear Market.** With respect to any underwritten offering of Registrable Securities by Treasury or other Holders pursuant to this Section 4.5, the Company agrees not to effect (other than pursuant to such registration or pursuant to a Special Registration) any public sale or distribution, or to file any Shelf Registration Statement (other than such registration or a Special Registration) covering, in the case of an underwritten offering of Common Stock or Warrants, any of its equity securities, or, in each case, any securities convertible into or exchangeable or exercisable for such securities, during the period not to exceed 30 days following the effective date of such offering. The Company also agrees to cause such of its directors and senior executive officers to execute and deliver customary lock-up agreements in such form and for such time period up to 30 days as may be requested by the managing underwriter. “Special Registration” means the registration of (A) equity securities and/or options or other rights in respect thereof solely registered on Form S-4 or Form S-8 (or successor form) or (B) shares of equity securities and/or options or other rights in respect thereof to be offered to directors, members of management, employees, consultants, customers, lenders or vendors of the Company or Company Subsidiaries or in connection with dividend reinvestment plans.

(k) **Rule 144; Rule 144A.** With a view to making available to Treasury and Holders the benefits of certain rules and regulations of the SEC which may permit the sale of the Registrable Securities to the public without registration, the Company agrees to use its reasonable best efforts to:

(i) (A) file with the SEC, in a timely manner, all reports and other documents required of the Company under the Exchange Act, and (B) if at any time the Company is not required to file such reports, make available, upon the request of any Holder, such information necessary to permit sales pursuant to Rule 144A (including the information required by Rule 144A(d)(4) under the Securities Act);

(ii) so long as Treasury or a Holder owns any Registrable Securities, furnish to Treasury or such Holder forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of Rule 144 under the Securities Act, and of the Exchange Act; a copy of the most recent annual or quarterly report of the Company; and such other reports and documents as Treasury or Holder may reasonably request in availing itself of any rule or regulation of the SEC allowing it to sell any such securities to the public without registration; provided, however, that the availability of the foregoing reports on the EDGAR filing system of the SEC will be deemed to satisfy the foregoing delivery requirements; and

(iii) take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Securities Act.
(i) “Holder” means Treasury and any other holder of Registrable Securities to whom the registration rights conferred by this Agreement have been transferred in compliance with Section 4.5(i) hereof.

(ii) “Register,” “registered,” and “registration” shall refer to a registration effected by preparing and (A) filing a registration statement in compliance with the Securities Act and applicable rules and regulations thereunder, and the declaration or ordering of effectiveness of such registration statement or (B) filing a prospectus and/or prospectus supplement in respect of an appropriate effective registration statement on Form S-3.

(iii) “Registrable Securities” means (A) the Warrants (subject to Section 4.5(q)) and (B) any equity securities issued or issuable directly or indirectly with respect to the securities referred to in the foregoing clause (A) by way of conversion, exercise or exchange thereof, including the Warrant Shares, or share dividend or share split or in connection with a combination of shares, recapitalization, reclassification, merger, amalgamation, arrangement, consolidation or other reorganization, provided that, once issued, such securities will not be Registrable Securities when (1) they are sold pursuant to an effective registration statement under the Securities Act, (2) except as provided below in Section 4.5(q), they may be sold pursuant to Rule 144 without limitation thereunder on volume or manner of sale, (3) they shall have ceased to be outstanding or (4) they have been sold in a private transaction in which the transferor’s rights under this Agreement are not assigned to the transferee of the securities. No Registrable Securities may be registered under more than one registration statement at any one time.

(iv) “Registration Expenses” mean all expenses incurred by the Company in effecting any registration pursuant to this Agreement (whether or not any registration or prospectus becomes effective or final) or otherwise complying with its obligations under this Section 4.5, including all registration, filing and listing fees, printing expenses, fees and disbursements of counsel for the Company, blue sky fees and expenses, expenses incurred in connection with any “road show”, the reasonable fees and disbursements of Treasury’s counsel (if Treasury is participating in the registered offering), and expenses of the Company’s independent accountants in connection with any regular or special reviews or audits incident to or required by any such registration, but shall not include Selling Expenses.

(v) “Rule 144”, “Rule 144A”, “Rule 159A”, “Rule 405” and “Rule 415” mean, in each case, such rule promulgated under the Securities Act (or any successor provision), as the same shall be amended from time to time.

(vi) “Selling Expenses” mean all discounts, selling commissions and stock transfer taxes applicable to the sale of Registrable Securities and fees and disbursements of counsel for any Holder (other than the fees and disbursements of Treasury’s counsel included in Registration Expenses).
(m) At any time, any holder of Securities (including any Holder) may elect to forfeit its rights set forth in this Section 4.5 from that date forward; provided, that a Holder forfeiting such rights shall nonetheless be entitled to participate under Section 4.5(b)(iv) – (vi) in any Pending Underwritten Offering to the same extent that such Holder would have been entitled to if the holder had not withdrawn; and provided, further, that no such forfeiture shall terminate a Holder’s rights or obligations under Section 4.5(g) with respect to any prior registration or Pending Underwritten Offering. “Pending Underwritten Offering” means, with respect to any Holder forfeiting its rights pursuant to this Section 4.5(m), any underwritten offering of Registrable Securities in which such Holder has advised the Company of its intent to register its Registrable Securities either pursuant to Section 4.5(b)(ii) or 4.5(b)(iv) prior to the date of such Holder’s forfeiture.

(n) Specific Performance. The parties hereto acknowledge that there would be no adequate remedy at law if the Company fails to perform any of its obligations under this Section 4.5 and that Treasury and the Holders from time to time may be irreparably harmed by any such failure, and accordingly agree that Treasury and such Holders, in addition to any other remedy to which they may be entitled at law or in equity, to the fullest extent permitted and enforceable under applicable law shall be entitled to compel specific performance of the obligations of the Company under this Section 4.5 in accordance with the terms and conditions of this Section 4.5.

(o) No Inconsistent Agreements. The Company shall not, on or after the date hereof, enter into any agreement with respect to its securities that may impair the rights granted to Treasury and the Holders under this Section 4.5 or that otherwise conflicts with the provisions hereof in any manner that may impair the rights granted to Treasury and the Holders under this Section 4.5. In the event the Company has, prior to the date hereof, entered into any agreement with respect to its securities that is inconsistent with the rights granted to Treasury and the Holders under this Section 4.5 (including agreements that are inconsistent with the order of priority contemplated by Section 4.5(b)(vi)) or that may otherwise conflict with the provisions hereof, the Company shall use its reasonable best efforts to amend such agreements to ensure they are consistent with the provisions of this Section 4.5. Any transaction entered into by the Company that would reasonably be expected to require the inclusion in a Shelf Registration Statement or any Company Report filed with the SEC of any separate financial statements pursuant to Rule 3-05 of Regulation S-X or pro forma financial statements pursuant to Article 11 of Regulation S-X shall include provisions requiring the Company’s counterparty to provide any information necessary to allow the Company to comply with its obligation hereunder.

(p) Certain Offerings by Treasury. In the case of any securities held by Treasury that cease to be Registrable Securities solely by reason of clause (2) in the definition of “Registrable Securities,” the provisions of Sections 4.5(b)(ii), clauses (iv), (ix) and (x)-(xii) of Section 4.5(d), Section 4.5(h) and Section 4.5(j) shall continue to apply until such securities otherwise cease to be Registrable Securities. In any such case, an “underwritten” offering or other disposition shall include any distribution of such securities on behalf of Treasury by one or more broker-dealers, an “underwriting agreement” shall include any purchase agreement entered into by such broker-dealers, and any “registration statement” or “prospectus” shall include any offering document approved by the Company and used in connection with such distribution.
(q) **Registered Sales of the Warrants.** The Holders agree to sell the Warrants or any portion thereof under the Shelf Registration Statement only beginning 30 days after notifying the Company of any such sale, during which 30-day period Treasury and all Holders of the Warrants shall take reasonable steps to agree to revisions to the Warrants, at the expense of the Company, to permit a public distribution of the Warrants, including entering into a revised warrant agreement, appointing a warrant agent, and making the securities eligible for book entry clearing and settlement at the Depositary Trust Company.

(r) **Market Stand-Off.** In the event of an IPO, the Company shall not be required to effect a registration (including a resale of Registrable Securities from an effective Shelf Registration Statement) or an underwritten offering pursuant to Section 4.5(b) and Treasury agrees, if requested by the managing underwriter or underwriters in such IPO, not to (i) offer for sale, sell, pledge, or otherwise dispose of (or enter into any transaction or device that is designed to, or could be expected to, result in the disposition by any person at any time in the future of) any Registrable Securities (including Registrable Securities that may be deemed to be beneficially owned by the undersigned in accordance with the rules and regulations of the SEC); (ii) enter into any swap or other derivatives transaction that transfers to another, in whole or in part, any of the economic benefits or risks of ownership of Registrable Securities, whether any such transaction is to be settled by delivery of Registrable Securities, in cash or otherwise; (iii) make any demand for or exercise any right or cause to be filed a registration statement, including any amendments thereto, with respect to the registration of any Registrable Securities; or (iv) publicly disclose the intention to do any of the foregoing, in each case (to the extent timely notified in writing by the Company or the managing underwriter or underwriters), during the period beginning seven days before and ending 90 days after the date of the underwriting agreement entered into in connection with such IPO. If requested by the managing underwriter or underwriters of any such IPO, Treasury shall execute a separate agreement to the foregoing effect. The Company may impose stop-transfer instructions with respect to Registrable Securities subject to the foregoing restriction until the end of the period referenced above. The foregoing provisions of this Section 4.5(r) shall not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement, and shall be applicable only if all officers, directors, and shareholders beneficially owning more than one percent (1%) of the Company’s outstanding Common Stock are subject to the same restrictions.

“IPO” means the first underwritten public offering and sale of the Common Stock for cash pursuant to an effective registration statement (other than on Form S-4, S-8 or a comparable form) under the Securities Act.

4.6 **Voting of Warrant Shares.** Notwithstanding anything in this Agreement to the contrary, Treasury shall not exercise any voting rights with respect to the Warrant Shares.

**Article V**

**Miscellaneous**

5.1 **Survival of Representations and Warranties.** The representations and warranties of the Company made herein or in any certificates delivered in connection with the Initial Closing or any subsequent Closing shall survive such Closing without limitation.
5.2 Amendment. No amendment of any provision of this Agreement will be effective unless made in writing and signed by an officer or a duly authorized representative of each party; provided that Treasury may unilaterally amend any provision of this Agreement to the extent required to comply with any changes after the date hereof in applicable federal statutes. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative of any rights or remedies provided by law.

5.3 Waiver of Conditions. No waiver will be effective unless it is in a writing signed by a duly authorized officer of the waiving party that makes express reference to the provision or provisions subject to such waiver.

5.4 Governing Law; Submission to Jurisdiction, Etc. This Agreement will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the parties hereto agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia and the United States Court of Federal Claims for any and all civil actions, suits or proceedings arising out of or relating to this Agreement or the Warrants or the transactions contemplated hereby or thereby, and (b) that notice may be served upon (i) the Company at the address and in the manner set forth for notices to the Company in Section 5.5 and (ii) Treasury in accordance with federal law. To the extent permitted by applicable law, each of the parties hereto hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to this Agreement or the Warrants or the transactions contemplated hereby or thereby.

5.5 Notices. Any notice, request, instruction or other document to be given hereunder by any party to the other will be in writing and will be deemed to have been duly given (a) on the date of delivery if delivered personally, or by facsimile, upon confirmation of receipt, or (b) on the second Business Day following the date of dispatch if delivered by a recognized next day courier service. All notices to the Company shall be delivered as set forth below, or pursuant to such other instruction as may be designated in writing by the Company to Treasury. All notices to Treasury shall be delivered as set forth below, or pursuant to such other instructions as may be designated in writing by Treasury to the Company.

5.6 Definitions.

(a) The term “Governmental Authority” means the government of the United States of America or any other nation, or of any political subdivision thereof, whether state or local, and any agency, authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any supra-national bodies such as the European Union or the European Central Bank).

(b) The term “Laws” has the meaning ascribed thereto in the Promissory Note.

(c) The term “Lien” has the meaning ascribed thereto in the Promissory Note.

(d) The term “Material Adverse Effect” means (a) a material adverse change in, or a material adverse effect on, the operations, business, properties, liabilities (actual or contingent), condition (financial or otherwise) or prospects of the Company and its Subsidiaries taken as a whole; or (b) a material adverse effect on (i) the ability of the Company to perform its obligations under this Agreement or any Warrant or (ii) the legality, validity, binding effect or enforceability against the Company of this Agreement or any Warrant to which it is a party.

(e) The term “Organizational Documents” has the meaning ascribed thereto in the Promissory Note.

(f) The term “Subsidiary” has the meaning ascribed thereto in the Promissory Note.

5.7 Assignment. Neither this Agreement nor any right, remedy, obligation nor liability arising hereunder or by reason hereof shall be assignable by any party hereto without the prior written consent of the other party, and any attempt to assign any right, remedy, obligation or liability hereunder without such consent shall be void, except (a) an assignment, in the case of a Business Combination where such party is not the surviving entity, or a sale of substantially all of its assets, to the entity which is the survivor of such Business Combination or the purchaser in such sale and (b) as provided in Section 4.5.
5.8 **Severability.** If any provision of this Agreement or the Warrants, or the application thereof to any person or circumstance, is determined by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions hereof, or the application of such provision to persons or circumstances other than those as to which it has been held invalid or unenforceable, will remain in full force and effect and shall in no way be affected, impaired or invalidated thereby, so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination, the parties shall negotiate in good faith in an effort to agree upon a suitable and equitable substitute provision to effect the original intent of the parties.

5.9 **No Third Party Beneficiaries.** Nothing contained in this Agreement, expressed or implied, is intended to confer upon any person or entity other than the Company and Treasury any benefit, right or remedies, except that the provisions of Section 4.5 shall inure to the benefit of the persons referred to in that Section.

FORM OF OPINION

(a) The Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of the state of its incorporation.

(b) Each of the Warrants has been duly authorized and, when executed and delivered as contemplated by the Agreement, will constitute a valid and legally binding obligation of the Company enforceable against the Company in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general equitable principles, regardless of whether such enforceability is considered in a proceeding at law or in equity.

(c) The shares of Common Stock issuable upon exercise of the Warrants have been duly authorized and reserved for issuance upon exercise of the Warrants and when so issued in accordance with the terms of the Warrants will be validly issued, fully paid and non-assessable [insert, if applicable: , subject to the approvals of the Company's stockholders set forth on Schedule 3].

(d) The Company has the corporate power and authority to execute and deliver the Agreement and the Warrants and [insert, if applicable: , subject to the approvals of the Company's stockholders set forth on Schedule 3] to carry out its obligations thereunder (which includes the issuance of the Warrants and Warrant Shares).

(e) The execution, delivery and performance by the Company of the Agreement and the Warrants and the consummation of the transactions contemplated thereby have been duly authorized by all necessary corporate action on the part of the Company and its stockholders, and no further approval or authorization is required on the part of the Company [insert, if applicable: , subject, in each case, to the approvals of the Company's stockholders set forth on Schedule 3].

(f) The Agreement is a valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general equitable principles, regardless of whether such enforceability is considered in a proceeding at law or in equity; provided, however, such counsel need express no opinion with respect to Section 4.5(h) or the severability provisions of the Agreement insofar as Section 4.5(h) is concerned.

(g) No registration of the Warrant and the Common Stock issuable upon exercise of the Warrant under the U.S. Securities Act of 1933, as amended, is required for the offer and sale of the Warrant or the Common Stock issuable upon exercise of the Warrant by the Company to the Holder pursuant to and in the manner contemplated by this Agreement.

(h) The Company is not required to be registered as an investment company under the Investment Company Act of 1940, as amended.

“Original Warrantholder” means the United States Department of the Treasury. Any actions specified to be taken by the Original Warrantholder hereunder may only be taken by such Person and not by any other Warrantholder.

“Permitted Transactions” has the meaning set forth in Section 13(B)(ii).

“Per Share Fair Market Value” has the meaning set forth in Section 13(B)(iii).

“Per Share Net Cash Settlement Amount” means the Per Share Value of a share of Common Stock determined as of the relevant Exercise Date less the Exercise Price.
“Per Share Net Share Settlement Amount” means the quotient of (i) the Per Share Value of a share of Common Stock determined as of the relevant Exercise Date less the then applicable Exercise Price divided by (ii) the Per Share Value of a share of Common Stock determined as of the relevant Exercise Date.

“Per Share Value” means (i) if the Common Stock is listed on a national securities exchange as of day preceding the determination date or the Quotations are available as of such date, the Average Market Price or (ii) if the Common Stock is not so listed, the quotient of the Equity Value determined as of the most recent Valuation Date divided by the Fully Diluted Outstanding Common Stock.

“Person” has the meaning given to it in Section 3(a)(9) of the Exchange Act and as used in Sections 13(d)(3) and 14(d)(2) of the Exchange Act.

“Pro Rata Repurchases” means any purchase of shares of Common Stock by the Company or any Affiliate thereof pursuant to (A) any tender offer or exchange offer subject to Section 13(e) or 14(e) of the Exchange Act or Regulation 14E promulgated thereunder or (B) any other offer available to substantially all holders of Common Stock, in the case of both (A) or (B), whether for cash, shares of Capital Stock of the Company, other securities of the Company, evidences of indebtedness of the Company or any other Person or any other property (including, without limitation, shares of Capital Stock, other securities or evidences of indebtedness of a subsidiary), or any combination thereof, effected while this Warrant is outstanding. The “Effective Date” of a Pro Rata Repurchase shall mean the date of acceptance of shares for purchase or exchange by the Company under any tender or exchange offer which is a Pro Rata Repurchase or the date of purchase with respect to any Pro Rata Repurchase that is not a tender or exchange offer.

“Regulatory Approvals” with respect to the Warrantholder, means, to the extent applicable and required to permit the Warrantholder to exercise this Warrant for shares of Common Stock and to own such Common Stock without the Warrantholder being in violation of applicable law, rule or regulation, the receipt of any necessary approvals and authorizations of, filings and registrations with, notifications to, or expiration or termination of any applicable waiting period under, the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the rules and regulations thereunder.

“SEC” means the U.S. Securities and Exchange Commission.

“Securities Act” means the Securities Act of 1933, as amended, or any successor statute, and the rules and regulations promulgated thereunder.

“trading day” means (A) if the shares of Common Stock are not traded on any national or regional securities exchange or association or over-the-counter market, a Business Day or (B) if the shares of Common Stock are traded on any national or regional securities exchange or association or over-the-counter market, a Business Day on which such relevant exchange or quotation system is scheduled to be open for business and on which the shares of Common Stock (i) are not suspended from trading on any national or regional securities exchange or association or over-the-counter market for any period or periods aggregating one half hour or longer; and (ii) have traded at least once on the national or regional securities exchange or association or over-the-counter market that is the primary market for the trading of the shares of Common Stock.
“Valuation Date” means the date as of which the Equity Value was most recently determined.

“Warrant” means this Warrant, issued pursuant to the Warrant Agreement.

“Warrant Agreement” means the Warrant Agreement, dated as of the date set forth in Item 4 of Schedule A hereto, as amended from time to time, between the Company and the United States Department of the Treasury.

“Warrantholder” has the meaning set forth in Section 2.

“Warrant Shares” has the meaning set forth in Section 2.

2. Number of Warrant Shares; Net Exercise. This certifies that, for value received, the United States Department of the Treasury or its permitted assigns (the “Warrantholder”) is entitled, upon the terms and subject to the conditions hereinafter set forth, to acquire from the Company, in whole or in part, after the receipt of all applicable Regulatory Approvals, if any, up to an aggregate of the number of fully paid and nonassessable shares of Common Stock set forth in Item 5 of Schedule A hereto. The number of shares of Common Stock (the “Warrant Shares”) issuable upon exercise of this Warrant and the Exercise Price are subject to adjustment as provided herein, and all references to “Common Stock,” “Warrant Shares” and “Exercise Price” herein shall be deemed to include any such adjustment or series of adjustments.

Upon exercise of the Warrant in accordance with Section 3 hereof prior to the date that is 30 days prior to the Expiration Time, the Company shall elect to pay or deliver, as the case may be, to the exercising Warrantholder (a) cash (“Net Cash Settlement”) or (b) Warrant Shares together with cash, if applicable, in lieu of delivering any fractional shares in accordance with Section 5 of this Warrant (“Net Share Settlement”). The Company will notify the exercising Warrantholder of its election of a settlement method within one Business Day after the relevant Exercise Date and if it fails to deliver a timely notice shall be deemed to have elected Net Share Settlement.

If the Common Stock is not listed on a national securities exchange on an Exercise Date, the Company shall be deemed to irrevocably elect Net Cash Settlement with respect to such exercise.

A. Net Cash Settlement. If the Company elects Net Cash Settlement, it shall pay to the Warrantholder cash equal to the Per Share Net Cash Settlement Amount multiplied by the number of Warrant Shares as to which the Warrant has been exercised as indicated in the Notice of Exercise (the “Aggregate Net Cash Settlement Amount”).

B. Net Share Settlement. If the Company elects Net Share Settlement, it shall deliver to the Warrantholder a number of shares of Common Stock equal to the Per Share Net Share Settlement Amount multiplied by the number of Warrant Shares as to which the Warrant has been exercised as indicated in the Notice of Exercise (the “Aggregate Net Share Settlement Amount”).
3. **Term: Method of Exercise: Valuation Requests.**

   A. Subject to Section 2, to the extent permitted by applicable laws and regulations, this Warrant is exercisable, in whole or in part, by the Warrantholder, at any time or from time to time after the execution and delivery of this Warrant by the Company on the date hereof, but in no event later than the Expiration Time.

   B. This Warrant may be exercised by the surrender of this Warrant and delivery of the Notice of Exercise annexed hereto, duly completed and executed on behalf of the Warrantholder, at the principal executive office of the Company located at the address set forth in Item 6 of Schedule A hereto (or such other office or agency of the Company in the United States as it may designate by notice in writing to the Warrantholder at the address of the Warrantholder appearing on the books of the Company).

   C. If the Common Stock is not listed on a national securities exchange on the applicable Exercise Date, the Warrantholder may only exercise this Warrant if the number of shares of Common Stock with respect to which the Warrantholder is exercising this Warrant, aggregated with the number of shares of Common Stock with respect to which the Warrantholder is exercising other warrants issued under the Warrant Agreement on the relevant Exercise Date, is no less than the Minimum Exercise Amount.

   D. If the Warrantholder does not exercise this Warrant in its entirety, the Warrantholder will be entitled to receive from the Company within a reasonable time after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant, and in any event not exceeding three Business Days after the date thereof, a new warrant in substantially identical form for the purchase of that number of Warrant Shares equal to the difference between the number of Warrant Shares subject to this Warrant and the number of Warrant Shares as to which this Warrant is so exercised. Notwithstanding anything in this Warrant to the contrary, the Warrantholder hereby acknowledges and agrees that its exercise of this Warrant for Warrant Shares is subject to the condition that the Warrantholder will have first received any applicable Regulatory Approvals.

   E. If the Common Stock is not listed on a national securities exchange the Company shall (i) upon request of a Warrantholder, promptly deliver to such Warrantholder the most recent Equity Value of the Company and (ii) obtain an Equity Value as of a date within 90 days subsequent to receipt of a written request from a Warrantholder for such valuation, provided that the Company shall not be required to obtain an Equity Value more than 4 times in any 12 month period.

4. **Method of Settlement.**

   A. **Net Cash Settlement.** If the Company elects Net Cash Settlement, the Company shall, (A) if the Common Stock at the time of such election is not listed on a national securities exchange, use its best efforts to as soon as possible, and no more than sixty days after, and (B) if the Common Stock at the time of such election is listed on a national securities
exchange, within a reasonable time, not to exceed five Business Days, after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant, pay to the exercising Warrantholder the Aggregate Net Cash Settlement Amount.

B. Net Share Settlement. If the Company elects Net Share Settlement, shares of Common Stock equal to the Aggregate Net Share Settlement Amount shall be (x) issued in such name or names as the exercising Warrantholder may designate and (y) delivered by the Company or the Company’s transfer agent to such Warrantholder or its nominee or nominees (i) if the shares are then able to be so delivered, via book-entry transfer crediting the account of such Warrantholder (or the relevant agent member for the benefit of such Warrantholder) through the Depositary’s DWAC system (if the Company’s transfer agent participates in such system), or (ii) otherwise in certificated form by physical delivery to the address specified by the Warrantholder in the Notice of Exercise, within a reasonable time, not to exceed three Business Days after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant. The Company hereby represents and warrants that any Warrant Shares issued upon the exercise of this Warrant in accordance with the provisions of Section 3 will be duly and validly authorized and issued, fully paid and nonassessable and free from all taxes, liens and charges (other than liens or charges created by the Warrantholder, income and franchise taxes incurred in connection with the exercise of the Warrant or taxes in respect of any transfer occurring contemporaneously therewith). The Company agrees that the Warrant Shares so issued will be deemed to have been issued to the Warrantholder as of the close of business on the date on which this Warrant and payment of the Exercise Price are delivered to the Company in accordance with the terms of this Warrant, notwithstanding that the stock transfer books of the Company may then be closed or certificates representing such Warrant Shares may not be actually delivered on such date. The Company will at all times reserve and keep available, out of its authorized but unissued Common Stock, solely for the purpose of providing for the exercise of this Warrant, the aggregate number of shares of Common Stock then issuable upon exercise of this Warrant at any time. If the Common Stock is listed on a national securities exchange, the Company will (A) procure, at its sole expense, the listing of the Warrant Shares issuable upon exercise of this Warrant at any time, subject to issuance or notice of issuance, on all principal stock exchanges on which the Common Stock is then listed or traded and (B) maintain such listings of such Warrant Shares at all times after issuance. The Company will use reasonable best efforts to ensure that the Warrant Shares may be issued without violation of any applicable law or regulation or of any requirement of any securities exchange on which the Warrant Shares are listed or traded.

5. No Fractional Warrant Shares or Scrip. No fractional Warrant Shares or scrip representing fractional Warrant Shares shall be issued upon any exercise of this Warrant. In lieu of any fractional Share to which the Warrantholder would otherwise be entitled, the Warrantholder shall be entitled to receive a cash payment equal to the Per Share Value of the Common Stock determined as of the Exercise Date multiplied by such fraction of a share, less the pro-rated Exercise Price for such fractional share.

6. No Rights as Stockholders; Transfer Books. This Warrant does not entitle the Warrantholder to any voting rights or other rights as a stockholder of the Company prior to the date of exercise hereof. The Company will at no time close its transfer books against transfer of this Warrant in any manner which interferes with the timely exercise of this Warrant.
7. **Charges, Taxes and Expenses.** Issuance of certificates for Warrant Shares to the Warrantholder upon the exercise of this Warrant shall be made without charge to the Warrantholder for any issue or transfer tax or other incidental expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Company; provided, however, that the Company shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such certificate, or any certificates or other securities in a name other than that of the registered holder of the Warrant surrendered upon exercise of the Warrant.

8. **Transfer/Assignment.**

   A. Subject to compliance with clause (B) of this Section 8, this Warrant and all rights hereunder are transferable, in whole or in part, upon the books of the Company by the registered holder hereof in person or by duly authorized attorney, and a new warrant shall be made and delivered by the Company, of the same tenor and date as this Warrant but registered in the name of one or more transferees, upon surrender of this Warrant, duly endorsed, to the office or agency of the Company described in Section 3. All expenses (other than stock transfer taxes) and other charges payable in connection with the preparation, execution and delivery of the new warrants pursuant to this Section 8 shall be paid by the Company.

   B. If and for so long as required by the Warrant Agreement, this Warrant shall contain the legend as set forth in Section 4.2(a) of the Warrant Agreement.

9. **Exchange and Registry of Warrant.** This Warrant is exchangeable, upon the surrender hereof by the Warrantholder to the Company, for a new warrant or warrants of like tenor and representing the right to purchase the same aggregate number of Warrant Shares. The Company shall maintain a registry showing the name and address of the Warrantholder as the registered holder of this Warrant. This Warrant may be surrendered for exchange or exercise in accordance with its terms, at the office of the Company, and the Company shall be entitled to rely in all respects, prior to written notice to the contrary, upon such registry.

10. **Loss, Theft, Destruction or Mutilation of Warrant.** Upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant, and in the case of any such loss, theft or destruction, upon receipt of a bond, indemnity or security reasonably satisfactory to the Company, or, in the case of any such mutilation, upon surrender and cancellation of this Warrant, the Company shall make and deliver, in lieu of such lost, stolen, destroyed or mutilated Warrant, a new Warrant of like tenor and representing the right to purchase the same aggregate number of Warrant Shares as provided for in such lost, stolen, destroyed or mutilated Warrant.

11. **Saturdays, Sundays, Holidays, etc.** If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Business Day, then such action may be taken or such right may be exercised on the next succeeding day that is a Business Day.
12. **Information.** With a view to making available to Warrantholders the benefits of certain rules and regulations of the SEC which may permit the sale of the Warrants and Warrant Shares to the public without registration, the Company agrees to use its reasonable best efforts to:

   A. (x) if the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, file with the SEC, in a timely manner, all reports and other documents required of the Company under the Securities Act and the Exchange Act, and (y) if at any time the Company is not required to file such reports, make available, upon the request of any Warrantholder, such information necessary to permit sales pursuant to Rule 144A (including the information required by Rule 144A(d)(4) under the Securities Act);

   B. if the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, furnish to any holder of Warrants or Warrant Shares forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of the Exchange Act and Rule 144(c)(1);

   C. furnish to any holder of Warrants or Warrant Shares forthwith upon request a copy of the Company’s most recent annual or quarterly report and such other reports and documents as the Warrantholder may reasonably request; and

   D. take such further action as any Warrantholder may reasonably request, all to the extent required from time to time to enable such Warrantholder to sell Warrants or Warrant Shares without registration under the Securities Act.

13. **Adjustments and Other Rights.**

   A. **Adjustments at a time when the Common Stock is not listed on a national securities exchange.** If, at any time at which the Common Stock is not listed on a national securities exchange, any event occurs that, in the good faith judgment of the Board of Directors of the Company, would require adjustment of the Exercise Price or number of Warrant Shares issuable upon exercise of this Warrant in order to fairly and adequately protect the purchase rights of the Warrants in accordance with the essential intent and principles of the Warrant Agreement and the Warrants, then the Board of Directors shall make such adjustments in the application of such provisions, in accordance with such essential intent and principles, as shall be reasonably necessary, in the good faith opinion of the Board of Directors, to protect such purchase rights as aforesaid. The Exercise Price or the number of Warrant Shares shall not be adjusted in the event of a change in the par value of the Common Stock or a change in the jurisdiction of incorporation of the Company.

   B. **Adjustments at a time when the Common Stock is listed on a national securities exchange.** At any time at which the Common Stock is listed on a national securities exchange, the Exercise Price and the number of Warrant Shares issuable upon exercise of the Warrant shall be subject to adjustment from time to time as follows; provided, that if more than one subsection of this Section 13(B) is applicable to a single event, the subsection shall be applied that produces the largest adjustment and no single event shall cause an adjustment under more than one subsection of this Section 13(B) so as to result in duplication:

   i. **Stock Splits, Subdivisions, Reclassifications or Combinations.** If the Company shall (i) declare and pay a dividend or make a distribution on its Common Stock
in shares of Common Stock, (ii) subdivide or reclassify the outstanding shares of Common Stock into a greater number of shares, or (iii) combine or reclassify the outstanding shares of Common Stock into a smaller number of shares, the number of Warrant Shares issuable upon exercise of this Warrant at the time of the record date for such dividend or distribution or the effective date of such subdivision, combination or reclassification shall be proportionately adjusted so that the Warrantholder after such date shall be entitled to acquire the number of shares of Common Stock which such holder would have owned or been entitled to receive in respect of the shares of Common Stock subject to this Warrant after such date had this Warrant been exercised immediately prior to such date. In such event, the Exercise Price in effect at the time of the record date for such dividend or distribution or the effective date of such subdivision, combination or reclassification shall be adjusted to the number obtained by dividing (x) the product of (1) the number of Warrant Shares issuable upon the exercise of this Warrant before such adjustment and (2) the Exercise Price in effect immediately prior to the record or effective date, as the case may be, by (y) the new number of Warrant Shares issuable upon exercise of the Warrant determined pursuant to the immediately preceding sentence.

ii. Certain Issuances of Common Stock or Convertible Securities. If the Company shall issue shares of Common Stock (or rights or warrants or other securities exercisable or convertible into or exchangeable (collectively, a “conversion”) for shares of Common Stock) (collectively, “convertible securities”) (other than in Permitted Transactions (as defined below) or a transaction to which subsection (i) of this Section 13(B) is applicable) without consideration or at a consideration per share (or having a conversion price per share) that is less than 90% of the Average Market Price determined as of the date of the agreement on pricing such shares (or such convertible securities) then, in such event:

1. the number of Warrant Shares issuable upon the exercise of this Warrant immediately prior to the date of the agreement on pricing of such shares (or of such convertible securities) (the “Initial Number”) shall be increased to the number obtained by multiplying the Initial Number by a fraction (A) the numerator of which shall be the sum of (x) the number of shares of Common Stock of the Company outstanding on such date and (y) the number of additional shares of Common Stock issued (or into which convertible securities may be exercised or convert) and (B) the denominator of which shall be the sum of (I) the number of shares of Common Stock outstanding on such date and (II) the number of shares of Common Stock which the aggregate consideration receivable by the Company for the total number of shares of Common Stock so issued (or into which convertible securities may be exercised or convert) would purchase at the Average Market Price determined as of the date of the agreement on pricing such shares (or such convertible securities); and
2. the Exercise Price payable upon exercise of the Warrant shall be adjusted by multiplying such Exercise Price in effect immediately prior to the date of the agreement on pricing of such shares (or of such convertible securities) by a fraction, the numerator of which shall be the number of shares of Common Stock issuable upon exercise of this Warrant prior to such date and the denominator of which shall be the number of shares of Common Stock issuable upon exercise of this Warrant immediately after the adjustment described in clause (1) above.

For purposes of the foregoing, the aggregate consideration receivable by the Company in connection with the issuance of such shares of Common Stock or convertible securities shall be deemed to be equal to the sum of the net offering price (including the Fair Market Value of any non-cash consideration and after deduction of any related expenses payable to third parties) of all such securities plus the minimum aggregate amount, if any, payable upon exercise or conversion of any such convertible securities into shares of Common Stock; and “Permitted Transactions” shall mean issuances (i) as consideration for or to fund the acquisition of businesses and/or related assets, (ii) in connection with employee benefit plans and compensation related arrangements in the ordinary course and consistent with past practice approved by the Board of Directors, (iii) in connection with a public or broadly marketed offering and sale of Common Stock or convertible securities for cash conducted by the Company or its affiliates pursuant to registration under the Securities Act or Rule 144A thereunder on a basis consistent with capital raising transactions by comparable institutions and (iv) in connection with the exercise of preemptive rights on terms existing as of the Issue Date. Any adjustment made pursuant to this Section 13(B)(ii) shall become effective immediately upon the date of such issuance.

iii. Other Distributions. In case the Company shall fix a record date for the making of a distribution to all holders of shares of its Common Stock of securities, evidences of indebtedness, assets, cash, rights or warrants (excluding dividends of its Common Stock and other dividends or distributions referred to in Section 13(B)(i)), in each such case, the Exercise Price in effect prior to such record date shall be reduced immediately thereafter to the price determined by multiplying the Exercise Price in effect immediately prior to the reduction by the quotient of (x) the Average Market Price of the Common Stock determined as of the first date on which the Common Stock trades regular way on the principal national securities exchange on which the Common Stock is listed or admitted to trading without the right to receive such distribution, minus the amount of cash and/or the Fair Market Value of the securities, evidences of indebtedness, assets, rights or warrants to be so distributed in respect of one share of Common Stock (such amount and/or Fair Market Value, the “Per Share Fair Market Value”) divided by (y) the Average Market Price specified in clause (x); such adjustment shall be made successively whenever such a record date is fixed. In such event, the number of Warrant Shares issuable upon the exercise of this Warrant shall be increased to the number obtained by dividing (x) the product of (1) the number of
iv. **Certain Repurchases of Common Stock.** In case the Company effects a Pro Rata Repurchase of Common Stock, then the Exercise Price shall be reduced to the price determined by multiplying the Exercise Price in effect immediately prior to the Effective Date of such Pro Rata Repurchase by a fraction of which the numerator shall be (i) the product of (x) the number of shares of Common Stock outstanding immediately before such Pro Rata Repurchase and (y) the Average Market Price of a share of Common Stock determined as of the date of the first public announcement by the Company or any of its Affiliates of the intent to effect such Pro Rata Repurchase, minus (ii) the aggregate purchase price of the Pro Rata Repurchase, and of which the denominator shall be the product of (i) the number of shares of Common Stock outstanding immediately prior to such Pro Rata Repurchase minus the number of shares of Common Stock so repurchased and (ii) the Average Market Price per share of Common Stock determined as of the date of the first public announcement by the Company or any of its Affiliates of the intent to effect such Pro Rata Repurchase. In such event, the number of shares of Common Stock issuable upon the exercise of this Warrant shall be increased to the number obtained by dividing (x) the product of (1) the number of Warrant Shares issuable upon the exercise of this Warrant before such adjustment, and (2) the Exercise Price in effect immediately prior to the Pro Rata Repurchase giving rise to this adjustment by (y) the new Exercise Price determined in accordance with the immediately preceding sentence. For the avoidance of doubt, no increase to the Exercise Price or decrease in the number of Warrant Shares issuable upon exercise of this Warrant shall be made pursuant to this Section 13(B)(v).

v. **Other Events.** For so long as the Original Warrantholder holds this Warrant or any portion thereof, if any event occurs as to which the provisions of this Section 13 are not strictly applicable or, if strictly applicable, would not, in the good faith judgment of the Board of Directors of the Company, fairly and adequately protect the purchase rights of the Warrants in accordance with the essential intent and principles of such provisions, then the Board of Directors shall make such adjustments in the application of such provisions, in accordance with such essential intent and principles, as shall be reasonably necessary, in the good faith opinion of the Board of Directors, to protect such purchase rights as aforesaid. The Exercise Price or the number of Warrant Shares shall not be adjusted in the event of a change in the par value of the Common Stock or a change in the jurisdiction of incorporation of the Company.
C. **Business Combinations.** In case of any Business Combination or reclassification of Common Stock (other than a reclassification of Common Stock referred to in Section 13(B)(i)), the Warrantholder’s right to receive Warrant Shares upon exercise of this Warrant shall be converted into the right to exercise this Warrant to acquire the number of shares of stock or other securities or property (including cash) which the Common Stock issuable (at the time of such Business Combination or reclassification) upon exercise of this Warrant immediately prior to such Business Combination or reclassification would have been entitled to receive upon consummation of such Business Combination or reclassification; and in any such case, if necessary, the provisions set forth herein with respect to the rights and interests thereafter of the Warrantholder shall be appropriately adjusted so as to be applicable, as nearly as may reasonably be, to the Warrantholder’s right to exercise this Warrant in exchange for any shares of stock or other securities or property pursuant to this paragraph. In determining the kind and amount of stock, securities or the property receivable upon exercise of this Warrant following the consummation of such Business Combination, if the holders of Common Stock have the right to elect the kind or amount of consideration receivable upon consummation of such Business Combination, then the consideration that the Warrantholder shall be entitled to receive upon exercise shall be deemed to be the types and amounts of consideration received by the majority of all holders of the shares of common stock that affirmatively make an election (or of all such holders if none make an election).

D. **Rounding of Calculations; Minimum Adjustments.** All calculations under this Section 13 shall be made to the nearest one-tenth (1/10th) of a cent or to the nearest one-hundredth (1/100th) of a share, as the case may be. Any provision of this Section 13 to the contrary notwithstanding, no adjustment in the Exercise Price or the number of Warrant Shares shall be made if the amount of such adjustment would be less than $0.01 or one-tenth (1/10th) of a share of Common Stock, but any such amount shall be carried forward and an adjustment with respect thereto shall be made at the time of and together with any subsequent adjustment which, together with such amount and any other amount or amounts so carried forward, shall aggregate $0.01 or 1/10th of a share of Common Stock, or more.

E. **Timing of Issuance of Additional Common Stock Upon Certain Adjustments.** In any case in which the provisions of this Section 13 shall require that an adjustment shall become effective immediately after a record date for an event, the Company may defer until the occurrence of such event (i) issuing to the Warrantholder of this Warrant exercised after such record date and before the occurrence of such event the additional shares of Common Stock issuable upon such exercise by reason of the adjustment required by such event over and above the shares of Common Stock issuable upon such exercise before giving effect to such adjustment and (ii) paying to such Warrantholder any amount of cash in lieu of a fractional share of Common Stock; *provided, however,* that the Company upon request shall deliver to such Warrantholder a due bill or other appropriate instrument evidencing such Warrantholder’s right to receive such additional shares, and such cash, upon the occurrence of the event requiring such adjustment.
F. **Statement Regarding Adjustments.** Whenever the Exercise Price or the number of Warrant Shares shall be adjusted as provided in this Section 13, the Company shall forthwith file at the principal office of the Company a statement showing in reasonable detail the facts requiring such adjustment and the Exercise Price that shall be in effect and the number of Warrant Shares after such adjustment, and the Company shall also cause a copy of such statement to be sent by mail, first class postage prepaid, to each Warrantholder at the address appearing in the Company’s records.

G. **Notice of Adjustment Event.** In the event that the Company shall propose to take any action of the type described in this Section 13 (but only if the action of the type described in this Section 13 would result in an adjustment in the Exercise Price or the number of Warrant Shares or a change in the type of securities or property to be delivered upon exercise of this Warrant), the Company shall give notice to the Warrantholder, in the manner set forth in this Section 13(G), which notice shall specify the record date, if any, with respect to any such action and the approximate date on which such action is to take place. Such notice shall also set forth the facts with respect thereto as shall be reasonably necessary to indicate the effect on the Exercise Price and the number, kind or class of shares or other securities or property which shall be deliverable upon exercise of this Warrant. In the case of any action which would require the fixing of a record date, such notice shall be given at least 10 days prior to the date so fixed, and in case of all other action, such notice shall be given at least 15 days prior to the taking of such proposed action. Failure to give such notice, or any defect therein, shall not affect the legality or validity of any such action.

H. **Proceedings Prior to Any Action Requiring Adjustment.** As a condition precedent to the taking of any action which would require an adjustment pursuant to this Section 13, the Company shall take any action which may be necessary, including obtaining regulatory, New York Stock Exchange, NASDAQ Stock Market or other applicable national securities exchange or stockholder approvals or exemptions, as applicable, in order that the Company may thereafter validly and legally issue as fully paid and nonassessable all shares of Common Stock that the Warrantholder is entitled to receive upon exercise of this Warrant pursuant to this Section 13.

I. **Adjustment Rules.** Any adjustments pursuant to this Section 13 shall be made successively whenever an event referred to herein shall occur. If an adjustment in Exercise Price made hereunder would reduce the Exercise Price to an amount below par value of the Common Stock, then such adjustment in Exercise Price made hereunder shall reduce the Exercise Price to the par value of the Common Stock.

14. **No Impairment.** The Company will not, by amendment of its Charter or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Company, but will at all times in good faith assist in the carrying out of all the provisions of this Warrant and in taking of all such action as may be necessary or appropriate in order to protect the rights of the Warrantholder.
15. **Governing Law.** This Warrant will be governed by and construed in accordance with the federal law of the United States if and to the extent such law is applicable, and otherwise in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. Each of the Company and the Warrantholder agrees (a) to submit to the exclusive jurisdiction and venue of the United States District Court for the District of Columbia for any civil action, suit or proceeding arising out of or relating to this Warrant or the transactions contemplated hereby, and (b) that notice may be served upon the Company at the address in Section 19 below and upon the Warrantholder at the address for the Warrantholder set forth in the registry maintained by the Company pursuant to Section 9 hereof. To the extent permitted by applicable law, each of the Company and the Warrantholder hereby unconditionally waives trial by jury in any civil legal action or proceeding relating to the Warrant or the transactions contemplated hereby or thereby.

16. **Binding Effect.** This Warrant shall be binding upon any successors or assigns of the Company.

17. **Amendments.** This Warrant may be amended and the observance of any term of this Warrant may be waived only with the written consent of the Company and the Warrantholder.

18. **Prohibited Actions.** The Company agrees that it will not take any action which would entitle the Warrantholder to an adjustment of the Exercise Price if the total number of shares of Common Stock issuable after such action upon exercise of this Warrant, together with all shares of Common Stock then outstanding and all shares of Common Stock then issuable upon the exercise of all outstanding options, warrants, conversion and other rights, would exceed the total number of shares of Common Stock then authorized by its Charter.

19. **Notices.** Any notice, request, instruction or other document to be given hereunder by any party to the other will be in writing and will be deemed to have been duly given (a) on the date of delivery if delivered personally, or by facsimile, upon confirmation of receipt, or (b) on the second Business Day following the date of dispatch if delivered by a recognized next day courier service. All notices hereunder shall be delivered as set forth in Item 7 of Schedule A hereto, or pursuant to such other instructions as may be designated in writing by the party to receive such notice.

20. **Entire Agreement.** This Warrant, the forms attached hereto and Schedule A hereto (the terms of which are incorporated by reference herein), and the Warrant Agreement (including all documents incorporated therein), contain the entire agreement between the parties with respect to the subject matter hereof and supersede all prior and contemporaneous arrangements or undertakings with respect thereto.

AMENDED AND RESTATED IAE ENGINE BENEFITS AGREEMENT

A321NEO AIRCRAFT (2022 AND 2023 DELIVERIES)

THIS AMENDED AND RESTATED IAE ENGINE BENEFITS AGREEMENT, dated as of December 22, 2020 (this “Agreement”), is among Vertical Horizons, Ltd., a Cayman Islands company (the “Borrower”), International Aero Engines, LLC, a Delaware limited liability company (the “Engine Manufacturer” or “IAE”), Bank of Utah, not in its individual capacity but solely as Security Trustee for the Lenders under the Credit Agreement (together with its successors and assigns in such capacity, the “Security Trustee”), and Frontier Airlines, Inc., a Colorado corporation (“Frontier”).

WHEREAS, this Agreement amends and restates in its entirety the IAE engine benefits agreement A320neo and A321neo aircraft (2022 Deliveries) dated as of September 28, 2020, among the Borrower, the Engine Manufacturer, the Security Trustee and Frontier;

WHEREAS, pursuant to the Sixth Amended and Restated Credit Agreement, dated as of December 22, 2020 among the Borrower, the Lenders from time to time party thereto, Citibank, N.A., as facility agent, and the Security Trustee (as amended, supplemented or otherwise modified from time to time in accordance with the applicable provisions thereof, the “Credit Agreement”; capitalized terms used herein and not otherwise defined herein being used herein as defined in the Credit Agreement) the Lenders have agreed to reimburse the Borrower for, and finance further, certain pre-delivery payments made and to be made to Airbus with respect to twenty-four (24) model A321neo aircraft to be delivered in 2022 and 2023 pursuant to the Assigned Purchase Agreement (as identified in Exhibit 1 of this Agreement, the “Subject Aircraft”);

WHEREAS, the Engine Manufacturer has agreed to supply and Airbus has agreed to install on the Subject Aircraft the engines which are identified for each Subject Aircraft (each, a “Subject Engine” and collectively, the “Subject Engines”);

WHEREAS, pursuant to the Sixth Amended and Restated Mortgage and Security Agreement dated as of December 22, 2020 between the Borrower and the Security Trustee (as amended, supplemented or otherwise modified from time to time in accordance with the applicable provisions thereof, the “Security Agreement”), the Borrower has pledged to the Security Trustee, among other things, all of the Borrower’s right, title and interest in and to the Assigned Purchase Agreement relating to the Subject Aircraft; and

WHEREAS, it is a condition precedent to each Lender’s funding of Loans in respect of the Subject Aircraft under the Credit Agreement to the Borrower that, among other things, the Engine Manufacturer shall have executed and delivered this Agreement;

- 1 -
THEREFORE, in consideration of the payment of [***], and for other good and valuable consideration, the receipt of and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Definitions. For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires, the following terms shall have the following meaning:

   “Assigned Purchase Agreement” has the meaning given to such term in the Credit Agreement.

   “Engine Purchase Agreement” means the PW1100G-JM Engine Purchase and Support Agreement by and between the Engine Manufacturer and Frontier.

   “Engine Warranties” means the Engine Manufacturer’s PW1100G-JM Engine Warranty and Service Policy, as set forth in Appendix 7 of the Engine Purchase Agreement, and as modified by Section 8.3 of the Engine Purchase Agreement, in the form of Attachment A hereto.

   “Permitted Transferee” means the Facility Agent, Citibank, N.A., in its capacity as a Lender, and any other person to whom the Security Trustee intends to transfer the rights granted to it pursuant to this Agreement and who has been approved in writing by IAE (such approval not to be unreasonably withheld or delayed), which transferee may be another Lender, a sub-participant of a Lender, or any of their affiliates; it being understood by the Security Trustee and IAE that it shall only be reasonable for IAE to refuse its approval in respect of any person proposed by the Security Trustee: (i) who is a person to whom it is illegal for IAE to sell an engine or a party with which IAE is prohibited or restricted by applicable law or regulation from doing business; or (ii) who is a special purpose company or similar entity (unless such special purpose company or other entity has been guaranteed to the satisfaction of IAE by an entity that otherwise satisfies the definition of a Permitted Transferee); or (iii) who is a competitor to IAE or its affiliates or shareholders or Raytheon Technologies Corporation or any of its subsidiaries or affiliates, including, without limitation, an engine manufacturer or an airframe manufacturer or an affiliate of any such person; or (iv) who is a person with which IAE, acting reasonably, objects to doing business generally either (A) by reason of the occurrence of a contractual or non-contractual dispute with that person or any of its affiliate(s) or (B) by reason of the default by such person or any of its affiliates in the performance of any obligation owed to IAE under any contract.

   2.1 The Engine Manufacturer hereby confirms to Frontier, the Borrower and the Security Trustee that (i) if the Security Trustee or a Permitted Transferee takes delivery from Airbus of a Subject Aircraft such Security Trustee or Permitted Transferee, as applicable, will receive the Engine Warranties for the Subject Engines installed on such Subject Aircraft and shall assume and accept all of the rights, obligations, liabilities, exceptions, and limitations with respect to such Engine Warranties with respect to such Subject Engines and (ii) it consents to the collateral assignment by the Borrower to the Security Trustee of its rights under this Agreement, and agrees that the Security Trustee’s rights under Section 2.1(i) and such assignment shall not give rise to any duties or obligations whatsoever on the part of the Security Trustee owing to the Engine.
Manufacturer except (i) for the Security Trustee’s agreement that in exercising any right under the this Agreement with respect to such Engines, or in making any claim with respect to such Engines, the terms and conditions of such Engine Purchase Agreement relating to the Engines and the Engine Warranties shall apply to and be binding upon the Security Trustee to the same extent as Frontier and/or the Borrower and (ii) as otherwise expressly provided in this Agreement, including without limitation pursuant to Section 5.2 of this Agreement. In no event shall the Engine Manufacturer have any liability or obligation under the Engine Warranties with respect to an Engine more than once in respect of any particular claim. In exercising any rights under such Engine Warranties or in making any claim with respect thereto, the applicable terms and conditions of the Engine Purchase Agreement, as far as disclosed in Attachment A, shall apply to, and be binding upon the Security Trustee or Permitted Transferee (if applicable).

2.2 The Security Trustee acknowledges and agrees, in relation to each Subject Aircraft, that Frontier will continue to have the right to receive any applicable credit or other allowance for the Subject Engines installed on such Subject Aircraft (each of such two Subject Engines, a "Subject Engine Set") that is available under the Engine Purchase Agreement and the right to exercise any applicable warranties for such Subject Engine Set (or the relevant individual Subject Engine) under the Engine Purchase Agreement until such time as the Security Trustee has served a Step-In Notice in accordance with the Step-In Agreement.

3. Provision of Credits

3.1 IAE hereby confirms that the Introductory Assistance Credits, as provided in the table below and as further described below, corresponding with a given Subject Aircraft identified in the such table (such amount, [***], the "Introductory Assistance Credit" or "Credit") shall be made available by IAE to the Security Trustee or the Permitted Transferee, as the case may be, upon delivery and acceptance of such applicable Subject Aircraft by such person, and subject to Section 3.6 below. The Credit for each Subject Aircraft, and the corresponding Unit Base Price per Subject Engine Set, as provided in the table below, [***]. For the avoidance of doubt, the Introductory Assistance Credits set forth in the table below shall apply solely to the Subject Aircraft.

3.2 IAE will issue the Introductory Assistance Credit directly to Airbus and will instruct Airbus, in writing, to credit such Introductory Assistance Credit against the purchase price for the applicable Subject Aircraft. IAE shall be entitled to rely on a notice from the Security Trustee (or the Permitted Transferee, if applicable) that the Security Trustee or such Permitted Transferee is entitled to take delivery of a Subject Aircraft and shall have no liability for any such reliance.

3.3 The Security Trustee agrees and, if applicable will cause the Permitted Transferee to agree, that the Credit for any applicable Subject Aircraft shall not vest in Airbus nor be applied toward payment of the purchase price for such Subject Aircraft until acceptance by and delivery of such Subject Aircraft to the Security Trustee or Permitted Transferee, as the case may be; provided that the parties agree that the assignment of the Credit shall occur sufficiently in advance of delivery to allow for timely delivery and shall take final effect at delivery to and acceptance by the Security Trustee or Permitted Transferee of the respective Subject Aircraft. In the event that the Security Trustee or Permitted Transferee does not accept delivery of any Subject Aircraft, the Security Trustee or Permitted Transferee, as applicable, shall have its management team induce Airbus’ management to refund the Credit to IAE.

3.4 Frontier hereby acknowledges and agrees that payment of the Credit by IAE in respect of the applicable Subject Aircraft pursuant to this Section 3 of this Agreement will relieve and release IAE of any and all obligations to pay the Credit with respect to such Subject Aircraft under the Engine Purchase Agreement. The parties further agree IAE shall have no liability to any other party, or any Permitted Transferee, for paying a Credit in respect of the applicable Subject Aircraft pursuant to this Section 3 or for relying on any notice provided by the Security Trustee or any Permitted Transferee of its right to take delivery of a Subject Aircraft. Save to the extent expressly provided in this Agreement, all other terms of the Engine Purchase Agreement (including, without limitation, the Engine Warranties) shall continue to apply and shall have full force and effect between the Frontier and IAE.

3.5 Each of Frontier, Borrower, the Security Trustee or the Permitted Transferee, as applicable, will ensure its compliance with any, and all, requirements (including but not limited to reporting and approval requirements) of any applicable currency control or other law, rule, or regulation relating to an Introductory Assistance Credit issued under this Agreement.

3.6 The Security Trustee acknowledges and agrees that IAE’s obligation to pay the Credit with respect to a Subject Aircraft to be purchased by the Security Trustee or a Permitted Transferee (as provided above) shall be subject to the Security Trustee (or Permitted Transferee, if applicable) providing prior written notice to IAE that the Security Trustee (or Permitted Transferee, if applicable) has exercised its right to purchase such Subject Aircraft pursuant to the Step In Agreement and is entitled to purchase the Aircraft under the Assigned Purchase Agreement (the “Purchase Notice”). IAE shall be entitled to (and Frontier and Borrower hereby authorize IAE to) rely on the information contained in any such Purchase Notice from the Security Trustee (or Permitted Transferee, if applicable). The Security Trustee (or Permitted Transferee, if applicable) shall provide the Purchase Notice to IAE as soon as reasonably practicable after such person has acquired an unfettered right to purchase such Subject Aircraft under the Step In Agreement. The Security Trustee (or Permitted Transferee, if applicable) is not, and will not, be obligated to purchase any Subject Aircraft or serve any Purchase Notice unless it exercises the right to purchase a Subject Aircraft under the Step In Agreement.
4. Except as otherwise expressly provided in this Agreement, nothing contained in this Agreement shall subject the Engine Manufacturer to any obligation, and nothing contained in this Agreement shall subject the Engine Manufacturer to any liability, in each case to which it would not otherwise be subject under the Engine Purchase Agreement, nor shall anything contained in this Agreement modify in any respect the Engine Manufacturer’s contract rights under the Engine Purchase Agreement. In no event shall the Engine Manufacturer be subject to any multiple or duplicative liability or obligation under the Engine Purchase Agreement or any Engine Warranties. The Engine Manufacturer shall have no obligation to recognize an assignment by Security Trustee of its rights with respect to the Engine Warranties in connection with a transfer of a Subject Engine (i) unless Security Trustee has given the Engine Manufacturer written notice of such assignment and the assignee is a Permitted Transferee, or (ii) if the Engine Manufacturer reasonably believes that is prohibited or restricted by law from dealings with the purported assignee. The Engine Warranties will be kept confidential in accordance with Section 18 of the Credit Agreement. To the extent that there is any inconsistency in the terms of the assignment provided for in the Security Agreement and this Agreement, the terms of this Agreement shall govern.

5. Representations and Warranties.

5.1 The parties hereby represent and warrant as follows:

5.1.1 The Engine Manufacturer hereby represents and warrants to the Security Trustee that, as of the date hereof, (a) the Engine Manufacturer is a limited liability company duly organized and existing under the laws of the State of Delaware, (b) the Engine Manufacturer’s execution of this Agreement has been duly authorized and (c) this Agreement and the Engine Warranties constitute the legal, valid and binding obligation of the Engine Manufacturer, enforceable against the Engine Manufacturer in accordance with their respective terms subject to: (i) the limitations of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer or similar laws affecting the rights of creditors generally, and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

5.1.2 The Security Trustee hereby represents and warrants to the Engine Manufacturer that, as of the date hereof, (a) the Security Trustee is a corporation duly organized and existing under the laws of the State of Utah, (b) the Security Trustee’s execution of this Agreement has been duly authorized and (c) this Agreement is the legal, valid and binding obligation of the Security Trustee, enforceable against the Security Trustee in accordance with its terms subject to: (i) the limitations of applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer or similar laws affecting the rights of creditors generally, and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).
5.1.3 Frontier hereby represents and warrants to each of the Engine Manufacturer and the Security Trustee that, as of the date hereof, 
(a) Frontier is a corporation duly incorporated and existing under the laws of the State of Colorado, (b) Frontier’s execution of 
this Agreement has been duly authorized and (c) this Agreement is the legal, valid and binding obligation of Frontier, 
enforceable against Frontier in accordance with its terms subject to: (i) the limitations of applicable bankruptcy, insolvency, 
reorganization, moratorium, fraudulent transfer or similar laws affecting the rights of creditors generally, and (ii) general 
principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

5.2 In consideration of the Introductory Assistance Credits and the Engine Warranties, Borrower and the Security Trustee each agrees that it 
shall not disassemble any of the Subject Engines for the purposes of selling parts of any such Subject Engine. If Borrower or the 
Security Trustee decides to sell, assign, transfer or otherwise dispose of any Subject Engines, Borrower or the Security Trustee, as 
applicable, shall ensure in any agreement with a third party (including a Permitted Transferee) for the sale, assignment, transfer or other 
disposal of any Subject Engine that such third party agrees not to disassemble such Subject Engine for the purpose of selling parts from 
such Subject Engine or for use in support of other Subject Engines and agrees that IAE is a third party beneficiary of such commitment 
by the third party.

5.3 Frontier, Borrower, and the Security Trustee hereby confirm that:

5.3.1 nothing in this Agreement, unless otherwise stated herein, shall modify in any way the contractual rights of IAE and Frontier 
with respect to the Engine Warranties or credits under the Engine Purchase Agreement or any other agreement executed between 
IAE and Frontier, or shall subject IAE to any obligation or liability with respect to the Engine Warranties or credits to which it 
would not otherwise be subject under the Engine Purchase Agreement or any other agreement executed between IAE and 
Frontier, or modify in any respect IAE’s contractual rights with respect to the Engine Warranties or credits thereunder, except 
pursuant to the terms of this Agreement;

5.3.2 except as otherwise specifically stated herein or otherwise required by law, IAE shall incur no obligations, costs, expenses or 
liabilities whatsoever by reason of this Agreement, the Credit Agreement, or any of the transactions contemplated thereby; and
5.3.3 Frontier shall indemnify and hold harmless IAE from and against any and all costs, expenses, losses and liabilities (including any taxes or duties of any kind) imposed on, incurred by or asserted against IAE in any way relating to or arising out of this Agreement and which costs, expenses, losses and liabilities would not have been incurred but for IAE entering into this Agreement, except to the extent such costs, expenses, losses and liabilities are the result of the negligence, willful misconduct or bad faith by IAE.

5.4 Acknowledgment of Security Trustee. The Security Trustee hereby confirms to the Engine Manufacturer that in exercising any right it may have in this Agreement or the Engine Purchase Agreement with respect to the Engines, or in making any claim under the Engine Warranties or otherwise with respect to the Engines, the terms and conditions of this Agreement, the Engine Purchase Agreement and the Engine Warranties, including, without limitation, the terms and conditions contained therein, shall apply to and be binding upon the Security Trustee to the same extent as Frontier. The Engine Manufacturer hereby represents and warrants to the Security Trustee that the terms of the Engine Warranties provided herein are the same in all material respects to the warranties for the Subject Engines in the Engine Purchase Agreement.

6. Assignment. Neither this Agreement, nor any of the rights, benefits, duties, or obligations set forth in this Agreement or any related agreement may be assigned in whole or in part without the prior written consent of each of the Parties, which consent shall not be unreasonably delayed or withheld, and any attempted assignment in contravention of this restriction shall be null and void, except that (i) IAE may, without recourse, assign its rights and/or delegate its obligations under this Agreement to any of its affiliates or to any subsidiary or affiliate of Raytheon Technologies Corporation, or in connection with the merger, consolidation, reorganization or voluntary sale or transfer of its assets and (ii) with respect to any of the Subject Aircraft, the Security Trustee shall be entitled to assign or transfer, in whole or in part, with prior written notice to IAE, its rights under this Agreement (and/or the Engine Warranties) to a Permitted Transferee.

7. Confidentiality. This Agreement and its contents are confidential and, as such, shall not be disclosed by any party to this Agreement to any third party other than:

(a) with the prior written consent of the Engine Manufacturer;

(b) pursuant to any applicable law or in connection with any proceeding arising out of or in connection with the Security Agreement, provided however that the Security Trustee shall provide the Engine Manufacturer reasonable notice prior to disclosing this Agreement and allow the Engine Manufacturer the opportunity to seek protective orders;

(c) to any successor, permitted assign or permitted transferee of such party, provided they agree in writing to not disclose this agreement without the prior written consent of the Engine Manufacturer;

(d) to Citibank, N.A., provided that Citibank agrees in writing to not disclose this Agreement without the prior written consent of the Engine Manufacturer; or
(e) to the legal advisers of such party, provided they agree in writing to not disclose this agreement without the prior written consent of the Engine Manufacturer.

8. **Section References.** The captions and section headings appearing herein are included solely for convenience of reference and are not intended to affect the interpretation of any provision of this Agreement.

9. **Severability.** If any provision hereof is invalid or unenforceable in any jurisdiction, then, to the fullest extent permitted by law, (a) the other provisions hereof shall remain in full force and effect in such jurisdiction and (b) the invalidity or unenforceability of any provision hereof in any jurisdiction shall not affect the validity or enforceability of such provision in any other jurisdiction.

10. **Counterparts.** This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement.

11. **Governing Law.** THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

12. **Submission to Jurisdiction.** Each party hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the Supreme Court of the State of New York sitting in New York County and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each party hereto irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State or, to the extent permitted by law, in such Federal court. The parties agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

13. **Entire Agreement.** This Agreement supersedes any previous arrangements between the parties in relation to the matters set forth herein.

This PW1100G-JM Engine Purchase and Support Agreement, dated as of 13 April 2020 (this “Agreement”), is entered into by and between IAE and Frontier. IAE and Frontier are sometimes referred to individually as a “Party” or together as the “Parties.”

WHEREAS:
Frontier has entered into a binding agreement with Airbus for the purchase of one hundred thirty-four (134) Firm Aircraft;

Frontier desires to purchase from IAE [***] Firm Spare Engines;

Frontier also has an option to purchase up to an additional [***] Option Spare Engines;

IAE desires to provide Engines, support and other assistance for the Engines installed on the Firm Aircraft, and sell to Frontier the Firm Spare Engines and, if elected by Frontier, the Option Spare Engines;

Frontier desires to have all off-wing engine maintenance services performed exclusively by IAE under the FMP (as set out in Appendix 5) both for the Engines installed on the Firm Aircraft, and for the Firm Spare Engines;

IAE is willing to become Frontier’s exclusive maintenance provider for such Engines through the FMP; and

IAE and Frontier desire to express herein their complete understanding and agreement in connection with Frontier’s selection of the Engines to power the Firm Aircraft, its purchase of the Firm Spare Engines, and its selection of the FMP for all off-wing Engine maintenance services for the Firm Spare Engines and the Engines that power the Firm Aircraft.

NOW THEREFORE:

In consideration of the above recitals and the conditions, mutual covenants, and agreements contained in this Agreement, including those contained in the FMP attached hereto as Appendix 5, IAE and Frontier mutually agree as follows:

1. DEFINITIONS
   Capitalized terms used but not defined in the body of the Agreement are defined in Appendix 1.

2. PURCHASE OBLIGATIONS
   Upon mutual execution of this Agreement, the Parties agree as follows:

   IAE Proprietary – Subject to the Restrictions on the Front Page
   This document does not contain any export regulated technical data.
2.1 Frontier has placed a firm purchase order with Airbus (the “Airbus Purchase Agreement”) for all of the Firm Aircraft and will take delivery of the Firm Aircraft in accordance with the Airbus Purchase Agreement and in accordance with the Delivery Schedule;

2.2 IAE will sell, under separate agreements with Airbus, new PW1100G-JM Engines for installation on the Firm Aircraft (the “Frontier Aircraft”);

2.3 Frontier will purchase and take delivery of, and IAE will sell and deliver to Frontier, the Firm Spare Engines in accordance with the Delivery Schedule (and the other terms and conditions of this Agreement. This Agreement constitutes Frontier’s firm purchase order with IAE for the Firm Spare Engines scheduled for delivery in accordance with the Delivery Schedule;

2.4 Frontier acknowledges that receipt of the benefits under this Agreement is subject to and conditioned upon Frontier performing its obligations under the FMP as set forth in Appendix 5 in accordance with the terms hereof; and

2.5 This Agreement (including its Appendixes) constitutes a valid, binding, and legally enforceable contract by and between IAE and Frontier for the (i) support of the Engines installed on the Frontier Aircraft, (ii) purchase and sale of the Firm Spare Engines, and (iii) performance of the FMP, as each is described in this Agreement or the FMP, as applicable.

3. **FINANCIAL ASSISTANCE**

IAE agrees to provide Frontier with the financial assistance identified in this Article 3. IAE’s issuance of all credits identified herein is conditioned upon:

(a) Frontier accepting delivery of each Firm Aircraft and the Firm Spare Engines in accordance with the Delivery Schedule, and

(b) Frontier not being in material breach of its obligations in accordance with the FMP, in each case in accordance with the provisions of this Agreement.

Unless otherwise specified, each credit identified in this Article 3 will be issued in accordance with the applicable terms set forth in Section 3.6.

3.1 **Introductory Assistance Credit**

The following table states the Unit Base Price per Engine Shipset for installation on the corresponding aircraft model. To assist Frontier with the introduction of the Firm Aircraft into Frontier’s fleet, IAE will credit Airbus in the amount of the Introductory Assistance Credit set forth in the table below in accordance with Section 3.7.1. The Unit Base Price per Engine Shipset and Introductory Assistance Credit per Firm Aircraft are subject to [***] in accordance with Article 4.

#### 3.2 Firm Spare Engine Credit

The following table states the Unit Base Price and the amount of the Firm Spare Engine Credit for the Firm Spare Engines, which are identified in the Delivery Schedule, and purchased and delivered in accordance with this Agreement. To assist Frontier with spare PW1100G-JM Engine provisioning, Frontier will wire IAE’s account the net invoice corresponding amount below for each such Firm Spare Engine (taking into account the Firm Spare Engine Credit). The Unit Base Price and Firm Spare Engine Credit are subject to [***] in accordance with Article 4. Notwithstanding the foregoing, if IAE is the primary cause of a Spare Engine delivery delay, then IAE will [***] as set forth in the Delivery Schedule.

* The Unit Base Price for each Spare Engine includes a Shipping Stand, a Spare Engine bag, Standard Equipment and EBU1 per the corresponding Engine Specification, but does not include EBU2, engine mounts or installation thereof.

The Parties agree to apply the Firm Spare Engine Credit to the final invoice for the corresponding Firm Spare Engine.

3.3 Delivery, Shipping Stand and Engine Bag
Delivery of each Firm Spare Engine, including the Additional Equipment included with the Firm Spare Engine and any additional Additional Equipment purchased therewith, is Ex Works at IAE’s designated facility in the United States.

3.4 [***]

3.5 [***] Credit
To assist Frontier with [***], for each of the one hundred thirty-four (134) Frontier Aircraft delivered, IAE will credit Frontier’s account with IAE in the amount of [***] in accordance with Section 4.1 to [***]. Such [***] Credit will be issued to Frontier’s account with IAE at the delivery of the Frontier Aircraft and thereafter, may be used to [***]. Notwithstanding the foregoing, Frontier may use all or a portion of such [***] Credit towards [***].

3.6 [***] Credit
In addition, to assist Frontier with [***], upon delivery of the first Firm Aircraft, IAE will credit Frontier’s account with IAE in the fixed amount of [***] (the "[***] Credit"). The [***] Credit may be used by Frontier to [***]. Notwithstanding the foregoing, Frontier may also use all or a portion of such [***] Credit towards [***].

3.7 Credit Issuance and Application
IAE Proprietary – Subject to the Restrictions on the Front Page
This document does not contain any export regulated technical data.
3.7.1 IAE will issue all of the credits described in this Article 3 in accordance with the applicable terms set forth in this Section 3.7. The Parties agree that each Introductory Assistance Credit described in Section 3.1 will be assigned by Frontier to Airbus to be applied toward the payment for the Engines for the corresponding Firm Aircraft. In such case, the Parties agree that the assignment of the Introductory Assistance Credit shall occur sufficiently in advance of delivery to allow for timely delivery and shall take final effect at delivery to and acceptance by Frontier of the respective Firm Aircraft. In the event that Frontier does not accept delivery of any Firm Aircraft, Frontier shall have its management team induce Airbus’ management to refund the Introductory Assistance Credit to IAE. In the event that Frontier elects not to assign any portion of the Introductory Assistance Credit to Airbus, Frontier must provide written notice to IAE [***] prior to delivery of the applicable Firm Aircraft; in such case, Frontier may use the Introductory Assistance Credit towards [***].

3.7.2 IAE agrees that the credits provided to Frontier [***] provided that: (i) this Agreement remains in full force and effect, (ii) the credits have not been applied to overdue amounts arising under this Agreement under rights of set off and (iii) Frontier continues to operate at least one (1) Firm Aircraft for which the applicable credit was provided.

3.8 Notwithstanding any other provision of this Agreement to the contrary, IAE reserves the right following prior written notice to Frontier to apply any and all credits due and issuable to Frontier to any outstanding invoices issued by IAE and/or PWEL to Frontier.

3.9 Frontier will ensure compliance with any and all requirements (including but not limited to reporting and approval requirements) of any applicable currency control or other law, rule, or regulation relating to any credits issued under this Agreement.

3.10 Training Assistance

In accordance with the Product Support Plan, IAE agrees to provide to Frontier up to [***] student-days of training at any of IAE’s designated training facilities. Frontier may select the training courses and locations in accordance with the Product Support Plan. Frontier may assign some or all of the aforementioned student-training days, at no cost to Frontier, to any third party or parties contracted by Frontier to provide line maintenance for the FMP Engines, subject to any such third party executing an intellectual property agreement acceptable to IAE, acting reasonably and in accordance with its policies applicable to its customers in general, prior to (i) being given access to any manuals or documentation necessary to perform such line maintenance activities and (ii) any such assignment.

IAE Proprietary – Subject to the Restrictions on the Front Page
This document does not contain any export regulated technical data.
3.11 Technical Publications

In accordance with the Product Support Plan, IAE will at no cost to Frontier produce, and make available to (i) Frontier and (ii) up to [***] third parties contracted by Frontier to provide engineering support or line and/or base maintenance for the Engines, subject to each such maintenance provider executing IAE’s standard commercial access joinder agreement, technical publications necessary for the operation and maintenance of the Engines at no cost to Frontier or the third party maintenance provider. Regular, temporary, and “as required” revisions to such technical publications will also be made available at no cost during the service life of the Engines.

3.12 Customer Support Representative

The customer support representatives provided by IAE to Frontier will be fully trained on all facets of engine line maintenance and are stationed around the world to assist operators with the introduction of the Engine into their fleets. IAE will assign, on a non-exclusive basis (except as set forth in Appendix 10), a customer support representative in Denver, Colorado to assist Frontier in preparing for Engine operation (the “Customer Support Representative”). Additionally, beginning [***] and ending [***] or as otherwise mutually agreed, IAE will assign, on an exclusive basis, a Customer Support Representative in Denver, Colorado. The Customer Support Representative will provide the following services to Frontier:

(a) twenty-four (24) hour support;
(b) maintenance action recommendations, in consultation with Program Manager for the FMP;
(c) daily reporting on engine technical situations;
(d) on-the-job training;
(e) Service Policy and Warranty preparation assistance,
(f) AOG Event assistance; and
(g) prompt communication with IAE on all pending action items and questions.

The Customer Support Representative will provide on-site technical support for Engines at Frontier’s line stations, upon Frontier’s reasonable request, on an as-required basis to be determined by IAE.

IAE Proprietary – Subject to the Restrictions on the Front Page
This document does not contain any export regulated technical data.
When IAE is providing a Customer Support Representative on an exclusive basis as contemplated under this Section 3.12 and Appendix 10, Frontier will provide the Customer Support Representative free of charge segregated office space at a location to be mutually agreed and conveniently located with respect to Frontier’s maintenance facilities, with office furniture and equipment including telephone and internet connection (all in a manner that is customary for Frontier employees). For the avoidance of doubt, IAE’s assigned Customer Support Representative may provide coverage for other IAE engine models in Frontier’s fleet. Except for providing such office, furniture, office equipment and telephone support to such Customer Support Representative, such IAE Customer Support Representative and any additional customer support or field representatives that IAE may assign from time to time shall be provided at no cost or charge to Frontier.

5. PERFORMANCE IMPROVEMENT PACKAGE

If any Engine is delivered to Airbus (for installation on a Firm Aircraft) or to Frontier or its assignee (as a Firm Spare Engine) in satisfaction of IAE’s obligations under this Agreement with a performance improvement package, at a thrust equivalent to the PW1127G-JM or PW1133G-JM Engine ("PIP"), [***] under this Agreement. Frontier and IAE agree that the foregoing does not create any obligation on IAE to, at any time, develop or incorporate PIP into any Engine. Frontier and IAE further agree that if PIP is developed, (a) there will be a production ramp-up during which time Frontier may receive all or some of its Engines without PIP; and for which IAE shall have no obligation to compensate Frontier, (b) IAE will have no obligation to make PIP, including any parts thereof, retrofitable for those Engines already delivered to Frontier without PIP, (c) if PIP, or any parts thereof, are retrofitable, IAE will have no obligation to incorporate such retrofitable parts into an FMP Engine at a Shop Visit and (d) each Engine that incorporates PIP will be covered by the same FMP Rate and other terms applicable to a PW1127G-JM or PW1133G-JM, as applicable, Engine without PIP. For clarity, nothing in this Article 5 entitles Frontier to receive any Engines with PIP at thrust levels other than those levels identified above.

8. GUARANTEE PLANS AND TECHNICAL SUPPORT

8.1 Guarantee Plans
IAE will provide Frontier with the Guarantee Plans set forth in Attachments [***] to Appendix 9, Guarantee Plan Definitions and Conditions (the “Guarantee Plans”). The Guarantee Plans are subject to the terms and conditions set forth in the Guarantee Plan Definitions and Conditions attached as Appendix 9. Eligibility under the Guarantee Plans is conditioned upon all PW1100G-JM Engines covered under this Agreement and installed on the Frontier Aircraft and all Firm Spare Engines purchased under this Agreement being maintained exclusively in the IAE Network (except as otherwise expressly set forth in this Agreement) or, in the event of a premature termination of the FMP in accordance with the terms thereof, being maintained throughout the term and in accordance with the terms of the applicable Guarantee Plan(s) with only Parts and IAE-approved repairs and in accordance with IAE instructions and recommendations or publications.

8.2 Product Support for the PW1100G-JM Engine
IAE will provide Frontier the benefits of the Product Support Plan for First-Generation Owners/Operators Acquiring New PW1100G-JM Engines, attached as Appendix 6.

8.3 PW1100G-JM Engine Warranties and Service Policies
IAE will provide Frontier and its assignees the benefits of the Warranties and Service Policies for the PW1100G-JM Engine, attached as Appendix 7, except that [***] of Section 3 (Standard Terms and Conditions) of the Engine Service Policy is deleted in its entirety and replaced with the following:

[***]

8.4 Intellectual Property Agreement
Concurrent with the execution of this Agreement, the Parties will enter into a mutually satisfactory Intellectual Property Agreement under which IAE will provide Frontier with limited rights to certain manuals and other technical information necessary for the maintenance and repair of the Engines in accordance with Section 3.11.

11
LIQUIDATED DAMAGES

11.1 The Parties agree that IAE’s damages flowing from Frontier’s failure or inability to take delivery, wrongful rejection or wrongful revocation of acceptance of any Firm Aircraft or Firm Spare Engine in accordance with the Delivery Schedule are difficult to calculate and prove accurately (any such failure or inability to take delivery, wrongful rejection or wrongful revocation of acceptance constitutes a “Cancellation”; any Cancellation of a Firm Aircraft, a “Cancelled Aircraft”; and the Cancellation of a Firm Spare Engine, a “Cancelled Spare Engine”). The Parties further agree that it would be inconvenient or infeasible to obtain an adequate remedy for any Cancellation. Accordingly, taking into account the types of harm that might be anticipated or actually caused by any Cancellation, Frontier agrees that the liquidated damages below are reasonable. Frontier agrees to pay IAE the sums listed below as liquidated damages, and not as a penalty, in the event of any Cancellation:

11.1.1 For any Cancelled Aircraft, and without prejudice to Frontier’s rights hereunder, including, without limitation, the provisions of Article 10 above, Frontier shall pay IAE a fixed amount equal to the number of Cancelled Aircraft multiplied by [***]. Such amount shall be increased to [***] for any Cancelled Aircraft where Frontier does not give IAE written notice of such Cancellation at least [***] prior to the then-scheduled delivery date for such Cancelled Aircraft pursuant to the Delivery Schedule.

11.1.2 For any Cancelled Spare Engine, Frontier shall pay IAE an amount equal to the number of Cancelled Spare Engines multiplied by [***]. Such amount shall be increased to [***] for any Cancelled Spare Engine where Frontier does not give IAE written notice of such Cancellation at least [***] prior to the then-scheduled delivery date for such Cancelled Spare Engine pursuant to the Delivery Schedule.

11.2 No amount will be owed under this Article 11 on account of a Cancellation that: (i) occurs due to no act or omission of Frontier and is due to the fault or delay directly or indirectly of either IAE or Airbus (in the case of Airbus, beyond the contractual grace periods for Airbus’ excusable and/or inexcusable delay in the Airbus Purchase Agreement); or (ii) is attributable to any failure by either IAE or Airbus to perform its obligations under this Agreement or the Airbus Purchase Agreement as applicable, in accordance with the provisions hereof or thereof.
11.3 The payment by Frontier of the amounts set forth in Section 11.1 shall be IAE’s sole and exclusive remedy under this Agreement for any Cancellation; provided, however, that the on-going benefits and rights of Frontier under the Guarantee Plans and the FMP remain predicated and conditioned upon Frontier’s acceptance and continued operation of all of the FMP Engines, and IAE retains any and all legal and equitable rights and remedies under the Guarantee Plans and/or FMP that derive from or are related to Frontier’s failure to satisfy such condition.

11.4 Frontier will pay to IAE any amount payable under this Article 11 within [***] following receipt of IAE’s written demand (which shall include reasonable detail for the basis of the demand). Interest shall be payable from the date falling [***] after demand until paid and shall be calculated at Prime Rate plus [***] from the date of IAE’s demand until the actual date of payment in full.

12. TERMS AND CONDITIONS; MISCELLANEOUS

12.1 Terms and Conditions; Controlling Provision

The Terms and Conditions (which are attached hereto as Appendix 11) govern all transactions under this Agreement. In the event of a conflict between a provision set forth in the main body of this Agreement and a provision set forth in an appendix or attachment to this Agreement, or if a provision in the main body of this Agreement modifies a provision set forth in an appendix or attachment to this Agreement, the provision set forth in the main body of this Agreement shall govern over the provision set forth in the appendix or attachment to this Agreement.

12.2 Incorporation of Appendices

All appendices and attachments attached hereto and referred to in this Agreement form an integral part of this Agreement and are hereby incorporated and made a part of this Agreement for all purposes.

12.3 Headings

The headings in this Agreement are provided for convenience only and do not affect its meaning.

12.4 Amendments and Supplements

Any reference to this Agreement means this Agreement as amended or supplemented, subject to any restrictions on amendment contained herein.

IAE Proprietary – Subject to the Restrictions on the Front Page

13
12.5 Frontier agrees to display IAE’s logo on the nacelle for all Firm Aircraft. IAE shall be responsible for properly installing the logos at its own cost for any nacelles that IAE chooses to have display such logo(s). IAE shall be responsible for obtaining the consent to the display of such logo in respect of any Firm Aircraft owned by a lessor leasing such Firm Aircraft to Frontier and to be responsible for the cost of removing the logo(s) if required by a lessor at lease return.

13. NOTICES

The Parties agree that all demands, notices, and other communications under this Agreement must be in writing and will be deemed to be duly given when personally delivered or when deposited in the mail, confirmation of receipt requested, first-class postage prepaid, or sent by internationally recognized courier service, or sent by email with email confirmation of receipt, addressed as follows:

14. REQUESTS FOR PROPOSAL

[***]
15. ENTIRE AGREEMENT
This Agreement, including its appendices and attachments, contains the entire understanding between the Parties with respect to the subject matter hereof and supersedes in their entirety all prior or contemporaneous oral or written communications, agreements or understandings between the Parties with respect to the subject matter hereof. This Agreement may be executed in one or more counterparts, each of which will be considered an original but all of which together constitute one and the same instrument.

16. PARTICIPATION OF PARTIES

16.1 Direct Negotiations
It is hereby understood and agreed between IAE and Frontier that this Agreement and all documentation leading to such Agreement have been, and any and all amendments resulting from such Agreement shall be, agreed and concluded by direct negotiations between IAE and Frontier, without any intermediaries, agents or brokers. Both Parties hereby represent, undertake and warrant to the other Party that it has not paid, agreed to pay, promised to pay, authorized the payment of or caused to be paid directly or indirectly in any form whatsoever any commission, percentage, contingent fee, brokerage, gift, anything of value or other similar payments of any kind whatsoever, in connection with the establishment, selection, negotiation or operation of this Agreement prior to, now or afterwards to any person (whether a governmental official or private individual) or any entity in the United States or elsewhere in violation of the provisions of this Section 16.1. Notwithstanding the foregoing, the Parties may engage and remit payment to professional advisers retained or engaged in connection with the drafting, negotiation, execution, performance and/or enforcement of this Agreement. Each Party hereby agrees to indemnify, defend and hold harmless the other from any loss, damage, cost, expense, liability or claim, including legal fees, which the other may reasonably incur or suffer in connection with any person seeking by, through or under the Party being indemnified any obligation for a commission, fee or payment incurred by the indemnifying Party in connection with the transaction contemplated by this Agreement or as a result of a breach of the representation contained in the preceding paragraph.

16.2 Rule of Construction
The Parties hereto acknowledge that this Agreement and all matters contemplated herein have been negotiated between the Parties and that the Parties have, from the commencement of negotiations to the execution hereof, participated in the drafting and preparation of this Agreement. If any ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties hereto and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement.

IAE Proprietary – Subject to the Restrictions on the Front Page
This document does not contain any export regulated technical data.
This Agreement is available for Frontier’s consideration until April 30, 2020.

Upon mutual execution, this Agreement will become an enforceable contract. The Parties agree that electronic signatures will be deemed to be of the same force and effect as an original executed document. If executed or delivered by other electronic means (i.e. email), the Parties agree to provide original signature pages upon request.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be duly executed as of the date first entered above and deem that it is executed in the State of Connecticut.

APPENDIX 1

PW1100G-JM ENGINE PURCHASE AND SUPPORT AGREEMENT

AGREEMENT DEFINITIONS

For all purposes of this Agreement, the following capitalized terms have the meanings set forth below:

“Accepted Technical Data” means OEM data, recommendations, or information that has been provided by the OEM that is not “Approved Technical Data” (as defined herein). This includes but is not limited to all operator wires, special instructions, illustrated parts catalogs, and EagleNet or similar wires.

“AD” means an Aviation Authority-issued Engine airworthiness directive.

“Additional Equipment” means any item in the Engine Specification identified under the Additional Equipment section thereof.

“ADEM” means IAE’s Advanced Diagnostics & Engine Management web-based software tools.

“Airbus” means Airbus S.A.S.

“Airbus Contract” means the contracts between (a) Airbus and Frontier (i.e., the Airbus Purchase Agreement), (b) Airbus and Wizz Air Hungary Ltd. (“Wizz Air”), (c) Airbus and Controladora Vuela Compania de Aviacion, S.A.B. de C.V. and/or Concesionaria Vuela Compania de Aviacion, S.A.P. de C.V. (“Volaris”), and (d) Airbus and JetSMART Airlines Spa (“JetSMART”), under which Frontier, Wizz Air, Volaris and JetSMART have in total agreed to collectively purchase up to four hundred sixty-two (462) A320neo aircraft, A321neo aircraft and A321XLR aircraft.

“Airbus Delivery Schedule Acceleration” has the meaning set forth in the definition of “Delivery Schedule.”

“Airbus Delivery Schedule Change” means an Airbus Delivery Schedule Acceleration or Airbus Delivery Schedule Deferral.

“Airbus Delivery Schedule Deferral” has the meaning set forth in the definition of “Delivery Schedule.”

“Airbus Purchase Agreement” has the meaning set forth in Section 2.1.
“AOG Event” or “Aircraft-on-Ground Event” is any situation or condition causing a Firm Aircraft to be unavailable for operational service solely because an FMP Engine installed on such Firm Aircraft is unserviceable and incapable of continued operation, so long as (i) Frontier or a representative acting on behalf of Frontier has performed reasonable on-wing Engine corrective action, so long as the on-wing troubleshooting and corrective actions take no more than [***] by Frontier or a representative acting on behalf of Frontier reasonably, (ii) no replacement FMP Engine or Lease Engine is promptly available to support such Firm Aircraft, and (iii) Frontier complies with (x) the Spare Engine Ratio requirements set forth in Section 1(f) of Attachment 1 of Appendix 5 and (y) the requirements set forth in Section 10.2 of Appendix 5. An AOG Event will terminate upon correction of the situation or condition that renders the Firm Aircraft unserviceable or at the time a replacement engine becomes available for operational service of the Firm Aircraft, whichever first occurs.

“Approved Technical Data” means technical data that has been approved by the Aviation Authority or by an Aviation Authority DER.

“Aviation Authority” means the [***] (a) under the laws of the State of Registration of the relevant Frontier Aircraft may, from time to time, have control or supervision of civil aviation in that state; and (b) have jurisdiction over the registration, airworthiness or operation of, or other matters relating to a Frontier Aircraft, provided that it is substantially similar to, and no more prescriptive than, the FAA requirements related to safety standards or overall part and engine level reliability certification requirements.

“BFE” means “Buyer Furnished Equipment,” which is aircraft manufacturer-supplied or Frontier furnished engine-mounted accessories (typically including such items as integrated drive generator, quick accessory disconnect adapter, hydraulic pumps, shut-off valve, and pressure regulating valve).

“Business Day” means Monday through Friday, except for any bank holidays in the State of Colorado, United States and/or the State of New York, United States, as applicable.

[***]

“CMM” means the applicable component maintenance manual.

“Collins” means Collins Aerospace Inc., which is an affiliate of IAE.

“Collins Accessory(ies)” means those parts listed in Attachment 5 to Appendix 5 as “Collins Accessories”, originally installed on FMP Engines or acquired new and dedicated solely for the support of FMP Engines, as may be exchanged or replaced in accordance with this Agreement.

“Commencement Date” has the meaning set forth in Article 2 of Appendix 5.

[***].
“Customized Engine Maintenance Program” or “CEMP” means the program for Engine maintenance established by IAE for Frontier in accordance with and as may be amended in accordance with Section 8.1 of the FMP.

“Delivery Schedule” means the delivery schedule attached as Appendix 2, which may be adjusted by Airbus for each Firm Aircraft to a date (x) no earlier than [***] prior to the relevant date in Appendix 2 (any such acceleration, a “Airbus Delivery Schedule Acceleration”) or (y) [***] in Appendix 2 (any such deferral, an “Airbus Delivery Schedule Deferral”), which is further subject to Frontier’s [***], provided, however, that no Firm Aircraft will be delivered after [***], and no Firm Spare Engines will be delivered after [***]. In the event of any Airbus Delivery Schedule Change or exercise by Frontier of a [***], Frontier shall notify IAE within [***] thereof, and the Parties shall promptly thereafter enter into an amendment to Appendix 2 hereto to reflect such changes. In furtherance of the foregoing, the Parties agree that the term “Delivery Schedule” shall mean the Delivery Schedule originally attached as Appendix 2 to this Agreement on the date hereof, as the same be amended from time to time in writing and in accordance with the terms of this Agreement.

“DER” means Designated Engineering Representative.

“EA” has the meaning given in Section 5.5 of Appendix 5.

“Economically Repairable” generally means that the cost hereunder of the repair, exclusive of modification and transportation costs of a Part, will be equal to or less than [***] of the IAE commercial price of the Part at the time the repair is considered, or shall be otherwise reasonably determined by IAE.

“EIS” means the entry into service of a Frontier Aircraft.

“Eligible Engines” has the meaning set forth in Article 1 of Appendix 9.

“Engine” means an IAE PW1127GA-JM, PW1133GA-JM, or PW1133G1-JM or PW1134GA-JM engine, described as Standard Equipment in the relevant Engine Specification, attached as Appendix 3, sold by IAE for commercial aviation use, whether installed as new equipment on the Frontier Aircraft by Airbus or delivered directly to Frontier from IAE for use as a spare or replacement Engine.

“Engine Build Up” or “EBU” refers to either the EBU 1 or EBU 2, as applicable, as each is described in the Additional Equipment section of the Engine Specification.
“Engine Lease Agreement” means a short term spare engine lease agreement based on the International Air Transport Association short-term spare engine form lease agreement, with appropriate mutually agreed modifications entered into between PWEL and Frontier for a spare PW1100G-JM engine.

“Engine Shipset” means two (2) new Engines delivered by IAE to Airbus for installation on a Firm Aircraft, and which does not include engine mounts, EBU 1, EBU 2 or installation thereof.

“Engine Specification” means the relevant Engine specification attached as Appendix 3, which is subject to revision prior to Engine delivery.

“Engine Warranty and Service Policy” or “Service Policy” means the Warranties and Service Policies for the PW1100G-JM Engine attached as Appendix 7.

“External Equipment” means any accessory, component, or part that is mounted, directly or indirectly, to the outside of any engine case, case flange, or to the main gearbox, including Engine accessory components, line replacement units, BFE, EBU parts and hardware, nacelle propulsion system components and any related mounting hardware, wiring harnesses, plumbing, brackets, and kit-and-bin material associated with any such components. External Equipment also includes accessories or components that are maintained per the manufacturer’s CMM and any related mounting hardware, wiring harnesses, plumbing, brackets, and kit-and-bin material associated with any such accessories or components.

“Extreme Environmental Conditions” means atmospheric conditions typical of a severe environment, including but not limited to, high temperature or high concentrations of particulates such as sand, volcanic ash, calcium sulfate, or other contaminates. Operation of the Engines in the following countries (but not limited to the following countries) is considered a severe environment: [***] A country or region other than those noted above could be considered a severe environment to the extent that there is a significant and sustained change in that environment (including an increase in pollution in the air) as documented by (a) service bulletins or all operator wires issued by IAE LLC or Airbus, (b) AMM or Engine manual revisions, or (c) ADs or other publications issued by the Aviation Authority.

IAE Proprietary – Subject to the Restrictions on the Front Page
